CERTAIN TRADEMARKS

This prospectus includes trademarks and service marks owned by us, including Jo-Ann, JOANN, Joann.com, Jo-Ann Fabrics, Jo-Ann Fabrics and Crafts, Jo-Ann Fabrics & Crafts and Creativebug. This prospectus also contains trademarks, trade names and service marks of other companies, which are the property of their respective owners. Solely for convenience, trademarks, trade names and service marks referred to in this prospectus may appear without the ®, ™ or SM symbols, but such references are not intended to indicate, in any way, that we will not assert, to the fullest extent under applicable law, our rights or the right of the applicable licensor to these trademarks, trade names and service marks. We do not intend our use or display of other parties’ trademarks, trade names or service marks to imply, and such use or display should not be construed to imply, a relationship with, or endorsement or sponsorship of us by, these other parties.

NON-GAAP FINANCIAL MEASURES

Certain financial measures presented in this prospectus, such as Adjusted EBITDA and free cash flow, are not recognized under GAAP. We define “Adjusted EBITDA” as net income (loss) plus income tax provision (benefit), interest expense, net, debt related (gain) loss, other income and depreciation and amortization, as further adjusted to eliminate the impact of certain non-cash items and other items that we do not consider indicative of our ongoing operating performance, including costs related to strategic initiatives, COVID-19 costs, technology development expense, stock-based compensation expense, loss on disposal and impairment of fixed and operating lease assets, goodwill and trade name impairment, sponsor management fees, location pre-opening and closing costs excluding loss on disposal of fixed assets and other one-time costs. We define “free cash flow” as net cash provided by operating activities less total capital expenditures, net of landlord contributions. We define “total capital expenditures, net of landlord contributions” as total capital expenditures, net of landlord contributions.

Adjusted EBITDA

We present Adjusted EBITDA, which is not a recognized financial measure under GAAP, because we believe it assists investors and analysts in comparing our operating performance across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Adjusted EBITDA, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in our presentation of Adjusted EBITDA. Our presentation of Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. There can be no assurance that we will not modify the presentation of Adjusted EBITDA following this offering, and any such modification may be material. In addition, Adjusted EBITDA may not be comparable to similarly titled measures used by other companies in our industry or across different industries.

Management believes Adjusted EBITDA is helpful in highlighting trends in our core operating performance compared to other measures, which can differ significantly depending on long-term strategic decisions regarding capital structure, the tax jurisdictions in which companies operate and capital investments. We also use Adjusted EBITDA in connection with establishing discretionary annual incentive compensation; to supplement GAAP measures of performance in the evaluation of the effectiveness of our business strategies; to make budgeting decisions; to compare our performance against that of other peer companies using similar measures; and because our Credit Facilities use measures similar to Adjusted EBITDA to measure our compliance with certain covenants.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

Adjusted EBITDA has its limitations as an analytical tool, and you should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP. Some of these limitations include:

- Adjusted EBITDA does not reflect our cash expenditure or future requirements for capital expenditures or contractual commitments;
- Adjusted EBITDA does not reflect changes in our cash requirements for our working capital needs;
- Adjusted EBITDA does not reflect the interest expense and the cash requirements necessary to service interest or principal payments on our debt;
- Adjusted EBITDA does not reflect cash requirements for replacement of assets that are being depreciated and amortized;
- Adjusted EBITDA does not reflect non-cash compensation, which is a key element of our overall long-term compensation;
- Adjusted EBITDA does not reflect the impact of certain cash charges or cash receipts resulting from matters we do not find indicative of our ongoing operations; and
- other companies in our industry may calculate Adjusted EBITDA differently than we do.

We compensate for these limitations by relying primarily on our GAAP results and using Adjusted EBITDA only as supplemental information. See “Prospectus Summary—Summary Consolidated Financial and Operating Data” for a reconciliation of net income (loss) to Adjusted EBITDA.

Total Capital Expenditures, Net of Landlord Contributions

We consider total capital expenditures, net of landlord contributions to be a useful non-GAAP measure as it most accurately reflects our actual total cash outlay for capital expenditures to open new locations and complete remodel and relocation projects for existing locations. We define “total capital expenditures, net of landlord contributions” as total capital expenditures, net of landlord contributions. See “Prospectus Summary—Summary Consolidated Financial and Operating Data” for a reconciliation of total capital expenditures, net of landlord contributions to total capital expenditures.

Free Cash Flow

We present free cash flow because we believe it assists lenders, investors and analysts in evaluating our ability to maintain and generate incremental liquidity. Free cash flow should not be considered as an alternative to net cash provided by operating activities as a liquidity measure. Free cash flow has limitations due to the fact that it does not represent the residual cash flow available for discretionary expenditures. For example, free cash flow does not incorporate payments made on capital lease obligations or cash payments for business investments and acquisitions. Free cash flow is not a measurement of financial performance under GAAP, may have limitations as an analytical tool and should not be considered in isolation from, or as an alternative to, net income, net cash provided by operating activities or any other measure of performance derived in accordance with GAAP. Therefore, we believe it is important to view free cash flow as a complement to our entire consolidated statements of cash flows. See “Prospectus Summary—Summary Consolidated Financial and Operating Data” for a reconciliation of net cash provided by operating activities to free cash flow.

LETTER FROM OUR PRESIDENT AND CHIEF EXECUTIVE OFFICER

Dear Potential Shareholders,

On behalf of more than 27,000 team members, we are excited to bring JOANN back to the public markets for the first time since 2011. As the nation's category leader in sewing and one of the fastest growing players in the arts and crafts category with a robust omni-channel platform, we have evolved from the founding of our single location in Cleveland, Ohio nearly 75 years ago. We love all of our customers and believe we have the privilege of serving some of the most passionate and enthusiastic people, whose generosity helps drive our culture. We are a purpose-driven company with the mission of inspiring creativity in the hearts, hands and minds of our customers and team members, and a strategy that has equipped JOANN to thrive in an industry that is currently experiencing significant acceleration due to multiple secular themes, including heightened DIY customer behavior, amplified participation from both new and existing customers, and increased digital engagement.

The ethos of our company was called upon and answered during the COVID-19 outbreak. Our conscious, purpose-driven strategy focuses not only on the soundness of our business, but centers upon taking great care of our team members' safety and financial well-being as well as our customers' safety and product needs. Further, we wanted to do our part to help stem the pandemic and hence, JOANN established the "Make to Give" program, donating free mask-making materials to any customer or institution upon request. By our current estimate, JOANN has directly donated materials for over 20 million masks as well as scrubs and other personal protective equipment and our customers have purchased, made, and in many cases donated, more than 350 million additional masks. Nothing better exemplifies the relationship JOANN has with our passionate and generous customers than the scale of this nationwide effort. Our execution would not have been possible without our team members, with whom we have deepened our loyalty during the pandemic. We have provided premium pay for all hourly team members, ensuring no team members were furloughed, and added approximately 4,000 jobs to support the growth of our business. Additionally, our suppliers are key stakeholders, and despite the pandemic, we have not lengthened payment terms to our merchandise vendor partners. "Doing Good While Doing Good" is and has always been a part of the JOANN culture and a foundation for our customer and stakeholder loyalty.

We are proud of what we have accomplished this year, all of which has been driven by a strategy we have been executing since 2016 to transform JOANN and pivot to a fully-integrated, digitally-focused provider of Creative Products. We have successfully recruited talent at every level, enhanced our value proposition with a focus on reinvigorating our assortment, strengthened our omni-channel platform, acquired new customers and further built our digital and data capabilities to better serve our customers. This transformation enabled our significant sales and profitability growth.

Today, we are reaping the fruits of these efforts and our strategy is clear moving forward. We are enhancing and refreshing our existing locations with what we believe are exceptional assortments, service and experience. We are driving digital connectivity with our customers to increase engagement and accelerate omni-channel growth. We are expanding our digital presence into new markets and categories where we see tremendous share opportunity and we believe we have a compelling competitive advantage. In addition to driving growth, we remain focused on delivering cost and operational efficiencies across all major areas. The path to where we find ourselves now has not come without its challenges. For example, our momentum was temporarily interrupted in fiscal year 2020 by the unanticipated headwind of incremental U.S. tariffs on Chinese imports that we estimate, before mitigation, would have amounted to \$75 million of additional annual costs. In addition, we had \$1,363.5 million of total debt outstanding as of November 2, 2019, but were able to use internally generated cash flow to opportunistically retire and repay \$433.8 million in principal amount in the year since then, resulting in a substantially reduced total debt balance of \$929.7 million as of October 31, 2020. We also realize there will be continuous challenges, including the competitive industry in which we operate and the persistent uncertainty surrounding the ongoing COVID-19 pandemic. However, we believe that our growth strategies, along with the transformational investments and initiatives of the last five years, strategically position us to drive further long-term value creation.

Nothing of course can be done without an extremely capable and inspired organization led by our high-performing senior leadership team with deep industry experience. At JOANN, we work every day to build and nourish what we affectionately call our "Green Culture." To us, being "Green" is about constant and relevant renewal of the business by putting the customer first, being highly accountable and collaborative, and always serving the best interests of the business. We like to say that it isn't about any one person being right, it's about getting it right.

I am incredibly proud of the progress we have made over the past few years. JOANN has been one of the fastest growing specialty retailers in the United States thus far in fiscal year 2021 and I believe we have a long runway for growth ahead of us. We would love for you to come along on that journey and find your "Happy Place" as a shareholder of JOANN.

PROSPECTUS SUMMARY

This summary highlights selected information contained elsewhere in this prospectus. Because this is only a summary, it does not contain all the information that may be important to you. You should read the entire prospectus carefully, especially “Risk Factors” beginning on page 25 of this prospectus, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page 64 of this prospectus, and our consolidated financial statements and related notes included elsewhere in this prospectus, before deciding to invest in our common stock.

JOANN Overview

JOANN is the nation’s category leader in Sewing and one of the fastest growing players in the arts and crafts category. The Creative Products industry is a large and growing market, which according to a 2017 Association for Creative Industries (AFCI) study is in excess of \$40 billion. The industry is currently experiencing a significant acceleration for product demand in response to multiple secular themes, such as heightened DIY customer behavior, amplified participation from both new and existing customers and increased digital engagement, of which we are a key beneficiary because we have positioned ourselves and our go-forward strategies to capitalize on increased demand for Creative Products. As a well-established and trusted brand for over 75 years, we believe we have a deep understanding of our customers, what inspires their creativity and what fuels their incredibly diverse projects. Since 2016, we have embarked on a strategy to transform JOANN, which has helped us pivot from a traditional retailer to a fully-integrated, digitally-connected provider of Creative Products.

As the nation’s category leader in Sewing with approximately one-third market share, based on our internal research estimates of market share of the Creative Products industry that primarily consist of an annual survey of Creative Product consumers as of July 31, 2020, we believe we offer the broadest selection of products while being committed to providing the most inspiration, helpful service and education to our customers. While we continue to gain market share and solidify this leadership position in Sewing, which represented 49% of our total net sales in the last twelve months ended October 31, 2020, we have also been growing share and believe

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

we have further significant share opportunity in the arts and crafts category. We are well-positioned in the marketplace and have multiple competitive advantages, including our broad assortment, established omni-channel platform, multi-faceted digital interface with customers and skilled and knowledgeable team members. We offer an extensive assortment, which at its peak, averages more than 95,000 SKUs in stores and over 245,000 SKUs online, across Creative Product categories. Over 50% of our in-store net sales cannot be directly comparison-shopped because of our strong and growing own-brand portfolio, including our copyrighted or proprietary fabric patterns and designs and factory direct relationships. We have expanded access to this broad assortment through e-commerce and digital capabilities that complement our physical network, drive customer engagement and deliver an exceptional customer experience while supporting consistently strong gross margins. Through our omni-channel platform, we serve our customers in a differentiated manner by offering several convenient fulfillment options, including BOPIS, curbside pick-up and ship-to-home offerings. Our omni-channel platform operates at a large scale, having generated \$423 million in net sales in the twelve months ended October 31, 2020, including \$376 million in net sales in the thirty-nine weeks ended October 31, 2020 and following \$126 million, \$103 million and \$87 million in net sales in fiscal years 2020, 2019 and 2018, respectively. Our data-driven digital capabilities further reinforce our relationship with our customers. Customers connect with us through our newly re-designed mobile-first website, *joann.com*, and our widely-used mobile application with over 11.8 million downloads. As of the end the third quarter of fiscal year 2021, we had over 69 million addressable customers in our vast database, over 16 million customers in our email database and 4.5 million customers in our SMS text database. These points of differentiation are reinforced by our knowledgeable, friendly and trusted team members, a significant number of whom are sewing and craft enthusiasts, who offer a service-oriented experience for our customers that we believe cannot be replicated by mass retailers or pure play online players.

We appeal to an expansive customer base ranging across all ages, demographics and skill levels. We serve the DIY customer, including those who make to give or donate their creations, and supply small business owners with components to create and sell their own merchandise. We estimate this group makes up approximately one-quarter of our customers and typically resells on online marketplaces such as Etsy, eBay, Shopify and other platforms, which have also experienced significant growth in 2020. Our customers are passionate and creative, using their hearts, hands and minds in their sewing, crafting and decorating activities. We believe our customers' enthusiasm drives the JOANN culture, as exemplified by our "Make to Give" program. We strive to support our community of creators, and they create to support their communities by donating or gifting the items they make, which range from blankets for hospitalized children, homeless persons, and shelter pets, to masks for hospitals, schools and friends. We estimate that over 70% of JOANN customers make to give or donate their creations. Our loyal core customer base is key to our sales growth, and over the last twelve months ended October 31, 2020, our top three million customers averaged ten purchases each. Additionally, in fiscal year 2021, our new customer base has grown faster and is spending more than in prior years. Since February 1, 2020, we have acquired over eight million new customers, many who initially purchased fabric to make their own masks but have expanded their shopping behavior across our diversified merchandise categories in subsequent transactions. Customers typically purchase from JOANN with a project in mind that requires several component items. In that vein, we believe our physical footprint is an advantage, as most customers regularly want to explore what is new, see how various items and colors work together, see how a fabric drapes, feel the texture and seek help from our experienced team members.

In 2016, we accelerated our journey to transform JOANN by reinventing the in-store and digital customer experience. We recruited talent at every level of the company and across all key business areas to complement our existing expertise. This undertaking has resulted in significant enhancements to our value proposition, including reinvigorating our core merchandise assortment, refreshing our branding, developing a location refresh prototype and improving the customer experience. We improved our assortment by conducting a systematic review of all categories at a product-level and all layouts at a location-level in order to optimize sales and gross margin. We have also expanded our data-driven digital footprint, which includes our extensive digital

marketing assets, CRM system, social media platforms and e-commerce capabilities. We better understand our customers through our centralized database that brings together how each customer interacts in our physical and digital properties and provides a holistic view of their behavior. We are able to utilize this data to drive engagement with our brand, create loyalty and inspire, educate and ensure we are increasing our share of customer spend through timely and relevant marketing. By using data and digital contact channels, including email and SMS digital display, and leveraging our mobile application, we are able to contact customers with personalized content and provide the convenience to shop wherever and however they choose. We believe that these core initiatives and transformational investments have driven our performance and increased customer engagement over the last several years and strategically position us to continue to create long-term value. This momentum was temporarily interrupted in fiscal year 2020 by the unanticipated headwind of incremental U.S. tariffs on Chinese imports that we estimate, before mitigation, would have amounted to \$75 million of additional annual costs, as these tariffs applied to a broad range of our products. However, after working to partially offset their effects and having incorporated the balance of these tariffs into our cost base, we are driving strong operating profit growth across both our locations and e-commerce platform as well as achieving margin expansion.

Our momentum through the COVID-19 pandemic has been further supported by heightened DIY customer behavior, significant increases in the number of new and current customers participating in new categories and the continued rise of online marketplaces. As a result, according to Earnest Research, we and the other two largest specialty players in the Creative Products industry have seen on average 22% growth in year-over-year sales since May 3, 2020. Over the same period, we have experienced outsized growth, gained share and enhanced our strong foundation, increasing total comparable sales by 38% since May 3, 2020 while adding over eight million new customers to our marketing database since February 1, 2020. These new customers have already driven elevated repeat purchase levels both via our locations and e-commerce platform and represent further opportunities to cross-sell and become part of our ongoing customer base. These new customers tend to be younger and more affluent than existing customers in our database, and are large consumers of our rapidly growing sewing and craft technology categories which include machines and related supplies. These trends support our business, as we estimate that a typical customer who purchases a sewing or craft technology machine will purchase an average of over \$500 of our products in the year following their machine purchase and over

\$330 in the subsequent year. We are further encouraged by the retention of these new customers and their migration to shopping outside of the Sewing category. These new customers are regularly shopping across our other categories, with the fastest-growing cohort being new customers shopping the arts and crafts category. We believe that these underlying trends, along with our transformational investments and initiatives executed since 2016, strategically position us well to continue to drive long-term value creation.

Third Quarter Year-to-Date Fiscal Year 2021 Sales Growth by Customer Tier

Recent Financial Performance

We believe our strong financial results are a reflection of our consistent and disciplined culture of innovation and reinvestment, creating a differentiated business model in the Creative Products industry. Comparing fiscal year 2020, fiscal year 2019 and fiscal year 2018, we achieved the following results:

- net sales of \$2,241.2 million, \$2,324.8 million and \$2,314.3 million in fiscal year 2020, 2019, and 2018, respectively. Excluding the impact of the 53rd week in fiscal year 2018, net sales were \$2,277.2 million;
- net (loss) income of \$(546.6) million, \$35.3 million and \$96.5 million in fiscal year 2020, 2019, and 2018, respectively; and
- Adjusted EBITDA of \$162.6 million, \$258.0 million and \$261.8 million in fiscal year 2020, 2019, and 2018, respectively. Excluding the impact of the 53rd week in fiscal year 2018, Adjusted EBITDA was \$253.4 million.

See “Management’s Discussion and Analysis of Financial Condition and Results of Operations” for further discussion on the impact of U.S. tariffs on Chinese imports in fiscal year 2020 and “—Summary Consolidated Financial and Operating Data” for a definition of Adjusted EBITDA and a reconciliation of Adjusted EBITDA to net income (loss).

Through improvements in merchandising, marketing, supply chain, sourcing and customer experience, we have significantly increased our more recent financial results. Our success in the thirty-nine weeks ended October 31, 2020 has been broad-based across our geographic regions, merchandise categories, customers and channels. Comparing the thirty-nine weeks ended October 31, 2020 and November 2, 2019, we achieved the following results:

- increase in net sales from \$1,545.6 million to \$1,921.5 million, representing period-over-period growth of 24.3%, and net sales in the twelve months ended October 31, 2020 of \$2,617.1 million;
- total comparable sales growth of 24.6%;
- increase in gross margin from \$777.0 million to \$971.7 million, representing period-over-period growth of 25.1% and gross margin rate expansion of 30 basis points, with gross margin in the twelve months ended October 31, 2020 of \$1,300.0 million, and a 49.7% gross margin rate in the same time period;

- retired and repaid \$433.8 million in principal amount of debt from November 2, 2019 to October 31, 2020, resulting in us having \$929.7 million in principal amount of debt as of October 31, 2020.

See “—Summary Consolidated Financial and Operating Data” for a definition of Adjusted EBITDA and a reconciliation of Adjusted EBITDA to net income (loss) and for a discussion of how we calculate total comparable sales growth.

Our Opportunity

The Creative Products industry is a large and growing market, which according to a 2017 Association for Creative Industries (AFCI) study is in excess of \$40 billion. The industry is currently experiencing a significant acceleration in response to multiple secular themes, such as heightened DIY customer behavior, amplified participation from both new and existing customers, and increased digital engagement, of which we are a key beneficiary because we have positioned ourselves and our go-forward strategies to capitalize on increased demand for Creative Products. Participation includes a broad range of activities such as sewing, quilting, apparel making, crafting and home decorating. This historically stable industry has been growing over the past five years, as consumer demand in individual product categories shifts from time to time and as trends evolve. We maintain approximately one-third market share in Sewing, while being competitive as one of the fastest growing players in the more fragmented arts and crafts category.

The Creative Products industry spans a diverse set of merchandise, as customers search for a variety of supplies to support their projects. In addition, customers appreciate a specialty retail environment where they have the flexibility to leverage in-store service for instruction and inspiration and shop across channels at their convenience. As a result, the Creative Products industry is highly fragmented. However, there are a limited number of players that can meet the customers’ dynamic needs. For instance, based on our internal market research, we estimate pure play e-commerce players represent less than 10% market share of the Creative Products industry, while the remainder of the industry is covered by mass merchandisers, specialty retailers and independent retailers. We believe that we are the only specialty player that can serve customers holistically with an expansive Creative Products assortment, service-oriented experience and integrated omni-channel capabilities.

The Creative Products industry has historically demonstrated stable growth, and we aim to continue to benefit from the following sustainable tailwinds:

- ***Heightened DIY Customer Behaviors.*** The industry benefits from the increasing participation in the DIY ethos across demographics. In recent years, especially during the COVID-19 pandemic, DIY customer behaviors have been heightened by the following long-term trends:
 - ***Engaging Customers across Demographics.*** DIY activities appeal to a large and broad customer base and participation in DIY activities does not diminish as women age, creating more consistent demand throughout their lifetime. Customers across demographics choose to engage with retailers through different channels. We believe players in the Creative Products industry must have a robust omni-channel platform to attract and retain this diverse customer base.

DIY Participation by Age Category⁽¹⁾

(1) For females

Source: According to internal company research

- **Increasing Desire for Personalization.** Customers, especially Millennials and Generation Z, increasingly desire Creative Products that express their individuality and make a personal statement. Such growing demand for unique and personalized products has stimulated the demand for DIY supplies and customization services.
- **Growing Digital Presence and Engagement.** Digital arts and crafts marketplaces, such as Etsy, eBay, Shopify and other platforms, are becoming increasingly popular among makers and customers who buy their finished designs. This burgeoning ecosystem creates a growing demand for Creative Product supplies. These marketplaces, combined with social media platforms, serve as a critical source for inspiration and instruction for customers. The growing presence of these platforms enables more engaged customer communities, serving as a connection point where they share their interests and creativity with a wider audience.
- **Accelerated Customer Participation Expected to Persist.** According to our internal research, a survey published by Bloomberg and Morning Consult, and SVP Worldwide, the COVID-19 pandemic has accelerated participation in DIY activities, as customers have taken a more proactive role in homesteading-style and home improvement projects. Since May 3, 2020, over half of Creative Products industry participants have specifically taken on a new type of creative project and the industry has grown year-over-year sales by an average of 22%. With more free time, customers have also capitalized on the opportunity to learn new skills, creating elevated demand for supplies. This newfound self-reliance has helped build DIYers' confidence, and they are recognizing the emotional and functional benefits of making, driving continued interest far beyond the pandemic.
- **Consistent and Recession Resilient Customer Demand.** We estimate that the Creative Products industry has experienced growth of over 4% in the last five years according to our internal research as of July 31, 2020. It offers versatile products at attainable price points that create fun, engaging and affordable activities for customers, who become habitual and dedicated to their own creative projects over time. The affordable nature of the Creative Products industry provides resilience in recessions as customers become more value conscious and self-sufficient. According to the Bloomberg and Morning Consult survey, approximately 30% of Americans participated in sewing or clothing repairs during the COVID-19 pandemic. We also believe the emotional benefits customers receive from making, such as empowerment upon finishing a project, a connection with their communities through making to give or donate and improved mental health as a result of doing something they are passionate about, will continue to drive demand.

We believe that Sewing, in particular, will sustain its growing momentum. According to SVP Worldwide, sewists are typically more passionate about their hobby than other enthusiasts. In addition, the number of sewists has increased significantly driven by the entrance of Millennials, having grown at a CAGR of 7.4% since 2012. As of September 2020, 65 million people in the United States can sew or participate in sewing without instruction, and over half of these participants own a sewing machine. We believe that growth in this category, like the broader Creative Products industry, has been supported by changing consumer demographics. SVP Worldwide estimates that sewists are getting younger, with 65% being 30 years old or younger with an average age decreasing from 48 in 2004 to 37 in 2020.

We believe the existing and sustained growth of the sewist population will drive sales in the category. According to SVP Worldwide, the average sewist owns at least three sewing machines and plans to buy a new machine every two to five years. When customers buy sewing machines, they tend to purchase complementary consumable items, which drives potential recurring purchases. In addition, according to SVP Worldwide, 20% of consumers who purchased a sewing machine in 2020 were first time purchasers, further building upon the base of potential future demand from sewists. This population of sewists is also highly engaged in the craft and spends a significant amount of time sewing, with approximately half of U.S. sewists spending between 5 to 19 hours a week on projects. While the Sewing category was stable and growing before the COVID-19 pandemic, 92% of consumers who purchased a sewing machine in 2020 expect to sew as much as they had in the past or more in the future. We believe these tailwinds and increased engagement will sustain participation and accelerate category and Creative Products industry growth.

Our Competitive Strengths

We believe our proven merchandising, marketing and customer experience capabilities combined with our sourcing and supply chain expertise have enabled, and will continue to support, our strong and profitable growth. Our business model has multiple competitive strengths including:

Category Leader in an Attractive Market with a Large, Growing and Wide-Ranging Customer Base

We are the nation's category leader in Sewing with approximately one-third market share, and one of the fastest-growing players in the arts and crafts category. Based on our estimates of market share of the Creative Products industry that primarily consist of an annual survey of Creative Product consumers as of July 31, 2020, our market share in the highly fragmented arts and crafts category has grown by approximately 50 basis points over the past five years. Approximately 70% of Sewing industry shoppers rank us ahead of our competitors on availability of the products they need, selection and quality, according to our internal research. Similarly, in arts and crafts, industry customers' ratings for our quality, selection, availability and price double once they shop our locations and e-commerce platform.

In contrast to other leisure activities, our customers' engagement in sewing and crafting projects represents a recurring activity that is vibrant across all ages and demographics. Our core customer is an upper forties, college-educated woman with a higher-than-average household income (median household income of over \$62,000) and who is a reliable enthusiast for many of our key categories. We believe our core customer's higher discretionary income and favorable demographic trends, as the number of women aged between 45 and 79 is expected to grow faster than the overall population over the next five years according to 2017 U.S. Census data estimates, will continue to build our loyal customer base. Our appeal to Millennial and Generation Z customers has also increased. Females in the younger than 35 years old age group are the fastest growing demographic in our industry today, representing a 400 basis point increase in demographic share over the past year from 40% to 44% based on internal research. Customers of all ages, demographics and skill levels have demonstrated their enthusiasm for Creative Products by actively exchanging project ideas, tips and techniques through our online community on *joann.com*. With nearly four million combined followers across social media applications, including Facebook, Instagram, Twitter, Pinterest and YouTube, we are connecting with new customers and bolstering our interaction with existing customers.

Finally, we are also a go-to source for small business owners who rely on our products to create, donate or sell their own merchandise. We believe that the growth of online marketplaces, such as Etsy, eBay, Shopify and other platforms, is driving the expansion of our customer base, and the success of online marketplaces is directly linked to our growth, with approximately one-quarter of our customers using our products for their online marketplace-based businesses. These customers often buy in bulk and benefit from being a part of the JOANN community through access to our helpful educational content, project inspiration and our knowledgeable team members and customers. These customers span all ages and demographics and sell products through various channels such as retail stores, trade fairs, entertainment venues and online, including participating in the growing digital marketplaces.

Differentiated Value Proposition

Our customer value proposition is a critical driver of our business. The key components include:

Broad Assortment across a Wide Variety of Categories. We believe we have the most comprehensive, innovative product assortment available in our industry, especially within Sewing. This breadth of assortment across our various categories is a key competitive advantage given that our customers' interests and projects are often widely varied and not confined solely to one activity. As of October 31, 2020, we had 857 locations, which we believe are also critical to success in the Creative Products category and a key enabler to our omni-channel

growth. In an industry that requires high SKU intensity to be successful, we carry one of the industry’s broadest selections of Creative Products, which at its peak, averages more than 95,000 SKUs in stores and over 245,000 SKUs online. We believe this dynamic is analogous to hardware and home improvement concepts, in that customers are project-focused and require all component supplies and prefer knowledgeable assistance in order to successfully complete their shopping mission. We also believe this is why we have an advantage versus solely online players in addressing a customer base that prioritizes variety, customization and customer support. We continue to improve our assortment by conducting systematic reviews of all categories at a product-level and all layouts at a location-level in order to optimize sales and gross margins. We consistently innovate with proprietary brands and products that appeal to our customers by working with our suppliers to introduce new items and styles to our assortments. As of October 31, 2020, over 50% of net sales related to items that are non-comparative or exclusive to JOANN and cannot be directly cross-shopped with our direct competitors and mass retailers. We believe that we strike a customer-focused balance between our proprietary products and the well-known national brands that our customers have also come to know and love.

Unique and Inspiring Shopping Environment. We provide our customers with an engaging and exciting shopping experience that spurs inspiration and creativity. We encourage customers to interact with our merchandise, to experiment with potential designs and to see the actual product they will purchase. In many locations, we also offer differentiated in-store services such as digital printing, laser-cutting and engraving and educational programs in dedicated classrooms to further inspire and enable our customers. In select locations, our customers can rent sewing and crafting technology such as a quilting long-arm or a Glowforge laser-cutting machine. To support our growing group of seller customers, in 2018 we launched JOANN+, a digital program providing devoted service for small-to-medium sized businesses and high volume makers. With this program, our customers are able to enjoy volume discount pricing, dedicated customer service contacts and a streamlined shipping and return experience. We continue to explore a variety of other ways to engage these makers and build loyalty including through our small maker forums, maker grant programs, and showcasing across any number of our digital marketing and social media assets.

Helpful and Knowledgeable Team Members. Our team members, who we refer to as “Friendly Clever Allies,” are knowledgeable, friendly and trusted and offer a service-oriented experience for our customers. According to our internal research, JOANN leads all competitors on “knowledgeable staff” and “can get the help I need” ratings. A significant number of our team members are enthusiastic sewists and crafters themselves and bring first-hand knowledge and experience with our products which we believe are difficult to replicate. These team members live by the “No Quit” mantra, “We Got This,” and this helpful and resourceful attitude resonates with our customers. Our team members are encouraged to advise customers in creating and completing creative projects, which offers a service-focused experience that we believe allows our customers to be more informed and engaged in projects.

Combining a Robust Digital Platform and Strategic Physical Network

Since early 2017, we have built a large, growing, profitable and well-connected omni-channel platform comprised of robust digital capabilities and a nationwide physical network. From fiscal year 2018 to fiscal year 2020, we increased our omni-channel net sales by a CAGR of 20% and by 369% in the thirty-nine weeks ended October 31, 2020 compared to the same period in fiscal year 2020. As a result of our investments and our ability to be nimble, we doubled the number of locations with ship-to-home capabilities and were able to continue serving our customers on our established platforms during the COVID-19 pandemic. Our physical network is critical to being able to execute on digital opportunities in the Creative Products space given its visual, tactile and project-based nature. We strive to make every customer's trip to JOANN a trip to their "Happy Place." We believe that the enthusiastic and highly engaged nature of our customer is why we have seen sales lifts as high as 24% in our refresh prototypes that elevate assortments, service and in-store experience. Our strong performance is also driven by our ability to engage customers through our robust omni-channel capabilities as they become cross-category repeat purchasers during their in-person trips to our locations and visits to our e-commerce platform.

Our recently upgraded e-commerce mobile first platform, driven by Salesforce Commerce Cloud, as well as our custom mobile application, provide exceptional functionality and user experience, offering premier digital navigation, speed, assortment, content, and personalization features. Our website traffic has increased by 125% through the thirty-nine weeks ended October 31, 2020, with site conversion increasing by 300 basis points compared to the same period in fiscal year 2020. Over that same period, our mobile application has been downloaded two million times. We currently have 11.8 million downloads of the application and more than 25% of omni-channel sales were generated through purchases made within our mobile application.

Through our physical network, we have the ability to consistently fulfill and deliver a growing assortment of products directly to consumers, in addition to convenient services such as BOPIS, curbside pick-up and ship-to-home. For the last twelve months and the thirty-nine weeks ended October 31, 2020, over 70% and approximately 79% of *joann.com* orders, respectively, were fulfilled by our locations, either as BOPIS, curbside pick-up or ship-to-home. In addition, in the thirty-nine weeks ended October 31, 2020, approximately 40% of online demand sales were generated via BOPIS. Since the time that the majority of COVID-19 restrictions on in-store traffic were lifted through October 31, 2020, approximately 25% of our BOPIS program customers have

PURSUANT TO 17 CFR 200.83**

made an additional purchase upon pick-up, resulting in an average increase to their orders of \$28 or approximately 100%. We believe our locations, which are in close proximity to our customers, provides us a significant last-mile cost advantage. Unlike internet pure play and regional competitors, we can route e-commerce orders to a local store, significantly reducing the overall cost and time to service orders. During the thirty-nine weeks ended October 31, 2020, omni-channel sales accounted for 20% of our total net sales compared to 4% for fiscal year 2018.

Digital Platform and Digital Assets Enable Scalable Profitable Growth

As of October 31, 2020, our total customer database included 69 million unique customers, which represents 15% growth since the end of fiscal year 2020 and 43% growth since the end of fiscal year 2018. Within that database, we maintain an active email file of over 16 million customers, which has grown by 32% since the end of fiscal year 2020 and 76% since the end of fiscal year 2018. Customers receiving email marketing have historically been our highest value customers in terms of net sales, with the average email customer generating over 40% more in net sales as compared to our non-email customers. In 2019, we significantly upgraded our capabilities to better target and engage customers with personalized offers. We have developed a robust CRM platform creating a holistic view of customer behavior, which helps drive recurring purchases. We currently run over 40,000 product and customer journey campaigns with defined, tailored content to each individual customer based on purchase history. Due to the success of the initiative, we can identify specific database customers for more than 70% of our net sales, without the burden of a costly loyalty program. Our highly effective, performance-based marketing team leverages this information to profitably acquire new customers, drive repeat purchases and grow lifetime value across channels.

This customer engagement is reinforced by our strong presence on social media, with nearly four million total followers across social media platforms, including our fastest-growing channel, YouTube, which has increased followers by 121% for the thirty-nine weeks ended October 31, 2020. We further use digital education and inspiration to engage customers on new projects and inspire creative activities. We augment customer engagement through social media and our e-commerce platform by also leveraging our wholly-owned subsidiary, *Creativebug*, a large craft subscription learning platform with approximately 150,000 paid monthly users. Our customers have access to thousands of projects and videos that can take them from a skill-building novice to an expert sewist or maker. When a creative customer is seeking advice, education or inspiration, we are there for them.

We have multiple techniques to convert new customers into long-term, repeat customers across their current Creative Products activities and encourage them to enter new categories or advance in their existing category. We not only do this through social media and digital education, but also through proprietary and targeted journey mapping, exciting and compelling digital marketing offers, as well as leveraging multiple inspirational and educational digital assets. We believe this integrated, multi-channel approach resonates with our customers, as omni-channel represents 20% of our net sales for the thirty-nine weeks ended October 31, 2020 versus 4% for fiscal year 2018.

Strong Cash Flow Generation and Solid Balance Sheet

We have demonstrated an ability to generate significant free cash flow due to our high gross margins, controlled operating expenses, moderate working capital requirements and low annual maintenance capital expenditures. We have used a portion of our free cash flow to build a strong balance sheet by consistently reducing net leverage. We retired and repaid \$433.8 million in principal amount of debt from November 2, 2019 to October 31, 2020, resulting in us having outstanding debt of \$929.7 million as of October 31, 2020. In addition to deleveraging, we have continued to make a number of investments in our information technology systems which, coupled with the continued disciplined management of inventory and costs, promote additional operating efficiencies. We anticipate that these efficiencies will allow for continued investment in the business while improving our net leverage moving forward.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

Our operating model is highly scalable and enables capital efficient growth. For the five fiscal years ended February 1, 2020, our gross margin rate was 50.2% and selling, general and administrative expenses were held to minimal growth with a CAGR of less than 1%. Those strong operating metrics combined with low maintenance capital spending and a focus on working capital efficiencies have driven the generation of \$494.9 million in net cash provided by operating activities from the beginning of fiscal year 2016 through October 31, 2020, and \$265.9 million of free cash flow during the same time period. These results are sustained by a cash-generative and convenient real estate portfolio that stretches over 49 states, with 98-99+% of all locations having consistently delivered positive Four-Wall Cash Flow over the same period.

See “—Summary Consolidated Financial and Operating Data” for the definition of free cash flow, and a reconciliation of free cash flow to net cash provided by operating activities.

Proven Leadership Team and Passionate, Performance-Driven Culture

We are a purpose-driven company dedicated to inspiring the creative spirit in each of us—our customers and ourselves. Our company is led by an accomplished and experienced senior management team with significant public market experience and a proven track record in our industry. Our senior management team has an average of 18 years of retail experience, and their understanding of the intricacies of selling SKU-intensive, lower-ticket merchandise facilitates the execution of our growth strategies. Our President and CEO, Wade Miquelon, who has been with JOANN for almost five years, brings 30 years of experience including CFO and President of International for Walgreens, CFO and EVP for Tyson Foods and as CFO for Procter and Gamble’s Western European and AAI regions (ASEAN/Australasia/India). Our CFO, Matt Susz, has 30 years of experience including 24 years at JOANN, with leadership roles in accounting, financial and strategic planning, internal audit, treasury, IT and operations. Other members of the executive team bring substantial experience and skills in operations (retail and e-commerce), marketing, merchandising, product development, supply chain, legal, human resources and information technology. We have a high-performing and customer-centric culture and our team members tend to be very loyal, a loyalty born out of a true passion for the industry we operate in and the kinds of customers that we serve.

Our Growth Strategies

We believe we are well positioned to drive sustainable growth and profitability over the long term by executing on the following strategies:

Refreshing our Locations with Enhanced Customer Experience

We have successfully developed and launched a range of refresh options for our locations over the past three years. Our design process is structured and tailored to the needs of our new and existing customers to ensure all elements are appealing to them. Our options span across three core areas:

- *Experiential Design Elements*—More engaging graphics, lighting, signage, customer work-spaces and merchandise fixtures
- *Content Improvements*—Merchandising assortments and service offerings optimized for each location
- *Service Enhancements*—Team member training and engagement, technology-supported management of service wait times and ease of check-out

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

The investment for each refresh project is tailored to each location's needs and unit economics. We have four general levels of investment and project scope tailored to what would benefit each location, with future investment expected to range from \$150,000 for lightest-touch refreshes to \$3 million for the relatively few but most-extensive refreshes. Refinement of our prototype location refresh program has been achieved through the 24 pilot projects completed to date.

Based on the positive outcomes and learnings from these pilots as well as additional improvements being developed, we believe we can achieve an average net sales uplift ranging from 5% to 25% from projects where we refresh an existing location. We have identified just over 50% of our existing locations that are targets over the next seven to ten years for refresh projects at varying levels of scope.

In over half of the refresh projects completed to date, we have also relocated to an improved site within the trade area. Those relocations deliver our higher end of scope for experiential design elements, as those are more efficient to provide in a new building. We also typically increase the size of the location to an average of 25,000 square feet, and therefore expand the assortment breadth we can offer the customer. We have identified 20% of our current locations that are targets for relocation that we believe will result in net sales uplifts ranging from 15% to 75% compared to the current location. We will execute on these opportunities as leases expire on the current locations over the next seven to ten years.

During the COVID-19 pandemic, we were required to limit the presence of external contractors in most of the United States. As a result, we have been focused on scope refinement and project cost engineering of our prototype to optimize our expected return on investment. We expect to complete 10 to 15 projects over the second and third quarters of fiscal year 2022, with a more robust number of projects to be completed annually in fiscal year 2023 and beyond.

Driving Ubiquitous Customer Engagement that Offers Exceptional Experience and Accelerated Omni-Channel Growth

We have extended the JOANN brand beyond our locations and actively engage with our customers across various digital touch-points to wherever and however they choose. Our customers want options, and our robust omni-channel solutions provide a seamless e-commerce shopping experience. We have heavily invested in, and successfully built, our valuable digital assets in the past years, including our large email and SMS text databases and established social media presence. We have successfully leveraged these digital assets with our strong CRM capabilities to further accelerate our digital customer engagement. We have added more new customers to our digital databases in the thirty-nine weeks ended October 31, 2020 than in any prior full year. We plan to continue our customer acquisition momentum with several digital initiatives, from driving traffic to *joann.com* to expanding our presence in social media platforms. For example, YouTube has been a popular digital platform for our customers when they search for instructions and project inspiration. We have grown our

subscriber base on YouTube by 121% over the thirty-nine weeks ended October 31, 2020. Videos on our YouTube channel have been viewed nearly 48 million times in that span, or more than a 1,400% increase compared to the same time period in the prior year.

We will also continue to enhance our omni-channel shopping experience. We successfully upgraded our e-commerce platform in 2020, including improved search engine optimization and user experience, particularly on mobile devices. Today, our customers can easily shop over 245,000 SKUs available as of December 2, 2020 on our e-commerce platform with convenient fulfillment services such as BOPIS, curbside pick-up and ship-to-home. We believe that a broad online product assortment is critical to customer experience as it provides the ability to complete a consolidated purchase across multiple Creative Products categories. We intend to further expand our assortment across various product categories. We plan to improve our supply chain capabilities to provide our customers with a streamlined, worry-free omni-channel shopping experience. We have launched several initiatives to actively increase our fulfillment rate and optimize the cost structure for our omni-channel service offering, which are aimed at improving customer satisfaction.

We strive to provide a seamless transition when our customers engage across our locations and digital platform. Our mobile application has various functions that improve our customers' shopping experience, no matter where they are. For example, we have recently launched a new digital initiative, "We Got This," where our team members can assist our customers, in-aisle at our locations, to order additional items and make bulk purchases on our mobile application. We are also adding QR codes across our locations to efficiently connect our customers to our vast digital library of projects, sources of inspiration and assortments. By scanning QR codes on their mobile devices, our customers can more easily access our digital content while they are shopping in-person.

We intend to further deepen our customer engagement with digital education and learning services, as our customers constantly search for project inspiration and instructions online. For example, we plan to continue to grow our YouTube channel to provide rich content for customers searching for quick tips and short tutorials. We also expect to expand our high quality education offering to customers who are interested in skill building and learning. We intend to offer more affordable and innovative digital creative education across multiple platforms, including *Creativebug*, to offer subscription-based access to thousands of arts and crafts classes.

Expanding Our Digital Presence into New Markets and Categories with Substantial Share Opportunity

Our customers can shop over 245,000 SKUs available as of December 2, 2020 on our e-commerce platform. By enhancing our central fulfillment capabilities, we intend to further broaden our assortment in product categories that offer substantial share opportunity and also improve our fulfillment rates.

We believe there is significant demand from customers outside the United States. For example, according to SVP Worldwide, approximately 77% of all sewing machine sales globally take place outside of the United States. To capture this opportunity, we intend to expand our robust e-commerce platform to multiple international countries. We receive numerous inquiries every year from international customers hoping to purchase from us, and approximately five million international visitors actively engage our website annually without any marketing initiatives. We have engaged an experienced external provider to launch multi-country international sales. They will support us in managing both the consumer-facing and back-office aspects of this initiative. We believe the breadth of our assortment, purchasing power and pricing levels will allow us to provide a strong value proposition to our customers in many other countries.

We have an innovative management team that has helped develop a robust pipeline of digitally-led initiatives that we believe will strengthen and expand the JOANN brand both domestically and internationally.

Digital Education	 (Acquired in April 2017)	<ul style="list-style-type: none"> ▪ Subscription-based service offering customers unlimited access to a library of thousands of online arts and crafts instructional videos ▪ ~150,000 paid subscriber base that has increased ~4x in the past three years

We believe digital printing is a rapidly-growing technology that provides unlimited design and color options, no minimum quantities and a much more environmentally-friendly production process. We intend to deepen our penetration in digital printing by providing our customers with easy-to-use and innovative technology that significantly enhances the current creative process. In November 2020, we re-launched *Customizable Fabric* as a digital printing platform through our proprietary partnership with *WeaveUp*, a technology company offering cutting-edge digital printing solutions for fabric and other customization tools. Customers around the world can also easily make alterations to the designs on the platform, which can be printed on a wide range of fabrics using high-quality reactive dye digital printing machines. Through our partnership with, and investment in, *WeaveUp*, we also expect to accelerate new product development and supply chain savings in the Sewing category.

We intend to create a more convenient experience for our sewists with innovative digital solutions. We have developed and patented a proprietary technology named *Ditto* that we believe could revolutionize the sewing process. The technology is expected to solve the most common pain point reported by our customers: the pinning and cutting of sewing patterns on fabric. Our research has shown that by changing the current cumbersome fabric cutting process, it is likely that sewists will increase their overall sewing activity. We expect the commercial launch of this technology to be in late calendar year 2021.

Delivering Operational Excellence and Margin Improvement

We work to build operational efficiencies to consistently improve our customer value proposition and financial operating margins. We will continue to focus on three core competencies that we have continuously refined with experience that drive sustained operational excellence.

Product Sourcing. Our most significant cost saving initiative is product sourcing. Through the leadership of our U.S.-based sourcing and product development team as well as our Shanghai sourcing office that was established in 2018, we have accelerated our ability to migrate product assortments to factory direct sourcing. This expands our ability to lower costs while delivering new and innovative products to our customers, and we estimate that we have achieved more than \$60 million in cost savings through this process from fiscal year 2018 to fiscal year 2020. As our penetration of direct sourcing will still be below 50% of our total merchandise receipts in fiscal year 2021, there is substantial opportunity to generate additional savings through this program.

Indirect Procurement. Over the past two years, we have taken a more strategic approach, including investment in leadership and supporting talent, for our indirect procurement. This team is charged with managing supplier negotiations as well as eliminating waste and inefficiencies across approximately \$250 million of annual

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

addressable indirect spend from operating supplies to merchandise fixtures, facilities services, printing and technology costs. Through fiscal year 2022, this team will be focused on 66 separate sourcing efforts, contract negotiations and process improvement projects across nearly all of our business disciplines that represent \$70 million to \$80 million in current annual spend. Our goal is to generate reductions in the range of 8% to 12% of such current annual spending levels.

Supply Chain. We have a series of supply chain initiatives that we believe will support our continued e-commerce growth and reduce fulfillment costs for customer orders, while significantly reducing our supply chain costs and improving customer and team member satisfaction. Many of these initiatives will simplify and streamline processes and systems that impact the team members that serve customers in our locations. We believe this will ultimately provide more time to engage with our customers in-store, shorten customer online order fulfillment times, and reduce overall labor costs.

The Impact of COVID-19 on our Business

As a result of initial COVID-19 restrictions, approximately half of our locations were temporarily closed, either completely or to in-store traffic, from mid-March 2020 through mid-June 2020. By mid-June 2020, all locations were fully operational and open to walk-in traffic. Throughout the entirety of the third quarter of fiscal year 2021, all locations remained opened other than for temporary deep cleanings required to maintain sanitation protocols or for weather and other related hazards. Since that time, certain state and local governments continue to impose retail closure orders and capacity restrictions, impacting some of our locations. In addition, during the pandemic, we negotiated the deferral of certain cash payments with our landlords; however, the majority of these deferred payments will be remitted over the course of fiscal year 2022. Our COVID-19 related costs for the thirty-nine weeks ended October 31, 2020 were \$48.4 million.

Further, certain trends relating to the COVID-19 pandemic have meaningfully benefited the Sewing industry, which in many cases has been deemed essential by federal, state and local authorities. Broader Creative Product sales have accelerated meaningfully as customers spend more time doing DIY activities at home, have an increased desire to learn new skills and take on projects, and engage in personal protective equipment-making activities for personal use, to sell or to share with the community. While it is difficult to estimate the sales to date that have been attributable to PPE-making with precision, we have been able to note significant changes in normal sales trends in categories that support that effort. These categories include cotton fabric, certain sewing supplies such as elastic, and sewing machines. Those favorable impacts to our sales were partially offset by mandated store closures and reduced sales in categories such as special occasion fabrics and seasonal décor and entertaining, which have been negatively impacted by broad restrictions on customer gatherings and celebrations. We estimate the net result of those impacts amounted to a one-time annualized benefit to our sales of 8% to 9% for fiscal year 2021. However, we view the significant number of new customers and increased engagement by new and current customers as a very encouraging signal for the future of our business. We also believe the rapid adoption by customers of our digital and omni-channel offerings is a highly scalable platform we can leverage to both increase sales and reduce costs in the coming years. Still, we remain cautious and vigilant to the extent that the possible sustained spread or resurgence of the pandemic, and any government response thereto, increases the uncertainty regarding future economic conditions that could impact our business in the future. For the duration of the pandemic and beyond, we remain committed to executing on a mission-driven purpose and delivering industry leading growth. See “Management’s Discussion and Analysis of Financial Condition and Results of Operation” and “Risk Factors—Risks Related to our Business—Our business is subject to continued uncertainty with respect to the ongoing COVID-19 pandemic.”

- (b) Total comparable sales are defined as net sales from locations that have been open one year or more, including *joann.com*. Net sales are included in the total comparable sales calculation on the first day of the thirteenth month following a location’s opening. In conjunction with the expansion, downsize or relocation of a location, the net sales results from that location are excluded from the total comparable sales calculation until the first day of the first month following the one-year anniversary of that location’s expansion, downsize or relocation. Further, in a 53-week year, net sales of the first 52 weeks are compared to the comparable 52 weeks of the prior period.
- (c) We define Adjusted EBITDA as net income (loss) plus income tax provision (benefit), interest expense, net, debt related (gain) loss, other income and depreciation and amortization, as further adjusted to eliminate the impact of certain non-cash items and other items that we do not consider indicative of our ongoing operating performance, including costs related to strategic initiatives, COVID-19 costs, technology development expense, stock-based compensation expense, loss on disposal and impairment of fixed and operating lease assets, goodwill and trade name impairment, sponsor management fees, location pre-opening and closing costs excluding loss on disposal of fixed assets and other one-time costs. We describe these adjustments reconciling net income (loss) to Adjusted EBITDA in the applicable table below.

We present Adjusted EBITDA, which is not a recognized financial measure under GAAP, because we believe it assists investors and analysts in comparing our operating performance across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Adjusted EBITDA, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in our presentation of Adjusted EBITDA. Our presentation of Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. There can be no assurance that we will not modify the presentation of Adjusted EBITDA following this offering, and any such modification may be material. In addition, Adjusted EBITDA may not be comparable to similarly titled measures used by other companies in our industry or across different industries.

Management believes Adjusted EBITDA is helpful in highlighting trends in our core operating performance compared to other measures, which can differ significantly depending on long-term strategic decisions regarding capital structure, the tax jurisdictions in which companies operate and capital investments. We also use Adjusted EBITDA in connection with establishing discretionary annual incentive compensation; to supplement GAAP measures of performance in the evaluation of the effectiveness of our business strategies; to make budgeting decisions; to compare our performance against that of other peer companies using similar measures; and because our Credit Facilities use measures similar to Adjusted EBITDA to measure our compliance with certain covenants.

Adjusted EBITDA has its limitations as an analytical tool, and you should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP. Some of these limitations include:

- Adjusted EBITDA does not reflect our cash expenditure or future requirements for capital expenditures or contractual commitments;
- Adjusted EBITDA does not reflect changes in our cash requirements for our working capital needs;
- Adjusted EBITDA does not reflect the interest expense and the cash requirements necessary to service interest or principal payments on our debt;
- Adjusted EBITDA does not reflect cash requirements for replacement of assets that are being depreciated and amortized;

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

- Adjusted EBITDA does not reflect non-cash compensation, which is a key element of our overall long-term compensation;
- Adjusted EBITDA does not reflect the impact of certain cash charges or cash receipts resulting from matters we do not find indicative of our ongoing operations; and
- other companies in our industry may calculate Adjusted EBITDA differently than we do.

The following is a reconciliation of our net income (loss) to Adjusted EBITDA for the periods presented:

- (7) Based on our evaluation for impairment of the carrying amount of goodwill and trade name on our balance sheet. Impairment recorded was driven predominantly by the result of negative total comparable sales and declining margins, primarily resulting from the incremental U.S. tariffs on Chinese imports, along with a weaker than expected peak selling season. - (8) “Sponsor management fee” represents management fees paid to our sponsor, LGP (or advisory affiliates thereof), in accordance with our management services agreement, which will terminate upon the consummation of this offering.
- (9) “Other” represents one-time severance, certain legal, executive leadership transition and business transition expenses.
- (d) We present free cash flow because we believe it assists lenders, investors and analysts in evaluating our ability to maintain and generate incremental liquidity. Free cash flow should not be considered as an alternative to net cash provided by operating activities as a liquidity measure. Free cash flow has limitations due to the fact that it does not represent the residual cash flow available for discretionary expenditures. For example, free cash flow does not incorporate payments made on capital lease obligations or cash payments for business investments and acquisitions. Free cash flow is not a measurement of financial performance under GAAP, may have limitations as an analytical tool and should not be considered in isolation from, or as an alternative to, net income, net cash provided by operating activities or any other measure of performance derived in accordance with GAAP. Therefore, we believe it is important to view free cash flow as a complement to our entire consolidated statements of cash flows.

The following is a reconciliation of our net cash provided by operating activities to free cash flow for the periods presented:

RISK FACTORS

You should carefully consider the risks described below, together with all of the other information included in this prospectus, including our consolidated financial statements and related notes included elsewhere in this prospectus, before making an investment decision. Our business, financial condition and results of operations could be materially and adversely affected by any of these risks or uncertainties. In that case, the trading price of our common stock could decline, and you may lose all or part of your investment. Furthermore, the potential impact of the COVID-19 pandemic on our business operations and financial results and on the world economy as a whole may heighten the risks described below.

Risks Related to our Business

Evolving U.S. trade regulations and policies, including with China and other Asian countries, have in the past and may in the future have a material and adverse effect on our business, financial condition and results of operations.

Our products are sourced from a wide variety of suppliers, including from suppliers overseas, particularly in China and other Asian countries. In addition, some of the products that we purchase from vendors in the United States also depend, in whole or in part, on suppliers located outside the United States. Any restrictions or tariffs imposed on products that we or our suppliers import for sale in the United States would adversely and directly impact our cost of goods sold. In addition, changes in U.S. trade regulations and policies could have an adverse impact on trade relations between the United States and certain foreign countries, which could materially and adversely affect our relationships with our international suppliers and reduce the supply of goods available to us. Further, we cannot predict the extent to which the United States will adopt changes to existing trade regulations and policies, which creates uncertainties in planning our sourcing strategies and forecasting our margins. For example, in 2018 and 2019, the United States imposed significant tariffs on various products imported from China, including certain products we source from China. The United States has also stated that further tariffs may be imposed on additional products imported from China if a trade agreement is not reached. On January 15, 2020, a “phase one” trade deal was signed between the United States and China and was accompanied by a decision from the United States to cancel a plan to increase tariffs on an additional list of products from China. However, given the limited scope of the phase one agreement, concerns over the stability of bilateral trade relations remain. In addition, the 2020 U.S. presidential election and the resulting transition in the administration has resulted in additional uncertainty regarding the future of U.S. trade relations. At this time, there is no assurance that a broader trade agreement will be successfully negotiated between the United States and China to reduce or eliminate the existing tariffs.

If additional tariffs are imposed on our products, or other retaliatory trade measures are taken, our costs could increase and we may be required to raise our prices, which could materially and adversely affect our results. For example, in fiscal year 2020, we raised our prices on certain products primarily in response to increased incremental U.S. tariffs on Chinese imports and subsequently experienced reduced demand for such products and traffic to our locations. Before mitigation, we estimate that incremental U.S. tariffs on Chinese imports in fiscal year 2020 would have amounted to \$75 million of additional annual costs, as these tariffs applied to a broad range of our products. Primarily, as a result of the actual and threatened U.S. tariffs on Chinese imports which led to our negative total comparable sales and declining margins, we impaired our recorded goodwill by \$481.8 million in fiscal year 2020. Although we have undertaken efforts, including shifting sourcing of programs where appropriate to suppliers outside of China, negotiating with domestic suppliers paying the incremental tariffs on our behalf to absorb a portion of those costs and where possible adjusting materials used to construct our products to qualify for a Harmonized Tariff Code where the Section 301 tariffs do not apply, to mitigate the negative impact of tariff-related cost increases, these efforts may be unsuccessful and/or their implementation could result in further increased costs and disruptions to our operations, further impairment charges and a loss of customers and/or suppliers. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations” for further discussion.

Our inability to respond effectively to competitive pressures, changes in the retail markets and customer expectations could result in lost market share, which could have a material and adverse effect on our business, financial condition and results of operations.

Our inability to respond effectively to competitive pressures, changes in the retail markets and customer expectations could result in lost market share, which could have a material and adverse effect on our business, financial condition and results of operations. Competition is intense in the Creative Products industry. We compete with all of these players for customer attention, shopping visits, exclusive vendor relationships, leadership talent and in some cases front line employees and retail locations. In order to retain and grow our market share, we must remain competitive in the areas of product assortment, price, convenience and customer service. In addition, the retail industry in general is subject to rapid technological change, which may increase the amount of capital we spend in the future as we work to sustain and grow our technological infrastructure and digital commerce capabilities in order to remain competitive. Moreover, we ultimately compete against alternative sources of entertainment and leisure activities for our customers that are unrelated to the Creative Product industry.

We compete with select mass merchants, including Walmart, Inc. and Target Corporation, which dedicate a portion of their selling space to selling Creative Products items. We also compete with specialty retailers in the Creative Products industry, such as The Michaels Companies, Inc. and Hobby Lobby Stores, Inc., as well as smaller regional and local operators. In addition to e-commerce options offered by the retailers mentioned above, we compete with companies that sell fabrics and crafts only over the internet, such as Amazon.com or its subsidiary Fabric.com. Some of our competitors may be larger, more experienced and offer additional products that we cannot offer economically. For example, some of our competitors may offer more options for free and/or expedited shipping for e-commerce sales than we offer. Some competitors have greater financial resources and technology capabilities, better access to merchandise, access to capital markets and debt financing and greater market penetration than we do.

The performance of our competitors as well as changes in their pricing and promotional policies, marketing activities, new location openings, merchandising and operational strategies could impact our sales and profitability. Additionally, as our competitors continue to offer online ordering, ship to home and pickup in-store fulfillment, there is risk that we could lose market share, which could have a material and adverse effect on our business, financial condition and results of operations.

Our business is subject to continued uncertainty with respect to the ongoing COVID-19 pandemic.

In an effort to mitigate the continued spread of the strain of coronavirus disease known as COVID-19, federal, state and local governments, as well as certain private entities, mandated various restrictions, including shelter-in-place orders, stay-at-home orders, travel restrictions, as well as capacity restrictions in our locations and required enhanced cleaning protocols. As a result of these restrictions, approximately half of our locations were temporarily closed, either completely or to in-store traffic, from mid-March 2020 through mid-June 2020. Since that time, certain state and local governments continue to impose retail closure orders and capacity restrictions, impacting some of our locations. In addition, during the pandemic, we negotiated the deferral of certain cash payments with our landlords; however, the majority of these deferred payments will be remitted over the course of fiscal year 2022. Our COVID-19 related costs for the thirty-nine weeks ended October 31, 2020 were \$48.4 million. There remains significant uncertainty surrounding the overall impact of the COVID-19 pandemic on our business, including the risk of required capacity restrictions or closing of our locations if certain restrictions are reinstated by state and local authorities. There is no assurance that we will be deemed an essential business or otherwise receive an exemption to the restrictions. As such, we are unable to accurately predict the future impact that the pandemic will have on our business, financial condition and results of operations. Additional potential future impacts include those related to:

- our ability to meet obligations to our business partners, including under our Credit Facilities and lease obligations;

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

- interruption and delays in our supply chain for key merchandise and operating supplies;
- the failure of third parties on which we rely, including our suppliers, to meet their obligations to us, which may be caused by their own financial or operational difficulties, travel restrictions and border closures, or disruptions with sourcing raw materials, manufacturing, delivery, shipping, exports or imports;
- the impact on future consumer demand for our products and services through the remainder of the pandemic or in subsequent periods;
- the impact on our workforce, including limitations on travel and work locations, quarantines, implementing a smaller workforce, changes in pay and temporary leaves of absence;
- increased operating costs to execute on our commitment to provide a safe operating environment in our locations, distribution centers and corporate offices;
- the continued cancellation of in-person group events such as educational classes;
- any additional government and regulatory restrictions that limit or close operating facilities, such as temporary closures of our locations, the limitation of operating hours and number of customers permitted to shop at one time, or restrict operations of our business partners, suppliers or customers; and
- credit availability and cost due to disruptions and volatility in the financial markets.

The ultimate impact of the COVID-19 pandemic on our business will be dependent on, among other things, the duration of quarantines and other global travel restrictions, the severity of the virus, the duration of the outbreak and the public's response to the outbreak. Certain trends relating to the COVID-19 pandemic have positively impacted certain of our merchandise categories, such as mask-making, and consumer demand for our products and services, and while we expect our customers' purchases for projects that were in direct response to the pandemic, such as mask-making, to decline following the pandemic, it is difficult to ascertain with precision our sales attributable to such projects and there can be no assurances that these positive trends during the COVID-19 pandemic will be sustained through the remainder of the pandemic or in subsequent periods, which could adversely impact our total comparable sales growth and results of operations. The COVID-19 pandemic may also have the effect of heightening other risks disclosed in this "Risk Factors" section.

Failure to attract, develop, motivate and retain qualified team members and effectively manage overall labor costs, including potential increases in minimum wages, could limit our growth and materially and adversely affect our business, financial condition and results of operations.

Our success depends in part upon our ability to attract, develop, motivate and retain large numbers of qualified store support center, distribution center and retail location support personnel who understand and appreciate our culture and are able to adequately represent our brand. The majority of our team members are in entry-level and part-time positions in our locations with historically high rates of turnover. In order to successfully operate our physical network, we are reliant on the ability to recruit, develop, motivate and retain significant numbers of location managers and location team members who are capable of consistently providing a high level of customer service, as demonstrated by their enthusiasm for our brand, knowledge of our merchandise and the creative projects they support. Our operations and prospects could be adversely affected if we cannot attract and retain qualified management and team members.

Our ability to meet our labor needs while controlling our costs is subject to external factors such as unemployment levels, prevailing wage rates, rising health care and other insurance costs, uncertainty about

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

federal health care policies, minimum wage legislation, unionization of our workers, changes in employment legislation and regulations and changing demographics. As of October 31, 2020, 1.3% of our team members were unionized, all of which work at our Hudson, Ohio distribution center. Our team members' participation in labor unions could put us at increased risk of labor strikes and disruptions of our operations. In addition, changes in minimum wage laws and other employment laws can have a significant impact on our costs and customer experience if we fail to increase our wages competitively. In particular, in recent years, there have been significant increases in minimum wages in many jurisdictions, with more increases already anticipated in future years. As of October 31, 2020, we employed approximately 27,700 team members, approximately 80% of whom are part-time and paid at or above, but near, applicable minimum wages. Additionally, many of our salaried team members are paid at rates that could be impacted by changes to minimum pay levels for exempt roles. Any increases at the federal, state or municipal level to the minimum pay rate required to remain exempt from overtime pay may adversely affect our business or results of operations. Furthermore, market competition may create further pressure for us to increase the wages paid to our team members or the benefits packages that they receive. If we experience market-driven increases in wage rates or in benefits or if we fail to increase our wages or benefits packages competitively, our ability to attract and retain team members could suffer. Consistently low unemployment rates may increase the likelihood or impact of such market pressures. Any failure to meet our staffing needs, any material increases in team member turnover rates or any increases in overall labor and health care costs could have a material and adverse effect on our business, financial condition and results of operations.

Failure to manage inventory effectively, predict new consumer trends or effectively react to changes in consumer buying habits could materially and adversely affect our business, financial condition and results of operations.

Due to the nature of our business, we purchase much of our inventory well in advance of each selling season. Therefore, our success depends in part on our ability to anticipate and respond in a timely manner to changing customer demands, preferences and buying habits. If we misjudge consumer preferences or demands or fail to timely and effectively react to changes in trends or overall consumer demand, we could have excess inventory that may need to be held for a long period of time, written down, sold at prices lower than expected or discarded in order to clear excess inventory at the end of a selling season. Conversely, if we underestimate consumer demand, we may experience shortages of key items and may not be able to provide products to our customers to meet their demand. Given the project and component nature of our business, these shortages could materially and adversely affect sales of other related products and even conversion of traffic to sales within our locations and on our mobile application and website. We also sometimes experience long lead times for manufacturing and delivery of our products, particularly those that we source directly from foreign suppliers, which further increases inventory carrying costs. A failure to manage our inventory effectively, including a failure to manage inventory theft or loss rates, could have a material and adverse effect on our business, financial condition and results of operations. Additionally, any failure to identify and act upon new Creative Products trends prior to our competitors could provide a competitive advantage to our competitors and have a material and adverse effect on our business, financial condition and results of operations.

In addition, our locations are generally located in strip and "big box" shopping centers, providing us with additional traffic beyond marketing efforts. Shopping center traffic may be adversely affected by, among other things, economic downturns, rising fuel costs, gasoline shortages, the closing of anchor locations, shopping center occupancy rates and mix, new shopping centers and other retail developments, perceived safety of particular shopping centers or changes in customer shopping preferences. A decline in the popularity of visiting shopping centers among our target customers could have a material and adverse effect on customer traffic and our business in general. Additionally, in response to the COVID-19 pandemic, we, or in some cases, key anchor tenants, have experienced mandatory and elective temporary closures in certain shopping centers where our locations are. A continuing reduction in traffic to shopping centers may likely lead to a decrease in our net sales and results of operations, which could have a material and adverse effect on our financial condition and results of operations.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

The seasonality of our sales may negatively impact our operating results.

Our business is highly seasonal, with a significant amount of sales and earnings occurring in the third and, in particular, the fourth fiscal quarters. Our inventory levels and related short-term financing needs also are seasonal, with the greatest requirements occurring during our second and third fiscal quarters as we increase our inventory in preparation for our peak selling season. Our peak selling season generally runs from September through December. Accordingly, the results of a single fiscal quarter, particularly the third and fourth fiscal quarters, should not be relied on as an indication of our annual results or future performance. In addition, any factors that impact our third and fourth fiscal quarter operating results could have a disproportionate effect on our results of operations for the entire fiscal year. If for any reason our third and fourth fiscal quarter results were substantially below expectations, our operating results for the full year would be materially and adversely affected, and we could have substantial excess inventory, including seasonal merchandise, that we would have limited time to liquidate.

We increasingly depend on e-commerce, and our failure to successfully manage this channel and deliver a convenient omni-channel shopping experience to our customers could have a material and adverse effect on our business, financial condition and results of operations.

Expanding e-commerce is an important part of our strategy to grow our omni-channel operations and to potentially access international markets. As a result of the COVID-19 pandemic and the related stay-at-home orders, we have experienced a significant increase in e-commerce demand and consumer demand for certain products, such as those used in mask making. There can be no assurances that this increase in demand will be sustained through the remainder of the pandemic or in subsequent periods, which could adversely impact our total comparable sales growth and results of operations. Omni-channel retailing is rapidly evolving and we must keep pace with customer preferences and expectations. In addition, dependence on e-commerce and omni-channel fulfillment subjects us to certain other risks, including:

- the failure to successfully implement new systems, system enhancements and internet platforms and keep pace with frequent changes to technology requirements;
- the failure of our technology infrastructure or the computer systems that operate our mobile application and website, causing, among other things, application and website downtimes, telecommunications issues or other technical failures;
- inefficiencies or disruptions that prevent us from efficiently and affordably delivering products to our customers;
- increased competition; and
- our third party service providers' ability to protect customer data required to transact business on our digital platforms.

Our customers are increasingly using mobile devices, computers and other devices to shop online for products that we carry. Omni-channel retailing is rapidly evolving and we must keep pace with customer preferences and expectations. There are various risks associated with omni-channel retailing, including the need to keep pace with frequent technology changes, internet security risks and an increased level of competition. Failure to identify and effectively respond to changing consumer tastes, preferences and spending patterns on a timely basis could materially and adversely affect our relationship with our customers and the demand for our products.

Our failure to successfully address and respond to these risks and uncertainties could materially and adversely affect sales, increase costs, diminish our growth prospects and damage the reputation of our brand, each of which could have a material and adverse effect on our business, financial condition and results of operations.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

General economic factors may materially and adversely affect our business, financial condition and results of operations.

General economic conditions may adversely affect our business, financial performance and results of operations. Consumer demand for the products that we sell, as well as our overall cost structure, could be adversely affected by higher interest rates, higher fuel and other energy costs, inflation, deflation, recession, competitive labor markets, lack of available consumer credit, higher consumer debt levels, lack of consumer confidence in future economic conditions, changes in tax laws, overall economic slowdown and/or other economic factors. Our sales generally represent discretionary spending by our customers and thus we may be more susceptible to factors negatively affecting consumer demand than others selling less discretionary products. Lower consumer demand for our products would cause our revenues, and possibly our profitability, to decline, while a prolonged economic downturn could have a material and adverse effect on our business, financial condition and results of operations.

We may not be able to maintain or negotiate favorable lease terms.

We lease substantially all of our locations. If lower cost commercial strip shopping center locations are unavailable, whether due to large scale redevelopment of shopping centers or otherwise, we may experience difficulties entering into new leases on favorable terms. In addition, we lease substantially all of our locations generally for extended terms with a typical initial term of 10 years, and we had an average remaining term of obligation of 4.5 years as of October 31, 2020. The majority of our leases contain provisions for base rent and a small number of our leases contain provisions for base rent plus percentage rent based on sales in excess of an agreed upon minimum annual sales level. Although we have the right to terminate some of our leases under specified conditions by making specified payments, we may not be able to terminate a particular lease if or when we would like to do so, which could prevent us from closing or relocating certain underperforming locations. If we decide to close locations, we generally are required to continue paying rent and operating expenses for the balance of the lease term, or to pay to exercise rights to terminate, and the performance of any of these obligations may be expensive. When we assign or sublease vacated locations, we may remain liable on the lease obligations if the assignee or sub-lessee does not perform. Accordingly, we are subject to the risks associated with leasing locations, which can have a material and adverse effect on us.

If we are unable to renew, renegotiate or replace our leases or enter into leases for new locations on favorable terms, our growth and profitability could be harmed, which could have a material and adverse effect on our business, financial condition and results of operations.

We are required to make significant lease payments for our leases, which may strain our cash flow.

We depend on net cash provided by operating activities to pay our lease expenses and to fulfill our other cash needs. If our business does not generate sufficient cash provided by operating activities, and sufficient funds are not otherwise available to us from borrowings under our Credit Facilities or from other sources, we may not be able to service our operating lease expenses, grow our business, respond to competitive challenges or fund our other liquidity and capital needs, which would harm our business.

Increased costs related to the production of our merchandise or disruptions in our distribution network could materially and adversely affect our business, financial condition and results of operations.

There are various costs related to the production of our merchandise. Any increase in such costs could have a negative impact on our business. For example, fluctuations in the prices of raw materials or other costs related to the production of our merchandise could cause our product costs to increase. Increases in our merchandise costs or in the prices of the raw materials used to create our merchandise, such as cotton, petroleum or wool used in the production of fabric and other products, could result in significant cost increases for those products. In addition, significant increases in energy costs or wages used in the production of our merchandise

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

may cause our suppliers to increase the merchandise cost to us, which could have a material and adverse effect on our business, financial condition and results of operations.

Similarly, disruptions in our distribution network could negatively affect our ability to meet customer demand both in our locations and through our e-commerce business. We operate three distribution centers to support our business. The majority of our inventory is shipped directly from suppliers to our distribution centers where the inventory is then processed, sorted, picked and shipped to our locations. We rely in large part on the orderly operation of this receiving and distribution process, which depends on adherence to shipping schedules and effective management of our distribution network. If any facility is severely damaged or experiences disruptions in operations due to natural disasters or other catastrophic events, labor disagreements, information system issues, shipping problems or any other reasons, our other distribution centers would likely not be able to support the resulting additional distribution demands. In addition, we utilize a variety of fulfillment sources to deliver our e-commerce orders. We rely heavily on the orderly operations of each fulfillment source to receive and manage our inventory, process online orders and deliver directly to customers on a timely basis. Any disruptions in operations whether due to natural disasters, public health epidemics or pandemics, including the ongoing COVID-19 pandemic, catastrophic events, receiving issues, shipping problems, transitioning between fulfillment sources, other operational problems or inefficiencies or any other reasons could have a direct material and adverse effect on our business, financial condition and results of operations, in addition to potentially creating a customer perception issue that could independently have a material and adverse effect on our business, financial condition and results of operations.

We also rely upon various means of transportation, including shipments by air, sea, rail and truck, to deliver products to our distribution centers from vendors, from our distribution centers to our locations, for direct shipments from vendors to locations and to fulfill our customers' online orders. Any disruptions to the transportation system or increases in transportation costs, for example, due to labor shortages or capacity constraints in the transportation industry, disruptions to the national and international transportation infrastructure, strikes or slow-downs by port or transportation company employees, fuel shortages or transportation cost increases (such as increases in ocean shipping, trucking, or consumer package delivery rates; fuel costs or port fees) could have a material and adverse effect on our business, financial condition and results of operations. Our results of operations may also be adversely affected if we are unable to secure, or are able to secure only at significantly higher costs, adequate transportation resources to meet our needs.

Our ability to meet our strategic goals depends on our ability to identify and implement improvements to our supply chain, including merchandise ordering, transportation, direct sourcing initiatives, distribution center capacity and efficiency and receipt processing, as well as the expansion of our international distribution network. If we are unable to successfully implement enhancements to our distribution systems and processes and fail to achieve the efficiencies required for us to meet our strategic goals, including by increasing our penetration of direct to factory buying relationships to reduce cost and improve product innovation, this could disrupt our supply chain, which could have a material and adverse effect on our business, financial condition and results of operations.

Our reliance on foreign suppliers increases our risks of not obtaining adequate, timely and cost effective merchandise, as well as risks involved in foreign operations and foreign currency translation.

We are heavily dependent on foreign suppliers, particularly manufacturers located in China and other Asian countries. For example, during fiscal year 2020, we purchased approximately 38% of our products directly from manufacturers located in foreign countries and we anticipate that this percentage may increase in coming years. In addition, many of our domestic suppliers purchase most of their products from foreign suppliers. This reliance increases the risk that we will not have adequate and timely supplies of various products due to local political, economic, social or environmental conditions (including acts of terrorism, the outbreak of war or the occurrence of a natural disaster, public health epidemic or pandemic, like the ongoing COVID-19 pandemic), transportation delays (including dock strikes and other work stoppages), restrictive actions by foreign

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

governments, or changes in U.S. laws and regulations affecting imports or domestic distribution. Reliance on foreign manufacturers also increases our exposure to trade infringement claims. In addition, as part of our global sourcing strategy, we have undertaken efforts to diversify the countries from where we source products, which exposes us to increased risks associated with sourcing products from countries where we have limited or no prior operating experience, such as risks associated with complying with unfamiliar laws and regulations (including uncertainty regarding the interpretation, application and enforceability of laws and regulations relating to contract and intellectual property rights), ensuring that our suppliers comply with fair labor practices and human rights laws, ensuring that we comply with the Foreign Corrupt Practices Act and other anti-corruption laws and regulations, adapting to local cultures, standards and practices and overcoming limited personnel and lack of resources in foreign countries. Any of these risks could cause us to materially alter our business practices related to sourcing and/or impact our profitability resulting in a material and adverse effect on our business, financial condition and results of operations.

If any of our suppliers have practices that are not legal or accepted in the United States, consumers may develop a negative view of us, our brand image could be damaged, and we could become the subject of boycotts by our customers and/or interest groups. Further, if our suppliers violate labor or other laws of their own country, these violations could cause disruptions or delays in their shipments of merchandise. We conduct periodic audits at various suppliers and have terminated relationships with suppliers from time to time based on the results of those audits. However, there is no guarantee that we can identify all issues from such audits and therefore we rely in part on suppliers' representations certifying their compliance with applicable laws. If our goods are manufactured using illegal or unacceptable labor practices in these countries, or other countries from which our suppliers source the product we purchase, our ability to supply merchandise for our locations without interruption, our brand image and, consequently, our sales may be materially and adversely affected.

Additionally, reductions in the value of the U.S. dollar or revaluation of the Chinese currency, or other foreign currencies, could ultimately increase the prices that we pay for our products. Further, all of our products manufactured overseas and imported into the United States are subject to duties collected by the U.S. Customs Service. We may be subjected to additional duties, significant monetary penalties, the seizure and forfeiture of the products we are attempting to import or the loss of import privileges if we or our suppliers are found to be in violation of U.S. laws and regulations applicable to the importation of our products. If duties were to be significantly increased, it could have a material and adverse effect on our business, financial condition and results of operations.

We may not be able to achieve the expected benefits from the implementation of marketing initiatives.

We may not be able to successfully execute our marketing initiatives, such as changes in the appearance, content and distribution of our advertising, our continued focus on digital marketing (including social media, mobile applications and web tactics such as display marketing, brand partnerships and digital video), new vendor programs and improved merchandising processes, and may fail to realize the intended benefits and growth prospects associated with these initiatives. For example, we may be unable to leverage and grow our digital customer database and social media marketing due to lack of engagement or technology challenges.

Product assortment, price, convenience and customer service have a significant influence on consumers' choices among competing products and brands. We may fail to meet assumptions underlying estimates of expected revenue growth or overall cost savings from marketing initiatives or renovations of our locations, particularly if economic conditions deteriorate. If we misjudge consumer response to our existing or future promotional activities, our business, results of operations and financial condition could suffer, which could have a material and adverse effect on our business, financial condition and results of operations.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

Our continued growth depends on our ability to successfully implement our strategic initiatives, which are subject to a variety of risks and uncertainties.

We are in the process of implementing a location refresh initiative focused on improving the profitability of our existing locations by renovating those locations and enhancing the product offerings within those locations. This initiative has required and will continue to require significant incremental capital expenditures, and the capital required to implement the initiative across our remaining locations may be more than we expect. Additionally, the success of our location refresh initiative depends on the availability of enhanced locations, our ability to grow market share relative to our direct competitors in the same area as our refreshed locations, cost of materials or labor required to execute our refresh projects and ongoing economic viability of the areas where our refreshed locations operate, many of which are outside of our control. Further, as a result of the COVID-19 pandemic, we delayed several of our location refresh projects and may continue to experience additional costs and delays.

We have also implemented a number of cost savings initiatives, including investing in product sourcing initiatives, talent for our indirect spend procurement function and supply chain initiatives to support our e-commerce growth. There can be no assurance that our location refresh initiative, our cost savings initiatives or any future strategic initiatives will be successful, will result in the expected benefits or will be achieved on the anticipated timeframe, or at all. If we are unable to successfully implement our strategic initiative on favorable terms or at all, or if our initiatives are unsuccessful, our business, financial condition and results of operations could be materially and adversely affected.

Any inability to balance merchandise bearing our proprietary brands with the third-party branded merchandise we sell may have an adverse effect on our sales and gross margin.

Our proprietary branded merchandise represents a significant portion of our net sales. Our proprietary branded merchandise generally has a higher gross margin than the comparable third-party branded merchandise we offer. As a result, we may determine that it is best for us to continue to hold or increase the penetration of our proprietary brands in the future. However, carrying our proprietary brands may limit the amount of third-party branded merchandise we can carry and, therefore, there is a risk that the customers' perception that we offer the appropriate breadth of assortment for many major brands could decline. By maintaining or increasing the amount of our proprietary branded merchandise, we are also exposed to greater risk, as we may fail to anticipate trends correctly. In addition, to the extent our proprietary brands underperform, our overall brand and reputation may be harmed. These risks, if they occur, could have a material and adverse effect on our business, financial condition and results of operations.

Any difficulty executing or integrating an acquisition, business combination or other strategic transaction could materially and adversely affect our business, financial condition and results of operations.

We have made strategic acquisitions and investments in the past to help drive our growth and pursue strategic initiatives, and we intend to pursue similar opportunities in the future. Any difficulty in executing or integrating an acquisition, business combination or other strategic transaction may result in our inability to achieve anticipated benefits from these transactions in the time frame that we anticipate, or at all, which could adversely affect our business or results of operations. Such transactions may also disrupt the operation of our current activities and divert management's attention from other business matters. In addition, our Credit Facilities place certain limited constraints on our ability to make an acquisition or enter into a business combination, and future borrowing agreements could place tighter constraints on such actions.

Loss of key senior management executives could have a material and adverse effect on our business, financial condition and results of operations.

We are dependent on the services, abilities and experiences of our key senior management team to execute on our business and operating strategies. The loss of one or more key senior executives could hinder our

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

ability to implement our strategic and operational plans and may have a material effect on us. If we found it necessary to replace one or more key senior executives, delays in hiring the new executive(s) or our inability to effectively integrate the newly-hired executive(s) into our business processes, controls, systems and culture may also have a material and adverse effect on our business, financial condition and results of operations.

Our total assets include intangible assets, goodwill and substantial amounts of property and equipment. Changes in estimates or projections used to assess the fair value of these assets, the ongoing effective use of those assets in our business or operating results underlying those assets that do not fully support their value, may cause us to incur impairment charges that could materially and adversely affect our business, financial condition and results of operations.

Our total assets include intangible assets, goodwill and substantial amounts of property and equipment. Under current accounting guidelines, we must assess, at least annually, whether the value of goodwill and other intangible assets has been impaired. For example, during fiscal year 2020 and in connection with our annual impairment assessment of goodwill and trade name impairment, we recognized a non-cash goodwill impairment charge of \$481.8 million and a non-cash trade name impairment charge of \$5.0 million, which were driven primarily by the incremental U.S. tariffs on Chinese imports, along with a weaker than expected peak selling season. See “Risk Factors—Risks Related to our Business—Evolving U.S. trade regulations and policies, including with China and other Asian countries, have in the past and may in the future have a material and adverse effect on our business, financial condition and results of operations” for further discussion regarding tariffs.

We can make no assurances that we will not record any additional impairment charges in the future. Any future reduction or impairment of the value of tangible assets, goodwill, our trade name or other intangible assets will similarly result in charges against earnings, which could materially and adversely affect our reported business, financial condition and results of operations in future periods.

Failure to comply with various regulations may result in damage to our business.

Various federal and state laws govern our relationship with, and other matters pertaining to, our team members, including wage and hour laws, laws governing independent contractor classifications, requirements to provide meal and rest periods or other benefits, family leave mandates, requirements regarding working conditions and accommodations to certain employees, citizenship or work authorization and related requirements, insurance and workers’ compensation rules and anti-discrimination laws. Any claim that alleges a failure by us to comply with any of the foregoing laws and regulations may subject us to fines, penalties, injunctions, litigation and/or potential criminal violations, which could adversely affect our reputation, business, financial condition and operating results. We have been party to such lawsuits in the past, including in class action lawsuits, and may be subjected to similar suits in the future. In addition, any changes to existing employment laws or regulations or any new employment laws or regulations that are adopted may make it more difficult and costly for us to operate our business and in turn adversely affect our operating results.

Our global operations also expose us to risks and challenges associated with conducting business internationally, including with our foreign suppliers, and our results of operations may be adversely affected by our efforts to comply with U.S. laws which apply to international operations, such as the Foreign Corrupt Practices Act, U.S. economic sanctions laws and U.S. export control laws, as well as the laws of other countries, including laws related to product safety and consumer protection, privacy and taxation. Economic sanctions laws in the United States may prohibit us from transacting with or in certain countries and with certain individuals or companies. In the United States, the U.S. Department of the Treasury’s Office of Foreign Assets Control administers and enforces laws, Executive Orders and regulations establishing certain U.S. economic and trade sanctions. As we expand our global presence, we expect our exposure to these risks and challenges to increase, such as with respect to compliance with foreign data privacy laws and tax laws.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

Federal, state and foreign governments have enacted or may enact laws or regulations regarding privacy and data security and the collection and use of personal information. We strive to comply with all such laws and regulations; it is possible, however, that these requirements may change, may be interpreted and applied in a manner that is inconsistent from one jurisdiction to another, may conflict with other rules or may conflict with our practices. Further, security breaches in our information systems could result in a violation of applicable U.S., state and/or international privacy and other laws, and subject us to private litigation and governmental investigations and proceedings, any of which could result in our exposure to material civil or criminal liability. Compliance with current and future applicable U.S., state and international privacy, cybersecurity and related laws can be costly and time-consuming. Significant capital investments and other expenditures could also be required to remedy cybersecurity incidents and prevent future breaches, including costs associated with additional security technologies, personnel, experts and call centers and credit monitoring services for those whose data has been breached. Our cyber insurance coverage may not be sufficient to cover such costs. These costs, which could be material, could adversely impact our results of operations in the period in which they are incurred and may not meaningfully limit the success of future attempts to breach our information technology systems. Our failure, or our vendors' failure, to comply with the regulatory requirements concerning privacy and enhanced regulatory and litigation activity focused on privacy and data security issues could also have a material and adverse effect on our business, financial condition and results of operations.

Additionally, we are regularly involved in various litigation matters that arise in the ordinary course of our business, including liability claims, employment-related claims, contract disputes, claims arising under consumer protection laws and regulations and allegations that we have infringed third party intellectual property rights.

Our marketing programs, e-commerce initiatives and use of consumer information are governed by an evolving set of laws and enforcement trends and unfavorable changes in those laws or trends, or our failure to comply with existing or future laws, could materially and adversely affect our business, financial condition and results of operations.

The success of our marketing and e-commerce initiatives are dependent on our ability to collect, maintain, process and use data obtained through our interactions with customers online. Our use of this information is subject to evolving federal, state and foreign laws and enforcement trends. Failure to comply with existing and future laws and other legal obligations relating to privacy, data protection and customer protection, including those relating to the use of data for marketing purposes, may impede our ability to effectively engage customers via personalized marketing tactics, increase our potential monetary liability, damage our reputation and adversely affect our business and operating results. We are impacted, in particular, by the California Consumer Privacy Act, or CCPA, which became effective on January 1, 2020 and is intended to enhance privacy rights and consumer protection for residents of California. Furthermore, in November 2020, California voters passed the California Privacy Rights and Enforcement Act of 2020, which amends and expands the CCPA with additional data privacy compliance requirements that may adversely impact our business, and establishes a regulatory agency dedicated to enforcing these requirements. In the event that we are unable to timely comply with the new compliance demands, or new compliance regimes as a result of expanding our business, significant fines or penalties could result and could adversely affect our reputation and have a material and adverse effect on our business, financial condition and results of operations.

As we are subject to U.S. federal, state, and local income taxation, and, to a much lesser extent, Chinese taxation, any adverse developments in applicable tax laws could have a material and adverse effect on our business, financial condition and results of operations. Our effective tax rate could also change materially as a result of various evolving factors, including changes in income tax law resulting from the recent presidential and congressional elections in the United States.

We are subject to income taxation at the federal level and by most states and certain municipalities because of the scope of our retail operations and our corporate and financing structure. In addition, income earned by our foreign sourcing office in Shanghai is subject to Chinese taxation. In determining our income tax

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

liability for these jurisdictions, we must monitor changes to the applicable tax laws and related regulations. While our existing corporate and financing structure have been implemented in a manner we believe is in compliance with current prevailing laws, one or more U.S. states or foreign jurisdictions could also seek to impose incremental or new taxes on us. In addition, as a result of the recent presidential and congressional elections in the United States, there could be significant changes in tax law and regulations that could result in additional federal income taxes being imposed on us. No specific tax legislation or regulations have yet been proposed and the likelihood and nature of any such legislation or regulations is uncertain. Any adverse developments in these laws or regulations, including legislative changes, judicial holdings or administrative interpretations, could have a material and adverse effect on our business, financial condition and results of operations.

Risks Related to our Reliance on Third Parties

A disruption in relationships with third parties could materially and adversely affect our business, financial condition and results of operations.

We rely on third parties to support our business, including, among other things, portions of our technology development and support and certain payment processing services. If we are unable to contract with third parties having the specialized skills needed to support those strategies or integrate their products and services with our business, if we fail to properly manage those third parties, or if they fail to meet our performance standards and expectations, including with respect to data security, then our reputation, sales, and results of operations could be adversely affected. In addition, we could face increased costs or be limited in finding replacement providers or hiring and retaining team members to provide these services in-house.

Significant failures by suppliers from whom our products are sourced and the need to transition to other qualified suppliers could materially and adversely affect our business, financial condition and results of operations.

Our business success is highly dependent on our ability to find qualified suppliers who can deliver products and services in a timely and efficient manner and in compliance with our vendor standards and all applicable laws and regulations. Many of our suppliers are small companies with limited resources that lack financial flexibility. Some of our suppliers are susceptible to cash flow issues, production difficulties, quality control issues and problems in delivering agreed-upon quantities of products or services meeting the contractual requirements, on schedule and in compliance with regulatory requirements, including those of the Consumer Product Safety Improvement Act of 2008 and state product safety laws. We may be unable, if necessary, to return products to these suppliers and obtain refunds of our purchase price or obtain reimbursement or indemnification from them if their products or services prove defective, not in compliance with contractual or regulatory requirements or in violation of third party intellectual property rights. In addition, many of our product suppliers require extensive advance notice of our requirements in order to supply products in the quantities we desire. This long lead time requires us to place orders far in advance of the time when certain products will be offered for sale, exposing us to shifts in demand. In addition, some of our suppliers may be unable to withstand a downturn in economic conditions. The inability of key suppliers to access financing, or their insolvency, could lead to their failure to deliver merchandise or services. If we are unable to procure products and services when needed, our sales and cash flows could be negatively impacted. Significant failures on the part of our key suppliers could have a material and adverse effect on our business, financial condition and results of operations.

The products we sell are sourced from a wide variety of domestic and international vendors. Global sourcing has become an increasingly important part of our business, as we have undertaken efforts to increase the amount of product we source directly from overseas manufacturers who may be new to our supplier network. Our ability to find qualified suppliers who meet our standards and supply products in a timely and efficient manner could be a significant challenge, especially with respect to goods sourced from outside the United States. Any issues related to transitioning suppliers or delays in identifying suppliers from additional countries to execute our global sourcing strategy could materially and adversely affect our revenue and gross profit.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

Product recalls and/or product liability, as well as changes in product safety and other consumer protection laws, may materially and adversely affect our business, financial condition and results of operations.

We are subject to regulations by a variety of federal, state and international regulatory authorities, including the Consumer Product Safety Commission. As of October 31, 2020, we were utilizing approximately 680 merchandise suppliers. Since a majority of our merchandise is manufactured in foreign countries, one or more of our vendors may not adhere to product safety requirements or our quality control standards, and we may not identify the deficiency before merchandise ships to our locations. Any issues of product safety, including but not limited to those manufactured in foreign countries, could cause us to recall some of those products. If our vendors fail to manufacture or import merchandise that adheres to our quality control standards, our reputation and brands could be damaged, potentially leading to increases in customer litigation against us. Furthermore, to the extent we are unable to replace any recalled products, we may have to reduce our merchandise offerings, resulting in a decrease in sales, especially if a recall occurs near or during a seasonal period. If our vendors are unable or unwilling to recall products failing to meet our quality standards, we may be required to recall those products at a substantial cost to us. Moreover, changes in product safety or other consumer protection laws could lead to increased costs to us for certain merchandise, or additional labor costs associated with readying merchandise for sale. Long lead times on merchandise ordering cycles increase the difficulty for us to plan and prepare for potential changes to applicable laws.

Risks Related to our Capital Structure, Indebtedness and Capital Requirements

We may face risks related to our indebtedness, which included \$929.7 million of outstanding debt as of October 31, 2020.

Our indebtedness and lease obligations could adversely affect our ability to raise additional capital to fund our operations, limit our flexibility in operating our business, expose us to interest rate risk to the extent of our variable rate debt and prevent us from meeting our obligations under the debt instruments. We had \$929.7 million in debt outstanding as of October 31, 2020. We also had \$159.4 million available for borrowing under our ABL Facility, before giving effect to the amendment and restatement of our ABL Facility on November 25, 2020. In addition, in July 2018, we executed an interest rate cap agreement, which, as of October 31, 2020, applied to an aggregate notional value of \$682.9 million of our term debt, which is intended to mitigate interest rate risk associated with future changes in interest rates for borrowings on our term loans. Regardless of our attempts to mitigate our exposure to interest rate fluctuations through the interest rate cap agreement, we still have exposure for the uncapped amounts under the term loans, which remain subject to a variable interest rate. As a result, an increase in interest rates could result in a substantial increase in interest expense. In fiscal year 2020, our total interest expense was \$101.9 million and in the thirty-nine weeks ended October 31, 2020, our total interest expense was \$55.0 million.

Our indebtedness and lease obligations could have important consequences to us, including:

- limiting our ability to obtain additional financing for working capital, capital expenditures, debt service requirements, acquisitions, investments and general corporate or other purposes;
- limiting our ability to adjust to changing market conditions and placing us at a competitive disadvantage compared to our competitors that are less leveraged;
- increasing our vulnerability to general economic and industry conditions;
- exposing us to the risk of increased interest rates as the borrowings under our Credit Facilities are at variable rates of interest;
- requiring a portion of cash flow from operations to be dedicated to the payment of principal and interest on our indebtedness, thereby reducing our ability to use our cash flow to fund our operations, capital expenditures and future business opportunities; and

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

- making it more difficult for us to satisfy our obligations with respect to our debt, and any failure to comply with the obligations under our debt instruments, including restrictive covenants, could result in an event of default under the agreements governing our indebtedness.

The occurrence of any one of these events could have an adverse effect on our business, financial condition, results of operations and ability to satisfy our obligations under our indebtedness. In addition, we may incur additional indebtedness in the future, subject to the terms of our Credit Facilities, which could magnify the risks that we currently face.

The terms of our Credit Facilities impose operating and financial restrictions on us that may impair our ability to respond to changing barriers and economic conditions.

The agreements governing our Credit Facilities contain a number of restrictive covenants imposing significant operating and financial restrictions on us, including restrictions that may limit our ability to:

- pay dividends on, repurchase, or make distributions in respect of our capital stock or make other restricted payments;
- incur additional indebtedness or issue certain disqualified stock and preferred stock;
- create liens;
- make investments, loans and advances;
- consolidate, merge, sell or otherwise dispose of all or substantially all of our assets;
- enter into certain transactions with our affiliates;
- prepay certain junior indebtedness;
- make certain changes to our lines of business; and
- designate our subsidiaries as unrestricted subsidiaries.

In addition, the credit agreement governing our ABL Facility requires that we maintain a minimum fixed charge coverage ratio if excess availability is less than a specified percentage of the lesser of (i) the borrowing base and (ii) our maximum revolving commitments at any time. Our ability to meet this requirement can be affected by events beyond our control, and we may not be able to meet this ratio. A breach of any of these covenants could result in an event of default under our Credit Facilities and/or other agreements containing cross-default provisions, which could result in our lenders accelerating our debt by declaring amounts outstanding under our debt instruments, including accrued interest, to be immediately due and payable. If we are unable to pay those amounts, the lenders under our Credit Facilities could proceed against the collateral granted to them to the extent such collateral secures such indebtedness. We may not be able to generate sufficient cash to service our indebtedness or satisfy our obligations upon an event of default, and may not be able to refinance any of our indebtedness on commercially reasonable terms or at all.

In addition, our variable rate indebtedness may use LIBOR as a benchmark for establishing the interest rate applicable to the indebtedness. LIBOR is the subject of recent national, international and other regulatory guidance and proposals for reform. On July 27, 2017, the Financial Conduct Authority (the authority that regulates LIBOR) announced that it intends to stop compelling banks to submit rates for the calculation of LIBOR after 2021. It is unclear whether new methods of calculating LIBOR will be established such that it continues to exist after 2021. The Alternative Reference Rates Committee has proposed the Secured Overnight

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

Financing Rate, or SOFR, as its recommended alternative to LIBOR, and the Federal Reserve Bank of New York began publishing SOFR rates in April 2018. SOFR is intended to be a broad measure of the cost of borrowing cash overnight collateralized by U.S. Treasury securities. It is unknown whether SOFR or any potential alternative reference rate will attain market acceptance as replacements for LIBOR and, as such, the potential effect on our results from operations is unknown.

We may require additional capital to meet our financial obligations and support business growth, and this capital may not be available on acceptable terms or at all.

Based on our current plans and market conditions, we believe that cash flows generated from our operations and borrowing capacity under our Credit Facilities will be sufficient to satisfy our anticipated cash requirements in the ordinary course of business for the foreseeable future. However, we intend to continue to make significant investments to support our business growth and may require additional funds to respond to business challenges. Accordingly, we may need to engage in equity or debt financings in addition to our Credit Facilities to secure additional funds. If we raise additional funds through future issuances of equity or convertible debt securities, our existing shareholders could suffer significant dilution, and any new equity securities we issue could have rights, preferences and privileges superior to those of holders of our common stock. Any debt financing we secure in the future could include restrictive covenants relating to our capital raising activities and other financial and operational matters, which may make it more difficult for us to obtain additional capital and to pursue business opportunities, including potential acquisitions. We may not be able to obtain additional financing on terms favorable to us, if at all. If we are unable to obtain adequate financing or financing on terms satisfactory to us when we require it, our ability to continue to support our business growth and to respond to business challenges could be significantly impaired, and our business may be harmed.

We are a holding company with no operations of our own, and we depend on our subsidiaries for cash.

We are a holding company and do not have any material assets or operations other than ownership of equity interests of our subsidiaries. Our operations are conducted almost entirely through our subsidiaries, and our ability to generate cash to meet our obligations or to pay dividends, if any, is highly dependent on the earnings of, and receipt of funds from, our subsidiaries through dividends or intercompany loans. The ability of our subsidiaries to generate sufficient cash flow from operations to allow us and them to make scheduled payments on our debt obligations will depend on their future financial performance, which will be affected by a range of economic, competitive and business factors, many of which are outside of our control.

Risks Related to Intellectual Property, Information Technology and Data Privacy

If we are unable to adequately protect our intellectual property rights, our business, financial condition and results of operations may be materially and adversely affected.

Our success depends in large part on our brand image and our ability to build and maintain brand loyalty. Our company's name, logo, domain name and our proprietary brands and our registered and unregistered trademarks are valuable assets that serve to differentiate us from our competitors. We currently rely on a combination of trademark, trade dress, patent, copyright and unfair competition laws to establish and protect our intellectual property rights. We cannot assure you that the steps taken by us to protect our proprietary rights will be adequate to prevent infringement of our trademarks and other proprietary rights by others, including imitation and misappropriation of our brand. We cannot assure you that obstacles related to securing additional intellectual property rights will not arise as we expand our products and geographic scope. The unauthorized use or misappropriation of our intellectual property could damage our brand identity and the goodwill we have created for our company, which could cause our sales to decline. We cannot guarantee that the operation of our business does not, and will not in the future, infringe or violate the rights of third parties. Litigation may be necessary to protect or enforce our intellectual property rights, or to defend against third party claims. Any such litigation, regardless of merit, is inherently uncertain and could be time-consuming and result in substantial costs and

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

diversion of our resources, causing a material and adverse effect on our business, financial condition and results of operations. If we cannot protect our intellectual property rights, our brand identity and the goodwill we created for our company may diminish, causing our sales to decline. If we are found to infringe or violate the rights of a third party, we may be forced to stop offering, or to redesign, certain products or services, to pay damages or royalties, and to enter into licensing agreements, which may not be available on commercially reasonable terms, or at all.

Most of our intellectual property has not been registered outside of the United States and we cannot always prohibit other companies from using our unregistered trademarks in foreign countries. Use of our trademarks in foreign countries by others could materially and adversely affect our identity in the United States and cause our sales to decline.

Failure to adequately maintain the security of and prevent unauthorized access to our electronic and other confidential information, including customer and team member personal information, could materially and adversely affect our business, financial condition and results of operations.

We are dependent upon automated information technology processes, and a large portion of our business operations is conducted electronically, increasing the risk of interception or attack that could cause loss or misuses of data, system failure or disruption of operations. As part of our normal business activities, we collect and store certain confidential information, including personal information with respect to customers and team members. We share some of this information with vendors who assist us with certain aspects of our business. Moreover, the success of our e-commerce operations depends upon the secure transmission of confidential and personal data over public networks, including the use of cashless payments. We and/or our third-party vendors, some of our competitors and other companies have in the past experienced data security breaches involving team member and customer personal and financial information, including fraudulent activity on payment cards, and we could suffer a similar attack in the future. In addition, hardware, software or applications we develop or procure from third parties may contain defects in design or manufacture or other problems that could unexpectedly compromise information security. Improper activities by unauthorized third parties, unidentified security vulnerabilities within applications or platforms we utilize, exploitation of encryption technology, new data-hacking tools and discoveries and other events or developments may result in a future compromise or breach of our networks, or those of third parties with whom we do business, payment card terminals or other payment systems. The techniques used by criminals to obtain unauthorized access to systems or sensitive data change frequently and often are not recognized until after being launched against a target, and accordingly, we may be unable to anticipate these techniques or implement adequate preventative measures and there may be a significant delay between the initiation of an attack on our systems and our recognition of the attack. New or changing risk profiles related to data security could require that we expend significant additional resources to enhance our information security systems.

Any failure on the part of us or our vendors to maintain the security of our confidential data and our team members' and customers' personal information, including via the penetration of our network and the misappropriation of confidential and personal information, could result in business disruption, theft of funds and other monetary loss, weaker than expected sales, significant negative media attention, damage to our reputation, financial obligations to third parties, fines, penalties, regulatory proceedings and private litigation with potentially large costs, and also could result in deterioration in our team members' and customers' trust and confidence in us and other competitive disadvantages, and thus have a material and adverse impact on us. Investigations into a data breach, including how it occurred, its consequences and our responses, by state and federal agencies would possibly lead to fines, other monetary relief and/or injunctive relief that could materially increase our data security costs, adversely impact how we operate our information systems and collect and use customer information, and put us at a competitive disadvantage with other retailers. Furthermore, payment card networks with payment cards impacted by a data breach may pursue claims against us, either directly or through our acquiring banks.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

In addition, while we currently qualify for self-assessment of compliance with the Payment Card Industry Data Security Standard, or PCI DSS, a failure to maintain our PCI DSS certification could result in our inability to accept credit and debit card payments or subject us to penalties and thus could have a material and adverse effect on our business, financial condition and results of operations.

Intentional or accidental disruptions to our information systems, including our mobile application and primary e-commerce website, or our failure to adequately support, maintain, secure and upgrade these systems could materially and adversely affect our business, financial condition and results of operations.

We depend on a variety of information systems for the efficient functioning of our business and rely on continued and unimpeded access to the internet and we have in the past experienced disruptions of these information systems, resulting in disruptions to our business including the ability for customers to transact on our website and in our locations. We are heavily dependent upon our mobile application as a means of generating online and in-store sales, along with growing customer engagement and perception of our brand. Our mobile application is hosted by a third party and supported by another outside development firm. In addition, *joann.com*, our website platform, is operated using a software-as-a-service, or SaaS, model provided to us by an independent third party. We also rely on our order management system, which is provided by a third party, to route all of our e-commerce orders for proper fulfillment. Any failures or interruption of our mobile application, website or order management system, or incidents or failures experienced by our third party service providers, could harm our ability to serve our customers through these channels, which could adversely affect our business and operating results.

In addition, we rely on our information systems to effectively process transactions, manage inventory and purchase, sell and ship goods on a timely basis. We also rely on measures designed into these systems to manage and maintain the privacy of customer, vendor and other third party data, summarize and analyze results and maintain cost-efficient operations. Intentional or accidental disruptions to our information systems or our failure to adequately support, maintain and upgrade these systems could harm sales and have a material and adverse impact on us. To the extent we have implemented and continue to implement SaaS solutions and run applications on infrastructure hosted by third parties in the future, we will be subject to increased reliance on external partners and unique risks related to change management and loss of data.

Any material disruption or slowdown of our systems could, among other things, cause information to become lost or inaccurate, cause delays or other problems for our internal operations and customers and generate negative publicity. We may experience operational problems with our information systems as a result of power outages, computer and telecommunication failures, database corruption, denial-of-service attacks, viruses and other malicious software programs, security breaches, natural disasters, cyber-attacks, acts of war and terrorist and criminal activities, employee usage errors or other causes. Cyber incidents may result in loss of sensitive data, intellectual property or funds. Techniques used to obtain unauthorized access, disable or degrade service, or sabotage systems change frequently and may not immediately produce signs of intrusion, therefore, we may be unable to implement adequate preventive measures. If our computer systems are damaged or cease to function properly, we may have to make a significant investment to recover, fix or replace them or to increase our cyber security protections, and we may suffer interruptions in our operations in the interim, damage to our reputation, legal and financial exposure and potentially a material and adverse effect on us. In addition, such interruptions could negatively impact customer experience and customer confidence. We also rely heavily on our information technology staff. Our inability to meet staffing needs could adversely impact our technology and business initiatives and maintenance on existing systems, which could have a material and adverse effect on our business, financial condition and results of operations.

We are subject to payment-related risks.

We accept payments using a variety of methods, including cash, check, credit card, debit card, gift cards and direct debit from a customer's bank account. For existing and future payment options that we offer to our

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

customers, we may become subject to additional regulations and compliance requirements (including obligations to implement enhanced authentication processes that could result in significant costs and reduce the ease of use of our payment options), as well as fraud. For certain payment methods, including credit and debit cards, we pay interchange and other fees, which may increase over time and raise our operating costs and lower profitability. We rely on third parties to provide certain payment processing services, including the processing of credit cards, debit cards, electronic checks and gift cards. In each case, it could disrupt our business if these companies become unwilling or unable to provide these services to us. We also are subject to payment card association operating rules, including data security rules, certification requirements and rules governing electronic funds transfers, which could change or be reinterpreted to make it difficult or impossible for us to comply. If we fail to comply with these rules or requirements, or if our data security systems are breached or compromised, we may be liable for card-issuing banks' costs, subject to fines and higher transaction fees, and lose our ability to accept credit and debit card payments from our customers, process electronic funds transfers or facilitate other types of online payments and our business, financial condition and operating results could be materially and adversely affected.

Risks Related to our Common Stock and this Offering

We cannot predict the extent to which investor interest in us will lead to the development of a trading market on _____, or otherwise or how active and liquid that market may come to be. If an active trading market does not develop, you may have difficulty selling any of the common stock that you buy.

Negotiations between us, the Selling Shareholders and the underwriters will determine the initial public offering price for our common stock, which may not be indicative of prices that will prevail in the open market following this offering. Consequently, you may not be able to sell our common stock at prices equal to or greater than the price you paid in this offering. The market price of our common stock may be influenced by many factors including:

- variations in our operating results compared to market expectations or any guidance given by us, or changes in our guidance or guidance practices;
- changes in the preferences of our customers;
- low total comparable sales growth and gross margins compared to market expectations;
- delays in the planned execution of our refresh and assortment optimization projects and other key strategic initiatives;
- the failure of securities analysts to cover us after this offering or changes in financial estimates by the analysts who cover us, our competitors or the retail industry in general;
- economic, legal and regulatory factors unrelated to our performance;
- changes in consumer spending or the economy;
- increased competition or stock price performance of our competitors;
- announcements by us or our competitors of new locations, capacity changes, strategic investments or acquisitions;

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

- actual or anticipated variations in our or our competitors' operating results, and our competitors' growth rates;
- future sales of our common stock or the perception that such sales may occur;
- changes in senior management or key personnel;
- changes in laws or regulations, or new interpretations or applications of laws and regulations that are applicable to our business;
- lawsuits, enforcement actions and other claims by third parties or governmental authorities;
- action by institutional shareholders or other large shareholders;
- events beyond our control, such as war, terrorist attacks, transportation and fuel prices, natural disasters, severe weather and widespread illness or pandemics, including developments relating to the COVID-19 pandemic; and
- the other factors listed in this "Risk Factors" section.

As a result of these factors, investors in our common stock may not be able to resell their shares at or above the initial offering price. In addition, our stock price may be volatile. The stock market in general has experienced extreme price and volume fluctuations that have often been unrelated or disproportionate to the operating performance of companies like us. Accordingly, these broad market fluctuations, as well as general economic, political and market conditions, such as recessions or interest rate changes, may significantly reduce the market price of the common stock, regardless of our operating performance. In the past, following periods of market volatility, shareholders have instituted securities class action litigation. If we were to become involved in securities litigation, it could result in substantial costs and divert resources and our management's attention from other business concerns, regardless of the outcome of such litigation.

Because LGP owns a significant percentage of our common stock, it may control all major corporate decisions and its interests may conflict with your interests as an owner of our common stock and our interests.

We are controlled by LGP, which currently owns % of our common stock and will own approximately % after the consummation of this offering. Accordingly, LGP currently controls the election of our directors and could exercise a controlling interest over our business, affairs and policies, including the appointment of our management and the entering into of business combinations or dispositions and other corporate transactions. Pursuant to the Shareholders Agreement, LGP will be entitled to designate individuals to be included in the slate of nominees recommended by our board of directors for election to our board of directors. So long as LGP owns, in the aggregate, (i) at least % of the total outstanding shares of our common stock owned by it immediately following the consummation of this offering (including any shares that may be sold pursuant to the exercise by the underwriters of their option to purchase additional shares), LGP will be entitled to nominate directors, (ii) less than %, but at least % of the total outstanding shares of our common stock owned by it immediately following the consummation of this offering (including any shares that may be sold pursuant to the exercise by the underwriters of their option to purchase additional shares), it will be entitled to nominate directors, (iii) less than % but at least % of the total outstanding shares of our common stock owned by it immediately following the consummation of this offering (including any shares that may be sold pursuant to the exercise by the underwriters of their option to purchase additional shares), it will be entitled to nominate directors, (iv) less than %, but at least % of the total outstanding shares of our common stock owned by it immediately following the consummation of this offering (including any shares that may be sold pursuant to the exercise by the underwriters of their option to purchase additional shares), it will be entitled to nominate directors, (v) less than %, but at least % of the total outstanding shares of

PURSUANT TO 17 CFR 200.83**

our common stock owned by it immediately following the consummation of this offering (including any shares that may be sold pursuant to the exercise by the underwriters of their option to purchase additional shares), it will be entitled to nominate _____ directors and (vi) less than _____ % of the total outstanding shares of our common stock owned by it immediately following the consummation of this offering, it will not be entitled to nominate a director. See “Certain Relationships and Related Party Transactions—Shareholders Agreement.” The directors LGP elects have the authority to incur additional debt, issue or repurchase stock, declare dividends and make other decisions that could be detrimental to shareholders. Even if LGP were to own or control less than a majority of our total outstanding shares of common stock, it will be able to influence the outcome of corporate actions so long as it owns a significant portion of our total outstanding shares of common stock.

LGP may have interests that are different from yours and may vote in a way with which you disagree and that may be adverse to your interests. In addition, LGP’s concentration of ownership could have the effect of delaying or preventing a change in control or otherwise discouraging a potential acquirer from attempting to obtain control of us, which could cause the market price of our common stock to decline or prevent our shareholders from realizing a premium over the market price for their common stock.

Additionally, LGP is in the business of making investments in companies and may from time to time acquire and hold interests in businesses that compete directly or indirectly with us or supply us with goods and services. LGP may also pursue acquisition opportunities that may be complementary to our business and, as a result, those acquisition opportunities may not be available to us. Shareholders should consider that the interests of LGP may differ from their interests in material respects.

We are a “controlled company” within the meaning of the _____ rules and, as a result, will qualify for, and may rely on, exemptions from certain corporate governance requirements.

Following the consummation of this offering, LGP will continue to control a majority of our outstanding common stock. As a result, we expect to be a “controlled company” within the meaning of _____ corporate governance standards. A company of which more than 50% of the voting power is held by an individual, a group or another company is a “controlled company” within the meaning of _____ rules and may elect not to comply with certain corporate governance requirements of _____, including:

- the requirement that a majority of our board of directors consist of independent directors;
- the requirement that we have a nominating/corporate governance committee that is comprised entirely of independent directors with a written charter addressing the committee’s purpose and responsibilities;
- the requirement that we have a compensation committee that is comprised entirely of independent directors with a written charter addressing the committee’s purpose and responsibilities; and
- the requirement for an annual performance evaluation of the nominating and corporate governance and compensation committees.

Following this offering, we intend to rely on all of the exemptions listed above. If we do utilize the exemptions, we will not have a majority of independent directors and our nominating and corporate governance and compensation committees will not consist entirely of independent directors. As a result, our board of directors and those committees may have more directors who do not meet _____’s independence standards than they would if those standards were to apply. The independence standards are intended to ensure that directors who meet those standards are free of any conflicting interest that could influence their actions as directors. Accordingly, you will not have the same protections afforded to shareholders of companies that are subject to all of the corporate governance requirements of the _____.

Sales of a substantial number of shares of our common stock in the public market by our existing shareholders could cause our stock price to fall.

Sales of a substantial number of shares of our common stock in the public market or the perception that these sales might occur, could depress the market price of our common stock and could impair our ability to raise capital through the sale of additional equity securities. Substantially all of our existing shareholders are subject to lock-up agreements with the underwriters of this offering that restrict the shareholders' ability to transfer shares of our common stock for _____ days from the date of this prospectus, subject to certain exceptions. The lock-up agreements limit the number of shares of common stock that may be sold immediately following the public offering. After this offering, we will have _____ outstanding shares of common stock based on the number of shares outstanding as of _____, 2021. Subject to limitations, _____ shares will become eligible for sale upon expiration of the lock-up period, as calculated and described in more detail in the section entitled "Shares Eligible for Future Sale." In addition, _____ shares issued or issuable upon exercise of options vested as of the expiration of the lock-up period will be eligible for sale at that time. Further, the representatives of the underwriters may, in their sole discretion, release all or some portion of the shares subject to the lock-up agreements at any time and for any reason. See "Shares Eligible for Future Sale" for more information. Sales of a substantial number of such shares upon expiration of the lock-up agreements, the perception that such sales may occur, or early release of these agreements, could have a material and adverse effect on the trading price of our common stock.

Moreover, after this offering, holders of _____ % of our outstanding common stock will have rights, subject to certain conditions such as the _____-day lock-up arrangement described above, to require us to file registration statements for the public sale of their shares or to include their shares in registration statements that we may file for ourselves or other shareholders. Registration of these shares under the Securities Act, except for shares held by our affiliates as defined in Rule 144 under the Securities Act. Any sales of securities by these shareholders could have a material and adverse effect on the trading price of our common stock.

You will incur immediate dilution as a result of this offering.

If you purchase common stock in this offering, you will pay more for your shares than the amounts paid by existing shareholders for their shares. As a result, you will incur immediate dilution of \$ _____ per share, representing the difference between the assumed initial public offering price of \$ _____ per share (the midpoint of the estimated initial public offering price range set forth on the cover of this prospectus) and our as adjusted net tangible book value (deficit) per share after giving effect to this offering. See "Dilution."

We may allocate the net proceeds from this offering in ways that you and other shareholders may not approve.

Our management will have broad discretion in the application of the net proceeds from this offering, including for any of the purposes described in the section titled "Use of Proceeds." Because of the number and variability of factors that will determine our use of the net proceeds from this offering, their ultimate use may vary substantially from their currently intended use. Our management might not apply our net proceeds in ways that ultimately increase the value of your investment, and the failure by our management to apply these funds effectively could harm our business. Pending their use, we may invest the net proceeds from this offering in short- and intermediate-term, interest-bearing obligations, investment-grade instruments, certificates of deposit or direct or guaranteed obligations of the U.S. government. These investments may not yield a favorable return to our shareholders. If we do not invest or apply the net proceeds from this offering in ways that enhance shareholder value, we may fail to achieve expected results, which could cause our stock price to decline.

Because our executive officers hold or may hold restricted shares or option awards that will vest upon a change of control, these officers may have interests in us that conflict with yours.

Our executive officers hold or may hold restricted shares and options to purchase shares that would automatically vest upon a change of control. As a result, these officers may view certain change of control

transactions more favorably than an investor due to the vesting opportunities available to them and, as a result, may have an economic incentive to support a transaction that may not be viewed as favorable by other shareholders.

We may change our dividend policy at any time.

Although following this offering we initially expect to pay quarterly dividends to holders of our common stock, we have no obligation to pay any dividend, and our dividend policy may change at any time without notice. The declaration and amount of any future dividends is subject to the discretion of our board of directors in determining whether dividends are in the best interest of our shareholders based on our financial performance and other factors and are in compliance with all laws and agreements applicable to the declaration and payment of cash dividends by us. In addition, our ability to pay dividends on our common stock is currently limited by the covenants of our Credit Facilities and may be further restricted by the terms of any future debt or preferred securities. See “Dividend Policy” and Note 2 to our audited financial statements and Note 2 to our unaudited financial statements included elsewhere in this prospectus. Future dividends may also be affected by factors that our board of directors deems relevant, including our potential future capital requirements for investments, legal risks, changes in federal and state income tax laws or corporate laws and contractual restrictions such as financial or operating covenants in our debt arrangements. As a result, there can be no assurance that we will not need to reduce or eliminate the payment of dividends on our common stock in the future, and any return on investment in our common stock may be solely dependent upon the appreciation of the price of our common stock on the open market, which may not occur.

Some provisions of our charter documents and Delaware law may have anti-takeover effects that could discourage an acquisition of us by others, even if an acquisition would be beneficial to our shareholders, and may prevent attempts by our shareholders to replace or remove our current management.

Provisions in our amended and restated certificate of incorporation and our amended and restated bylaws, as well as provisions of the DGCL could make it more difficult for a third party to acquire us or increase the cost of acquiring us, even if doing so would benefit our shareholders, including transactions in which shareholders might otherwise receive a premium for their shares. These provisions include:

- establishing a classified board of directors such that not all members of the board are elected at one time;
- allowing the total number of directors to be determined exclusively (subject to the rights of holders of any series of preferred stock to elect additional directors) by resolution of our board of directors and granting to our board the sole power (subject to the rights of holders of any series of preferred stock or rights granted pursuant to the shareholders’ agreement) to fill any vacancy on the board;
- providing that our stockholders may remove members of our board of directors only for cause and only by the affirmative vote of the holders of at least two-thirds of the voting power of our then-outstanding stock, following such time as LGP ceases to own, or no longer has the right to direct the vote of, at least 50% of the voting power of our common stock;
- authorizing the issuance of “blank check” preferred stock by our board of directors, without further shareholder approval, to thwart a takeover attempt;
- prohibiting shareholder action by written consent (and, thus, requiring that all shareholder actions be taken at a meeting of our shareholders), if LGP ceases to own, or no longer has the right to direct the vote of, at least 50% of the voting power of our common stock;
- eliminating the ability of shareholders to call a special meeting of shareholders, except for LGP, so long as LGP owns, or has the right to direct the vote of, at least 50% of the voting power of our common stock;

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

- establishing advance notice requirements for nominations for election to the board of directors or for proposing matters that can be acted upon at annual shareholder meetings; and
- requiring the approval of the holders of at least two-thirds of the voting power of all outstanding stock entitled to vote thereon, voting together as a single class, to amend or repeal our certificate of incorporation or bylaws if LGP ceases to own, or no longer has the right to direct the vote of, at least 50% of the voting power of our common stock.

In addition, while we have opted out of Section 203 of the DGCL, our amended and restated certificate of incorporation contains similar provisions providing that we may not engage in certain “business combinations” with any “interested stockholder” for a three-year period following the time that the shareholder became an interested stockholder, unless:

- prior to such time, our board of directors approved either the business combination or the transaction that resulted in the shareholder becoming an interested stockholder;
- upon consummation of the transaction that resulted in the shareholder becoming an interested stockholder, the interested stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced, excluding certain shares; or
- at or subsequent to that time, the business combination is approved by our board of directors and by the affirmative vote of holders of at least two-thirds of our outstanding voting stock that is not owned by the interested stockholder.

Generally, a “business combination” includes a merger, asset or stock sale or other transaction provided for or through us resulting in a financial benefit to the interested stockholder. Subject to certain exceptions, an “interested stockholder” is a person who owns 15% or more of our outstanding voting stock and the affiliates and associates of such person. For purposes of this provision, “voting stock” means any class or series of stock entitled to vote generally in the election of directors. Our amended and restated certificate of incorporation will provide that LGP, its affiliates and any of its direct or indirect designated transferees (other than in certain market transfers and gifts) and any group of which such persons are a party do not constitute “interested stockholders” for purposes of this provision.

Under certain circumstances, this provision will make it more difficult for a person who qualifies as an “interested stockholder” to effect certain business combinations with us for a three-year period. This provision may encourage companies interested in acquiring us to negotiate in advance with our board of directors in order to avoid the shareholder approval requirement if our board of directors approves either the business combination or the transaction that results in the shareholder becoming an interested stockholder. These provisions also may have the effect of preventing changes in our board of directors and may make it more difficult to accomplish transactions that our shareholders may otherwise deem to be in their best interests. See “Description of Capital Stock.”

These anti-takeover defenses could discourage, delay or prevent a transaction involving a change in control. These provisions could also discourage proxy contests and make it more difficult for you and other shareholders to elect directors of your choosing and cause us to take corporate actions other than those you desire.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

Our amended and restated certificate of incorporation will provide that the Court of Chancery of the State of Delaware or federal district courts of the United States will be the sole and exclusive forum for certain types of lawsuits, which could limit our shareholders' abilities to obtain a favorable judicial forum for disputes with us or our directors, officers or employees.

Our amended and restated certificate of incorporation and amended and restated bylaws will require, to the fullest extent permitted by law, that (i) any derivative action or proceeding brought on our behalf, (ii) any action asserting a claim of breach of a fiduciary duty owed by any of our directors, officers, or other employees to us or our shareholders, (iii) any action asserting a claim against us arising pursuant to any provision of the DGCL or the amended and restated certificate of incorporation or the proposed bylaws, or (iv) any action asserting a claim against us governed by the internal affairs doctrine will have to be brought only in the Court of Chancery in the State of Delaware (or the federal district court for the District of Delaware or other state courts of the State of Delaware if the Court of Chancery in the State of Delaware does not have jurisdiction). The amended and restated certificate of incorporation and amended and restated bylaws will also require that the federal district courts of the United States of America will be the exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act; however, there is uncertainty as to whether a court would enforce such provision, and investors cannot waive compliance with federal securities laws and the rules and regulations thereunder. Although we believe these provisions benefit us by providing increased consistency in the application of applicable law in the types of lawsuits to which they apply, the provisions may have the effect of discouraging lawsuits against our directors and officers. These provisions would not apply to any suits brought to enforce any liability or duty created by the Exchange Act or any other claim for which the federal courts of the United States have exclusive jurisdiction.

General Risks

Our business, financial condition and results of operations may be materially and adversely affected by various litigation and regulatory proceedings.

We are subject to litigation and regulatory proceedings in the normal course of business and could become subject to additional claims in the future. These proceedings have included, and in the future may include, matters involving personnel and employment issues, workers' compensation, personal and property injury, disputes relating to acquisitions, governmental investigations and other proceedings. Some historical and current legal proceedings and future legal proceedings may purport to be brought as class actions on behalf of similarly situated parties including with respect to employment-related matters. We cannot be certain of the ultimate outcomes of any such claims, and resolution of these types of matters against us may result in significant fines, judgments or settlements, which, if uninsured, or if the fines, judgments and settlements exceed insured levels, could materially and adversely affect our business, financial condition and results of operations.

Inadequacy of our insurance coverage could have a material and adverse effect on our business, financial condition and results of operations.

We maintain third party insurance coverage against various liability risks and risks of property loss, including data security breach and directors' and officers' liability insurance coverage. Potential liabilities associated with those risks or other events could exceed the coverage provided by such arrangements resulting in significant uninsured liabilities, which could have a material and adverse effect on our business, financial condition and results of operations.

If securities or industry analysts do not publish or cease publishing research or reports about us, or if they issue unfavorable commentary about us or our industry or downgrade our common stock, the price of our common stock could decline.

The trading market for our common stock will depend in part on the research and reports that third-party securities analysts publish about us and our industry. One or more analysts could downgrade our common stock

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

or issue other negative commentary about us or our industry. In addition, we may be unable or slow to attract research coverage. Alternatively, if one or more of these analysts cease coverage of us, we could lose visibility in the market. As a result of one or more of these factors, the trading price of our common stock could decline.

Becoming a public company will increase our compliance costs significantly and require the expansion and enhancement of a variety of financial and management control systems and infrastructure and the hiring of significant additional qualified personnel.

Prior to this offering, we have not been subject to the reporting requirements of the Exchange Act, or the other rules and regulations of the SEC, or any securities exchange relating to public companies. We are working with our legal, independent accounting and financial advisors to identify those areas in which changes should be made to our financial and management control systems to manage our growth and our obligations as a public company. These areas include financial planning and analysis, tax, corporate governance, accounting policies and procedures, internal controls, internal audit, disclosure controls and procedures and financial reporting and accounting systems. We have made, and will continue to make, significant changes in these and other areas. However, the expenses that will be required in order to adequately prepare for being a public company could be material. Compliance with the various reporting and other requirements applicable to public companies will also require considerable time and attention of management and will also require us to successfully hire and integrate a significant number of additional qualified personnel into our existing finance, legal, human resources and operations departments.

We will be exposed to risks relating to evaluations of controls required by Section 404 of the Sarbanes-Oxley Act.

We are in the process of evaluating our internal controls systems to allow management to report on, and our independent registered public accounting firm to audit, our internal controls over financial reporting. We will be performing the system and process evaluation and testing (and any necessary remediation) required to comply with the management certification and, if required, the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act. We will be required to comply with Section 404 in full (including an auditor attestation on management's internal controls report) in our annual report on Form 10-K for the year following our first annual report required to be filed with the SEC (subject to any change in applicable SEC rules). Furthermore, upon completion of this process, we may identify control deficiencies of varying degrees of severity under applicable SEC and PCAOB rules and regulations that require remediation. As a public company, we will be required to report, among other things, control deficiencies that constitute a "material weakness" or changes in internal controls that, or that are reasonably likely to, materially affect internal controls over financial reporting. A "material weakness" is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of our annual or interim financial statements will not be prevented or detected on a timely basis. A "significant deficiency" is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those responsible for oversight of our financial reporting.

To comply with the requirements of being a public company, we have undertaken various actions, and may need to take additional actions, such as implementing and enhancing our internal controls and procedures and hiring additional accounting or internal audit staff. Testing and maintaining internal controls can divert our management's attention from other matters that are important to the operation of our business. Additionally, when evaluating our internal control over financial reporting, we may identify material weaknesses that we may not be able to remediate in time to meet the applicable deadline imposed upon us for compliance with the requirements of Section 404. If we identify any material weaknesses in our internal control over financial reporting or are unable to comply with the requirements of Section 404 in a timely manner or assert that our internal control over financial reporting is effective, if we are required to make restatements of our financial statements, or if our independent registered public accounting firm is unable to express an opinion as to the effectiveness of our internal control over financial reporting, investors may lose confidence in the accuracy,

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

completeness or reliability of our financial reports and the trading price of our common stock may be adversely affected, and we could become subject to sanctions or investigations by _____, the SEC or other regulatory authorities, which could require additional financial and management resources. In addition, if we fail to remedy any material weakness, our financial statements could be inaccurate and we could face restricted access to the capital markets.

If our estimates or judgments relating to our critical accounting policies are based on assumptions that change or prove to be incorrect, our results of operations could fall below our publicly announced guidance or the expectations of securities analysts and investors, resulting in a decline in the market price of our common stock.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in our financial statements and accompanying notes. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets, liabilities, equity, revenues and expenses that are not readily apparent from other sources. If our assumptions change or if actual circumstances differ from our assumptions, our results of operations may be adversely affected and could fall below our publicly announced guidance or the expectations of securities analysts and investors, resulting in a decline in the market price of our common stock.

Natural disasters, geo-political events and other highly disruptive events could materially and adversely affect our business, financial condition and results of operations.

The occurrence of one or more natural disasters, such as fires, hurricanes, tornados, tsunamis, floods and earthquakes, geo-political events, such as civil unrest in a country in which our suppliers are located or terrorist or military activities disrupting transportation, communication or utility systems or other highly disruptive events, such as nuclear accidents, public health epidemics or pandemics (such as the ongoing COVID-19 outbreak), unusual weather conditions or cyberattacks, could adversely affect our operations and financial performance. Such events could result in physical damage to or destruction or disruption of one or more of our properties (including our corporate offices, distribution centers and locations) or properties used by third parties in connection with the supply of products or services to us, the lack of an adequate workforce in parts or all of our operations, supply chain disruptions, data, utility and communications disruptions, fewer customers visiting our locations, including due to quarantines or public health crises, the inability of our customers to reach or have transportation to our locations directly affected by such events and the inability to operate our e-commerce business. In addition, these events could cause a temporary reduction in consumer sales or the ability to sell our products or could indirectly result in increases in the costs of our insurance if they result in significant loss of property or other insurable damage. These factors could also cause consumer confidence and spending to decrease or result in increased volatility in the U.S. and global financial markets and economies. Any of these developments could have a material and adverse effect on our business, financial condition and results of operations.

USE OF PROCEEDS

We estimate that the net proceeds to us from our sale of shares in this offering will be approximately \$ _____ million, based on the assumed initial public offering price of \$ _____ per share, which is the midpoint of the price range set forth on the cover page of this prospectus, and after deducting underwriting discounts and estimated offering expenses payable by us. We intend to use the net proceeds from this offering, including any net proceeds from the underwriters' exercise of the over-allotment option to purchase additional shares from us, for general corporate purposes. If the underwriters exercise their option to purchase additional shares in full, we estimate that the net proceeds to be received by us will be approximately \$ _____ million, after deducting underwriting discounts and estimated offering expenses payable by us. We will not receive any proceeds from the sale of shares of our common stock in this offering by the Selling Shareholders. We have agreed to pay the expenses of the Selling Shareholders related to this offering other than the underwriting discounts and commissions.

Each \$1.00 increase (decrease) in the assumed initial public offering price of \$ _____ per share, the midpoint of the price range set forth on the cover page of this prospectus, would increase (decrease) the net proceeds to us from this offering by approximately \$ _____, assuming the number of shares offered by us, as set forth on the cover page of this prospectus, remains the same, and after deducting underwriting discounts and estimated offering expenses payable by us. Each increase (decrease) of _____ shares in the number of shares sold in this offering, as set forth on the cover page of this prospectus, would increase (decrease) the net proceeds to us from this offering by approximately \$ _____, assuming an initial public offering price of \$ _____ per share, the midpoint of the price range set forth on the cover page of this prospectus, remains the same, and after deducting underwriting discounts and estimated offering expenses payable by us. The information discussed above is illustrative only and will adjust based on the actual initial public offering price and other terms of this offering determined at pricing.

DIVIDEND POLICY

As a public company we anticipate paying a quarterly dividend to holders of our common stock. Any determination to pay dividends in the future will be at the discretion of our board of directors and will depend upon our results of operations, cash requirements, financial condition, contractual restrictions, restrictions imposed by applicable laws and other factors that our board of directors may deem relevant. Our business is conducted through our subsidiaries. Dividends, distributions and other payments from, and cash generated by, our subsidiaries will be our principal sources of cash to repay indebtedness, fund operations and pay dividends. Accordingly, our ability to pay dividends to our shareholders is dependent on the earnings and distributions of funds from our subsidiaries. In addition, the covenants in the agreements governing our existing indebtedness, including the Credit Facilities, significantly restrict the ability of our subsidiaries to pay dividends or otherwise transfer assets to us, which in turn limits our ability to pay dividends on our common stock. Based on the status of the factors listed above, the anticipated size of our intended quarterly dividend, the current relationships with our operating subsidiaries and the status of our various operating and debt agreements, we believe that we have sufficient liquidity and authorization to be able to pay our intended dividend. See Note 2 to our audited and unaudited financial statements and “Description of Certain Indebtedness” appearing elsewhere in this prospectus, for descriptions of restrictions on our ability to pay dividends.

The information discussed below is illustrative only, and our cash and cash equivalents and capitalization following the consummation of this offering will adjust based on the actual initial public offering price and other terms of this offering determined at pricing. DILUTION

If you purchase any of the shares offered by this prospectus, you will experience dilution to the extent of the difference between the offering price per share that you pay in this offering and our as adjusted net tangible book value (deficit) per share of our common stock immediately after this offering.

Net tangible book value (deficit) is total tangible assets less total liabilities, which is not included within shareholders' equity. Tangible assets represent total assets excluding goodwill and other intangible assets. Net tangible book value (deficit) per share is determined by dividing our net tangible book value (deficit) by the aggregate number of shares of common stock outstanding.

Our net tangible book value (deficit) as of October 31, 2020 was \$(537.3) million, or \$(1,322.16) per share of common stock. Our as adjusted net tangible book value (deficit) as of October 31, 2020 was \$ million, or \$ per share of common stock.

After giving further effect to our sale of shares of common stock in this offering at an assumed initial public offering price of \$ per share, the midpoint of the price range set forth on the cover page of this prospectus, our as adjusted net tangible book value as of October 31, 2020 would have been \$ million, or \$ per share. This represents an immediate increase in as adjusted net tangible book value of \$ per share to our existing shareholders and an immediate dilution of \$ per share to new investors purchasing shares of common stock in this offering. Dilution in as adjusted net tangible book value (deficit) represents the difference between the price per share paid by investors in this offering and our net tangible book value per share of immediately after the offering.

The following table illustrates this dilution on a per share basis:

Assumed initial public offering price per share	\$
Net tangible book value (deficit) per share as of October 31, 2020 before this offering	\$
Increase in as adjusted net tangible book value per share attributable to new investors purchasing common stock in this offering	
As adjusted net tangible book value per share after this offering	
Dilution per share to new investors purchasing common stock in this offering	\$

Each \$1.00 increase (decrease) in the assumed initial offering price of \$ per share, the midpoint of the price range set forth on the cover page of this prospectus, would increase (decrease) our as adjusted net tangible book value by \$, or \$ per share, and the dilution per common share to new investors in this offering by \$ per share, assuming the number of shares offered by us, as set forth on the cover page of this prospectus, remains the same, and after deducting underwriting discounts and estimated offering expenses payable by us. An increase of shares in the number of shares of common stock offered by us, as set forth on the cover page of this prospectus, would increase the as adjusted net tangible book value per share by \$ and decrease the dilution per share to new investors by \$, assuming no change in the assumed initial public offering price and after deducting estimated underwriting discounts and estimated offering expenses payable by us. A decrease of shares in the number of shares of common stock offered by us, as set forth on the cover page of this prospectus, would decrease the as adjusted net tangible book value per share by \$ and increase the dilution per share to new investors by \$, assuming no change in the assumed initial public offering price and after deducting underwriting discounts and estimated offering expenses payable by us.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

Sales by the Selling Shareholders in this offering will reduce the number of shares held by existing shareholders to _____, or approximately _____ % of the total shares of common stock outstanding after this offering, which will increase the number of shares held by new investors to _____, or approximately _____ % of the total shares of common stock outstanding after this offering.

If the underwriters exercise their option to purchase additional shares in full, the as adjusted net tangible book value per share of our common stock after giving effect to this offering would be \$ _____ per share, and the dilution in net tangible book value per share to investors in this offering would be \$ _____ per share.

The following table summarizes, as of October 31, 2020, on an as adjusted basis, the number of shares of common stock purchased or to be purchased from us, the total consideration paid or to be paid to us and the average price per share paid by existing shareholders or to be paid by new investors purchasing shares of common stock in this offering at an assumed initial public offering price of \$ _____ per share, which is the midpoint of the price range set forth on the cover page of this prospectus, before deducting the underwriting discounts and estimated offering expenses payable by us.

	Shares Purchased		Total Consideration		Average Price Per Share
	Number	Percent	Amount	Percent	
Existing shareholders	_____	_____ %	\$ _____	_____ %	\$ _____
New investors	_____	_____ %	\$ _____	_____ %	\$ _____
Total	_____	100%	\$ _____	100%	

Each \$1.00 increase (decrease) in the assumed initial public offering price of \$ _____ per share, the midpoint of the price range set forth on the cover page of this prospectus, would increase (decrease) total consideration paid by new investors by \$ _____ million and total consideration paid by all shareholders and average price per share paid by all shareholders by \$ _____ million and \$ _____ per share, respectively, assuming the number of shares offered by us, as set forth on the cover page of this prospectus, remains the same, and after deducting underwriting discounts and estimated offering expenses payable by us. An increase (decrease) of _____ shares in the number of shares offered by us, as set forth on the cover page of this prospectus, would increase (decrease) total consideration paid by new investors by \$ _____ million and total consideration paid by all shareholders and average price per share paid by all shareholders by \$ _____ million and \$ _____ per share, respectively, assuming the assumed initial public offering price remains the same, and after deducting underwriting discounts and estimated offering expenses payable by us.

Except as otherwise indicated, the above discussion and tables assume the underwriters do not exercise their option to purchase additional shares in this offering. If the underwriters fully exercise their option to purchase _____ additional shares of our common stock from us in this offering, the as adjusted net tangible book value per share would be \$ _____ per share and the dilution to new investors in this offering would be \$ _____ per share. If the underwriters fully exercise their option, the number of shares held by new investors will increase to _____ shares of our common stock, or approximately _____ % of the total number of shares of our common stock outstanding after this offering, including the shares to be sold by the Selling Shareholders.

The number of shares of common stock to be outstanding after this offering excludes:

- 35,939.118 shares of common stock issuable upon the exercise of options outstanding under the 2012 Equity Plan as of October 31, 2020 at a weighted average exercise price of \$524.80 per share; and
- _____ additional shares of common stock reserved for future issuance under our 2021 Equity Incentive Plan, which will become effective once the registration statement of which this prospectus forms a part is declared effective.

To the extent any options are granted and exercised in the future, there may be additional economic dilution to new investors.

In addition, we may choose to raise additional capital due to market conditions or strategic considerations, even if we believe we have sufficient funds for our current or future operating plans. To the extent that we raise additional capital through the sale of equity or convertible debt securities, the issuance of these securities could result in further dilution to our shareholders.

- (a) All years include 52 weeks except for the fiscal year ended February 3, 2018, which includes 53 weeks. See "Basis of Presentation."
- (b) We define Adjusted EBITDA as net income (loss) plus income tax provision (benefit), interest expense, net, debt related (gain) loss, other income and depreciation and amortization, as further adjusted to eliminate the impact of certain non-cash items and other items that we do not consider indicative of our ongoing operating performance, including costs related to strategic initiatives, COVID-19 costs, technology development expense, stock-based compensation expense, loss on disposal and impairment of fixed and operating lease assets, goodwill and trade name impairment, sponsor management fees, location pre-opening and closing costs excluding loss on disposal of fixed assets and other one-time costs. We describe these adjustments reconciling net income (loss) to Adjusted EBITDA in the applicable table below.

We present Adjusted EBITDA, which is not a recognized financial measure under GAAP, because we believe it assists investors and analysts in comparing our operating performance across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Adjusted EBITDA, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in our presentation of Adjusted EBITDA. Our presentation of Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. There can be no assurance that we will not modify the presentation of Adjusted EBITDA following this offering, and any such modification may be material. In addition, Adjusted EBITDA may not be comparable to similarly titled measures used by other companies in our industry or across different industries.

Management believes Adjusted EBITDA is helpful in highlighting trends in our core operating performance compared to other measures, which can differ significantly depending on long-term strategic decisions regarding capital structure, the tax jurisdictions in which companies operate and capital investments. We also use Adjusted EBITDA in connection with establishing discretionary annual incentive compensation; to supplement GAAP measures of performance in the evaluation of the effectiveness of our business strategies; to make budgeting decisions; to compare our performance against that of other peer companies using similar measures; and because our Credit Facilities use measures similar to Adjusted EBITDA to measure our compliance with certain covenants.

Adjusted EBITDA has its limitations as an analytical tool, and you should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP. Some of these limitations include:

- Adjusted EBITDA does not reflect our cash expenditure or future requirements for capital expenditures or contractual commitments;
- Adjusted EBITDA does not reflect changes in our cash requirements for our working capital needs;

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

- Adjusted EBITDA does not reflect the interest expense and the cash requirements necessary to service interest or principal payments on our debt;
- Adjusted EBITDA does not reflect cash requirements for replacement of assets that are being depreciated and amortized;
- Adjusted EBITDA does not reflect non-cash compensation, which is a key element of our overall long-term compensation;
- Adjusted EBITDA does not reflect the impact of certain cash charges or cash receipts resulting from matters we do not find indicative of our ongoing operations; and
- other companies in our industry may calculate Adjusted EBITDA differently than we do.

The following is a reconciliation of our net income (loss) to Adjusted EBITDA for the periods presented:

(3) “Depreciation and amortization” represents depreciation, amortization of intangible assets, amortization of favorable and unfavorable lease rights, and amortization of content costs.

(4) “Strategic initiatives” represents non-recurring costs, such as third-party consulting costs and one-time start-up costs, that are not part of our ongoing operations and are incurred to execute differentiated, project-based strategic initiatives, including costs (i) to design a new prototype for locations, (ii) related to our efforts to initially evaluate and implement opportunities to offset the significant costs incurred due to the new U.S. tariffs on merchandise produced in China, (iii) to start up a new technology product that would traditionally be incurred by our vendors, (iv) to evaluate our opportunity in new potential lines of business, (v) to identify opportunities to diversify sourcing and reduce indirect costs, (vi) to analyze improved supply chain capabilities, and (vii) related to one-time legal and accounting fees associated with our planned initial public offering.

(5) “COVID-19 costs” represents premium pay for location team members (including cleaning and location capacity management labor), incremental seasonal clearance associated with location closures, donations for our mask making initiative and additional location cleaning supplies.

- (7) Based on our evaluation for impairment of the carrying amount of goodwill and trade name on our balance sheet, Impairment recorded was driven predominantly by the result of negative total comparable sales and declining margins, primarily resulting from the incremental U.S. tariffs on Chinese imports, along with a weaker than expected peak selling season. See Note 6—Goodwill and Other Intangible Assets to our unaudited financial statements included elsewhere in this prospectus for further details.
- (8) “Sponsor management fee” represents management fees paid to our sponsor, LGP (or advisory affiliates thereof), in accordance with our management services agreement, which will terminate upon the consummation of this offering.

Overview

JOANN is the nation's category leader in Sewing and one of the fastest growing players in the arts and crafts category. The Creative Products industry is a large and growing market, which according to a 2017 Association for Creative Industries (AFCI) study is in excess of \$40 billion. The industry is currently experiencing a significant acceleration for product demand in response to multiple secular themes, such as heightened DIY customer behavior, amplified participation from both new and existing customers and increased digital engagement, of which we are a key beneficiary because we have positioned ourselves and our go-forward strategies to capitalize on increased demand for Creative Products. As a well-established and trusted brand for over 75 years, we believe we have a deep understanding of our customers, what inspires their creativity and what fuels their incredibly diverse projects. Since 2016, we have embarked on a strategy to transform JOANN, which has helped us pivot from a traditional retailer to a fully-integrated, digitally-connected provider of Creative Products.

As the nation's category leader in Sewing with approximately one-third market share, based on our internal research estimates of market share of the Creative Products industry that primarily consist of an annual survey of Creative Product consumers as of July 31, 2020, we believe we offer the broadest selection of products while being committed to providing the most inspiration, helpful service and education to our customers. While we continue to gain market share and solidify this leadership position in Sewing, which represented 49% of our total net sales in the last twelve months ended October 31, 2020, we have also been growing share and believe we have further significant share opportunity in the arts and crafts category. We are well-positioned in the marketplace and have multiple competitive advantages, including our broad assortment, established omni-channel platform, multi-faceted digital interface with customers and skilled and knowledgeable team members. We offer an extensive assortment, which at its peak, averages more than 95,000 SKUs in stores and over 245,000 SKUs online, across Creative Product categories. Over 50% of our in-store net sales cannot be directly comparison-shopped because of our strong and growing own-brand portfolio, including our copyrighted or proprietary fabric patterns and designs and factory direct relationships. We have expanded access to this broad assortment through e-commerce and digital capabilities that complement our physical network, drive customer engagement and deliver an exceptional customer experience while supporting consistently strong gross margins. Through our omni-channel platform, we serve our customers in a differentiated manner by offering several

convenient fulfillment options, including BOPIS, curbside pick-up and ship-to-home offerings. Our omni-channel platform operates at a large scale, having generated \$423 million in net sales in the twelve months ended October 31, 2020, including \$376 million in net sales in the thirty-nine weeks ended October 31, 2020 and following \$126 million, \$103 million and \$87 million in net sales in fiscal years 2020, 2019 and 2018, respectively. Our data-driven digital capabilities further reinforce our relationship with our customers. Customers connect with us through our newly re-designed mobile-first website, *joann.com*, and our widely-used mobile application with over 11.8 million downloads. As of the end the third quarter of fiscal year 2021, we had over 69 million addressable customers in our vast database, over 16 million customers in our email database and 4.5 million customers in our SMS text database. These points of differentiation are reinforced by our knowledgeable, friendly and trusted team members, a significant number of whom are sewing and craft enthusiasts, who offer a service-oriented experience for our customers that we believe cannot be replicated by mass retailers or pure play online players.

In 2016, we accelerated our journey to transform JOANN by reinventing the in-store and digital customer experience. We recruited talent at every level of the company and across all key business areas to complement our existing expertise. This undertaking has resulted in significant enhancements to our value proposition, including reinvigorating our core merchandise assortment, refreshing our branding, developing a location refresh prototype and improving the customer experience. We improved our assortment by conducting a systematic review of all categories at a product-level and all layouts at a location-level in order to optimize sales and gross margin. We have also expanded our data-driven digital footprint, which includes our extensive digital marketing assets, CRM system, social media platforms and e-commerce capabilities. We better understand our customers through our centralized database that brings together how each customer interacts in our physical and digital properties and provides a holistic view of their behavior. We are able to utilize this data to drive engagement with our brand, create loyalty and inspire, educate and ensure we are increasing our share of customer spend through timely and relevant marketing. By using data and digital contact channels, including email and SMS digital display, and leveraging our mobile application, we are able to contact customers with personalized content and provide the convenience to shop wherever and however they choose. We believe that these core initiatives and transformational investments have driven our performance and increased customer engagement over the last several years and strategically position us to continue to create long-term value. This momentum was temporarily interrupted in fiscal year 2020 by the unanticipated headwind of incremental U.S. tariffs on Chinese imports that we estimate, before mitigation, would have amounted to \$75 million of additional annual costs, as these tariffs applied to a broad range of our products. However, after working to partially offset their effects and having incorporated the balance of these tariffs into our cost base, we are driving strong operating profit growth across both our locations and e-commerce platform as well as achieving margin expansion.

Factors Affecting Our Business

Overall economic trends. The overall economic environment and related changes in consumer behavior have a significant impact on our business. Spending by customers on our products and services is primarily discretionary, and as a result generally positive economic conditions create increased discretionary household income that promotes higher levels of spending across our business. However, the creative activities we support tend to be lower cost than other leisure activities, which could protect us to a certain degree from economic downturns. Macroeconomic factors that can affect customer spending patterns, and thereby our results of operations, include employment rates, availability of consumer credit, interest rates, tax rates and inflation, and fuel and energy costs. Macroeconomic factors can also affect our input and labor costs, notably inflation, as our financial results and ability to invest in the business are directly impacted by increases or decreases in the cost of goods and services required in our operations and initiatives. In addition to inflation, our input and labor costs are impacted by mandated costs such as minimum wages and trade policies, most significantly tariffs and duties on our products imported from foreign countries. The implementation of incremental U.S. tariffs on Chinese imports in particular has had a significant impact on our cost of goods sold, product demand and sourcing strategies. Before mitigation, we estimate that incremental U.S. tariffs on Chinese imports in fiscal year 2020 would have amounted to \$75 million of additional annual costs, as these tariffs applied to a broad range of our products.

The COVID-19 pandemic. As described below, the COVID-19 pandemic has had and is expected to continue to have a substantial impact on our business.

Consumer demand for our products and services. Our industry supports activities that are discretionary in nature and can be highly influenced by consumer trends. Our ability to achieve our desired results, including attracting new customers and growing share of spend with existing customers, depends on our ability to develop compelling product assortments and services delivered within a convenient and engaging shopping experience. Moreover, due to the nature of our business, we purchase much of our inventory well in advance of each selling season. If we misjudge consumer preferences and demand for certain products, we could be faced with excess inventories that would impact our net sales and profits.

Size and loyalty of our customer database. Our ability to effectively market to our customers is a critical component of our business success. We tier our customers based on total sales volume and frequency of purchase. For the thirty-nine weeks ended October 31, 2020, 30% of our net sales were generated by our top three million customers. Our recent success is also being largely driven by new customers added to our database, as 14% of our net sales for the thirty-nine weeks ended October 31, 2020 were generated by new customers added to our database over that same time period.

Competition. The Creative Products industry includes national players and mass merchandisers that provide assortments in many of our categories albeit typically with more limited breadth, local shops that tend to feature select categories (e.g. quilting and yarn shops) and pure play e-commerce providers. We compete with all of these players for customer attention, shopping visits, exclusive vendor relationships, leadership talent and in some cases front line employees and retail locations. Our ability to be effective across all of those points of competition has a significant effect on our results of operations.

Effective development and sourcing of products. Our business success requires that we provide relevant and innovative products to our customers at competitive prices. Development of those products is dependent on effective relationships with key suppliers and in many cases internal development of new products or application of current consumer trends to existing product lines. Our ability to develop, promote and apply our exclusive brands to new products is a critical component of building competitive assortments that drive our sales. Our ability to effectively source products, including through factory direct relationships, allows us to offer assortments at competitive prices while maintaining profitable product margins.

Management of inventory and our supply chain. We offer an extensive assortment, which at its peak, averages more than 95,000 SKUs in stores and over 245,000 SKUs through our e-commerce platforms, across Creative Product categories. The high number of SKUs required to support our business as well as the need to introduce new products and manage seasonality create complexity in our operations. We also sometimes experience long lead times for manufacture and delivery of our products, particularly those that we source directly from foreign suppliers, which further increases inventory carrying costs. The ability to effectively forecast product demand, maintain a high number of vendor relationships and order volume, replenish and allocate product and manage distribution and logistics are all critical to our success. Issues with any of these processes could result in lost sales or excess inventories which would have a negative impact on our results of operations.

Investments in our locations, technology, infrastructure, team members and new business opportunities. We have made, and will continue to make, significant investments in our business and operations. We believe these investments have laid the foundation for our results of operations and continued profitable growth. Refreshing our locations, enhancing our omni-channel and other customer-facing and supporting technologies, strengthening our core business processes, adding talent while developing our current team and making investments in ventures that augment our current business are critical to sustaining a vibrant enterprise that will drive strong financial results.

Seasonality in quarterly results. Historically, our net sales and operating profits have been materially higher in our third and fourth fiscal quarters, particularly in the months of September through December,

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

coinciding with fall and holiday selling seasons. We incur significantly higher expenses and working capital needs in April through August in order to procure inventory to support higher levels of sales activity later in the year. Our ability to generate cash flow or otherwise finance increased costs in the earlier portion of our fiscal year is critical to achieving strong net sales and operating profit in our historically busier fall and holiday seasons.

53rd week. Our fiscal year ends on the Saturday closest to January 31 (for example, fiscal year 2018 ended on February 3, 2018). Fiscal year 2018 consisted of 53 weeks and our fiscal year 2019 and fiscal year 2020 each consisted of 52 weeks. Fiscal years in which there are 53 weeks will see increased net sales and expenses from the additional week.

Effects of COVID-19 on Our Business

We continue to closely monitor the impact of the COVID-19 outbreak on all facets of our business. We have taken actions to protect the safety of our team members and customers and to manage the business through the resulting fluid and challenging environment.

In late 2019, an outbreak of COVID-19 emerged and by March 11, 2020 was declared a global pandemic by The World Health Organization. Federal, state, and local governments have since implemented various restrictions, including travel restrictions, border closings, restrictions on public gatherings, quarantining of people who may have been exposed to the virus, shelter-in-place restrictions and limitations on business operations. In response to government closure orders, we were forced to close hundreds of our locations. During the second half of March 2020 and the beginning of April 2020, approximately half of our locations were closed, either completely or to in-store traffic. However, we immediately began working diligently with local and national government officials in advocating that our business and the products we sell were essential in the fight against COVID-19, and therefore exempt from shelter-in-place and stay-at-home orders. Over the ensuing weeks, we began to re-open many of our locations across the country. Initially, many of these locations were re-opened for curbside pick-up only via our BOPIS ordering process. At the beginning of the second quarter of fiscal year 2021, we had fewer than 30 locations fully closed and roughly 400 locations open for curbside pick-up only, and by mid-June 2020, all locations were fully operational and open to walk-in traffic. Throughout the entirety of the third quarter of fiscal year 2021, all locations remained opened other than for temporary deep cleanings required to maintain sanitation protocols or for weather and other related hazards. Since that time, certain state and local governments have continued to impose retail closure orders and capacity restrictions, impacting some of our locations. During this time, our ability to fulfill e-commerce orders via both our BOPIS and ship-to-home programs without interruption has had a significant positive impact on our financial performance. We have also experienced an increase in sales in certain merchandise categories due to the effects of the pandemic, as consumers created personal protective equipment, or PPE, such as face masks, and engaged in more DIY projects due to additional time spent at home. This increase in activity has led to significant additions to our marketing database, which has grown by over eight million customers in the thirty-nine weeks ended October 31, 2020. Our ability to directly market to these new customers through our robust and efficient digital channels has led to repeat purchases across a broad array of our merchandise assortments. We have also experienced declines in sales of a limited number of categories that are tied to activities that are restricted due to the pandemic such as special occasion fabrics used by customers that plan a wedding or that make their own Halloween costumes. In addition, we incurred additional supply chain expenses to ensure we were adequately stocked on key merchandise and to mitigate supply interruptions that the pandemic caused. Our COVID-19 related costs for the thirty-nine weeks ended October 31, 2020 were \$48.4 million. Throughout the pandemic, we have worked closely with our suppliers to manage flow of inventory and prioritize our most urgently required merchandise, as in many cases our needs have varied from earlier expectations and our suppliers have often needed to react to their own challenges presented by COVID-19. While it is difficult to estimate the sales to date that have been attributable to PPE-making with precision, we have been able to note significant changes in normal sales trends in categories that support that effort. These categories include cotton fabric, certain sewing supplies such as elastic, and sewing machines. Those favorable impacts to our sales were partially offset by mandated store closures and reduced sales in categories such as special occasion fabrics and seasonal décor and entertaining,

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

which have been negatively impacted by broad restrictions on customer gatherings and celebrations. We estimate the net result of those impacts amount to a one-time annualized benefit to our sales of 8% to 9% for fiscal year 2021. However, we view the significant number of new customers and increased engagement by new and current customers as an encouraging signal for the future of our business. We also believe the rapid adoption by customers of our digital and omni-channel offerings is a highly scalable platform that we can leverage to increase sales and reduce costs.

In response to the pandemic, we have instituted modified or reduced hours, as well as reduced occupancy limits, for all of our locations. In certain jurisdictions, our occupancy is further limited by the relevant government authority. We have also implemented, and may need to take further steps to, make adjustments to staffing levels and location configurations to reflect not only applicable restrictions and guidelines but also potential levels of consumer engagement. We are prioritizing the health and safety of our team members and customers and, to that end, we have instituted the following guidelines within all locations:

- requiring all team members in our locations to perform a health screening before each shift, which includes temperature checks, and instructing team members to stay home if they exhibit any COVID-19 symptoms;
- putting up signs and other indicators to promote social distancing while shopping and standing in line;
- implementing increased cleaning and sanitization practices throughout the location, with additional focus on high-traffic and high-touch areas such as carts, cutting counters and checkout counters;
- wearing a face mask or face shield; and
- conducting a pre-opening checklist in each location each day.

Our steps to manage operation of our locations during the pandemic have added costs to our business, some of which are non-recurring in nature, including, but not limited to premium pay for our hourly employees as well as incremental labor hours and supplies to maintain sanitation and social distancing protocols. These precautions may change from time to time as local conditions and applicable health mandates change, and therefore, it is possible we may be required to temporarily close locations or limit our operations. See “Risk Factors—Risks Relating to our Business—Our business is subject to continued uncertainty with respect to the ongoing COVID-19 pandemic.”

How We Assess the Performance of Our Business

In assessing our performance, we consider a variety of performance and financial measures. The key GAAP measures include net sales, cost of sales, selling, general and administrative expenses and operating profit. In addition, we also review other important non-GAAP metrics such as Adjusted EBITDA and other performance indicators such as total comparable sales.

Net Sales

Net sales are derived from direct retail sales to customers in our locations and online, net of merchandise returns, discounts and coupons, and excluding sales tax. Growth in net sales is impacted by total comparable sales, new location openings, location refreshes and closures.

Total Comparable Sales

Total comparable sales are an important measure throughout the retail industry. This measure allows us to evaluate how our location base and e-commerce business are performing by measuring the change in

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

period-over-period net sales in locations that have been open for the applicable period. We define total comparable sales as net sales for all locations that were open for at least 12 months from their grand open date and were in operation during all of both periods being compared. In addition, total comparable sales include our e-commerce sales generated via *joann.com* (online sales for all products) and *creativebug.com* (online sales of digital videos for crafting projects). There may be variations in the way in which some of our competitors and other retailers calculate comparable sales. As a result, data in this prospectus regarding our total comparable sales may not be comparable to similar data made available by other retailers.

Gross Margin

Gross margin is calculated as net sales less cost of sales. Cost of sales consists primarily of the direct cost of merchandise sold at our locations and through our e-commerce platforms, along with several other costs including freight expense, vendor allowances and cash discounts, inventory shrink and clearance activity. We define gross margin rate as gross margin divided by net sales.

Our calculations of gross margins may not be directly comparable to those of our competitors. Some retailers include all of the costs related to their distribution network in cost of sales, while we exclude the indirect portion from gross margin and include it within selling, general and administrative expenses, or SG&A expenses. We include distribution costs that are directly associated with the acquisition of our merchandise and delivery to our locations in cost of sales. These costs are primarily freight incurred when we receive merchandise shipments from the vendor to our distribution centers or directly to our locations and also when we ship merchandise from our distribution centers to our locations. Freight incurred to ship e-commerce orders to our customers is also included in our cost of sales. These freight costs as well as duties, including tariffs, related to import purchases and internal transfer costs are considered to be direct costs of our merchandise and, accordingly, are recognized as cost of sales when the related merchandise is sold.

Purchasing, receiving, warehousing, fulfillment of e-commerce orders (excluding shipping costs) and other costs of our distribution network (including depreciation) and location occupancy costs are considered to be period costs not directly attributable to the value of merchandise and, accordingly, are expensed as incurred as SG&A expenses.

Selling, General and Administrative Expenses

SG&A expenses consist of various costs related to supporting and facilitating the sale of merchandise in our locations and via our e-commerce platforms. These costs include but are not limited to location, distribution center and administrative payroll, employee benefits, stock-based compensation, occupancy, facility and operating costs for our locations, distribution centers and corporate office, advertising expenses, payment card acceptance and interchange fees, location pre-opening and closing costs and other administrative expenses.

Non-GAAP Financial Measures

We present Adjusted EBITDA, which is not a recognized financial measure under GAAP, because we believe it assists investors and analysts in comparing our operating performance across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. Management believes Adjusted EBITDA is helpful in highlighting trends in our core operating performance compared to other measures, which can differ significantly depending on long-term strategic decisions regarding capital structure, the tax jurisdictions in which companies operate and capital investments. We also use Adjusted EBITDA in connection with establishing discretionary annual incentive compensation; to supplement GAAP measures of performance in the evaluation of the effectiveness of our business strategies; to make budgeting decisions; to compare our performance against that of other peer companies using similar measures; and because our Credit Facilities use measures similar to Adjusted EBITDA to measure our compliance with certain covenants.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

We define Adjusted EBITDA as net income (loss) plus income tax provision (benefit), interest expense, net, debt related (gain) loss, other income and depreciation and amortization, as further adjusted to eliminate the impact of certain non-cash items and other items that we do not consider indicative of our ongoing operating performance, including costs related to strategic initiatives, COVID-19 costs, technology development expense, stock-based compensation expense, loss on disposal and impairment of fixed and operating lease assets, goodwill and trade name impairment, sponsor management fees, location pre-opening and closing costs excluding loss on disposal of fixed assets and other one-time costs. The further adjustments are itemized in the table below.

Adjusted EBITDA has its limitations as an analytical tool, and you should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP. Some of these limitations include:

- Adjusted EBITDA does not reflect our cash expenditure or future requirements for capital expenditures or contractual commitments;
- Adjusted EBITDA does not reflect changes in our cash requirements for our working capital needs;
- Adjusted EBITDA does not reflect the interest expense and the cash requirements necessary to service interest or principal payments on our debt;
- Adjusted EBITDA does not reflect cash requirements for replacement of assets that are being depreciated and amortized;
- Adjusted EBITDA does not reflect non-cash compensation, which is a key element of our overall long-term compensation;
- Adjusted EBITDA does not reflect the impact of certain cash charges or cash receipts resulting from matters we do not find indicative of our ongoing operations; and
- other companies in our industry may calculate Adjusted EBITDA differently than we do.

We compensate for these limitations by relying primarily on our GAAP results and using Adjusted EBITDA only as supplemental information.

The following is a reconciliation of our net income (loss) to Adjusted EBITDA for the periods presented:

Comparison of the 39 Weeks Ended October 31, 2020 and November 2, 2019

Net Sales

Net sales were \$1,921.5 million for the thirty-nine weeks ended October 31, 2020, an increase of \$375.9 million or 24.3% compared to the same period in fiscal year 2020. Total comparable sales for the thirty-nine weeks ended October 31, 2020 increased 24.6% compared with a total comparable sales decrease of (3.3)% in the same period in fiscal year 2020. The total comparable sales increase resulted from a 17% increase in average transaction value driven by both a higher number of items purchased per transaction and average unit retail value, along with a 4% increase in transactions as well as increases in freight revenue on e-commerce orders and growth in subscription and other services revenue. Our total comparable sales also grew as a result of increasing customer demand in our digital and omni-channel offerings. We saw strong positive results across most products in our Sewing, arts and crafts and home décor categories.

Gross Margin

Gross margin was \$971.7 million for the thirty-nine weeks ended October 31, 2020, an increase of \$194.7 million or 25.1% compared to the same period in fiscal year 2020. That increase was primarily driven by an increase in net sales and further supported by an increase in our gross margin rate. Gross margin rate was 50.6% for the thirty-nine weeks ended October 31, 2020, an increase of 30 basis points compared to the thirty-nine weeks ended November 2, 2019. Improvements in product costs obtained through our strategic sourcing efforts and optimization of our promotional discounts were partially offset by incremental U.S. tariffs on Chinese imports, which were not fully reflected in our annual gross margin rates until mid-third quarter of fiscal year 2021, and increases in theft, loss and damage of merchandise inventory, which we refer to as inventory shrink.

We also experienced increases in several costs related to the COVID-19 pandemic, including import costs to expedite delivery of critical merchandise, incremental clearance activity in our spring holiday businesses and cost of donated product related to our community support efforts.

Selling, General and Administrative Expenses

SG&A expenses were \$818.2 million for the thirty-nine weeks ended October 31, 2020, an increase of \$95.2 million or 13.2% compared to the same period in fiscal year 2020. This increase was primarily driven by \$34.6 million of incremental one-time expenses throughout the COVID-19 pandemic, which included maintaining protocols to ensure a safe environment for our customers and team members through intensified cleaning and stronger focus on capacity management, along with additional labor costs associated with premium pay provided from April through October to all of our essential hourly team members. In addition, we provided

PURSUANT TO 17 CFR 200.83**

for increases in expected payments under our incentive compensation plans of \$27.6 million which was driven by our favorable financial performance year to date compared to our expectations. Finally, we experienced higher location labor of \$25.2 million along with payment card interchange fees and other variable expenses of \$7.4 million due to our higher total comparable sales.

As a percentage of net sales, SG&A expenses for the thirty-nine weeks ended October 31, 2020 were 42.6%, a decrease of 420 basis points compared to the same period in fiscal year 2020. This improvement was driven by our ability to leverage our net sales increase against expenses that have grown more slowly, even after absorbing incremental expenses to manage through the COVID-19 pandemic.

Depreciation and Amortization

Depreciation and amortization expense was \$59.8 million in the thirty-nine weeks ended October 31, 2020, an increase of \$2.5 million compared to the same period in fiscal year 2020. This increase was driven primarily by investments in location refresh and technology projects in fiscal year 2020.

Goodwill Impairment

There were no goodwill impairment losses recorded in the thirty-nine weeks ended October 31, 2020 due to no indication of impairment. We did record an impairment charge of \$130.4 million in the thirty-nine weeks ended November 2, 2019, which were predominantly the result of negative total comparable sales and declining margins, driven primarily by the incremental U.S. tariffs on Chinese imports, along with a weaker than expected peak selling season. See Note 6—Goodwill and Other Intangible Assets to our unaudited financial statements included elsewhere in this prospectus for further details.

Interest Expense

Interest expense for the thirty-nine weeks ended October 31, 2020 was \$55.0 million, a decrease of \$22.6 million compared to the same period in fiscal year 2020. This decrease in interest expense was due to lower average borrowings and lower interest rates as a result of decreases in LIBOR rates. The average debt level in the thirty-nine weeks ended October 31, 2020 was \$1,122.2 million compared to \$1,246.8 million in the thirty-nine weeks ended November 2, 2019.

We had \$929.7 million of debt outstanding (face value) as of October 31, 2020 versus \$1,363.5 million as of November 2, 2019.

Debt Related Gain

During the thirty-nine weeks ended October 31, 2020, we repurchased \$347.1 million in face value of the term loans provided pursuant to our Term Loan Facilities, at an average of 54% of par, resulting in a \$152.9 million gain, which is included in debt related gain within the accompanying consolidated statements of comprehensive income (loss) and the accompanying consolidated statements of cash flows included elsewhere in this prospectus. The term loan repurchases were executed, following a competitive market bidding process, through several open market purchases on arm's length terms and in compliance with the terms of the underlying credit agreements. A write-off of the deferred charges and original issue discount, totaling \$5.9 million, associated with the original debt issuance was recognized as an offset to the gain recognized.

Income Taxes

Our effective income tax rate for the thirty-nine weeks ended October 31, 2020 was a 9.2% provision compared to a 10.8% (benefit) for the thirty-nine weeks ended November 2, 2019. During the third quarter of fiscal year 2021, the release of the valuation allowance for the deferred tax asset relating to interest expense

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.

carryover based on the income tax return filed for fiscal year 2020 was adjusted to actual, receivables were recorded for a net operating loss carryback from fiscal year 2020 and a settlement was reached during the third quarter of fiscal year 2021, with the IRS sustaining a favorable position taken on an amended tax return, resulting in an effective tax rate which is lower than the statutory rate for the thirty-nine weeks ended October 31, 2020. For the thirty-nine weeks ended November 2, 2019, there was a permanent book-tax difference resulting from the \$130.4 million non-deductible goodwill impairment recorded in the second quarter of fiscal year 2020.

Net Income (Loss)

Net income was \$174.0 million for the thirty-nine weeks ended October 31, 2020, an increase of \$362.5 million compared to the same period in fiscal year 2020. The increase was driven by the factors described above.

Adjusted EBITDA

Adjusted EBITDA increased 179.1% to \$222.2 million or 11.6% of net sales for the thirty-nine weeks ended October 31, 2020 compared to \$79.6 million or 5.2% of sales for the same period in fiscal year 2020. Our growth in Adjusted EBITDA of \$142.6 million and expansion of Adjusted EBITDA as a percentage of net sales of 641 basis points was driven primarily by growth in total comparable sales that exceeded our rate of growth in SG&A expenses, as well as improvements in our gross margin rate.

Comparison of the 52 Weeks Ended February 1, 2020 and February 2, 2019

Net Sales

Net sales were \$2,241.2 million in fiscal year 2020, a decrease of \$83.6 million or 3.6% compared to fiscal year 2019. Total comparable sales also decreased by 3.6% compared with a total comparable sales increase of 1.9% in fiscal year 2019. This decrease in total comparable sales was driven by a decrease in transactions in part caused by actions taken by us in response to the incremental U.S. tariffs on Chinese imports.

Gross Margin

Gross margin was \$1,105.3 million in fiscal year 2020, a decrease of \$71.2 million or 6.1% compared to fiscal year 2019. That decrease was driven by both a decrease in net sales and a decrease in our gross margin rate. Gross margin rate was 49.3% or a decrease of 129 basis points compared to fiscal year 2019. Improvements in product costs obtained through our strategic sourcing efforts were more than offset by significant cost increases driven by the incremental U.S. tariffs on Chinese imports. We also experienced increases in freight expenses and inventory shrink, which were partially offset by reduced clearance activity in fiscal year 2020 compared to fiscal year 2019.

Selling, General and Administrative Expenses

SG&A expenses were \$977.4 million in fiscal year 2020, an increase of \$26.0 million or 2.7% compared to fiscal year 2019. This increase was driven by several factors including general inflation and wage increases of \$15.7 million and the reclassification of sublease income of \$7.1 million from an offset to SG&A to an increase in revenue which was done in association with the adoption of ASC842 in fiscal 2020. In addition, we experienced increases in our location occupancy costs of \$6.8 million, a growth in insurance premiums and self-insured claims of \$4.1 million and increases in our distribution center expenses of \$4.1 million. Those factors were partially offset by a decrease in certain variable costs related to our decline in total comparable sales of \$9.5 million and reduced incentive compensation during fiscal year 2020 compared to fiscal year 2019 of \$5.8 million. As a percentage of net sales, SG&A expenses for fiscal year 2020 were 43.6%, an increase of 269 basis points compared to fiscal year 2019.

Distribution costs included within SG&A expenses amounted to \$66.0 million in fiscal year 2020 and \$62.0 million in fiscal year 2019. Location occupancy costs included within SG&A expenses amounted to \$258.8 million in fiscal year 2020 and \$252.0 million in fiscal year 2019.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

Depreciation and Amortization

Depreciation and amortization expense increased \$1.5 million to \$77.5 million in fiscal year 2020 compared to \$76.0 million in fiscal year 2019. This increase was driven primarily by investments in location refresh projects and technology.

Goodwill and Trade Name Impairment

During fiscal year 2020, goodwill and trade name impairment losses were \$481.8 million and \$5.0 million, respectively. The non-cash goodwill and trade name impairments were predominantly the result of negative total comparable sales and declining margins, driven primarily by the incremental U.S. tariffs on Chinese imports, along with a weaker than expected peak selling season. See Note 8—Goodwill and Other Intangible Assets to our audited financial statements included elsewhere in this prospectus for further details.

Interest Expense

Interest expense for fiscal year 2020 was \$101.9 million, a \$0.8 million increase from fiscal year 2019. This increase in interest expense was primarily due to higher average borrowings in fiscal year 2020 partially offset by a lower average interest rate as a result of decreases in LIBOR. Our average debt levels increased to \$1,256.7 million in fiscal year 2020 compared to an average of \$1,232.4 million in fiscal year 2019.

We had \$1,235.5 million of debt outstanding (face value) as of February 1, 2020 versus \$1,152.2 million as of February 2, 2019.

Debt Related Gain Loss

During fiscal year 2020, we repurchased \$6.3 million in face value of the term loans provided pursuant to our Second Lien Facility at an average of 38% of par, resulting in a \$3.8 million gain, which is included in debt related (gain) loss within the accompanying consolidated statements of comprehensive income and the accompanying consolidated statements of cash flows included elsewhere in this prospectus. The term loan repurchases were executed, following a competitive market bidding process, through several open market purchases on arm's length terms and in compliance with the terms of the underlying credit agreements. A write-off of the deferred charges and original issue discount, totaling \$0.1 million, associated with the original debt issuance was recognized as an offset to the debt related gain.

Income Taxes

Our effective income tax rate for fiscal year 2020 was a 2.3% provision compared to a 22.6% provision in fiscal year 2019. The change in the effective tax rate was primarily driven by a permanent book-tax difference resulting from the \$481.8 million non-deductible goodwill impairment recorded during fiscal year 2020 and the recording of \$27.9 million of valuation allowances related to limitations in the deductibility of interest expense. In fiscal year 2019, there were no book-tax differences relating to non-deductible goodwill impairment and no recording valuation allowances relating to the interest expense limitation. Our effective rate is subject to change based on the mix of income from different state jurisdictions, which tax at different rates, as well as the change in status or outcome of uncertain tax positions.

Net Income (Loss)

There was a net loss of \$546.6 million in fiscal year 2020, as compared to net income of \$35.3 million in the same period in fiscal year 2019. The decrease was driven by the factors described above.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

Adjusted EBITDA

Adjusted EBITDA decreased by 37.0% to \$162.6 million in fiscal year 2020 or 7.3% of sales compared to \$258.0 million or 11.1% of sales in fiscal year 2019. The decrease in Adjusted EBITDA was primarily due to our decline in total comparable sales and reduced gross margin rate that were driven by the incremental tariffs on Chinese imports.

Comparison of the 52 Weeks Ended February 2, 2019 and 53 Weeks Ended February 3, 2018**Net Sales**

Net sales were \$2,324.8 million in fiscal year 2019, an increase of \$10.5 million or 0.5% compared to fiscal year 2018. This increase was primarily driven by an increase in total comparable sales partially offset by only fifty-two weeks of sales in fiscal year 2019 compared to fifty-three weeks in fiscal year 2018. Total comparable sales increased by 1.9% compared with a total comparable sales decrease of 1.4% for fiscal year 2018. The increase in comparable sales was driven by an increase in average transaction value, partially offset by a decrease in transactions.

Gross Margin

Gross margin was \$1,176.5 million in fiscal year 2019, a decrease of \$7.5 million or 0.6% compared to fiscal year 2018. This decrease was primarily driven by the fact that our fiscal year 2018 included 53 weeks compared to 52 weeks in fiscal year 2019. Gross margin rate for fiscal year 2019 was 50.6% or a decrease of 55 basis points compared to fiscal year 2018. This decrease in gross margin rate was driven by additional product clearance activity, freight expenses and inventory shrink, partially offset by improved optimization of our promotional discounts as well as product cost savings generated by our direct sourcing initiatives compared to fiscal year 2018.

Selling, General and Administrative Expenses

SG&A expenses were \$951.4 million in fiscal year 2019, an increase of \$8.0 million or 0.8% compared to fiscal year 2018. This increase was primarily driven by the incremental expenses associated with our strategic initiatives and other one-time expenses such as legal settlements, loss on disposals and severance costs of \$9.1 million, an increase in location payroll to support higher sales of \$7.8 million, higher distribution center expenses to support increased receipt and shipment volume of \$6.7 million, and an increase in location occupancy costs needed to support new and relocated locations in fiscal year 2019 of \$3.2 million. Those factors were partially offset by the fact that we incurred 52 weeks of certain expenses in fiscal year 2019 as compared to 53 weeks in fiscal year 2018 of \$10.3 million, a decrease in advertising expense associated with migrating to more cost efficient digital media of \$5.0 million, and a decrease in the number of self-insured medical claims of \$1.5 million. As a percentage of net sales, SG&A expenses were 40.9%, an increase of 16 basis points compared to fiscal year 2018.

Distribution costs included within SG&A expenses amounted to \$62.0 million in fiscal year 2019 and \$56.2 million in fiscal year 2018. Location occupancy costs included within SG&A expenses amounted to \$252.0 million in fiscal year 2019 and \$248.8 million in fiscal year 2018.

Depreciation and Amortization

Depreciation and amortization expense decreased \$2.8 million to \$76.0 million in fiscal year 2019 compared to \$78.8 million in fiscal year 2018. This decrease was driven by the assets that became fully depreciated in fiscal year 2019 and fiscal year 2018 and exceeded depreciation on new investments.

PURSUANT TO 17 CFR 200.83**

Interest Expense

Interest expense for fiscal year 2019 was \$101.1 million, a \$5.7 million increase from fiscal year 2018. The increase in interest expense was primarily due to higher average interest rates in fiscal year 2019 as a result of increases in LIBOR. Our average debt levels also increased to \$1,232.4 million in fiscal year 2019 compared to an average of \$1,218.7 million in fiscal year 2018.

We had \$1,152.2 million of debt outstanding (face value) as of February 2, 2019 and \$1,169.1 million as of February 3, 2018.

Debt Related (Gain) Loss

During fiscal year 2019, the Company repurchased \$274.5 million in face value of the 9.75% cash interest/10.50% PIK interest Senior PIK Toggle Notes due 2019, or the Holding Company Senior Notes, at par in conjunction with a refinancing of the Holding Company Senior Notes funded by proceeds from our Second Lien Facility, which resulted in \$2.4 million of debt extinguishment costs that are included in debt related (gain) loss within the accompanying consolidated statements of comprehensive income (loss) and the accompanying consolidated statements of cash flows included elsewhere in this prospectus.

Income Taxes

Our effective income tax rate for fiscal year 2019 increased to a 22.6% provision compared to a 47.3% benefit in fiscal year 2018. The increase in the effective tax rate was primarily due to our recording of a tax benefit of \$52.3 million for the impact of the Tax Cuts and Jobs Act on our net deferred tax liability in fiscal year 2018.

Net Income

There was net income of \$35.3 million in fiscal year 2019, as compared to net income of \$96.5 million in the same period in fiscal year 2018, which represents a decrease of \$61.2 million for the period ended. The decrease was driven by the factors described above.

Adjusted EBITDA

Adjusted EBITDA decreased by 1.5% to \$258.0 million in fiscal year 2019 or 11.1% of sales compared to \$261.8 million or 11.3% of sales in fiscal year 2018. The decrease in Adjusted EBITDA of \$3.8 million or 21 basis points as a percentage of net sales was primarily driven by the fact that our fiscal year 2018 included 53 weeks compared to 52 weeks in our fiscal year 2019. We estimate that the 53rd week of fiscal year 2018 delivered an additional \$37.1 million of net sales, \$19.5 million of gross profit and \$8.4 million of Adjusted EBITDA.

Liquidity and Capital Resources

We have three principal sources of liquidity: cash generated from operations, cash and cash equivalents on hand and available borrowings under our ABL Facility. We believe that our cash and cash equivalents on hand, cash from operations and availability under our ABL Facility will be sufficient to cover our working capital, capital expenditure and debt service requirement needs for the foreseeable future. Please refer to “Description of Certain Indebtedness” for a description of the material terms of our Credit Facilities. As of February 1, 2020 and October 31, 2020, we were in compliance with all covenants under our debt facilities and notes.

Our capital requirements are primarily for capital expenditures in connection with new location openings, location remodels, investments in information technology, other infrastructure investments and working capital requirements for seasonal inventory build. These requirements fluctuate during the year and reach their highest levels during the second and third fiscal quarters as we increase our inventory in preparation for our peak selling season during the months of September through December and complete most of our capital spending projects.

(1) All years include 52 weeks except for the fiscal year ended February 3, 2018, which includes 53 weeks.

Net cash (used for) provided by operating activities

Comparison of the 39 Weeks Ended October 31, 2020 and November 2, 2019

Net cash provided by operating activities was \$185.8 million in the thirty-nine weeks ended October 31, 2020 compared with \$(170.4) million of net cash used for operating activities in the thirty-nine weeks ended November 2, 2019. The increase in net cash provided by operating activities was primarily driven by our positive total comparable sales results, the significant improvement in working capital efficiency and the deferral of certain cash payments negotiated with our landlords and others allowed under the Coronavirus Aid, Relief, and Economic Security Act as a result of the COVID-19 pandemic. The majority of deferred payments will be remitted over the course of fiscal year 2022.

Comparison of the 52 Weeks Ended February 1, 2020 and February 2, 2019

Net cash used for operating activities was \$(33.9) million in fiscal year 2020 compared to \$99.0 million net cash provided by operating activities in fiscal year 2019. The increase in our net cash used for operating activities in fiscal year 2020 was primarily the result of our net loss in fiscal year 2020, excluding the non-cash impact of certain income tax items and goodwill and trade name impairment charges, compared to our net income in fiscal year 2019. In addition, increases in net working capital excluding cash and equivalents in fiscal year 2020 compared to fiscal year 2019 impacted our net cash used for operating activities in fiscal year 2020 in large part due to increases in our average unit cost of inventory driven by the incremental U.S. tariffs on Chinese imports.

Comparison of the 52 Weeks Ended February 2, 2019 and 53 Weeks Ended February 3, 2018

Net cash provided by operating activities was \$99.0 million in fiscal year 2019 compared to \$97.7 million in fiscal year 2018. Reduction in compensation related accrued expenses reduced net cash provided by operating activities in fiscal year 2018, partially offset by increases in inventory levels to support increased lead times necessitated by our direct sourcing and other merchandising initiatives in fiscal year 2019.

Net cash used for investing activities

Cash used for investing activities consists primarily of capital expenditures, the majority of which are focused on strategic initiatives including: new location openings, location remodels and refreshes and information technology investments, particularly those supporting our omni-channel platforms and other customer facing systems. We also incur capital outlays for equipment and facility management in our distribution centers, locations and corporate offices.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

Specifically, investment for each refresh project is tailored to each location's needs and unit economics. We have four general levels of investment and project scope tailored to what would benefit each location, with future investment expected to range from \$150,000 for lightest-touch refreshes to \$3 million for the relatively few but most-extensive refreshes. Over 50% of our existing locations are refresh project targets over the next seven to ten years and we expect investments in relation to these future refresh projects to remain consistent with our capital expenditures in connection with completed refresh projects.

Historical capital expenditures are summarized as follows:

(In millions)	<u>Thirty-Nine Weeks Ended</u>		<u>Fiscal Year-Ended</u>		
	<u>October 31, 2020</u>	<u>November 2, 2019</u>	<u>February 1, 2020</u>	<u>February 2, 2019</u>	<u>February 3, 2018</u>

Total capital expenditures, net of landlord contributions	\$ 25.3	\$ 59.7	\$ 69.5	\$ 41.0	\$ 38.5

Comparison of the 39 Weeks Ended October 31, 2020 and November 2, 2019

Total capital expenditures, net of landlord contributions decreased by \$34.4 million during the thirty-nine weeks ended October 31, 2020 compared to the same period in the prior year. This decrease was related to specific actions taken to defer projects in an effort to preserve liquidity at the onset of the COVID-19 pandemic. Also, due to the need to maintain sanitation and social distancing protocols in our locations throughout the pandemic, execution of capital projects have often not been feasible.

Comparison of the 52 Weeks Ended February 1, 2020 and February 2, 2019

Total capital expenditures, net of landlord contributions increased by \$28.5 million in fiscal year 2020 compared to fiscal year 2019. This increase was related to a higher number of location remodel and relocation projects, as we worked to further refine our new location prototype. Growth in information technology-related investments were primarily driven by enhancements to our omni-channel platforms focused on our mobile application as well as upgrades to our warehouse management and point of sale software applications.

Comparison of the 52 Weeks Ended February 2, 2019 and 53 Weeks Ended February 3, 2018

Total capital expenditures, net of landlord contributions increased by \$2.5 million in fiscal year 2019 compared to fiscal year 2018. Project activity related to information technology development and our locations was relatively consistent year over year.

Net cash provided by (used for) financing activities

Comparison of the 39 Weeks Ended October 31, 2020 and November 2, 2019

Net cash used for financing activities was \$(148.8) million during the thirty-nine weeks ended October 31, 2020 compared with \$210.5 million of net cash provided by financing activities during the thirty-nine weeks ended November 2, 2019. The change in net cash (used for) provided by financing activities was primarily the result of the repurchase of portions of the Term Loans, as well as an increase in payments on the ABL Facility.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

Comparison of the 52 Weeks Ended February 1, 2020 and February 2, 2019

Net cash provided by financing activities was \$86.3 million in fiscal year 2020 compared to \$25.1 million of net cash used for financing activities in fiscal year 2019, which was primarily driven by additional borrowings on our ABL Facility that were used to fund our increases in cash used for operating and investing activities.

Comparison of the 52 Weeks Ended February 2, 2019 and 53 Weeks Ended February 3, 2018

Net cash used for financing activities was \$25.1 million in fiscal year 2019 compared to \$42.3 million of net cash used for financing activities in fiscal year 2018. The decrease in net cash used for financing activities in fiscal year 2019 compared to fiscal year 2018 was due to the net borrowings on our ABL Facility in fiscal year 2019 compared to the net payment on our ABL Facility in fiscal year 2018, partially offset by a greater net amount used to repurchase Holding Company Senior Notes with proceeds from our Second Lien Facility in fiscal year 2019 compared to the net amount used to repurchase 8.125% senior notes due 2019 with proceeds from our First Lien Facility in fiscal year 2018. See Note 2—Financing to our audited financial statements included elsewhere in this prospectus for further details.

As of February 1, 2020 and October 31, 2020, we had the ability to borrow an additional \$206.2 million and \$159.4 million under our ABL Facility, respectively, subject to the facility's borrowing base calculation.

Off-Balance Sheet Transactions

Our liquidity is currently not dependent on the use of off-balance sheet transactions other than letters of credit, which are typical in a retail environment.

- (3) We had \$173.5 million in outstanding borrowings under our ABL Facility at February 1, 2020. Under our ABL Facility, we are required to pay a commitment fee of 0.25% per year on unutilized commitments. The amounts included in ABL Facility interest were based on these annual commitment fees. - (4) The First Lien Facility, which matures October 21, 2023, is with a syndicate of lenders and is secured by substantially all of our assets excluding the ABL Facility collateral and has a second priority security interest in the ABL Facility collateral. The First Lien Facility has mandatory quarterly repayments of \$2.3 million on the last business day of each January, April, July and October. Interest payments are due either monthly or quarterly on approximately the 23rd day of the month depending on the underlying LIBOR and are subject to variable interest rates. The amounts included in the First Lien Facility interest were based on the interest rate effective as of February 1, 2020. The less than one year amount of \$9.1 million includes four quarters of principal payments occurring within the next fiscal year. See “Description of Certain Indebtedness” for further details.

The Second Lien Facility does not require quarterly principal payments. Interest payments are due either monthly or quarterly on approximately the 23rd day of the month depending on the underlying LIBOR and are subject to variable interest rates. The amounts included in the Second Lien Facility interest were based on the interest rate effective as of February 1, 2020. See “Description of Certain Indebtedness” for further details.

Seasonality and Inflation

Our business exhibits seasonality, which is typical for most retail companies. Our net sales are stronger in the second half of the year than the first half of the year. Net income is highest during the months of September through December when sales volumes provide significant operating leverage. Working capital needed to finance our operations fluctuate during the year and reach their highest levels during the second and third fiscal quarters as we increase our inventory in preparation for our peak selling season. However, the COVID-19 pandemic may have an impact to consumer behaviors and customer traffic that result in changes in the seasonal fluctuations of our business. For example, our fiscal year 2021 second and third quarter results were positively impacted by the COVID-19 pandemic due to the demand for select merchandise categories.

We believe that inflation has not had a significant effect on net sales or our earnings performance. There can be no assurance, however, that our operating results will not be affected by inflation in the future.

Summarized below are key line items by quarter from our consolidated statements of comprehensive income (loss) and reconciliations of Adjusted EBITDA to net (loss) income. See “—Non-GAAP Financial Measures” for further detail regarding certain of these expenses:

Critical Accounting Policies and Estimates

We strive to report our financial results in a clear and understandable manner. We follow GAAP in preparing our consolidated financial statements. These principles require us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues, expenses and related disclosures of contingent assets and liabilities. We base our estimates on historical experience and on other assumptions that we believe to be relevant under the circumstances, the results of which form the basis for making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results could differ from these estimates under different assumptions and/or conditions. We continually evaluate the information used to make these estimates as our business and the economic environment change. The use of estimates is pervasive throughout our financial statements. The accounting policies that involve estimates or assumptions that are material due to levels of subjectivity and judgment necessary to account for highly uncertain matters or are susceptible to change and we consider most critical are as follows:

Inventory Valuation

Inventories are stated at the lower of cost or net realizable value with cost determined on a weighted average basis. Inventory valuation methods require certain management estimates and judgments, the most significant of which involves estimates of net realizable value on product designated for clearance, which affects the ending inventory valuation at cost, as well as the gross margin reported for the year.

We estimate our reserve for clearance product based on a number of factors, including, but not limited to, quantities of slow-moving or carryover seasonal merchandise on hand, historical recovery statistics and future merchandising plans. The accuracy of our estimates can be affected by many factors, some of which are beyond

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

our control, including changes in economic conditions and consumer buying trends. The corresponding reduction to gross margin is recorded in the period the decision is made. We do not believe that the assumptions used in our estimate will change significantly based on prior experience.

Our accrual for inventory shrink is estimated as a percent of sales. The percent used in the determination of the accrual is based on actual historical inventory shrink results of our locations. This estimated percent is applied to sales of our locations for the periods following each location's most recent physical inventory. In addition, we analyze our accrual using actual results as physical inventory counts are taken and reconciled to the general ledger. Substantially all of our location physical inventory counts are taken in the first three quarters of each year. A majority of locations that have been open one year or longer are physically inventoried once a year.

Impairment of Long-Lived and Operating Lease Assets

We evaluate recoverability of long-lived and operating lease assets whenever events or changes in circumstances indicate that the carrying value may not be recoverable (for example, when a location's performance falls below minimum company standards). In the fourth quarter of each fiscal year or earlier if indicators of impairment exist, we review the performance of individual locations. Underperforming locations are selected for further evaluation of the recoverability of the location's net asset values. If the evaluation, done on an undiscounted cash flow basis, indicates that a location's net asset value may not be recoverable, the potential impairment is measured as the excess of carrying value over the fair value of the impaired asset. We estimate fair value based on a projected discounted cash flow method using a discount rate that is considered to be commensurate with the risk inherent in our current business model. Additional factors are taken into consideration, such as local market conditions and operating environment.

Impairment losses recorded for underperforming locations, underutilized assets and other facilities were \$0.2 million in fiscal year 2020, \$0.4 million in fiscal year 2019 and \$1.1 million in fiscal year 2018. If different assumptions were made or different market conditions were present, any estimated potential impairment amounts could have varied from recorded amounts.

Goodwill and Other Indefinite Lived Intangible Assets

Goodwill represents the excess of acquisition cost over the fair value of the net assets of acquired entities. The goodwill carried on the accompanying consolidated balance sheets at February 1, 2020 was the resulting value of the March 2011 merger of \$640.0 million, less impairment charges of \$481.8 million recorded during fiscal year 2020, and \$3.8 million as a result of the acquisition of Creativebug in April 2017. We test goodwill and intangible assets for impairment annually, as of the first day of the fourth quarter, and more frequently if circumstances indicate that impairment may exist.

We assess the carrying value of goodwill at the reporting unit level. A reporting unit is the operating segment, or a business unit one level below that operating segment, for which discrete financial information is prepared and regularly reviewed by segment management. As of February 1, 2020, we had two reporting units, Jo-Ann and Creativebug.

Using the quantitative assessment, our impairment testing compares the fair value of the reporting units to their current carrying value. We determine our estimated fair value based on valuation techniques including an income based approach and a market comparable approach. An income based approach utilizes discounted cash flows for the determination of the estimated fair value. This process requires significant judgments, including estimation of future cash flows, which is dependent on internal forecasts. A market comparable approach indicates the value of a business by comparing it to publicly traded companies in a similar line of business. If the fair value of the reporting unit exceeds the carrying value of the net assets assigned to that reporting unit, goodwill is not considered impaired. In fiscal year 2020, we completed two quantitative goodwill impairment tests for the Jo-Ann reporting unit and concluded that goodwill impairment existed in the aggregate amount of

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

\$481.8 million. Based on a quantitative assessment, we determined that no goodwill impairment existed for the Jo-Ann reporting unit in fiscal year 2019.

In accordance with ASC Topic 350, our indefinite lived intangible assets not subject to amortization are reviewed for impairment on an annual basis and more frequently if circumstances indicate that impairment may exist. In fiscal year 2020, we completed two quantitative impairment tests for the Jo-Ann trade name and concluded that impairment existed in the amount of \$5.0 million. We performed the valuation utilizing a relief from royalty method to estimate the fair value of this asset. This method included an evaluation of the appropriate royalty rate as well as a review of the industry and market environment. No quantitative assessment of the *joann.com* domain name was performed in fiscal year 2020, as we concluded based on qualitative assessments that it was not more-likely-than-not that the fair value of the Jo-Ann.com domain name unit did not exceed its carrying value. Based on quantitative assessments, the Company determined there was no impairment related to our Jo-Ann trade name or *joann.com* domain name for fiscal year 2019.

See Note 8—Goodwill and Other Intangible Assets to our audited financial statements included elsewhere in this prospectus for further details.

Income Taxes

Income taxes are estimated for federal and each state jurisdiction in which we operate. This approach involves assessing the current tax exposure together with temporary differences which result from differing treatment of items for tax and book purposes. Deferred tax assets and liabilities are established based on these assessments. Deferred tax assets are evaluated for recoverability based on estimated future taxable income. To the extent that recovery is deemed unlikely, a valuation allowance is recorded. Our valuation allowance was \$30.7 million and \$1.4 million as of February 1, 2020 and February 2, 2019, respectively. Many years of data have been incorporated into the determination of tax reserves and our estimates have historically proven to be reasonable.

Stock-Based Compensation

The fair value of stock-based awards to employees is recognized as compensation expense on a straight-line basis over the requisite service period of the awards. The fair value of the stock-based awards is determined using the Black-Scholes option pricing model. Determining the fair value of options at the grant date requires judgment, including estimating the expected life that stock options will be outstanding prior to exercise and the associated volatility. The absence of an active market for our common stock prior to this offering has also required our board of directors to determine the fair value of our common stock for purposes of granting stock options.

The risk-free interest rate is an estimated average interest rate based on U.S. Treasury zero-coupon notes with terms consistent with the expected term of the awards. As we are privately held, there is no observable market for our common stock. Therefore, stock price volatility was calculated using the historical stock price volatility of comparable companies over the expected life of the options granted. We have not recently declared or paid any cash dividends and had not planned to pay cash dividends at the date of grants. Consequently, it used an expected dividend yield of zero. Expected life represents the period that our stock-based awards are expected to be outstanding. The expected life assumptions are determined based on the vesting terms, exercise terms, and contractual lives of the options. We account for forfeiture of non-vested options as they occur. Changes in the assumptions can materially affect the estimate of fair value of stock-based compensation and consequently, the related amount recognized on the consolidated statements of comprehensive income (loss). See Note 10—Stock-Based Compensation to our audited financial statements included elsewhere in this prospectus for further details.

Following the listing of our common stock on , it will not be necessary to determine the fair value of our common stock, as our shares will be traded in the public market.

Quantitative and Qualitative Disclosures About Market Risk

We are indirectly exposed to foreign currency fluctuations on merchandise that is sourced internationally and directly exposed to the impact of interest rate changes on our outstanding borrowings under our First Lien Facility, Second Lien Facility and ABL Facility.

Foreign Currency Exchange Risk

We believe foreign currency exchange rate fluctuations do not contain significant market risk due to the nature of our relationships with our international vendors. All merchandise contracts are denominated in U.S. dollars and are subject to negotiation prior to our commitment for purchases. As a result, there is not a direct correlation between merchandise prices and fluctuations in the exchange rate. We sourced approximately 38% of our purchases internationally in fiscal year 2020. Given our increase in foreign sourcing from prior years, a weakening of the U.S. dollar could result in significantly higher product costs. Our international purchases are concentrated in China and other Asian countries.

Interest Rate Risk

In the normal course of business we employ established policies and procedures to manage our exposure to changes in interest rates. We utilize derivative financial instruments to reduce our exposure to market risks from increases in interest rates on our variable rate indebtedness. We currently have hedging arrangements in the form of an interest rate cap agreement, which has an October 2021 termination date, in place to mitigate the impact of higher interest rates. As of February 1, 2020, the interest rate cap agreement hedged \$703.5 million of principal under our Term Loans.

BUSINESS

JOANN Overview

JOANN is the nation's category leader in Sewing and one of the fastest growing players in the arts and crafts category. The Creative Products industry is a large and growing market, which according to a 2017 Association for Creative Industries (AFCI) study is in excess of \$40 billion. The industry is currently experiencing a significant acceleration for product demand in response to multiple secular themes, such as heightened DIY customer behavior, amplified participation from both new and existing customers and increased digital engagement, of which we are a key beneficiary because we have positioned ourselves and our go-forward strategies to capitalize on increased demand for Creative Products. As a well-established and trusted brand for over 75 years, we believe we have a deep understanding of our customers, what inspires their creativity and what fuels their incredibly diverse projects. Since 2016, we have embarked on a strategy to transform JOANN, which has helped us pivot from a traditional retailer to a fully-integrated, digitally-connected provider of Creative Products.

As the nation's category leader in Sewing with approximately one-third market share, based on our internal research estimates of market share of the Creative Products industry that primarily consist of an annual survey of Creative Product consumers as of July 31, 2020, we believe we offer the broadest selection of products while being committed to providing the most inspiration, helpful service and education to our customers. While we continue to gain market share and solidify this leadership position in Sewing, which represented 49% of our total net sales in the last twelve months ended October 31, 2020, we have also been growing share and believe we have further significant share opportunity in the arts and crafts category. We are well-positioned in the marketplace and have multiple competitive advantages, including our broad assortment, established omni-channel platform, multi-faceted digital interface with customers and skilled and knowledgeable team members. We offer an extensive assortment, which at its peak, averages more than 95,000 SKUs in stores and over 245,000 SKUs online, across Creative Product categories. Over 50% of our in-store net sales cannot be directly comparison-shopped because of our strong and growing own-brand portfolio, including our copyrighted or proprietary fabric patterns and designs and factory direct relationships. We have expanded access to this broad assortment through e-commerce and digital capabilities that complement our physical network, drive customer engagement and deliver an exceptional customer experience while supporting consistently strong gross margins. Through our omni-channel platform, we serve our customers in a differentiated manner by offering several convenient fulfillment options, including BOPIS, curbside pick-up and ship-to-home offerings. Our omni-channel platform operates at a large scale, having generated \$423 million in net sales in the twelve months ended October 31, 2020, including \$376 million in net sales in the thirty-nine weeks ended October 31, 2020 and following \$126 million, \$103 million and \$87 million in net sales in fiscal years 2020, 2019 and 2018, respectively. Our data-driven digital capabilities further reinforce our relationship with our customers. Customers connect with us through our newly re-designed mobile-first website, *joann.com*, and our widely-used mobile application with over 11.8 million downloads. As of the end the third quarter of fiscal year 2021, we had over 69 million addressable customers in our vast database, over 16 million customers in our email database and 4.5 million customers in our SMS text database. These points of differentiation are reinforced by our knowledgeable, friendly and trusted team members, a significant number of whom are sewing and craft enthusiasts, who offer a service-oriented experience for our customers that we believe cannot be replicated by mass retailers or pure play online players.

We appeal to an expansive customer base ranging across all ages, demographics and skill levels. We serve the DIY customer, including those who make to give or donate their creations, and supply small business owners with components to create and sell their own merchandise. We estimate this group makes up approximately one-quarter of our customers and typically resells on online marketplaces such as Etsy, eBay, Shopify and other platforms, which have also experienced significant growth in 2020. Our customers are passionate and creative, using their hearts, hands and minds in their sewing, crafting and decorating activities. We believe our customers' enthusiasm drives the JOANN culture, as exemplified by our "Make to Give" program. We strive to support our community of creators, and they create to support their communities by donating or gifting the items they make, which range from blankets for hospitalized children, homeless persons, and shelter pets, to masks for hospitals, schools and friends. We estimate that over 70% of JOANN customers make to give or donate their creations. Our loyal core customer base is key to our sales growth, and over the last twelve months ended October 31, 2020, our top three million customers averaged ten purchases each. Additionally, in fiscal year 2021, our new customer base has grown faster and is spending more than in prior years. Since February 1, 2020, we have acquired over eight million new customers, many who initially purchased fabric to make their own masks but have expanded their shopping behavior across our diversified merchandise categories in subsequent transactions. Customers typically purchase from JOANN with a project in mind that requires several component items. In that vein, we believe our physical footprint is an advantage, as most customers regularly want to explore what is new, see how various items and colors work together, see how a fabric drapes, feel the texture and seek help from our experienced team members.

In 2016, we accelerated our journey to transform JOANN by reinventing the in-store and digital customer experience. We recruited talent at every level of the company and across all key business areas to complement our existing expertise. This undertaking has resulted in significant enhancements to our value proposition, including reinvigorating our core merchandise assortment, refreshing our branding, developing a location refresh prototype and improving the customer experience. We improved our assortment by conducting a systematic review of all categories at a product-level and all layouts at a location-level in order to optimize sales and gross margin. We have also expanded our data-driven digital footprint, which includes our extensive digital marketing assets, CRM system, social media platforms and e-commerce capabilities. We better understand our customers through our centralized database that brings together how each customer interacts in our physical and digital properties and provides a holistic view of their behavior. We are able to utilize this data to drive engagement with our brand, create loyalty and inspire, educate and ensure we are increasing our share of customer spend through timely and relevant marketing. By using data and digital contact channels, including email and SMS digital display, and leveraging our mobile application, we are able to contact customers with personalized content and provide the convenience to shop wherever and however they choose. We believe that these core initiatives and transformational investments have driven our performance and increased customer engagement over the last several years and strategically position us to continue to create long-term value. This momentum was temporarily interrupted in fiscal year 2020 by the unanticipated headwind of incremental U.S. tariffs on Chinese imports that we estimate, before mitigation, would have amounted to \$75 million of additional annual costs, as these tariffs applied to a broad range of our products. However, after working to partially offset their effects and having incorporated the balance of these tariffs into our cost base, we are driving strong operating profit growth across both our locations and e-commerce platform as well as achieving margin expansion.

Omni-Channel Net Sales

(\$ in millions for omni-channel net sales)

Our momentum through the COVID-19 pandemic has been further supported by heightened DIY customer behavior, significant increases in the number of new and current customers participating in new categories and the continued rise of online marketplaces. As a result, according to Earnest Research, we and the other two largest specialty players in the Creative Products industry have seen on average 22% growth in year-over-year sales since May 3, 2020. Over the same period, we have experienced outsized growth, gained share and enhanced our strong foundation, increasing total comparable sales by 38% since May 3, 2020 while adding over eight million new customers to our marketing database since February 1, 2020. These new customers have already driven elevated repeat purchase levels both via our locations and e-commerce platform and represent further opportunities to cross-sell and become part of our ongoing customer base. These new customers tend to be younger and more affluent than existing customers in our database, and are large consumers of our rapidly growing sewing and craft technology categories which include machines and related supplies. These trends support our business, as we estimate that a typical customer who purchases a sewing or craft technology machine will purchase an average of over \$500 of our products in the year following their machine purchase and over \$330 in the subsequent year. We are further encouraged by the retention of these new customers and their migration to shopping outside of the Sewing category. These new customers are regularly shopping across our other categories, with the fastest-growing cohort being new customers shopping the arts and crafts category. We believe that these underlying trends, along with our transformational investments and initiatives executed since 2016, strategically position us well to continue to drive long-term value creation.

Through improvements in merchandising, marketing, supply chain, sourcing and customer experience, we have significantly increased our more recent financial results. Our success in the thirty-nine weeks ended October 31, 2020 has been broad-based across our geographic regions, merchandise categories, customers and channels. Our Opportunity

The Creative Products industry is a large and growing market, which according to a 2017 Association for Creative Industries (AFCI) study is in excess of \$40 billion. The industry is currently experiencing a

significant acceleration in response to multiple secular themes, such as heightened DIY customer behavior, amplified participation from both new and existing customers, and increased digital engagement, of which we are a key beneficiary because we have positioned ourselves and our go-forward strategies to capitalize on increased demand for Creative Products. Participation includes a broad range of activities such as sewing, quilting, apparel making, crafting and home decorating. This historically stable industry has been growing over the past five years, as consumer demand in individual product categories shifts from time to time and as trends evolve. We maintain approximately one-third market share in Sewing, while being competitive as one of the fastest growing players in the more fragmented arts and crafts category.

The Creative Products industry spans a diverse set of merchandise, as customers search for a variety of supplies to support their projects. In addition, customers appreciate a specialty retail environment where they have the flexibility to leverage in-store service for instruction and inspiration and shop across channels at their convenience. As a result, the Creative Products industry is highly fragmented. However, there are a limited number of players that can meet the customers’ dynamic needs. For instance, based on our internal market research, we estimate pure play e-commerce players represent less than 10% market share of the Creative Products industry, while the remainder of the industry is covered by mass merchandisers, specialty retailers and independent retailers. We believe that we are the only specialty player that can serve customers holistically with an expansive Creative Products assortment, service-oriented experience and integrated omni-channel capabilities.

The Creative Products industry has historically demonstrated stable growth, and we aim to continue to benefit from the following sustainable tailwinds:

- **Heightened DIY Customer Behaviors.** The industry benefits from the increasing participation in the DIY ethos across demographics. In recent years, especially during the COVID-19 pandemic, DIY customer behaviors have been heightened by the following long-term trends:
- **Engaging Customers across Demographics.** DIY activities appeal to a large and broad customer base and participation in DIY activities does not diminish as women age, creating more consistent demand throughout their lifetime. Customers across demographics choose to engage with retailers through different channels. We believe players in the Creative Products industry must have a robust omni-channel platform to attract and retain this diverse customer base.

- **Increasing Desire for Personalization.** Customers, especially Millennials and Generation Z, increasingly desire Creative Products that express their individuality and make a personal statement. Such growing demand for unique and personalized products has stimulated the demand for DIY supplies and customization services.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

- ***Growing Digital Presence and Engagement.*** Digital arts and crafts marketplaces, such as Etsy, eBay, Shopify and other platforms, are becoming increasingly popular among makers and customers who buy their finished designs. This burgeoning ecosystem creates a growing demand for Creative Product supplies. These marketplaces, combined with social media platforms, serve as a critical source for inspiration and instruction for customers. The growing presence of these platforms enables more engaged customer communities, serving as a connection point where they share their interests and creativity with a wider audience.
- ***Accelerated Customer Participation Expected to Persist.*** According to our internal research, a survey published by Bloomberg and Morning Consult, and SVP Worldwide, the COVID-19 pandemic has accelerated participation in DIY activities, as customers have taken a more proactive role in homesteading-style and home improvement projects. Since May 3, 2020, over half of Creative Products industry participants have specifically taken on a new type of creative project and the industry has grown year-over-year sales by an average of 22%. With more free time, customers have also capitalized on the opportunity to learn new skills, creating elevated demand for supplies. This newfound self-reliance has helped build DIYers' confidence, and they are recognizing the emotional and functional benefits of making, driving continued interest far beyond the pandemic.
- ***Consistent and Recession Resilient Customer Demand.*** We estimate that the Creative Products industry has experienced growth of over 4% in the last five years according to our internal research as of July 31, 2020. It offers versatile products at attainable price points that create fun, engaging and affordable activities for customers, who become habitual and dedicated to their own creative projects over time. The affordable nature of the Creative Products industry provides resilience in recessions as customers become more value conscious and self-sufficient. According to the Bloomberg and Morning Consult survey, approximately 30% of Americans participated in sewing or clothing repairs during the COVID-19 pandemic. We also believe the emotional benefits customers receive from making, such as empowerment upon finishing a project, a connection with their communities through making to give or donate and improved mental health as a result of doing something they are passionate about, will continue to drive demand.

We believe that Sewing, in particular, will sustain its growing momentum. According to SVP Worldwide, sewists are typically more passionate about their hobby than other enthusiasts. In addition, the number of sewists has increased significantly driven by the entrance of Millennials, having grown at a CAGR of 7.4% since 2012. As of September 2020, 65 million people in the United States can sew or participate in sewing without instruction, and over half of these participants own a sewing machine. We believe that growth in this category, like the broader Creative Products industry, has been supported by changing consumer demographics.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.

SVP Worldwide estimates that sewists are getting younger, with 65% being 30 years old or younger with an average age decreasing from 48 in 2004 to 37 in 2020.

We believe the existing and sustained growth of the sewist population will drive sales in the category. According to SVP Worldwide, the average sewist owns at least three sewing machines and plans to buy a new machine every two to five years. When customers buy sewing machines, they tend to purchase complementary consumable items, which drives potential recurring purchases. In addition, according to SVP Worldwide, 20% of consumers who purchased a sewing machine in 2020 were first time purchasers, further building upon the base of potential future demand from sewists. This population of sewists is also highly engaged in the craft and spends a significant amount of time sewing, with approximately half of U.S. sewists spending between 5 to 19 hours a week on projects. While the Sewing category was stable and growing before the COVID-19 pandemic, 92% of consumers who purchased a sewing machine in 2020 expect to sew as much as they had in the past or more in the future. We believe these tailwinds and increased engagement will sustain participation and accelerate category and Creative Products industry growth.

Our Competitive Strengths

We believe our proven merchandising, marketing and customer experience capabilities combined with our sourcing and supply chain expertise have enabled, and will continue to support, our strong and profitable growth. Our business model has multiple competitive strengths including:

Category Leader in an Attractive Market with a Large, Growing and Wide-Ranging Customer Base

We are the nation's category leader in Sewing with approximately one-third market share, and one of the fastest-growing players in the arts and crafts category. Based on our estimates of market share of the Creative

Products industry that primarily consist of an annual survey of Creative Product consumers as of July 31, 2020, our market share in the highly fragmented arts and crafts category has grown by approximately 50 basis points over the past five years. Approximately 70% of Sewing industry shoppers rank us ahead of our competitors on availability of the products they need, selection and quality, according to our internal research. Similarly, in arts and crafts, industry customers' ratings for our quality, selection, availability and price double once they shop our locations and e-commerce platform.

In contrast to other leisure activities, our customers' engagement in sewing and crafting projects represents a recurring activity that is vibrant across all ages and demographics. Our core customer is an upper forties, college-educated woman with a higher-than-average household income (median household income of over \$62,000) and who is a reliable enthusiast for many of our key categories. We believe our core customer's higher discretionary income and favorable demographic trends, as the number of women aged between 45 and 79 is expected to grow faster than the overall population over the next five years according to 2017 U.S. Census data estimates, will continue to build our loyal customer base. Our appeal to Millennial and Generation Z customers has also increased. Females in the younger than 35 years old age group are the fastest growing demographic in our industry today, representing a 400 basis point increase in demographic share over the past year from 40% to 44% based on internal research. Customers of all ages, demographics and skill levels have demonstrated their enthusiasm for Creative Products by actively exchanging project ideas, tips and techniques through our online community on *joann.com*. With nearly four million combined followers across social media applications, including Facebook, Instagram, Twitter, Pinterest and YouTube, we are connecting with new customers and bolstering our interaction with existing customers.

Finally, we are also a go-to source for small business owners who rely on our products to create, donate or sell their own merchandise. We believe that the growth of online marketplaces, such as Etsy, eBay, Shopify and other platforms, is driving the expansion of our customer base, and the success of online marketplaces is directly linked to our growth, with approximately one-quarter of our customers using our products for their online marketplace-based businesses. These customers often buy in bulk and benefit from being a part of the JOANN community through access to our helpful educational content, project inspiration and our knowledgeable team members and customers. These customers span all ages and demographics and sell products through various channels such as retail stores, trade fairs, entertainment venues and online, including participating in the growing digital marketplaces.

Differentiated Value Proposition

Our customer value proposition is a critical driver of our business. The key components include:

Broad Assortment across a Wide Variety of Categories. We believe we have the most comprehensive, innovative product assortment available in our industry, especially within Sewing. This breadth of assortment across our various categories is a key competitive advantage given that our customers' interests and projects are often widely varied and not confined solely to one activity. As of October 31, 2020, we had 857 locations, which we believe are also critical to success in the Creative Products category and a key enabler to our omni-channel growth. In an industry that requires high SKU intensity to be successful, we carry one of the industry's broadest selections of Creative Products, which at its peak, averages more than 95,000 SKUs in stores and over 245,000 SKUs online. We believe this dynamic is analogous to hardware and home improvement concepts, in that customers are project-focused and require all component supplies and prefer knowledgeable assistance in order to successfully complete their shopping mission. We also believe this is why we have an advantage versus solely online players in addressing a customer base that prioritizes variety, customization and customer support. We continue to improve our assortment by conducting systematic reviews of all categories at a product-level and all layouts at a location-level in order to optimize sales and gross margins. We consistently innovate with proprietary brands and products that appeal to our customers by working with our suppliers to introduce new items and styles to our assortments. As of October 31, 2020, over 50% of net sales related to items that are non-comparative or exclusive to JOANN and cannot be directly cross-shopped with our

direct competitors and mass retailers. We believe that we strike a customer-focused balance between our proprietary products and the well-known national brands that our customers have also come to know and love.

Unique and Inspiring Shopping Environment. We provide our customers with an engaging and exciting shopping experience that spurs inspiration and creativity. We encourage customers to interact with our merchandise, to experiment with potential designs and to see the actual product they will purchase. In many locations, we also offer differentiated in-store services such as digital printing, laser-cutting and engraving and educational programs in dedicated classrooms to further inspire and enable our customers. In select locations, our customers can rent sewing and crafting technology such as a quilting long-arm or a Glowforge laser-cutting machine. To support our growing group of seller customers, in 2018 we launched JOANN+, a digital program providing devoted service for small-to-medium sized businesses and high volume makers. With this program, our customers are able to enjoy volume discount pricing, dedicated customer service contacts and a streamlined shipping and return experience. We continue to explore a variety of other ways to engage these makers and build loyalty including through our small maker forums, maker grant programs, and showcasing across any number of our digital marketing and social media assets.

Helpful and Knowledgeable Team Members. Our team members, who we refer to as “Friendly Clever Allies,” are knowledgeable, friendly and trusted and offer a service-oriented experience for our customers. According to our internal research, JOANN leads all competitors on “knowledgeable staff” and “can get the help I need” ratings. A significant number of our team members are enthusiastic sewists and crafters themselves and bring first-hand knowledge and experience with our products which we believe are difficult to replicate. These team members live by the “No Quit” mantra, “We Got This,” and this helpful and resourceful attitude resonates with our customers. Our team members are encouraged to advise customers in creating and completing creative projects, which offers a service-focused experience that we believe allows our customers to be more informed and engaged in projects.

Combining a Robust Digital Platform and Strategic Physical Network

Since early 2017, we have built a large, growing, profitable and well-connected omni-channel platform comprised of robust digital capabilities and a nationwide physical network. From fiscal year 2018 to fiscal year 2020, we increased our omni-channel net sales by a CAGR of 20% and by 369% in the thirty-nine weeks ended October 31, 2020 compared to the same period in fiscal year 2020. As a result of our investments and our ability to be nimble, we doubled the number of locations with ship-to-home capabilities and were able to continue serving our customers on our established platforms during the COVID-19 pandemic. Our physical network is critical to being able to execute on digital opportunities in the Creative Products space given its visual, tactile and project-based nature. We strive to make every customer’s trip to JOANN a trip to their “Happy Place.” We believe that the enthusiastic and highly engaged nature of our customer is why we have seen sales lifts as high as 24% in our refresh prototypes that elevate assortments, service and in-store experience. Our strong performance is also driven by our ability to engage customers through our robust omni-channel capabilities as they become cross-category repeat purchasers during their in-person trips to our locations and visits to our e-commerce platform.

Our recently upgraded e-commerce mobile first platform, driven by Salesforce Commerce Cloud, as well as our custom mobile application, provide exceptional functionality and user experience, offering premier digital navigation, speed, assortment, content, and personalization features. Our website traffic has increased by 125% through the thirty-nine weeks ended October 31, 2020, with site conversion increasing by 300 basis points compared to the same period in fiscal year 2020. Over that same period, our mobile application has been downloaded two million times. We currently have 11.8 million downloads of the application and more than 25% of omni-channel sales were generated through purchases made within our mobile application.

Through our physical network, we have the ability to consistently fulfill and deliver a growing assortment of products directly to consumers, in addition to convenient services such as BOPIS, curbside pick-up and ship-to-home. For the last twelve months and the thirty-nine weeks ended October 31, 2020, over 70% and approximately 79% of *joann.com* orders, respectively, were fulfilled by our locations, either as BOPIS, curbside pick-up or ship-to-home. In addition, in the thirty-nine weeks ended October 31, 2020, approximately 40% of online demand sales were generated via BOPIS. Since the time that the majority of COVID-19 restrictions on in-store traffic were lifted through October 31, 2020, approximately 25% of our BOPIS program customers have made an additional purchase upon pick-up, resulting in an average increase to their orders of \$28 or approximately 100%. We believe our locations, which are in close proximity to our customers, provides us a significant last-mile cost advantage. Unlike internet pure play and regional competitors, we can route e-commerce orders to a local store, significantly reducing the overall cost and time to service orders. During the thirty-nine weeks ended October 31, 2020, omni-channel sales accounted for 20% of our total net sales compared to 4% for fiscal year 2018.

Digital Platform and Digital Assets Enable Scalable Profitable Growth

As of October 31, 2020, our total customer database included 69 million unique customers, which represents 15% growth since the end of fiscal year 2020 and 43% growth since the end of fiscal year 2018. Within that database, we maintain an active email file of over 16 million customers, which has grown by 32% since the end of fiscal year 2020 and 76% since the end of fiscal year 2018. Customers receiving email marketing have historically been our highest value customers in terms of net sales, with the average email customer generating over 40% more in net sales as compared to our non-email customers. In 2019, we significantly upgraded our capabilities to better target and engage customers with personalized offers. We have developed a robust CRM platform creating a holistic view of customer behavior, which helps drive recurring purchases. We currently run over 40,000 product and customer journey campaigns with defined, tailored content to each individual customer based on purchase history. Due to the success of the initiative, we can identify specific

database customers for more than 70% of our net sales, without the burden of a costly loyalty program. Our highly effective, performance-based marketing team leverages this information to profitably acquire new customers, drive repeat purchases and grow lifetime value across channels.

This customer engagement is reinforced by our strong presence on social media, with nearly four million total followers across social media platforms, including our fastest-growing channel, YouTube, which has increased followers by 121% for the thirty-nine weeks ended October 31, 2020. We further use digital education and inspiration to engage customers on new projects and inspire creative activities. We augment customer engagement through social media and our e-commerce platform by also leveraging our wholly-owned subsidiary, *Creativebug*, a large craft subscription learning platform with approximately 150,000 paid monthly users. Our customers have access to thousands of projects and videos that can take them from a skill-building novice to an expert sewist or maker. When a creative customer is seeking advice, education or inspiration, we are there for them.

We have multiple techniques to convert new customers into long-term, repeat customers across their current Creative Products activities and encourage them to enter new categories or advance in their existing category. We not only do this through social media and digital education, but also through proprietary and targeted journey mapping, exciting and compelling digital marketing offers, as well as leveraging multiple inspirational and educational digital assets. We believe this integrated, multi-channel approach resonates with our customers, as omni-channel represents 20% of our net sales for the thirty-nine weeks ended October 31, 2020 versus 4% for fiscal year 2018.

Strong Cash Flow Generation and Solid Balance Sheet

We have demonstrated an ability to generate significant free cash flow due to our high gross margins, controlled operating expenses, moderate working capital requirements and low annual maintenance capital expenditures. We have used a portion of our free cash flow to build a strong balance sheet by consistently reducing net leverage. We retired and repaid \$433.8 million in principal amount of debt from November 2, 2019 to October 31, 2020, resulting in us having outstanding debt of \$929.7 million as of October 31, 2020. In addition to deleveraging, we have continued to make a number of investments in our information technology systems which, coupled with the continued disciplined management of inventory and costs, promote additional operating efficiencies. We anticipate that these efficiencies will allow for continued investment in the business while improving our net leverage moving forward.

Our operating model is highly scalable and enables capital efficient growth. For the five fiscal years ended February 1, 2020, our gross margin rate was 50.2% and selling, general and administrative expenses were held to minimal growth with a CAGR of less than 1%. Those strong operating metrics combined with low maintenance capital spending and a focus on working capital efficiencies have driven the generation of \$494.9 million in net cash provided by operating activities from the beginning of fiscal year 2016 through October 31, 2020, and \$265.9 million of free cash flow during the same time period. These results are sustained by a cash-generative and convenient real estate portfolio that stretches over 49 states, with 98-99+% of all locations having consistently delivered positive Four-Wall Cash Flow over the same period.

See “Prospectus Summary—Summary Consolidated Financial and Operating Data” for definitions of Adjusted EBITDA and free cash flow, and reconciliations of Adjusted EBITDA to net income (loss) and of free cash flow to net cash provided by operating activities.

Proven Leadership Team and Passionate, Performance-Driven Culture

We are a purpose-driven company dedicated to inspiring the creative spirit in each of us—our customers and ourselves. Our company is led by an accomplished and experienced senior management team with significant public market experience and a proven track record in our industry. Our senior management team has an average of 18 years of retail experience, and their understanding of the intricacies of selling SKU-intensive, lower-ticket merchandise facilitates the execution of our growth strategies. Our President and CEO, Wade Miquelon, who has been with JOANN for almost five years, brings 30 years of experience including CFO and

President of International for Walgreens, CFO and EVP for Tyson Foods and as CFO for Procter and Gamble’s Western European and AAI regions (ASEAN/Australasia/India). Our CFO, Matt Susz, has 30 years of experience including 24 years at JOANN, with leadership roles in accounting, financial and strategic planning, internal audit, treasury, IT and operations. Other members of the executive team bring substantial experience and skills in operations (retail and e-commerce), marketing, merchandising, product development, supply chain, legal, human resources and information technology. We have a high-performing and customer-centric culture and our team members tend to be very loyal, a loyalty born out of a true passion for the industry we operate in and the kinds of customers that we serve.

Our Growth Strategies

We believe we are well positioned to drive sustainable growth and profitability over the long term by executing on the following strategies:

Refreshing our Locations with Enhanced Customer Experience

We have successfully developed and launched a range of refresh options for our locations over the past three years. Our design process is structured and tailored to the needs of our new and existing customers to ensure all elements are appealing to them. Our options span across three core areas:

- *Experiential Design Elements*—More engaging graphics, lighting, signage, customer work-spaces and merchandise fixtures
- *Content Improvements*—Merchandising assortments and service offerings optimized for each location
- *Service Enhancements*—Team member training and engagement, technology-supported management of service wait times and ease of check-out

The investment for each refresh project is tailored to each location’s needs and unit economics. We have four general levels of investment and project scope tailored to what would benefit each location, with future investment expected to range from \$150,000 for lightest-touch refreshes to \$3 million for the relatively few but most-extensive refreshes. Refinement of our prototype location refresh program has been achieved through the 24 pilot projects completed to date.

Based on the positive outcomes and learnings from these pilots as well as additional improvements being developed, we believe we can achieve an average net sales uplift ranging from 5% to 25% from projects where we refresh an existing location. We have identified just over 50% of our existing locations that are targets over the next seven to ten years for refresh projects at varying levels of scope.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

In over half of the refresh projects completed to date, we have also relocated to an improved site within the trade area. Those relocations deliver our higher end of scope for experiential design elements, as those are more efficient to provide in a new building. We also typically increase the size of the location to an average of 25,000 square feet, and therefore expand the assortment breadth we can offer the customer. We have identified 20% of our current locations that are targets for relocation that we believe will result in net sales uplifts ranging from 15% to 75% compared to the current location. We will execute on these opportunities as leases expire on the current locations over the next seven to ten years.

During the COVID-19 pandemic, we were required to limit the presence of external contractors in most of the United States. As a result, we have been focused on scope refinement and project cost engineering of our prototype to optimize our expected return on investment. We expect to complete 10 to 15 projects over the second and third quarters of fiscal year 2022, with a more robust number of projects to be completed annually in fiscal year 2023 and beyond.

Driving Ubiquitous Customer Engagement that Offers Exceptional Experience and Accelerated Omni-Channel Growth

We have extended the JOANN brand beyond our locations and actively engage with our customers across various digital touch-points to wherever and however they choose. Our customers want options, and our robust omni-channel solutions provide a seamless e-commerce shopping experience. We have heavily invested in, and successfully built, our valuable digital assets in the past years, including our large email and SMS text databases and established social media presence. We have successfully leveraged these digital assets with our strong CRM capabilities to further accelerate our digital customer engagement. We have added more new customers to our digital databases in the thirty-nine weeks ended October 31, 2020 than in any prior full year. We plan to continue our customer acquisition momentum with several digital initiatives, from driving traffic to *joann.com* to expanding our presence in social media platforms. For example, YouTube has been a popular digital platform for our customers when they search for instructions and project inspiration. We have grown our subscriber base on YouTube by 121% over the thirty-nine weeks ended October 31, 2020. Videos on our YouTube channel have been viewed nearly 48 million times in that span, or more than a 1,400% increase compared to the same time period in the prior year.

We will also continue to enhance our omni-channel shopping experience. We successfully upgraded our e-commerce platform in 2020, including improved search engine optimization and user experience, particularly on mobile devices. Today, our customers can easily shop over 245,000 SKUs available as of December 2, 2020 on our e-commerce platform with convenient fulfillment services such as BOPIS, curbside pick-up and ship-to-home. We believe that a broad online product assortment is critical to customer experience as it provides the ability to complete a consolidated purchase across multiple Creative Products categories. We intend to further expand our assortment across various product categories. We plan to improve our supply chain capabilities to provide our customers with a streamlined, worry-free omni-channel shopping experience. We have launched several initiatives to actively increase our fulfillment rate and optimize the cost structure for our omni-channel service offering, which are aimed at improving customer satisfaction.

We strive to provide a seamless transition when our customers engage across our locations and digital platform. Our mobile application has various functions that improve our customers' shopping experience, no matter where they are. For example, we have recently launched a new digital initiative, "We Got This," where our team members can assist our customers, in-aisle at our locations, to order additional items and make bulk purchases on our mobile application. We are also adding QR codes across our locations to efficiently connect our customers to our vast digital library of projects, sources of inspiration and assortments. By scanning QR codes on their mobile devices, our customers can more easily access our digital content while they are shopping in-person.

We intend to further deepen our customer engagement with digital education and learning services, as our customers constantly search for project inspiration and instructions online. For example, we plan to continue to grow our YouTube channel to provide rich content for customers searching for quick tips and short tutorials.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

We also expect to expand our high quality education offering to customers who are interested in skill building and learning. We intend to offer more affordable and innovative digital creative education across multiple platforms, including *Creativebug*, to offer subscription-based access to thousands of arts and crafts classes.

Expanding Our Digital Presence into New Markets and Categories with Substantial Share Opportunity

Our customers can shop over 245,000 SKUs available as of December 2, 2020 on our e-commerce platform. By enhancing our central fulfillment capabilities, we intend to further broaden our assortment in product categories that offer substantial share opportunity and also improve our fulfillment rates.

We believe there is significant demand from customers outside the United States. For example, according to SVP Worldwide, approximately 77% of all sewing machine sales globally take place outside of the United States. To capture this opportunity, we intend to expand our robust e-commerce platform to multiple international countries. We receive numerous inquiries every year from international customers hoping to purchase from us, and approximately five million international visitors actively engage our website annually, without any marketing initiatives. We have engaged an experienced external provider to launch multi-country international sales. They will support us in managing both the consumer-facing and back-office aspects of this initiative. We believe the breadth of our assortment, purchasing power and pricing levels will allow us to provide a strong value proposition to our customers in many other countries.

We have an innovative management team that has helped develop a robust pipeline of digitally-led initiatives that we believe will strengthen and expand the JOANN brand both domestically and internationally.

We believe digital printing is a rapidly-growing technology that provides unlimited design and color options, no minimum quantities and a much more environmentally-friendly production process. We intend to deepen our penetration in digital printing by providing our customers with easy-to-use and innovative technology that significantly enhances the current creative process. In November 2020, we re-launched *Customizable Fabric* as a digital printing platform through our proprietary partnership with *WeaveUp*, a technology company offering cutting-edge digital printing solutions for fabric and other customization tools. Customers around the world can also easily make alterations to the designs on the platform, which can be printed on a wide range of fabrics using high-quality reactive dye digital printing machines. Through our partnership with, and investment in, *WeaveUp*, we also expect to accelerate new product development and supply chain savings in the Sewing category.

We intend to create a more convenient experience for our sewists with innovative digital solutions. We have developed and patented a proprietary technology named *Ditto* that we believe could revolutionize the sewing process. The technology is expected to solve the most common pain point reported by our customers: the pinning and cutting of sewing patterns on fabric. Our research has shown that by changing the current cumbersome fabric cutting process, it is likely that sewists will increase their overall sewing activity. We expect the commercial launch of this technology to be in late calendar year 2021.

Delivering Operational Excellence and Margin Improvement

We work to build operational efficiencies to consistently improve our customer value proposition and financial operating margins. We will continue to focus on three core competencies that we have continuously refined with experience that drive sustained operational excellence.

Product Sourcing. Our most significant cost saving initiative is product sourcing. Through the leadership of our U.S.-based sourcing and product development team as well as our Shanghai sourcing office that was established in 2018, we have accelerated our ability to migrate product assortments to factory direct sourcing. This expands our ability to lower costs while delivering new and innovative products to our customers, and we estimate that we have achieved more than \$60 million in cost savings through this process from fiscal year 2018 to fiscal year 2020. As our penetration of direct sourcing will still be below 50% of our total merchandise receipts in fiscal year 2021, there is substantial opportunity to generate additional savings through this program.

Indirect Procurement. Over the past two years, we have taken a more strategic approach, including investment in leadership and supporting talent, for our indirect procurement. This team is charged with managing supplier negotiations as well as eliminating waste and inefficiencies across approximately \$250 million of annual addressable indirect spend from operating supplies to merchandise fixtures, facilities services, printing and technology costs. Through fiscal year 2022, this team will be focused on 66 separate sourcing efforts, contract negotiations and process improvement projects across nearly all of our business disciplines that represent \$70 million to \$80 million in current annual spend. Our goal is to generate reductions in the range of 8% to 12% of such current annual spending levels.

Supply Chain. We have a series of supply chain initiatives that we believe will support our continued e-commerce growth and reduce fulfillment costs for customer orders, while significantly reducing our supply chain costs and improving customer and team member satisfaction. Many of these initiatives will simplify and streamline processes and systems that impact the team members that serve customers in our locations. We believe this will ultimately provide more time to engage with our customers in-store, shorten customer online order fulfillment times, and reduce overall labor costs.

Merchandising

49% of our total net sales were within the Sewing category in the last twelve months ended October 31, 2020. Marketing

Our marketing efforts are key to the ongoing success and growth of our brand. We engage a diverse customer base ranging across ages, demographics, interests and skill levels, from the novice to the experienced sewist and maker. Our primary focus with these efforts is to deepen the relationship with our customers, with a long-term focus of creating loyalty and helping our customers find their “Happy Place” at JOANN.

We leverage our proprietary customer database to provide relevant and timely communications to customers through multiple digital channels (email, SMS text, mobile application push notifications, and display marketing), and to our most engaged customers via a robust direct mail program. This allows us to efficiently and

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

effectively reach our target customers on a regular basis throughout the year. We rely primarily on digital marketing tactics to drive customer acquisition, including online display and search marketing, social media and affiliate marketing programs. Our retention marketing programs leverage a robust CRM platform and database that provides us a detailed view of customer behavior, combining sales in our locations with online and social media activity. Through this database, we can personalize our digital marketing, email, SMS text, and direct mail campaigns to ensure we are providing the most relevant content to our customer at all times.

Customers can interact with our brand whenever and however they want. Customers connect with us through our newly re-designed mobile-first website, *joann.com*, and our widely-used mobile application with over 11.8 million downloads. As of the end the third quarter of fiscal year 2021, we had over 69 million addressable customers in our vast database, over 16 million customers in our email database and 4.5 million customers in our very large SMS text database. As of December 2, 2020, our customers can shop over 245,000 SKUs available on our e-commerce platform. Customers have the ability to shop their local location online, with convenient omni-channel services available like BOPIS or curbside pickup. Customers can also choose to order direct to home, with extended aisle offerings across all major product categories. For customers seeking to purchase in greater quantities, we offer low pricing for bulk purchases through our JOANN+ service on *joann.com*. Those looking for inspiration and education can access thousands of projects in multiple ways and formats, including our digital platforms that offer thousands of project ideas, from novice to expert level, and include convenient shopping lists for each project. Customers seeking video tutorials can access free content both through *joann.com* and on the JOANN YouTube channel, where we post additional “how-to” videos. Finally, customers looking to build more advanced skills can gain access to *Creativebug*, our wholly owned subsidiary, which offers hundreds of longer form video tutorials from experts in the industry via a subscription. Our *Creativebug* website offers an extensive array of online arts and crafts instructional videos allowing customers to learn how to paint, draw, sew, quilt, knit, crochet, and much more, while capturing the intimate experience of learning from top designers and artists.

We interact with our customers in multiple ways digitally, through online communities, social media platforms and on *joann.com*. Our highly active social networks are playing an increasingly significant role in our marketing, public relations and customer engagement. We utilize Facebook, Instagram, YouTube, Pinterest and affiliate marketing partners as engagement tools to inspire, educate, promote sales, introduce new products, share customer stories and engage in communication, including customer service support and idea sharing. We also have established relationships with key crafting and sewing influencers who help promote our brand, projects, and product offerings. Through our digital and social communities, we have launched key initiatives further connecting our diverse customers, including:

- our “Make to Give” campaign for calendar year 2020 focused on making and donating cotton masks and scrubs to support our communities and front line health care workers, through which we estimate that we have directly donated materials for over 20 million masks, scrubs and other personal protective equipment and our customers have purchased, made, and in many cases donated, more than 350 million additional masks as of October 31, 2020; and
- the launch of our two inaugural campaigns designed to give back to those in need: (i) the “Minority Creative Grant” that we established in August 2020, awarding minority makers a series of grants totaling \$100,000 to support them in growing their businesses, and (ii) the “Handmade Hero’s Award” of \$100,000 that we established in November 2020, awarding and giving back to those who have made to donate to their own communities throughout the year.

We also encourage our customers to share their projects with others, and they can easily do so by utilizing the hashtag “#handmadewithjoann.” Through this hashtag, content is not only shared in the social platform posted on, but also flows through our mobile application and on *joann.com* for others to comment on and be inspired.

As we further build our brand, we continually explore and test strategic partnerships. These partnerships can range from co-branding products and services to building entirely new offerings for customers. For example, we partner with Girls Scouts of America and 4-H. At the core of each of these partnerships, we seek to connect with and build a longer term relationship with younger and upcoming makers and those who share our common passion to help others, further generating awareness of the social value of our brand.

Purchasing

We generally have multiple domestic and international sources of supply available for each category of products we sell. During the thirty-nine weeks ended October 31, 2020, we sourced approximately 63% of our purchases from domestic suppliers with the remaining approximately 37% of our products coming directly from manufacturers located in foreign countries, of which just over half were sourced from China. To further support our direct sourcing strategic initiative, we opened our foreign sourcing office in Shanghai, China in 2018. We continue to diversify our internationally sourced products by expanding in several other countries, including Pakistan, India and South Korea. The focus on supplier diversification has allowed us to partially offset the negative impact of the U.S. tariffs on Chinese imports. Because of the increase in foreign sourcing, we need to order these products further in advance than would be the case if the products were sourced domestically, which in turn requires us to have a longer in-transit time for our merchandise and higher safety stock levels in our distribution centers and locations. Our domestic suppliers also source internationally many of the products they sell to us.

Although we have very few long-term purchase commitments with any of our suppliers, we strive to maintain continuity with them. All purchases are executed centrally through our store support center, allowing location managers and team members to focus on customer service and enabling us to negotiate volume discounts, control product mix and ensure quality. As of October 31, 2020, our top supplier represented approximately 10% of our total annual purchase volume and the top 10 suppliers represented approximately 27% of our total annual purchase volume. As of October 31, 2020, we were utilizing approximately 680 merchandise suppliers, with the top 110 representing approximately 80% of our purchasing volume.

Logistics

We operate three distribution centers in Hudson, Ohio, Visalia, California and Opelika, Alabama, all of which ship merchandise to our locations on a weekly basis. The distribution centers also ship select products ordered by customers through *joann.com* directly to their homes. As of October 31, 2020, approximately 89% of the products in our locations are shipped through our distribution center network, with the remaining 11% of our purchases shipped directly from our suppliers to our locations. As of October 31, 2020, approximately 38% of our locations are supplied from the Hudson distribution center, 32% from the Visalia distribution center and 30% from the Opelika distribution center.

We transport product from our distribution centers to our locations utilizing contract carriers. Merchandise is shipped directly from our distribution centers to our locations using dedicated core carriers for approximately 95% of our locations. For the remainder of our locations, we transport product using less than truckload carriers or through a regional “hub” where product is cross-docked for local delivery. We do not own either the regional hub or the local delivery vehicles.

Location Operations

Site Selection

We believe that our locations are integral to our success. New and relocated sites are selected through a coordinated effort of our executive, real estate, finance and operations management teams. In evaluating the desirability of a potential location, we consider both market demographics and site-specific criteria. Market criteria we consider important include, but are not limited to, our existing location sales performance in that

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.

immediate market (if we have an existing location), distance to other JOANN locations, competitive presence, total population, number of households, median household income, percentage of home ownership versus rental and historical and projected population growth. Site-specific criteria we consider important include, but are not limited to, size of the location, rental terms, size of the shopping center, co-tenants, traffic patterns, availability of convenient parking and ease of entry from the major roadways framing the location.

Opening or Remodeling Locations

Our location refresh program employs standard operating procedures to efficiently open new locations or remodel or relocate existing locations. We have developed processes to optimize inventory assortments and marketing programs for locations that we open or remodel, which are under regular review to uncover opportunities to improve performance and consistency of execution. We generally look to execute location projects in the period from February through October to maximize sales and to minimize disruption to operations during our fourth quarter peak selling season. See “Prospectus Summary—Our Growth Strategies—Refreshing our Locations with Enhanced Customer Experience.”

Location Management

Each location generally has a manager and an assistant manager. The remainder of staff is a combination of full-time and part-time team members based on each location’s individual sales volume. Managers generally are compensated with a base salary plus a bonus, which is tied to individual location and overall company performance.

We strive to promote our managers from within our assistant manager ranks as a result of high performance and completion of our internal management training program. Many of our team members, including managers, started as our customers and are enthusiasts within the Creative Products community. We believe this continuity serves to solidify long-standing relationships between us and our customers, and aid in our ability to provide exceptional service. When we relocate in the same market, we generally retain its team members to staff the new location. Each location is under the supervision of a district manager who reports to a regional vice president.

Our new location opening costs depend on the building type, location size and general construction and labor costs in the geographic area. Our relocation and remodel projects range in scope and cost based on the specific needs and sales potential of the location being refreshed as well as the size of the location, condition of the building and regional differences in construction costs. Components of cost for these projects include leasehold improvements (net of landlord financial contribution), furniture, fixtures and equipment, inventory (net of vendor support) and pre-opening labor and facilities expenses incurred during the project.

Competitive Landscape

We are the nation's category leader in Sewing and one of the fastest growing players in the arts and crafts category, serving customers in their pursuit of apparel and craft sewing, crafting, home decorating and other creative endeavors. We compete with select mass merchants, including Walmart, Inc. and Target Corporation, which dedicate a portion of their selling space to selling Creative Products items. We also compete with specialty retailers in the Creative Products industry, such as The Michaels Companies, Inc. and Hobby Lobby Stores, Inc., as well as smaller regional and local operators.

In addition to e-commerce options offered by the retailers mentioned above, we compete with companies that sell fabrics and crafts only over the internet, such as Amazon.com or its subsidiary Fabric.com. We estimate pure play e-commerce players represent less than 10% market share of the Creative Products industry. We believe that we are the only specialty player that can serve customers holistically with an expansive Creative Products assortment, service-oriented experience and integrated omni-channel capabilities.

We believe our ability to compete effectively in our industry is primarily on the basis of product assortment, price, convenience and customer service. We believe that the combination of our robust product assortments supported by knowledgeable and customer-focused team members and a strong omni-channel service offering provides us with a competitive advantage.

Information Technology

Our point-of-sale systems and e-commerce platform record the sale of product at the item level. These transactions are collected and transmitted to our financial, merchandising, omni-channel fulfillment and reporting systems throughout the day. Information obtained from item-level transaction data enables us to identify important trends, provide customers and team members with updated inventory information, ensure our products are reliably replenished as sold, eliminate less profitable items, and optimize product margins through analysis of our advertising, pricing and promotions.

Our locations are equipped with broadband communication that is made available to customers so that our mobile e-commerce assets are able to augment our in-store customer service. The broadband service is also used within the location to enhance the checkout experience and internal location communications.

Our financial, merchandise and retail systems leverage enterprise software, complemented by other technology solutions for specific business processes where those other solutions are a better fit for our requirements. Those solutions include our portfolio of software for merchandise planning and replenishment as well as our recently upgraded human resource systems.

Team Members

As of October 31, 2020, we had approximately 27,700 full and part-time team members, of whom approximately 26,000 worked in our retail locations. The number of part-time team members is substantially higher during our peak selling season of September through December to support higher merchandising and customer service requirements. We believe our turnover is below average for retailers, primarily because many of our team members are themselves Creative Products enthusiasts. Our ability to offer flexible scheduling is also important in attracting and retaining team members, since approximately 80% of our team members work part-time.

The United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, or the union, currently represents team members who work in our Hudson, Ohio distribution center. As of October 31, 2020, 1.3% of our team members were unionized. Our current contract with the union expires on May 5, 2023 and relations with the union are good. Otherwise, none of our team members are unionized.

Trademarks

We do business under trademarks for “Jo-Ann,” “JOANN,” “Joann.com,” “Jo-Ann Fabrics,” “Jo-Ann Fabric and Craft Stores,” “Jo-Ann Fabrics and Crafts,” “Jo-Ann Fabrics & Crafts” and “Creativebug,” as well as under numerous trademarks relating to our private label products and marketing programs. We believe that our trademarks provide significant value to our business.

Government Regulation

Various aspects of our operations are subject to federal, state, local and foreign laws, rules and regulations, any of which may change from time-to-time. Laws and regulations affecting our business may change, sometimes frequently and significantly, as a result of political, economic, social or other events. Some of the federal, state or local laws and regulations that affect us include but are not limited to:

- consumer product safety, product liability, truth-in-advertising or consumer protection laws;
- labor and employment laws, including wage and hour laws;
- tax laws or interpretations thereof, including collection of state sales tax on e-commerce sales;
- data protection and privacy laws and regulations;
- environmental laws and regulations;
- trade, anti-bribery, customs or import and export laws and regulations, including collection of tariffs on product imports; and
- intellectual property laws.

Continued compliance with such laws and regulations could prove to be costly and impact various aspects of our business. For example, increases in minimum wages or changes in wage and hour laws could limit our growth and materially and adversely affect our business, financial condition and results of operations. Additionally, with the trend in health and safety regulations becoming more restrictive, such as certain physical and electronic accessibility requirements under the Americans with Disabilities Act of 1990, it is possible that the costs of compliance with such laws and regulations will continue to increase. See “Risk Factors—Risks Related to our Business—Failure to attract, develop, motivate and retain qualified team members and effectively manage overall labor costs, including potential increases in minimum wages, could limit our growth and materially and adversely affect our business, financial condition and results of operations” and “Risk Factors—Risks Related to our Business—Failure to comply with various regulations may result in damage to our business.”

Properties

Our store support center, one of our distribution centers and one retail location are located in a 1.4 million square foot facility on approximately 129 acres in Hudson, Ohio. Our building is sitting on 35 acres with an additional 94 acres of land surrounding the facility. We own both the facility and the real estate. The distribution center occupies 1.0 million square feet and the remainder is used as our store support center and a retail location. We also own a distribution center that is approximately 700,000 square feet situated on a 105-acre site that is located in Opelika, Alabama. We lease and operate a distribution center that is approximately 630,000 square feet located on an 80-acre site in Visalia, California. The initial term of the lease expires in October 2026 with renewal options for up to an additional 40 years.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

The majority of our remaining properties that we occupy are leased retail location facilities, located primarily in high-traffic shopping centers. All leases are operating leases and generally have initial terms of 10 years with renewal options for up to 20 years. Certain leases contain escalation clauses and contingent rents based on a percent of net sales in excess of defined minimums. During fiscal year 2020, we incurred \$262.7 million of occupancy costs, including common area maintenance, taxes and insurance for locations.

As of October 31, 2020, the current terms of our leases (including retail locations not yet open), assuming we exercise all lease renewal options, were as follows:

<u>Fiscal Year Lease Terms Expire</u>	<u>Number of Retail Location Leases</u>
Month-to-month	6

2022	20
2023	24
2024	29

Legal Proceedings

We are involved in various litigation matters in the ordinary course of our business. We are not currently involved in any litigation that we expect, either individually or in the aggregate, will have a material and adverse effect on our business, financial condition or results of operations.

Seasonality

While we support the creative enthusiast throughout the entire year, our business does exhibit a high degree of seasonality with our fall and winter holiday seasons demonstrating stronger sales volume relative to the balance of the year. Due to the project-oriented and gift giving nature of our customers, many of their purchases will be in advance of the holiday or event for which they are purchasing supplies from us. Therefore, our peak selling season generally runs from September through December.

Composition of the Board of Directors after this Offering

Our business and affairs are managed under the direction of the board of directors. Our board of directors will consist of _____ directors.

Pursuant to the Shareholders Agreement, LGP will be entitled to designate individuals to be included in the slate of nominees recommended by our board of directors for election to our board of directors. So long as LGP owns, in the aggregate, (i) at least _____ % of the total outstanding shares of our common stock owned by it immediately following the consummation of this offering (including any shares that may be sold pursuant to the exercise by the underwriters of their option to purchase additional shares), LGP will be entitled to nominate _____ directors, (ii) less than _____ %, but at least _____ % of the total outstanding shares of our common stock owned by it immediately following the consummation of this offering (including any shares that may be sold pursuant to the exercise by the underwriters of their option to purchase additional shares), it will be entitled to nominate _____ directors, (iii) less than _____ % but at least _____ % of the total outstanding shares of our common stock owned by it immediately following the consummation of this offering (including any shares that may be sold pursuant to the exercise by the underwriters of their option to purchase additional shares), it will be entitled to nominate _____ directors, (iv) less than _____ %, but at least _____ % of the total outstanding shares of our common stock owned by it immediately following the consummation of this offering (including any shares that may be sold pursuant to the exercise by the underwriters of their option to purchase additional shares), it will be entitled to nominate _____ directors, (v) less than _____ %, but at least _____ % of the total outstanding shares of our common stock owned by it immediately following the consummation of this offering (including any shares that may be sold pursuant to the exercise by the underwriters of their option to purchase additional shares), it will be entitled to nominate _____ directors and (vi) less than _____ % of the total outstanding shares of our common stock owned by it immediately following the consummation of this offering, it will not be entitled to nominate a director. See "Certain Relationships and Related Party Transactions—Shareholders Agreement."

LGP has been deemed to have nominated _____ for election to our board of directors.

In accordance with our amended and restated certificate of incorporation and the Shareholders Agreement, each of which will be in effect upon the closing of this offering, our board of directors will be divided into three classes with staggered three year terms. At each annual meeting of shareholders after the initial classification, the successors to the directors whose terms will then expire will be elected to serve from the time of election and qualification until the third annual meeting following their election. Our directors will be divided among three classes as follows:

- the Class I directors will be _____ and _____, and their terms will expire at the annual meeting of shareholders to be held in 2022;

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

- the Class II directors will be _____ and _____, and their terms will expire at the annual meeting of shareholders to be held in 2023; and
- the Class III directors will be _____ and _____, and their terms will expire at the annual meeting of shareholders to be held in 2024.

Any increase or decrease in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors. This classification of our board of directors may have the effect of delaying or preventing changes in control of our Company.

Pursuant to the terms of the Shareholders Agreement, directors nominated by LGP may only be removed at the request of LGP in accordance with the bylaws of the Company then in effect. In all other cases and at any other time, directors may only be removed for cause by the affirmative vote of the holders of at least a majority of our common stock.

Director Independence and Controlled Company Exception

Our board of directors has affirmatively determined that _____ and _____ are independent directors under the rules of the _____.

After the consummation of this offering, LGP will continue to control a majority of the voting power of our outstanding common stock. As a result, we will be a “controlled company” within the meaning of the _____ corporate governance standards. Under these rules, a “controlled company” may elect not to comply with certain corporate governance standards, including the requirements:

- that a majority of our board of directors consist of independent directors;
- that our board of directors have a nominating and corporate governance committee that is composed entirely of independent directors with a written charter addressing the committee’s purpose and responsibilities;
- that our board of directors have a compensation committee that is composed entirely of independent directors with a written charter addressing the committee’s purpose and responsibilities; and
- for an annual performance evaluation of the nominating and corporate governance committee and compensation committee.

For at least a period following this offering, we intend to utilize all of these exemptions. As a result, we will not have a majority of independent directors, our nominating and corporate governance committee and compensation committee will not consist entirely of independent directors and such committees will not be subject to annual performance evaluations. Accordingly, you will not have the same protections afforded to shareholders of companies that are subject to all of the corporate governance requirements. See “Risk Factors—Risks Related to our Common Stock and this Offering—We are a “controlled company” within the meaning of the rules of _____ and, as a result, will qualify for, and may rely on, exemptions from certain corporate governance requirements.” In the event that we cease to be a “controlled company” and our ordinary shares continue to be listed on _____, we will be required to comply with these provisions within the applicable transaction periods.

Leadership Structure of the Board of Directors

Our board of directors will combine the roles of Chairman of the Board and Chief Executive Officer. These positions will be held by Wade Miquelon, as our Chairman and Chief Executive Officer at the

consummation of this offering. The board of directors has determined that combining these positions will serve the best interests of the Company and its shareholders. The board of directors believes that the Company's Chief Executive Officer is best situated to serve as Chairman because he is the director most familiar with the Company's business and industry, and most capable of effectively identifying strategic priorities and leading the consideration and execution of strategy. The board of directors believes that the combined position of Chairman and Chief Executive Officer promotes the development of policy and plans, and facilitates information flow between management and the board of directors, which is essential to effective governance.

Committees of the Board of Directors

Upon consummation of this offering, our board of directors will have the following committees: the audit committee, the compensation committee and the nominating and corporate governance committee. From time to time, our board of directors may also establish any other committees that it deems necessary or desirable.

Audit Committee. Upon consummation of this offering, we expect to have an audit committee consisting of _____, as chair and _____. Rule 10A-3 of the Exchange Act requires us to have one independent audit committee member upon the listing of our common stock, a majority of independent directors on our audit committee within 90 days of the effective date of this registration statement and an audit committee composed entirely of independent directors within one year of the effective date of this registration statement. _____ qualifies as our "audit committee financial expert" within the meaning of regulations adopted by the SEC. The audit committee appoints and reviews the qualifications and independence of our independent registered public accounting firm, prepares compensation committee reports to be included in proxy statements filed under SEC rules and reviews the scope of audit and non-audit assignments and related fees, the results of the annual audit, accounting principles used in financial reporting, internal auditing procedures, the adequacy of our internal control procedures, the quality and integrity of our financial statements and investigations into matters related to audit functions. The audit committee is also responsible for overseeing risk management on behalf of our board of directors. See "—Risk Oversight."

Compensation Committee. Upon consummation of this offering, we expect to have a compensation committee consisting of _____, as chair and _____. The principal responsibilities of the compensation committee are to review and approve matters involving executive and director compensation, recommend changes in employee benefit programs, authorize equity and other incentive arrangements, prepare compensation committee reports to be included in proxy statements filed under SEC rules and authorize our Company to enter into employment and other employee related agreements.

Nominating and Corporate Governance Committee. Upon the consummation of this offering, we expect to have a nominating and corporate governance committee consisting of _____, as chair and _____. The nominating and corporate governance committee assists our board of directors in identifying individuals qualified to become board members, consistent with criteria approved by our board of directors and in accordance with the terms of the Shareholders Agreement, makes recommendations for nominees for committees, oversees the evaluation of the board of directors and management and develops, recommends to the board of directors and reviews our corporate governance principles.

Risk Oversight

Our board of directors has extensive involvement in the oversight of risk management related to us and our business and accomplishes this oversight primarily through the audit committee. To that end, our audit committee will meet quarterly with our Chief Financial Officer and our independent auditors where it will receive regular updates regarding our management's assessment of risk exposures including liquidity, credit and operational risks and the process in place to monitor such risks and review results of operations, financial reporting and assessments of internal controls over financial reporting.

PRINCIPAL AND SELLING SHAREHOLDERS

The following table sets forth information regarding the beneficial ownership of our common stock as of December 15, 2020, and as adjusted to reflect the sale of the shares of common stock offered in this offering for:

Information with respect to beneficial ownership has been furnished to us by each director, director nominee, executive officer or shareholder listed in the table below, as the case may be. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days after December 15, 2020. More than one person may be deemed to be a beneficial owner of the same securities.

Percentage of beneficial ownership prior to this offering is based on _____ shares of common stock outstanding as of December 15, 2020. Percentage of beneficial ownership after this offering is based on _____ shares of common stock outstanding (assuming no exercise of the underwriters’ option to purchase additional shares) after giving effect to the sale by us of the shares of common stock offered hereby. In computing the number of shares beneficially owned by an individual or entity and the percentage ownership of that person, shares of common stock subject to options, warrants or other rights held by such person that are currently exercisable or that will become exercisable or will otherwise vest within 60 days of December 15, 2020 are considered outstanding, although these shares are not considered outstanding for purposes of computing the percentage ownership of any other person. CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The following is a description of transactions to which we were a party since January 29, 2017 in which the amount involved exceeded or will exceed \$120,000, and in which any of our executive officers, directors or holders of more than 5% of any class of our voting securities, or an affiliate or immediate family member thereof, had or will have a direct or indirect material interest.

Shareholders Agreement

On October 16, 2012, the Company, LGP, certain of our directors and executive officers and certain other shareholders entered into a shareholders agreement. The shareholders agreement contains, among other things, certain restrictions on the ability of LGP and our other shareholders to freely transfer shares of our stock, a right of first refusal to the Company and LGP for other shareholders' shares, a repurchase right for the Company for certain shares held by management shareholders and drag-along and tag-along rights in connection with certain transfers of shares by LGP. It also provides that each party to the shareholders agreement agrees to vote all of their shares to elect the initial individuals designated to serve on our board. The shareholders agreement also provides for piggyback registration rights as described below. At the consummation of this offering, the provisions of the shareholders agreement (subject to the survival of certain obligations, such as those relating to registration rights described below) will terminate.

Upon the closing of this offering, we will amend and restate the existing shareholders agreement to eliminate certain provisions (but maintain those related to the registration rights, which are described below) and to provide specific board rights and obligations. Following this offering, the Shareholders Agreement will include provisions pursuant to which we will grant LGP and certain other shareholders (or such permitted transferee or affiliate) the right to cause us, in certain instances, at our expense, to file registration statements under the Securities Act covering resales of our common stock held by such shareholders (or such permitted transferee or affiliate) or to piggyback on such registration statements in certain circumstances. These shares will represent approximately % of our common stock after this offering, or % if the underwriters exercise their option to purchase additional shares in full. These shares also may be sold under Rule 144 under the Securities Act, depending on their holding period and subject to restrictions in the case of shares held by persons deemed to be our affiliates. The Shareholders Agreement will also require us to indemnify LGP (or such permitted transferee or affiliate) and its affiliates in connection with any registrations of our securities. In addition, the Shareholders Agreement will provide that LGP is entitled to designate individuals to be included in the slate of nominees recommended by our board of directors for election to our board of directors, so as to ensure that the composition of our board of directors and its committees complies with the provisions of the Shareholders Agreement related to the composition of our board of directors and its committees, which are discussed under "Management—Composition of the Board of Directors after this Offering" and "Management—Committees of the Board of Directors."

Management Services Agreement

On March 18, 2011, and in connection with the acquisition of the Company by LGP, Jo-Ann Stores, LLC (formerly Jo-Ann Stores, Inc.) entered into a management services agreement with the advisory affiliate of LGP, pursuant to which LGP agreed to provide certain management and financial services. In each of fiscal year 2018, fiscal year 2019 and fiscal year 2020, we paid \$5.0 million in fees and out of pocket expenses to LGP under the management services agreement. Due to the impact of the COVID-19 pandemic, starting in April 2020, the management fee payable to LGP was forgiven until the end of calendar year 2020. During the thirty-nine weeks ended October 31, 2020, we paid \$0.8 million in fees and out of pocket expenses to LGP under the management services agreement. The management services agreement with LGP will terminate without any termination payment automatically upon the closing of this offering, subject to the survival of certain obligations, including as to indemnification.

Indemnification Agreements

Our amended and restated bylaws, as will be in effect prior to the closing of this offering, provide that we will indemnify our directors and officers to the fullest extent permitted by the DGCL, subject to certain exceptions contained in our amended and restated bylaws. In addition, our amended and restated certificate of incorporation, as will be in effect prior to the closing of this offering, will provide that our directors will not be liable for monetary damages for breach of fiduciary duty.

Prior to the closing of this offering, we will enter into indemnification agreements with each of our executive officers and directors. The indemnification agreements will provide the indemnitees with contractual rights to indemnification, and expense advancement and reimbursement, to the fullest extent permitted under the DGCL, subject to certain exceptions contained in those agreements.

There is no pending litigation or proceeding naming any of our directors or officers for which indemnification is being sought, and we are not aware of any pending litigation that may result in claims for indemnification by any director or executive officer.

Our Policy Regarding Related Party Transactions

Our board of directors recognizes the fact that transactions with related persons present a heightened risk of conflicts of interests or improper valuation (or the perception thereof). In connection with this offering, our board of directors intends to adopt a written policy on transactions with related persons that is in conformity with the requirements for issuers having publicly held common stock that is listed on the . Under such policy:

- any related person transaction, and any material amendment or modification to a related person transaction, must be reviewed and approved or ratified by a committee of the board of directors composed solely of independent directors who are disinterested or by the disinterested members of the board of directors; and
- any employment relationship or transaction involving an executive officer and any related compensation must be approved by the compensation committee of the board of directors or recommended by the compensation committee to the board of directors for its approval.

In connection with the review and approval or ratification of a related person transaction:

- management must disclose to the committee or disinterested directors, as applicable, the name of the related person and the basis on which the person is a related person, the material terms of the related person transaction, including the approximate dollar value of the amount involved in the transaction and all the material facts as to the related person's direct or indirect interest in, or relationship to, the related person transaction;
- management must advise the committee or disinterested directors, as applicable, as to whether the related person transaction complies with the terms of our agreements governing our material outstanding indebtedness that limit or restrict our ability to enter into a related person transaction;
- management must advise the committee or disinterested directors, as applicable, as to whether the related person transaction will be required to be disclosed in our applicable filings under the Securities Act or the Exchange Act, and related rules, and, to the extent required to be disclosed, management must ensure that the related person transaction is disclosed in accordance with such Acts and related rules; and

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

- management must advise the committee or disinterested directors, as applicable, as to whether the related person transaction constitutes a “personal loan” for purposes of Section 402 of the Sarbanes-Oxley Act.

In addition, the related person transaction policy will provide that the committee or disinterested directors, as applicable, in connection with any approval or ratification of a related person transaction involving a non-employee director or director nominee, should consider whether such transaction would compromise the director or director nominee’s status as an “independent,” or “outside” director, as applicable, under the rules and regulations of the SEC, and the U.S. Internal Revenue Code of 1986, as amended.

DESCRIPTION OF CAPITAL STOCK

The following descriptions of our capital stock and provisions of our amended and restated certificate of incorporation and our amended and restated bylaws are summaries and are qualified by reference to the amended and restated certificate of incorporation and the amended and restated bylaws, which are filed as exhibits to the registration statement of which this prospectus forms a part.

General

Our authorized capital stock following this offering consists of _____ shares of common stock, par value \$0.01 per share, and _____ shares of preferred stock, par value \$0.01 per share. Unless the board of directors determines otherwise, we will issue all shares of our capital stock in uncertificated form. We urge you to read our amended and restated certificate of incorporation and our amended and restated bylaws.

Common Stock

Our amended and restated certificate of incorporation authorizes a total of _____ shares of common stock. Upon the consummation of this offering, we expect that _____ shares of common stock, or _____ shares of common stock if the underwriters exercise their option to purchase additional shares from us or the Selling Shareholders in full, will be issued and outstanding.

Holders of our common stock are entitled to one vote for each share held on all matters submitted to a vote of shareholders and do not have cumulative voting rights. An election of directors by our shareholders shall be determined by a plurality of the votes cast by the shareholders entitled to vote on the election. Holders of common stock are entitled to receive proportionately any dividends as may be declared by our board of directors, subject to any preferential dividend rights of any series of preferred stock that we may designate and issue in the future.

In the event of our liquidation, dissolution, or winding up, the holders of common stock are entitled to receive proportionately our net assets available for distribution to shareholders after the payment in full of all debts and other liabilities and subject to the prior rights of any outstanding preferred stock. Holders of common stock have no preemptive, subscription, redemption or conversion rights. There will be no sinking fund provisions applicable to our common stock. The rights, preferences and privileges of holders of common stock are subject to and may be adversely affected by the rights of the holders of shares of any series of preferred stock that we may designate and issue in the future.

Preferred Stock

Our amended and restated certificate of incorporation authorizes a total of _____ shares of preferred stock. Upon the closing of this offering, we will have no shares of preferred stock issued or outstanding.

Under the terms of our amended and restated certificate of incorporation, our board of directors is authorized to direct us to issue shares of preferred stock in one or more series without shareholder approval. Our board of directors has the discretion to determine the rights, preferences, privileges and restrictions, including voting rights, dividend rights, conversion rights, redemption privileges and liquidation preferences, of each series of preferred stock.

The purpose of authorizing our board of directors to issue preferred stock and determine its rights and preferences is to eliminate delays associated with a shareholder vote on specific issuances. The issuance of preferred stock, while providing flexibility in connection with possible acquisitions, future financings and other corporate purposes, could have the effect of making it more difficult for a third party to acquire, or could discourage a third party from seeking to acquire, a majority of our outstanding voting stock. We have no present plans to issue any shares of preferred stock.

Dividends

The DGCL permits a corporation to declare and pay dividends out of “surplus” or, if there is no “surplus,” out of its net profits for the fiscal year in which the dividend is declared or the preceding fiscal year. “Surplus” is defined as the excess of the net assets of the corporation over the amount determined to be the capital of the corporation by the board of directors. The capital of the corporation is typically calculated to be (and cannot be less than) the aggregate par value of all issued shares of capital stock. Net assets equal the fair value of the total assets minus total liabilities. The DGCL also provides that dividends may not be paid out of net profits if, after the payment of the dividend, capital is less than the capital represented by the outstanding stock of all classes having a preference upon the distribution of assets.

Declaration and payment of any dividend will be subject to the discretion of our board of directors. The time and amount of dividends will depend upon our financial condition, operations, cash requirements and availability, debt repayment obligations, capital expenditure needs, restrictions in our debt instruments, industry trends, the provisions of Delaware law affecting the payment of distributions to shareholders and any other factors our board of directors may consider relevant.

Any decision to declare and pay dividends in the future will be made at the sole discretion of our board of directors and will depend on, among other things, our results of operations, cash requirements, financial condition, contractual restrictions and other factors that our board of directors may deem relevant. Our ability to pay dividends will be limited by covenants in our existing indebtedness and may be limited by the agreements governing other indebtedness that we or our subsidiaries incur in the future. See “Description of Certain Indebtedness.” In addition, because we are a holding company and have no direct operations, we will only be able to pay dividends from funds we receive from our subsidiaries.

Authorized but Unissued Shares

The authorized but unissued shares of our common stock and our preferred stock are available for future issuance without shareholder approval, subject to any limitations imposed by the listing standards of . These additional shares may be used for a variety of corporate finance transactions, acquisitions and employee benefit plans. The existence of authorized but unissued and unreserved common stock and preferred stock could make more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

Shareholders Agreement

Upon the closing of this offering, we will amend and restate the existing shareholders agreement and enter into the Shareholders Agreement pursuant to which LGP will have specified board representation rights, governance rights and other rights. See “Certain Relationships and Related Party Transactions—Shareholders Agreement.”

Registration Rights

Upon the closing of this offering, the holders of shares of our common stock, including certain Selling Shareholders, or their transferees, will be entitled to various rights with respect to the registration of these shares under the Securities Act. Registration of these shares under the Securities Act would result in these shares becoming fully tradable without restriction under the Securities Act immediately upon the effectiveness of the registration, except for shares purchased by affiliates. Shares covered by a registration statement will be eligible for sale in the public market upon the expiration or release from the terms of the lock-up agreement. See “Certain Relationships and Related Party Transactions—Shareholders Agreement” elsewhere in this prospectus.

Exclusive Venue

Our amended and restated certificate of incorporation and amended and restated bylaws will require, to the fullest extent permitted by law, that (i) any derivative action or proceeding brought on our behalf, (ii) any

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.

action asserting a claim of breach of a fiduciary duty owed by any of our directors, officers or other employees to us or our shareholders, (iii) any action asserting a claim against us arising pursuant to any provision of the DGCL or our amended and restated certificate of incorporation or our amended and restated bylaws, or (iv) any action asserting a claim against us governed by the internal affairs doctrine will have to be brought only in the Court of Chancery in the State of Delaware (or the federal district court for the District of Delaware or other state courts of the State of Delaware if the Court of Chancery in the State of Delaware does not have jurisdiction). The amended and restated certificate of incorporation and proposed bylaws will also require that the federal district courts of the United States of America will be the exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act; however, there is uncertainty as to whether a court would enforce such provision, and investors cannot waive compliance with federal securities laws and the rules and regulations thereunder. Although we believe these provisions benefit us by providing increased consistency in the application of applicable law in the types of lawsuits to which they apply, the provisions may have the effect of discouraging lawsuits against our directors and officers. These provisions would not apply to any suits brought to enforce any liability or duty created by the Exchange Act or any other claim for which the federal courts of the United States have exclusive jurisdiction.

Conflicts of Interest

Delaware law permits corporations to adopt provisions renouncing any interest or expectancy in certain opportunities that are presented to the corporation or its officers, directors or shareholders. Our amended and restated certificate of incorporation will, to the maximum extent permitted from time to time by Delaware law, renounce any interest or expectancy that we have in, or right to be offered an opportunity to participate in, specified business opportunities that are from time to time presented to our officers, directors or shareholders or their respective affiliates, other than those officers, directors, shareholders or affiliates who are our or our subsidiaries' employees. Our amended and restated certificate of incorporation will provide that, to the fullest extent permitted by law, none of LGP or any of their affiliates or any director who is not employed by us (including any non-employee director who serves as one of our officers in both his director and officer capacities) or his or her affiliates will have any duty to refrain from (i) engaging in a corporate opportunity in the same or similar lines of business in which we or our affiliates now engage or propose to engage or (ii) otherwise competing with us or our affiliates. In addition, to the fullest extent permitted by law, in the event that LGP or any non-employee director acquires knowledge of a potential transaction or other business opportunity which may be a corporate opportunity for itself or himself or its or his affiliates or for us or our affiliates, such person will have no duty to communicate or offer such transaction or business opportunity to us or any of our affiliates and they may take any such opportunity for themselves or offer it to another person or entity. Our amended and restated certificate of incorporation will not renounce our interest in any business opportunity that is expressly offered to a non-employee director solely in his or her capacity as a director or officer of the Company. To the fullest extent permitted by law, no business opportunity will be deemed to be a potential corporate opportunity for us unless we would be permitted, to undertake the opportunity under our amended and restated certificate of incorporation, we have sufficient financial resources to undertake the opportunity and the opportunity would be in line with our business.

Limitations on Liability and Indemnification of Officers and Directors

The DGCL authorizes corporations to limit or eliminate the personal liability of directors to corporations and their shareholders for monetary damages for breaches of directors' fiduciary duties, subject to certain exceptions. Our amended and restated certificate of incorporation includes a provision that eliminates the personal liability of directors for monetary damages for any breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL. The effect of these provisions is to eliminate the rights of us and our shareholders, through shareholders' derivative suits on our behalf, to recover monetary damages from a director for breach of fiduciary duty as a director, including breaches resulting from grossly negligent behavior. However, exculpation does not apply to any director if the director has breached his or her duty of loyalty, failed to act in good faith, knowingly or intentionally violated the

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

law, authorized illegal dividends or redemptions or derived an improper personal benefit from his or her actions as a director.

Our amended and restated bylaws provide that we must indemnify and advance expenses to our directors and officers to the fullest extent authorized by the DGCL. We also are expressly authorized to carry directors' and officers' liability insurance providing indemnification for our directors, officers and certain employees for some liabilities. We believe that these indemnification and advancement provisions and insurance are useful to attract and retain qualified directors and executive officers.

The limitation of liability, indemnification and advancement provisions in our amended and restated certificate of incorporation and amended and restated bylaws may discourage shareholders from bringing a lawsuit against directors for breach of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our shareholders. In addition, your investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

We currently are party to indemnification agreements with certain of our directors and officers. These agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

There is currently no pending material litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought.

Anti-Takeover Effects of Provisions of Our Amended and Restated Certificate of Incorporation, Our Amended and Restated Bylaws and Delaware Law

Certain provisions of Delaware law and our amended and restated certificate of incorporation and amended and restated bylaws contain provisions that may delay, defer or discourage another party from acquiring control of us. We expect that these provisions, which are summarized below, will discourage coercive takeover practices or inadequate takeover bids. These provisions are also designed to encourage persons seeking to acquire control of us to first negotiate with our board of directors, which we believe may result in an improvement of the terms of any such acquisition in favor of our shareholders. However, they also give our board of directors the power to discourage acquisitions that some shareholders may favor.

Classified Board of Directors

Our amended and restated certificate of incorporation provides that our board of directors is divided into three classes, with each class serving three-year staggered terms. As a result, approximately one-third of our directors are expected to be elected each year. Pursuant to the terms of the Shareholders Agreement, directors designated by LGP may only be removed with or without cause by the request of LGP. In all other cases, our amended and restated certificate of incorporation provides that directors may only be removed from our board of directors for cause by the affirmative vote of at least two-thirds of the voting power of the then outstanding shares of voting stock, following such time as when LGP ceases to own, or no longer has the right to direct the vote of, 50% or more of the voting power of our common stock. Prior to that time, any individual director may be removed with or without cause by the affirmative vote of a majority of the confirmed voting power of our common stock. See "Management—Committees of the Board of Directors." These provisions may have the effect of deferring, delaying or discouraging hostile takeovers, or changes in control of us or our management.

Requirements for Advance Notification of Shareholder Meetings, Nominations and Proposals

Our amended and restated certificate of incorporation will provide that, after the date on which LGP and their affiliates cease to beneficially own, in the aggregate, more than 50% in voting power of our stock entitled to

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

vote generally in the election of directors, special meetings of the shareholders may be called only by the chairman of the board, a resolution adopted by the affirmative vote of the majority of the directors then in office and not by our shareholders or any other person or persons. Our amended and restated bylaws prohibit the conduct of any business at a special meeting other than as specified in the notice for such meeting. In addition, any shareholder who wishes to bring business before an annual meeting or nominate directors must comply with the advance notice requirements set forth in our amended and restated bylaws. These provisions may have the effect of deferring, delaying or discouraging hostile takeovers or changes in control of us or our management.

Shareholder Action by Written Consent

Pursuant to Section 228 of the DGCL, any action required to be taken at any annual or special meeting of the shareholders may be taken without a meeting, without prior notice and without a vote if a consent or consents in writing, setting forth the action so taken, is signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares of our stock entitled to vote thereon were present and voted, unless our amended and restated certificate of incorporation provides otherwise. Our amended and restated certificate of incorporation prohibits shareholder action by written consent (and, thus, requires that all shareholder actions be taken at a meeting of our shareholders), if LGP ceases to own, or no longer has the right to direct the vote of, 50% or more of the voting power of our common stock.

Approval for Amendment of Certificate of Incorporation and Bylaws

Our amended and restated certificate of incorporation further provides that the affirmative vote of holders of at least two-thirds of the voting power of all of the then outstanding shares of voting stock, voting as a single class, will be required to amend certain provisions of our amended and restated certificate of incorporation, including provisions relating to the size of the board, removal of directors, special meetings, actions by written consent and cumulative voting, if LGP ceases to own, or no longer has the right to direct the vote of, 50% or more of the voting power of our common stock. The affirmative vote of holders of at least two-thirds of the voting power of all of the then outstanding shares of voting stock, voting as a single class, will be required to amend or repeal our bylaws, if LGP ceases to own, or no longer has the right to direct the vote of, 50% or more of the voting power of our common stock, although our bylaws may be amended by a simple majority vote of our board of directors.

Business Combinations

We have opted out of Section 203 of the DGCL; however, our amended and restated certificate of incorporation contains similar provisions providing that we may not engage in certain “business combinations” with any “interested shareholder” for a three-year period following the time that the shareholder became an interested shareholder, unless:

- prior to such time, our board of directors approved either the business combination or the transaction that resulted in the shareholder becoming an interested shareholder;
- upon consummation of the transaction that resulted in the shareholder becoming an interested shareholder, the interested shareholder owned at least 85% of our voting stock outstanding at the time the transaction commenced, excluding certain shares; or
- at or subsequent to that time, the business combination is approved by our board of directors and by the affirmative vote of holders of at least two-thirds of our outstanding voting stock that is not owned by the interested shareholder.

Generally, a “business combination” includes a merger, asset, or stock sale or other transaction resulting in a financial benefit to the interested shareholder. Subject to certain exceptions, an “interested shareholder” is a

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

person who, together with that person’s affiliates and associates, owns, or within the previous three years owned, 15% or more of our outstanding voting stock. For purposes of this section only, “voting stock” has the meaning given to it in Section 203 of the DGCL.

Under certain circumstances, this provision will make it more difficult for a person who would be an “interested shareholder” to effect various business combinations with us for a three-year period. This provision may encourage companies interested in acquiring us to negotiate in advance with our board of directors because the shareholder approval requirement would be avoided if our board of directors approves either the business combination or the transaction which results in the shareholder becoming an interested shareholder. These provisions also may have the effect of preventing changes in our board of directors and may make it more difficult to accomplish transactions which shareholders may otherwise deem to be in their best interests.

Our amended and restated certificate of incorporation provides that LGP and their affiliates, and any of their respective direct or indirect transferees and any group as to which such persons are a party, do not constitute “interested shareholders” for purposes of this provision.

DESCRIPTION OF CERTAIN INDEBTEDNESS

On October 21, 2016, Jo-Ann Stores, LLC, or the Borrower, entered into a senior secured first lien term loan facility, which was amended on July 21, 2017, or the First Lien Facility. On May 21, 2018, the Borrower entered into a senior secured second lien term loan facility, or the Second Lien Facility, and, together with the First Lien Facility, the Term Loan Facilities. On November 25, 2020, the Borrower entered into an amendment to the senior secured asset based revolving credit facility originally dated October 21, 2016, and the amendment together with the original 2016 revolving credit facility, the ABL Facility. The Borrower entered into the ABL Facility and Term Loan Facilities to refinance our prior credit facilities and notes. Borrowings under the ABL Facility are also used to finance or refinance working capital and capital expenditures and for general corporate purposes.

ABL Facility

General

On November 25, 2020, the Borrower and certain of our subsidiaries (as well as Needle Holdings LLC (or Holdings)), as guarantors, entered into the ABL Facility with the lenders party thereto and Bank of America, N.A., as administrative agent and collateral agent (in such capacities, the ABL Agent). The ABL Facility is scheduled to mature on the earliest of (i) November 25, 2025, (ii) the date that is 91 days inside the maturity date of the First Lien Facility if the First Lien Facility has not been refinanced (or, if refinanced, the scheduled maturity date of the applicable debt instrument that refinances such First Lien Facility to the extent the First Lien Facility (or such other debt instrument) has not been retired in fully by such date) and (iii) 91 days inside the maturity date of the Second Lien Facility if the Second Lien Facility has not been refinanced (or, if refinanced, the scheduled maturity date of the applicable debt instrument that refinances such Second Lien Facility to the extent the Second Lien Facility (or such other debt instrument) has not been retired in fully by such date). There is no scheduled amortization under the ABL Facility.

The ABL Facility provides for revolving borrowings of up to \$500.0 million subject to borrowing base availability. The borrowing base is equal to the sum (subject to certain reserves and adjustments) of (i) 90% of eligible credit card receivables, (ii) the net recovery percentage of eligible letter of credit inventory multiplied by 90% multiplied by the cost of eligible letter, (iii) the net recovery percentage of eligible inventory multiplied by 90% to 92.5% (based on seasonality) of the cost of eligible inventory, net of inventory reserves attributable to eligible inventory, (iv) the net recovery percentage of eligible in-transit inventory multiplied by 90% to 92.5% (based on seasonality) of the cost of eligible in-transit inventory, net of in-transit inventory reserves attributable to eligible in-transit inventory, minus (v) the then amount of all availability reserves. Subject to the borrowing base availability, the ABL Facility also includes a letter of credit subfacility of up to \$125.0 million and a swing line subfacility for same-day borrowings of up to \$30.0 million. Borrowings under the ABL Facility are subject to the satisfaction of customary conditions, including absence of default and accuracy of representations and warranties.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

Interest

Borrowings under the ABL Facility bear interest at a rate per annum equal to, at our option, either (i) adjusted LIBOR (which shall not be less than 0.75%) plus the applicable rate or (ii) base rate (determined by reference to the highest of (a) the prime rate published by Bank of America, N.A., (b) the federal funds effective rate plus 0.5% and (c) one-month LIBOR plus 1.00%) plus the applicable rate. The applicable rates under the ABL Facility are subject to step-ups and step-downs based on the Borrower's average daily availability for the immediately preceding fiscal quarter in accordance with the following schedule (with the interest rate through the first full fiscal quarter after November 25, 2020, set at Pricing Level II):

<u>Pricing Level</u>	<u>Average Daily Availability</u>	<u>LIBOR Rate Loans</u>	<u>Base Rate</u>
I	Greater than or equal to 66.67% of line cap	1.75%	0.75%
II	Less than 66.67% of line cap but greater than or equal to 33.33% of line cap	2.00%	1.00%
III	Less than 33.33% of line cap	2.25%	1.25%

Optional and Mandatory Prepayments; Cash Dominion

At our option, the ABL Facility may be prepaid at any time without a premium or penalty with notice to the ABL Agent. We may also terminate or permanently reduce the unused commitments under the ABL Facility, with notice to the ABL Agent. Such termination or reduction must be in a minimum aggregate amount of \$1.0 million or in whole multiples of \$500,000 in excess thereof. In addition, we are not permitted to terminate or reduce the commitments if such termination or reduction (and any concurrent prepayments) would cause the total outstanding amount to exceed the amount of the ABL Facility. To the extent the borrowings under the ABL Facility at any time exceed the lesser of (i) the revolving credit commitment in effect at such time and (ii) the borrowing base at such time, we are required to prepay the borrowings under the ABL Facility in the amount of such excess.

We will be required to sweep substantially all cash receipts from the sale of inventory, collection of receivables and dispositions of the ABL Priority Collateral (defined below) into certain concentration accounts under the dominion and control of the administrative agent under the ABL Facility and all such cash will be used to repay outstanding borrowings under the ABL Facility (i) during the existence of certain specified events of default or (ii) when we fail to maintain availability of at least the greater of \$35.0 million and 10.0% of the line cap for five consecutive business days.

Guarantee and Collateral

Obligations in respect of the ABL Facility are guaranteed by Holdings and each of the Borrower's material existing, newly acquired or created wholly-owned domestic restricted subsidiaries. Obligations under the ABL Facility, as well as obligations to the ABL Facility lenders and their affiliates under certain secured cash management agreements and secured hedge agreements, are secured by a first priority lien on the Borrower's and the guarantors' accounts receivable, inventory, deposit accounts, securities accounts, commodities accounts, cash and cash equivalents, and chattel paper, documents, instruments, general intangibles (excluding intellectual property), books, records, proceeds and supporting obligations relating to the foregoing, collectively, the ABL Priority Collateral; and a third priority lien on the Borrower's and the guarantors' and their wholly-owned subsidiaries' capital stock (which will be limited, in the case of any foreign subsidiaries, to 65% of the voting stock and 100% of the non-voting stock of any first-tier foreign subsidiaries); and the Borrower's and the guarantors' intercompany debt and certain other "fixed assets" other than the ABL Priority Collateral, collectively, the Term Loan Priority Collateral.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

Covenants and Other Matters

The ABL Facility requires that we comply with a number of covenants, as well as certain financial tests. If we fail to maintain availability of at least the greater of \$35.0 million and 10% of the line cap, the consolidated fixed charge coverage ratio of the most recently completed period of four consecutive fiscal quarters must be 1.00 to 1.00 or higher until our availability is at least the greater of \$35.0 million and 10% of the line cap for 20 consecutive days. The covenants also limit, in certain circumstances, our ability to take a variety of actions, including:

- pay dividends on, repurchase, or make distributions in respect of our capital stock or make other restricted payments;
- incur additional indebtedness or issue certain disqualified stock and preferred stock;
- create liens;
- make investments, loans and advances;
- consolidate, merge, sell or otherwise dispose of all or substantially all of our assets;
- enter into certain transactions with our affiliates;
- prepay certain junior indebtedness;
- make certain changes to our lines of business; and
- designate our subsidiaries as unrestricted subsidiaries.

The Borrower's future compliance with its financial covenants and tests under the ABL Facility will depend on its ability to maintain sufficient liquidity, generate earnings and manage its assets effectively. The ABL Facility also has various non-financial covenants, both requiring the Borrower and the guarantors to refrain from taking certain future actions (as described above) and requiring the Borrower and the guarantors to take certain actions, such as keeping in good standing its corporate existence, maintaining insurance and providing the bank lending group with financial information on a timely basis. The ABL Facility also contains certain customary representations and warranties and events of default, including, among other things, payment defaults, breach of representations and warranties, covenant defaults, cross-defaults to certain indebtedness, certain events of bankruptcy, certain events under ERISA, material judgments, actual or asserted failure of any material guaranty or security document supporting the ABL Facility to be in full force and effect and change of control. If such an event of default occurs, the administrative agent under the ABL Facility would be entitled to take various actions, including the acceleration of amounts due under the ABL Facility and all actions permitted to be taken by a secured creditor.

Term Loan Facilities

General

On October 21, 2016, the Borrower, and certain of our subsidiaries (as well as Holdings), as guarantors, entered into the First Lien Facility, with the lenders party thereto, and Bank of America, N.A., as administrative agent and collateral agent (in such capacities, the First Lien Agent). The initial First Lien Facility provided for term loans of up to \$725.0 million, or the Initial First Lien Loan. On July 21, 2017, the Borrower, and certain of our subsidiaries, as guarantors, entered into an incremental amendment, which provided for an additional \$180.0 million of term loans (collectively with the Initial First Lien Loan, the First Lien Loan). The First Lien Loan amortizes in nominal quarterly installments equal to 0.25% of the original aggregate principal amount of the First Lien Loan and matures on October 21, 2023.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

On May 21, 2018, the Borrower, and certain of our subsidiaries (as well as Holdings), as guarantors, entered into the Second Lien Facility, with the lenders party thereto and Bank of America, N.A., as administrative agent and collateral agent (in such capacities, the Second Lien Agent). The Second Lien Facility provides for term loans of \$225.0 million, or the Second Lien Loan and, together with the First Lien Loan, the Term Loans. The Second Lien Loan does not amortize and matures on May 21, 2024.

As mentioned above, the Term Loan Facilities permit the Borrower to add one or more incremental term loans up to \$100.0 million (shared between the First Lien Facility and the Second Lien Facility) plus additional amounts subject to our compliance, with respect to the First Lien Facility, with a secured net leverage ratio test, and with respect to the Second Lien Facility, with a total net leverage ratio test.

Interest

The Term Loans Facilities bear interest at a rate per annum equal to, at the Borrower's option, either (i) adjusted LIBOR (subject to a LIBOR floor of 1.00%) plus the applicable rate or (ii) base rate (determined by reference to, (x) with respect to the First Lien Facility, the highest of (a) the prime rate published by Bank of America, N.A., (b) the federal funds effective rate plus 0.5% and (c) one-month LIBOR plus 1% and (y) with respect to the Second Lien Facility, the highest of (a) the prime rate published by Bank of America, N.A., (b) the federal funds effective rate plus 0.5%, (c) one-month LIBOR plus 1% and 2%) plus the applicable rate. The applicable rate under the First Lien Facility is 5.00% for LIBOR loans and 4.00% for base rate loans. The applicable rate under the Second Lien Facility is 9.25% for LIBOR loans and 8.25% for base rate loans.

Optional and Mandatory Prepayments

At our option, the First Lien Loan may be prepaid at any time, in whole or in part, with notice to the First Lien Agent. A prepayment premium applied to certain prepayments of the First Lien Loan until October 21, 2017, and no longer applies.

At our option, the Second Lien Loan may be prepaid at any time (but subject to the restrictions contained in the ABL Intercreditor Agreement and First Lien/Second Lien Intercreditor Agreement), in whole or in part, with notice to the Second Lien Agent. A prepayment premium applied to certain prepayments of the Second Lien Loan until May 21, 2020, and no longer applies.

In addition, subject to the satisfaction of certain conditions, the Borrower is permitted to offer its lenders to repurchase loans held by them under the Term Loan Facilities at a discount.

Under certain circumstances and subject to certain exceptions, the Term Loan Facilities will be subject to mandatory prepayments in the amount equal to: (x) 100% of the net cash proceeds of certain assets sales and issuances or incurrence of non-permitted indebtedness and (y) 50% of annual excess cash flow for any fiscal year, such percentage to decrease to 25% and 0% depending on the attainment of certain secured net leverage ratio targets.

Guarantee and Collateral

The Borrower's obligations in respect of the Term Loan Facilities are guaranteed by Holdings and each of the Borrower's material existing and newly acquired or created wholly-owned domestic restricted subsidiaries. The Borrower's obligations under the Term Loan Facilities are secured by a first priority lien on the Term Loan Priority Collateral and a second priority lien on the ABL Priority Collateral. As between the First Lien Facility and the Second Lien Facility, liens securing the Second Lien Loan are junior and subordinated to the liens securing the First Lien Facility.

SHARES ELIGIBLE FOR FUTURE SALE

The sale of a substantial amount of our common stock in the public market after this offering could adversely affect the prevailing market price of our common stock. Furthermore, over % of our common stock outstanding prior to the consummation of this offering will be subject to the contractual and legal restrictions on resale described below. The sale of a substantial amount of common stock in the public market after these restrictions lapse, or the expectation that such a sale may occur, could adversely affect the prevailing market price of our common stock and our ability to raise equity capital in the future.

Upon consummation of this offering, we expect to have outstanding an aggregate of shares of our common stock, assuming no exercise of outstanding options and assuming that the underwriters have not exercised their option to purchase additional shares. All of the shares of common stock sold in this offering will be freely transferable without restriction or further registration under the Securities Act by persons other than “affiliates,” as that term is defined in Rule 144 under the Securities Act. Generally, the balance of our outstanding shares of common stock are “restricted securities” within the meaning of Rule 144 under the Securities Act, and the sale of those shares will be subject to the limitations and restrictions that are described below. Shares of our common stock that are not restricted securities and are purchased by our affiliates will be “control securities” under Rule 144. Restricted securities may be sold in the public market only if registered under the Securities Act or if they qualify for an exemption from registration under Rule 144 or Rule 701 under the Securities Act. These rules are summarized below. Control securities may be sold in the public market subject to the restrictions set forth in Rule 144, other than the holding period requirement.

Upon the expiration of the lock-up agreements described below days after the date of this prospectus, and subject to the provisions of Rule 144, an additional shares will be available for sale in the public market. The sale of these restricted securities is subject, in the case of shares held by affiliates, to the volume restrictions contained in Rule 144.

Lock-up Agreements

In connection with this offering, we and the Selling Shareholders, our executive officers and directors and our other existing security holders have agreed with the underwriters not to sell or transfer any common stock or securities convertible into, exchangeable for, exercisable for, or repayable with common stock, for days after the date of this prospectus without first obtaining the written consent of the representatives, subject to certain limited exceptions. This lock-up provision applies to common stock and to securities convertible into or exchangeable or exercisable for or repayable with common stock. It also applies to common stock owned now or acquired later by the person executing the agreement or for which the person executing the agreement later acquires the power of disposition.

Rule 144

In general, under Rule 144 as in effect on the date of this prospectus, beginning 90 days after the consummation of this offering, a person who is an affiliate, and who has beneficially owned our common stock for at least six months, is entitled to sell in any three-month period a number of shares that does not exceed the greater of:

- 1% of the number of shares of our common stock then outstanding, which will equal approximately million shares immediately after consummation of this offering; or
- the average weekly trading volume in our common stock on the during the four calendar weeks preceding the filing of a notice on Form 144 with respect to that sale.

Sales by our affiliates under Rule 144 are also subject to manner of sale provisions and notice requirements and to the availability of current public information about us. An “affiliate” is a person that directly,

PURSUANT TO 17 CFR 200.83**

or indirectly through one or more intermediaries, controls or is controlled by, or is under common control with an issuer.

Under Rule 144, a person who is not deemed to have been an affiliate of ours at any time during the 90 days preceding a sale, and who has beneficially owned the shares proposed to be sold for at least six months, would be entitled to sell those shares subject only to availability of current public information about us, and after beneficially owning such shares for at least twelve months, would be entitled to sell an unlimited number of shares without restriction. To the extent that our affiliates sell their common stock, other than pursuant to Rule 144 or a registration statement, the purchaser's holding period for the purpose of effecting a sale under Rule 144 commences on the date of transfer from the affiliate.

Rule 701

In general, under Rule 701 as in effect on the date of this prospectus, any of our employees, directors, officers, consultants or advisors who purchased shares from us in reliance on Rule 701 in connection with a compensatory stock or option plan or other written agreement before the effective date of this offering, or who purchased shares from us after that date upon the exercise of options granted before that date, are eligible to resell such shares 90 days after the effective date of this offering in reliance upon Rule 144. If such person is not an affiliate, such sale may be made subject only to the manner of sale provisions of Rule 144. If such a person is an affiliate, such sale may be made under Rule 144 without compliance with the holding period requirement, but subject to the other Rule 144 restrictions described above. However, substantially all Rule 701 shares are subject to lock-up agreements as described above and will become eligible for sale in compliance with Rule 144 only upon the expiration of the restrictions set forth in those agreements.

Stock Plans

We intend to file a registration statement or statements on Form S-8 under the Securities Act covering shares of common stock reserved for issuance under our new omnibus incentive plan and pursuant to all outstanding option grants made prior to this offering. These registration statements are expected to be filed as soon as practicable after the closing date of this offering. Shares issued upon the exercise of stock options after the effective date of the applicable Form S-8 registration statement will be eligible for resale in the public market without restriction, subject to Rule 144 limitations applicable to affiliates and the lock-up agreements described above.

Registration Rights

Following this offering, some of our shareholders will, under some circumstances, have the right to require us to register their shares for future sale. See "Certain Relationships and Related Party Transactions—Shareholders Agreement."

**MATERIAL U.S. FEDERAL TAX CONSIDERATIONS
FOR NON-U.S. HOLDERS OF OUR COMMON STOCK**

The following discussion is a summary of the material U.S. federal income tax consequences to Non-U.S. Holders (as defined below) of the purchase, ownership and disposition of our common stock issued or sold pursuant to this offering, but does not purport to be a complete analysis of all potential tax effects. The effects of other U.S. federal tax laws, such as estate and gift tax laws, and any applicable state, local or non-U.S. tax laws are not discussed. This discussion is based on the U.S. Internal Revenue Code of 1986, as amended, or the Code, Treasury Regulations promulgated thereunder, judicial decisions, and published rulings and administrative pronouncements of the U.S. Internal Revenue Service, or the IRS, in each case in effect as of the date hereof. These authorities may change or be subject to differing interpretations. Any such change or differing interpretation may be applied retroactively in a manner that could adversely affect a Non-U.S. Holder. We have not sought and will not seek any rulings from the IRS regarding the matters discussed below. There can be no assurance the IRS or a court will not take a contrary position to that discussed below regarding the tax consequences of the purchase, ownership and disposition of our common stock.

This discussion is limited to Non-U.S. Holders that hold our common stock as a “capital asset” within the meaning of Section 1221 of the Code (generally, property held for investment). This discussion does not address all U.S. federal income tax consequences relevant to a Non-U.S. Holder’s particular circumstances, including the impact of the Medicare contribution tax on net investment income and the alternative minimum tax. In addition, it does not address consequences relevant to Non-U.S. Holders subject to special rules, including, without limitation:

- U.S. expatriates and former citizens or long-term residents of the United States;
- persons holding our common stock as part of a hedge, straddle or other risk reduction strategy or as part of a conversion transaction or other integrated investment;
- banks, insurance companies, and other financial institutions;
- brokers, dealers or traders in securities;
- “controlled foreign corporations,” “passive foreign investment companies,” and corporations that accumulate earnings to avoid U.S. federal income tax;
- partnerships or other entities or arrangements treated as partnerships for U.S. federal income tax purposes (and investors therein);
- tax-exempt organizations or governmental organizations;
- persons deemed to sell our common stock under the constructive sale provisions of the Code;
- persons who hold or receive our common stock pursuant to the exercise of any employee stock option or otherwise as compensation;
- tax-qualified retirement plans;
- “qualified foreign pension funds” as defined in Section 897(l)(2) of the Code and entities all of the interests of which are held by qualified foreign pension funds; and
- persons subject to special tax accounting rules as a result of any item of gross income with respect to our common stock being taken into account in an applicable financial statement.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

If an entity or arrangement treated as a partnership for U.S. federal income tax purposes holds our common stock, the tax treatment of a partner in the partnership will depend on the status of the partner, the activities of the partnership and certain determinations made at the partner level. Accordingly, partnerships holding our common stock and the partners in such partnerships should consult their tax advisors regarding the U.S. federal income tax consequences to them.

THIS DISCUSSION IS FOR INFORMATIONAL PURPOSES ONLY AND IS NOT TAX ADVICE. INVESTORS SHOULD CONSULT THEIR TAX ADVISORS WITH RESPECT TO THE APPLICATION OF THE U.S. FEDERAL INCOME TAX LAWS TO THEIR PARTICULAR SITUATIONS AS WELL AS ANY TAX CONSEQUENCES OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF OUR COMMON STOCK ARISING UNDER THE U.S. FEDERAL ESTATE OR GIFT TAX LAWS OR UNDER THE LAWS OF ANY STATE, LOCAL OR NON-U.S. TAXING JURISDICTION OR UNDER ANY APPLICABLE INCOME TAX TREATY.

Definition of a Non-U.S. Holder

For purposes of this discussion, a “Non-U.S. Holder” is any beneficial owner of our common stock that is neither a “U.S. person” nor an entity or arrangement treated as a partnership for U.S. federal income tax purposes. A U.S. person is any person that, for U.S. federal income tax purposes, is or is treated as any of the following:

- an individual who is a citizen or resident of the United States;
- a corporation created or organized under the laws of the United States, any state thereof, or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust that (1) is subject to the primary supervision of a U.S. court and the control of one or more “United States persons” (within the meaning of Section 7701(a)(30) of the Code), or (2) has a valid election in effect to be treated as a United States person for U.S. federal income tax purposes.

Distributions

If we make distributions of cash or property on our common stock, such distributions will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. Amounts not treated as dividends for U.S. federal income tax purposes will constitute a return of capital and first be applied against and reduce a Non-U.S. Holder’s adjusted tax basis in its common stock, but not below zero. Any excess will be treated as capital gain and will be treated as described below under “—Sale or Other Taxable Disposition.”

Subject to the discussion below on effectively connected income, dividends paid to a Non-U.S. Holder will be subject to U.S. federal withholding tax at a rate of 30% of the gross amount of the dividends (or such lower rate specified by an applicable income tax treaty, provided the Non-U.S. Holder furnishes a valid IRS Form W-8BEN or W-8BEN-E (or other applicable documentation) certifying qualification for the lower treaty rate). A Non-U.S. Holder that does not timely furnish the required documentation, but that qualifies for a reduced treaty rate, may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the IRS. Non-U.S. Holders should consult their tax advisors regarding their entitlement to benefits under any applicable income tax treaty.

If dividends paid to a Non-U.S. Holder are effectively connected with the Non-U.S. Holder’s conduct of a trade or business within the United States (and, if required by an applicable income tax treaty, the Non-U.S.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

Holder maintains a permanent establishment in the United States to which such dividends are attributable), the Non-U.S. Holder will be exempt from the U.S. federal withholding tax described above. To claim the exemption, the Non-U.S. Holder must furnish to the applicable withholding agent a valid IRS Form W-8ECL, certifying that the dividends are effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States.

Any such effectively connected dividends generally will be subject to U.S. federal income tax on a net income basis at the regular rates. A Non-U.S. Holder that is a corporation also may be subject to a branch profits tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on such effectively connected dividends, as adjusted for certain items. Non-U.S. Holders should consult their tax advisors regarding any applicable tax treaties that may provide for different rules.

Sale or Other Taxable Disposition

A Non-U.S. Holder will not be subject to U.S. federal income tax on any gain realized upon the sale or other taxable disposition of our common stock unless:

- the gain is effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States (and, if required by an applicable income tax treaty, the Non-U.S. Holder maintains a permanent establishment in the United States to which such gain is attributable);
- the Non-U.S. Holder is a nonresident alien individual present in the United States for 183 days or more during the taxable year of the disposition and certain other requirements are met; or
- our common stock constitutes a U.S. real property interest, or USRPI, by reason of our status as a U.S. real property holding corporation, or USRPHC, for U.S. federal income tax purposes.

Gain described in the first bullet point above generally will be subject to U.S. federal income tax on a net income basis at the regular rates. A Non-U.S. Holder that is a corporation also may be subject to a branch profits tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on such effectively connected gain, as adjusted for certain items.

A Non-U.S. Holder described in the second bullet point above will be subject to U.S. federal income tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on gain realized upon the sale or other taxable disposition of our common stock, which may be offset by U.S. source capital losses of the Non-U.S. Holder (even though the individual is not considered a resident of the United States), provided the Non-U.S. Holder has timely filed U.S. federal income tax returns with respect to such losses.

With respect to the third bullet point above, we believe we currently are not, and do not anticipate becoming, a USRPHC. Because the determination of whether we are a USRPHC depends, however, on the fair market value of our USRPIs relative to the fair market value of our non-U.S. real property interests and our other business assets, there can be no assurance we currently are not a USRPHC or will not become one in the future. Even if we are or were to become a USRPHC, gain arising from the sale or other taxable disposition of our common stock by a Non-U.S. Holder will not be subject to U.S. federal income tax if our common stock is "regularly traded," as defined by applicable Treasury Regulations, on an established securities market, and such Non-U.S. Holder owned, actually and constructively, 5% or less of our common stock throughout the shorter of the five-year period ending on the date of the sale or other taxable disposition or the Non-U.S. Holder's holding period.

Non-U.S. Holders should consult their tax advisors regarding potentially applicable income tax treaties that may provide for different rules.

Information Reporting and Backup Withholding

Payments of dividends on our common stock to a Non-U.S. Holder will not be subject to backup withholding if the applicable withholding agent does not have actual knowledge or reason to know the holder is a United States person and the holder certifies its non-U.S. status, such as by furnishing a valid IRS Form W-8BEN, W-8BEN-E or W-8ECI, or the holder otherwise establishes an exemption. However, information returns are required to be filed with the IRS in connection with any distributions on our common stock paid to the Non-U.S. Holder, regardless of whether such distributions constitute dividends or whether any tax was actually withheld. In addition, proceeds of the sale or other taxable disposition of our common stock within the United States or conducted through certain U.S.-related brokers generally will not be subject to backup withholding or information reporting if the applicable withholding agent receives the certification described above and does not have actual knowledge or reason to know that such holder is a United States person or the holder otherwise establishes an exemption. Proceeds of a disposition of our common stock conducted through a non-U.S. office of a non-U.S. broker generally will not be subject to backup withholding or information reporting.

Copies of information returns that are filed with the IRS may also be made available under the provisions of an applicable treaty or agreement to the tax authorities of the country in which the Non-U.S. Holder resides or is established.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a Non-U.S. Holder's U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

Additional Withholding Tax on Payments Made to Foreign Accounts

Withholding taxes may be imposed under Sections 1471 to 1474 of the Code (such Sections commonly referred to as the Foreign Account Tax Compliance Act, or FATCA) on certain types of payments made to non-U.S. financial institutions and certain other non-U.S. entities. Specifically, a 30% withholding tax may be imposed on dividends on, or (subject to the proposed Treasury Regulations discussed below) gross proceeds from the sale or other disposition of, our common stock paid to a "foreign financial institution" or a "non-financial foreign entity" (each as defined in the Code), unless (1) the foreign financial institution undertakes certain diligence and reporting obligations, (2) the non-financial foreign entity either certifies it does not have any "substantial United States owners" (as defined in the Code) or furnishes identifying information regarding each substantial United States owner, or (3) the foreign financial institution or non-financial foreign entity otherwise qualifies for an exemption from these rules. If the payee is a foreign financial institution and is subject to the diligence and reporting requirements in (1) above, it must enter into an agreement with the U.S. Department of the Treasury requiring, among other things, that it undertake to identify accounts held by certain "specified United States persons" or "United States owned foreign entities" (each as defined in the Code), annually report certain information about such accounts, and withhold 30% on certain payments to non-compliant foreign financial institutions and certain other account holders. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing FATCA may be subject to different rules.

Under the applicable Treasury Regulations and administrative guidance, withholding under FATCA generally applies to payments of dividends on our common stock. While withholding under FATCA would have applied also to payments of gross proceeds from the sale or other disposition of stock, proposed Treasury Regulations eliminate FATCA withholding on payments of gross proceeds entirely. Taxpayers generally may rely on these proposed Treasury Regulations until final Treasury Regulations are issued.

Prospective investors should consult their tax advisors regarding the potential application of withholding under FATCA to their investment in our common stock.

CERTAIN ERISA CONSIDERATIONS

The following is a summary of certain considerations associated with the purchase of shares of common stock by (i) “employee benefit plans” within the meaning of Section 3(3) of the U.S. Employee Retirement Income Security Act of 1974, as amended (“ERISA”) that are subject to Title I of ERISA, (ii) plans, collective investment trusts, individual retirement accounts and other arrangements that are subject to Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the “Code”) or any other U.S. or non-U.S. federal, state, local or other laws or regulations that are substantially similar to such provisions of ERISA or the Code (collectively, “Similar Laws”), and (iii) entities whose underlying assets are considered to include “plan assets” of any such plan, account or arrangement described in clauses (i) and (ii), pursuant to ERISA or otherwise (each of the foregoing described in clauses (i), (ii) and (iii) referred to hereunder as a “Plan”).

Section 406 of ERISA and Section 4975 of the Code prohibit Plans which are subject to Title I of ERISA or Section 4975 of the Code (“Covered Plans”) from engaging in specified transactions involving plan assets with persons or entities who are “parties in interest,” within the meaning of ERISA, or “disqualified persons,” within the meaning of Section 4975 of the Code, unless an exemption is available. A party in interest or disqualified person who engages in a non-exempt prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code. The acquisition of shares of common stock by a Covered Plan with respect to which the issuer, selling shareholder or an underwriter is considered a party in interest or a disqualified person may constitute or result in a direct or indirect prohibited transaction under Section 406 of ERISA and/or Section 4975 of the Code, unless the investment is acquired in accordance with an applicable statutory, class or individual prohibited transaction exemption.

Plans that are governmental plans, certain church plans and non-U.S. plans may not be subject to the prohibited transaction provisions of Section 406 of ERISA or Section 4975 of the Code, they may nevertheless be subject to Similar Laws. Fiduciaries of any such plans should consult with their counsel before acquiring any of our common stock. The foregoing discussion is general in nature and is not intended to be all-inclusive. Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is particularly important that fiduciaries, or other persons considering purchasing common stock on behalf of, or with the assets of, any Plan, consult with their counsel regarding the potential applicability of ERISA, Section 4975 of the Code and any Similar Laws to such investment and whether an exemption would be applicable to the purchase and holding of common stock. Neither this discussion nor anything provided in this prospectus is, or is intended to be, investment advice directed at any potential Plan purchasers, or at Plan purchasers generally, and such purchasers of any shares of common stock should consult with and rely on their own counsel and advisers as to whether an investment in the common stock is suitable for the Plan.

UNDERWRITING

and are acting as representatives of each of the underwriters named below. Subject to the terms and conditions set forth in an underwriting agreement among us, the Selling Shareholders and the underwriters, we and the Selling Shareholders have agreed to sell to the underwriters, and each of the underwriters has agreed, severally and not jointly, to purchase from us and the Selling Shareholders, the number of shares of common stock set forth opposite its name below.

<u>Underwriter</u>	<u>Number of Shares</u>
Total	

Subject to the terms and conditions set forth in the underwriting agreement, the underwriters have agreed, severally and not jointly, to purchase all of the shares sold under the underwriting agreement if any of these shares are purchased. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the non-defaulting underwriters may be increased or the underwriting agreement may be terminated.

We and the Selling Shareholders have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the shares, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the shares, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

The representatives have advised us and the Selling Shareholders that the underwriters propose initially to offer the shares to the public at the public offering price set forth on the cover page of this prospectus and to dealers at that price less a concession not in excess of \$ per share. After the initial offering, the public offering price, concession or any other term of the offering may be changed.

The following table shows the public offering price, underwriting discount and proceeds, before expenses, to us and the Selling Shareholders. The information assumes either no exercise or full exercise by the underwriters of their option to purchase additional shares.

Option to Purchase Additional Shares

We and the Selling Shareholders have granted an option to the underwriters, exercisable for 30 days after the date of this prospectus, to purchase up to _____ additional shares at the public offering price, less the underwriting discount. If the underwriters exercise this option, each will be obligated, subject to conditions contained in the underwriting agreement, to purchase a number of additional shares proportionate to that underwriter's initial amount reflected in the above table.

No Sales of Similar Securities

We and the Selling Shareholders, our executive officers and directors and our other existing security holders have agreed not to sell or transfer any common stock or securities convertible into, exchangeable for, exercisable for, or repayable with common stock, for _____ days after the date of this prospectus without first obtaining the written consent of the representatives, subject to certain limited exceptions.

This lock-up provision applies to common stock and to securities convertible into or exchangeable or exercisable for or repayable with common stock. It also applies to common stock owned now or acquired later by the person executing the agreement or for which the person executing the agreement later acquires the power of disposition.

Listing

We expect the shares to be approved for listing on the _____ under the symbol “_____.”

Before this offering, there has been no public market for our common stock. The initial public offering price will be determined through negotiations among us, the Selling Shareholders and the representatives. In addition to prevailing market conditions, the factors to be considered in determining the initial public offering price are:

- the valuation multiples of publicly traded companies that the representatives believe to be comparable to us;
- our financial information;
- the history of, and the prospects for, our company and the industry in which we compete;
- an assessment of our management, its past and present operations, and the prospects for, and timing of, our future revenues;
- the present state of our development; and
- the above factors in relation to market values and various valuation measures of other companies engaged in activities similar to ours.

An active trading market for the shares may not develop. It is also possible that after the offering the shares will not trade in the public market at or above the initial public offering price.

The underwriters do not expect to sell more than 5% of the shares in the aggregate to accounts over which they exercise discretionary authority.

Price Stabilization, Short Positions and Penalty Bids

Until the distribution of the shares is completed, SEC rules may limit underwriters and selling group members from bidding for and purchasing our common stock. However, the representatives may engage in transactions that stabilize the price of the common stock, such as bids or purchases to peg, fix or maintain that price.

In connection with the offering, the underwriters may purchase and sell our common stock in the open market. These transactions may include short sales, purchases on the open market to cover positions created by short sales and stabilizing transactions. Short sales involve the sale by the underwriters of a greater number of shares than they are required to purchase in the offering. “Covered” short sales are sales made in an amount not greater than the underwriters’ option to purchase additional shares described above. The underwriters may close out any covered short position by either exercising their option to purchase additional shares or purchasing shares in the open market. In determining the source of shares to close out the covered short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the option granted to them. “Naked” short sales are sales in excess of such option. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of our common stock in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of various bids for or purchases of shares of common stock made by the underwriters in the open market prior to the completion of the offering.

The underwriters may also impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased shares sold by or for the account of such underwriter in stabilizing or short covering transactions.

Similar to other purchase transactions, the underwriters’ purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of our common stock or preventing or retarding a decline in the market price of our common stock. As a result, the price of our common stock may be higher than the price that might otherwise exist in the open market. The underwriters may conduct these transactions on , in the over-the-counter market or otherwise.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of our common stock. In addition, neither we nor any of the underwriters make any representation that the representatives will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Electronic Distribution

In connection with the offering, certain of the underwriters or securities dealers may distribute prospectuses by electronic means, such as e-mail.

Other Relationships

Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our

Report of Independent Registered Public Accounting Firm

To the Shareholders and the Board of Directors of Jo-Ann Stores Holdings Inc.

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Jo-Ann Stores Holdings Inc. and subsidiaries (the Company) as of February 1, 2020 and February 2, 2019, the related consolidated statements of comprehensive income (loss), shareholders' equity (deficit) and cash flows for the years ended February 1, 2020, February 2, 2019 and February 3, 2018, and the related notes (collectively referred to as the "consolidated financial statements"). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Company at February 1, 2020 and February 2, 2019, and the results of its operations and its cash flows for the years ended February 1, 2020, February 2, 2019 and February 3, 2018 in conformity with U.S. generally accepted accounting principles.

Adoption of ASU No. 2016-02, Leases

As discussed in Note 5 to the consolidated financial statements, the Company changed its method of accounting for leases in 2020 due to the adoption of ASU No. 2016-02, Leases (Topic 842), as amended, effective February 3, 2019, using the modified retrospective approach.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB and in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical Audit Matters

The critical audit matter communicated below is a matter arising from the current period audit of the financial statements that was communicated or required to be communicated to the audit committee and that: (1) relates to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective or complex judgments. The communication of the critical audit matter does not alter in any way our opinion on the consolidated financial statements, taken as a whole, and we are not, by communicating the critical audit matter below, providing a separate opinion on the critical audit matter or on the account or disclosures to which it relates.

Valuation of Goodwill

Description of the Matter

At February 1, 2020, the Company's goodwill balance was \$162.0 million. As discussed in Notes 1 and 8 to the consolidated financial statements, the Company evaluates the carrying amount of goodwill for impairment annually as of the first day of the fourth quarter or more frequently if indicators of impairment exist. The Company performs an initial assessment of qualitative factors to determine whether it is more likely than not that the reporting unit's fair value is less than its carrying value. If management concludes the qualitative assessment is not sufficient to conclude on whether the fair value is less than the carrying value, a quantitative impairment test is performed. As part of the quantitative approach, the Company determines the fair value of the reporting unit using a discounted cash flow approach and the market comparable method. Given negative comparable sales and declining margins attributable to the impact of U.S. tariffs on imported merchandise from China, the Company determined that an interim impairment evaluation of goodwill was necessary for its Jo-Ann reporting unit for which it was concluded an impairment existed and recorded a goodwill impairment charge of \$130.4 million during the second quarter of fiscal 2020. Due to a weaker than expected peak selling season, another quantitative impairment analysis of goodwill related to the Jo-Ann reporting unit was completed as of November 30, 2019. Based on the analyses performed, the Company recognized a goodwill impairment charge of \$351.4 million during the fourth quarter of fiscal 2020.

Auditing the Company's goodwill impairment assessment was complex and judgmental due to the significant estimation required to determine the fair value of the Jo-Ann reporting unit. In particular, the fair value estimates were sensitive to significant assumptions such as the weighted average cost of capital, revenue growth rates, EBITDA margins, and perpetual growth rates, which are affected by expectations about future market or economic conditions.

***How We Addressed the
Matter in Our Audit***

To test the estimated fair value of the Jo-Ann reporting unit, our audit procedures included, among others, evaluating the Company's fair value methodology, testing the significant assumptions discussed above and testing the underlying data used by the Company in its analysis. For example, we compared the significant assumptions used by management to current industry and economic trends and assessed the historical accuracy of management's estimates. We also involved a valuation specialist to assist in our evaluation of the weighted average cost of capital and market multiples.

/s/ Ernst & Young LLP

We have served as the Company's auditors since 2002.

Note 1—Significant Accounting Policies

Nature of Operations

We are the nation's largest specialty retailer of fabrics and sewing accessories and one of the largest specialty retailers of crafts, serving customers in their pursuit of apparel and craft sewing, crafting, home decorating and other creative endeavors. Our retail stores (operating as JOANN, Jo-Ann Fabric and Craft Stores and Jo-Ann Stores) and website (www.joann.com) feature a variety of competitively priced merchandise used in sewing, crafting and home decorating projects, including fabrics, notions, crafts, frames, paper crafting material, artificial floral, home accents, finished seasonal and home décor merchandise. Our complementary website Creativebug (www.creativebug.com) offers an extensive array of online arts and crafts instructional videos for the do-it-yourself ("DIY") community where customers can learn how to paint, draw, sew, quilt, knit, crochet, and much more, while capturing the intimate experience of learning from top designers and artists. As of February 1, 2020, we operated 867 retail stores in 49 states.

The significant accounting policies applied in preparing the accompanying consolidated financial statements of the Company are summarized below.

Basis of Presentation

The consolidated financial statements include the accounts of Jo-Ann Stores Holdings Inc. (the "Holding Company"), Needle Holdings LLC ("Needle Holdings") and Jo-Ann Stores, LLC and its wholly-owned subsidiaries ("Jo-Ann"). All of the entities referenced in the prior sentence hereinafter will be referred to collectively as the "Company" and are all owned by affiliates of Leonard Green & Partners, L.P. ("LGP"). All intercompany accounts and transactions have been eliminated upon consolidation.

The Holding Company has no operating activities and is limited to the issuance of shares of common stock and stock options, the repurchase of common shares, the issuance and repurchase of debt, the receipt and payment of dividends or distributions and the payment of interest expense. The authorized, issued and outstanding common shares and treasury shares shown on the consolidated balance sheet are of the Holding Company. Likewise, Needle Holdings has no operating activities and is limited to the issuance of initial shares of common stock and stock options and the payment of dividends or distributions.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Since actual results may differ from those estimates, the Company revises its estimates and assumptions, as new information becomes available.

Fiscal Year

The Company's fiscal year ends on the Saturday closest to January 31 and refers to the year in which the period ends (e.g., fiscal 2020 refers to the year ended February 1, 2020). Fiscal years consist of 52 weeks, unless noted otherwise. Fiscal 2018 was a 53-week year.

Recently Adopted Accounting Guidance

In the second quarter of fiscal 2020, the Company adopted Accounting Standards Update ("ASU") No. 2017-04, "Intangibles – Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment,"

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

which eliminates the requirement to calculate the implied fair value of goodwill to measure the amount of impairment loss, if any, under the second step of the current goodwill impairment test. Under this guidance, the goodwill impairment loss is measured as the amount by which a reporting unit's carrying value exceeds its fair value, not to exceed the carrying amount of goodwill. In both the second quarter and fourth quarter of fiscal 2020, the Company completed a quantitative impairment analysis of goodwill in accordance with ASU 2017-04, which resulted in non-cash goodwill impairment charges of \$130.4 million and \$351.4 million, respectively. See Notes to Consolidated Financial Statements, Note 8—Goodwill and Other Intangible Assets for further details.

In the first quarter of fiscal 2020, the Company adopted ASU No. 2016-15, "Classification of Certain Cash Receipts and Cash Payments," which addresses various cash flow classification scenarios and is intended to eliminate diversity in practice. We used the retrospective transition method to adopt this standard, with no material impact to the Consolidated Statements of Cash Flows.

In the first quarter of fiscal 2020, the Company adopted ASU No. 2016-02, "Leases (Topic 842)," which requires an entity to recognize lease assets and liabilities on the balance sheet and to disclose key information about an entity's leasing arrangements. ASU 2016-02 requires companies to use a modified retrospective transition approach. In July 2018, the FASB issued ASU No. 2018-11, "Leases (Topic 842): Targeted Improvements" which provided an additional transition option that allows companies to continue applying the guidance under the previous lease standard in the comparative periods presented in the consolidated financial statements. We utilized the additional transition option to adopt ASU 2016-02. As a result, the standard was applied starting February 3, 2019 and prior periods were not restated. The Company elected the package of practical expedients permitted under the transition guidance within the new standard. This election allowed the carryforward of historical conclusions for lease identification, lease classification, and initial direct costs. The Company is accounting for leases with a term of less than one year under the short-term policy election. The Company also elected the practical expedient to not separate lease components from the non-lease components for all classes of leased assets. The Company chose not to elect the hindsight practical expedient.

Adoption of the new standard did not materially affect our Consolidated Statements of Comprehensive Income (Loss) or Consolidated Statements of Cash Flows, but resulted in the recognition of approximately \$807 million of lease assets and liabilities on the Consolidated Balance Sheet as of February 3, 2019. In connection with the adoption, pre-existing liabilities for deferred rent, various lease incentives and favorable and unfavorable lease rights were reclassified as a component of the lease assets. Adoption did not require the Company to record an adjustment to opening retained earnings. Refer to Note 5—Leases for additional information.

In the first quarter of fiscal 2019, the Company adopted ASU No. 2014-09, "Revenue Recognition— Revenue from Contracts with Customers", which is a comprehensive revenue recognition standard that supersedes nearly all existing revenue recognition guidance under GAAP. This guidance requires entities to recognize revenue at an amount that reflects the consideration to which the entity expects to be entitled in exchange for transferring goods or services to a customer. We used the modified retrospective transition method to adopt this standard, with no adjustments required to our opening retained earnings. The adoption did not have a material impact to our consolidated financial statements.

Future Adoption of Recently Issued Accounting Guidance

In August 2018, the FASB issued ASU No. 2018-15, "Customer's Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement That is a Service Contract," which aligns the accounting for implementation costs incurred in a cloud computing arrangement that is a service contract with the guidance on capitalizing costs associated with developing or obtaining internal-use software. The guidance amends Accounting Standards Codification ("ASC") 350 to include in its scope implementation costs of a cloud computing arrangement that is a service contract and clarifies that a customer should apply ASC 350 to determine which implementation costs should be capitalized in such a cloud computing arrangement. This guidance is effective for fiscal years and interim periods within those fiscal years beginning after December 15,

PURSUANT TO 17 CFR 200.83**

2019, with early adoption permitted. The Company will adopt ASU 2018-15 in the first quarter of fiscal 2021 using the prospective approach. The Company does not expect adoption to have a material impact on the consolidated financial statements.

In June 2016, the FASB issued ASU No. 2016-13, “Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments,” which introduces new guidance for estimating credit losses on certain types of financial instruments based on expected losses and the timing of the recognition of such losses. The Company will adopt ASU 2016-13 in the first quarter of fiscal 2021. The Company does not expect adoption to have a material impact on the consolidated financial statements.

In March 2020, the FASB issued ASU No. 2020-04, “Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting”. The amendments provide optional guidance for a limited time to ease the potential burden in accounting for reference rate reform. The new guidance provides optional expedients and exceptions for applying U.S. GAAP to contracts, hedging relationships and other transactions affected by reference rate reform if certain criteria are met. The amendments apply only to contracts and hedging relationships that reference the London Interbank Offered Rate (LIBOR) or another reference rate expected to be discontinued due to reference rate reform. These amendments are effective upon issuance and may be applied prospectively to contract modifications made and hedging relationships entered into or evaluated on or before December 31, 2022. The Company is currently evaluating the amended guidance and the impact on its consolidated financial statements and related disclosures.

Cash and Cash Equivalents

Cash equivalents are all highly-liquid investments with original maturities of three months or less.

Inventories

Inventories are stated at the lower of cost or net realizable value with cost determined on a weighted average basis. Inventory valuation methods require certain management estimates and judgments, which affect the ending inventory valuation at cost, as well as the cost of sales reported for the year. These valuation methods include estimates of net realizable value on product designated for clearance and estimates of shrink between periods when the Company conducts distribution center inventory cycle counts and store physical inventories to substantiate inventory balances.

The Company’s accrual for shrink is based on the actual historical shrink results of recent distribution center inventory cycle counts and store physical inventories. These estimates are compared to actual results as physical inventory counts are taken and reconciled to the general ledger. The majority of the Company’s store physical inventory counts are taken in the first three quarters of each year and the shrink accrual recorded at February 1, 2020 is based on shrink results of these prior physical inventory counts. Store locations that have been open one year or longer are physically inventoried at least once over an 18-month cycle, with stores exhibiting a higher rate of shrink to sales inventoried at least once per year. The Company continually monitors and adjusts the shrink rate estimates based on the results of store physical inventory counts and shrink trends.

Inventory reserves for clearance product are estimated based on a number of factors, including, but not limited to, quantities of slow moving or carryover seasonal merchandise on hand, historical recovery statistics and future merchandising plans. The accuracy of the Company’s estimates can be affected by many factors, some of which are outside of the Company’s control, including changes in economic conditions and consumer buying trends.

Consignment inventory is not reflected in the Company’s consolidated financial statements. Consignment inventory consists of patterns, magazines, books, calendars, DVDs, ribbons and seeds. Consignment inventory can be returned to the vendor at any time. At the time consigned inventory is sold, the Company records the purchase liability in accounts payable and the related cost of merchandise in cost of sales.

Property, Equipment and Leasehold Improvements

Property, equipment and leasehold improvements are stated at cost less accumulated depreciation. Depreciation is recorded over the estimated useful life of the assets principally by the straight-line method. The major classes of assets and ranges of estimated useful lives are: buildings and building/land improvements from 10 to 40 years; furniture and fixtures from five to 10 years; purchased software and computer equipment from three to five years; leasehold improvements for the lesser of 10 years or over the remaining life of the lease; and finance lease assets for the term of the underlying lease. Maintenance and repair expenditures are charged to expense as incurred and improvements and major renewals are capitalized.

Software Development

The Company capitalized \$16.3 million in fiscal 2020 and \$5.6 million in fiscal 2019 for internal use software acquired from third parties. The capitalized amounts are included in property, equipment and leasehold improvements, net. The Company amortizes internal use software on a straight-line basis over periods ranging from three to five years beginning at the time the software becomes operational. Amortization expense was \$6.6 million in fiscal 2020, \$4.7 million in fiscal 2019 and \$4.2 million in fiscal 2018. The unamortized balance for internal use software is \$23.0 million as of February 1, 2020 and \$13.3 million as of February 2, 2019.

Goodwill and Other Intangible Assets

Goodwill represents the excess of acquisition cost over the fair value of the net assets of acquired entities. The goodwill carried on the accompanying Consolidated Balance Sheet at February 1, 2020 was the resulting value of Jo-Ann becoming a wholly-owned subsidiary of Needle Holdings in March 2011 (the "Merger") of \$640.0 million, less impairment charges of \$481.8 million recorded during fiscal 2020, and \$3.8 million as a result of the acquisition of Creativebug, LLC ("Creativebug") in April 2017. The Company tests goodwill and intangible assets for impairment annually and more frequently if circumstances indicate that impairment may exist.

The Company assesses the carrying value of goodwill at the reporting unit level. A reporting unit is the operating segment, or a business unit one level below that operating segment, for which discrete financial information is prepared and regularly reviewed by segment management. As of February 1, 2020, the Company has two reporting units, Jo-Ann and Creativebug.

Annually, as of the first day of the fourth quarter, or more frequently if circumstances indicate impairment may exist, the Company assesses qualitative factors to determine whether any circumstances exist which would indicate that it is more-likely-than-not that the fair values of the reporting units are below their respective carrying values. If such circumstances exist, a quantitative assessment is performed. The quantitative assessment compares the fair value of a reporting unit to its current carrying value. We determine the estimated fair value of a reporting unit based on valuation techniques including discounted cash flows as well as a market comparable method. If the fair value of the reporting unit exceeds the carrying value of the net assets assigned to that reporting unit, goodwill is not considered impaired.

In fiscal 2020, the Company completed two quantitative goodwill impairment tests for the Jo-Ann reporting unit and concluded that goodwill impairment existed in the aggregate amount of \$481.8 million. Based on a quantitative assessment, the Company determined that no goodwill impairment existed for the Jo-Ann reporting unit in fiscal 2019.

Annually, as of the first day of the fourth quarter, or more frequently if circumstances indicate impairment may exist, the Company assesses qualitative factors to determine whether any circumstances exist which would indicate that it is more-likely-than-not that the fair values of the indefinite-lived intangible assets not subject to amortization (Jo-Ann Trade Name and Joann.com Domain Name) are below their respective

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

carrying values. If such circumstances exist, a quantitative assessment is performed. The quantitative assessment compares the fair value of an intangible asset to its current carrying value. We determine the estimated fair value of an intangible asset based upon the relief from royalty method which evaluates the appropriate royalty rate for the asset.

In fiscal 2020, the Company completed two quantitative impairment tests for the Jo-Ann Trade Name and concluded that impairment existed in the amount of \$5.0 million. No quantitative assessment of the Joann.com Domain Name was performed in fiscal 2020, as the Company concluded based on qualitative assessments that it not was not-more-likely-than not that the fair value of the Jo-Ann.com Domain Name unit did not exceed its carrying value. Based on quantitative assessments, the Company determined that no impairment existed for the Jo-Ann Trade Name or Joann.com Domain Name in fiscal 2019.

See Notes to Consolidated Financial Statements, Note 8—Goodwill and Other Intangible Assets for further details.

Impairment of Long-Lived and Operating Lease Assets

The Company evaluates long-lived and operating lease assets for impairment whenever events or changes in circumstances indicate that the carrying amount of those assets may not be recoverable. Factors considered that could trigger an impairment review include, but are not limited to, significant underperformance relative to historical or projected future operating results and significant changes in the manner of use of the assets or the Company's overall business strategies. Potential impairment exists if the estimated undiscounted cash flow expected to result from the use of the asset is less than the carrying value of the asset. The amount of the impairment loss represents the excess of the carrying value of the asset over its fair value. Management estimates fair value based on a projected discounted cash flow method using a discount rate that is considered to be commensurate with the risk inherent in the Company's current business model. Additional factors are taken into consideration, such as local market conditions, operating environment and other trends.

Based on management's ongoing review of the performance of its stores, utilization of assets and other facilities, impairment losses included within SG&A expenses on the accompanying Consolidated Statements of Comprehensive Income (Loss) amounted to \$0.2 million for fiscal 2020, \$0.4 million for fiscal 2019 and \$1.1 million for fiscal 2018.

Store Pre-Opening and Closing Costs

Store pre-opening costs are expensed as incurred and relate to the costs incurred prior to a new store or remodeled store opening, which includes the hiring and training costs for new employees, processing costs of initial merchandise and rental expense for the period prior to the store opening for business.

The Company recognizes costs associated with exit or disposal activities at the time the obligation is incurred. In addition, any liabilities that arise from exit or disposal activities are initially measured and recorded at fair value.

	February 1, 2020	Fiscal Year-Ended February 2, 2019 (Dollars in millions)	February 3, 2018
Store pre-opening costs	\$ 7.5	\$ 4.7	\$ 3.3
Store closing costs	1.8	1.4	1.2
Total	<u>\$ 9.3</u>	<u>\$ 6.1</u>	<u>\$ 4.5</u>

Accrued Expenses

The Company estimates certain material expenses in an effort to record those expenses in the period incurred. The Company's most material estimates relate to compensation, taxes and insurance-related expenses, significant portions of which are self-insured. The ultimate cost of the Company's workers' compensation and general liability insurance accruals are recorded based on actuarial valuations and historical claims experience. The Company's employee medical insurance accruals are recorded based on its medical claims processed, as well as historical medical claims experience for claims incurred but not yet reported. The Company maintains stop-loss coverage to limit the exposure to certain insurance-related risks. Differences in estimates and assumptions could result in an accrual requirement materially different from the calculated accrual. Historically, such differences have not been significant.

Financial Instruments

A financial instrument is cash or a contract that imposes an obligation to deliver or conveys a right to receive cash or another financial instrument. The carrying values of the Company's cash and cash equivalents, accounts payable and borrowings on our Revolving Credit Facility are considered to be representative of fair value due to the short maturity of these instruments.

See Notes to Consolidated Financial Statements, Note 4—Fair Value Measurement for discussion regarding the fair value of the Company's derivative instrument and term loan debt instruments.

Income Taxes

The Company does business in various jurisdictions that impose income taxes. The aggregate amount of income tax expense to accrue and the amount currently payable are based upon the tax statutes of each jurisdiction, pursuant to the asset and liability method. This process involves adjusting book income for items that are treated differently by the applicable taxing authorities. Deferred tax assets and liabilities are reflected on the balance sheet for temporary differences that will reverse in subsequent years. Deferred tax assets and liabilities are measured using tax rates expected to apply to taxable income in the years in which those temporary differences are estimated to be recovered or settled. The effect on deferred tax assets and liabilities of a change in the tax rate is recognized in income or expense in the period during which the change is enacted. The Company considers indefinite-lived intangibles as a potential future source of taxable income when considering the realizability of indefinite-lived deferred tax assets.

The current tax provision can be affected by the mix of income and identification or resolution of uncertain tax positions. Because income from different state jurisdictions may be taxed at different rates, the shift in mix between states during a year or over years can cause the effective tax rate to change. The rate is based on the best estimate of an annual effective rate, and those estimates are updated quarterly. The Company also regularly evaluates the status and likely outcomes of uncertain tax positions.

As a matter of course, the Company is regularly audited by federal, state and local tax authorities. For federal purposes, effective fiscal 2015, the Company is part of the Compliance Assurance Process ("CAP") program, pursuant to which it works collaboratively with the IRS in order to address issues prior to its filing of the return. Effective fiscal 2018, the Company is a CAP "Maintenance" taxpayer, such that the level of IRS audit testing has been further reduced. For fiscal 2021, the Company will be in the "bridge" phase of the CAP program, pursuant to which the IRS will not accept disclosures, will not conduct reviews and will not provide letters of assurance for the year. Reserves are provided for potential exposures when it is considered more-likely-than-not that a taxing authority may take a sustainable position on a matter contrary to the Company's position. The Company evaluates these reserves, including interest thereon, on a quarterly basis to ensure that they have been appropriately adjusted for events, including audit settlements that may impact the ultimate payment for such exposure.

Revenue Recognition

Revenue is primarily associated with sales of merchandise to customers within our retail stores and customers utilizing our e-commerce channels. Retail sales, net of estimated returns and point-of-sale coupons and discounts, are recorded at the point-of-sale when customers take control of the merchandise in stores. E-commerce sales include shipping revenue and are recorded upon delivery to the customer. Shipping and handling fees charged to customers are recorded as sales with related costs recorded as cost of sales. Sales taxes are not included in sales as the Company acts as a conduit for collecting and remitting sales taxes to the appropriate governmental authorities. Payment is typically due at the point-of-sale, thus the Company does not have material customer receivables.

The Company allows for merchandise to be returned under most circumstances. The current policy allows for customers to receive an even exchange or full refund based upon the original method of payment when the returned purchase is accompanied with a receipt. Historic customer return activity is used to estimate the returns reserve, which historically, has not been material to our consolidated financial statements. The Company presents the gross sales returns reserve in accounts payable and the estimated value of the merchandise expected to be returned in prepaid expenses and other current assets within the accompanying Consolidated Balance Sheets.

Proceeds from the sale of Jo-Ann gift cards are recorded as a liability and recognized as net sales when redeemed by the holder. Gift card breakage represents the remaining balance of our liability for gift cards for which the likelihood of redemption by the customer is remote. Gift card breakage is recognized as net sales in proportion to the pattern of rights exercised by the customer and is determined based on historical redemption patterns. The Company recognized \$1.3 million of pre-tax income due to gift card breakage in fiscal 2020, \$1.4 million in fiscal 2019 and \$1.6 million in fiscal 2018. The Company generally is not required by law to escheat the value of unredeemed gift cards to the states in which it operates.

Activity related to the Company's gift card liabilities was as follows:

	Fiscal Year- Ended	
	February 1, 2020	February 2, 2019
	(Dollars in millions)	
Balance at beginning of period	\$ 30.8	\$ 29.5
Issuance of gift cards	40.1	40.8
Revenue recognized (a)	(37.1)	(38.1)
Gift card breakage	(1.3)	(1.4)
Balance at end of period	<u>\$ 32.5</u>	<u>\$ 30.8</u>

(a) Revenue recognized from the beginning liability during fiscal 2020 and fiscal 2019 totaled \$8.9 million and \$9.0 million, respectively.

Cost of Sales

Inbound freight and duties, including tariffs, related to import purchases and internal transfer costs are considered to be direct costs of the Company's merchandise and, accordingly, are recognized when the related merchandise is sold as cost of sales. Cost of sales does not include depreciation and amortization. Purchasing and receiving costs, warehousing costs and other costs of the Company's distribution network are considered to be period costs not directly attributable to the value of merchandise and, accordingly, are expensed as incurred as SG&A expenses.

The Company receives vendor support, including cash discounts, volume discounts, allowances and markdown support. The Company has agreements in place with each vendor setting forth the specific conditions for each allowance or payment. Depending on the arrangement, the Company either recognizes the allowance as a reduction of current costs or defers the payment over the period the related merchandise is sold through cost of sales.

Operating Leases

Effective February 3, 2019 with the adoption of ASU 2016-02, the Company records right-of-use lease assets and lease liabilities on its Consolidated Balance Sheet. Lease liabilities are recorded at a discount based upon the Company's estimated incremental borrowing rate. Factors incorporated into the calculation of lease discount rates include the valuations and yields of the Company's term loan facilities, their credit spread over comparable U.S. Treasury rates, and an index of the credit spreads for U.S. Retail Company debt yields.

The Company records lease cost on a straight-line basis over the base, non-cancelable lease term commencing on the date that the Company takes physical possession of the property from the landlord, which may include a period prior to the opening of a store or other facility to make any necessary leasehold improvements and install fixtures. Any tenant allowances received are recorded as a reduction of lease payments when calculating the lease liability and the associated asset. Leases with an initial term of 12 months or less are not recorded on the Consolidated Balance Sheet and lease expense for such leases is recognized on a straight-line basis over the lease term. The Company combines lease and non-lease components. Many leases include one or more options to renew, and the exercise of lease renewal options is at the Company's sole discretion. The Company's lease agreements do not contain any material residual value guarantees or material restrictive covenants.

Related Party Transactions

The Company paid the annual management fee of \$5.0 million during each of fiscal 2020, fiscal 2019 and fiscal 2018 to LGP, which is included in SG&A expenses.

Advertising Costs

The Company expenses production costs of advertising the first time the advertising takes place. Advertising expense, net of co-operative advertising agreements, was \$64.5 million for fiscal 2020, \$65.6 million for fiscal 2019 and \$70.4 million for fiscal 2018. Included in prepaid expenses and other current assets were \$2.0 million at the end of fiscal 2020 and \$1.6 million at the end of fiscal 2019 relating to prepayments of production costs for advertising.

Stock-Based Compensation

The fair value of stock-based awards to employees is recognized as compensation expense on a straight-line basis over the requisite service period of the awards. The fair value of the stock-based awards is determined using the Black-Scholes option pricing model. Determining the fair value of options at the grant date requires judgment, including estimating the expected term that stock options will be outstanding prior to exercise and the associated volatility. The absence of an active market for the Company's common stock also requires the Company board of directors to determine the fair value of its common stock for purposes of granting stock options. The Company obtains contemporaneous third-party valuations to assist the board of directors in determining the fair value of the Company's common stock. See Notes to Consolidated Financial Statements, Note 10—Stock-Based Compensation for further details.

On October 21, 2016, the Company entered into an amended and restated five-year \$400.0 million Revolving Credit Facility (\$139.8 million drawn at close) and a new seven-year \$725.0 million Term Loan due 2023 (the “Transaction”). Proceeds from the Transaction of \$864.8 million, together with approximately \$18.1 million of cash, were used to fully repay the pre-existing senior secured credit facilities of \$582.5 million plus accrued interest of \$5.5 million and to pay fees and expenses of \$20.9 million related to the Transaction, with the remainder used to repay approximately \$271.8 million principal plus \$2.2 million accrued interest of the Jo-Ann senior notes.

On July 21, 2017, the Company completed syndication of an incremental term loan in an aggregate principal amount of \$180.0 million (the “Incremental Term Loan”) by obtaining an increase in the principal amount of initial term loans under the term loan credit agreement dated October 21, 2016. Proceeds from the Incremental Term Loan of \$178.2 million were used to pay fees and expenses of \$1.8 million related to the Incremental Term Loan, with the remainder used to repurchase \$171.6 million principal plus \$4.8 million of accrued interest of the Jo-Ann senior notes due 2019. On August 14, 2017, the Company repurchased the remaining balance of \$6.6 million face value of the Jo-Ann senior notes due 2019 utilizing its Revolving Credit Facility.

On May 21, 2018, the Company completed syndication of the Term Loan due 2024 in an aggregate principal amount of \$225.0 million. Proceeds from the Term Loan due 2024 of \$221.6 million together with approximately \$58.0 million of borrowings on the Company’s Revolving Credit Facility were used to pay fees and expenses of \$2.4 million related to the Term Loan due 2024, which is accounted for as debt related (gain) loss within the accompanying Consolidated Statements of Comprehensive Income (Loss), with the remainder used to fully repay \$274.5 million principal plus \$2.7 million accrued interest of the Holding Company senior notes due 2019. An additional \$0.3 million of fees and expenses were paid subsequent to the closing date.

Revolving Credit Facility

On October 21, 2016, the Company entered into an agreement to amend and restate various terms of the asset-based Revolving Credit Facility dated March 11, 2011 (as amended and in effect March 14, 2013). The amended and restated facility provides for senior secured financing of up to \$400.0 million, subject to a borrowing base, maturing on October 20, 2021. The borrowing base equals the sum of (i) the appraised net orderly liquidation value of eligible inventory at an advance rate of 90.0 percent to 92.5 percent, based on seasonality, plus (ii) 90.0 to 92.5 percent of the appraised net orderly liquidation value of eligible in-transit inventory, based on seasonality, plus (iii) 90.0 percent of eligible credit and debit card receivables, plus (iv) 90.0 percent of eligible letter of credit inventory, minus (v) certain availability reserves. The amended facility is secured by a first priority security interest in Jo-Ann’s inventory, accounts receivable, and related assets with a second priority interest in all other assets, excluding real estate. It is guaranteed by existing and future wholly-owned subsidiaries of Jo-Ann, subject to certain exceptions.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

The maturity date of the amended facility is October 20, 2021. Under the amended facility, base rate loans bear an additional margin of 0.50 percent when average historical excess capacity is less than 40.0 percent of the maximum credit and 0.25 percent when average historical excess capacity is greater than or equal to 40.0 percent of the maximum credit. Eurodollar rate loans bear an additional margin of 1.50 percent when average historical excess capacity is less than 40.0 percent of the maximum credit and 1.25 percent when average historical excess capacity is greater than or equal to 40.0 percent of the maximum credit. Unused commitment fees on the amended facility are at a rate of 0.25 percent per annum. Interest for base rate loans is due on the first business day of the calendar quarter subsequent to the borrowing period. Interest for Eurodollar rate loans is due the day that the Eurodollar rate loan expires or if the duration of the loan is more than three months, interest is due every three months from the first day of the interest period. Jo-Ann has the option to request an increase in the size of the facility up to \$100.0 million (for a total facility of \$500.0 million) in increments of \$20.0 million, provided that no default exists or would arise from the increase. However, the lenders under the Revolving Credit Facility are under no obligation to provide any such additional increments.

The amended and restated credit agreement requires that from the time excess availability on any day is less than the greater of (i) \$35.0 million and (ii) 10 percent of the Maximum Credit until the time excess availability is greater than the greater of (i) \$35.0 million and (ii) 10 percent of the Maximum Credit for 30 consecutive calendar days, the consolidated fixed charge coverage ratio shall be not less than 1.0 to 1.0.

The Revolving Credit Facility contains customary covenants that, among other things, impose restrictions on Jo-Ann's ability to incur additional indebtedness, guarantee obligations, create liens against its assets or revenues, engage in mergers or consolidations, dispose of assets, make investments, loan or advance funds, engage in certain transactions with affiliates or change the nature of its business. Jo-Ann is also restricted in its ability to pay dividends or make other distributions.

A breach of any of these covenants could result in an event of default. Upon the occurrence and continuation of an event of default, the lenders could elect to declare all amounts outstanding under the Revolving Credit Facility to be due and payable and to terminate all commitments to extend further credit. Such actions by the lenders could cause cross defaults under our other indebtedness. If Jo-Ann is unable to repay amounts due, the lenders under the Revolving Credit Facility could proceed against the collateral granted to them to secure that indebtedness.

The total fees and expenses associated with amending the Revolving Credit Facility were approximately \$1.7 million, which fees represent banking, legal and other professional services. These fees and expenses were recorded as deferred costs and are being amortized over the life of the Revolving Credit Facility. Additionally related to the amendment of the Revolving Credit Facility, \$0.4 million of debt extinguishment costs were recorded in fiscal 2017 related to the previously deferred costs of the Revolving Credit Facility.

As of February 1, 2020, there were \$173.5 million of borrowings on the Revolving Credit Facility and our outstanding letters of credit obligation was \$20.3 million. As of February 1, 2020, our excess availability on the Revolving Credit Facility was \$206.2 million. During fiscal 2020, the weighted average interest rate for borrowings under the Revolving Credit Facility was 3.42 percent compared to 3.62 percent during fiscal 2019. As of February 2, 2019, the Company had \$58.0 million of borrowings on the Revolving Credit Facility and our outstanding letters of credit obligation was \$25.3 million.

Term Loan due 2023

On October 21, 2016, the Company entered into a \$725.0 million senior secured term loan facility (the "Term Loan due 2023") which was issued at 98.0 percent of face value. On July 21, 2017, the Company completed syndication of the Incremental Term Loan in an aggregate principal amount of \$180.0 million, which was issued at 99.0 percent of face value, by obtaining an increase in the principal amount of the Term Loan due 2023. Proceeds from the Incremental Term Loan of \$178.2 million were used to pay \$1.8 million of fees and expenses related to the Incremental Term Loan, with the remainder used to repurchase \$171.6 million plus \$4.8 million of accrued interest of the previously outstanding senior notes issued by Jo-Ann, due 2019.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

The Term Loan due 2023 facility is with a syndicate of lenders and is secured by substantially all the assets of Jo-Ann, excluding the Revolving Credit Facility collateral, and has a second priority security interest in the Revolving Credit Facility collateral. It is guaranteed by existing and future wholly-owned subsidiaries of Jo-Ann, subject to certain exceptions.

The Term Loan due 2023 has a maturity date of October 20, 2023. Base rate loans bear an additional margin of 4.0 percent, while Eurodollar rate loans bear an additional margin of 5.0 percent. Eurodollar rate loans are subject to a 1.0 percent LIBOR floor. Interest payments are made (a) as to any loan other than a base rate loan, the last day of each interest period applicable to such loan and the applicable maturity date; provided that if any interest period for a Eurodollar rate loan exceeds three months, the respective dates that fall every three months after the beginning of such interest period shall also be interest payment dates; and (b) as to any base rate loan, the last business day of each January, April, July and October and the applicable maturity date. During fiscal 2020, the weighted average interest rate for borrowings under the Term Loan due 2023 facility was 7.46 percent compared to 7.40 percent during fiscal 2019.

The Term Loan due 2023 has mandatory quarterly repayments of \$2.3 million on the last business day of each January, April, July and October. The Term Loan due 2023 also contains a provision requiring up to 50.0 percent of “excess cash flow” (as defined in the Term Loan due 2023 agreement and commencing with the fiscal year ended February 3, 2018) to be applied toward payment of principal on that facility, with step-downs to 25.0 percent and 0.0 percent should the senior secured net leverage ratio be less than 2.50x and 2.00x, respectively. There is no excess cash flow payment due for fiscal 2020. For fiscal 2019, senior secured debt was greater than 2.50x adjusted EBITDA; therefore, 50.0 percent of excess cash flow was required as a payment of principal on the Term Loan due 2023. An excess cash flow principal payment of \$15.7 million related to fiscal year 2019 was made in March of fiscal 2020.

The Term Loan due 2023 agreement does not contain any financial covenants.

The Term Loan due 2023 was issued at a \$14.5 million discount. A portion of the discount in the amount of \$11.1 million was recorded as a reduction of debt and is being amortized over the life of the Term Loan due 2023 and \$3.4 million of the discount was recorded as debt related (gain) loss in fiscal 2017.

The Incremental Term Loan was issued at a \$1.8 million discount, which was recorded as a reduction of debt and is being amortized over the life of the Term Loan due 2023. The total fees and expenses associated with issuing the Incremental Term Loan were \$1.8 million, which fees represent banking, legal and other professional fees. These fees and expenses were recorded as a reduction of debt and are being amortized over the life of the Term Loan due 2023.

The Term Loan due 2023 contains customary covenants that, among other things, impose restrictions on Jo-Ann’s ability to incur additional indebtedness, guarantee obligations, create liens against its assets or revenues, engage in mergers or consolidations, dispose of assets, make investments, loan or advance funds, engage in certain transactions with affiliates or change the nature of its business. Jo-Ann also is restricted in its ability to pay dividends or make other distributions.

A breach of any of these covenants could result in an event of default. Upon the occurrence and continuation of an event of default, the lenders could elect to declare all amounts outstanding under the Term Loan due 2023 to be due and payable and to terminate all commitments to extend further credit. Such actions by those lenders could cause cross defaults under our other indebtedness. If Jo-Ann is unable to repay amounts due, then the lenders under the Term Loan due 2023 could then proceed against the collateral granted to them to secure that indebtedness.

Term Loan due 2024

On May 21, 2018, the Company entered into a \$225.0 million term loan facility (the “Term Loan due 2024”), which was issued at 98.5 percent of face value. The Term Loan due 2024 is with a syndicate of lenders. The Term Loan due 2024 is secured by a second priority security interest in all the assets of Jo-Ann, excluding

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

the Revolving Credit Facility collateral, and has a third priority security interest in the Revolving Credit Facility collateral. It is guaranteed by existing and future wholly-owned subsidiaries of Jo-Ann, subject to certain exceptions.

The Term Loan due 2024 has a maturity date of May 21, 2024. Base rate loans bear an additional margin of 8.25 percent, while Eurodollar rate loans bear an additional margin of 9.25 percent. Eurodollar rate loans are subject to a 1.0 percent LIBOR floor. Interest payments are made (a) as to any loan other than a base rate loan, the last day of each interest period applicable to such loan and the applicable maturity date; provided that if any interest period for a Eurodollar rate loan exceeds three months, the respective dates that fall every three months after the beginning of such interest period shall also be interest payment dates; and (b) as to any base rate loan, the last business day of each January, April, July and October and the applicable maturity date. During fiscal 2020, the weighted average interest rate for borrowings under the Term Loan due 2024 was 11.72 percent compared to 11.76 percent during fiscal 2019.

The Term Loan due 2024 does not require amortization payments. The Term Loan due 2024 contains a provision requiring up to 50.0 percent of “excess cash flow” (as defined in the Term Loan due 2024 agreement and commencing with the fiscal year ended February 2, 2019) to be applied toward payment of principal on that facility with step-downs to 25.0 percent and 0.0 percent should the First Lien Net Leverage Ratio (as defined in the Term Loan due 2024 agreement) be less than or equal to 2.50x and 2.00x, respectively; provided, however, for so long as any indebtedness is outstanding under the Term Loan due 2024 agreement, any permitted priority secured debt or any permitted refinancing of any of the foregoing, only declined proceeds shall be subject to the prepayment requirements. There is no excess cash flow payment due for fiscal 2020. An excess cash flow principal payment of \$1.2 million related to fiscal 2019 was made in April of fiscal 2020.

The Term Loan due 2024 agreement does not contain any financial covenants.

The Term Loan due 2024 was issued at a \$3.4 million discount, which was recorded as a reduction of debt and is being amortized over the life of the Term Loan due 2024. The total fees and expenses associated with issuing the Term Loan due 2024 were \$2.7 million, which fees represent banking, legal and other professional fees. These fees and expenses were recorded as deferred costs and are being amortized over the life of the Term Loan due 2024.

During the fourth quarter of fiscal 2020, the Company repurchased \$6.3 million in face value of the Term Loan due 2024 at an average of 38 percent of par, resulting in a \$3.8 million gain, which is included in debt related (gain) loss within the accompanying Consolidated Statements of Comprehensive Income (Loss) and the accompanying Consolidated Statements of Cash Flows. A write-off of the deferred charges and original issue discount, totaling \$0.1 million, associated with the original debt issuance was recognized as an offset to debt related (gain) loss.

The Term Loan due 2024 contains customary covenants that, among other things, impose restrictions on Jo-Ann’s ability to incur additional indebtedness, guarantee obligations, create liens against its assets or revenues, engage in mergers or consolidations, dispose of assets, make investments, loan or advance funds, engage in certain transactions with affiliates or change the nature of its business. Jo-Ann also is restricted in its ability to pay dividends or make other distributions.

A breach of any of these covenants could result in an event of default. Upon the occurrence and continuation of an event of default, the lenders could elect to declare all amounts outstanding under the Term Loan due 2024 to be due and payable and to terminate all commitments to extend further credit. Such actions by those lenders could cause cross defaults under our other indebtedness. If Jo-Ann is unable to repay amounts due, then the lenders under the Term Loan due 2024 could then proceed against the collateral granted to them to secure that indebtedness.

At February 1, 2020, the Company was in compliance with all covenants under its credit agreements.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

The covenants contained in the credit agreements restrict Jo-Ann's ability to pay dividends or make other distributions; accordingly, any dividends may only be made in accordance with such covenants. Among other restrictions, the credit agreements allow for dividends after an initial public offering in amounts not to exceed 6% per annum of the net proceeds received by, or contributed to Jo-Ann Stores, LLC. So long as there is no event of default, the credit agreements also allow dividends in amounts not less than \$25 million, which amount can increase if certain other conditions are satisfied, including if Jo-Ann's leverage does not exceed certain thresholds. Additionally, the Revolving Credit Facility allows for unlimited dividends, so long as there is no event of default and the Company's excess availability is greater than 20% of the maximum credit, calculated on a pro forma basis for 60 days.

At February 1, 2020, the Company's fixed minimum debt principal maturities were as follows:

Note 3—Derivative Instruments

The Company is exposed to certain market risks during the normal course of its business arising from adverse changes in interest rates. The Company's exposure to interest rate risk results primarily from its variable-rate borrowings. The Company may selectively use derivative financial instruments to manage the risks from fluctuations in interest rates. The Company does not purchase or hold derivatives for trading or speculative purposes. Fluctuations in interest rates can be volatile, and the Company's risk management activities do not totally eliminate these risks. Consequently, these fluctuations could have a significant effect on the Company's financial results.

In July 2018, the Company purchased, for \$2.2 million, a forward starting interest rate cap based on 3-month London Inter-Bank Offered Rate ("LIBOR") effective October 23, 2018 through October 23, 2021. The objective of the hedging instrument is to offset the variability of cash flows in term loan debt interest payments attributable to fluctuations in LIBOR beyond 3.5 percent. The interest rate cap qualifies as an effective hedge instrument and has been designated as a cash flow hedge of variability in LIBOR-based interest payments. The interest rate cap is recognized in our Consolidated Balance Sheets at fair value. Changes in the fair value of this instrument are recorded in Other Comprehensive Income (Loss) and will be reclassified to interest expense in the same period(s) during which the hedged transactions affect earnings.

The following table summarizes the fair value and balance sheet classification of the Company's outstanding derivative within the accompanying Consolidated Balance Sheets as of February 1, 2020 and February 2, 2019:

<u>Instrument</u>	<u>Balance Sheet Location</u>	<u>February 1, 2020</u> (Dollars in millions)	<u>February 2, 2019</u>
Interest Rate Cap	Other Assets	\$ —	\$ 0.2

The interest rate cap had an amortized notional amount of \$703.5 million and \$725.7 million as of February 1, 2020 and February 2, 2019, respectively.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

The Company's interest rate cap was deemed effective for the period ending February 1, 2020 and the Company expects the derivative will continue to be effective. The time value of the interest rate cap is excluded from the assessment of effectiveness and is being amortized to interest expense over the life of the hedge. The Company does not expect any material reclassification out of Other Comprehensive Income (Loss) into earnings during the next 12 months.

The impacts of the Company's derivative instrument on the accompanying Consolidated Statements of Comprehensive Income (Loss) for fiscal 2020 and fiscal 2019 are presented in the table below:

	Fiscal Year-Ended	
	February 1, 2020	February 2, 2019

Note 4—Fair Value Measurements

Fair value is defined as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, a fair value hierarchy has been established that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

The three levels of the fair value hierarchy are as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities;

Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose significant inputs are observable; and

Level 3 – Unobservable inputs in which there is little or no market data which require the reporting entity to develop its own assumptions.

The following provides the carrying and fair value of the Company's derivative instrument as of February 1, 2020 and February 2, 2019:

		February 1, 2020		February 2, 2019	
	Level	Carrying Value	Fair Value (Dollars in millions)	Carrying Value	Fair Value
Interest rate cap	2	\$ —	\$—	\$ 0.2	\$ 0.2

The valuation of the interest rate cap is measured as the present value of all expected future cash flows based on the LIBOR-based yield curves. The present value calculation uses discount rates that have been adjusted to reflect the credit quality of the Company and its counterparty.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

The fair values of cash and cash equivalents and accounts payable approximated their carrying values because of the short-term nature of these instruments. If these instruments were measured at fair value in the financial statements, they would be classified as Level 1 in the fair value hierarchy.

Long-term debt is presented at carrying value in our Consolidated Balance Sheets. The fair value of the Company's term loans was determined based on quoted market prices or recent trades of these debt instruments in less active markets. If our long-term debt was recorded at fair value, it would be classified as Level 2 in the fair value hierarchy. The following provides the carrying and fair values of the Company's term loans as of February 1, 2020 and February 2, 2019:

	February 1, 2020		February 2, 2019	
	Carrying Value	Fair Value (Dollars in millions)	Carrying Value	Fair Value
Term Loan due 2023 (a)	\$ 833.1	\$599.8	\$ 854.9	\$844.2
Term Loan due 2024 (a)	212.7	74.4	219.4	211.7

(a) Net of deferred financing costs and original issue discount.

Certain assets and liabilities are measured at fair value on a nonrecurring basis; that is, the assets and liabilities are not measured at fair value on an ongoing basis but are subject to fair value adjustments in certain circumstances (e.g., when there is evidence of impairment). The fair values are determined based on either a market approach, an income approach, in which the Company utilizes internal cash flow projections over the life of the underlying assets discounted using a discount rate that is considered to be commensurate with the risk inherent in the Company's current business model, or a combination of both. These measures of fair value, and related inputs, are considered a Level 3 approach under the fair value hierarchy.

The Company uses the end of the period when determining the timing of transfers between levels. There were no transfers between levels during the periods presented.

Note 5—Leases

With the exception of one store, all of the Company's retail stores operate out of leased facilities. Our store leases generally have initial terms of 10 years with renewal options for up to 20 years. We lease a distribution center located in Visalia, California. The initial term of the Visalia, California lease expires in October 2026 and we have renewal options for up to an additional 40 years. The Company also leases certain computer and store equipment, with lease terms that are generally five years or less. The Company generally has lease arrangements that have minimum lease payments. Certain of the Company's leased store locations have variable payments based upon actual costs of common area maintenance, real estate taxes and property and liability insurance. In addition, some of the Company's leased store locations have provisions for variable payments based upon a specified percentage of defined sales volume or dependent on an existing index or rate, such as the consumer price index or the prime interest rate. Also, some of the Company's leases contain escalation clauses and provide for contingent rents based on a percent of sales in excess of defined minimums.

As most of the Company's leases include one or more options to renew and extend the lease term, the exercise of lease renewal options is at the Company's sole discretion. Generally, a renewal option is not deemed to be reasonably certain to be exercised until such option is legally executed. The Company's leases do not include purchase options or residual value guarantees on the leased property. The depreciable life of leasehold improvements are limited by the expected lease term.

A majority of the Company's leases are classified as operating leases and the associated assets and liabilities are presented as separate captions in the Consolidated Balance Sheet. At February 1, 2020, the weighted-average remaining lease term for the Company's operating leases was 5.96 years, and the weighted average discount rate was 7.79%. For fiscal 2020, operating lease cost of \$204.5 million and variable lease cost of \$57.5 million were reflected as selling, general and administrative expenses in the Consolidated Statement of

Comprehensive Income (Loss). Cash paid for amounts included in the measurement of operating lease liabilities of \$221.3 million was reflected in cash flows provided by operating activities in the Consolidated Statement of Cash Flows.

The Company has a small number of leases classified as finance leases which are presented in the Consolidated Balance Sheet as follows:

No expense related to finance leases was incurred in fiscal 2019 or fiscal 2018.

Due to the Company's negative comparable sales and declining margins, primarily as a result of the expected ongoing impact of U.S. tariffs on imported merchandise from China enacted during the second half of fiscal 2019 and subsequently increased during the second quarter of fiscal 2020, a quantitative impairment analysis of goodwill related to the Jo-Ann reporting unit was completed as of July 6, 2019. The Company performed a discounted cash flow analysis and a market multiple analysis and used the resulting average as the fair value. Based on the analyses performed, the carrying value of the reporting unit exceeded the fair value of the reporting unit; therefore, the Company recognized a non-cash goodwill impairment charge of \$130.4 million, which was recorded as goodwill and trade name impairment within the accompanying Consolidated Statements of Comprehensive Income (Loss) during the second quarter of fiscal 2020. As of July 6, 2019, the Company also performed a quantitative impairment analysis of the Jo-Ann Trade Name utilizing a relief from royalty approach by comparing the fair value of the trade name to its carrying value. Based on this information, the Company determined there was no impairment related to the Jo-Ann Trade Name during the second quarter of fiscal 2020.

As of November 2, 2019, the Company assessed qualitative factors in order to determine whether any events and circumstances existed which indicated that it was more-likely-than-not that the fair values of the Jo-Ann reporting unit, Jo-Ann Trade Name and Joann.com Domain Name did not exceed their respective carrying values and concluded no such events or circumstances existed which would require a quantitative impairment test be performed.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.

Due to a weaker than expected peak selling season, another quantitative impairment analysis of goodwill related to the Jo-Ann reporting unit was completed as of November 30, 2019. The Company performed a discounted cash flow analysis and a market multiple analysis and used the resulting average as the fair value. Based on the analyses performed, the carrying value of the reporting unit exceeded the fair value of the reporting unit; therefore, the Company recognized a non-cash goodwill impairment charge of \$351.4 million, which was recorded as goodwill and trade name impairment within the accompanying Consolidated Statements of Comprehensive Income (Loss) during the fourth quarter of fiscal 2020. As of November 30, 2019, the Company also performed another quantitative impairment analysis of the Jo-Ann Trade Name utilizing a relief from royalty approach by comparing the fair value of the trade name to its carrying value. Based on this information, the Company recognized a non-cash pre-tax impairment charge of \$5.0 million, which was recorded as goodwill and trade name impairment within the accompanying Consolidated Statements of Comprehensive Income (Loss) during the fourth quarter of fiscal 2020.

As of February 1, 2020, the Company assessed qualitative factors in order to determine whether any events and circumstances existed which indicated that it was more-likely-than-not that the fair value of the Joann.com Domain Name did not exceed its carrying value and concluded no such events or circumstances existed which would require a quantitative impairment test be performed.

For fiscal 2020, 2019 and 2018, intangible asset amortization expense of \$7.2 million, \$7.3 million and \$7.2 million, respectively was recognized by the Company. The weighted average remaining amortization period of finite-lived intangible assets as of February 1, 2020 and February 2, 2019 approximated 7.1 years and 8.5 year, respectively. Amortization of favorable lease rights is included in SG&A expenses in the accompanying Consolidated Statements of Comprehensive Income (Loss).

The remaining amortization of intangible assets, excluding favorable lease rights, with definitive lives by year is as follows (in millions):

<u>Fiscal Year</u>	<u>Amortization</u>
2021	\$ 6.9
2022	6.9
2023	6.9
2024	6.9

Note 9—Income Taxes

During fiscal 2018 and fiscal 2019, we recorded a combined tax benefit of \$51.9 million reflecting the impact of the reduction of the federal corporate income tax rate from 35 percent to 21 percent, effective January 1, 2018, as mandated by the Tax Cuts and Jobs Act (the “Tax Act”).

At the end of fiscal 2020, the Company’s unrecognized tax benefits are \$9.9 million, of which \$9.4 million would affect the effective tax rate, if recognized. During fiscal 2020 and fiscal 2019, the Company filed amended Federal income tax returns for four prior tax years. Based on the view that it is not more-likely-than-not that the revised tax return positions will ultimately be sustained, the Company has not recognized the positions as a tax provision but has included them in the current total of unrecognized tax benefits, as reflected below.

The Company records interest and penalties on uncertain tax positions as a component of the income tax provision. The total amount of interest and penalties accrued as of the end of fiscal 2020 and fiscal 2019 were \$0.3 million and \$0.1 million, respectively.

The Company files income tax returns in the U.S., China and various state and local jurisdictions. For U.S. federal, state and local purposes, the Company is no longer subject to income tax examinations by taxing authorities for fiscal years prior to fiscal 2015, with some exceptions for state and local purposes due to longer statutes of limitations or the extensions of statutes of limitations. The Company expects to decrease its uncertain tax positions by \$1.4 million within the next fiscal year due to settlement with state taxing authorities and the expiration of statutes of limitations, all of which is expected to be recognized as an income tax benefit.

A reconciliation of the beginning and ending amounts of unrecognized tax benefits for the past three fiscal years is as follows:

The Company recorded additional valuation allowances during fiscal 2020 to reflect that the deferred tax assets relating to the federal interest expense deduction, the federal charitable contribution deduction and state income/franchise tax credits are not realizable. As of February 1, 2020, there is no longer forecasted future taxable income or other sufficient evidence existing to support the future realization of these deductions.

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. The Company has approximately \$7.2 million of gross federal net operating loss (“NOL”) carryforwards and \$15.4 million of gross state NOL carryforwards, which expire in fiscal 2021 through fiscal 2027 and fiscal 2021 through fiscal 2040, respectively. The Company has net state tax credits of \$2.9 million, with a valuation allowance of \$2.9 million related to state tax credits.

Note 10—Stock-Based Compensation

In March 2011, as part of the Merger, the 2011 Stock Option Plan of Needle Holdings was adopted authorizing Needle Holdings to provide certain employees with options to purchase Needle Holdings common shares. The number of shares of common stock available for issuance was 42,493.

In October 2012, as part of the formation of the Holding Company, the Plan, formerly known as the 2011 Stock Option Plan of Needle Holdings, was assumed by the Holding Company. At that time, all options to purchase Needle Holding common shares were converted on an equal basis into options to purchase common shares of the Holding Company.

During fiscal 2016 and fiscal 2017, the Plan was amended increasing the number of shares of common stock available for issuance to 47,493 and 61,243, respectively.

Incentive Options

The options expire ten years after the date of grant. The options vest and become exercisable based on continued service to the Company. The options generally vest over five years at 40 percent after the first two years and 20 percent each year thereafter.

As of February 1, 2020, there were 8,570 options still available to be issued under the Plan. The following is a summary of activity in the Plan for fiscal 2020:

	Number of Options	Weighted-Average Exercise Price Per Option	Weighted-Average Remaining Contractual Term	Aggregate Intrinsic Value (in millions)
Outstanding at beginning of period	19,368	\$ 586.00		
Granted	11,755	\$ 960.00		
Exercised	(1,249)	\$ 250.00		
Cancelled	(5,265)	\$ 861.00		
Outstanding at end of period	24,609	\$ 720.00	6.7	\$ 0.2
Exercisable at end of period	10,274	\$ 372.00	4.5	\$ 0.2

The total intrinsic value of options exercised was \$0.6 million in fiscal 2020. There were no incentive options exercised in either fiscal 2019 or fiscal 2018, and as such, there was no intrinsic value to be calculated for fiscal 2019 or fiscal 2018. Cash proceeds from the exercise of stock option awards were \$0.3 million in fiscal 2020.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

The weighted-average fair value of options granted was estimated on the grant date using the Black-Scholes option-pricing model with the following assumptions:

	February 1, 2020	<u>Fiscal Year-Ended</u> February 2, 2019	February 3, 2018
Weighted-average fair value per option	\$430.00	\$367.00	\$325.00
Expected volatility rate	39.01%	34.99%	34.17%
Risk free interest rate	2.53%	2.84% to 2.90%	2.50%
Expected life of options	7.0 years	7.0 years	7.0 years
Expected dividend yield	0.0%	0.0%	0.0%

The risk-free interest rate is the estimated average interest rate based on U.S. Treasury zero-coupon notes with terms consistent with the expected term of the awards. As the Company is privately held, there is no observable market for the Company's common stock. Therefore, stock price volatility was calculated using the historical stock price volatility of comparable companies over the expected life of the options granted. The Company has not recently declared or paid any cash dividends and had not planned to pay cash dividends at the date of grant. Consequently, it used an expected dividend yield of zero. Expected life represents the period that our stock-based awards are expected to be outstanding. The expected life assumptions are determined based on the vesting terms, exercise terms, and contractual lives of the options. The Company accounts for forfeiture of non-vested options as they occur.

The following table shows the expense recognized by the Company for stock-based compensation:

	February 1, 2020	<u>Fiscal Year-Ended</u> February 2, 2019 (Dollars in millions)	February 3, 2018
Stock option compensation expense	\$ 1.2	\$ 0.6	\$ 1.0

As of February 1, 2020, there was \$4.3 million of unrecognized compensation cost which is expected to be recognized over a weighted-average period of 6.4 years. Stock option compensation expense is recorded in Selling, general and administrative expenses within the accompanying Consolidated Statements of Comprehensive Income (Loss).

Note 11—Earnings Per Share

Basic (loss) income per share is computed based upon the weighted-average number of common shares outstanding. Diluted (loss) income per share is computed based upon the weighted-average number of common shares outstanding plus the dilutive effect of common share equivalents calculated using the treasury stock method. Treasury stock is excluded from the denominator in calculating both basic and diluted loss per share. For fiscal 2020, 2019 and 2018, 26,407, 5,030 and 9,032 shares issuable for equity-based awards, respectively, were excluded from the computation of diluted loss per share because the effect of their inclusion would have been anti-dilutive. In periods in which a net loss has occurred, as is the case for fiscal 2020, the dilutive effect of equity-based awards is not recognized and thus not utilized in the calculation of diluted loss per share, because the effect of their inclusion would have been anti-dilutive.

The following table sets forth the reconciliation of the numerator and the denominator of basic and diluted (loss) income per share for fiscal 2020, 2019 and 2018:

Note 12—Segments and Disaggregated Revenue

In fiscal 2020, fiscal 2019 and fiscal 2018, the Company considered Jo-Ann Stores and Non-Store Omni-Channel to be the Company’s operating segments for purposes of determining reportable segments based on the criteria of ASC 280, Segment Reporting (“ASC 280”). Non-Store Omni-Channel does not meet the materiality criteria in ASC 280 and, therefore, is not disclosed separately as a reportable segment. The Company’s operating segments are based on how our Chief Executive Officer, who is also our Chief Operating Decision Maker (“CODM”), makes decisions about allocating resources and assessing performance.

The following table shows revenue by product category:

	February 1, 2020	<u>Fiscal Year-Ended</u> February 2, 2019	February 3, 2018
	(Dollars in millions)		
Sewing	\$ 1,044.2	\$ 1,097.1	\$ 1,109.7

Other	41.4	37.8	39.5
Total	<u>\$ 2,241.2</u>	<u>\$ 2,324.8</u>	<u>\$ 2,314.3</u>

Substantially all of the Company’s identifiable assets are located in the United States. The Company does not have sales outside the United States, nor does any customer represent more than 10 percent of total revenues for any period presented.

Note 13—Commitments and Contingencies

The Company is involved in various litigation matters in the ordinary course of its business. The Company is not currently involved in any litigation that it expects, either individually or in the aggregate, will have a material adverse effect on its financial condition or results of operations.

On April 17, 2017, a representative action under the California Private Attorney General Act was filed against the Company in Superior Court of the State of California, Alameda County (Priddy v. Jo-Ann Stores, LLC, Case No. RG17856962). The complaint alleged that the Company violated the California labor code by failing to provide “suitable” seats for the cashiers in its California stores. The parties reached a settlement for an amount consistent with the \$3.1 million reserve. The settlement was paid out during the second quarter of fiscal 2020 and there are no remaining obligations with respect to this matter.

Note 14—Savings Plan Retirement and Postretirement Benefits

The Company sponsors the Jo-Ann Stores, LLC 401(k) Savings Plan, which is a tax deferred savings plan whereby eligible employees may elect to contribute up to 50 percent of annual compensation on a pre-tax basis. The Company makes a 50 percent matching contribution up to six percent of the employee's annual compensation. The Company match is made in cash and is participant-directed. The amount of the Company's matching contribution was \$2.5 million in fiscal 2020, \$2.4 million in fiscal 2019 and \$2.5 million in fiscal 2018. The Company does not provide post-retirement health care benefits for its employees.

Note 15—Subsequent Events

Subsequent to the end of the fourth quarter of fiscal 2020, on November 25, 2020, the Company agreed to amend and restate various terms of the asset-based revolving credit agreement dated October 21, 2016, which provides for senior secured financing of up to \$500.0 million. The agreement matures on November 25, 2025 (subject to a springing maturity date to the extent the Term Loan due 2023 or the Term Loan due 2024 have not been refinanced prior to their current maturity date). No changes were made to the borrowing base formula. The amended facility is secured by a first priority security interest in Jo-Ann's inventory, accounts receivable, and related assets with a second priority interest in all other assets, excluding real estate. It also continues to be guaranteed by existing and future wholly-owned subsidiaries of Jo-Ann, subject to certain exceptions.

Subsequent to the end of the fourth quarter of fiscal 2020, the Company repurchased \$347.0 million in face value of the term loans at an average of 54 percent of par, resulting in a \$152.9 million gain.

Basis of Presentation

The consolidated financial statements include the accounts of Jo-Ann Stores Holdings Inc. (the "Holding Company"), Needle Holdings LLC ("Needle Holdings") and Jo-Ann Stores, LLC and its wholly-owned subsidiaries ("Jo-Ann"). All of the entities referenced in the prior sentence hereinafter will be referred to collectively as the "Company" and are all owned by affiliates of Leonard Green & Partners, L.P. ("LGP"). All intercompany accounts and transactions have been eliminated upon consolidation.

The Holding Company has no operating activities and is limited to the issuance of shares of common stock and stock options, the repurchase of common shares, the issuance and repurchase of debt, the receipt and payment of dividends or distributions and the payment of interest expense. The Holding Company did not have any dividend distributions or debt outstanding during the first thirty-nine weeks of fiscal 2021 or the first thirty-nine weeks of fiscal 2020. The authorized, issued and outstanding common shares and treasury shares shown on the consolidated balance sheet are of the Holding Company. Likewise, Needle Holdings has no operating activities and is limited to the issuance of initial shares of common stock and stock options and the payment of dividends or distributions.

The Company's fiscal year ends on the Saturday closest to January 31 and refers to the year in which the period ends (e.g., fiscal 2021 refers to the year ending January 30, 2021). Fiscal years consist of 52 weeks, unless noted otherwise.

The consolidated interim financial statements have been prepared without audit, in accordance with the accounting principles generally accepted in the United States ("GAAP"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to those rules and regulations, although the Company believes that the disclosures herein are adequate to make the information not misleading. The financial statements should be read in conjunction with the Company's consolidated financial statements and notes thereto for the fiscal year ended February 1, 2020.

Typical of most retail companies, Jo-Ann's business is seasonal, with the majority of revenues and operating profits generated in the second half of the fiscal year. Accordingly, earnings or losses for a particular interim period are not necessarily indicative of full-year results.

COVID-19 Impact

The Company's operating results for the thirty-nine weeks ended October 31, 2020 may not be indicative of the results that may be expected for the fiscal year ending January 30, 2021 because of the novel coronavirus ("COVID-19") pandemic. As a result of the pandemic, starting in mid-March 2020, the Company modified a number of its business practices, in response to legislation, executive orders and guidance from government entities and healthcare authorities (including the temporary closing of businesses deemed "non-essential," shelter in place orders, social distancing and quarantines). In response to government closure orders, we were forced to close hundreds of stores. During the second half of March 2020 and beginning of April 2020, approximately half of our stores were closed, either completely or to in-store traffic. However, the Company immediately began working diligently with local and national government officials in advocating that our business and the products we sell were essential in the fight against the COVID-19 virus, and therefore exempt from shelter-in-place and stay-at-home orders. Over the ensuing weeks, we began to re-open many of our stores across the country. Initially, many of these stores were re-opened for curbside pick-up only via our buy online pickup in store ("BOPIS") ordering process. At the beginning of the second quarter of fiscal 2021, we had fewer than 30 stores fully closed and roughly 400 stores open for curbside pick-up only, and by the end of the second quarter, all stores were fully operational and open to walk-in traffic. Throughout the entirety of the third quarter of fiscal 2021, all stores remained opened other than for short-term cleanings in select locations or for weather related disruptions and other hazards. There have been some occurrences of positive COVID-19 cases in our stores, resulting in the temporary closure of impacted stores for deep cleaning. Due to the conditions stated above, our ability to fulfill e-commerce orders via both our BOPIS and Ship from Store ("SFS") programs has proven to have a significant positive impact on our financial performance through the first thirty-nine weeks of fiscal 2021. Specific material impacts of the COVID-19 pandemic are described throughout our related financial disclosures.

Due to the large number of temporary store closures as a result of the COVID-19 pandemic, the Company negotiated with landlords for rent concessions, either in the form of rent abatement (meaning no rent due for select months) or rent deferral (meaning rent payments are delayed until a future period). As a result of these rent concessions, the Company has adjusted its operating lease liabilities on the accompanying Consolidated Balance Sheets.

Use of Estimates

In the opinion of management, the accompanying interim Consolidated Balance Sheets and related interim Consolidated Statements of Comprehensive Income (Loss) and Consolidated Statements of Cash Flows include all adjustments, consisting only of normal recurring items, necessary for their fair presentation in conformity with GAAP. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Since actual results may differ from those estimates, the Company revises its estimates and assumptions, as new information becomes available.

COVID-19 Related Estimates

While the full impact of the COVID-19 pandemic is unknown and cannot be reasonably estimated, the Company has made accounting estimates, where needed, based on the facts and circumstances available as of the reporting date.

The Company's accrual for shrink is based on the actual historical shrink results of recent distribution center inventory cycle counts and store physical inventories. These estimates are compared to actual results as physical inventory counts are taken and reconciled to the general ledger. The majority of the Company's store physical inventory counts are taken in the first three quarters of each year and the shrink accrual recorded at February 1, 2020 is based on shrink results of these prior physical inventory counts. Store locations that have

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

been open one year or longer are physically inventoried at least once over an 18-month cycle, with stores exhibiting a higher rate of shrink to sales inventoried at least once per year. The Company continually monitors and adjusts the shrink rate estimates based on the results of store physical inventory counts and shrink trends. During the first thirty-nine weeks of fiscal 2021, we canceled or rescheduled approximately 270 store physical inventories as a direct result of the COVID-19 crisis. Therefore, as of the end of the third quarter of fiscal 2021, our shrink reserve balance is higher than when compared to the end of the third quarter of fiscal 2020 to account for estimated shrink in those stores where physical counts needed to be delayed.

Recently Adopted Accounting Guidance

In the first quarter of fiscal 2021, The Company adopted ASU No. 2018-15, “Customer’s Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement That is a Service Contract,” which aligns the accounting for implementation costs incurred in a cloud computing arrangement that is a service contract with the guidance on capitalizing costs associated with developing or obtaining internal-use software. The guidance amends Accounting Standards Codification (ASC) 350 to include in its scope implementation costs of a cloud computing arrangement that is a service contract and clarifies that a customer should apply ASC 350 to determine which implementation costs should be capitalized in such a cloud computing arrangement. The Company adopted ASU 2018-15 effective February 2, 2020 using the prospective approach, and adoption did not have a material impact on the Company’s Consolidated Financial Statements.

In the first quarter of fiscal 2021, the Company adopted ASU No. 2016-13, “Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments,” which introduces new guidance for estimating credit losses on certain types of financial instruments based on expected losses and the timing of the recognition of such losses. The Company adopted ASU 2016-13 effective February 2, 2020, and adoption did not have a material impact on the Company’s Consolidated Financial Statements.

Future Adoption of Recently Issued Accounting Guidance

In March 2020, the FASB issued ASU No. 2020-04, “Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting.” The amendments provide optional guidance for a limited time to ease the potential burden in accounting for reference rate reform. The new guidance provides optional expedients and exceptions for applying U.S. GAAP to contracts, hedging relationships and other transactions affected by reference rate reform if certain criteria are met. The amendments apply only to contracts and hedging relationships that reference the London Interbank Offered Rate (LIBOR) or another reference rate expected to be discontinued due to reference rate reform. These amendments are effective upon issuance and may be applied prospectively to contract modifications made and hedging relationships entered into or evaluated on or before December 31, 2022. The Company is currently evaluating the amended guidance and the impact on its consolidated financial statements and related disclosures.

Goodwill and Other Intangible Assets

Goodwill represents the excess of acquisition cost over the fair value of the net assets of acquired entities. The goodwill carried on the accompanying Consolidated Balance Sheet at October 31, 2020 was the resulting value of Jo-Ann becoming a wholly-owned subsidiary of Needle Holdings in March 2011 (the “Merger”) of \$640.0 million, less impairment charges of \$481.8 million recorded during fiscal 2020, and \$3.8 million as a result of the acquisition of Creativebug, LLC (“Creativebug”) in April 2017.

The Company assesses the carrying value of goodwill at the reporting unit level. A reporting unit is the operating segment, or a business unit one level below that operating segment, for which discrete financial information is prepared and regularly reviewed by segment management. As of October 31, 2020, the Company had two reporting units, Jo-Ann and Creativebug.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

Annually, as of the first day of the fourth quarter, or more frequently if circumstances indicate impairment may exist, the Company assesses qualitative factors to determine whether any circumstances exist which would indicate that it is more-likely-than-not that the fair values of the reporting units are below their respective carrying values. If such circumstances exist, a quantitative assessment is performed. The quantitative assessment compares the fair value of a reporting unit to its current carrying value. We determine the estimated fair value of a reporting unit based on valuation techniques including discounted cash flows as well as a market comparable method. If the fair value of the reporting unit exceeds the carrying value of the net assets assigned to that reporting unit, goodwill is not considered impaired.

Annually, as of the first day of the fourth quarter, or more frequently if circumstances indicate impairment may exist, the Company assesses qualitative factors to determine whether any circumstances exist which would indicate that it is more-likely-than-not that the fair values of the indefinite-lived intangible assets not subject to amortization (Jo-Ann Trade Name and Joann.com Domain Name) are below their respective carrying values. If such circumstances exist, a quantitative assessment is performed. The quantitative assessment compares the fair value of an intangible asset to its current carrying value. We determine the estimated fair value of an intangible asset based upon the relief from royalty method which evaluates the appropriate royalty rate for the asset.

See Notes to Consolidated Financial Statements, Note 6—Goodwill and Other Intangible Assets for further details.

Impairment of Long-Lived and Operating Lease Assets

The Company evaluates long-lived and operating lease assets for impairment whenever events or changes in circumstances indicate that the carrying amount of those assets may not be recoverable. Factors considered that could trigger an impairment review include, but are not limited to, significant underperformance relative to historical or projected future operating results and significant changes in the manner of use of the assets or the Company's overall business strategies. Potential impairment exists if the estimated undiscounted cash flow expected to result from the use of the asset is less than the carrying value of the asset. The amount of the impairment loss represents the excess of the carrying value of the asset over its fair value. Management estimates fair value based on a projected discounted cash flow method using a discount rate that is considered to be commensurate with the risk inherent in the Company's current business model. Additional factors are taken into consideration, such as local market conditions, operating environment and other trends.

As a result of the adverse impact of the COVID-19 pandemic on certain retail store locations during the first quarter of fiscal 2021, the Company recognized impairment losses in the amount of \$2.2 million within selling, general and administrative ("SG&A") expenses on the accompanying Consolidated Statements of Comprehensive Income (Loss). No impairment losses were recorded in the first quarter of fiscal 2020.

Based on management's ongoing review of the performance of the Company's stores, utilization of assets and other facilities, there were no impairment losses recorded during the second and third quarters of fiscal 2021 or during the second and third quarters of fiscal 2020.

Revenue Recognition

Revenue is primarily associated with sales of merchandise to customers within our retail stores and customers utilizing our e-commerce channels. Retail sales, net of estimated returns and point-of-sale coupons and discounts, are recorded at the point-of-sale when customers take control of the merchandise in stores. E-commerce sales include shipping revenue and are recorded upon delivery to the customer. Shipping and handling fees charged to customers are recorded as sales with related costs recorded as cost of sales. Sales taxes are not included in sales as the Company acts as a conduit for collecting and remitting sales taxes to the appropriate governmental authorities. Payment is typically due at the point-of-sale, thus the Company does not have material customer receivables.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

The Company allows for merchandise to be returned under most circumstances. The current policy allows for customers to receive an even exchange or full refund based upon the original method of payment when the returned purchase is accompanied with a receipt. Historic customer return activity is used to estimate the returns reserve, which historically, has not been material to our consolidated financial statements. The Company presents the gross sales returns reserve in accounts payable and the estimated value of the merchandise expected to be returned in prepaid expenses and other current assets within the accompanying Consolidated Balance Sheets.

Proceeds from the sale of Jo-Ann gift cards are recorded as a liability and recognized as net sales when redeemed by the holder. Gift card breakage represents the remaining balance of our liability for gift cards for which the likelihood of redemption by the customer is remote. Gift card breakage is recognized as net sales in proportion to the pattern of rights exercised by the customer and is determined based on historical redemption patterns. During both the thirty-nine weeks ended October 31, 2020 and November 2, 2019, the Company recognized \$0.8 million of pre-tax income due to gift card breakage. The Company generally is not required by law to escheat the value of unredeemed gift cards to the states in which it operates.

Activity related to the Company's gift card liabilities was as follows:

	Thirty-Nine Weeks Ended	
	October 31, 2020	November 2, 2019
	(Dollars in millions)	
Balance at beginning of period	\$ 32.5	\$ 30.8

Revenue recognized (a)	(24.6)	(23.7)
Gift card breakage	(0.8)	(0.8)
Balance at end of period	<u>\$ 28.8</u>	<u>\$ 25.4</u>

- (a) Revenue recognized from the beginning liability during the first thirty-nine weeks of fiscal 2020 and fiscal 2019 totaled \$6.9 million and \$7.6 million, respectively.

Financial Instruments

A financial instrument is cash or a contract that imposes an obligation to deliver or conveys a right to receive cash or another financial instrument. The carrying values of the Company's cash and cash equivalents, accounts payable and borrowings on our Revolving Credit Facility (as defined below) are considered to be representative of fair value due to the short maturity of these instruments.

See Notes to Consolidated Financial Statements, Note 4 —Fair Value Measurement for discussion regarding the fair value of the Company's derivative instrument and term loan debt instruments.

Related Party Transactions

Jo-Ann pays a management fee to LGP, which is included in SG&A expenses on the accompanying Consolidated Statements of Comprehensive Income (Loss). Starting in April 2020, the management fee payable to LGP has been forgiven until the end of the fiscal year 2021 due to the impact of the COVID-19 pandemic.

During the thirty-nine weeks ended October 31, 2020, the Company paid a management fee of \$0.8 million compared to \$3.8 million for the thirty-nine weeks ended November 2, 2019.

Revolving Credit Facility

On October 21, 2016, the Company entered into an asset-based revolving credit facility agreement (the “Revolving Credit Facility”), which provides for senior secured financing of up to \$400.0 million, subject to a borrowing base, maturing on October 20, 2021. The borrowing base equals the sum of (i) the appraised net orderly liquidation value of eligible inventory at an advance rate of 90.0 percent to 92.5 percent, based on seasonality, plus (ii) 90.0 to 92.5 percent of the appraised net orderly liquidation value of eligible in-transit inventory, based on seasonality, plus (iii) 90.0 percent of eligible credit and debit card receivables, plus (iv) 90.0 percent of eligible letter of credit inventory, minus (v) certain availability reserves. The facility is secured by a first priority security interest in Jo-Ann’s inventory, accounts receivable, and related assets with a second priority interest in all other assets, excluding real estate. It is guaranteed by existing and future wholly-owned subsidiaries of Jo-Ann, subject to certain exceptions. The maturity date of the facility is October 20, 2021. Under the facility, base rate loans bear an additional margin of 0.50 percent when average historical excess capacity is less than 40.0 percent of the maximum credit and 0.25 percent when average historical excess capacity is greater than or equal to 40.0 percent of the maximum credit. Eurodollar rate loans bear an additional margin of 1.50 percent when average historical excess capacity is less than 40.0 percent of the maximum credit and 1.25 percent when average historical excess capacity is greater than or equal to 40.0 percent of the maximum credit. Unused commitment fees on the facility are at a rate of 0.25 percent per annum. Interest for base rate loans is due on the first business day of the calendar quarter subsequent to the borrowing period. Interest for Eurodollar rate loans is due the day that the Eurodollar rate loan expires or, if the duration of the loan is more than three months, interest is due every three months from the first day of the interest period. Jo-Ann has the option to request an increase in the size of the facility up to \$100.0 million (for a total facility of \$500.0 million) in increments of \$20.0 million, provided that no default exists or would arise from the increase. However, the lenders under the Revolving Credit Facility are under no obligation to provide any such additional increments.

The Revolving Credit Facility agreement requires that from the time excess availability on any day is less than the greater of (i) \$35.0 million and (ii) 10 percent of the Maximum Credit (as defined in the credit agreement) until the time excess availability is greater than the greater of (i) \$35.0 million and (ii) 10 percent of the Maximum Credit for 30 consecutive calendar days, the consolidated fixed charge coverage ratio shall be not less than 1.0 to 1.0.

The total fees and expenses associated with the Revolving Credit Facility were \$1.7 million, which fees represent banking, legal and other professional services. These fees and expenses were recorded as deferred costs and are being amortized over the life of the Revolving Credit Facility. Additionally \$0.4 million of debt extinguishment costs were recorded in fiscal 2017 related to the previously deferred costs of the Revolving Credit Facility.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

As of October 31, 2020, there were \$217.0 million of borrowings on the Revolving Credit Facility and our outstanding letters of credit obligation was \$23.6 million. As of October 31, 2020, our excess availability on the facility was \$159.4 million. During the third quarter of fiscal 2021, the weighted average interest rate for borrowings under the Revolving Credit Facility was 1.52 percent, compared to 3.41 percent for the third quarter of fiscal 2020. As of November 2, 2019, the Company had \$293.0 million of borrowings on the Revolving Credit Facility and our outstanding letters of credit obligation was \$28.2 million. As of November 2, 2019, our excess availability on the facility was \$78.8 million.

On November 25, 2020, the Company entered into an agreement to amend various terms of the asset-based revolving credit agreement dated October 21, 2016 (as amended, the “Amended Credit Agreement”), which provides for senior secured financing of up to \$500.0 million, subject to a borrowing base, maturing on November 25, 2025 (subject to a springing maturity date to the extent the Term Loan due 2023 or the Term Loan due 2024 have not been refinanced prior to their current maturity date). No changes were made to the borrowing base formula. The amended facility is secured by a first priority security interest in Jo-Ann’s inventory, accounts receivable, and related assets with a second priority interest in all other assets, excluding real estate. It also continues to be guaranteed by existing and future wholly-owned subsidiaries of Jo-Ann, subject to certain exceptions.

Under the Amended Credit Agreement, base rate loans bear an additional margin of 1.25 percent when average historical excess capacity is less than 33.33 percent of the maximum credit, 1.00 percent when average historical excess capacity is less than 66.67 percent and greater than or equal to 33.33 percent of the maximum credit, and 0.75 percent when average historical excess capacity is greater than or equal to 66.67 percent of the maximum credit. Eurodollar rate loans bear an additional margin of 2.25 percent when average historical excess capacity is less than 33.33 percent of the maximum credit, 2.00 percent when average historical excess capacity is less than 66.67 percent and greater than or equal to 33.33 percent of the maximum credit, and 1.75 percent when average historical excess capacity is greater than or equal to 66.67 percent of the maximum credit. Unused commitment fees on the amended facility remain calculated based on a rate of 0.25 percent per annum. Eurodollar rate loans are subject to a 0.75 percent LIBOR floor. In the event LIBOR ceases to be available during the term of the amended facility, the Amended Credit Agreement provides procedures to determine a “LIBOR Successor Rate.” Jo-Ann has the option to request an increase in the size of the facility up to \$100.0 million (for a total facility of \$600.0 million) in increments of \$20.0 million, provided that no default exists or would arise from the increase. However, the lenders under the Amended Credit Agreement are under no obligation to provide any such additional amounts.

Term Loan due 2023

The Term Loan due 2023 facility is with a syndicate of lenders and is secured by substantially all the assets of Jo-Ann, excluding the Revolving Credit Facility collateral, and has a second priority security interest in the Revolving Credit Facility collateral. It is guaranteed by existing and future wholly-owned subsidiaries of Jo-Ann, subject to certain exceptions.

The Term Loan due 2023 has a maturity date of October 20, 2023. Base rate loans bear an additional margin of 4.0 percent, while Eurodollar rate loans bear an additional margin of 5.0 percent. Eurodollar rate loans are subject to a 1.0 percent LIBOR floor. Interest payments are made (a) as to any loan other than a base rate loan, the last day of each interest period applicable to such loan and the applicable maturity date; provided that if any interest period for a Eurodollar rate loan exceeds three months, the respective dates that fall every three months after the beginning of such interest period shall also be interest payment dates; and (b) as to any base rate loan, the last business day of each January, April, July and October and the applicable maturity date. During the third quarter of fiscal 2021, the weighted average interest rate for borrowings under the Term Loan due 2023 facility was 6.08 percent, compared to 7.32 percent during the third quarter of fiscal 2020.

The Term Loan due 2023 provided for mandatory quarterly repayments of \$2.3 million on the last business day of each January, April, July and October. As of the second quarter of fiscal year 2021, the

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

mandatory quarterly repayments are no longer required as a result of the Company's debt repurchases (as described below) exceeding the total mandatory quarterly repayments due over the balance of the life of the loan. The Term Loan due 2023 also contains a provision requiring up to 50.0 percent of "excess cash flow" (as defined in the Term Loan due 2023 agreement and commencing with the fiscal year ended February 3, 2018) to be applied toward payment of principal on that facility, with step-downs to 25.0 percent and 0.0 percent should the senior secured net leverage ratio be less than 2.50x and 2.00x, respectively. For fiscal 2019, senior secured debt was greater than 2.50x adjusted EBITDA; therefore, 50.0 percent of excess cash flow was required as a payment of principal on the Term Loan due 2023. An excess cash flow principal payment of \$15.7 million related to fiscal 2019 was made in March of fiscal 2020. No excess cash flow principal payment was required related to fiscal 2020.

The Term Loan due 2023 agreement does not contain any financial covenants.

The Term Loan due 2023 was issued at a \$14.5 million discount. A portion of the discount in the amount of \$11.1 million was recorded as a reduction of debt and set up to amortize over the life of the Term Loan due 2023 and \$3.4 million of the discount was charged to earnings. A portion of the debt issuance costs and discount was written off in connection with the repurchase transactions described below.

The Incremental Term Loan was issued at a \$1.8 million discount, which was recorded as a reduction of debt and set up to amortize over the life of the Term Loan due 2023. The total fees and expenses associated with issuing the Incremental Term Loan were \$1.8 million, which fees represent banking, legal and other professional fees. These fees and expenses were recorded as a reduction of debt and set up to amortize over the life of the Term Loan due 2023. A portion of the deferred costs and discount was written off in connection with the repurchase transactions described below.

During the second quarter of fiscal 2021, the Company repurchased \$202.8 million in face value of the Term Loan due 2023 at an average of 63 percent of par, resulting in a \$72.2 million gain, which is included in debt related gain within the accompanying Consolidated Statements of Comprehensive Income (Loss) and the accompanying Consolidated Statements of Cash Flows. A write-off of the deferred charges and original issue discount, totaling \$2.5 million, associated with the original debt issuance was recognized as an offset to the gain recognized in debt related gain.

During the third quarter of fiscal 2021, the Company repurchased \$4.1 million in face value of the Term Loan due 2023 at an average of 75 percent of par, resulting in a \$1.0 million gain, which is included in debt related gain within the accompanying Consolidated Statements of Comprehensive Income (Loss) and the accompanying Consolidated Statements of Cash Flows. A write-off of the deferred charges and original issue discount, totaling less than \$0.1 million, associated with the original debt issuance was recognized as an offset to the gain recognized in debt related gain.

Term Loan due 2024

On May 21, 2018, the Company entered into a \$225.0 million term loan facility (the "Term Loan due 2024" and, together with the Term Loan due 2023, the "Term Loans"), which was issued at 98.5 percent of face value. The Term Loan due 2024 is with a syndicate of lenders. The Term Loan due 2024 is secured by a second priority security interest in all the assets of Jo-Ann, excluding the Revolving Credit Facility collateral, and has a third priority security interest in the Revolving Credit Facility collateral. It is guaranteed by existing and future wholly-owned subsidiaries of Jo-Ann, subject to certain exceptions.

The Term Loan due 2024 has a maturity date of May 21, 2024. Base rate loans bear an additional margin of 8.25 percent, while Eurodollar rate loans bear an additional margin of 9.25 percent. Eurodollar rate loans are subject to a 1.0 percent LIBOR floor. Interest payments are made (a) as to any loan other than a base rate loan, the last day of each interest period applicable to such loan and the applicable maturity date; provided

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

that if any interest period for a Eurodollar rate loan exceeds three months, the respective dates that fall every three months after the beginning of such interest period shall also be interest payment dates; and (b) as to any base rate loan, the last business day of each January, April, July and October and the applicable maturity date. During the third quarter of fiscal 2021, the weighted average interest rate for borrowings under the Term Loan due 2024 was 10.39 percent, compared to 11.62 percent during the third quarter of fiscal 2020.

The Term Loan due 2024 does not require amortization payments. The Term Loan due 2024 contains a provision requiring up to 50.0 percent of “excess cash flow” (as defined in the Term Loan due 2024 agreement and commencing with the fiscal year ended February 2, 2019) to be applied toward payment of principal on that facility with step-downs to 25.0 percent and 0.0 percent should the First Lien Net Leverage Ratio (as defined by the Term Loan due 2024 agreement) be less than or equal to 2.50x and 2.00x, respectively; provided, however, for so long as any indebtedness is outstanding under the Term Loan due 2024 agreement, any permitted priority secured debt or any permitted refinancing of any of the foregoing, only declined proceeds shall be subject to the prepayment requirements. An excess cash flow principal payment of \$1.2 million related to fiscal 2019 was made in April of fiscal 2020. No excess cash flow principal payment was required related to fiscal 2020.

The Term Loan due 2024 agreement does not contain any financial covenants.

The Term Loan due 2024 was issued at a \$3.4 million discount, which was recorded as a reduction of debt and set up to amortize over the life of the Term Loan due 2024. The total fees and expenses associated with issuing the Term Loan due 2024 were \$2.7 million, which fees represent banking, legal and other professional fees. These fees and expenses were recorded as a reduction of debt and set up to amortize over the life of the Term Loan due 2024. A portion of the debt issuance costs and discount was written off in connection with the repurchase transactions described below.

During the fourth quarter of fiscal 2020, the Company repurchased \$6.3 million in face value of the Term Loan due 2024 at an average of 38 percent of par, resulting in a \$3.8 million gain, which was included in debt related gain within the accompanying Consolidated Statements of Comprehensive Income (Loss) and the accompanying Consolidated Statements of Cash Flows for fiscal 2020. A write-off of the deferred charges and original issue discount, totaling \$0.1 million, associated with the original debt issuance was recognized as an offset to the gain recognized in debt related gain.

During the first quarter of fiscal 2021, the Company repurchased \$5.6 million in face value of the Term Loan due 2024 at an average of 43 percent of par, resulting in a \$3.1 million gain, which is included in debt related gain within the accompanying Consolidated Statements of Comprehensive Income (Loss) and the accompanying Consolidated Statements of Cash Flows. A write-off of the deferred charges and original issue discount, totaling \$0.1 million, associated with the original debt issuance was recognized as an offset to the gain recognized in debt related gain.

During the second quarter of fiscal 2021, the Company repurchased \$130.4 million in face value of the Term Loan due 2024 at an average of 41 percent of par, resulting in a \$74.6 million gain, which is included in debt related gain within the accompanying Consolidated Statements of Comprehensive Income (Loss) and the accompanying Consolidated Statements of Cash Flows. A write-off of the deferred charges and original issue discount, totaling \$3.1 million, associated with the original debt issuance was recognized as an offset to the gain recognized in debt related gain.

During the third quarter of fiscal 2021, the Company repurchased \$4.2 million in face value of the Term Loan due 2024 at an average of 53 percent of par, resulting in a \$2.0 million gain, which is included in debt related gain within the accompanying Consolidated Statements of Comprehensive Income (Loss) and the accompanying Consolidated Statements of Cash Flows. A write-off of the deferred charges and original issue discount, totaling \$0.1 million, associated with the original debt issuance was recognized as an offset to the gain recognized in debt related gain.

At October 31, 2020, the Company was in compliance with all covenants under its credit agreements.

The covenants contained in the credit agreements restrict Jo-Ann's ability to pay dividends or make other distributions; accordingly, any dividends may only be made in accordance with such covenants. Among other restrictions, the credit agreements allow for dividends after an initial public offering in amounts not to exceed 6% per annum of the net proceeds received by, or contributed to Jo-Ann Stores, LLC. So long as there is no event of default, the credit agreements also allow dividends in amounts not less than \$25 million, which amount can increase if certain other conditions are satisfied, including if Jo-Ann's leverage does not exceed certain thresholds. Additionally, the Revolving Credit Facility allows for unlimited dividends, so long as there is no event of default and the Company's excess availability is greater than 20% of the maximum credit, calculated on a pro forma basis for 60 days.

Note 3—Derivative Instruments

The Company is exposed to certain market risks during the normal course of its business arising from adverse changes in interest rates. The Company's exposure to interest rate risk results primarily from its variable-rate borrowings. The Company may selectively use derivative financial instruments to manage the risks from fluctuations in interest rates. The Company does not purchase or hold derivatives for trading or speculative purposes. Fluctuations in interest rates can be volatile, and the Company's risk management activities do not totally eliminate these risks. Consequently, these fluctuations could have a significant effect on the Company's financial results.

In July 2018, the Company purchased, for \$2.2 million, a forward starting interest rate cap based on 3-month London Inter-Bank Offered Rate ("LIBOR") effective October 23, 2018 through October 23, 2021. The objective of the hedging instrument is to offset the variability of cash flows in term loan debt interest payments attributable to fluctuations in LIBOR beyond 3.5 percent. The interest rate cap qualifies as an effective hedge instrument and has been designated as a cash flow hedge of variability in LIBOR-based interest payments. The interest rate cap is recognized in our Consolidated Balance Sheets at fair value. Changes in the fair value of this instrument are recorded in Other Comprehensive Income (Loss) and will be reclassified to interest expense in the same period(s) during which the hedged transactions affect earnings.

The following table summarizes the fair value and balance sheet classification of the Company's outstanding derivative within the accompanying Consolidated Balance Sheets as of October 31, 2020 and November 2, 2019:

<u>Instrument</u>	<u>Balance Sheet Location</u>	<u>October 31,</u> <u>2020</u>	<u>November 2,</u> <u>2019</u>
(Dollars in millions)			
Interest Rate Cap	Other Assets	\$ —	\$ —

The interest rate cap had an amortized notional amount of \$682.9 million and \$705.0 million as of October 31, 2020 and November 2, 2019, respectively.

The Company's interest rate cap was deemed effective for the period ending October 31, 2020 and the Company expects the derivative will continue to be effective. The time value of the interest rate cap is excluded from the assessment of effectiveness and is being amortized to interest expense over the life of the hedge. The Company does not expect any material reclassification out of Other Comprehensive Income (Loss) into earnings during the next 12 months.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

The impacts of the Company's derivative instrument on the accompanying Consolidated Statements of Comprehensive Income (Loss) for the first thirty-nine weeks of fiscal 2020 and fiscal 2019 are presented in the table below:

	<u>Thirty-Nine Weeks Ended</u>	
	<u>October 31, 2020</u>	<u>November 2, 2019</u>

Note 4—Fair Value Measurements

Fair value is defined as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, a fair value hierarchy has been established that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

The three levels of the fair value hierarchy are as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities;

Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose significant inputs are observable; and

Level 3 – Unobservable inputs in which there is little or no market data which require the reporting entity to develop its own assumptions.

The following provides the carrying and fair value of the Company's derivative instrument as of October 31, 2020 and November 2, 2019:

		<u>October 31, 2020</u>		<u>November 2, 2019</u>	
	<u>Level</u>	<u>Carrying Value</u>	<u>Fair Value</u>	<u>Carrying Value</u>	<u>Fair Value</u>
		(Dollars in millions)			
Interest rate cap	2	\$ —	\$—	\$ —	\$—

The valuation of the interest rate cap is measured as the present value of all expected future cash flows based on the LIBOR-based yield curves. The present value calculation uses discount rates that have been adjusted to reflect the credit quality of the Company and its counterparty.

The fair values of cash and cash equivalents and accounts payable approximated their carrying values because of the short-term nature of these instruments. If these instruments were measured at fair value in the financial statements, they would be classified as Level 1 in the fair value hierarchy.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

Long-term debt is presented at carrying value in our Consolidated Balance Sheets. The fair value of the Company's term loans was determined based on quoted market prices or recent trades of these debt instruments in less active markets. If our long-term debt was recorded at fair value, it would be classified as Level 2 in the fair value hierarchy. The following provides the carrying and fair values of the Company's term loans as of October 31, 2020 and November 2, 2019:

	<u>October 31, 2020</u>		<u>November 2, 2019</u>	
	<u>Carrying Value</u>	<u>Fair Value</u> (Dollars in millions)	<u>Carrying Value</u>	<u>Fair Value</u>
Term Loan due 2023 (a)	\$ 628.5	\$553.1	\$ 834.6	\$605.1
Term Loan due 2024 (a)	76.2	34.3	218.7	76.5

(a) Net of deferred financing costs and original issue discount.

Certain assets and liabilities are measured at fair value on a nonrecurring basis; that is, the assets and liabilities are not measured at fair value on an ongoing basis but are subject to fair value adjustments in certain circumstances (e.g., when there is evidence of impairment). The fair values are determined based on either a market approach, an income approach, in which the Company utilizes internal cash flow projections over the life of the underlying assets discounted using a discount rate that is considered to be commensurate with the risk inherent in the Company's current business model, or a combination of both. These measures of fair value, and related inputs, are considered a Level 3 approach under the fair value hierarchy.

The Company uses the end of the period when determining the timing of transfers between levels. There were no transfers between levels during the periods presented.

Note 5—Accrued Expenses and Other Long-Term Liabilities

Due to our favorable financial performance during the first thirty-nine weeks of fiscal 2021, the Company increased the accrual for incentive compensation. The accrual reflects the potential incentive compensation payout to all salaried store support center team members as well as all store and district managers. As of the end of the third quarter of fiscal 2021, \$26.0 million of short-term incentive compensation was recorded in accrued expenses and \$1.3 million of long-term incentive compensation was recorded in other long-term liabilities on the accompanying Consolidated Balance Sheets.

The Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), which was signed into law by the President on March 27, 2020, allows companies to defer the payment of the employer portion of the Social Security Tax. The deferral period lasts until December 31, 2020 with half of the deferred amount due at December 31, 2021 and the other half due at December 31, 2022. The Company has elected to defer payment of its portion of the Social Security Tax as permitted by the CARES Act, and as a result, has accrued for the full amount of these deferred payments in the amount of \$16.4 million within other long-term liabilities on the accompanying Consolidated Balance Sheets. The additional impact of the Employee Retention Credit (the "ERC") enacted as part of the CARES Act did not apply to the payroll tax liability for the first quarter of fiscal 2021. The ERC may be applicable to the second and third quarters of fiscal 2021. The Company is still evaluating the underlying legislation, which is evolving. The Company anticipates that the ERC will be applied retroactively, on an amended basis, in a future fiscal quarter.

Note 6—Goodwill and Other Intangible Assets

In connection with the Merger and the acquisition of Creativebug, the Company acquired certain intangible assets and recognized goodwill based on the excess of purchase price over the fair value of assets acquired and liabilities assumed.

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

Changes in the carrying value of goodwill were as follows:

	Thirty-Nine Weeks Ended	
	October 31, 2020	November 2, 2019
	(Dollars in millions)	
Goodwill, balance at beginning of period	\$ 162.0	\$ 643.8
Impairment	—	(130.4)
Goodwill, balance at end of period	<u>\$ 162.0</u>	<u>\$ 513.4</u>

The carrying amount of goodwill attributable to the Creativebug acquisition is deductible for income tax purposes, ratably over 15 years. The remaining carrying amount of goodwill is not deductible for income tax purposes.

The carrying amount and accumulated amortization of identifiable intangible assets at October 31, 2020 and November 2, 2019 were as follows:

		October 31, 2020		November 2, 2019	
	Estimated Life in Years	Gross Carrying Amount	Accumulated Amortization	Gross Carrying Amount	Accumulated Amortization

Intangible assets subject to amortization:

Total intangible assets		<u>\$ 446.0</u>	<u>\$ 67.1</u>	<u>\$ 451.3</u>	<u>\$ 60.3</u>

Due to the Company's negative comparable sales and declining margins in the second quarter of fiscal 2020, primarily as a result of the expected ongoing impact of the United States tariffs on imported merchandise from China enacted during the second half of fiscal 2019 and subsequently increased during the second quarter of fiscal 2020, a quantitative impairment analysis of goodwill related to the Jo-Ann reporting unit was completed as of July 6, 2019. The Company performed a discounted cash flow analysis and market multiple analysis and used the resulting average as the fair value. Based on the analyses performed, the carrying value of the reporting unit exceeded the fair value of the reporting unit; therefore, the Company recognized a non-cash goodwill impairment charge of \$130.4 million during the second quarter of fiscal 2020.

Due to a weaker than expected fiscal 2020 peak selling season, another quantitative impairment analysis of goodwill related to the Jo-Ann reporting unit was completed as of November 30, 2019. The Company performed a discounted cash flow analysis and a market multiple analysis and used the resulting average as the fair value. Based on the analyses performed, the carrying value of the reporting unit exceeded the fair value of the reporting unit; therefore, the Company recognized a non-cash goodwill impairment charge of \$351.4 million during the fourth quarter of fiscal 2020. As of November 30, 2019, the Company also performed a quantitative impairment analysis of the Jo-Ann Trade Name utilizing a relief from royalty approach by comparing the fair value of the trade name to its carrying value. Based on this information, the Company recognized a non-cash pre-tax impairment charge of \$5.0 million during the fourth quarter of fiscal 2020.

As of May 2, 2020, the Company assessed qualitative factors in order to determine whether any circumstances existed which indicated that it was more-likely-than-not that the fair values of the Jo-Ann

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

reporting unit, Creativebug reporting unit, Jo-Ann Trade Name and Joann.com Domain Name did not exceed their respective carrying values and concluded no such circumstances existed which would require a quantitative impairment test be performed. The primary factor in this conclusion was the favorable actual and expected financial performance of the Company when compared to the projections that were utilized in the most recent valuation, which was completed during the fourth quarter of fiscal 2020. Therefore, no goodwill or intangible asset impairment charges were recognized in the first quarter of fiscal 2021.

There were no indicators of impairment at either August 1, 2020 or October 31, 2020 for the Jo-Ann reporting unit, Creativebug reporting unit, Jo-Ann Trade Name and Joann.com Domain Name.

The Company recognized intangible asset amortization of \$5.2 million for the first thirty-nine weeks of fiscal 2021 and \$5.4 million for the first thirty-nine weeks of fiscal 2020. The weighted average amortization period of amortizable intangible assets as of October 31, 2020 approximated 6.4 years.

Note 7—Income Taxes

Coronavirus Tax Relief

The CARES Act was signed into law by the President on March 27, 2020. Among other things, it provides economic relief to individuals and businesses. Tax law changes in the CARES Act impacted the Company in a number of different ways, including enhanced interest expense deductibility for fiscal 2020 and fiscal 2021 resulting from changes to the computation of the related limitation, the ability to carry back net operating losses for fiscal 2020 and fiscal 2021 to the five prior years, including tax years with a 35 percent corporate income tax rate, and a technical correction to the Tax Cuts and Jobs Act of 2017 allowing qualified improvement property to be fully depreciated in the year the property is placed in service.

Reserves for Uncertain Tax Positions

At the end of the third quarter of fiscal 2021, unrecognized tax benefits were \$1.2 million, of which \$1.0 million would affect the effective tax rate, if recognized. The Company records interest and penalties on uncertain tax positions as a component of the income tax provision. The total amount of interest and penalties at the end of the third quarter of fiscal 2021 was \$0.3 million compared to \$0.1 million of interest or penalties accrued as of the end of the third quarter of fiscal 2020.

Effective Tax Rate

The effective income tax rate for the first thirty-nine weeks of fiscal 2021 was 9.2 percent provision compared to 10.8 percent (benefit) for the first thirty-nine weeks of fiscal 2020. During the third quarter of fiscal 2021, the release of the valuation allowance for the deferred tax asset relating to interest expense carryover based on the income tax return filed for fiscal 2020 was adjusted to actual, receivables were recorded for a net operating loss carryback from fiscal 2020, and a settlement was reached during the third quarter of fiscal 2021, with the IRS sustaining a favorable position taken on an amended tax return, resulting in an effective tax rate which is lower than the statutory rate for the first thirty-nine weeks of fiscal 2021. For the first thirty-nine weeks of fiscal 2020, there was a permanent book-tax difference resulting from the \$130.4 million non-deductible goodwill impairment recorded in the second quarter of fiscal 2020.

The effective tax rate is subject to change based on the mix of income from different state jurisdictions, which tax at different rates, as well as the change in status or outcome of uncertain tax positions. We evaluate our effective rate on a quarterly basis and update our estimate of the full-year effective rate as necessary.

Note 8—Earnings Per Share

Basic (loss) income per share is computed based upon the weighted-average number of common shares outstanding. Diluted (loss) income per share is computed based upon the weighted-average number of common

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

shares outstanding plus the dilutive effect of common share equivalents calculated using the treasury stock method. Treasury stock is excluded from the denominator in calculating both basic and diluted loss per share. For the thirty-nine weeks ended October 31, 2020 and November 2, 2019, 19,600 and 26,674 shares issuable for equity-based awards, respectively, were excluded from the computation of diluted loss per share because the effect of their inclusion would have been anti-dilutive. In periods in which a net loss has occurred, as is the case for first thirty-nine weeks of fiscal 2020, the dilutive effect of equity-based awards is not recognized and thus not utilized in the calculation of diluted loss per share, because the effect of their inclusion would have been anti-dilutive.

The following table sets forth the reconciliation of the numerator and the denominator of basic and diluted (loss) income per share:

	<u>Thirty-Nine Weeks Ended</u> <u>October 31,</u> <u>2020</u>	<u>November 2,</u> <u>2019</u>

Diluted earnings per common share	\$ 419.03	\$ (464.04)

Note 9—Segments and Disaggregated Revenue

In fiscal 2020, fiscal 2019 and fiscal 2018, the Company considered Jo-Ann Stores and Non-Store Omni-Channel to be the Company's operating segments for purposes of determining reportable segments based on the criteria of ASC 280, Segment Reporting ("ASC 280"). Non-Store Omni-Channel does not meet the materiality criteria in ASC 280 and, therefore, is not disclosed separately as a reportable segment. The Company's operating segments are based on how our Chief Executive Officer, who is also our Chief Operating Decision Maker ("CODM"), makes decisions about allocating resources and assessing performance.

The following table shows revenue by product category:

Note 11—Subsequent Events

Subsequent to the end of the third quarter of fiscal 2021, on November 25, 2020, the Company agreed to amend and restate various terms of the asset-based revolving credit agreement dated October 21, 2016, which provides for senior secured financing of up to \$500.0 million. No changes were made to the borrowing base formula. The amended facility is secured by a first priority security interest in Jo-Ann's inventory, accounts receivable, and related assets with a second priority interest in all other assets, excluding real estate. It also continues to be guaranteed by existing and future wholly-owned subsidiaries of Jo-Ann, subject to certain exceptions. Item 14. Indemnification of Directors and Officers

Section 102 of the DGCL allows a corporation to eliminate the personal liability of a director to the corporation or its shareholders for monetary damages for breach of fiduciary duty as a director, except in cases where the director breached his or her duty of loyalty to the corporation or its shareholders, failed to act in good faith, engaged in intentional misconduct or a knowing violation of the law, willfully or negligently authorized the unlawful payment of a dividend or approved an unlawful stock redemption or repurchase or obtained an improper personal benefit. Our certificate of incorporation contains a provision which eliminates directors' personal liability as set forth above.

Our certificate of incorporation and bylaws provide in effect that we shall indemnify our directors and officers to the extent permitted by the DGCL. Section 145 of the DGCL provides that a Delaware corporation has the power to indemnify its directors, officers, employees and agents in certain circumstances. Subsection (a) of Section 145 of the DGCL empowers a corporation to indemnify any director, officer, employee or agent, or former director, officer, employee or agent, who was or is a party, or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation), against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with such action, suit or proceeding provided that such director, officer, employee or agent acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation and, with respect to any criminal action or proceeding, provided that such director, officer, employee or agent had no reasonable cause to believe that his or her conduct was unlawful.

Subsection (b) of Section 145 of the DGCL empowers a corporation to indemnify any director, officer, employee or agent, or former director, officer, employee or agent, who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that such person acted in any of the capacities set forth above, against expenses (including attorneys' fees) actually and reasonably incurred in connection with the

**CONFIDENTIAL TREATMENT REQUESTED BY JO-ANN STORES HOLDINGS INC.
PURSUANT TO 17 CFR 200.83**

defense or settlement of such action or suit provided that such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification may be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery shall determine that despite the adjudication of liability such person is fairly and reasonably entitled to indemnity for such expenses which the court shall deem proper.

Section 145 further provides that to the extent that a director or officer or employee of a corporation has been successful in the defense of any action, suit or proceeding referred to in subsections (a) and (b) or in the defense of any claim, issue or matter therein, he or she shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him or her in connection therewith; that indemnification provided by Section 145 shall not be deemed exclusive of any other rights to which the party seeking indemnification may be entitled; and the corporation is empowered to purchase and maintain insurance on behalf of a director, officer, employee or agent of the corporation against any liability asserted against him or her or incurred by him or her in any such capacity or arising out of his or her status as such whether or not the corporation would have the power to indemnify him or her against such liabilities under Section 145; and that, unless indemnification is ordered by a court, the determination that indemnification under subsections (a) and (b) of Section 145 is proper because the director, officer, employee or agent has met the applicable standard of conduct under such subsections shall be made by (1) a majority vote of the directors who are not parties to such action, suit or proceeding, even though less than a quorum, or (2) if there are no such directors, or if such directors so direct, by independent legal counsel in a written opinion, or (3) by the shareholders.

We have in effect insurance policies for general officers' and directors' liability insurance covering all of our officers and directors. In addition, we have entered into indemnification agreements with our directors and officers. These indemnification agreements may require us, among other things, to indemnify each such director or officer for certain expenses, including attorneys' fees, judgments, fines and settlement amounts incurred by such director or officer in any action or proceeding arising out of his or her service as one of our directors or officers.

Item 17. Undertakings

The undersigned Registrant hereby undertakes to provide to the underwriters at the closing specified in the underwriting agreement certificates in such denominations and registered in such names as required by the underwriters to permit prompt delivery to each purchaser.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. The undersigned Registrant hereby undertakes that:

- (1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the Registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.
- (2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(a) Notwithstanding anything to the contrary herein, Consolidated EBITDA and any financial ratio or test, including the Net Leverage Ratio and the Consolidated Fixed Charge Coverage Ratio shall be calculated in the manner prescribed by this *Section 1.8* ; *provided that*, notwithstanding anything to the contrary in this *Section 1.8*, when calculating the Consolidated Fixed Charge Coverage Ratio for purposes of determining actual compliance (and not compliance on a Pro Forma Basis) with *Section 6.1*, the events described in this *Section 1.8* that occurred subsequent to the end of the applicable Test Period shall not be given Pro Forma Effect.

(b) For purposes of calculating Consolidated EBITDA and any financial ratio or tests, including the Net Leverage Ratio and the Consolidated Fixed Charge Coverage Ratio, Specified Transactions (and the incurrence or repayment of any Indebtedness in connection therewith) that have been made (i) during the applicable Test Period or (ii) subsequent to such Test Period and prior to or simultaneously with the event for which the calculation of any such ratio is made shall be calculated on a pro forma basis assuming that all such Specified Transactions (and any increase or decrease in Consolidated EBITDA and the component financial definitions used therein attributable to any Specified Transaction) had occurred on the first day of the applicable Test Period. If since the beginning of any applicable Test Period any Person that subsequently became a Restricted Subsidiary or was merged, amalgamated or consolidated with or into the Borrower or any of its Restricted Subsidiaries since the beginning of such Test Period shall have made any Specified Transaction that would have required adjustment pursuant to this *Section 1.8*, then the Net Leverage Ratio and the Consolidated Fixed Charge Coverage Ratio and Consolidated EBITDA shall be calculated to give pro forma effect thereto in accordance with this *Section 1.8*.

(d) Whenever Pro Forma Effect is to be given to a Specified Transaction, the pro forma calculations shall be made in good faith by a responsible financial or accounting officer of the Borrower and may include, for the avoidance of doubt, the amount of “run rate” cost savings, operating expense reductions and synergies projected by the Borrower in good faith to be realized as a result of specified actions taken, committed to be taken or reasonably expected to be taken (calculated on a *pro forma* basis as though such cost savings, operating expense reductions and synergies had been realized on the first day of such period and as if such cost savings, operating expense reductions and synergies were realized during the entirety of such period) relating to such Specified Transaction, and “run rate” means the full recurring benefit for a period that is associated with any action taken, committed to be taken or expected to be taken (including any savings expected to result from the elimination of a public target’s compliance costs with public company requirements), net of the amount of actual benefits theretofore realized during such period from such actions; *provided* that any such projected “run rate” cost savings, operating expense reductions and synergies shall only be permitted to be included to the extent consistent with the requirements applicable to pro forma financial statements prepared in accordance with Regulation S-X under the Securities Act.

(e) If any Indebtedness bears a floating rate of interest and is being given pro forma effect, the interest on such Indebtedness shall be calculated as if the rate in effect on the date of the event for which the calculation of the Consolidated Fixed Charge Coverage Ratio is made had been the applicable rate for the entire period (taking into account any hedging obligations applicable to such Indebtedness). Interest on a Capitalized Lease Obligation shall be deemed to accrue at an interest rate reasonably determined by a responsible financial or accounting officer of the Borrower to be the rate of interest implicit in such Capitalized Lease Obligation in accordance with GAAP. Interest on Indebtedness that may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a Eurodollar interbank offered rate, or other rate, shall be determined to have been based upon the rate actually chosen, or if none, then based upon such optional rate chosen as the Borrower may designate.

- (c) whether any other transaction undertaken or proposed to be undertaken in connection with such Limited Condition Acquisition complies with the covenants or agreements contained in this Agreement; and
- (d) any calculation of the ratios or baskets, including the Net Leverage Ratio, Consolidated Net Income, Consolidated EBITDA and/or pro forma cost savings and baskets determined by reference to Consolidated EBITDA or Total Assets and whether a Default or Event of Default exists in connection with the foregoing;

at the option of the Borrower, the date that the definitive agreement for such Limited Condition Acquisition is entered into (the “*Transaction Agreement Date*”) may be used as the applicable date of determination, as the case may be, in each case with such pro forma adjustments as are appropriate and consistent with the pro forma adjustment provisions set forth in the definition of “Pro Forma Basis” or “Consolidated EBITDA.” For the avoidance of doubt, if the Borrower elects to use the Transaction Agreement Date as the applicable date of determination in accordance with the foregoing, (a) any fluctuation or change in the Net Leverage Ratio, Consolidated Net Income, Consolidated EBITDA and/or Total Assets of the Borrower from the Transaction Agreement Date to the date of consummation of such Limited Condition Acquisition will not be taken into account for purposes of determining whether any Indebtedness or Lien that is being incurred in connection with such Limited Condition Acquisition is permitted to be incurred, or whether any other transaction undertaken in connection with such Limited Condition Acquisition by the Borrower or any of the Restricted Subsidiaries complies with the Loan Documents and (b) after the Transaction Agreement Date and until such Limited Condition Acquisition is consummated or the definitive agreements in respect thereof are terminated or expire, such Limited Condition Acquisition and all transactions proposed to be undertaken in connection therewith (including without limitation the incurrence of Indebtedness and Liens) will be given Pro Forma Effect when determining compliance of other transactions (including without limitation the incurrence of Indebtedness and Liens unrelated to such Limited Condition Acquisition) that are consummated after the Transaction Agreement Date and on or prior to the date of consummation of such Limited Condition Acquisition and any such transactions (including without limitation any incurrence of Indebtedness and the use of proceeds thereof) will be deemed to have occurred on the Transaction Agreement Date and be outstanding thereafter for purposes of calculating any baskets or ratios under the Loan Documents after the Transaction Agreement Date and before the date of consummation of such Limited Condition Acquisition (or the date the definitive

agreements in respect thereof are terminated or expire); *provided* that solely with respect to Restricted Payments only (and only until such time as the applicable Limited Condition Acquisition has been consummated or the definitive documentation for such Limited Condition Acquisition is terminated), such calculation shall also be made on a standalone basis without giving effect to such Limited Condition Acquisition and the other transactions in connection therewith.

ARTICLE II

THE FACILITY

SECTION 2.1 The Revolving Credit Commitments.

(a) On the terms and subject to the conditions contained in this Agreement, each Lender severally agrees to make loans in Dollars (each, a “*Revolving Loan*”) to the Borrower from time to time on any Business Day during the period from the Effective Date until the Revolving Credit Termination Date in an aggregate principal amount at any time outstanding for all such loans by such Lender not to exceed such Lender’s Revolving Credit Commitment; *provided, however*, that at no time shall any Lender be obligated to make a Revolving Loan in excess of such Lender’s Ratable Portion of the Maximum Credit. Within the limits of the Revolving Credit Commitment of each Lender, amounts of Loans repaid may be reborrowed under this *Section 2.1*.

(b) Subject to the limitations set forth below (and notwithstanding anything to the contrary in *Section 4.2*), the Administrative Agent is authorized by the Borrower and the Lenders, from time to time in the Administrative Agent’s sole discretion (but shall have absolutely no obligation), to make Revolving Loans (which may be a Swing Loan) to the Borrower, on behalf of all Lenders at any time that any condition precedent set forth in *Section 4.2* has not been satisfied or waived, which the Administrative Agent, in its Permitted Discretion, deems necessary or desirable for the purposes specified in the definition of “Protective Advances”. Any Protective Advance may be made in a principal amount that would cause the aggregate Revolving Credit Exposure to exceed the Borrowing Base; *provided* that the aggregate amount of outstanding Protective Advances plus the aggregate of all other Revolving Credit Exposure shall not exceed the Aggregate Commitments; *provided* further that the foregoing shall not result in any claim or liability against the Administrative Agent (regardless of the amount of any Overadvance) for Unintentional Overadvances, and such Unintentional Overadvances shall not reduce the amount of Protective Advances allowed hereunder. Protective Advances may be made even if the conditions precedent set forth in *Section 4.2* have not been satisfied or waived. Each Protective Advance shall be secured by the Liens in favor of the Collateral Agent in and to the Collateral and shall constitute Obligations hereunder. The Administrative Agent’s authorization to make Protective Advances may be revoked at any time by the Requisite Lenders. Any such revocation must be in writing and shall become effective prospectively upon the Administrative Agent’s receipt thereof. The making of a Protective Advance on any one occasion shall not obligate the Administrative Agent to make any Protective Advance on any other occasion. At any time that the conditions precedent set forth in *Section 4.2* have been satisfied or waived, the Administrative Agent may request the Lenders to make a Revolving Loan to repay a Protective Advance. At any other time, the Administrative Agent may require the Lenders to fund their risk participations described in *Section 2.1(c)*.

(c) Upon the making of a Protective Advance by the Administrative Agent (whether before or after the occurrence of a Default), each Lender shall be deemed, without further action by any party hereto, unconditionally and irrevocably to have purchased from the Administrative Agent without recourse or warranty, an undivided interest and participation in such Protective Advance in proportion to its Applicable Percentage. From and after the date, if any, on which any Lender is required to fund its participation in any Protective Advance purchased hereunder, the Administrative Agent shall promptly distribute to such Lender, such Lender's Applicable Percentage of all payments of principal and interest and all proceeds of Collateral received by the Administrative Agent in respect of such Protective Advance.

SECTION 2.2 Borrowing Procedures.

(a) Each Borrowing shall be made on notice given by the Borrower to the Administrative Agent not later than (i) 11:00 a.m. on the same Business Day, in the case of a Borrowing of Base Rate Loans, and (ii) 12:00 noon three (3) Business Days, in the case of a Borrowing of Eurodollar Rate Loans, prior to the date of the proposed Borrowing. Each such notice shall be in substantially the form of *Exhibit C* (a "Notice of Borrowing"), specifying (A) the date of such proposed Borrowing, which shall be a Business Day, (B) the aggregate amount of such proposed Borrowing, (C) whether any portion of the proposed Borrowing will be of Base Rate Loans or Eurodollar Rate Loans, (D) the initial Interest Period or Interest Periods for any such Eurodollar Rate Loans, (E) the Class of the proposed Borrowing, and (F) with respect to any Borrowing the proceeds of which will be used to fund a Restricted Payment subject to the satisfaction of the RP Conditions, an additional solvency representation and warranty of the Borrower and its Subsidiaries (taken as a whole) after giving effect to such Borrowing and the use of proceeds thereof. The Loans shall be made as Base Rate Loans unless, subject to *Section 2.14*, the Notice of Borrowing specifies that all or a portion thereof shall be Eurodollar Rate Loans. Each Borrowing of Base Rate Loan shall be in an aggregate amount of not less than \$500,000 or an integral multiple of \$100,000 in excess thereof and the aggregate amount of each Borrowing of Eurodollar Rate Loans for each Interest Period must be in the amount of at least \$1,000,000 or an integral multiple of \$500,000 in excess thereof.

(b) The Administrative Agent shall give to each Lender prompt notice of the Administrative Agent's receipt of a Notice of Borrowing and, if Eurodollar Rate Loans are properly requested in such Notice of Borrowing, the applicable interest rate determined pursuant to *Section 2.14(a)*. Each Lender shall, before (x) 1:00 p.m. on the date of the proposed Borrowing (other than a Borrowing to be made on the Effective Date) and (y) 12:00 p.m. on the Effective Date with respect to any Borrowing to be made on the Effective Date, make available to the Administrative Agent at its address referred to in *Section 12.8*, in Same Day Funds, such Lender's Ratable Portion of such proposed Borrowing. Upon fulfillment (or due waiver in accordance with *Section 12.1*) (i) on the Effective Date, of the applicable conditions set forth in *Section 4.1* and (ii) at any time (including the Effective Date), of the applicable conditions set forth in *Section 4.2*, and, subject to *clause (c)* below, after the Administrative Agent's receipt of such funds, the Administrative Agent shall make such funds available to the Borrower as promptly as reasonably practicable.

(c) Unless the Administrative Agent shall have received notice from a Lender prior to the date of any proposed Borrowing that such Lender will not make available to the Administrative Agent such Lender's Ratable Portion of such Borrowing (or any portion thereof), the Administrative Agent may assume that such Lender has made such Ratable Portion available to the Administrative Agent on the date of such Borrowing in accordance with this Section 2.2 and the Administrative Agent may, in reliance upon such assumption, make available to the Borrower on such date a corresponding amount. If and to the extent that such Lender shall not have so made such Ratable Portion available to the Administrative Agent, such Lender and the Borrower severally agree to repay to the Administrative Agent forthwith on demand such corresponding amount together with interest thereon, for each day from the date such amount is made available to the Borrower until the date such amount is repaid to the Administrative Agent, at (i) in the case of the Borrower, the interest rate applicable at the time to the Loans comprising such Borrowing and (ii) in the case of such Lender, the Federal Funds Rate for the first Business Day and thereafter at the interest rate applicable at the time to the Loans comprising such Borrowing. If such Lender shall repay to the Administrative Agent such corresponding amount, such corresponding amount so repaid shall constitute such Lender's Loan as part of such Borrowing for purposes of this Agreement. If the Borrower shall repay to the Administrative Agent such corresponding amount, such payment shall not relieve such Lender of any obligation it may have hereunder to the Borrower.

(d) The failure of any Defaulting Lender to make on the date specified any Loan or any payment required by it, including any payment in respect of its participation in Swing Loans and Letter of Credit Obligations, shall not relieve any other Lender of its obligations to make such Loan or payment on such date but, except to the extent otherwise provided herein, no such other Lender shall be responsible for the failure of any Defaulting Lender to make a Loan or payment required under this Agreement.

(e) After giving effect to all Borrowings, all conversions of Loans from one Type to the other, and all continuations of Loans as the same Type, there shall not be more than ten (10) Interest Periods in effect unless otherwise agreed between the Borrower and the Administrative Agent; *provided* that after the establishment of any new Class of Loans pursuant to an Extension Amendment, the number of Interest Periods otherwise permitted by this Section 2.2(e) shall increase by three (3) Interest Periods for each applicable Class so established.

SECTION 2.3 Swing Loans.

(a) On the terms and subject to the conditions contained in this Agreement, the Swing Loan Lender shall make, in Dollars, loans (each, a "Swing Loan") otherwise available to the Borrower under the Facility from time to time on any Business Day during the period from the Effective Date until the Revolving Credit Termination Date in an aggregate principal amount at any time outstanding (together with the aggregate outstanding principal amount of any other Loan made by the Swing Loan Lender hereunder in its capacity as the Swing Loan Lender) not to exceed the Swing Loan Sublimit; *provided, however*, that at no time shall the Swing Loan Lender make any Swing Loan to the extent that, after giving effect to such Swing Loan, the aggregate Revolving Credit Outstandings would exceed the Maximum Credit; *provided further* that in the event that the Swing Loan Lender and the Administrative Agent are not the same Person, then the Swing Loan Lender shall only make a Swing Loan after having given prior notice thereof to the Administrative Agent; *provided further* that the Swing Loan Lender shall not be required to make any Swing Loan to the extent that such Swing Loan Lender reasonably

believes that any Lender is a Defaulting Lender unless, after giving effect to the requested Swing Loan, there would exist no Fronting Exposure (in the good faith determination of the Swing Loan Lender and the Administrative Agent). Each Swing Loan shall be a Base Rate Loan and must be repaid in full in Dollars within seven (7) days after its making or, if sooner, upon any Borrowing hereunder and shall in any event mature no later than the Revolving Credit Termination Date (without giving effect to any extensions of the type referred to in the proviso to *Section 12.1(b)* hereof). Within the limits set forth in the first sentence of this *clause (a)*, amounts of Swing Loans repaid may be reborrowed under this *clause (a)*.

(b) In order to request a Swing Loan, the Borrower shall telecopy (or forward by electronic mail or similar means) to the Administrative Agent a duly completed request in substantially the form of *Exhibit D*, setting forth the requested amount and date of such Swing Loan (a “*Swing Loan Request*”), to be received by the Administrative Agent not later than 1:00 p.m. on the day of the proposed borrowing. The Administrative Agent shall promptly notify the Swing Loan Lender of the details of the requested Swing Loan. Subject to the terms of this Agreement, the Swing Loan Lender shall make a Swing Loan available to the Administrative Agent and, in turn, the Administrative Agent shall make such amounts available to the Borrower as promptly as reasonably practicable on the date set forth in the relevant Swing Loan Request. The Swing Loan Lender shall not make any Swing Loan (other than a Protective Advance) in the period commencing on the first Business Day after it receives written notice from the Administrative Agent or any Lender that one or more of the conditions precedent contained in *Section 4.2* shall not on such date be satisfied, and ending when such conditions are satisfied. The Swing Loan Lender shall not otherwise be required to determine that, or take notice whether, the conditions precedent set forth in *Section 4.2* have been satisfied in connection with the making of any Swing Loan.

(c) The Swing Loan Lender may demand at any time (and shall demand, not less frequently than weekly unless such Swing Loan is repaid in accordance with *Section 2.3(a)* hereof), that each Lender pay to the Administrative Agent, for the account of the Swing Loan Lender, in the manner provided in *clause (d)* below, such Lender’s Ratable Portion of all or a portion of the outstanding Swing Loans, which demand shall be made through the Administrative Agent, shall be in writing and shall specify the outstanding principal amount of Swing Loans demanded to be paid.

(d) The Administrative Agent shall forward each demand referred to in *clause (c)* above to each Lender on the day such notice or such demand is received by the Administrative Agent (except that any such notice or demand received by the Administrative Agent after 2:00 p.m. on any Business Day or any such notice or demand received on a day that is not a Business Day shall not be required to be forwarded to the Lenders by the Administrative Agent until the next succeeding Business Day), together with a statement prepared by the Administrative Agent specifying the amount of each Lender’s Ratable Portion of the aggregate principal amount of the Swing Loans stated to be outstanding in such notice or demanded to be paid pursuant to such demand, and, notwithstanding whether or not the conditions precedent set forth in *Sections 4.2* and *2.1* shall have been satisfied (which conditions precedent the Lenders hereby irrevocably waive), each Lender shall, before 11:00 a.m. on the Business Day next succeeding the date of such Lender’s receipt of such notice or demand, make available to the Administrative Agent, in Same Day Funds in Dollars, for the account of the Swing Loan Lender, the amount specified in such statement. Upon such payment by a Lender, such Lender shall, except as provided in *clause (e)* below, be deemed to have made a Revolving Loan to the Borrower in the amount of such payment. The Administrative Agent shall use such funds to repay the Swing Loans to the Swing Loan Lender.

(e) Upon the occurrence of a Default under *Section 10.1(f)*, each Lender shall acquire, without recourse or warranty, an undivided participation in each Swing Loan otherwise required to be repaid by such Lender pursuant to *clause (d)* above, which participation shall be in a principal amount equal to such Lender's Ratable Portion of such Swing Loan, by paying to the Swing Loan Lender on the date on which such Lender would otherwise have been required to make a payment in respect of such Swing Loan pursuant to *clause (d)* above, in Same Day Funds, an amount equal to such Lender's Ratable Portion of such Swing Loan. If all or part of such amount is not in fact made available by such Lender to the Swing Loan Lender on such date, the Swing Loan Lender shall be entitled to recover any such unpaid amount on demand from such Lender together with interest accrued from such date at the Federal Funds Rate for the first Business Day after such payment was due and thereafter at the rate of interest then applicable to Base Rate Loans.

(f) From and after the date on which any Lender (i) is deemed to have made a Revolving Loan pursuant to *clause (d)* above with respect to any Swing Loan or (ii) purchases an undivided participation interest in a Swing Loan pursuant to *clause (e)* above, the Swing Loan Lender shall promptly distribute to such Lender such Lender's Ratable Portion of all payments of principal and interest received by the Swing Loan Lender on account of such Swing Loan other than those received from a Lender pursuant to *clause (d)* or *(e)* above.

SECTION 2.4 Letters of Credit.

(a) Subject to the terms and subject to the conditions contained in this Agreement, each Issuer agrees to Issue at the request of the Borrower, for the account of the Borrower or a Restricted Subsidiary (*provided* that any Letter of Credit issued for the benefit of any Restricted Subsidiary that is not the Borrower shall be issued naming the Borrower as the account party on any such Letter of Credit but such Letter of Credit may contain a statement that it is being issued for the benefit of such Restricted Subsidiary), one or more Letters of Credit from time to time on any Business Day during the period commencing on the Effective Date and ending on the earlier of the Revolving Credit Termination Date and five (5) Business Days prior to the Scheduled Termination Date (without giving effect to any extension of the type referred to in the proviso to *Section 12.1(b)* hereof) (or, if such day is not a Business Day, the next preceding Business Day), or such later date as agreed to by the Administrative Agent in its sole discretion; *provided, however*, that no Issuer shall be under any obligation to Issue (and, upon the occurrence of any of the events described in *clauses (ii), (iii), (iv)* and *(v)(A)* below, shall not Issue) any Letter of Credit upon the occurrence of any of the following:

(i) any order, judgment or decree of any Governmental Authority or arbitrator having binding powers shall purport by its terms to enjoin or restrain such Issuer from Issuing such Letter of Credit or any Law applicable to such Issuer or any request or directive (whether or not having the force of law) from any Governmental Authority with jurisdiction over such Issuer shall prohibit, or request that such Issuer

refrain from, the Issuance of letters of credit generally or such Letter of Credit in particular or shall impose upon such Issuer with respect to such Letter of Credit any restriction or reserve or capital requirement (for which such Issuer is not otherwise compensated) not in effect on the Effective Date or result in any unreimbursed loss, cost or expense that was not applicable, in effect or known to such Issuer as of the Effective Date and that such Issuer in good faith deems material to it (for which such Issuer is not otherwise compensated);

(ii) the issuance of such Letter of Credit would violate one or more policies of the Issuer applicable to letters of credit generally;

(iii) such Issuer shall have received any written notice of the type described in *clause (d)* below;

(iv) after giving effect to the Issuance of such Letter of Credit, (A) the aggregate Revolving Credit Outstandings would exceed the Maximum Credit at such time, (B) the Letter of Credit Obligations would exceed the Letter of Credit Sublimit or (C) the Revolving Credit Outstandings of any Lender would exceed such Lender's Revolving Credit Commitment;

(v) such Letter of Credit is requested to be denominated in any currency other than Dollars, except as may be approved by the Administrative Agent and such Issuer, each in their reasonable discretion;

(vi) (A) any fees due in connection with a requested Issuance have not been paid, (B) such Letter of Credit is requested to be Issued in a form that is not acceptable to such Issuer or (C) the Issuer for such Letter of Credit shall not have received, in form and substance reasonably acceptable to it and, if applicable, duly executed by the Borrower, applications, agreements and other documentation (collectively, a "*Letter of Credit Reimbursement Agreement*") such Issuer generally employs in the ordinary course of its business for the Issuance of letters of credit of the type of such Letter of Credit;

(vii) any Lender is at that time a Defaulting Lender, unless (i) after giving effect to the requested Issuance, there would exist no Fronting Exposure (in the good faith determination of the applicable Issuer) or (ii) the applicable Issuer has entered into arrangements, including the delivery of Cash Collateral, satisfactory to the applicable Issuer (in its reasonable discretion) with the Borrower or such Lender to eliminate such Issuer's actual or potential Fronting Exposure (after giving effect to Section 2.16(a)(iv)) with respect to the Defaulting Lender arising from either the Letter of Credit then proposed to be issued or any other Letter of Credit Obligations as to which such Issuer has actual or potential Fronting Exposure, as it may elect in its sole discretion.

None of the Lenders (other than the Issuers in their capacity as such) shall have any obligation to Issue any Letter of Credit. Any Letter of Credit which has been or deemed Issued hereunder may be amended at any time to reduce the amount outstanding thereunder.

(b) In no event shall (i) the expiration date of (A) any Documentary Letter of Credit be more than 210 days after the date of issuance thereof, or (B) any Standby Letter of Credit be more than one (1) year after the date of issuance thereof; *provided, however*, that any Standby Letter of Credit with a term less than or equal to one (1) year may provide for the renewal thereof for additional periods less than or equal to one (1) year, as long as, on or before the expiration of each such term and each such period, the Borrower and the Issuer of such Standby Letter of Credit shall have the option to prevent such renewal or (ii) the expiration date of any Letter of Credit be later than the date that is five (5) Business Days before the Scheduled Termination Date; *provided further*, that, for any Letter of Credit having an expiration date after the Scheduled Termination Date, the Borrower agrees to deliver to the Administrative Agent on or prior to the Scheduled Termination Date a letter of credit or letters of credit in form and substance reasonably acceptable to the Administrative Agent issued by a bank acceptable to the Administrative Agent, in each case in its sole discretion, and/or cash collateral in an amount equal to 103% of the maximum drawable amount of any such Letter of Credit.

(c) In connection with the Issuance of each Letter of Credit, the Borrower shall give the relevant Issuer and the Administrative Agent at least two (2) Business Days' prior written notice, in substantially the form of *Exhibit E* (or in such other written or electronic form as is acceptable to such Issuer), of the requested Issuance of such Letter of Credit (a "*Letter of Credit Request*"). Such notice shall specify the Issuer of such Letter of Credit, the face amount of the Letter of Credit requested, the date on which such Letter of Credit is to expire (which date shall be a Business Day) and, in the case of an issuance, the Person for whose benefit the requested Letter of Credit is to be issued. Such notice, to be effective, must be received by the relevant Issuer and the Administrative Agent not later than 11:00 a.m. on the last Business Day on which such notice can be given under the first sentence of this *clause (c)*; *provided* that the relevant Issuer and the Administrative Agent may agree in a particular instance in their sole discretion to a later time and date.

(d) Subject to the satisfaction of the conditions set forth in this *Section 2.4*, the relevant Issuer shall, on the requested date, Issue a Letter of Credit on behalf of the Borrower in accordance with such Issuer's usual and customary business practices. No Issuer shall Issue any Letter of Credit in the period commencing on the first Business Day after it receives written notice from any Lender that one or more of the conditions precedent contained in *Section 4.2* or *clause (a)* above are not on such date satisfied or duly waived and ending when such conditions are satisfied or duly waived. No Issuer shall otherwise be required to determine that, or take notice whether, the conditions precedent set forth in *Section 4.2* have been satisfied in connection with the Issuance of any Letter of Credit. Each Letter of Credit shall be Issued in Dollars.

(e) The Borrower agrees that, if requested by the Issuer of any Letter of Credit prior to the issuance of a Letter of Credit, it shall execute a Letter of Credit Reimbursement Agreement in respect to any Letter of Credit Issued hereunder. In the event of any conflict between the terms of any Letter of Credit Reimbursement Agreement and this Agreement, the terms of this Agreement shall govern.

(f) Each Issuer shall comply with the following:

(i) give the Administrative Agent written notice (or telephonic notice confirmed promptly thereafter in writing), which writing may be a telecopy or electronic mail, of the Issuance of any Letter of Credit Issued by it, all drawings under any Letter of Credit Issued by it and of the payment (or the failure to pay when due) by the Borrower of any Reimbursement Obligation when due (which notice the Administrative Agent shall promptly transmit by telecopy, electronic mail or similar transmission to each Lender);

(ii) upon the request of any Lender, furnish to such Lender copies of any Letter of Credit Reimbursement Agreement to which such Issuer is a party and such other documentation as may reasonably be requested by such Lender; and

(iii) on the first Business Day of each calendar week, provide to the Administrative Agent (and the Administrative Agent shall provide a copy to each Lender requesting the same) and the Borrower separate schedules for Documentary Letters of Credit and Standby Letters of Credit issued by it, in form and substance reasonably satisfactory to the Administrative Agent, setting forth the aggregate Letter of Credit Obligations, in each case outstanding at the end of each month, and any information requested by the Borrower or the Administrative Agent relating thereto.

(g) Immediately upon the issuance by an Issuer of a Letter of Credit in accordance with the terms and conditions of this Agreement, such Issuer shall be deemed to have sold and transferred to each Lender, and each Lender shall be deemed irrevocably and unconditionally to have purchased and received from such Issuer, without recourse or warranty, an undivided interest and participation, to the extent of such Lender's Ratable Portion, in such Letter of Credit and the obligations of the Borrower with respect thereto (including all Letter of Credit Obligations with respect thereto) and any security therefor and guaranty pertaining thereto.

(h) The Borrower agrees to pay to the Issuer of any Letter of Credit the amount of all Reimbursement Obligations owing to such Issuer under any Letter of Credit issued for its account no later than (x) the Business Day following the date that the Borrower receives written notice from such Issuer that payment has been made under such Letter of Credit in accordance with its terms if such notice is received by the Borrower by 11:00 a.m. and (y) on the second Business Day after which the Borrower receives written notice from such Issuer that payment has been made under such Letter of Credit in accordance with its terms if such notice is received by the Borrower after 11:00 a.m. (such date described in *clause (x)* or *(y)* above, the "*Reimbursement Date*"), irrespective of any claim, set-off, defense or other right that the Borrower may have at any time against such Issuer or any other Person. In the event that any Issuer makes any payment under any Letter of Credit in accordance with its terms and the Borrower shall not have repaid such amount to such Issuer pursuant to this *clause (h)* (directly or by application of the deemed Loans described below in this *clause (h)* or by virtue of the penultimate sentence of this *clause (h)*) or any such payment by the Borrower is rescinded or set aside for any reason, such Reimbursement Obligation shall be payable on demand with interest thereon computed (i) from the date on which such Reimbursement Obligation arose to the

Reimbursement Date, at the rate of interest applicable during such period to Loans that are Base Rate Loans and (ii) from the Reimbursement Date until the date of repayment in full, at the rate of interest applicable during such period to past due Loans that are Base Rate Loans, and such Issuer shall promptly notify the Administrative Agent, which shall promptly notify each Lender of such failure, and each Lender shall promptly and unconditionally pay to the Administrative Agent for the account of such Issuer the amount of such Lender's Ratable Portion of such payment in Same Day Funds in Dollars. If the Administrative Agent so notifies such Lender prior to 11:00 a.m. on any Business Day, such Lender shall make available to the Administrative Agent for the account of such Issuer its Ratable Portion of the amount of such payment on such Business Day in Same Day Funds. Upon such payment by a Lender, such Lender shall, except during the continuance of a Default or Event of Default under *Section 10.1(f)* and notwithstanding whether or not the conditions precedent set forth in *Section 4.2* shall have been satisfied (which conditions precedent the Lenders hereby irrevocably waive), be deemed to have made a Revolving Loan to the Borrower in the principal amount of such payment. Whenever any Issuer receives from the Borrower a payment of a Reimbursement Obligation as to which the Administrative Agent has received for the account of such Issuer any payment from a Lender pursuant to this *clause (h)*, such Issuer shall pay over to the Administrative Agent any amount received in excess of such Reimbursement Obligation and, upon receipt of such amount, the Administrative Agent shall promptly pay over to each Lender, in Same Day Funds, an amount equal to such Lender's Ratable Portion of the amount of such payment adjusted, if necessary, to reflect the respective amounts the Lenders have paid in respect of such Reimbursement Obligation. (A) In the absence of written notice to the contrary from the Borrower, and subject to the other provisions of this Agreement (but without regard to the conditions to borrowing set forth in *Section 4.2*), Reimbursement Obligations shall be financed when due with a Base Rate Loan or Swing Loan to the Borrower in an equivalent amount and, to the extent so financed, the Borrower's obligation to make such payment shall be discharged and replaced by the resulting Base Rate Loan or Swing Loan, and (B) in the event that the Borrower has notified the Administrative Agent that it will not so finance any such payments, the Borrower will make payment directly to the applicable Issuer when due. The Administrative Agent shall promptly remit the proceeds from any Loans made pursuant to *clause (A)* above in reimbursement of a draw under a Letter of Credit to the applicable Issuer.

(i) Each Defaulting Lender agrees to pay to the Administrative Agent for the account of such Issuer forthwith on demand any such unpaid amount together with interest thereon, for the first Business Day after payment was first due at the Federal Funds Rate and, thereafter, until such amount is repaid to the Administrative Agent for the account of such Issuer, at a rate per annum equal to the rate applicable to Base Rate Loans under the Facility.

(j) The Borrower's obligations to pay each Reimbursement Obligation and the obligations of the Lenders to make payments to the Administrative Agent for the account of the Issuers with respect to Letters of Credit shall be absolute, unconditional and irrevocable and shall be performed strictly in accordance with the terms of this Agreement, under any and all circumstances whatsoever, including the occurrence of any Default or Event of Default, and irrespective of any of the following:

(i) any lack of validity or enforceability of any Letter of Credit or any Loan Document, or any term or provision therein;

- (ii) any amendment or waiver of or any consent to departure from all or any of the provisions of any Letter of Credit or any Loan Document;
- (iii) the existence of any claim, set-off, defense or other right that the Borrower, any other party guaranteeing, or otherwise obligated with, the Borrower, any Subsidiary or other Affiliate thereof or any other Person may at any time have against the beneficiary under any Letter of Credit, any Issuer, the Administrative Agent or any Lender or any other Person, whether in connection with this Agreement, any other Loan Document or any other related or unrelated agreement or transaction;
- (iv) any draft or other document presented under a Letter of Credit proving to be forged, fraudulent, invalid or insufficient in any respect or any statement therein being untrue or inaccurate in any respect, or any loss or delay in the transmission or otherwise of any document required in order to make a drawing under such Letter of Credit;
- (v) payment by the Issuer under a Letter of Credit against presentation of a draft or other document that does not strictly comply, but that does substantially comply, with the terms of such Letter of Credit; or any payment made by an Issuer under such Letter of Credit to any Person purporting to be a trustee in bankruptcy, debtor-in-possession, assignee for the benefit of creditors, liquidator, receiver or other representative of or successor to any beneficiary or any transferee of such Letter of Credit, including any arising in connection with any proceeding under any Debtor Relief Law;
- (vi) any other act or omission to act or delay of any kind of any Issuer, the Lenders, the Administrative Agent or any other Person or any other event or circumstance whatsoever, whether or not similar to any of the foregoing, that might, but for the provisions of this *Section 2.4*, constitute a legal or equitable discharge of the Borrower's obligations hereunder; or
- (vii) the fact that any Default or Event of Default shall have occurred and be continuing.

Any action taken or omitted to be taken by the relevant Issuer under or in connection with any Letter of Credit, if taken or omitted in the absence of gross negligence or willful misconduct, shall not result in any liability of such Issuer to the Borrower or any Lender. In determining whether drafts and other documents presented under a Letter of Credit comply with the terms thereof, the Issuers may accept documents that appear on their face to be in order, without responsibility for further investigation, regardless of any notice or information to the contrary and, in making any payment under any Letter of Credit, the Issuers may rely exclusively on the documents presented to it under such Letter of Credit as to any and all matters set forth therein, including reliance on the amount of any draft presented under such Letter of Credit, whether or not the amount due to the beneficiary thereunder equals the amount of such draft and whether or not any document presented pursuant to such Letter of Credit proves to be insufficient in any respect, if such document on its face appears to be in order, and whether or not any other statement or any other document presented pursuant to such Letter of Credit proves to be forged or invalid or any statement therein proves to be inaccurate or untrue in any respect whatsoever, and any noncompliance in any immaterial respect of the documents presented under such Letter of Credit with the terms thereof shall, in each case, be deemed not to constitute willful misconduct or gross negligence of the applicable Issuer.

Each Issuer shall act on behalf of the Lenders with respect to any Letters of Credit issued by it and the documents associated therewith, and each Issuer shall have all of the benefits and immunities (A) provided to the Administrative Agent in *Article XI* with respect to any acts taken or omissions suffered by such Issuer in connection with Letters of Credit issued by it or proposed to be issued by it and Issuer Documents pertaining to such Letters of Credit as fully as if the term “Administrative Agent” as used in *Article XI* included such Issuer with respect to such acts or omissions, and (B) as additionally provided herein with respect to such Issuer.

(k) *Applicability of ISP and UCP.* Unless otherwise expressly agreed by the relevant Issuer and the Borrower when a Letter of Credit is issued (including any such agreement applicable to an Existing Letter of Credit), (i) the rules of the ISP shall apply to each Standby Letter of Credit, and (ii) the rules of the Uniform Customs and Practice for Documentary Credits, as most recently published by the International Chamber of Commerce at the time of issuance, shall apply to each Documentary Letter of Credit.

(l) All Existing Letters of Credit shall be deemed to have been issued pursuant hereto, and from and after the Effective Date shall be subject to and governed by the terms and conditions hereof.

SECTION 2.5 Reduction and Termination of the Revolving Credit Commitments.

The Borrower may, upon at least three (3) Business Days’ prior notice to the Administrative Agent, terminate in whole or reduce in part ratably the unused portions of any Class of Revolving Credit Commitments of the Lenders without premium or penalty other than any amount required to be paid by the Borrower pursuant to *Section 3.5*; *provided, however*, that each partial reduction shall be in an aggregate amount of not less than \$1,000,000 or an integral multiple of \$500,000 in excess thereof *provided, further*, that no reduction or termination of Commitments having a later maturity shall be permitted on a greater than pro rata basis with commitments having an earlier maturity. Except as set forth in the following sentence, each such notice of reduction or termination shall be irrevocable when given. Notwithstanding the foregoing, the Borrower may rescind or postpone any notice of termination of the Revolving Credit Commitments if such termination would have resulted from a refinancing of all of the applicable Facility, which refinancing shall not be consummated or otherwise shall be delayed.

SECTION 2.6 Repayment of Loans.

The Borrower promises to repay to the Administrative Agent for the ratable account of the Lenders the aggregate unpaid principal amount of the Loans (including any Letter of Credit Borrowings) and the Swing Loans on the Revolving Credit Termination Date or earlier, if otherwise required by the terms hereof.

SECTION 2.7 Evidence of Indebtedness.

(a) The Loans made by each Lender shall be evidenced by one or more accounts or records maintained by such Lender and maintained by the Administrative Agent, in each case in the ordinary course of business. The accounts or records maintained by the Administrative Agent and each Lender shall be *prima facie* evidence absent manifest error of the amount of the Loans made by the Lenders to the Borrower and the interest and payments thereon. Any failure to so record or any error in doing so shall not, however, limit or otherwise affect the obligation of the Borrower hereunder to pay any amount owing with respect to the Obligations. In the event of any conflict between the accounts and records maintained by any Lender and the accounts and records of the Administrative Agent in respect of such matters, the accounts and records of the Administrative Agent shall control in the absence of manifest error. After the end of each month, the Administrative Agent shall send to the Borrower a statement accounting for the charges, loans, advances and other transactions occurring among and between the Administrative Agent, the Lenders and the Borrower during that month. The monthly statements shall, absent manifest error, be an account stated, which is final, conclusive and binding on the Borrower.

(b) Reserved

(c) The entries made in the Register and in the accounts therein maintained pursuant to *clauses (a) and (b)* above and *Section 12.2* hereof shall, to the extent permitted by applicable law, be *prima facie* evidence of the existence and amounts of the obligations recorded therein; *provided, however,* that the failure of any Lender or the Administrative Agent to maintain such accounts or any error therein shall not in any manner affect the obligations of the Borrower to repay the Loans or perform any of its obligations hereunder or under any other Loan Documents in accordance with their terms. In addition, the Loan Parties, the Administrative Agent, the Lenders and the Issuers shall treat each Person whose name is recorded in the Register as a Lender or as an Issuer, as applicable, for all purposes of this Agreement. Information contained in the Register with respect to any Lender or Issuer shall be available for inspection by the Borrower, the Administrative Agent, such Lender or such Issuer at any reasonable time and from time to time upon reasonable prior notice.

(d) Notwithstanding any other provision of the Agreement, in the event that any Lender requests that the Borrower execute and deliver a promissory note or notes payable to such Lender in order to evidence the Indebtedness owing to such Lender by the Borrower hereunder, the Borrower shall promptly execute and deliver a Revolving Credit Note or Revolving Credit Notes to such Lender evidencing the Loans of such Lender, substantially in the form of *Exhibit B*. Each Lender may attach schedules to its Revolving Credit Note and endorse thereon the date, Type (if applicable), amount and maturity of its Loans and payments with respect thereto; *provided* that the failure to do so shall in no way affect the obligations of the Borrower or any other Loan Party under any Loan Document.

SECTION 2.8 Optional Prepayments.

The Borrower may prepay the outstanding principal amount of the Loans and Swing Loans in whole or in part at any time; *provided, however,* that if any prepayment of any Eurodollar Rate Loan is made by the Borrower other than on the last day of an Interest Period for such Loan, the Borrower shall also pay any amount owing pursuant to *Section 3.5*.

SECTION 2.9 Mandatory Prepayments.

(a) If at any time, the aggregate principal amount of Revolving Credit Outstandings exceeds the aggregate Maximum Credit at such time, the Borrower shall forthwith, upon notification by the Administrative Agent, prepay the Swing Loans *first* and then the other Loans then outstanding in an amount equal to such excess. If any such excess remains after repayment in full of the aggregate outstanding Swing Loans and the other Loans, the Borrower shall Cash Collateralize the Letter of Credit Obligations in the manner set forth in *Section 10.5* in an amount equal to 103% of such excess.

(b) If (x) at any time during a Cash Dominion Period or (y) in respect of any Disposition that would result in the occurrence of a Cash Dominion Period, any Loan Party or any of its Subsidiaries receives any Net Cash Proceeds arising from any Disposition in respect of any Current Asset Collateral outside of the ordinary course of business, the Borrower shall promptly (but in any event within five (5) Business Days of such receipt) prepay the Loans in an amount equal to 100% of such Net Cash Proceeds (and, to the extent such Net Cash Proceeds exceed the aggregate principal amount of Loans outstanding, Cash Collateralize Letters of Credit in an amount equal to up to 103% of the aggregate maximum drawable amount of such Letters of Credit).

(c) Subject to *Section 3.5* hereof, all such payments in respect of the Loans pursuant to this *Section 2.9* shall be without premium or penalty. All interest accrued on the principal amount of the Loans paid pursuant to this *Section 2.9* shall be paid, or may be charged by the Administrative Agent to any loan account(s) of the Borrower, at the Administrative Agent's option, on the date of such payment. Interest shall accrue and be due, until the next Business Day, if the amount so paid by the Borrower to the bank account designated by the Administrative Agent for such purpose is received in such bank account after 3:00 p.m.

(d) At all times after the occurrence and during the continuance of a Cash Dominion Period and notification thereof by the Administrative Agent to the Borrower (subject to the provisions of *Section 10.3* and to the terms of the Security Agreement), on each Business Day, at or before 1:00 p.m., the Agent shall apply all Same Day Funds credited to the Concentration Account and all amounts received pursuant to *Section 2.9(b)*, *first* to pay any fees or expense reimbursements then due to the Administrative Agent, the Issuers and the Lenders (other than in connection with Cash Management Obligations, Obligations in respect of Secured Hedge Agreements or any Revolving Commitment Increases), *pro rata*, *second* to pay interest due and payable in respect of any Loans (including Swing Loans) and any Protective Advances that may be outstanding, *pro rata*, *third* to prepay the principal of any Protective Advances that may be outstanding, *pro rata*, and *fourth* to prepay the principal of the Loans (including Swing Loans) and to Cash Collateralize outstanding Letter of Credit Obligations, *pro rata*.

SECTION 2.10 Interest.

(a) Rate of Interest. All Loans and the outstanding amount of all other Obligations owing under the Loan Documents shall bear interest, in the case of any Class of Loans, on the unpaid principal amount thereof from the date such Loans are made and, in the case of such other Obligations, from the date such other Obligations are due and payable until, in all cases, paid in full, except as otherwise provided in *clause (c)* below, as follows:

(i) if a Base Rate Loan or such other Obligation (other than a Eurodollar Rate Loan), at a rate per annum equal to the sum of (A) the Base Rate as in effect from time to time and (B) the Applicable Margin for Base Rate Loans; and

(ii) if a Eurodollar Rate Loan, at a rate per annum equal to the sum of (A) the Eurodollar Rate determined for the applicable Interest Period and (B) the Applicable Margin for Eurodollar Rate Loans in effect from time to time during such Interest Period.

(b) Interest Payments. (i) Interest accrued on each Base Rate Loan (other than Swing Loans) shall be payable in arrears (A) on the first Business Day of each calendar quarter, commencing on the first such day following the making of such Base Rate Loan and (B) if not previously paid in full, at maturity (whether by acceleration or otherwise) of such Base Rate Loan, (ii) interest accrued on Swing Loans shall be payable in arrears on the first Business Day of the immediately succeeding calendar month, (iii) interest accrued on each Eurodollar Rate Loan shall be payable in arrears (A) on the last day of each Interest Period applicable to such Loan and, if such Interest Period has a duration of more than three (3) months, on each date during such Interest Period occurring every three (3) months from the first day of such Interest Period, (B) upon the payment or prepayment thereof in full or in part and (C) if not previously paid in full, at maturity (whether by acceleration or otherwise) of such Eurodollar Rate Loan and (iv) interest accrued on the amount of all other Obligations shall be payable on demand from and after the time such Obligation becomes due and payable (whether by acceleration or otherwise).

(c) Default Interest. The Borrower shall pay interest on past due amounts hereunder at a fluctuating interest rate per annum at all times equal to the Default Rate to the fullest extent permitted by applicable Laws. Accrued and unpaid interest on past due amounts (including interest on past due interest) shall be due and payable upon demand.

SECTION 2.11 Conversion/Continuation Option.

(a) The Borrower may elect (i) at any time on any Business Day, to convert Base Rate Loans (other than Swing Loans) or any portion thereof to Eurodollar Rate Loans and (ii) at the end of any applicable Interest Period, to convert Eurodollar Rate Loans or any portion thereof into Base Rate Loans or to continue such Eurodollar Rate Loans or any portion thereof for an additional Interest Period; *provided, however*, that the aggregate amount of the Eurodollar Rate Loans for each Interest Period must be in the amount of at least \$1,000,000 or an integral multiple of \$500,000 in excess thereof. Each conversion or continuation shall be allocated among the Loans of each Lender in accordance with such Lender's Ratable Portion. Each such election shall be in substantially the form of *Exhibit F* (a "Notice of Conversion or Continuation") and shall be made by giving the Administrative Agent at least two (2) Business Days' prior written notice specifying (A) the amount and type of Loan being converted or continued, (B) in the case of a conversion to or a continuation of Eurodollar Rate Loans, the applicable Interest Period and (C) in the case of a conversion, the date of such conversion.

(b) The Administrative Agent shall promptly notify each Lender of its receipt of a Notice of Conversion or Continuation and of the options selected therein. Notwithstanding the foregoing, the Administrative Agent or the Requisite Lenders may require, by notice to the Borrower, that no conversion in whole or in part of Base Rate Loans to Eurodollar Rate Loans and no continuation in whole or in part of Eurodollar Rate Loans upon the expiration of any applicable Interest Period shall be permitted at any time at which (A) an Event of Default shall have occurred and be continuing, or (B) the continuation of, or conversion into, a Eurodollar Rate Loan would violate any provision of *Section 2.14*. If, within the time period required under the terms of this *Section 2.11*, the Administrative Agent does not receive a Notice of Conversion or Continuation from the Borrower containing a permitted election to continue any Eurodollar Rate Loans for an additional Interest Period or to convert any such Loans, then, upon the expiration of the applicable Interest Period, such Loans shall be automatically converted to Base Rate Loans. Each Notice of Conversion or Continuation shall be irrevocable.

SECTION 2.12 Fees.

(a) **Unused Commitment Fee.** The Borrower agrees to pay in Same Day Funds in Dollars to the Administrative Agent for the account of each Lender a commitment fee (the “*Unused Commitment Fee*”) on the average daily amount by which the Revolving Credit Commitment of such Lender exceeds such Lender’s Ratable Portion of the sum of (i) the aggregate outstanding principal amount of Loans for the applicable Class, and (ii) the outstanding amount of the aggregate Letter of Credit Undrawn Amounts from the Effective Date through the Revolving Credit Termination Date at the Applicable Unused Commitment Fee Rate, payable in arrears (x) on the first Business Day of each calendar quarter, commencing on the first such Business Day following the Effective Date and (y) on the Revolving Credit Termination Date. For the avoidance of doubt, any Swing Loans outstanding shall reduce the Revolving Credit Commitment of the Swing Loan Lender in its capacity as a Lender.

(b) **Letter of Credit Fees.** The Borrower agrees to pay the following amounts with respect to Letters of Credit issued by any Issuer:

(i) to the Administrative Agent for the account of each Issuer of a Letter of Credit, with respect to each Letter of Credit issued by such Issuer, an issuance fee equal to 0.125% per annum of the average daily maximum undrawn face amount of such Letter of Credit for the immediately preceding calendar quarter (or portion thereof), payable in arrears (A) on the first Business Day of each calendar quarter, commencing on the first such Business Day following the issuance of such Letter of Credit and (B) on the Revolving Credit Termination Date;

(ii) to the Administrative Agent for the ratable benefit of the Lenders, with respect to each Letter of Credit, a fee accruing in Dollars at a rate per annum equal to (x) in the case of each Standby Letter of Credit, the Applicable Margin for Eurodollar Rate Loans and (y) in the case of each Documentary Letter of Credit, 50% of the Applicable Margin for Eurodollar Rate Loans (each such fee, a “*Letter of Credit Fee*”), in each case multiplied by the daily Stated Amount of such Letter of Credit for the immediately preceding calendar quarter (or portion thereof), payable in arrears (A) on the first Business Day of each calendar quarter, commencing on the first such Business Day following the issuance of such Letter of Credit and (B) on the Revolving Credit Termination Date; *provided, however*, that any Letter of Credit Fees otherwise payable for the account of a Defaulting Lender with respect to any Letter of Credit as to which such Defaulting Lender has not provided Cash Collateral satisfactory to the applicable Issuer pursuant to *Section 2.4* shall be payable, to the maximum extent permitted by applicable Law, to the other Lenders in accordance with the upward adjustments in their respective Applicable Percentages allocable to such Letter of Credit pursuant to *Section 2.16(a)(iv)*, with the balance of such fee, if any, payable to the applicable Issuer for its own account; and

(iii) to the Issuer of any Letter of Credit, with respect to the issuance, amendment or transfer of each Letter of Credit and each drawing made thereunder, customary documentary and processing charges in accordance with such Issuer’s standard schedule for such charges in effect at the time of issuance, amendment, transfer or drawing, as the case may be.

(c) Additional Fees. The Borrower has agreed to pay to the Administrative Agent and the Arrangers additional fees, the amount and dates of payment of which are embodied in the Fee Letter.

SECTION 2.13 Payments and Computations.

(a) All payments to be made by the Borrower shall be made without condition or deduction for any counterclaim, defense, recoupment or setoff. The Borrower shall make each payment and prepayment hereunder (including fees and expenses) not later than 2:00 p.m. on the day when due, in Dollars to the Administrative Agent, for the account of the respective Lenders to which such payment is owed, at the applicable Administrative Agent’s Office for payment and in Same Day Funds without condition or deduction for any defense, recoupment, set-off or counterclaim. The Administrative Agent will promptly distribute to each Lender its Pro Rata Share (or other applicable share as provided herein) of such payment in like funds as received by wire transfer to such Lender’s Lending Office. All payments received by the Administrative Agent after 2:00 p.m. shall, in each case be deemed received on the next succeeding Business Day and any applicable interest or fee shall continue to accrue.

(b) All computations of interest for Base Rate Loans when the Base Rate is determined by Bank of America’s “prime rate” shall be made on the basis of a year of 365 days or 366 days, as the case may be, and actual days elapsed. All other computations of fees and interest shall be made on the basis of a 360-day year and actual days elapsed (which results in more fees or interest, as applicable, being paid than if computed on the basis of a 365-day year). Interest shall accrue on each Loan for the day on which the Loan is made, and shall not accrue on a Loan, or any portion thereof, for the day on which the Loan or such portion is paid; *provided* that any Loan that is repaid on the same day on which it is made shall bear interest for one (1) day. Each determination by the Administrative Agent of an interest rate or fee hereunder shall be conclusive and binding for all purposes, absent manifest error.

(c) Each payment by the Borrower of any Loan and Reimbursement Obligation (including interest and fees in respect thereof) and each reimbursement of costs, expenses and other Obligations owing under any Loan Document shall be made in Dollars.

(d) Whenever any payment hereunder shall be stated to be due on a day other than a Business Day, the due date for such payment shall be extended to the next succeeding Business Day, and such extension of time shall in such case be included in the computation of payment of interest or fees, as the case may be; *provided, however*, that if such extension would cause payment of interest on or principal of any Eurodollar Rate Loan to be made in the next calendar month, such payment shall be made on the immediately preceding Business Day. All repayments of any Loans shall be applied as follows: *first*, to repay any such Loans outstanding as Base Rate Loans and *then*, to repay any such Loans outstanding as Eurodollar Rate Loans, with those Eurodollar Rate Loans having earlier expiring Interest Periods being repaid prior to those having later expiring Interest Periods.

(e) Unless the Administrative Agent shall have received notice from the Borrower to the Lenders prior to the date on which any payment is due hereunder that the Borrower will not make such payment in full, the Administrative Agent may assume that the Borrower has made such payment in full to the Administrative Agent on such date and the Administrative Agent may (but shall not be so required to), in reliance upon such assumption, cause to be distributed to each Lender on such due date an amount equal to the amount then due such Lender. If and to the extent that the Borrower shall not have made such payment to the Administrative Agent in Same Day Funds in Dollars, each Lender shall repay to the Administrative Agent forthwith on demand the portion of such assumed amount that was made available to such Lender in Same Day Funds in Dollars, together with interest thereon (at the Federal Funds Rate for the first Business Day and thereafter at the rate applicable to Base Rate Loans) for each day from and including the date such amount is was made available to such Lender until the date such amount is repaid to the Administrative Agent in Same Day Funds in Dollars.

(f) Except for payments and other amounts received by the Administrative Agent and applied in accordance with the provisions of *Section 10.2(b)* below (or required to be applied in accordance with *Section 2.9*), all payments and any other amounts received by the Administrative Agent from or for the benefit of the Borrower shall be applied as follows: *first*, to pay principal of, and interest on, any portion of the Loans the Administrative Agent may have advanced pursuant to the express provisions of this Agreement on behalf of any Lender, for which the Administrative Agent has not then been reimbursed by such Lender or the Borrower, *second*, to pay all other Obligations then due and payable and *third*, as the Borrower so designates. Payments in respect of Swing Loans received by the Administrative Agent shall be distributed to the Swing Loan Lender; payments in respect of Loans received by the Administrative Agent shall be distributed to each Lender in accordance with such Lender's Ratable Portion; and all payments of fees and all other payments in respect of any other Obligation shall be allocated among such of the Lenders and Issuers as are entitled thereto and, for such payments allocated to the Lenders, in proportion to their respective Ratable Portions.

(g) At the option of the Administrative Agent, principal on the Swing Loans, Reimbursement Obligations, interest, fees, expenses and other sums due and payable in respect of the Loans and Protective Advances may be paid from the proceeds of Swing Loans or the Revolving Loans unless the Borrower makes such payments on the next succeeding Business Day after the Borrower receives written notice from the Administrative Agent requesting such payments. The Borrower hereby authorizes the Swing Loan Lender to make such Swing Loans pursuant to *Section 2.3(a)* and the Lenders to make such Loans pursuant to *Section 2.2(a)* from time to time in the amounts of any and all principal payable with respect to the Swing Loans, Reimbursement Obligations, interest, fees, expenses and other sums payable in respect of the Loans and Protective Advances, and further authorizes the Administrative Agent to give the Lenders notice of any Borrowing with respect to such Swing Loans and the Revolving Loans and to distribute the proceeds of such Swing Loans and the Revolving Loans to pay such amounts. The Borrower agrees that all such Swing Loans and the Revolving Loans so made shall be deemed to have been requested by it (irrespective of the satisfaction of the conditions in *Section 4.2*, which conditions the Lenders irrevocably waive) and directs that all proceeds thereof shall be used to pay such amounts.

SECTION 2.14 Special Provisions Governing Eurodollar Rate Loans.

(a) Determination of Interest Rate.

The Eurodollar Rate for each Interest Period for Eurodollar Rate Loans shall be determined by the Administrative Agent pursuant to the procedures set forth in the definition of “*Eurodollar Rate*.” The Administrative Agent’s determination shall be presumed to be correct and binding on the Loan Parties, absent manifest error.

(b) Interest Rate Unascertainable, Inadequate or Unfair.

In the event that (i) the Administrative Agent reasonably determines that adequate and fair means do not exist for ascertaining the applicable interest rates by reference to which the Eurodollar Rate then being determined is to be fixed or (ii) the Requisite Lenders reasonably determine and notify the Administrative Agent that the Eurodollar Rate for any Interest Period will not adequately reflect the cost to the Lenders of making or maintaining such Loans for such Interest Period, the Administrative Agent shall forthwith so notify the Borrower and the Lenders, whereupon each Eurodollar Rate Loan shall automatically, on the last day of the current Interest Period for such Loan, convert into a Base Rate Loan and the obligations of the Lenders to make Eurodollar Rate Loans or to convert Base Rate Loans into Eurodollar Rate Loans shall be suspended until the Administrative Agent shall notify the Borrower that the Requisite Lenders have determined that the circumstances causing such suspension no longer exist.

SECTION 2.15 Revolving Commitment Increase.

(a) The Borrower may at any time or from time to time after the Effective Date, by notice to the Administrative Agent (whereupon the Administrative Agent shall promptly deliver a copy to each of the Lenders), request one or more increases in the amount of any Class of Revolving Credit Commitments (each such increase, a “*Revolving Commitment Increase*”); *provided* that subject to the Limited Condition Acquisition provisions, at the time of

any such Revolving Commitment Increase (and after giving effect thereto), no Default or Event of Default (or, in the case of any Revolving Commitment Increase to be used to fund a Limited Condition Acquisition, no Event of Default under *Section 10.1(a)* or *Section 10.1(f)* as of the Transaction Agreement Date) shall exist. Each Revolving Commitment Increase shall be in an aggregate principal amount that is not less than \$20,000,000 (*provided* that such amount may be less than \$20,000,000 if such amount represents all remaining availability under the limit set forth in the next sentence). Notwithstanding anything to the contrary herein, the aggregate amount of the Revolving Commitment Increases shall not exceed \$100,000,000 (the “*Incremental Availability*”), and the Borrower may make a maximum of five (5) such requests. Each notice from the Borrower pursuant to this *Section 2.15* shall set forth the requested amount and proposed terms of the relevant Revolving Commitment Increases. Revolving Commitment Increases may be provided by any existing Lender (it being understood that no existing Lender will have an obligation to provide a portion of any Revolving Commitment Increase), in each case on terms permitted in this *Section 2.15* and otherwise on terms reasonably acceptable to the Administrative Agent) or by any other Person constituting an Eligible Assignee (any such other Person being called an “*Additional Lender*”), *provided* that the Administrative Agent shall have consented (such consent not to be unreasonably withheld or delayed) to such Lender’s or Additional Lender’s providing such Revolving Commitment Increases if such consent would be required under *Section 12.2(b)* for an assignment of Loans or Revolving Credit Commitments to such Lender or Additional Lender. Revolving Credit Commitments in respect of Revolving Commitment Increases shall become Revolving Credit Commitments (or in the case of a Revolving Commitment Increase to be provided by an existing Lender, an increase in such Lender’s applicable Revolving Credit Commitment) under this Agreement pursuant to an amendment (an “*Incremental Amendment*”) to this Agreement and, as appropriate, the other Loan Documents, executed by Holdings, the Borrower, each Lender agreeing to provide such Revolving Credit Commitment, if any, each Additional Lender, if any, and the Administrative Agent. The Incremental Amendment may, without the consent of any other Lenders, effect such amendments to this Agreement and the other Loan Documents as may be necessary or appropriate, in the reasonable opinion of the Administrative Agent and the Borrower, to effect the provisions of this Section. The effectiveness of any Incremental Amendment shall be subject to the satisfaction on the date thereof (each, an “*Incremental Facility Effective Date*”) of each of the conditions set forth in *Section 4.2* (it being understood that all references to “the date of such Loan or Issuance” or similar language in such *Section 4.2* shall be deemed to refer to the effective date of such Incremental Amendment) and such other conditions as the parties thereto shall agree. The representations and warranties contained in the Loan Documents (or, in the case of any Revolving Commitment Increase used to fund a Permitted Acquisition or similar permitted Investment (including any Limited Condition Acquisition), the Specified Representations) shall be accurate in all material respects (or, if qualified by “materiality”, “Material Adverse Effect” or similar language, in all respects (after giving effect to such qualification)) before and after the effectiveness of any Incremental Amendment referred to below and any Revolving Commitment Increase shall be documented as an increase to the Facility and shall be on terms identical to those applicable to the Facility, except with respect to any commitment, arrangement, upfront or similar fees that may be agreed to among the Borrower and the lenders agreeing to participate in such Revolving Commitment Increase. The Borrower shall use Revolving Commitment Increases only as permitted pursuant to *Section 8.9* hereof. Upon each increase in the Revolving Credit Commitments pursuant to this *Section 2.15*,

(x) each Lender of the applicable Class immediately prior to such increase will automatically and without further act be deemed to have assigned to each Lender providing a portion of the Revolving Commitment Increase of the applicable Class (each a “*Revolving Commitment Increase Lender*”) in respect of such increase, and each such Revolving Commitment Increase Lender will automatically and without further act be deemed to have assumed, a portion of such Lender’s participations hereunder in outstanding Letters of Credit and Swing Loans such that, after giving effect to each such deemed assignment and assumption of participations, the percentage of the aggregate outstanding (i) participations hereunder in Letters of Credit, (ii) participations hereunder in Swing Loans held by each Lender of the applicable Class and (iii) participations in Protective Advances held by each Lender of the applicable Class (including each such Revolving Commitment Increase Lender) will equal the percentage of the aggregate Revolving Credit Commitments of all Lenders of such Class represented by such Lender’s Revolving Credit Commitment and (y) if, on the date of such increase, there are any Revolving Loans of such Class outstanding, such Revolving Loans shall on or prior to the effectiveness of such Revolving Commitment Increase be prepaid from the proceeds of additional Revolving Loans of such Class made hereunder (reflecting such increase in Revolving Credit Commitments of such Class), which prepayment shall be accompanied by accrued interest on the Revolving Loans of such Class being prepaid and any costs incurred by any Lender in accordance with *Section 3.5*. The Administrative Agent and the Lenders hereby agree that the minimum borrowing, pro rata borrowing and pro rata payment requirements contained elsewhere in this Agreement shall not apply to the transactions effected pursuant to the immediately preceding sentence.

(b) This *Section 2.15* shall supersede any provisions in *Section 12.1* or *Section 12.7* to the contrary.

SECTION 2.16 Defaulting Lenders.

(a) *Adjustments*. Notwithstanding anything to the contrary contained in this Agreement, if any Lender becomes a Defaulting Lender, then, until such time as that Lender is no longer a Defaulting Lender, to the extent permitted by applicable Law:

(i) *Waivers and Amendments*. That Defaulting Lender’s right to approve or disapprove any amendment, waiver or consent with respect to this Agreement shall be restricted as set forth in *Section 12.1*.

(ii) *Reallocation of Payments*. Any payment of principal, interest, fees or other amounts received by the Administrative Agent for the account of that Defaulting Lender (whether voluntary or mandatory, at maturity, pursuant to *Article X* or otherwise, and including any amounts made available to the Administrative Agent by that Defaulting Lender pursuant to *Section 12.6*), shall be applied at such time or times as may be determined by the Administrative Agent as follows: *first*, to the payment of any amounts owing by that Defaulting Lender to the Administrative Agent hereunder; *second*, to the payment on a pro rata basis of any amounts owing by that Defaulting Lender to any Issuer or the Swing Loan Lender hereunder; *third*, if so determined by the Administrative Agent or requested by any Issuer or the Swing Loan Lender, to be held as cash collateral for future funding obligations of that Defaulting Lender of any participation in any Swing

Loan or Letter of Credit; *fourth*, as the Borrower may request (so long as no Default or Event of Default exists), to the funding of any Loan in respect of which that Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as determined by the Administrative Agent; *fifth*, if so determined by the Administrative Agent and the Borrower, to be held in a non-interest bearing deposit account and released in order to satisfy obligations of that Defaulting Lender to fund Loans under this Agreement; *sixth*, to the payment of any amounts owing to the Lenders, any Issuer or the Swing Loan Lender as a result of any judgment of a court of competent jurisdiction obtained by any Lender, any Issuer or the Swing Loan Lender against that Defaulting Lender as a result of that Defaulting Lender's breach of its obligations under this Agreement; *seventh*, so long as no Default or Event of Default exists, to the payment of any amounts owing to the Borrower as a result of any judgment of a court of competent jurisdiction obtained by the Borrower against that Defaulting Lender as a result of that Defaulting Lender's breach of its obligations under this Agreement; and *eighth*, to that Defaulting Lender or as otherwise directed by a court of competent jurisdiction; *provided* that if (x) such payment is a payment of the principal amount of any Loans or Letter of Credit Borrowings in respect of which that Defaulting Lender has not fully funded its appropriate share and (y) such Loans or Letter of Credit Borrowings were made at a time when the conditions set forth in *Section 4.2* were satisfied or waived, such payment shall be applied solely to pay the Loans of, and Letter of Credit Borrowings owed to, all non-Defaulting Lenders on a pro rata basis prior to being applied to the payment of any Loans of, or Letter of Credit Borrowings owed to, that Defaulting Lender. Any payments, prepayments or other amounts paid or payable to a Defaulting Lender that are applied (or held) to pay amounts owed by a Defaulting Lender or to post cash collateral pursuant to this *Section 2.16(a)(ii)* shall be deemed paid to and redirected by that Defaulting Lender, and each Lender irrevocably consents hereto.

(iii) *Certain Fees*. That Defaulting Lender (x) shall not be entitled to receive any commitment fee pursuant to *Section 2.12(a)* for any period during which that Lender is a Defaulting Lender (and the Borrower shall not be required to pay any such fee that otherwise would have been required to have been paid to that Defaulting Lender for such period) and (y) shall be limited in its right to receive Letter of Credit Fees as provided in *Section 2.12(b)*.

(iv) *Reallocation of Applicable Percentages to Reduce Fronting Exposure*. During any period in which there is a Defaulting Lender, for purposes of computing the amount of the obligation of each non-Defaulting Lender to acquire, refinance or fund participations in Swing Loans or Letters of Credit pursuant to *Sections 2.3* and *2.4*, the "Applicable Percentage" of each non-Defaulting Lender shall be computed without giving effect to the Revolving Credit Commitment of that Defaulting Lender; *provided* that (i) each such reallocation shall be given effect only if, at the date the applicable Lender becomes a Defaulting Lender, no Default or Event of Default exists; and (ii) the aggregate obligation of each non-Defaulting Lender to acquire, refinance or fund participations in Letters of Credit and Swing Loans shall not exceed the positive difference, if any, of (1) the Revolving Credit Commitment of that non-Defaulting Lender minus (2) the aggregate Outstanding Amount of the Revolving Loans (including Protective Advances) of that Lender.

(b) *Defaulting Lender Cure*. If the Borrower, the Administrative Agent, Swing Loan Lender and the Issuers agree in writing in their sole discretion that a Defaulting Lender should no longer be deemed to be a Defaulting Lender, the Administrative Agent will so notify the parties hereto, whereupon as of the effective date specified in such notice and subject to any conditions set forth therein (which may include arrangements with respect to any Cash Collateral), that Lender will, to the extent applicable, purchase that portion of outstanding Loans of the other Lenders or take such other actions as the Administrative Agent may determine to be necessary to cause the Revolving Loans and funded and unfunded participations in Letters of Credit and Swing Loans to be held on a pro rata basis by the Lenders in accordance with their Applicable Percentages (without giving effect to *Section 2.16(a)(iv)*), whereupon that Lender will cease to be a Defaulting Lender; *provided* that no adjustments will be made retroactively with respect to fees accrued or payments made by or on behalf of the Borrower for the period that such Lender was a Defaulting Lender; and *provided further* that except to the extent otherwise expressly agreed by the affected parties, no change hereunder from Defaulting Lender to Lender will constitute a waiver or release of any claim of any party hereunder arising from that Lender's having been a Defaulting Lender.

(c) *Cash Collateral*. At any time that there shall exist a Defaulting Lender, immediately upon the request of the Administrative Agent, the applicable Issuer or the Swing Loan Lender, the Borrower shall deliver to the Administrative Agent Cash Collateral in an amount sufficient to cover all Fronting Exposure (after giving effect to *Section 2.16(a)(iv)* and any Cash Collateral provided by the Defaulting Lender).

SECTION 2.17 Extensions of Loans.

(a) *Extension of Revolving Credit Commitments*. The Borrower may at any time and from time to time request that all or a portion of the Revolving Credit Commitments of a given Class (each, an "*Existing Revolver Tranche*") be amended to extend the Scheduled Termination Date with respect to all or a portion of any principal amount of such Revolving Credit Commitments (any such Revolving Credit Commitments which have been so amended, "*Extended Revolving Credit Commitments*") and to provide for other terms consistent with this *Section 2.17*; *provided* that there shall be no more than two (2) Classes of Loans and Commitments outstanding at any time. In order to establish any Extended Revolving Credit Commitments, the Borrower shall provide a notice to the Administrative Agent (who shall provide a copy of such notice to each of the Lenders under the applicable Existing Revolver Tranche) (each, a "*Extension Request*") setting forth the proposed terms (which shall be determined in consultation with the Administrative Agent) of the Extended Revolving Credit Commitments to be established, which shall (x) be identical as offered to each Lender under such Existing Revolver Tranche (including as to the proposed interest rates and fees payable) and offered pro rata to each Lender under such Existing Revolver Tranche and (y) be identical to the Revolving Credit Commitments under the Existing Revolver Tranche from which such Extended Revolving Credit Commitments are to be amended, except that: (i) the Scheduled Termination Date of the Extended Revolving Credit Commitments shall be later than the Scheduled Termination Date of the Revolving Credit Commitments of such Existing Revolver Tranche, (ii) the Extension Amendment may provide for other covenants and terms that (I) apply solely to any period after the Latest Maturity Date that is in effect on the effective date of the Extension

Amendment (immediately prior to the establishment of such Extended Revolving Credit Commitments) or (II) are reasonably satisfactory to the Administrative Agent and the Borrower to incorporate such more restrictive provisions for the benefit of the Lenders (which amendment shall, notwithstanding any provision herein to the contrary, not require the consent of any Lender); and (iii) all borrowings under the Revolving Credit Commitments and repayments thereunder shall be made on a pro rata basis (except for (I) payments of interest and fees at different rates on Extended Revolving Credit Commitments (and related outstandings) and (II) repayments required upon the Revolving Credit Termination Date of the non-extending Revolving Credit Commitments); *provided, further*, that (A) the conditions precedent to a Borrowing set forth in *Section 4.2* shall be satisfied as of the date of such Extension Amendment and at the time when any Loans are made in respect of any Extended Revolving Credit Commitment, (B) in no event shall the final maturity date of any Extended Revolving Credit Commitments of a given Extension Series at the time of establishment thereof be earlier than the then Latest Maturity Date of any other Revolving Credit Commitments hereunder, (C) any such Extended Revolving Credit Commitments (and the Liens securing the same) shall be permitted by the terms of the Intercreditor Agreements (to the extent any Intercreditor Agreement is then in effect) and (D) all documentation in respect of the such Extension Amendment shall be consistent with the foregoing. Any Extended Revolving Credit Commitments amended pursuant to any Extension Request shall be designated a series (each, a “*Extension Series*”) of Extended Revolving Credit Commitments for all purposes of this Agreement; provided that any Extended Revolving Credit Commitments amended from an Existing Revolver Tranche may, to the extent provided in the applicable Extension Amendment, be designated as an increase in any previously established Extension Series with respect to such Existing Revolver Tranche. Each Extension Series of Extended Revolving Credit Commitments incurred under this *Section 2.17* shall be in an aggregate principal amount equal to not less than 50% of the aggregate Revolving Credit Commitments outstanding at the time such Extended Revolving Credit Commitments become effective.

(b) *Extension Request.* The Borrower shall provide the applicable Extension Request at least ten (10) Business Days (or such shorter period as may be agreed by the Administrative Agent) prior to the date on which Lenders under the Existing Revolver Tranche are requested to respond, and shall agree to such procedures, if any, as may be established by, or acceptable to, the Administrative Agent, in each case acting reasonably, to accomplish the purposes of this *Section 2.17*. No Lender shall have any obligation to agree to provide any Extended Revolving Credit Commitment pursuant to any Extension Request. Any Revolving Credit Lender (each, an “*Extending Revolving Credit Lender*”) wishing to have all or a portion of its Revolving Credit Commitments under the Existing Revolver Tranche subject to such Extension Request amended into Extended Revolving Credit Commitments shall notify the Administrative Agent (each, an “*Extension Election*”) on or prior to the date specified in such Extension Request of the amount of its Revolving Credit Commitments under the Existing Revolver Tranche which it has elected to request be amended into Extended Revolving Credit Commitments (subject to any minimum denomination requirements imposed by the Administrative Agent). In the event that the aggregate principal amount of Revolving Credit Commitments under the Existing Revolver Tranche in respect of which applicable Revolving Credit Lenders shall have accepted the relevant Extension Request exceeds the amount of Extended Revolving Credit Commitments requested to be extended pursuant to the Extension Request, Revolving Credit Commitments subject to Extension Elections shall be amended to reflect allocations of the Extended Revolving Credit Commitments, which Extended Revolving Credit Commitments shall be allocated as agreed by Administrative Agent and the Borrower.

(c) *New Revolving Commitment Lenders*. Following any Extension Request made by the Borrower in accordance with this *Section 2.17*, if the Lenders shall have declined to agree during the period specified in *Section 2.17(b)* above to provide Extended Revolving Credit Commitments in an aggregate principal amount equal to the amount requested by the Borrower in such Extension Request, the Borrower may request that banks, financial institutions or other institutional lenders or investors other than the Lenders or Extended Revolving Credit Lenders (the “*New Revolving Commitment Lenders*”), which New Revolving Commitment Lenders may elect to provide an Extended Revolving Credit Commitment hereunder; *provided* that such Extended Revolving Credit Commitments of such New Revolving Commitment Lenders (i) shall be in an aggregate principal amount for all such New Revolving Commitment Lenders not to exceed the aggregate principal amount of Extended Revolving Credit Commitments so declined to be provided by the existing Lenders and (ii) shall be on identical terms to the terms applicable to the terms specified in the applicable Extension Request (and any Extended Revolving Credit Commitments provided by existing Lenders in respect thereof); *provided further* that, as a condition to the effectiveness of any Extended Revolving Credit Commitment of any New Revolving Commitment Lender, the Administrative Agent, each Issuer and the Swing Loan Lender shall have consented (such consent not to be unreasonably withheld or delayed) to each New Revolving Commitment Lender if such consent would be required under *Section 12.2(b)(iii)* for an assignment of Revolving Credit Commitments to such Person. Notwithstanding anything herein to the contrary, any Extended Revolving Credit Commitment provided by New Revolving Commitment Lenders shall be pro rata to each New Revolving Commitment Lender. Upon effectiveness of the Extension Amendment to which each such New Revolving Commitment Lender is a party, (a) the Revolving Credit Commitments of all existing Revolving Credit Lenders of each Class specified in the Extension Amendment in accordance with this *Section 2.17* will be permanently reduced pro rata by an aggregate amount equal to the aggregate principal amount of the Extended Revolving Credit Commitments of such New Revolving Commitment Lenders and (b) the Revolving Credit Commitment of each such New Revolving Commitment Lender will become effective. The Extended Revolving Credit Commitments of New Revolving Commitment Lenders will be incorporated as Revolving Credit Commitments hereunder in the same manner in which Extended Revolving Credit Commitments of existing Lenders are incorporated hereunder pursuant to this *Section 2.17*, and for the avoidance of doubt, all Borrowings and repayments of Revolving Loans from and after the effectiveness of such Extension Amendment shall be made pro rata across all Classes of Revolving Credit Commitments including such New Revolving Commitment Lenders (based on the outstanding principal amounts of the respective Classes of Revolving Credit Commitments) except for (x) payments of interest and fees at different rates for each Class of Revolving Credit Commitments (and related Outstanding Amounts) and (y) repayments required on the Revolving Credit Termination Date for any particular Class of Revolving Credit Commitments. Upon the effectiveness of each New Revolving Credit Commitment pursuant to this *Section 2.17(c)*, (a) each Revolving Credit Lender of all applicable existing Classes of Revolving Credit Commitments immediately prior to such effectiveness will automatically and without further act be deemed to have assigned to each New Revolving Commitment Lender, and each such New Revolving Commitment Lender will automatically and without further act be deemed to have assumed, a portion of such Revolving Credit Lender’s participations hereunder in outstanding

Letters of Credit and Swing Loans such that, after giving effect to each such deemed assignment and assumption of participations, subject to Section 2.16, the percentage of the outstanding (i) participations hereunder in Letters of Credit and (ii) participations hereunder in Swing Loans held by each Revolving Credit Lender of each Class of Revolving Credit Commitments (including each such New Revolving Commitment Lender) will equal the percentage of the aggregate Revolving Credit Commitments of all Classes of Revolving Credit Lenders represented by such Revolving Credit Lender's Revolving Credit Commitment and (b) if, on the date of such effectiveness, there are any Revolving Loans outstanding, such Revolving Loans shall on or prior to the effectiveness of such New Revolving Credit Commitment be prepaid from the proceeds of Revolving Loans made hereunder under the New Revolving Credit Commitments, which prepayment shall be accompanied by accrued interest on the Revolving Loans being prepaid and any costs incurred by any Lender in accordance with Section 3.5. The Administrative Agent and the Lenders hereby agree that the minimum borrowing, pro rata borrowing and pro rata payment requirements contained elsewhere in this Agreement shall not apply to the transactions effected pursuant to the immediately preceding sentence.

(d) *Extension Amendment.* Extended Revolving Credit Commitments and New Revolving Credit Commitments shall be established pursuant to an amendment (each, an "*Extension Amendment*") to this Agreement among the Borrower, the Administrative Agent and each Extending Revolving Credit Lender and each New Revolving Commitment Lender, if any, providing an Extended Revolving Credit Commitment or a New Revolving Credit Commitment, as applicable, thereunder, which shall be consistent with the provisions set forth in Sections 2.17(a, (b)) and (c) above (but which shall not require the consent of any other Lender). The effectiveness of any Extension Amendment shall be subject to the satisfaction on the date thereof of each of the conditions set forth in Sections 4.2(a) and (b) and, to the extent reasonably requested by the Administrative Agent, receipt by the Administrative Agent of (i) legal opinions, board resolutions and officers' certificates consistent with those delivered on the Effective Date other than changes to such legal opinion resulting from a Change in Law, change in fact or change to counsel's form of opinion reasonably satisfactory to the Administrative Agent and (ii) reaffirmation agreements and/or such amendments to the Collateral Documents as may be reasonably requested by the Collateral Agent in order to ensure that the Extended Revolving Credit Commitments or the New Revolving Credit Commitments, as the case may be, are provided with the benefit of the applicable Loan Documents. The Administrative Agent shall promptly notify each Lender as to the effectiveness of each Extension Amendment. Each of the parties hereto hereby agrees that this Agreement and the other Loan Documents may be amended pursuant to an Extension Amendment, without the consent of any other Lenders, to the extent (but only to the extent) necessary to (i) reflect the existence and terms of the Extended Revolving Credit Commitments or the New Revolving Credit Commitments, as the case may be, incurred pursuant thereto, (ii) make such other changes to this Agreement and the other Loan Documents (without the consent of the Requisite Lenders) and (iii) effect such other amendments to this Agreement and the other Loan Documents as may be necessary or appropriate, in the reasonable opinion of the Administrative Agent and the Borrower, to effect the provisions of this Section, and the Requisite Lenders hereby expressly authorize the Administrative Agent to enter into any such Extension Amendment.

(e) No conversion of Loans pursuant to any Extension in accordance with this *Section 2.17* shall constitute a voluntary or mandatory payment or prepayment for purposes of this Agreement.

ARTICLE III

TAXES, INCREASED COSTS PROTECTION AND ILLEGALITY

SECTION 3.1 Taxes.

(a) All sums payable by any Loan Party hereunder or under any other Loan Document to any Agent, Issuer or any Lender shall (except to the extent required by Law) be paid free and clear of, and without any deduction or withholding on account of, any Taxes.

(b) If any Loan Party or any Agent, Issuer or Lender is required by Law to make any deduction or withholding on account of any Non-Excluded Tax or Other Taxes from any sum paid or payable by any Loan Party to any Lender, Issuer or Agent under any of the Loan Documents: (i) the applicable Loan Party (if it is required to make the deduction or withholding) shall notify the applicable Agent of any such requirement or any change in any such requirement as soon as such Loan Party becomes aware of it; (ii) the applicable Loan Party or Agent, Issuer or Lender, as applicable, shall make such deduction or withholding and pay to the relevant Governmental Authority, in accordance with applicable Law, any such Non-Excluded Tax or Other Tax before the date on which penalties attach thereto; (iii) the sum payable to such Lender, Issuer or Agent (as applicable) shall be increased by such Loan Party to the extent necessary to ensure that, after the making of any required deduction or withholding (including any deductions or withholdings attributable to any payments required to be made under this *Section 3.1*), the Lender, Issuer or the Agent (as applicable), receives on the due date a net sum equal to what it would have received had no such deduction or withholding been required or made; and (iv) within thirty days after paying any sum from which it is required by Law to make any deduction or withholding, and within thirty days after the due date of payment of any Tax which it is required by clause (ii) above to pay, the Loan Party making such payments (if it is required to make the deduction or withholding) shall deliver to the Administrative Agent evidence reasonably satisfactory to the other affected parties of such deduction or withholding and of the remittance thereof to the relevant Governmental Authority.

(c) Each Lender shall, at such times as are reasonably requested by the Borrower or the Administrative Agent, provide the Borrower and the Administrative Agent with any documentation prescribed by Law or reasonably requested by the Borrower or the Administrative Agent certifying as to any entitlement of such Lender to an exemption from, or reduction in, any withholding Tax with respect to any payments to be made to such Lender under any Loan Document. Each such Lender shall, whenever a lapse in time or change in circumstances renders such documentation (including any specific documentation required below in this *Section 3.1(c)*) obsolete, expired or inaccurate in any material respect, deliver promptly to the Borrower and the Administrative Agent updated or other appropriate documentation (including any new documentation reasonably requested by the Borrower or the Administrative Agent) or promptly notify the Borrower and the Administrative Agent of its inability to do so.

Without limiting the foregoing:

(1) Each U.S. Lender shall deliver to the Borrower and the Administrative Agent on or before the date on which it becomes a party to this Agreement two properly completed and duly signed originals of IRS Form W-9 certifying that such Lender is exempt from U.S. federal backup withholding.

(2) Each Foreign Lender shall deliver to the Borrower and the Administrative Agent on or before the date on which it becomes a party to this Agreement (and from time to time thereafter upon the request of the Borrower or the Administrative Agent) whichever of the following is applicable:

(A) two properly completed and duly signed original copies of IRS Form W-8BEN or W-8BEN-E, as applicable (or any successor forms) claiming eligibility for the benefits of an income tax treaty to which the United States is a party, and such other documentation as required under the Code,

(B) two properly completed and duly signed original copies of IRS Form W-8ECI (or any successor forms),

(C) in the case of a Foreign Lender claiming the benefits of the exemption for portfolio interest under Section 871(h) or Section 881(c) of the Code, (A) two properly completed and duly signed certificates substantially in the form of Exhibit M (any such certificate, a "United States Tax Compliance Certificate") and (B) two properly completed and duly signed original copies of IRS Form W-8BEN or W-8BEN-E, as applicable (or any successor forms),

(D) to the extent a Foreign Lender is not the beneficial owner (for example, where the Foreign Lender is a partnership or a participating Lender), two properly completed duly signed original copies of IRS Form W-8IMY (or any successor forms) of the Foreign Lender, accompanied by a Form W-8ECI, W-8BEN or W-8BEN-E, as applicable United States Tax Compliance Certificate, Form W-9, Form W-8IMY or any other required information (or any successor forms) from each beneficial owner that would be required under this *Section 3.1(c)* if such beneficial owner were a Lender, as applicable (provided that, if one or more beneficial owners are claiming the portfolio interest exemption, the United States Tax Compliance Certificate may be provided by such Foreign Lender on behalf of such beneficial owner), or

(E) two properly completed and duly signed original copies of any other form prescribed by applicable U.S. federal income tax Laws (including the Treasury Regulations) as a basis for claiming a complete exemption from, or a reduction in, United States federal withholding tax on any payments to such Lender under the Loan Documents.

(3) If a payment made to a Lender under any Loan Document may be subject to U.S. federal withholding tax imposed by Sections 1471 through 1474 of the Code (including any successor provisions), such Lender shall deliver to Borrower and the Administrative Agent at the time or times prescribed by law and at such time or times reasonably requested by Borrower or the Administrative Agent such documentation prescribed by applicable Law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower and the Administrative Agent to comply with their obligations under Sections 1471 through 1474 of the Code and to determine whether such Lender has or has not complied with such Lender's obligations under such Sections and, if necessary, to determine the amount to deduct and withhold from such payment.

Notwithstanding any other provision of this clause (c), a Lender shall not be required to deliver any form that such Lender is not legally eligible to deliver.

(d) In addition to the payments by a Loan Party required by *Section 3.1(b)*, the Borrower shall pay any Other Taxes to the relevant Governmental Authority in accordance with applicable Law.

(e) The Borrower shall indemnify each Lender, each Issuer and each Agent (each a "Tax Indemnitee"), within 20 days after written demand therefor, for the full amount of any Non-Excluded Taxes paid or payable by such Tax Indemnitee that is imposed on or in respect of any payment under or with respect to any Loan Document, and any Other Taxes payable by such Tax Indemnitee (including Non-Excluded Taxes or Other Taxes imposed on or attributable to amounts payable under this *Section 3.1*), whether or not such Taxes were correctly or legally imposed or asserted by the Governmental Authority. A certificate as to the amount of such payment or liability prepared in good faith and delivered by the Tax Indemnitee or by the Administrative Agent on its own behalf or on behalf of another Tax Indemnitee, shall be conclusive absent manifest error.

(f) If and to the extent that a Tax Indemnitee, in its sole discretion (exercised in good faith), determines that it has received a refund of any Non-Excluded Taxes or Other Taxes in respect of which it has received additional payments under this *Section 3.1*, then such Tax Indemnitee shall pay to the relevant Loan Party the amount of such refund, net of all out-of-pocket expenses of the Tax Indemnitee (including any Taxes imposed with respect to such refund), and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund), provided that the Loan Party, upon the request of the Tax Indemnitee, agrees to repay the amount paid over by the Tax Indemnitee (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) to the Tax Indemnitee if the Tax Indemnitee is required to repay such refund to such Governmental Authority. This subsection shall not be construed to require a Tax Indemnitee to make available its Tax returns (or any other information relating to its Taxes that it deems confidential) to any Loan Party or any other Person.

(g) In the event that a Loan Party makes an indemnification payment to a Tax Indemnitee with respect to Non-Excluded Taxes or Other Taxes pursuant to subsection (e) of this *Section 3.1* or a Loan Party is required to repay to a Tax Indemnitee an amount in respect of a refund of any Non-Excluded Taxes or Other Taxes previously paid over to such Loan Party pursuant to subsection (f) of this *Section 3.1*, such Tax Indemnitee shall reasonably cooperate with all reasonable requests of such Loan Party, at the sole expense of such Loan Party, if (i) in the reasonable judgment of the Tax Indemnitee such cooperation shall not subject such Tax

Indemnatee, as the case may be, to any unreimbursed third party cost or expense or otherwise be materially disadvantageous to such Tax Indemnatee and (ii) there is a reasonable basis for such Loan Party to contest with the applicable Governmental Authority the imposition of such Non-Excluded Taxes or Other Taxes or the repayment of such refund. Any resulting refund shall be governed by *Section 3.1(f)*. This subsection shall not be construed to require a Tax Indemnatee to make available its Tax returns (or any other information relating to its Taxes that it deems confidential) to any Loan Party or any other Person.

SECTION 3.2 Illegality. If any Lender reasonably determines that any Law has made it unlawful, or that any Governmental Authority has asserted that it is unlawful, for any Lender or its applicable Lending Office to make, maintain or fund Loans whose interest is determined by reference to the Eurodollar Rate, or to determine or charge interest rates based upon the Eurodollar Rate, or any Governmental Authority has imposed material restrictions on the authority of such Lender to purchase or sell, or to take deposits of, Dollars in the London interbank market, then, on notice thereof by such Lender to the Borrower through the Administrative Agent, (i) any obligation of such Lender to make or continue Eurodollar Rate Loans or to convert Base Rate Loans to Eurodollar Rate Loans shall be suspended, and (ii) if such notice asserts the illegality of such Lender making or maintaining Base Rate Loans the interest rate on which is determined by reference to the Eurodollar Rate component of the Base Rate, the interest rate on which Base Rate Loans of such Lender shall, if necessary to avoid such illegality, be determined by the Administrative Agent without reference to the Eurodollar Rate component of the Base Rate, in each case until such Lender notifies the Administrative Agent and the Borrower that the circumstances giving rise to such determination no longer exist. Upon receipt of such notice, (x) the Borrower may revoke any pending request for a Borrowing of, conversion to or continuation of Eurodollar Rate Loans and shall, upon demand from such Lender (with a copy to the Administrative Agent), prepay or, if applicable, convert all Eurodollar Rate Loans of such Lender to Base Rate Loans (the interest rate on which Base Rate Loans of such Lender shall, if necessary to avoid such illegality, be determined by the Administrative Agent without reference to the Eurodollar Rate component of the Base Rate), either on the last day of the Interest Period therefor, if such Lender may lawfully continue to maintain such Eurodollar Rate Loans to such day, or immediately, if such Lender may not lawfully continue to maintain such Eurodollar Rate Loans and (y) if such notice asserts the illegality of such Lender determining or charging interest rates based upon the Eurodollar Rate component of the Base Rate with respect to any Base Rate Loans, the Administrative Agent shall during the period of such suspension compute the Base Rate applicable to such Lender without reference to the Eurodollar Rate component thereof until the Administrative Agent is advised in writing by such Lender that it is no longer illegal for such Lender to determine or charge interest rates based upon the Eurodollar Rate. Upon any such prepayment or conversion, the Borrower shall also pay accrued interest on the amount so prepaid or converted.

SECTION 3.3 Inability to Determine Rates. If the Requisite Lenders reasonably determine that for any reason in connection with any request for a Eurodollar Rate Loan or a conversion to or continuation thereof that (a) Dollar deposits are not being offered to banks in the London interbank eurodollar market for the applicable amount and Interest Period of such Eurodollar Rate Loan, (b) adequate and reasonable means do not exist for determining the Eurodollar Rate for any requested Interest Period with respect to a proposed Eurodollar Rate Loan or in connection with an existing or proposed Base Rate Loan, or (c) the Eurodollar Rate

for any requested Interest Period with respect to a proposed Eurodollar Rate Loan does not adequately and fairly reflect the cost to such Lenders of funding such Loan, the Administrative Agent will promptly so notify the Borrower and each Lender. Thereafter, (x) the obligation of the Lenders to make or maintain Eurodollar Rate Loans shall be suspended, and (y) in the event of a determination described in the preceding sentence with respect to the Eurodollar Rate component of the Base Rate, the utilization of the Eurodollar Rate component in determining the Base Rate shall be suspended, in each case until the Administrative Agent (upon the instruction of the Requisite Lenders) revokes such notice. Upon receipt of such notice, the Borrower may revoke any pending request for a Borrowing of, conversion to or continuation of Eurodollar Rate Loans or, failing that, will be deemed to have converted such request into a request for a Borrowing of Base Rate Loans in the amount specified therein.

SECTION 3.4 Increased Cost and Reduced Return; Capital Adequacy; Reserves on Eurodollar Rate Loans.

(a) *Increased Costs Generally.* If any Change in Law shall:

(i) impose, modify or deem applicable any reserve, special deposit, compulsory loan, insurance charge or similar requirement against assets of, deposits with or for the account of, or credit extended or participated in by, any Lender) or any Issuer;

(ii) subject any Lender or any Issuer to any Tax of any kind whatsoever with respect to this Agreement, any Letter of Credit, any participation in a Letter of Credit or any Eurodollar Rate Loan made by it, or change the basis of taxation of payments to such Lender or the Issuer in respect thereof (except for any Excluded Taxes or any Non-Excluded Taxes or Other Taxes indemnified or otherwise paid under *Section 3.1*); or

(iii) impose on any Lender or any Issuer or the London interbank market any other condition, cost or expense affecting this Agreement or Eurodollar Rate Loans made by such Lender or any Letter of Credit or participation therein, in each case that is not otherwise accounted for in this *clause (a)*;

and the result of any of the foregoing shall be to increase the cost to such Lender of making or maintaining any Loan the interest on which is determined by reference to the Eurodollar Rate (or of maintaining its obligation to make any such Loan), or to increase the cost to such Lender or such Issuer of participating in, issuing or maintaining any Letter of Credit (or of maintaining its obligation to participate in or to issue any Letter of Credit), or to reduce the amount of any sum received or receivable by such Lender or Issuer hereunder (whether of principal, interest or any other amount) then, from time to time within fifteen (15) days after demand by such Lender or Issuer setting forth in reasonable detail such increased costs (with a copy of such demand to the Administrative Agent), the Borrower will pay to such Lender or Issuer, as the case may be, such additional amount or amounts as will compensate such Lender or Issuer, as the case may be, for such additional costs incurred or reduction suffered.

(b) *Capital Requirements.* If any Lender or any Issuer reasonably determines that any Change in Law affecting such Lender or such Issuer or any Lending Office of such Lender or such Lender's or such Issuer's holding company, if any, regarding capital or liquidity requirements has or would have the effect of reducing the rate of return on such Lender's or such Issuer's capital or on the capital of such Lender's or such Issuer's holding company, if any, as a consequence of this Agreement, the Revolving Credit Commitments of such Lender or the Loans made by, or participations in Letters of Credit held by, such Lender, or the Letters of Credit issued by such Issuer, to a level below that which such Lender or such Issuer or such Lender's or such Issuer's holding company could have achieved but for such Change in Law (taking into consideration such Lender's or such Issuer's policies and the policies of such Lender's or such Issuer's holding company with respect to capital adequacy), then from time to time upon demand of such Lender or such Issuer setting forth in reasonable detail the charge and the calculation of such reduced rate of return (with a copy of such demand to the Administrative Agent), the Borrower will pay to such Lender or such Issuer, as the case may be, such additional amount or amounts as will compensate such Lender or such Issuer or such Lender's or such Issuer's holding company for any such reduction suffered.

(c) *Certificates for Reimbursement.* A certificate of a Lender or an Issuer setting forth the amount or amounts necessary to compensate such Lender or such Issuer or its holding company, as the case may be, as specified in *subsection (a) or (b)* of this *Section 3.4* and delivered to the Borrower shall be conclusive absent manifest error. The Borrower shall pay such Lender or such Issuer, as the case may be, the amount shown as due on any such certificate within ten (10) days after receipt thereof.

(d) *Delay in Requests.* Failure or delay on the part of any Lender or any Issuer to demand compensation pursuant to the foregoing provisions of this *Section 3.4* shall not constitute a waiver of such Lender's or such Issuer's right to demand such compensation, provided that the Borrower shall not be required to compensate a Lender or an Issuer pursuant to the foregoing provisions of this *Section 3.4* for any increased costs incurred or reductions suffered more than 180 days prior to the date that such Lender or such Issuer, as the case may be, notifies the Borrower of the Change in Law giving rise to such increased costs or reductions and of such Lender's or such Issuer's intention to claim compensation therefor (except that, if the Change in Law giving rise to such increased costs or reductions is retroactive, then the 180 day period referred to above shall be extended to include the period of retroactive effect thereof).

SECTION 3.5 Funding Losses. Upon written demand of any Lender (with a copy to the Administrative Agent) from time to time, which demand shall set forth in reasonable detail the basis for requesting such amount, the Borrower shall promptly compensate such Lender for and hold such Lender harmless from any loss, cost or expense incurred by it as a result of:

(a) any continuation, conversion, payment or prepayment of any Loan other than a Base Rate Loan on a day other than the last day of the Interest Period for such Loan (whether voluntary, mandatory, automatic, by reason of acceleration, or otherwise);

(b) any failure by the Borrower (for a reason other than the failure of such Lender to make a Loan) to prepay, borrow, continue or convert any Loan other than a Base Rate Loan on the date or in the amount notified by the Borrower; or

(c) any assignment of a Eurodollar Rate Loan on a day other than the last day of the Interest Period therefor as a result of a request by the Borrower pursuant to *Section 3.7*;

including any loss or expense (excluding loss of anticipated profits or margin) actually incurred by reason of the liquidation or reemployment of funds obtained by it to maintain such Loan or from fees payable to terminate the deposits from which such funds were obtained.

SECTION 3.6 Matters Applicable to all Requests for Compensation.

(a) *Designation of a Different Lending Office.* If any Lender requests compensation under *Section 3.4*, or the Borrower is required to pay any additional amount to any Lender, any Issuer, or any Governmental Authority for the account of any Lender or any Issuer pursuant to *Section 3.1*, or if any Lender gives a notice pursuant to *Section 3.2*, then such Lender or such Issuer shall, as applicable, use reasonable efforts to designate a different Lending Office for funding or booking its Loans hereunder or to assign its rights and obligations hereunder to another of its offices, branches or affiliates, if, in the judgment of such Lender or such Issuer, such designation or assignment (i) would eliminate or reduce amounts payable pursuant to *Section 3.1* or *3.4*, as the case may be, in the future, or eliminate the need for the notice pursuant to *Section 3.2*, as applicable, and (ii) in each case, would not subject such Lender or such Issuer, as the case may be, to any unreimbursed cost or expense and would not otherwise be disadvantageous to such Lender or such Issuer, as the case may be in any material economic, legal or regulatory respect.

(b) *Suspension of Lender Obligations.* If any Lender requests compensation by the Borrower under *Section 3.4*, the Borrower may, by notice to such Lender (with a copy to the Administrative Agent), suspend the obligation of such Lender to make or continue Eurodollar Rate Loans from one Interest Period to another Interest Period, or to convert Base Rate Loans into Eurodollar Rate Loans, until the event or condition giving rise to such request ceases to be in effect (in which case the provisions of *Section 3.6(c)* shall be applicable); *provided* that such suspension shall not affect the right of such Lender to receive the compensation so requested.

(c) *Conversion of Eurodollar Rate Loans.* If any Lender gives notice to the Borrower (with a copy to the Administrative Agent) that the circumstances specified in *Sections 3.2, 3.3 or 3.4* hereof that gave rise to the conversion of such Lender's Eurodollar Rate Loans no longer exist (which such Lender agrees to do promptly upon such circumstances ceasing to exist) at a time when Eurodollar Rate Loans made by other Lenders are outstanding, such Lender's Base Rate Loans shall be automatically converted, on the first day(s) of the next succeeding Interest Period(s) for such outstanding Eurodollar Rate Loans, to the extent necessary so that, after giving effect thereto, all Loans of a given Class held by the Lenders of such Class holding Eurodollar Rate Loans and by such Lender are held pro rata (as to principal amounts, interest rate basis, and Interest Periods) in accordance with their respective Pro Rata Shares.

SECTION 3.7 Replacement of Lenders under Certain Circumstances.

If (i) any Lender requests compensation under *Section 3.4* or ceases to make Eurodollar Rate Loans as a result of any condition described in *Section 3.2* or *Section 3.4*, (ii) the Borrower is required to pay any additional amount to any Lender or any Governmental Authority for the account of any Lender pursuant to *Section 3.1*, (iii) any Lender is a Non-Consenting Lender or (iv) any other circumstance exists hereunder that gives the Borrower the right to replace a Lender as a party hereto, then the Borrower may, at its sole expense and effort, upon notice to such Lender and the Administrative Agent, require such Lender to assign and delegate, without recourse (in accordance with and subject to the restrictions contained in, and consents required by, *Section 12.2*), all of its interests, rights and obligations under this Agreement and the related Loan Documents to one or more Eligible Assignees that shall assume such obligations (any of which assignee may be another Lender, if a Lender accepts such assignment), *provided that*:

(a) the Borrower shall have paid to the Administrative Agent the assignment fee specified in *Section 12.2(b)(iv)*;

(b) such Lender shall have received payment of an amount equal to the outstanding principal of its Loans, accrued interest thereon, accrued fees and all other amounts payable to it hereunder and under the other Loan Documents (including any amounts under *Section 3.5*) from the assignee (to the extent of such outstanding principal and accrued interest and fees) or the Borrower (in the case of all other amounts);

(c) such Lender being replaced pursuant to this *Section 3.7* shall (i) execute and deliver an Assignment and Assumption with respect to such Lender's Commitment and outstanding Loans, and (ii) deliver any Revolving Credit Notes evidencing such Loans to the Borrower or Administrative Agent (or a lost or destroyed note indemnity in lieu thereof); *provided that* the failure of any such Lender to execute an Assignment and Assumption or deliver such Revolving Credit Notes shall not render such sale and purchase (and the corresponding assignment) invalid and such assignment shall be recorded in the Register and the Revolving Credit Notes shall be deemed to be canceled upon such failure;

(d) pursuant to such Assignment and Assumption, (i) the Eligible Assignee shall acquire all or a portion, as the case may be, of the assigning Lender's Revolving Credit Commitment and outstanding Loans, (ii) the Eligible Assignee shall purchase, at par, all Loans, accrued interest, accrued fees and other amounts owing to the assigning Lender as of the date of replacement and (iii) upon such payment (regardless of whether such replaced Lender has executed an Assignment and Assumption or delivered its Revolving Credit Notes to the Borrower or the Administrative Agent), the Eligible Assignee shall become a Lender hereunder and the assigning Lender shall cease to constitute a Lender hereunder with respect to such assigned Loans, Revolving Credit Commitments and participations, except with respect to indemnification provisions under this Agreement, which shall survive as to such assigning Lender;

(e) in the case of any such assignment resulting from a claim for compensation under *Section 3.4* or payments required to be made pursuant to *Section 3.1*, such assignment will result in a reduction in such compensation or payments thereafter; and

(f) such assignment does not conflict with applicable Laws.

In the event that (i) the Borrower or the Administrative Agent has requested that the Lenders consent to a departure or waiver of any provisions of the Loan Documents or agree to any amendment thereto, (ii) the consent, waiver or amendment in question requires the agreement of each Lender, all affected Lenders or all the Lenders or all affected Lenders with respect to a certain Class or Classes of the Loans and (iii) the Requisite Lenders or the requisite Lenders of the applicable Class or Classes of the Loans, have agreed to such consent, waiver or amendment, then any Lender who does not agree to such consent, waiver or amendment shall be deemed a “*Non-Consenting Lender*.”

A Lender shall not be required to make any such assignment or delegation if, prior thereto, as a result of a waiver by such Lender or otherwise, the circumstances entitling the Borrower to require such assignment and delegation cease to apply.

SECTION 3.8 Survival. All of the Borrower’s obligations under this *Article III* shall survive termination of the Aggregate Commitments, repayment of all other Obligations hereunder and resignation of the Administrative Agent, the Collateral Agent, the Swing Loan Lender or any Issuer.

SECTION 4.2 Conditions Precedent to Each Loan and Letter of Credit.

The obligation of each Lender on any date to make any Loan and of each Issuer on any date to Issue any Letter of Credit is subject to the satisfaction of each of the following conditions precedent:

(a) Request for Borrowing or Issuance of Letter of Credit. With respect to any Loan, the Administrative Agent shall have received a duly executed Notice of Borrowing (or, in the case of Swing Loans, a duly executed Swing Loan Request), and, with respect to any Letter of Credit, the Administrative Agent and the applicable Issuer shall have received a duly executed Letter of Credit Request.

(b) Representations and Warranties; No Defaults. The following statements shall be true on the date of such Loan or Issuance, both immediately before and immediately after giving effect thereto and, in the case of any Loan, giving effect to the application of the proceeds thereof:

(i) The representations and warranties of the Borrower and each other Loan Party contained in Article V or any other Loan Document (or, if the applicable Loan is being incurred in connection with a Revolving Commitment Increase the proceeds of which are to fund a Permitted Acquisition or similar permitted Investment, the Specified Representations) shall be true and correct in all material respects on and as of the date of such Borrowing; *provided* that, to the extent that such representations and warranties specifically refer to an earlier date, they shall be true and correct in all material respects as of such earlier date; *provided, further* that, any representation and warranty that is qualified as to “materiality,” “Material Adverse Effect” or similar language shall be true and correct (after giving effect to any qualification therein) in all respects on such respective dates; and

(c) Borrowing Base. After giving effect to the Loans or Letters of Credit requested to be made or Issued on any such date and the use of proceeds thereof, the Revolving Credit Outstandings shall not exceed the Maximum Credit at such time.

Each submission by the Borrower to the Administrative Agent of a Notice of Borrowing or a Swing Loan Request and the acceptance by the Borrower of the proceeds of each Loan requested therein, and each submission by the Borrower to an Issuer of a Letter of Credit Request, and the Issuance of each Letter of Credit requested therein, shall be deemed to constitute a representation and warranty by the Borrower that the conditions specified in *clause (b)* above have been satisfied on and as of the date of the making of such Loan or the Issuance of such Letter of Credit.

The conditions set forth in this Section 4.2 are for the sole benefit of the Secured Parties but until the Requisite Lenders otherwise direct the Administrative Agent to cease making Loans, the Lenders will fund their Applicable Percentage of all Loans and Letter of Credit Borrowings and participate in all Swing Loans and Letters of Credit whenever made or issued, which are requested by the Borrower and which, notwithstanding the failure of the Loan Parties to comply with the provisions of this Section 4.2, are agreed to by the Administrative Agent, provided, however, the making of any such Loans or the issuance of any Letters of Credit shall not be deemed a modification or waiver by any Secured Party of the provisions of this Section 4.2 on any future occasion or a waiver of any rights or the Secured Parties against the Loan Parties as a result of any such failure to comply.

SECTION 4.3 Determinations of Effective Date Borrowing Conditions.

For purposes of determining compliance with the conditions specified in *Section 4.1*, each Lender shall be deemed to have consented to, approved, accepted or be satisfied with, each document or other matter required thereunder to be consented to or approved by or acceptable or satisfactory to the Lenders unless an officer of the Administrative Agent responsible for the transactions contemplated by the Loan Documents shall have received notice from such Lender prior to the Borrowing on the Effective Date, borrowing of Swing Loans or Issuance or deemed Issuance hereunder specifying its objection thereto and such Lender shall not have made available to the Administrative Agent such Lender's Ratable Portion of such Borrowing or Swing Loans.

trustee or agent on behalf of such holder or holders or beneficiary or beneficiaries) to cause, with the giving of notice if required, such Indebtedness to become due or to be repurchased, prepaid, defeased or redeemed (automatically or otherwise), or an offer to repurchase, prepay, defease or redeem such Indebtedness to be made, prior to its stated maturity; *provided* that this *clause (e)(B)* shall not apply to secured Indebtedness that becomes due as a result of the voluntary sale or transfer of the property or assets securing such Indebtedness, if such sale or transfer is permitted hereunder and under the documents providing for such Indebtedness; *provided further* that such failure is unremedied and is not waived by the holders of such Indebtedness prior to any termination of the Aggregate Commitments or acceleration of the Loans pursuant to *Section 10.2*; *provided* that no such event under the Term Facility (other than a payment default or any default relating to insolvency or any proceeding under any Debtor Relief Law) shall constitute an Event of Default under this *Section 10.1(e)* until the earliest to occur of (x) the acceleration of the Indebtedness under the Term Facility and (y) the exercise of any remedies by the Term Facility Administrative Agent or collateral agent or any lenders under the Term Facility in respect of any Collateral; or

(g) Judgments. There is entered against any Loan Party or any Restricted Subsidiary a final judgment or order for the payment of money in an aggregate amount exceeding \$35,000,000 (to the extent not covered by independent third-party insurance as to which the insurer has been notified of such judgment or order and has not denied or failed to acknowledge coverage thereof) and such judgment or order shall not have been satisfied, vacated, discharged or stayed or bonded pending an appeal for a period of sixty (60) consecutive calendar days; or

(h) ERISA. (i) An ERISA Event occurs with respect to a Pension Plan or Multiemployer Plan which has resulted or would reasonably be expected to result in liability of any Loan Party or their respective ERISA Affiliates under Title IV of ERISA in an aggregate amount which would reasonably be expected to result in a Material Adverse Effect, (ii) any Loan Party or any of their respective ERISA Affiliates fails to pay when due, after the expiration of any applicable grace period, any installment payment with respect to its Withdrawal Liability under Section 4201 of ERISA under a Multiemployer Plan in an aggregate amount which would reasonably be expected to result in a Material Adverse Effect, or (iii) with respect to a Foreign Plan a termination, withdrawal or noncompliance with applicable law or plan terms that would reasonably be expected to result in a Material Adverse Effect; or

(i) Invalidity of Loan Documents. Any material provision of any Loan Document at any time after its execution and delivery and for any reason other than as expressly permitted hereunder or thereunder (including as a result of a transaction permitted under *Section 9.4* or *9.5*) or the satisfaction in full of all the Obligations, ceases to be in full force and effect; or any Loan Party contests in writing the validity or enforceability of any provision of any Loan Document; or any Loan Party denies in writing that it has any or further liability or obligation under any Loan Document (other than as a result of repayment in full of the Obligations and termination of the Aggregate Commitments), or purports in writing to revoke or rescind any Loan Document; or

Any Collateral Document after delivery thereof pursuant to *Section 4.1* or *8.11* shall for any reason (other than pursuant to the terms hereof or thereof including as a result of a transaction permitted under *Section 9.4* or *9.5*) cease to create, or any Lien purported to be created by any Collateral Document shall be asserted in writing by any Loan Party not to be, a valid and perfected lien, with the priority required by the Collateral Documents (or other security purported to be created on the applicable Collateral) on and security interest in any material portion of the Collateral purported to be covered thereby, subject to Liens permitted under *Section 9.1*, except to the extent that any such loss of perfection or priority results from the failure of the Administrative Agent or the Collateral Agent to maintain possession of certificates actually delivered to it representing securities pledged under the Collateral Documents or to file UCC continuation statements and except as to Collateral consisting of real property to the extent that such losses are covered by a lender's title insurance policy and such insurer has not denied coverage; or

(k) Junior Financing Documentation. (i) Any of the Obligations of the Loan Parties under the Loan Documents for any reason shall cease to be "Senior Indebtedness" (or any comparable term) or "Senior Secured Financing" (or any comparable term) under, and as defined in any Junior Financing Documentation governing Junior Financing subordinated in right of payment to the Obligations under the Loan Documents with an aggregate principal amount of not less than \$35,000,000 or (ii) the subordination provisions set forth in any Junior Financing Documentation governing Junior Financing subordinated in right of payment to the Obligations under the Loan Documents with an aggregate principal amount of not less than \$35,000,000 shall, in whole or in part, cease to be effective or cease to be legally valid, binding and enforceable against the holders of any such Junior Financing, if applicable; or

(l) Change of Control. There occurs any Change of Control.

SECTION 10.2 Remedies upon Event of Default.

(a) If any Event of Default occurs and is continuing, the Administrative Agent may, and, at the request of the Requisite Lenders shall, take any or all of the following actions:

(i) declare Revolving Credit Commitments of each Lender and any obligation of the Issuers to make L/C Credit Extensions to be terminated, whereupon such Revolving Credit Commitments and obligation shall be terminated;

(ii) declare the unpaid principal amount of all outstanding Loans, all interest accrued and unpaid thereon, and all other amounts owing or payable hereunder or under any other Loan Document to be immediately due and payable, without presentment, demand, protest or other notice of any kind, all of which are hereby expressly waived by the Borrower;

(iii) require that the Borrower Cash Collateralize the Letter of Credit Obligations (in an amount equal to the then Outstanding Amount thereof); and

(iv) exercise on behalf of itself and the Lenders all rights and remedies available to it and the Lenders under the Loan Documents or applicable Law;

provided that upon the occurrence of an actual or deemed entry of an order for relief with respect to the Borrower under the Bankruptcy Code of the United States, the Revolving Credit Commitments of each Lender and any obligation of the Issuers to make L/C Credit Extensions shall automatically terminate, the unpaid principal amount of all outstanding Loans and all interest and other amounts as aforesaid shall automatically become due and payable, and the obligation of the Borrower to Cash Collateralize the Letter of Credit Obligations as aforesaid shall automatically become effective, in each case without further act of the Administrative Agent or any Lender.

(b) The Borrower hereby irrevocably waives the right to direct the application of any and all payments in respect of the Obligations and any proceeds of Collateral after the occurrence and during the continuance of an Event of Default and agrees that during the continuance of a Specified Default, the Administrative Agent may in its sole discretion, or upon the written direction of the Requisite Lenders, deliver a notice to each Approved Account Bank instructing them to cease complying with any instructions from any Loan Party and to transfer all funds therein to the Administrative Agent and the Administrative Agent shall apply all payments in respect of any Obligations and all funds on deposit in the Concentration Account and all other proceeds of Collateral in the order specified in *Section 10.3* hereof.

(c) Notwithstanding anything to the contrary, if the only Events of Default then having occurred and continuing are the failure to comply with *Section 6.1* with respect to the Test Period most recently ended, then the Administrative Agent may not take any of the actions set forth in *subclauses (i), (ii), (iii) and (iv) of Section 10.2(a)* during the period commencing on the date that the Administrative Agent receives a Notice of Intent to Cure and ending on the Cure Expiration Date with respect thereto in accordance with and to the extent permitted by *Section 10.4*.

SECTION 10.3 Application of Funds. After the exercise of remedies provided for in *Section 10.2* (or after the Loans have automatically become immediately due and payable and the Letter of Credit Obligations have automatically been required to be Cash Collateralized as set forth in the proviso to *Section 10.2*), any amounts received on account of the Obligations shall be applied by the Administrative Agent in the following order:

First, ratably, pay any fees, indemnities, or expense reimbursements then due to the Administrative Agent or any Issuer from the Borrower (other than in connection with Cash Management Obligations or Obligations in respect of Secured Hedge Agreements);

Second, ratably, to pay any fees or expense reimbursements then due to the Revolving Credit Lenders from the Borrower (other than in connection with Cash Management Obligations or Obligations in respect of Secured Hedge Agreements);

Third, to pay interest due and payable in respect of any Loans (including any Swing Loans) and any Protective Advances, ratably;

Fourth, ratably, to pay the principal of the Protective Advances and the Swing Loans;

Fifth, to pay principal on the Loans (other than the Protective Advances and Swing Loans) and unreimbursed Letter of Credit Borrowings, ratably;

Sixth, to pay an amount to the Administrative Agent equal to 103% of the Letter of Credit Obligations on such date, to be held in the Concentration Account as cash collateral for such Obligations;

Seventh, to pay any amounts owing with respect to Obligations in respect of Secured Hedge Agreements and Cash Management Obligations, ratably;

Eighth, to the payment of any other Obligation due to the Administrative Agent or any Lender by the Borrower;

Ninth, as provided for under the Intercreditor Agreement; and

Tenth, after all of the Obligations have been paid in full, to the Borrower or as the Borrower shall direct or as otherwise required by Law.

Subject to *Sections 2.4, 2.16, 8.12 and 10.5*, amounts used to Cash Collateralize the aggregate undrawn amount of Letters of Credit pursuant to clause *Sixth* above shall be applied to satisfy drawings under such Letters of Credit as they occur. If any amount remains on deposit as cash collateral after all Letters of Credit have either been fully drawn or expired, such remaining amount shall be applied to the other Obligations, if any, in the order set forth above and, if no Obligations remain outstanding, to the Borrower.

Notwithstanding the foregoing, if sufficient funds are not available to fund all payments to be made in respect of any Secured Obligation described in any of *clauses First through Eighth* above, the available funds being applied with respect to any such Secured Obligation (unless otherwise specified in such clause) shall be allocated to the payment of such Secured Obligation ratably, based on the proportion of the Administrative Agent's and each Lender's or Issuer's interest in the aggregate outstanding Secured Obligations described in such clauses; *provided, however*, that payments that would otherwise be allocated to the Lenders shall be allocated *first* to repay Protective Advances and Swing Loans *pro rata* until such Protective Advances and Swing Loans are paid in full and *then* to repay the Loans. The order of priority set forth in *clauses First through Eighth* above may at any time and from time to time be changed by the agreement of all Lenders without necessity of notice to or consent of or approval by the Borrower, any Secured Party that is not a Lender or Issuer or by any other Person that is not a Lender or Issuer. The order of priority set forth in *clauses First through Eighth* above may be changed only with the prior written consent of the Administrative Agent in addition to that of all Lenders. Excluded Swap Obligations with respect to any Guarantor shall not be paid with amounts received from such Guarantor, but appropriate adjustments shall be made with respect to payments from other Loan Parties to preserve the allocation to the Obligations otherwise set forth above in this Section.

SECTION 10.4 Borrower's Right to Cure.

(a) Notwithstanding anything to the contrary contained in *Section 10.1*, in the event of any Event of Default under any covenant set forth in *Article VI* and until the expiration of the tenth (10th) Business Day after the date on which the Consolidated Fixed Charge Coverage Ratio calculation would be required to be delivered pursuant to *Section 6.1* or *Section 7.2(a)* (such date, the "*Cure Expiration Date*"), following delivery of a Notice of Intent to Cure in accordance herewith, the Borrower may designate any portion of the Net Cash Proceeds of any issuance of common Equity Interests of the Borrower or any cash capital contribution to the common equity of the Borrower as an increase to Consolidated EBITDA with respect to such applicable quarter; *provided* that all such Net Cash Proceeds to be so designated (i) are actually received by the Borrower as cash common equity (including through capital contribution of such Net Cash Proceeds to the Borrower) after the date of such notice and before the Cure Expiration Date and (ii) the aggregate amount of such Net Cash Proceeds or cash capital contribution that are so designated shall not exceed 100% of the aggregate amount necessary to cure such Event of Default under *Article VI* for any applicable period.

(b) Upon receipt by the Borrower of any such designated Net Cash Proceeds or cash capital contribution (the "*Cure Amount*") in accordance with this *Section 10.4*, Consolidated EBITDA for any period of calculation which includes the last Fiscal Quarter of the Test Period ending immediately prior to the date on which such Cure Amount was received shall be increased, solely for the purpose of calculating any financial ratio set forth in *Article VI*, by an amount equal to the Cure Amount. The resulting increase to Consolidated EBITDA and any reduction in Indebtedness, if applicable, from designation of a Cure Amount shall not result in any adjustment to Consolidated EBITDA or any other financial definition for any purpose under this Agreement other than for purposes of calculating the financial ratio set forth in *Article VI* and for additional clarification shall not adjust the calculation of Consolidated EBITDA for purposes of determining the Net Leverage Ratio or Consolidated Fixed Charge Coverage Ratio (other than for purposes of actual compliance with *Article VI* as of the end of any applicable Test Period).

(c) If, after giving effect to the foregoing recalculations, the Borrower shall then be in compliance with the requirements of *Article VI*, the Borrower shall be deemed to have satisfied the requirements of *Article VI* as of the relevant date of determination with the same effect as though there had been no failure to comply therewith at such date, and the applicable existing breach or default of *Article VI* shall be deemed cured for this purpose of the Agreement.

(d) In each period of four Fiscal Quarters, there shall be at least two (2) Fiscal Quarters for which Consolidated EBITDA is not increased by exercise of a cure pursuant to *Section 10.4(a)*. Consolidated EBITDA may not be increased by exercise of a cure pursuant to *Section 10.4(a)* more than four (4) times during the term hereof.

SECTION 10.5 Actions in Respect of Letters of Credit; Cash Collateral.

(a) At any time (i) upon the Revolving Credit Termination Date, (ii) after the Revolving Credit Termination Date when the aggregate funds on deposit in the Concentration Account to Cash Collateralize Letter of Credit Obligations shall be less than 103% of the Letter of Credit Obligations and (iii) as may be required by *Section 2.9* or *Section 2.16*, the Borrower shall pay to the Administrative Agent in Same Day Funds at the Administrative Agent's office referred to in *Section 12.8*, for deposit in the Concentration Account, (x) in the case of *clauses (i)* and *(ii)* above, the amount required to that, after such payment, the aggregate funds on deposit in the Concentration Account counts equals or exceeds 103% of the sum of all outstanding Letter of Credit Obligations and (y) in the case of *clause (iii)* above, the amount required by *Section 2.9*. The Administrative Agent may, from time to time after funds are deposited in the Concentration Account, apply funds then held in the Concentration Account to the payment of any amounts, in accordance with *Section 2.9* and *Section 10.2(b)*, as shall have become or shall become due and payable by the Borrower to the Issuers or Lenders in respect of the Letter of Credit Obligations. The Administrative Agent shall promptly give written notice of any such application; *provided, however*, that the failure to give such written notice shall not invalidate any such application. If at any time the Administrative Agent determines that Cash Collateral is subject to any right or claim of any Person other than the Administrative Agent as herein provided, or that the total amount of such Cash Collateral is less than the applicable Fronting Exposure and other obligations secured thereby, the Borrower or the relevant Defaulting Lender will, promptly upon demand by the Administrative Agent, pay or provide to the Administrative Agent additional Cash Collateral in an amount sufficient to eliminate such deficiency.

(b) *Application.* Notwithstanding anything to the contrary contained in this Agreement, Cash Collateral provided under any of this *Section 10.5* or *Sections 2.4, 2.9, 2.13* or *10.2* in respect of Letters of Credit or Swing Loans shall be held and applied to the satisfaction of the specific Letter of Credit Obligations, Swing Loans, obligations to fund participations therein (including, as to Cash Collateral provided by a Defaulting Lender, any interest accrued on such obligation) and other obligations for which the Cash Collateral was so provided, prior to any other application of such property as may be provided for herein.

(c) *Release.* Cash Collateral (or the appropriate portion thereof) provided to reduce Fronting Exposure or other obligations shall be released promptly following (i) the elimination of the applicable Fronting Exposure or other obligations giving rise thereto (including by the termination of Defaulting Lender status of the applicable Lender or, as

appropriate, its assignee following compliance with *Section 12.2(b)(vi)*) or (ii) the Administrative Agent's good faith determination that there exists excess Cash Collateral; provided, however, (x) that Cash Collateral furnished by or on behalf of a Loan Party shall not be released during the continuance of a Default or Event of Default (and following application as provided in this *Section 10.5* may be otherwise applied in accordance with *Section 10.3*), and (y) the Person providing Cash Collateral and the applicable Issuer or Swing Loan Lender, as applicable, may agree that Cash Collateral shall not be released but instead held to support future anticipated Fronting Exposure or other obligations.

ARTICLE XI

THE ADMINISTRATIVE AGENT

SECTION 11.1 Appointment and Authorization.

(a) Each of the Lenders and the Issuers hereby irrevocably appoints Bank of America to act on its behalf as the Administrative Agent hereunder and under the other Loan Documents and authorizes the Administrative Agent to take such actions on its behalf and to exercise such powers as are delegated to the Administrative Agent by the terms hereof or thereof, together with such actions and powers as are reasonably incidental thereto. The provisions of this *Article XI* (other than *Sections 11.6* and *11.11*) are solely for the benefit of the Administrative Agent, the Lenders and the Issuers, and the Borrower shall not have rights as a third party beneficiary of any such provision.

(b) The Administrative Agent shall also act as the "collateral agent" under the Loan Documents, and each of the Lenders (including in its capacities as a potential Hedge Bank and/or Cash Management Bank) and the Issuers hereby irrevocably appoints and authorizes the Administrative Agent to act as the agent of (and to hold any security interest created by the Collateral Documents for and on behalf of or in trust for) such Lender and such Issuer for purposes of acquiring, holding and enforcing any and all Liens on Collateral granted by any of the Loan Parties to secure any of the Obligations, together with such powers and discretion as are reasonably incidental thereto. In this connection, the Administrative Agent, as "collateral agent" and any co-agents, sub-agents and attorneys-in-fact appointed by the Administrative Agent pursuant to *Section 11.5* for purposes of holding or enforcing any Lien on the Collateral (or any portion thereof) granted under the Collateral Documents, or for exercising any rights and remedies thereunder at the direction of the Administrative Agent, shall be entitled to the benefits of all provisions of this *Article XI* and *Article XII* (including, without limitation, *Sections 11.3, 11.13, 12.3, 12.4* and *12.5*, as though such co-agents, sub-agents and attorneys-in-fact were the "collateral agent" under the Loan Documents) as if set forth in full herein with respect thereto. Without limiting the generality of the foregoing, the Lenders hereby expressly authorize the Administrative Agent to execute any and all documents (including releases) with respect to the Collateral and the rights of the Secured Parties with respect thereto (including the Intercreditor Agreement), as contemplated by and in accordance with the provisions of this Agreement and the Collateral Documents and acknowledge and agree that any such action by any Agent shall bind the Lenders.

SECTION 11.2 Rights as a Lender.

Any Person serving as an Agent (including as Administrative Agent) hereunder shall have the same rights and powers in its capacity as a Lender as any other Lender and may exercise the same as though it were not an Agent and the term “Lender” or “Lenders” shall, unless otherwise expressly indicated or unless the context otherwise requires, include each Person serving as an Agent hereunder in its individual capacity. Such Person and its Affiliates may accept deposits from, lend money to, act as the financial advisor or in any other advisory capacity for and generally engage in any kind of business with the Borrower or any Subsidiary or other Affiliate thereof as if such Person were not an Agent hereunder and without any duty to account therefor to the Lenders. The Lenders acknowledge that, pursuant to such activities, any Agent or its Affiliates may receive information regarding any Loan Party or any of its Affiliates (including information that may be subject to confidentiality obligations in favor of such Loan Party or such Affiliate) and acknowledge that no Agent shall be under any obligation to provide such information to them.

SECTION 11.3 Exculpatory Provisions. Neither the Administrative Agent nor any other Agent shall have any duties or obligations except those expressly set forth herein and in the other Loan Documents. Without limiting the generality of the foregoing, an Agent (including the Administrative Agent):

(a) shall not be subject to any fiduciary or other implied duties, regardless of whether a Default or Event of Default has occurred and is continuing and without limiting the generality of the foregoing, the use of the term “agent” herein and in the other Loan Documents with reference to any Agent is not intended to connote any fiduciary or other implied (or express) obligations arising under agency doctrine of any applicable Law and instead, such term is used merely as a matter of market custom, and is intended to create or reflect only an administrative relationship between independent contracting parties;

(b) shall not have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated hereby or by the other Loan Documents that such Agent is required to exercise as directed in writing by the Requisite Lenders (or such other number or percentage of the Lenders as shall be expressly provided for herein or in the other Loan Documents), *provided* that no Agent shall be required to take any action that, in its opinion or the opinion of its counsel, may expose such Agent to liability or that is contrary to any Loan Document or applicable law; and

(c) shall not, except as expressly set forth herein and in the other Loan Documents, have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to the Borrower or any of its Affiliates that is communicated to or obtained by any Person serving as an Agent or any of its Affiliates in any capacity.

The Administrative Agent shall not be liable for any action taken or not taken by it (i) with the consent or at the request of the Requisite Lenders (or such other number or percentage of the Lenders as shall be necessary, or as the Administrative Agent shall believe in good faith shall be necessary, under the circumstances as provided in *Sections 12.1* and *12.2*) or (ii) in the absence of its own gross negligence or willful misconduct as determined by the final judgment of a court of competent jurisdiction, in connection with its duties expressly set forth herein.

The Administrative Agent shall be deemed not to have knowledge of any Default or Event of Default unless and until notice describing such Default is given to the Administrative Agent by the Borrower, a Lender or an Issuer. Upon the occurrence of a Default or an Event of Default, the Administrative Agent shall take such action with respect to such Default or Event of Default as shall be reasonably directed by the Requisite Lenders. Unless and until the Agent shall have received such direction, the Administrative Agent may (but shall not be obligated to) take such action, or refrain from taking such action, with respect to any such Default or Event of Default as it shall deem advisable in the best interest of the Secured Parties. In no event shall the Administrative Agent be required to comply with any such directions to the extent that the Administrative Agent believes that its compliance with such directions would be unlawful.

No Agent-Related Person shall be responsible for or have any duty to ascertain or inquire into (i) any recital statement, warranty or representation made in or in connection with this Agreement or any other Loan Document, (ii) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith, (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth herein or therein or the occurrence of any Default or Event of Default, (iv) the validity, enforceability, effectiveness or genuineness of this Agreement, any other Loan Document or any other agreement, instrument or document, or the creation, perfection or priority of any Lien purported to be created by the Collateral Documents, (v) the value or the sufficiency of any Collateral, or (vi) the satisfaction of any condition set forth in *Article IV* or elsewhere herein, other than to confirm receipt of items expressly required to be delivered to the Administrative Agent, or (vii) to inspect the properties, books or records of any Loan Party or any Affiliate thereof.

SECTION 11.4 Reliance by the Administrative Agent.

The Administrative Agent shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Internet or intranet website posting or other distribution) believed by it to be genuine and to have been signed, sent or otherwise authenticated by the proper Person. The Administrative Agent also may rely upon any statement made to it orally or by telephone and believed by it to have been made by the proper Person, and shall not incur any liability for relying thereon. In determining compliance with any condition hereunder to the making of a Loan, or the issuance of a Letter of Credit, that by its terms must be fulfilled to the satisfaction of a Lender or the applicable Issuer, the Administrative Agent may presume that such condition is satisfactory to such Lender or such Issuer unless the Administrative Agent shall have received notice to the contrary from such Lender or such Issuer prior to the making of such Loan or the issuance of such Letter of Credit. The Administrative Agent may consult with legal counsel (who may be counsel for the Borrower), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

The Administrative Agent shall be fully justified in failing or refusing to take any action under any Loan Document unless it shall first receive such advice or concurrence of the Requisite Lenders as it deems appropriate and, if it so requests, it shall first be indemnified to its satisfaction by the Lenders against any and all liability and expense which may be incurred by it by reason of taking or continuing to take any such action. The Administrative Agent shall in all cases be fully protected in acting, or in refraining from acting, under this Agreement or any other Loan Document in accordance with a request or consent of the Requisite Lenders (or such greater number of Lenders as may be expressly required hereby in any instance) and such request and any action taken or failure to act pursuant thereto shall be binding upon all the Lenders; provided that the Administrative Agent shall not be required to take any action that, in its opinion or in the opinion of its counsel, may expose the Administrative Agent to liability or that is contrary to any Loan Document or applicable Law.

SECTION 11.5 Delegation of Duties.

The Administrative Agent may perform any and all of its duties and exercise its rights and powers hereunder or under any other Loan Documents by or through any one or more sub-agents appointed by the Administrative Agent. The Administrative Agent and any such sub-agent may perform any and all of its duties and exercise its rights and powers by or through their respective Agent-Related Persons. The exculpatory provisions of this Article shall apply to any such sub-agent and to the Agent-Related Persons of the Administrative Agent and any such sub-agent, and shall apply to their respective activities in connection with the syndication of the credit facilities provided for herein as well as activities as Administrative Agent.

SECTION 11.6 Resignation of Administrative Agent and Collateral Agent.

(a) The Administrative Agent or the Collateral Agent may at any time give notice of its resignation to the Lenders, the Issuers and the Borrower. Upon receipt of any such notice of resignation, the Requisite Lenders shall have the right, with the consent of the Borrower at all times other than during the existence of an Event of Default (which consent of the Borrower shall not be unreasonably withheld or delayed), to appoint a successor, which shall be a Lender or a bank with an office in the United States, or an Affiliate of any such Lender or bank with an office in the United States. If no such successor shall have been so appointed by the Requisite Lenders and shall have accepted such appointment within thirty (30) days after the retiring Administrative Agent or Collateral Agent, as applicable, gives notice of its resignation, then the retiring Administrative Agent or Collateral Agent, as applicable, may on behalf of the Lenders and the Issuers, appoint a successor Administrative Agent or Collateral Agent, as applicable, meeting the qualifications set forth above; *provided* that if the Administrative Agent or the Collateral Agent shall notify the Borrower and the Lenders that no qualifying Person has accepted such appointment, then such resignation shall nonetheless become effective in accordance with such notice and (1) the retiring Administrative Agent or Collateral Agent, as applicable, shall be discharged from its duties and obligations hereunder and under the other Loan Documents (except that in the case of any collateral security held by the Administrative Agent or the Collateral Agent on behalf of the Lenders or the Issuers under any of the Loan Documents, the retiring Agent shall continue to hold such collateral security until such time as a successor of such Agent is appointed) and (2) all payments, communications and determinations provided to be made by, to or through the Administrative Agent shall instead be made by or to each Lender and each Issuer directly, until such time as the Requisite Lenders appoint a successor Administrative Agent as provided for above in this Section 11.6. Upon the acceptance

of a successor's appointment as Administrative Agent or Collateral Agent, as applicable, hereunder and upon the execution and filing or recording of such financing statements, or amendments thereto, and such other instruments or notices, as may be necessary or desirable, or as the Requisite Lenders may request, in order to (i) continue the perfection of the Liens granted or purported to be granted by the Collateral Documents or (ii) otherwise ensure that the Collateral and Guarantee Requirement is satisfied, such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring (or retired) Administrative Agent or Collateral Agent, as applicable, and the retiring Administrative Agent or Collateral Agent, as applicable, shall be discharged from all of its duties and obligations hereunder or under the other Loan Documents (if not already discharged therefrom as provided above in this *Section 11.6*). The fees payable by the Borrower to a successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrower and such successor. After the retiring Agent's resignation hereunder and under the other Loan Documents, the provisions of this Article and *Sections 12.3, 12.4 and 12.5* shall continue in effect for the benefit of such retiring Administrative Agent, its sub agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while the retiring Agent was acting as Administrative Agent or Collateral Agent, as applicable.

(b) Any resignation by Bank of America as Administrative Agent pursuant to this Section shall also constitute its resignation as an Issuer and Swing Loan Lender. Upon the acceptance of a successor's appointment as Administrative Agent hereunder, (i) such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring Issuer and Swing Loan Lender, (ii) the retiring Issuer and Swing Loan Lender shall be discharged from all of their respective duties and obligations hereunder or under the other Loan Documents, and (iii) the successor Issuer shall issue letters of credit in substitution for the Letters of Credit issued by Bank of America, if any, outstanding at the time of such succession or make other arrangements satisfactory to the retiring Issuer to effectively assume the obligations of the retiring Issuer with respect to such Letters of Credit.

SECTION 11.7 Non-Reliance on Administrative Agent and Other Lenders; Disclosure of Information by Agents.

Each Lender and each Issuer acknowledges that no Agent-Related Person has made any representation or warranty to it, and that no act by any Agent hereafter taken, including any consent to and acceptance of any assignment or review of the affairs of any Loan Party or any Affiliate thereof, shall be deemed to constitute any representation or warranty by any Agent-Related Person to any Lender as to any matter, including whether Agent-Related Persons have disclosed material information in their possession. Each Lender represents to each Agent that it has, independently and without reliance upon any Agent-Related Person and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, prospects, operations, property, financial and other condition and creditworthiness of the Loan Parties and their respective Subsidiaries, and all applicable bank or other regulatory Laws relating to the transactions contemplated hereby, and made its own decision to enter into this Agreement and to extend credit to the Borrower and the other Loan Parties hereunder. Each Lender and each Issuer also represents that it will, independently and without reliance upon the Administrative Agent or any other Lender or any of their Agent-Related Persons and based on such documents and information as it shall deem appropriate at the

time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement and the other Loan Documents, and to make such investigations as it deems necessary to inform itself as to the business, prospects, operations, property, financial and other condition and creditworthiness of the Borrower and the other Loan Parties. Except for notices, reports and other documents expressly required to be furnished to the Lenders by any Agent herein, such Agent shall not have any duty or responsibility to provide any Lender with any credit or other information concerning the business, prospects, operations, property, financial and other condition or creditworthiness of any of the Loan Parties or any of their respective Affiliates which may come into the possession of any Agent-Related Person.

SECTION 11.8 No Other Duties; Other Agents, Arrangers, Managers, Etc.

Anything herein to the contrary notwithstanding, none of the Arrangers, Co-Syndication Agents or the Documentation Agent listed on the cover page hereof shall have any powers, duties or responsibilities under this Agreement or any of the other Loan Documents, except in its capacity, as applicable, as the Administrative Agent, the Collateral Agent or a Lender hereunder and such Persons shall have the benefit of this *Article XI*. Without limiting the foregoing, none of the Lenders or other Persons so identified shall have or be deemed to have any agency or fiduciary or trust relationship with any Lender, Holdings, the Borrower or any of their respective Subsidiaries. Each Lender acknowledges that it has not relied, and will not rely, on any of the Lenders or other Persons so identified in deciding to enter into this Agreement or in taking or not taking action hereunder.

SECTION 11.9 Intercreditor Agreement. The Administrative Agent and the Collateral Agent are authorized to enter into the Intercreditor Agreement, and the parties hereto acknowledge that the Intercreditor Agreement is binding upon them. Each Lender (a) hereby consents to the subordination of the Liens on the Collateral other than the Current Asset Collateral securing the Obligations on the terms set forth in the Intercreditor Agreement, (b) hereby agrees that it will be bound by and will take no actions contrary to the provisions of the Intercreditor Agreement and (c) hereby authorizes and instructs the Administrative Agent and the Collateral Agent to enter into the Intercreditor Agreement and to subject the Liens on the Collateral securing the Obligations to the provisions thereof. The foregoing provisions are intended as an inducement to the Secured Parties to extend credit to the Borrower and such Secured Parties are intended third-party beneficiaries of such provisions and the provisions of the Intercreditor Agreement.

SECTION 11.10 Administrative Agent May File Proofs of Claim.

In case of the pendency of any proceeding under any Debtor Relief Law or any other judicial proceeding relative to any Loan Party, the Administrative Agent (irrespective of whether the principal of any Loan or Letter of Credit Obligation shall then be due and payable as herein expressed or by declaration or otherwise and irrespective of whether the Administrative Agent shall have made any demand on the Borrower) shall be entitled and empowered, by intervention in such proceeding or otherwise:

(a) to file and prove a claim for the whole amount of the principal and interest owing and unpaid in respect of the Loans, Letter of Credit Obligations and all other Obligations that are owing and unpaid and to file such other documents as may be necessary or advisable in order to have the claims of the Lenders, the Issuers and the Administrative Agent (including any claim for the reasonable compensation, expenses, disbursements and advances of the Lenders, the Issuers and the Administrative Agent and their respective agents and counsel and all other amounts due the Lenders, the Issuers and the Administrative Agent under Sections 2.12, 12.3 and 12.4) allowed in such judicial proceeding; and

(b) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same;

and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Lender and each Issuer to make such payments to the Administrative Agent and, in the event that the Administrative Agent shall consent to the making of such payments directly to the Lenders and the Issuers, to pay to the Administrative Agent any amount due for the reasonable compensation, expenses, disbursements and advances of the Agents and their respective agents and counsel, and any other amounts due the Administrative Agent under *Sections 2.12, 12.3 and 12.4*.

Nothing contained herein shall be deemed to authorize the Administrative Agent to credit bid any of the Obligations without the consent of the Required Lenders or authorize or consent to or accept or adopt on behalf of any Lender or any Issuer any plan of reorganization, arrangement, adjustment or composition affecting the Obligations or the rights of any Lender or any Issuer to authorize the Administrative Agent to vote in respect of the claim of any Lender or any Issuer in any such proceeding.

SECTION 11.11 Collateral and Guaranty Matters.

Each of the Lenders (including in its capacities as a potential Cash Management Bank and a potential Hedge Bank) and the Issuers irrevocably authorizes the Administrative Agent (including in its capacity as Collateral Agent) to, and the Administrative Agent agrees that it will:

(a) release any Lien on any property granted to or held by the Administrative Agent or the Collateral Agent under any Loan Document (i) upon termination of the Aggregate Commitments and payment in full of all Obligations (other than (x) obligations and liabilities under Secured Hedge Agreements and Cash Management Obligations as to which arrangements satisfactory to the applicable Hedge Bank or Cash Management Bank, respectively shall have been made and (y) contingent indemnification obligations not yet accrued and payable) and the expiration or termination of all Letters of Credit (other than Letters of Credit as to which other arrangements reasonably satisfactory to the Administrative Agent and each applicable Issuer shall have been made), (ii) at the time the property subject to such Lien is transferred or to be transferred as part of or in connection with any transfer permitted hereunder or under any other Loan Document to any Person other than Holdings, the Borrower or any of its Domestic Subsidiaries that are Guarantors, (iii) subject to *Section 12.1*, if the release of such Lien is approved, authorized or ratified in writing by the Requisite Lenders, or (iv) if the property subject to such Lien is owned by a Guarantor, upon release of such Guarantor from its obligations under its Guaranty pursuant to clause (c) below;

(b) release or subordinate any Lien on any property granted to or held by the Administrative Agent or the Collateral Agent under any Loan Document to the holder of any Lien on such property that is permitted by *Section 9.1(i)*;

(c) release any Guarantor from its obligations under the Guaranty if (i) in the case of any Subsidiary, such Person ceases to be a Restricted Subsidiary as a result of a transaction or designation permitted hereunder or (ii) in the case of Holdings, as a result of a transaction permitted hereunder; *provided* that no such release shall occur if such Guarantor continues to be a guarantor in respect of the Term Facility, Senior Notes or any Junior Financing; and

(d) if any Guarantor shall cease to be a Material Domestic Subsidiary (as certified in writing by a Responsible Officer of the Borrower), and the Borrower notifies the Administrative Agent in writing that it wishes such Guarantor to be released from its obligations under the Guaranty and provides the Administrative Agent and the Collateral Agent such certifications or documents as either such Agent shall reasonably request, (i) release such Subsidiary from its obligations under the Guaranty and (ii) release any Liens granted by such Subsidiary or Liens on the Equity Interests of such Subsidiary; *provided* that no such release shall occur if such Subsidiary continues to be a guarantor in respect of the Term Facility, the Senior Notes or any Junior Financing.

Upon request by the Administrative Agent at any time, the Requisite Lenders will confirm in writing the Collateral Agent's authority to release or subordinate its interest in particular types or items of property, or to release any Guarantor from its obligations under the Guaranty pursuant to this *Section 11.11*. In each case as specified in this *Section 11.11*, the applicable Agent will (and each Lender irrevocably authorizes the applicable Agent to), at the Borrower's expense, execute and deliver to the applicable Loan Party such documents as such Loan Party may reasonably request to evidence the release or subordination of such item of Collateral from the assignment and security interest granted under the Collateral Documents, or to evidence the release of such Guarantor from its obligations under the Guaranty, in each case in accordance with the terms of the Loan Documents and this *Section 11.11*.

SECTION 11.12 Secured Cash Management Agreements and Secured Hedge Agreements.

(a) Except as otherwise expressly set forth herein or in any Guaranty or any Collateral Document, no Cash Management Bank or Hedge Bank that obtains the benefits of *Section 10.3*, any Guaranty or any Collateral by virtue of the provisions hereof or of any Guaranty or any Collateral Document shall have any right to notice of any action or to consent to, direct or object to any action hereunder or under any other Loan Document or otherwise in respect of the Collateral (including the release or impairment of any Collateral) other than in its capacity as a Lender and, in such case, only to the extent expressly provided in the Loan Documents. Notwithstanding any other provision of this *Article XI* to the contrary, the Administrative Agent shall not be required to verify the payment of, or that other satisfactory arrangements have been made with respect to, Obligations arising under Secured Cash Management Agreements and Secured Hedge Agreements unless the Administrative Agent has received written notice of such Obligations, together with such supporting documentation as the Administrative Agent may request, from the applicable Cash Management Bank or Hedge Bank, as the case may be.

(b) Each Secured Party hereby agrees (i) that, after the occurrence and during the continuance of a Cash Dominion Period (and thereafter at such frequency as the Administrative Agent may reasonably request in writing), it will provide to the Administrative Agent, promptly upon the written request of the Administrative Agent, a summary of all Obligations owing to it under this Agreement and (ii) that the benefit of the provisions of the Loan Documents directly relating to the Collateral or any Lien granted thereunder shall extend to and be available to any Secured Party that is not an Agent, a Lender or an Issuer party hereto as long as, by accepting such benefits, such Secured Party agrees, as among Agent and all other Secured Parties, that such Secured Party is bound by (and, if requested by Agent, shall confirm such agreement in a writing in form and substance reasonably acceptable to Agent) this *Article XI* and *Sections 3.1, Sections 12.4, 12.6, 12.19, 12.23 and 12.26* and the Intercreditor Agreement, and the decisions and actions of any Agent and the Requisite Lenders (or, where expressly required by the terms of this Agreement, a greater proportion of the Lenders or other parties hereto as required herein) to the same extent a Lender is bound; *provided, however*, that, notwithstanding the foregoing *clause (ii)*, (x) such Secured Party shall be bound by the provisions set forth above only to the extent of liabilities, reimbursement obligations, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses, or disbursements with respect to or otherwise relating to the Liens and Collateral held for the benefit of such Secured Party, in which case the obligations of such Secured Party thereunder shall not be limited by any concept of pro rata share or similar concept, (y) each of the Agents, the Lenders and the Issuers party hereto shall be entitled to act at its sole discretion, without regard to the interest of such Secured Party, regardless of whether any Obligation to such Secured Party thereafter remains outstanding, is deprived of the benefit of the Collateral, becomes unsecured or is otherwise affected or put in jeopardy thereby, and without any duty or liability to such Secured Party or any such Obligation and (z) such Secured Party shall not have any right to be notified of, consent to, direct, require or be heard with respect to, any action taken or omitted in respect of the Collateral or under any Loan Document.

SECTION 11.13 Indemnification of Agents.

Whether or not the transactions contemplated hereby are consummated, the Lenders shall indemnify upon demand the Administrative Agent and each other Agent-Related Person (solely to the extent any such Agent-Related Person was performing services on behalf of the Administrative Agent) (to the extent not reimbursed by or on behalf of any Loan Party and without limiting the obligation of any Loan Party to do so), pro rata, and hold harmless the Administrative Agent and each other Agent-Related Person (solely to the extent any such Agent-Related Person was performing services on behalf of the Administrative Agent) from and against any and all Indemnified Liabilities incurred by it; provided that no Lender shall be liable for the payment to any Agent-Related Person of any portion of such Indemnified Liabilities resulting from such Agent-Related Person's own gross negligence or willful misconduct, as determined by the final judgment of a court of competent jurisdiction; provided that no action taken in accordance with the directions of the Requisite Lenders (or such other number or percentage of the Lenders as shall be required by the Loan Documents) shall be deemed to constitute gross negligence or willful misconduct for purposes of this *Section 11.13*. In the case of any

investigation, litigation or proceeding giving rise to any Indemnified Liabilities, this *Section 11.13* applies whether any such investigation, litigation or proceeding is brought by any Lender or any other Person. Without limitation of the foregoing, each Lender shall reimburse the Administrative Agent upon demand for its ratable share of any costs or out-of-pocket expenses (including Attorney Costs) incurred by the Administrative Agent in connection with the preparation, execution, delivery, administration, modification, amendment or enforcement (whether through negotiations, legal proceedings or otherwise) of, or legal advice in respect of rights or responsibilities under, this Agreement, any other Loan Document, or any document contemplated by or referred to herein, to the extent that the Administrative Agent is not reimbursed for such expenses by or on behalf of the Borrower, *provided* that such reimbursement by the Lenders shall not affect the Borrower's continuing reimbursement obligations with respect thereto, *provided further* that the failure of any Lender to indemnify or reimburse the Administrative Agent shall not relieve any other Lender of its obligation in respect thereof. The undertaking in this *Section 11.13* shall survive termination of the Aggregate Commitments, the payment of all other Obligations and the resignation of the Administrative Agent, the Swing Loan Lender or any Issuer.

ARTICLE XII

MISCELLANEOUS

SECTION 12.1 Amendments, Etc. Except as otherwise set forth in this Agreement, no amendment or waiver of any provision of this Agreement or any other Loan Document, and no consent to any departure by the Borrower or any other Loan Party therefrom, shall be effective unless in writing signed by the Requisite Lenders and the Borrower or the applicable Loan Party, as the case may be, and each such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; *provided* that, no such amendment, waiver or consent shall:

(a) extend or increase the Revolving Credit Commitment of any Lender without the written consent of each Lender directly affected thereby (it being understood that (i) a waiver of any condition precedent set forth in *Section 4.2* and (ii) the waiver of any Default, mandatory prepayment or mandatory reduction of the Revolving Credit Commitments shall not constitute an extension or increase of any Revolving Credit Commitment of any Lender);

(b) postpone any date scheduled for, or reduce the amount of, any payment of principal or interest under *Section 2.6* or *2.10* without the written consent of each Lender directly affected thereby, it being understood that the waiver of (or amendment to the terms of) any mandatory prepayment of the Loans shall not constitute a postponement of any date scheduled for the payment of principal or interest;

(c) reduce the principal of, or the rate of interest specified herein on, any Loan or Letter of Credit Borrowing, or (subject to *clause (iii)* of the second proviso to this *Section 12.1*) any fees or other amounts payable hereunder or under any other Loan Document without the written consent of each Lender directly affected thereby (it being understood that any change to any component of "Excess Availability" shall not constitute a reduction in the rate of interest; *provided* that only the consent of the Requisite Lenders shall be necessary to amend the definition of "Default Rate" or to waive any obligation of the Borrower to pay interest at the Default Rate;

(d) change any provision of this *Section 12.1*, the definition of “Requisite Lenders”, “Supermajority Lenders” or any other provision specifying the number of Lenders or portion of the Loans or Revolving Credit Commitments required to take any action under the Loan Documents, without the written consent of each Lender affected thereby;

(e) other than in a transaction permitted under *Section 9.4* or *9.5*, release all or substantially all of the Collateral in any transaction or series of related transactions, without the written consent of each Lender;

(f) other than in a transaction permitted under *Section 9.4* or *9.5*, release all or substantially all of the aggregate value of the Guaranty, without the written consent of each Lender;

(g) change the definition of the term “Borrowing Base” or any component definition thereof, but excluding the definition of “Eligible Accounts Advance Rate”, “Credit Card Advance Rate”, “Letter of Credit Advance Rate”, “Eligible Inventory Advance Rate” or “In-Transit Advance Rate”, in each case the amendment or modifications of which shall be subject to *clause (h)* below, if as a result thereof the amounts available to be borrowed by the Borrower would be increased, without the written consent of the Supermajority Lenders, *provided* that the foregoing shall not limit the discretion of the Administrative Agent to change, establish or eliminate any Availability Reserves, Inventory Reserves or Shrink Reserves without the consent of any Lenders; or

(h) increase the numerical percentage contained in Eligible Accounts Advance Rate, Credit Card Advance Rate, Letter of Credit Advance Rate, Eligible Inventory Advance Rate or In-Transit Advance Rate without the written consent of each Lender; *provided* that the foregoing shall not limit the discretion of the Administrative Agent to change, establish or eliminate any Availability Reserves, Inventory Reserves or Shrink Reserves without the consent of any Lenders;

(i) except as provided by operation of applicable Law or in the Intercreditor Agreement, without the prior written consent of all Lenders directly affected thereby, (i) subordinate the Obligations hereunder to any other Indebtedness, or (ii) subordinate the Liens granted hereunder or under the other Loan Documents to any other Lien; or

(j) change the order of the application of funds specified in *Section 10.3* without the written consent of each Lender directly affected thereby;

and *provided further* that (i) no amendment, waiver or consent shall, unless in writing and signed by each Issuer in addition to the Lenders required above, affect the rights or duties of an Issuer under this Agreement or any Issuer Document relating to any Letter of Credit issued or to be issued by it; (ii) no amendment, waiver or consent shall, unless in writing and signed by the

Swing Loan Lender in addition to the Lenders required above, affect the rights or duties of the Swing Loan Lender under this Agreement; (iii) no amendment, waiver or consent shall, unless in writing and signed by the Administrative Agent in addition to the Lenders required above, affect the rights or duties of, or any fees or other amounts payable to, the Administrative Agent under this Agreement or any other Loan Document; and (iv) *Section 12.2(g)* may not be amended, waived or otherwise modified without the consent of each Granting Lender all or any part of whose Loans are being funded by an SPC at the time of such amendment, waiver or other modification; and (v) the consent of Requisite Lenders shall be required with respect to any amendment that by its terms adversely affects the rights of the Lenders under such Facility in respect of payments hereunder in a manner different than such amendment affects other Revolving Loan. Notwithstanding anything to the contrary herein, no Defaulting Lender shall have any right to approve or disapprove any amendment, waiver or consent hereunder (and any amendment, waiver or consent which by its terms requires the consent of all Lenders or each affected Lender may be effected with the consent of the applicable Lenders other than Defaulting Lenders), except that (x) the Revolving Credit Commitment of any Defaulting Lender may not be increased or extended without the consent of such Lender and (y) any waiver, amendment or modification requiring the consent of all Lenders or each affected Lender that by its terms affects any Defaulting Lender more adversely than other affected Lenders shall require the consent of such Defaulting Lender.

Notwithstanding anything to the contrary contained in *Section 12.1*, guarantees, collateral security documents and related documents executed by Subsidiaries in connection with this Agreement may be in a form reasonably determined by the Administrative Agent and may be, together with this Agreement, amended and waived with the consent of the Administrative Agent at the request of the Borrower without the need to obtain the consent of any other Lender if such amendment or waiver is delivered in order (i) to comply with local Law or advice of local counsel, (ii) to cure ambiguities or defects or (iii) to cause such guarantee, collateral security document or other document to be consistent with this Agreement and the other Loan Documents.

If any Lender does not consent to a proposed amendment, waiver, consent or release with respect to any Loan Document that requires the consent of each Lender and that has been approved by the Requisite Lenders, the Borrower may replace such non-consenting Lender in accordance with *Section 3.7*; *provided* that such amendment, waiver, consent or release can be effected as a result of the assignment contemplated by such Section (together with all other such assignments required by the Borrower to be made pursuant to this paragraph).

SECTION 12.2 Successors and Assigns.

(a) *Successors and Assigns Generally.* The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns permitted hereby, except that neither Holdings nor the Borrower may, except as permitted by *Section 9.4*, assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of the Administrative Agent and each Lender and no Lender may assign or otherwise transfer any of its rights or obligations hereunder except (i) to an assignee in accordance with the provisions of *subsection (b)* of this Section, (ii) by way of participation in accordance with the provisions of *subsection (d)* of this Section, or (iii) by way

of pledge or assignment of a security interest subject to the restrictions of *subsection (f)* of this Section, or (iv) to an SPC in accordance with the provisions of *subsection (g)* of this Section (and any other attempted assignment or transfer by any party hereto shall be null and void). Nothing in this Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors and assigns permitted hereby, Participants to the extent provided in *subsection (d)* of this Section and, to the extent expressly contemplated hereby, the Related Parties of each of the Administrative Agent, the Issuers and the Lenders) any legal or equitable right, remedy or claim under or by reason of this Agreement.

(b) *Assignments by Lenders.* Any Lender may at any time assign to one or more Eligible Assignees all or a portion of its rights and obligations under this Agreement (including all or a portion of its Revolving Credit Commitment and the Loans (including for purposes of this subsection (b), participations in Letter of Credit Obligations and in Swing Loans) at the time owing to it); provided that any such assignment shall be subject to the following conditions:

(i) *Minimum Amounts.*

(A) in the case of an assignment of the entire remaining amount of the assigning Lender's Revolving Credit Commitment and the Loans of any Class at the time owing to it or in the case of an assignment to a Lender, an Affiliate of a Lender or an Approved Fund, no minimum amount need be assigned; and

(B) in any case not described in *subsection (b)(i)(A)* of this Section, the aggregate amount of the Revolving Credit Commitment (which for this purpose includes Loans outstanding thereunder) or, if the Revolving Credit Commitment is not then in effect, the principal outstanding balance of the Loans of the assigning Lender subject to each such assignment, determined as of the date the Assignment and Assumption with respect to such assignment is delivered to the Administrative Agent or, if "Trade Date" is specified in the Assignment and Assumption, as of the Trade Date, shall not be less than \$1,000,000 unless each of the Administrative Agent and, so long as no Event of Default under *Section 10.1(a)* or *(f)*, solely with respect to the Borrower, has occurred and is continuing, the Borrower otherwise consents (each such consent not to be unreasonably withheld or delayed); *provided, however*, that concurrent assignments to members of an Assignee Group and concurrent assignments from members of an Assignee Group to a single Eligible Assignee (or to an Eligible Assignee and members of its Assignee Group) will be treated as a single assignment for purposes of determining whether such minimum amount has been met.

(ii) *Proportionate Amounts.* Each partial assignment shall be made as an assignment of a proportionate part of all the assigning Lender's rights and obligations under this Agreement with respect to the Loans or the Revolving Credit Commitment assigned, except that this clause (ii) shall not apply to rights in respect of the Swing Loan Lender's rights and obligations in respect of Swing Loans;

(iii) *Required Consents.* No consent shall be required for any assignment except to the extent required by *subsection (b)(i)(B)* of this Section and, in addition:

(A) the consent of the Borrower (such consent not to be unreasonably withheld) shall be required unless (1) an Event of Default under *Section 10.1(a)* or, solely with respect to the Borrower, *Section 10.1(f)*, has occurred and is continuing at the time of such assignment or (2) such assignment is to a Lender, an Affiliate of a Lender or an Approved Fund;

(B) the consent of the Administrative Agent (such consent not to be unreasonably withheld or delayed) shall be required if such assignment is to a Person that is not a Lender, an Affiliate of such Lender or an Approved Fund with respect to such Lender;

(C) the consent of the Issuers (such consent not to be unreasonably withheld or delayed) shall be required for any assignment that increases the obligation of the assignee to participate in exposure under one or more Letters of Credit (whether or not then outstanding); and

(D) the consent of the Swing Loan Lender (such consent not to be unreasonably withheld or delayed) shall be required for any assignment;

(iv) *Assignment and Assumption.* The parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Assumption, together with a processing and recordation fee of \$3,500; *provided, however*, that the Administrative Agent may, in its sole discretion, elect to waive such processing and recordation fee in the case of any assignment. The Eligible Assignee, if it is not a Lender, shall deliver to the Administrative Agent an Administrative Questionnaire. All assignments shall be by novation.

(v) *No Assignment to Certain Persons.* No such assignment shall be made (A) to Holdings, the Borrower or any of the Borrower's Affiliates or Subsidiaries (including the Sponsor), or (B) to any Defaulting Lender or any of its Subsidiaries, or any Person who, upon becoming a Lender hereunder, would constitute any of the foregoing Persons described in this *clause (B)*, (C) to a natural person or an investment vehicle of a natural person or (D) any Disqualified Institution to the extent that the list of Disqualified Institutions has been provided to all Public Lenders on the Platform.

(vi) *Certain Additional Payments.* In connection with any assignment of rights and obligations of any Defaulting Lender hereunder, no such assignment shall be effective unless and until, in addition to the other conditions thereto set forth herein, the parties to the assignment shall make such additional payments to the Administrative Agent in an aggregate amount sufficient, upon distribution

thereof as appropriate (which may be outright payment, purchases by the assignee of participations or subparticipations, or other compensating actions, including funding, with the consent of the Borrower and the Administrative Agent, the applicable pro rata share of Loans previously requested but not funded by the Defaulting Lender, to each of which the applicable assignee and assignor hereby irrevocably consent), to (x) pay and satisfy in full all payment liabilities then owed by such Defaulting Lender to the Administrative Agent or any Lender hereunder (and interest accrued thereon) and (y) acquire (and fund as appropriate) its full pro rata share of all Loans and participations in Letters of Credit and Swing Loans in accordance with its Applicable Percentage. Notwithstanding the foregoing, in the event that any assignment of rights and obligations of any Defaulting Lender hereunder shall become effective under applicable Law without compliance with the provisions of this paragraph, then the assignee of such interest shall be deemed to be a Defaulting Lender for all purposes of this Agreement until such compliance occurs.

Subject to acceptance and recording thereof by the Administrative Agent pursuant to *clause (c)* of this Section, from and after the effective date specified in each Assignment and Assumption, the assignee thereunder shall be a party to this Agreement and, to the extent of the interest assigned by such Assignment and Assumption, have the rights and obligations of a Lender under this Agreement, and the assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Assumption, be released from its obligations under this Agreement (and, in the case of an Assignment and Assumption covering all of the assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto but shall continue to be entitled to the benefits of *Sections 3.1, 3.4, 3.5, 12.3, 12.4 and 12.5* with respect to facts and circumstances occurring prior to the effective date of such assignment). Upon request, and the surrender by the assigning Lender of its Revolving Credit Note, the Borrower (at its expense) shall execute and deliver a Revolving Credit Note to the assignee Lender. Any assignment or transfer by a Lender of rights or obligations under this Agreement that does not comply with this subsection shall be treated for purposes of this Agreement as a sale by such Lender of a participation in such rights and obligations in accordance with *subsection (d)* of this Section.

(c) *Register*. The Administrative Agent, acting solely for this purpose as a non-fiduciary agent of the Borrower (and such agency being solely for tax purposes), shall maintain at the Administrative Agent's Office a copy of each Assignment and Assumption delivered to it and a register for the recordation of the names and addresses of the Lenders, and the Revolving Credit Commitments of, and principal amounts (and related interest amounts) of the Loans and Letter of Credit Obligations owing to, each Lender pursuant to the terms hereof from time to time (the "*Register*"). The entries in the Register shall be conclusive absent manifest error, and the Borrower, the Agents and the Lenders shall treat each Person whose name is recorded in the Register pursuant to the terms hereof as a Lender hereunder for all purposes of this Agreement, notwithstanding notice to the contrary. In addition, the Administrative Agent shall maintain on the Register information regarding the designation, and revocation of designation, of any Lender as a Defaulting Lender. The Register shall be available for inspection by the Borrower and any Lender, at any reasonable time and from time to time upon reasonable prior notice. This *Section 12.2(c)* and *Section 2.7* shall be construed so that all Loans are at all times maintained in "registered form" within the meaning of *Sections 163(f), 871(h)(2) and 881(c)(2)* of the Code and any related Treasury regulations (or any other relevant or successor provisions of the Code or of such Treasury regulations).

(d) Any Lender may at any time, without the consent of, or notice to, the Borrower or the Administrative Agent, sell participations to any Person (other than a natural person or an investment vehicle of a natural person, any Disqualified Institution to the extent that the list of Disqualified Institutions has been provided to all Public Lenders on the Platform, a Defaulting Lender or the Borrower or any of the Borrower's Affiliates or Subsidiaries) (each, a "*Participant*") in all or a portion of such Lender's rights and/or obligations under this Agreement (including all or a portion of its Revolving Credit Commitment and/or the Loans (including such Lender's participations in Letter of Credit Obligations and/or Swing Loans) owing to it); *provided* that (i) such Lender's obligations under this Agreement shall remain unchanged, (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations and (iii) the Borrower, the Agents, the other Lenders and the Issuers shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement.

Any agreement or instrument pursuant to which a Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce this Agreement and the other Loan Documents and to approve any amendment, modification or waiver of any provision of this Agreement or any other Loan Document; *provided* that such agreement or instrument may provide that such Lender will not, without the consent of the Participant, agree to any amendment, waiver or other modification described in the first proviso to *Section 12.1* (other than *clause (d)* thereof) that directly affects such Participant. Subject to *subsection (e)* of this Section, the Borrower agrees that each Participant shall be entitled (through the applicable Lender) to the benefits of *Sections 3.1, 3.4 and 3.5* (subject to the requirements and limitations of such Sections (including the limitation in the definition of "Excluded Taxes"), and *Sections 3.6(a) and 3.7*, as if the Participant were a Lender) to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to *subsection (b)* of this Section. To the extent permitted by applicable Law, each Participant also shall be entitled to the benefits of *Section 12.6* as though it were a Lender, *provided* such Participant agrees to be subject to *Section 12.7* as though it were a Lender.

(e) *Limitations upon Participant Rights.* A Participant shall not be entitled to receive any greater payment under *Section 3.1, 3.4 or 3.5* than the applicable Lender would have been entitled to receive with respect to the participation sold to such Participant, unless the sale of the participation to such Participant is made with the Borrower's prior written consent. A Participant shall not be entitled to the benefits of *Section 3.1* unless the Borrower is notified of the participation sold to such Participant, the applicable Lender (acting solely for this purpose as a non-fiduciary agent of the Borrower) maintains a register complying with the requirements of Sections 163(f), 871(h) and 881(c)(2) of the Code and the Treasury regulations issued thereunder relating to the exemption from withholding for portfolio interest on which is entered the name and address of each Participant and the principal amounts (and stated interest) of each Participant's interest in the Loans or other obligations under this Agreement (the "*Participant Register*") and such Participant agrees, for the benefit of the Borrower, to comply and does in fact comply with *Section 3.1* as though it were a Lender. No Lender shall have any obligation to

disclose all or any portion of the Participant Register to any Person (including the identity of any Participant or any information relating to a Participant's interest in any Commitments, Loans or its other obligations under this Agreement) except to the extent that the relevant parties, acting reasonably and in good faith, determine that such disclosure is necessary to establish that such Commitment, Loan or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury regulations. Unless otherwise required by the IRS, any disclosure required by the foregoing sentence shall be made by the relevant Lender directly and solely to the IRS. The entries in the Participant Register shall be conclusive, absent manifest error, and such Lender shall treat each person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary.

(f) Any Lender may, at any time, pledge or assign a security interest in all or any portion of its rights under this Agreement (including under its Revolving Credit Note, if any) to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank; *provided* that no such pledge or assignment shall release such Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto.

(g) Notwithstanding anything to the contrary contained herein, any Lender (a "*Granting Lender*") may grant to a special purpose funding vehicle identified as such in writing from time to time by the Granting Lender to the Administrative Agent and the Borrower (an "*SPC*") the option to provide all or any part of any Revolving Loan that such Granting Lender would otherwise be obligated to make pursuant to this Agreement; *provided* that (i) nothing herein shall constitute a commitment by any SPC to fund any Revolving Loan, and (ii) if an SPC elects not to exercise such option or otherwise fails to make all or any part of such Revolving Loan, the Granting Lender shall be obligated to make such Revolving Loan pursuant to the terms hereof or, if it fails to do so, to make such payment to the Administrative Agent as is required under *Section 2.13(e)*. Each party hereto hereby agrees that (i) neither the grant to any SPC nor the exercise by any SPC of such option shall increase the costs or expenses or otherwise increase or change the obligations of the Borrower under this Agreement (including its obligations under *Sections 3.1, 3.4 and 3.5*, but such obligations under *Section 3.1* as to an SPC will only exist if the SPC satisfies the requirements of *Section 3.1* as if it were a Lender), (ii) no SPC shall be liable for any indemnity or similar payment obligation under this Agreement for which a Lender would be liable, and (iii) the Granting Lender shall for all purposes, including the approval of any amendment, waiver or other modification of any provision of any Loan Document, remain the lender of record hereunder. The making of a Revolving Loan by an SPC hereunder shall utilize the Revolving Credit Commitment of the Granting Lender to the same extent, and as if, such Revolving Loan were made by such Granting Lender. In furtherance of the foregoing, each party hereto hereby agrees (which agreement shall survive the termination of this Agreement) that, prior to the date that is one year and one day after the payment in full of all outstanding commercial paper or other senior debt of any SPC, it will not institute against, or join any other Person in instituting against, such SPC any bankruptcy, reorganization, arrangement, insolvency, or liquidation proceeding under the laws of the United States or any State thereof. Notwithstanding anything to the contrary contained herein, any SPC may (i) with notice to, but without prior consent of the Borrower and the Administrative Agent and with the payment of a processing fee of \$3,500 (which processing fee may be waived by the Administrative Agent in

its sole discretion), assign all or any portion of its right to receive payment with respect to any Revolving Loan to the Granting Lender and (ii) disclose on a confidential basis any non-public information relating to its funding of Revolving Loans to any rating agency, commercial paper dealer or provider of any surety or Guarantee or credit or liquidity enhancement to such SPC.

(h) *Resignation as Issuer or Swing Loan Lender after Assignment.* Notwithstanding anything to the contrary contained herein, if at any time Bank of America or any other Issuer assigns all of its Revolving Credit Commitment and Revolving Loans pursuant to *subsection (b)* above, Bank of America or the applicable Issuer may, (i) upon thirty (30) days' notice to the Borrower and the Lenders, resign as Issuer and/or (ii) if applicable, upon thirty (30) days' notice to the Borrower, resign as Swing Loan Lender. In the event of any such resignation as Issuer or Swing Loan Lender, the Borrower shall be entitled to appoint from among the Lenders a successor Issuer or Swing Loan Lender hereunder; *provided, however*, that no failure by the Borrower to appoint any such successor shall affect the resignation of Bank of America or the applicable Issuer as Issuer or (as applicable) Swing Loan Lender, as the case may be. If Bank of America or the applicable Issuer resigns as Issuer, it shall retain all the rights, powers, privileges and duties of an Issuer hereunder with respect to all Letters of Credit outstanding as of the effective date of its resignation as Issuer and all Letter of Credit Obligations with respect thereto (including the right to require the Lenders to make Base Rate Loans or fund risk participations in unreimbursed amounts under Letters of Credit pursuant to *Section 2.4*). If Bank of America resigns as Swing Loan Lender, it shall retain all the rights of the Swing Loan Lender provided for hereunder with respect to Swing Loans made by it and outstanding as of the effective date of such resignation, including the right to require the Lenders to make Base Rate Loans or fund risk participations in outstanding Swing Loans pursuant to *Section 2.3*. Upon the appointment of a successor Issuer and/or Swing Loan Lender, (a) such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring Issuer or Swing Loan Lender, as the case may be, and (b) the successor Issuer shall issue letters of credit in substitution for the Letters of Credit, if any, outstanding at the time of such succession or make other arrangements satisfactory to Bank of America or the applicable Issuer to effectively assume the obligations of Bank of America or the applicable Issuer with respect to such Letters of Credit.

SECTION 12.3 Costs and Expenses.

The Borrower agrees (a) if the Effective Date occurs, to pay or reimburse the Administrative Agent and the Arrangers for all reasonable and documented out-of-pocket costs and expenses incurred in connection with the preparation, negotiation, syndication and execution of this Agreement and the other Loan Documents and any amendment, waiver, consent or other modification of the provisions hereof and thereof (whether or not the transactions contemplated thereby are consummated), and the consummation and administration of the transactions contemplated hereby and thereby, including all Attorney Costs of Riemer & Braunstein LLP and, if reasonably necessary, one local counsel in each relevant jurisdiction material to the interests of the Lenders taken as a whole, and (b) to pay or reimburse the Administrative Agent, the Issuers and the Lenders for all reasonable and documented out-of-pocket costs and expenses incurred in connection with the enforcement of any rights or remedies under this Agreement or the other Loan Documents (including all such costs and expenses incurred during any legal proceeding, including any proceeding under any Debtor Relief Law, and including all Attorney Costs of one

counsel to the Administrative Agent, the Issuers and the Lenders taken as a whole (and, if reasonably necessary, one local counsel in any relevant material jurisdiction and, in the event of any conflict of interest, one additional counsel in each relevant jurisdiction to each group of affected Lenders similarly situated taken as a whole of the affected parties)). The agreements in this *Section 12.3* shall survive the termination of the Aggregate Commitments and repayment of all other Obligations. All amounts due under this *Section 12.3* shall be paid promptly following receipt by the Borrower of an invoice relating thereto setting forth such expenses in reasonable detail and such supporting material as the Borrower may reasonably request. If any Loan Party fails to pay when due any costs, expenses or other amounts payable by it hereunder or under any Loan Document, such amount may be paid on behalf of such Loan Party by the Administrative Agent in its sole discretion.

SECTION 12.4 Indemnities.

The Borrower shall indemnify and hold harmless the Agents, each Lender, each Issuer, the Arrangers and their respective Affiliates, directors, officers, employees, agents, partners, trustees or advisors and other representatives (collectively the “*Indemnitees*”) from and against any and all liabilities, obligations, losses, damages, penalties, claims, demands, actions, judgments, suits, costs, expenses and disbursements (including Attorney Costs) of any kind or nature whatsoever which may at any time be imposed on, incurred by or asserted against any such Indemnatee in any way relating to or arising out of or in connection with (but limited, in the case of legal fees and expenses, to the reasonable and documented out-of-pocket fees, disbursements and other charges of one counsel to all Indemnitees taken as a whole and, if reasonably necessary, a single local counsel for all Indemnitees taken as a whole in each relevant jurisdiction that is material to the interest of the Lenders, and solely in the case of a conflict of interest, one additional counsel in each relevant jurisdiction to each group of affected Indemnitees similarly situated taken as a whole) (i) the execution, delivery, enforcement, performance or administration of any Loan Document or any other agreement, letter or instrument delivered in connection with the transactions contemplated thereby or the consummation of the transactions contemplated thereby, (ii) any Revolving Credit Commitment, Loan or Letter of Credit or the use or proposed use of the proceeds therefrom (including any refusal by an Issuer to honor a demand for payment under a Letter of Credit if the documents presented in connection with such demand do not strictly comply with the terms of such Letter of Credit), or (iii) any actual or alleged presence or release of Hazardous Materials on or from any property currently or formerly owned or operated by the Borrower, any Subsidiary or any other Loan Party, or any Environmental Liabilities arising out of the activities or operations of the Borrower, any Subsidiary or any other Loan Party, or (iv) any actual or prospective claim, litigation, investigation or proceeding relating to any of the foregoing, whether based on contract, tort or any other theory (including any investigation of, preparation for, or defense of any pending or threatened claim, investigation, litigation or proceeding) and regardless of whether any Indemnatee is a party thereto (all the foregoing, collectively, the “*Indemnified Liabilities*”); *provided* that such indemnity shall not, as to any Indemnatee, be available to the extent that such liabilities, obligations, losses, damages, penalties, claims, demands, actions, judgments, suits, costs, expenses or disbursements resulted from (x) the gross negligence, bad faith or willful misconduct of such Indemnatee or of any affiliate, director, officer, employee or agent of such Indemnatee, (y) a material breach of any obligations under any Loan Document by such Indemnatee or of any Related Indemnified Person, in each case as determined by a final, non-

appealable judgment of a court of competent jurisdiction or (z) any dispute solely among Indemnitees other than any claims against an Indemnatee in its capacity or in fulfilling its role as an administrative agent or arranger or any similar role under the Facility and other than any claims arising out of any act or omission of the Borrower or any of its Affiliates. To the extent that the undertakings to indemnify and hold harmless set forth in this *Section 12.4* may be unenforceable in whole or in part because they are violative of any applicable law or public policy, the Borrower shall contribute the maximum portion that it is permitted to pay and satisfy under applicable law to the payment and satisfaction of all Indemnified Liabilities incurred by the Indemnitees or any of them. No Indemnatee shall be liable for any damages arising from the use by others of any information or other materials obtained through IntraLinks or other similar information transmission systems in connection with this Agreement, nor shall any Indemnatee or any Loan Party have any liability for any special, punitive, indirect or consequential damages relating to this Agreement or any other Loan Document or arising out of its activities in connection herewith or therewith (whether before or after the Effective Date) (other than, in the case of any Loan Party, in respect of any such damages incurred or paid by an Indemnatee to a third party). In the case of an investigation, litigation or other proceeding to which the indemnity in this *Section 12.4* applies, such indemnity shall be effective whether or not such investigation, litigation or proceeding is brought by any Loan Party, its directors, stockholders or creditors or an Indemnatee or any other Person, whether or not any Indemnatee is otherwise a party thereto and whether or not any of the transactions contemplated hereunder or under any of the other Loan Documents is consummated. All amounts due under this *Section 12.4* shall be paid within twenty (20) Business Days after written demand therefor. The agreements in this *Section 12.4* shall survive the resignation of the Administrative Agent, the Collateral Agent, the Swing Loan Lender or any Issuer, the replacement of any Lender, the termination of the Aggregate Commitments and the repayment, satisfaction or discharge of all the other Obligations. This *Section 12.4* shall not apply to Taxes, which shall be governed by *Section 3.1*. This *Section 12.4* also shall not apply to Other Taxes or to Taxes covered by *Section 3.4*.

SECTION 12.5 Limitation of Liability.

The Loan Parties agree that no Indemnatee shall have any liability (whether in contract, tort or otherwise) to any Loan Party or any of their respective Subsidiaries or any of their respective equity holders or creditors for or in connection with the transactions contemplated hereby and in the other Loan Documents, except to the extent such liability is determined in a final non-appealable judgment by a court of competent jurisdiction to have resulted from such Indemnatee's gross negligence or willful misconduct or bad faith or breach by such Indemnatee of its material obligations under this Agreement. In no event, shall any party hereto or any Indemnatee be liable on any theory of liability for any special, indirect, consequential or punitive damages (including, without limitation, any loss of profits, business or anticipated savings). Each party hereto hereby waives, releases and agrees (each for itself and on behalf of its Subsidiaries) not to sue upon any such claim for any special, indirect, consequential or punitive damages, whether or not accrued and whether or not known or suspected to exist in its favor.

SECTION 12.6 Right of Set-off.

If an Event of Default shall have occurred and be continuing, each Lender and each of its Affiliates is hereby authorized at any time and from time to time, after obtaining the prior written consent of the Administrative Agent, to the fullest extent permitted by applicable law, to set off and apply any and all deposits (general or special, time or demand, provisional or final, in whatever currency) at any time held and other obligations (in whatever currency) at any time owing by such Lender or any such Affiliate to or for the credit or the account of the Borrower or any other Loan Party against any and all of the obligations of the Borrower or such other Loan Party now or hereafter existing under this Agreement or any other Loan Document to such Lender, irrespective of whether or not such Lender shall have made any demand under this Agreement or any other Loan Document and although such obligations of the Borrower or such Loan Party may be contingent or unmatured or are owed to a branch or office of such Lender different from the branch or office holding such deposit or obligated on such indebtedness; *provided* that in the event that any Defaulting Lender shall exercise any such right of setoff, (x) all amounts so set off shall be paid over immediately to the Administrative Agent for further application in accordance with the provisions of *Section 2.16* and, pending such payment, shall be segregated by such Defaulting Lender from its other funds and deemed held in trust for the benefit of the Administrative Agent and the Lenders, and (y) the Defaulting Lender shall provide promptly to the Administrative Agent a statement describing in reasonable detail the Obligations owing to such Defaulting Lender as to which it exercised such right of setoff. The rights of each Lender and its Affiliates under this Section are in addition to other rights and remedies (including other rights of setoff) that such Lender or its Affiliates may have. Each Lender agrees to notify the Borrower and the Administrative Agent promptly after any such setoff and application, provided that the failure to give such notice shall not affect the validity of such setoff and application.

SECTION 12.7 Sharing of Payments.

If, other than as expressly provided elsewhere herein, any Lender shall obtain payment in respect of any principal of or interest on account of the Loans made by it, or the participations in Letter of Credit Obligations and Swing Loans held by it (in each case, whether voluntary, involuntary, through the exercise of any right of set-off, or otherwise) in excess of its ratable share (or other share contemplated hereunder) thereof, such Lender shall immediately (a) notify the Administrative Agent of such fact, and (b) purchase from the other Lenders such participations in the Loans made by them and/or such subparticipations in the participations in Letter of Credit Obligations or Swing Loans held by them, as the case may be, as shall be necessary to cause such purchasing Lender to share the excess payment of principal of or interest on such Loans or such participations, as the case may be, pro rata with each of them; *provided* that if all or any portion of such excess payment is thereafter recovered from the purchasing Lender under any of the circumstances described in *Section 12.14* (including pursuant to any settlement entered into by the purchasing Lender in its discretion), such purchase shall to that extent be rescinded and each other Lender shall repay to the purchasing Lender the purchase price paid therefor, together with an amount equal to such paying Lender's ratable share (according to the proportion of (i) the amount of such paying Lender's required repayment to (ii) the total amount so recovered from the purchasing Lender) of any interest or other amount paid or payable by the purchasing Lender in respect of the total amount so recovered, without further

interest thereon. The provisions of this Section shall not be construed to apply to the application of Cash Collateral provided for in *Sections 10.3 and 10.5*. For avoidance of doubt, the provisions of this paragraph shall not be construed to apply to (A) any payment made by the Borrower pursuant to and in accordance with the express terms of this Agreement as in effect from time to time or (B) any payment obtained by a Lender as consideration for the assignment of or sale of a participation in any of its Loans to any assignee or participant permitted hereunder. The Borrower agrees that any Lender so purchasing a participation from another Lender may, to the fullest extent permitted by applicable Law, exercise all its rights of payment (including the right of set-off, but subject to *Section 12.6*) with respect to such participation as fully as if such Lender were the direct creditor of the Borrower in the amount of such participation. The Administrative Agent will keep records (which shall be conclusive and binding in the absence of manifest error) of participations purchased under this *Section 12.7* and will in each case notify the Lenders following any such purchases or repayments. Each Lender that purchases a participation pursuant to this *Section 12.7* shall from and after such purchase have the right to give all notices, requests, demands, directions and other communications under this Agreement with respect to the portion of the Obligations purchased to the same extent as though the purchasing Lender were the original owner of the Obligations purchased.

SECTION 12.8 Notices and Other Communications; Facsimile Copies.

(a) *General.* Except in the case of notices and other communications expressly permitted to be given by telephone (and except as provided in *subsection (b)* below), all notices and other communications provided for herein shall be in writing and shall be delivered by hand or overnight courier service, mailed by certified or registered mail or sent by telecopier as follows, and all notices and other communications expressly permitted hereunder to be given by telephone shall be made to the applicable telephone number, as follows:

(i) if to Holdings, the Borrower, the Administrative Agent, an Issuer or the Swing Loan Lender, to the address, telecopier number, electronic mail address or telephone number specified for such Person on *Schedule 12.8*; and

(ii) if to any other Lender, to the address, telecopier number, electronic mail address or telephone number specified in its Administrative Questionnaire.

Notices and other communications sent by hand or overnight courier service, or mailed by certified or registered mail, shall be deemed to have been given when received; notices and other communications sent by telecopier shall be deemed to have been given when sent (except that, if not given during normal business hours for the recipient, shall be deemed to have been given at the opening of business on the next Business Day for the recipient). Notices and other communications delivered through electronic communications to the extent provided in *subsection (b)* below shall be effective as provided in such *subsection (b)*.

(b) *Electronic Communications.* Notices and other communications to the Lenders and the Issuers hereunder may be delivered or furnished by electronic communication (including e mail and Internet or intranet websites) pursuant to procedures approved by the Administrative Agent, *provided* that the foregoing shall not apply to notices to any Lender or Issuer pursuant to *Article II* if such Lender or Issuer, as applicable, has notified the

Administrative Agent that it is incapable of receiving notices under such Article by electronic communication. The Administrative Agent or the Borrower may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it, *provided* that approval of such procedures may be limited to particular notices or communications.

(c) *Receipt*. Unless the Administrative Agent otherwise prescribes, (i) notices and other communications sent to an e-mail address shall be deemed received upon the sender's receipt of an acknowledgement from the intended recipient (such as by the "return receipt requested" function, as available, return e-mail or other written acknowledgement), *provided* that if such notice or other communication is not sent during the normal business hours of the recipient, such notice or communication shall be deemed to have been sent at the opening of business on the next Business Day for the recipient, and (ii) notices or communications posted to an Internet or intranet website shall be deemed received upon the deemed receipt by the intended recipient at its e-mail address as described in the foregoing *clause (i)* of notification that such notice or communication is available and identifying the website address therefor.

(d) *The Platform*. THE PLATFORM IS PROVIDED "AS IS" AND "AS AVAILABLE." THE AGENT PARTIES (AS DEFINED BELOW) DO NOT WARRANT THE ACCURACY OR COMPLETENESS OF THE BORROWER MATERIALS OR THE ADEQUACY OF THE PLATFORM, AND EXPRESSLY DISCLAIM LIABILITY FOR ERRORS IN OR OMISSIONS FROM THE BORROWER MATERIALS. NO WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT OF THIRD PARTY RIGHTS OR FREEDOM FROM VIRUSES OR OTHER CODE DEFECTS, IS MADE BY ANY AGENT PARTY IN CONNECTION WITH THE BORROWER MATERIALS OR THE PLATFORM. In no event shall the Administrative Agent or any of its Agent-Related Persons or any Arranger (collectively, the "*Agent Parties*") have any liability to Holdings, the Borrower, any Lender, any Issuer or any other Person for losses, claims, damages, liabilities or expenses of any kind (whether in tort, contract or otherwise) arising out of the Borrower's or the Administrative Agent's transmission of Borrower Materials through the Internet, except to the extent that such losses, claims, damages, liabilities or expenses are determined by a court of competent jurisdiction by a final and non-appealable judgment to have resulted from the gross negligence or willful misconduct of such Agent Party; *provided, however*, that in no event shall any Agent Party have any liability to Holdings, the Borrower, any Lender, any Issuer or any other Person for indirect, special, incidental, consequential or punitive damages (as opposed to direct or actual damages).

(e) *Change of Address*. Each of Holdings, the Borrower, the Administrative Agent, each Issuer and the Swing Loan Lender may change its address, telecopier or telephone number for notices and other communications hereunder by notice to the other parties hereto. Each other Lender may change its address, telecopier or telephone number for notices and other communications hereunder by notice to the Borrower, the Administrative Agent, each Issuer and the Swing Loan Lender. In addition, each Lender agrees to notify the Administrative Agent from time to time to ensure that the Administrative Agent has on record (i) an effective address, contact name, telephone number, telecopier number and electronic mail address to which notices and other communications may be sent and (ii) accurate wire instructions for such Lender.

Furthermore, each Public Lender agrees to cause at least one individual at or on behalf of such Public Lender to at all times have selected the “Private Side Information” or similar designation on the content declaration screen of the Platform in order to enable such Public Lender or its delegate, in accordance with such Public Lender’s compliance procedures and applicable Law, including United States Federal and state securities Laws, to make reference to Borrower Materials that are not made available through the “Public Side Information” portion of the Platform and that may contain material non-public information with respect to the Borrower or its securities for purposes of United States Federal or state securities laws.

(f) *Reliance by Administrative Agent, Issuers and Lenders.* The Administrative Agent, the Issuers and the Lenders shall be entitled to rely and act upon any notices (including telephonic Notices of Borrowing or Swing Loan Requests) purportedly given by or on behalf of the Borrower even if (i) such notices were not made in a manner specified herein, were incomplete or were not preceded or followed by any other form of notice specified herein, or (ii) the terms thereof, as understood by the recipient, varied from any confirmation thereof. The Borrower shall indemnify the Administrative Agent, each Issuer, each Lender and the Agent-Related Persons of each of them from all losses, costs, expenses and liabilities resulting from the reliance by such Person on each notice purportedly given by or on behalf of the Borrower. All telephonic notices to and other telephonic communications with the Administrative Agent may be recorded by the Administrative Agent, and each of the parties hereto hereby consents to such recording.

SECTION 12.9 No Waiver; Cumulative Remedies.

No failure by any Lender or the Administrative Agent to exercise, and no delay by any such Person in exercising, any right, remedy, power or privilege hereunder or under any other Loan Document shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights, remedies, powers and privileges herein provided, and provided under each other Loan Document, are cumulative and not exclusive of any rights, remedies, powers and privileges provided by Law.

SECTION 12.10 Reserved.

SECTION 12.11 Binding Effect. This Agreement shall become effective when it shall have been executed by the Borrower, Holdings and the Administrative Agent and the Administrative Agent shall have been notified by each Lender, Swing Loan Lender and each Issuer that each such Lender, Swing Loan Lender and Issuer has executed it and thereafter shall be binding upon and inure to the benefit of the Borrower, Holdings, each Agent and each Lender and their respective successors and assigns.

SECTION 12.12 Governing Law; Submission to Jurisdiction; Service of Process.

SECTION 12.14 Marshaling; Payments Set Aside.

None of the Administrative Agent, any Lender or any Issuer shall be under any obligation to marshal any assets in favor of the Loan Parties or any other party or against or in payment of any or all of the Obligations. To the extent that any payment by or on behalf of the Borrower is made to any Agent or any Lender, or any Agent or any Lender exercises its right of set-off, and such payment or the proceeds of such set-off or any part thereof is subsequently invalidated, declared to be fraudulent or preferential, set aside or required (including pursuant to any settlement entered into by such Agent or such Lender in its discretion) to be repaid to a trustee, receiver or any other party, in connection with any proceeding under any Debtor Relief Law or otherwise, then (a) to the extent of such recovery, the obligation or part thereof originally intended to be satisfied shall be revived and continued in full force and effect as if such payment had not been made or such set-off had not occurred, and (b) each Lender severally agrees to pay to the Administrative Agent upon demand its applicable share of any amount so recovered from or repaid by any Agent, plus interest thereon from the date of such demand to the date such payment is made at a rate per annum equal to the applicable Overnight Rate from time to time in effect.

This Agreement may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. This Agreement and the other Loan Documents constitute the entire contract among the parties relating to the subject matter hereof and supersede any and all previous agreements and understandings, oral or written, relating to the subject matter hereof. Except as provided in *Sections 4.1* and *4.3*, this Agreement shall become effective when it shall have been executed by the Administrative Agent and when the Administrative Agent shall have received counterparts hereof that, when taken together, bear the signatures of each of the other parties hereto. Delivery of an executed counterpart of a signature page of this Agreement by telecopy or other electronic imaging means shall be effective as delivery of a manually executed counterpart of this Agreement.

SECTION 12.16 Electronic Execution of Assignments and Certain Other Documents.

The words "execution," "signed," "signature," and words of like import in any Assignment and Assumption or in any amendment or other modification hereof (including waivers and consents) shall be deemed to include electronic signatures or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act.

SECTION 12.17 Confidentiality.

Each of the Administrative Agent, the Lenders and the Issuers agrees to maintain the confidentiality of the Information in accordance with its customary procedures (set forth below), except that Information may be disclosed (a) to its Affiliates and to its and its Affiliates' respective partners, directors, officers, employees, agents, trustees, advisors and representatives (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Information and instructed to keep such Information confidential), (b) to the extent requested by any regulatory authority purporting to have jurisdiction over it (including any self-regulatory authority, such as the National Association of Insurance Commissioners); *provided* that the Administrative Agent or such Lender, as applicable, agrees that it will notify the Borrower as soon as practicable prior to any such disclosure by such Person unless such notification is prohibited by applicable Laws, or except in connection with any request as part of a regulatory examination, (c) to the extent required by applicable laws or regulations or by any subpoena or similar legal process, *provided* that the Administrative Agent or such Lender, as applicable, agrees that it will notify the Borrower as soon as practicable in the event of such disclosure unless such notification is prohibited by law, rule or regulation or except in connection with any request as part of a regulatory examination, (d) to any other party hereto, (e) in connection with the exercise of any remedies hereunder or under any other Loan Document or any action or proceeding relating to this Agreement or any other Loan Document or the enforcement of rights hereunder or thereunder, (f) subject to an agreement containing provisions at least as restrictive as those of this *Section 12.17*, to (i) any assignee of or Participant in, or any prospective assignee of or Participant in, any of its rights or obligations under this Agreement or any Eligible Assignee invited to be an Additional Lender (other than to a Disqualified Institution; *provided* that the list of Disqualified Institutions may be provided) or (ii) any actual or prospective direct or indirect counterparty (or its advisors) to any swap or derivative transaction relating to the Borrower and its obligations, (g) with the consent of the Borrower; (h) to any rating agency when required by it (it being understood that, prior to any such disclosure, such rating agency shall undertake to preserve the confidentiality of any Information relating to the Loan Parties received by it from the Administrative Agent or such Lender); or (i) to the extent such Information (i) becomes publicly available other than as a result of a breach of this Section or (ii) becomes available to the Administrative Agent, any Issuer, any Lender, or any of their respective Affiliates on a nonconfidential basis from a source other than Holdings, the Borrower or any Subsidiary thereof, and which source is not known by such Agent or Lender to be subject to a confidentiality restriction in respect thereof in favor of the Borrower or any Affiliate of the Borrower.

For purposes of this Section, "*Information*" means all information received from any Loan Party or any Subsidiary thereof relating to any Loan Party or any Subsidiary thereof or their respective businesses, other than any such information that is available to the Administrative Agent or any Lender on a nonconfidential basis prior to disclosure by any Loan Party or any Subsidiary thereof, it being understood that all information received from Holdings, the Borrower or any Subsidiary after the date hereof, shall be deemed confidential unless such

information is clearly identified at the time of delivery as not being confidential. Any Person required to maintain the confidentiality of Information as provided in this Section shall be considered to have complied with its obligation to do so in accordance with its customary procedures if such Person has exercised the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information.

Each of the Administrative Agent and the Lenders acknowledges that (a) the Information may include material non-public information concerning the Borrower or a Subsidiary, as the case may be, (b) it has developed compliance procedures regarding the use of material non-public information and (c) it will handle such material non-public information in accordance with applicable Law, including United States Federal and state securities Laws.

SECTION 12.18 Use of Name, Logo, etc.

Each Loan Party consents to the publication in the ordinary course by Administrative Agent or the Arrangers of customary advertising material relating to the financing transactions contemplated by this Agreement using such Loan Party's name, product photographs, logo or trademark. Such consent shall remain effective until revoked by such Loan Party in writing to the Administrative Agent and the Arrangers. The Administrative Agent and the Arrangers reserve the right to provide to industry trade organizations information necessary and customary for inclusion in league table measurements.

SECTION 12.19 USA PATRIOT Act Notice; Foreign Asset Control Regulations.

Each Lender that is subject to the USA PATRIOT Act and the Administrative Agent (for itself and not on behalf of any Lender) hereby notifies the Borrower that pursuant to the requirements of the USA PATRIOT Act, it is required to obtain, verify and record information that identifies each Loan Party, which information includes the name and address of each Loan Party and other information that will allow such Lender or the Administrative Agent, as applicable, to identify each Loan Party in accordance with the USA PATRIOT Act. The Borrower shall, promptly following a request by the Administrative Agent or any Lender, provide all documentation and other information that the Administrative Agent or such Lender requests in order to comply with its ongoing obligations under applicable "know your customer" and anti-money laundering rules and regulations, including the USA PATRIOT Act.

Neither the advance of the Loans nor the use of the proceeds of any thereof will violate the Trading With the Enemy Act (50 U.S.C. § 1 et seq., as amended) (the "Trading With the Enemy Act") or any of the foreign assets control regulations of the United States Treasury Department (31 CFR, Subtitle B, Chapter V, as amended) (the "Foreign Assets Control Regulations") or any enabling legislation or executive order relating thereto (which for the avoidance of doubt shall include, but shall not be limited to (a) Executive Order 13224 of September 21, 2001 Blocking Property and Prohibiting Transactions With Persons Who Commit, Threaten to Commit, or Support Terrorism (66 Fed. Reg. 49079 (2001)) (the "Executive Order") or the USA PATRIOT Act. Furthermore, none of the Loan Parties or their Affiliates (a) is or will become a "blocked person" as described in the Executive Order, the Trading With the Enemy Act or the Foreign Assets Control Regulations or (b) engages or will engage in any dealings or transactions, or be otherwise associated, with any such "blocked person" or in any manner violative of any such order.

SECTION 12.20 No Advisory or Fiduciary Responsibility.

In connection with all aspects of each transaction contemplated hereby (including in connection with any amendment, waiver or other modification hereof or of any other Loan Document), each of the Borrower and Holdings acknowledges and agrees, and acknowledges its Affiliates' understanding, that: (i) (A) the arranging and other services regarding this Agreement provided by the Agents and the Arrangers are arm's-length commercial transactions between the Borrower, Holdings and their respective Affiliates, on the one hand, and the Agents and the Arrangers, on the other hand, (B) each of the Borrower and Holdings has consulted its own legal, accounting, regulatory and tax advisors to the extent it has deemed appropriate, and (C) each of the Borrower and Holdings is capable of evaluating, and understands and accepts, the terms, risks and conditions of the transactions contemplated hereby and by the other Loan Documents; (ii) (A) the Agents, the Arrangers and each Lender is and has been acting solely as a principal and, except as expressly agreed in writing by the relevant parties, has not been, is not, and will not be acting as an advisor, agent or fiduciary for the Borrower, Holdings or any of their respective Affiliates, or any other Person and (B) none of the Agents, the Arrangers nor any Lender has any obligation to the Borrower, Holdings or any of their respective Affiliates with respect to the transactions contemplated hereby except those obligations expressly set forth herein and in the other Loan Documents; and (iii) the Agents, the Arrangers, the Lender and their respective Affiliates may be engaged in a broad range of transactions that involve interests that differ from those of the Borrower, Holdings their respective Affiliates, and none of the Agents, the Arrangers nor any Lender has any obligation to disclose any of such interests to the Borrower, Holdings or any of their respective Affiliates. To the fullest extent permitted by law, each of the Borrower and Holdings hereby waives and releases any claims that it may have against the Agents, the Arrangers nor any Lender with respect to any breach or alleged breach of agency or fiduciary duty in connection with any aspect of any transaction contemplated hereby.

SECTION 12.21 Severability. If any provision of this Agreement or the other Loan Documents is held to be illegal, invalid or unenforceable, (a) the legality, validity and enforceability of the remaining provisions of this Agreement and the other Loan Documents shall not be affected or impaired thereby and (b) the parties shall endeavor in good faith negotiations to replace the illegal, invalid or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the illegal, invalid or unenforceable provisions. The invalidity of a provision in a particular jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Without limiting the foregoing provisions of this *Section 12.21*, if and to the extent that the enforceability of any provisions in this Agreement relating to Defaulting Lenders shall be limited by Debtor Relief Laws, as determined in good faith by the Administrative Agent, the applicable Issuer or the Swing Loan Lender, as applicable, then such provisions shall be deemed to be in effect only to the extent not so limited.

SECTION 12.22 Survival of Representations and Warranties. All representations and warranties made hereunder and in any other Loan Document or other document delivered pursuant hereto or thereto or in connection herewith or therewith shall survive the execution and delivery hereof and thereof. Such representations and warranties have been or will be relied upon by the Administrative Agent, each Issuer and each Lender, regardless of any investigation made by the Administrative Agent, any Issuer or any Lender or on their behalf and notwithstanding that the Administrative Agent, any Issuer or any Lender may have had notice or knowledge of any Default at the time of any Credit Extension, and shall continue in full force and effect as long as any Loan or any other Obligation hereunder shall remain unpaid or unsatisfied or any Letter of Credit shall remain outstanding.

SECTION 12.23 Lender Action. Each Lender agrees that it shall not take or institute any actions or proceedings, judicial or otherwise, for any right or remedy against any Loan Party under any of the Loan Documents or the Secured Hedge Agreements (including the exercise of any right of set-off, rights on account of any banker's lien or similar claim or other rights of self-help), or institute any actions or proceedings, or otherwise commence any remedial procedures, with respect to any Collateral or any other property of any such Loan Party, without the prior written consent of the Administrative Agent (which shall not be withheld in contravention of *Section 11.4*). The provision of this *Section 12.23* are for the sole benefit of the Lenders and shall not afford any right to, or constitute a defense available to, any Loan Party.

SECTION 12.24 Interest Rate Limitation. Notwithstanding anything to the contrary contained in any Loan Document, the interest paid or agreed to be paid under the Loan Documents shall not exceed the maximum rate of non-usurious interest permitted by applicable Law (the "*Maximum Rate*"). If any Agent or any Lender shall receive interest in an amount that exceeds the Maximum Rate, the excess interest shall be applied to the principal of the Loans or, if it exceeds such unpaid principal, refunded to the Borrower. In determining whether the interest contracted for, charged, or received by an Agent or a Lender exceeds the Maximum Rate, such Person may, to the extent permitted by applicable Law, (a) characterize any payment that is not principal as an expense, fee, or premium rather than interest, (b) exclude voluntary prepayments and the effects thereof, and (c) amortize, prorate, allocate, and spread in equal or unequal parts the total amount of interest throughout the contemplated term of the Obligations hereunder.

SECTION 12.25 Time of the Essence.

Time is of the essence in the Loan Documents.

SECTION 12.26 No Strict Construction.

The parties hereto have participated jointly in the negotiation and drafting of this Agreement. In the event an ambiguity or question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the parties hereto and no presumption or burden of proof shall arise favoring or disfavoring any party by virtue of the authorship of any provisions of this Agreement.

SECTION 12.27 Intercreditor Agreement.

Each of Holdings, the Borrower, the Agents, the Issuers and the Lenders acknowledge that the exercise of certain of the Administrative Agents' rights and remedies hereunder may be subject to, and restricted by, the provisions of the Intercreditor Agreement. Except as specified herein, nothing contained in the Intercreditor Agreement shall be deemed to modify any of the provisions of this Agreement and the other Loan Documents, which, as among the Loan Parties, the Agents, the Issuers and the Lenders shall remain in full force and effect.

SECTION 12.28 Keepwell.

Each Loan Party that is a Qualified ECP Guarantor at the time the Guaranty or the grant of a security interest under the Loan Documents, in each case, by any Specified Loan Party becomes effective with respect to any Swap Obligation, hereby jointly and severally, absolutely, unconditionally and irrevocably undertakes to provide such funds or other support to each Specified Loan Party with respect to such Swap Obligation as may be needed by such Specified Loan Party from time to time to honor all of its obligations under the Loan Documents in respect of such Swap Obligation (but, in each case, only up to the maximum amount of such liability that can be hereby incurred without rendering such Qualified ECP Guarantor's obligations and undertakings under the Guaranty voidable under applicable Laws relating to fraudulent conveyance or fraudulent transfer, and not for any greater amount). The obligations and undertakings of each Qualified ECP Guarantor under this *Section 12.28* shall remain in full force and effect until the Obligations have been indefeasibly paid and performed in full. Each Loan Party intends this Section to constitute, and this Section shall be deemed to constitute, a guarantee of the obligations of, and a "keepwell, support, or other agreement" for the benefit of, each Specified Loan Party for all purposes of the Commodity Exchange Act.

SECTION 12.29 Acknowledgment and Consent to Bail-In of EEA Financial Institutions.

Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any Lender that is an EEA Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the write-down and conversion powers of an EEA Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by an EEA Resolution Authority to any such liabilities arising hereunder which may be payable to it by any Lender or Issuer that is an EEA Financial Institution; and

(b) the effects of any Bail-In Action on any such liability, including, if applicable:

(i) a reduction in full or in part or cancellation of any such liability;

(ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such EEA Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or

(iii) the variation of the terms of such liability in connection with the exercise of the write-down and conversion powers of any EEA Resolution Authority.

SECTION 12.30 Amendment and Restatement.

This Agreement is an amendment and restatement of the Original Credit Agreement, it being acknowledged and agreed that as of the Effective Date all obligations outstanding under or in connection with the Original Credit Agreement and any of the other Loan Documents (such obligations, collectively, the “*Existing Obligations*”) constitute obligations under this Agreement. This Agreement is in no way intended to constitute a novation of the Original Credit Agreement or the Existing Obligations. With respect to (i) any date or time period occurring and ending prior to the Effective Date, the Original Credit Agreement and the other Loan Documents shall govern the respective rights and obligations of any party or parties hereto also party thereto and shall for such purposes remain in full force and effect; and (ii) any date or time period occurring or ending on or after the Effective Date, the rights and obligations of the parties hereto shall be governed by this Agreement (including, without limitation, the exhibits and schedules hereto) and the other Loan Documents. From and after the Effective Date, any reference to the Original Credit Agreement in any of the other Loan Documents executed or issued by and/or delivered to any one or more parties hereto pursuant to or in connection therewith shall be deemed to be a reference to this Agreement, and the provisions of this Agreement shall prevail in the event of any conflict or inconsistency between such provisions and those of the Original Credit Agreement.

(b) The ABL Agent, for and on behalf of itself and the ABL Secured Parties, agrees that it and they shall not (and hereby waives any right to) take any action to contest or challenge (or assist or support any other Person in contesting or challenging), directly or indirectly, whether or not in any proceeding (including in any Insolvency Proceeding), the validity, priority, enforceability, or perfection of the Liens of the Term Agent or the Term Secured Parties in respect of the Collateral or the provisions of this Agreement or the allowability of the claims asserted by the Term Agent or the Term Secured Parties. Except to the extent expressly set forth in Section 3.6 of this Agreement, the ABL Agent, for itself and on behalf of the ABL Secured Parties, agrees that none of the ABL Agent or the ABL Secured Parties will take any action that would interfere with any Exercise of Secured Creditor Remedies undertaken by the Term Agent or any Term Secured Party under the Term Documents with respect to the Term Priority Collateral. The ABL Agent, for itself and on behalf of the ABL Secured Parties, hereby waives any and all rights it or the ABL Secured Parties may have as a junior lien creditor or otherwise to contest, protest, object to, or interfere with the manner in which the Term Agent or any Term Secured Party seeks to enforce its Liens in any Term Priority Collateral. The foregoing shall not be construed to prohibit the ABL Agent from enforcing the provisions of this Agreement or otherwise acting in accordance with this Agreement.

Section 2.3 Remedies Standstill.

(a) The Term Agent, on behalf of itself and the Term Secured Parties, agrees that, from the date hereof until the date upon which the Discharge of ABL Obligations shall have occurred, neither the Term Agent nor any Term Secured Party will Exercise Any Secured Creditor Remedies with respect to any of the ABL Priority Collateral without the written consent of the ABL Agent, and will not take, receive or accept any Proceeds of ABL Priority Collateral, it being understood and agreed that the temporary deposit of Proceeds of ABL Priority Collateral in a Deposit Account controlled by the Term Agent shall not constitute a breach of this Agreement so long as such Proceeds are promptly (but in no event later than five Business Days after receipt) remitted to the ABL Agent. From and after the date upon which the Discharge of ABL Obligations shall have occurred (or prior thereto upon obtaining the written consent of the ABL Agent), the Term Agent or any Term Secured Party may Exercise Any Secured Creditor Remedies under the Term Documents or applicable law as to any ABL Priority Collateral; provided, however, that any Exercise of Secured Creditor Remedies with respect to any Collateral by the Term Agent or the Term Secured Parties is at all times subject to the provisions of this Agreement.

(b) The ABL Agent, on behalf of itself and the ABL Secured Parties, agrees that, from the date hereof until the date upon which the Discharge of Term Obligations shall have occurred, neither the ABL Agent nor any ABL Secured Party will Exercise Any Secured Creditor Remedies with respect to the Term Priority Collateral without the written consent of the Term Agent, and will not take, receive or accept any Proceeds of the Term Priority Collateral, it being understood and agreed that the temporary deposit of Proceeds of Term Priority Collateral in a Deposit Account controlled by the ABL Agent shall not constitute a breach of this Agreement so long as such Proceeds are promptly (but in no event later than five Business Days after receipt) remitted to the Term Agent. From and after the date upon which the Discharge of Term Obligations shall have occurred (or prior thereto upon obtaining the written consent of the Term Agent), the ABL Agent or any ABL Secured Party may Exercise Any Secured Creditor Remedies under the ABL Documents or applicable law as to any Term Priority Collateral; provided, however, that any Exercise of Secured Creditor Remedies with respect to any Collateral by the ABL Agent or the ABL Secured Parties is at all times subject to the provisions of this Agreement.

(c) Notwithstanding the provisions of Sections 2.3(a), 2.3(b) or any other provision of this Agreement, nothing contained herein shall be construed to prevent any Agent or any Secured Party from (i) filing a claim or statement of interest with respect to the ABL Obligations or Term Obligations owed to it in any Insolvency Proceeding commenced by or against any Credit Party, (ii) taking any action (not adverse to the priority status of the Liens of the other Agent or other Secured Parties on the Collateral in which such other Agent or other Secured Party has a priority Lien or the rights of the other Agent or any of the other Secured Parties to Exercise Any Secured Creditor Remedies in respect thereof) in order to create, perfect, preserve or protect (but not enforce its Lien) on any Collateral, (iii) filing any necessary or appropriate responsive pleadings in opposition to any motion, adversary proceeding or other pleading filed by any Person objecting to or otherwise seeking the disallowance of the claim or Lien of such Agent or Secured Party or (iv) voting on any plan of reorganization or filing any proof of claim in any Insolvency Proceeding of any Credit Party, in each case (i) through (iv) above to the extent not inconsistent with the express terms of this Agreement.

Section 2.4 Exercise of Rights.

(a) No Other Restrictions. Except as expressly set forth in this Agreement, each Term Secured Party and each ABL Secured Party shall have any and all rights and remedies it may have as a creditor under applicable law, including the right to the Exercise of Secured Creditor Remedies; provided, however, that the Exercise of Secured Creditor Remedies with respect to the Collateral shall be subject to the Lien Priority and to the provisions of this Agreement. The ABL Agent may enforce the provisions of the ABL Documents, the Term Agent may enforce the provisions of the Term Documents and each may Exercise Any Secured Creditor Remedies, all in such order and in such manner as each may determine in the exercise of its sole discretion, consistent with the terms of this Agreement and mandatory provisions of applicable law; provided, however, that each of the ABL Agent and the Term Agent agrees to provide to the other (x) an Enforcement Notice prior to the commencement of an Exercise of Any Secured Creditor Remedies and (y) copies of any notices that it is required under applicable law to deliver to any Credit Party; provided further, however, that the ABL Agent's failure to provide the Enforcement Notice (other than in connection with Section 3.6) or any such copies to the Term

Agent shall not impair any of the ABL Agent's rights hereunder or under any of the ABL Documents and the Term Agent's failure to provide the Enforcement Notice or any such copies to the ABL Agent shall not impair any of the Term Agent's rights hereunder or under any of the Term Documents. Each of the Term Agent, each Term Secured Party, the ABL Agent and each ABL Secured Party agrees that it will not institute any suit or other proceeding or assert in any suit, Insolvency Proceeding or other proceeding any claim, in the case of the Term Agent and each Term Secured Party, against either the ABL Agent or any other ABL Secured Party, and in the case of the ABL Agent and each other ABL Secured Party, against either the Term Agent or any other Term Secured Party, seeking damages from or other relief by way of specific performance, instructions or otherwise, with respect to any action taken or omitted to be taken by such Person with respect to the Collateral which is consistent with the terms of this Agreement, and none of such Parties shall be liable for any such action taken or omitted to be taken.

(b) Unsecured Creditor Rights; Insolvency Proceedings. None of the ABL Agent, any other ABL Secured Party, the Term Agent or any other Term Secured Party shall be a petitioning creditor or otherwise assist in the filing of an involuntary Insolvency Proceeding against any Credit Party without the consent of the other Agent.

(c) Release of Liens.

(i) In the event of (A) any private or public sale of all or any portion of the ABL Priority Collateral in connection with any Exercise of Secured Creditor Remedies by, or with the consent of, the ABL Agent (other than in connection with a refinancing as described in Section 5.2(c)), or (B) any sale, transfer or other disposition of all or any portion of the ABL Priority Collateral (other than in connection with a refinancing as described in Section 5.2(c)), so long as such sale, transfer or other disposition is then permitted by the ABL Documents or consented to by the requisite ABL Lenders, irrespective of whether an Event of Default has occurred, the Term Agent agrees, on behalf of itself and the Term Secured Parties that, so long as the Term Agent, for the benefit of the Term Secured Parties, shall retain a Lien on the proceeds of such sale, transfer or other disposition (to the extent that such proceeds are not applied to the ABL Obligations as provided in Section 4.1(b) hereof), such sale, transfer or other disposition will be free and clear of the Liens on such ABL Priority Collateral (but not the proceeds thereof) securing the Term Obligations, and the Term Agent's and the Term Secured Parties' Liens with respect to the ABL Priority Collateral (but not the proceeds thereof) so sold, transferred, or disposed shall terminate and be automatically released without further action concurrently with, and to the same extent as, the release of the ABL Secured Parties' Liens on such ABL Priority Collateral. In furtherance of, and subject to, the foregoing, the Term Agent agrees that it will promptly execute any and all Lien releases or other documents reasonably requested by the ABL Agent in connection therewith. The Term Agent hereby appoints the ABL Agent and any officer or duly authorized person of the ABL Agent, with full power of substitution, as its true and lawful attorney-in-fact with full irrevocable power of attorney in the place and stead of the Term Agent and in the name of the Term Agent or in the ABL Agent's own name, from time to time, in the ABL Agent's sole discretion, for the purposes of carrying out the terms of this paragraph, to take any and all appropriate action and to execute and deliver any and all documents and instruments as may be necessary or desirable to accomplish the purposes of this paragraph, including any financing statements, endorsements, assignments, releases or other documents or instruments of transfer (which appointment, being coupled with an interest, is irrevocable).

(ii) In the event of (A) any private or public sale of all or any portion of the Term Priority Collateral in connection with any Exercise of Secured Creditor Remedies by, or with the consent of, the Term Agent (other than in connection with a refinancing as described in Section 5.2(c)), or (B) any sale, transfer or other disposition of all or any portion of the Term Priority Collateral (other than in connection with a refinancing as described in Section 5.2(c)), so long as such sale, transfer or other disposition is then permitted by the Term Documents or consented to by the requisite Term Lenders, irrespective of whether an Event of Default has occurred, the ABL Agent agrees, on behalf of itself and the ABL Secured Parties that, so long as the ABL Agent, for the benefit of the ABL Secured Parties, shall retain a Lien on the proceeds of such sale, transfer or other disposition (to the extent that such proceeds are not applied to the Term Obligations as provided in Section 4.1(c) hereof), such sale, transfer or disposition will be free and clear of the Liens on such Term Priority Collateral (but not the proceeds thereof) securing the ABL Obligations and the ABL Agent's and the ABL Secured Parties' Liens with respect to the Term Priority Collateral (but not the proceeds thereof) so sold, transferred, or disposed shall terminate and be automatically released without further action concurrently with, and to the same extent as, the release of the Term Secured Parties' Liens on such Term Priority Collateral. In furtherance of, and subject to, the foregoing, the ABL Agent agrees that it will promptly execute any and all Lien releases or other documents reasonably requested by the Term Agent in connection therewith. The ABL Agent hereby appoints the Term Agent and any officer or duly authorized person of the Term Agent, with full power of substitution, as its true and lawful attorney-in-fact with full irrevocable power of attorney in the place and stead of the ABL Agent and in the name of the ABL Agent or in the Term Agent's own name, from time to time, in the Term Agent's sole discretion, for the purposes of carrying out the terms of this paragraph, to take any and all appropriate action and to execute and deliver any and all documents and instruments as may be necessary or desirable to accomplish the purposes of this paragraph, including any financing statements, endorsements, assignments, releases or other documents or instruments of transfer (which appointment, being coupled with an interest, is irrevocable).

Section 2.5 No New Liens.

(a) It is the anticipation of the parties, that until the date upon which the Discharge of ABL Obligations shall have occurred, no Term Secured Party shall, other than with respect to assets consisting of Real Property (over which assets the ABL Agent does not hold a Lien on the date hereof and does not intend to acquire a Lien following the date hereof), acquire or hold any Lien on any assets securing any Term Obligation which assets are not also subject to the Lien of the ABL Agent under the ABL Documents. If any Term Secured Party shall (nonetheless and in breach hereof) acquire or hold any Lien on any assets (other than Real Property) of any Credit Party securing any Term Obligation which assets are not also subject to the Lien of the ABL Agent under the ABL Documents, then the Term Agent (or the relevant Term Secured Party) shall, without the need for any further consent of any other Term Secured Party, the Borrower or any Term Guarantor and notwithstanding anything to the contrary in any other Term Document, be deemed to also hold and have held such Lien as agent or bailee for the benefit of the ABL Agent as security for the ABL Obligations (subject to the Lien Priority and other terms hereof) and shall promptly notify the ABL Agent in writing of the existence of such Lien upon becoming aware thereof.

(b) It is the anticipation of the parties, that until the date upon which the Discharge of Term Obligations shall have occurred, no ABL Secured Party shall acquire or hold any Lien on any assets securing any ABL Obligation which assets are not also subject to the Lien of the Term Agent under the Term Documents. If any ABL Secured Party shall (nonetheless and in breach hereof) acquire or hold any Lien on any assets of any Credit Party securing any ABL Obligation which assets are not also subject to the Lien of the Term Agent under the Term Documents, then the ABL Agent (or the relevant ABL Secured Party) shall, without the need for any further consent of any other ABL Secured Party, the Borrower or any ABL Guarantor and notwithstanding anything to the contrary in any other ABL Document be deemed to also hold and have held such Lien as agent or bailee for the benefit of the Term Agent as security for the Term Obligations (subject to the Lien Priority and other terms hereof) and shall promptly notify the Term Agent in writing of the existence of such Lien upon becoming aware thereof.

Section 2.6 Waiver of Marshalling.

(a) Until the Discharge of ABL Obligations, the Term Agent, on behalf of itself and the Term Secured Parties, agrees not to assert and hereby waives, to the fullest extent permitted by law, any right to demand, request, plead or otherwise assert or otherwise claim the benefit of, any marshalling, appraisal, valuation or other similar right that may otherwise be available under applicable law with respect to the ABL Priority Collateral or any other similar rights a junior secured creditor may have under applicable law.

(b) Until the Discharge of Term Obligations, the ABL Agent, on behalf of itself and the ABL Secured Parties, agrees not to assert and hereby waives, to the fullest extent permitted by law, any right to demand, request, plead or otherwise assert or otherwise claim the benefit of, any marshalling, appraisal, valuation or other similar right that may otherwise be available under applicable law with respect to the Term Priority Collateral or any other similar rights a junior secured creditor may have under applicable law.

ARTICLE 3 **ACTIONS OF THE PARTIES**

Section 3.1 Certain Actions Permitted. The Term Agent and the ABL Agent may make such demands or file such claims in respect of the Term Obligations or the ABL Obligations, as applicable, as are necessary to prevent the waiver or bar of such claims under applicable statutes of limitations or other statutes, court orders, or rules of procedure at any time. Nothing in this Agreement shall prohibit the receipt by the Term Agent or any Term Secured Party of the required payments of interest, principal and other amounts owed in respect of the Term Obligations so long as such receipt is not the direct or indirect result of the exercise by the Term Agent or any Term Secured Party of rights or remedies as a secured creditor (including set-off) with respect to ABL Priority Collateral or enforcement in contravention of this Agreement of any Lien held by any of them. Nothing in this Agreement shall prohibit the receipt by the ABL Agent or any ABL Secured Party of the required payments of interest, principal and other amounts owed in respect of the ABL Obligations so long as such receipt is not the direct or indirect result of the exercise by the ABL Agent or any ABL Secured Party of rights or remedies as a secured creditor (including set-off) with respect to Term Priority Collateral or enforcement in contravention of this Agreement of any Lien held by any of them. None of the Term Agent,

Term Secured Parties, ABL or ABL Secured Parties shall take any other action in connection with the Term Obligations or the ABL Obligations in contravention of the terms of this Agreement (including if for any reason such party is deemed, or is otherwise purporting to be acting in the capacity as, an unsecured or undersecured creditor with respect to such Term Obligations or ABL Obligations, as applicable).

Section 3.2 Agent for Perfection. The ABL Agent, for and on behalf of itself and each ABL Secured Party, and the Term Agent, for and on behalf of itself and each Term Secured Party, as applicable, each agree to hold all Collateral in their respective possession, custody, or control (including as defined in Sections 9-104, 9-105, 9-106, 9-107 and 8-106 of the UCC) (or in the possession, custody, or control of agents or bailees for either) as gratuitous bailee for the other solely for the purpose of perfecting the security interest granted to each in such Collateral, subject to the terms and conditions of this Section 3.2. Solely with respect to any Control Collateral under the control (within the meaning of Section 9-104 of the UCC) of the ABL Agent or the Term Agent, the ABL Agent and the Term Agent, respectively, agrees to also hold control over such Control Collateral as gratuitous agent for and on behalf of the Term Secured Parties and the ABL Secured Parties, subject to the terms and conditions of this Section 3.2. None of the ABL Agent, the ABL Secured Parties, the Term Agent, or the Term Secured Parties, as applicable, shall have any obligation whatsoever to the others to assure that the Collateral is genuine or owned by the Borrower, any Guarantor, or any other Person or to preserve rights or benefits of any Person. The duties or responsibilities of the ABL Agent and the Term Agent under this Section 3.2 are and shall be limited solely to holding or maintaining control of the Control Collateral as gratuitous bailee for the other Party for purposes of perfecting the Lien held by the Term Agent or the ABL Agent, as applicable. The ABL Agent is not and shall not be deemed to be a fiduciary of any kind for the Term Secured Parties or any other Person. Without limiting the generality of the foregoing, except as expressly provided herein, the ABL Secured Parties shall not be obligated to see to the application of any Proceeds of the Term Priority Collateral deposited into any Deposit Account or be answerable in any way for the misapplication thereof. The Term Agent is not and shall not be deemed to be a fiduciary of any kind for the ABL Secured Parties, or any other Person. Without limiting the generality of the foregoing, except as expressly provided herein, the Term Secured Parties shall not be obligated to see to the application of any Proceeds of the ABL Priority Collateral deposited into any Deposit Account or be answerable in any way for the misapplication thereof. In addition, the Term Agent, on behalf of the Term Secured Parties, hereby agrees and acknowledges that other than with respect to ABL Priority Collateral that may be perfected through the filing of a UCC financing statement, the ABL Agent's Liens may be perfected on certain items of ABL Priority Collateral with respect to which the Term Agent's Liens would not be perfected but for the provisions of this Section 3.2, and the Term Agent, on behalf of the Term Secured Parties, hereby further agrees that the foregoing described in this sentence shall not be deemed a breach of this Agreement. Each Agent, for itself and on behalf of each applicable Secured Party represented thereby, hereby waives and releases the other Agent from all claims and liabilities arising pursuant to such Agent's role under this Section 3.2 as bailee with respect to the applicable Control Collateral.

Section 3.3 Sharing of Information and Access. In the event that the ABL Agent shall, in the exercise of its rights under the ABL Collateral Documents or otherwise, receive possession or control of any books and records of any Term Credit Party which contain information identifying or pertaining to the Term Priority Collateral, the ABL Agent shall, upon request from the Term Agent and as promptly as practicable thereafter, either make available to the Term Agent such books and records for inspection and duplication or provide to the Term Agent copies thereof. In the event that the Term Agent shall, in the exercise of its rights under the Term Collateral Documents or otherwise, receive possession or control of any books and records of any ABL Credit Party which contain information identifying or pertaining to any of the ABL Priority Collateral, the Term Agent shall, upon request from the ABL Agent and as promptly as practicable thereafter, either make available to the ABL Agent such books and records for inspection and duplication or provide the ABL Agent copies thereof.

Section 3.4 Insurance. Proceeds of Collateral include insurance proceeds and, therefore, the Lien Priority shall govern the ultimate disposition of casualty insurance proceeds. The ABL Agent and the Term Agent shall each be named as additional insured or loss payee, as applicable, with respect to all insurance policies relating to the Collateral as set forth in the Term Credit Agreement or the ABL Credit Agreement, as applicable. The ABL Agent shall have the sole and exclusive right, as against the Term Agent, to adjust settlement of insurance claims in the event of any covered loss, theft or destruction of ABL Priority Collateral. The Term Agent shall have the sole and exclusive right, as against the ABL Agent, to adjust settlement of insurance claims in the event of any covered loss, theft or destruction of Term Priority Collateral. If any insurance claim includes both ABL Priority Collateral and Term Priority Collateral, the insurer will not settle such claim separately with respect to ABL Priority Collateral and Term Priority Collateral, and if the Parties are unable after negotiating in good faith to agree on the settlement for such claim, either Party may apply to a court of competent jurisdiction to make a determination as to the settlement of such claim, and the court's determination shall be binding upon the Parties. All proceeds of such insurance shall be remitted to the ABL Agent or the Term Agent, as the case may be, subject, in each case, to the terms of their respective Credit Documents, and each of the Term Agent and ABL Agent shall cooperate (if necessary) in a reasonable manner in effecting the payment of insurance proceeds in accordance with Section 4.1 hereof.

Section 3.5 No Additional Rights For the Credit Parties Hereunder. Except as provided in Section 3.6, if any ABL Secured Party or Term Secured Party shall enforce its rights or remedies in violation of the terms of this Agreement, the Credit Parties shall not be entitled to use such violation as a defense to any action by any ABL Secured Party or Term Secured Party, nor to assert such violation as a counterclaim or basis for set off or recoupment against any ABL Secured Party or Term Secured Party.

Section 3.6 Inspection and Access Rights. (a) Without limiting any rights the ABL Agent or any other ABL Secured Party may otherwise have under applicable law or by agreement, in the event of any liquidation of the ABL Priority Collateral (or any other Exercise of Any Secured Creditor Remedies by the ABL Agent) and whether or not the Term Agent or any other Term Secured Party has commenced and is continuing to Exercise Any Secured Creditor Remedies of the Term Agent with respect to the Term Priority Collateral or otherwise, the ABL Agent or any other Person (including any ABL Credit Party) acting with the consent, or on behalf, of the ABL Agent, shall have the right (a) during the Use Period during normal business hours on any Business Day, to access ABL Priority Collateral that (i) is stored or located in or on, (ii) has become an accession with respect to (within the meaning of Section 9-

335 of the Uniform Commercial Code), or (iii) has been commingled with (within the meaning of Section 9-336 of the Uniform Commercial Code) Term Priority Collateral, and (b) during the Use Period, shall have the irrevocable right to use the Term Priority Collateral (including, without limitation, Equipment, Fixtures, Intellectual Property, General Intangibles and Real Property) on a rent-free, royalty-free basis, each of the foregoing solely for the limited purposes of assembling, inspecting, copying or downloading information stored on, taking actions to perfect its Lien on, completing a production run of Inventory involving, taking possession of, moving, preparing and advertising for sale, selling (by public auction, private sale or a “store closing”, “going out of business” or similar sale, whether in bulk, in lots or to customers in the ordinary course of business or otherwise and which sale may include augmented Inventory of the same type sold in any ABL Credit Party’s business), storing or otherwise dealing with the ABL Priority Collateral, in each case without notice to, the involvement of or interference by any Term Secured Party or liability to any Term Secured Party; provided, however, that the expiration of the Use Period shall be without prejudice to the sale or other disposition of the ABL Priority Collateral in accordance with this Agreement and applicable law. In the event that any ABL Secured Party has commenced and is continuing the Exercise of Any Secured Creditor Remedies with respect to any ABL Priority Collateral or any other sale or liquidation of the ABL Priority Collateral has been commenced by an ABL Credit Party (with the consent of the ABL Agent), the Term Agent may not sell, assign or otherwise transfer the related Term Priority Collateral prior to the expiration of the Use Period, unless the purchaser, assignee or transferee thereof agrees in writing to be bound by the provisions of this Section 3.6.

(b) During the period of actual occupation, use and/or control by the ABL Secured Parties and/or the ABL Agent (or their respective employees, agents, advisers and representatives) of any Term Priority Collateral, the ABL Secured Parties and the ABL Agent shall be obligated to repair at their expense any physical damage (but not any diminution in value) to such Term Priority Collateral resulting from such occupancy, use or control, and to leave such Term Priority Collateral in substantially the same condition as it was at the commencement of such occupancy, use or control, ordinary wear and tear excepted. Notwithstanding the foregoing, in no event shall the ABL Secured Parties or the ABL Agent have any liability to the Term Secured Parties and/or to the Term Agent pursuant to this Section 3.6 as a result of any condition (including any environmental condition, claim or liability) on or with respect to the Term Priority Collateral existing prior to the date of the exercise by the ABL Secured Parties (or the ABL Agent or the Credit Parties with the consent of the ABL Agent, as the case may be) of their rights under Section 3.6 and the ABL Secured Parties shall have no duty or liability to maintain the Term Priority Collateral in a condition or manner better than that in which it was maintained prior to the use thereof by the ABL Secured Parties (or the ABL Agent or the Credit Parties with the consent of the ABL Agent, as the case may be), or for any diminution in the value of the Term Priority Collateral that results from ordinary wear and tear resulting from the use of the Term Priority Collateral by the ABL Secured Parties in the manner and for the time periods specified under this Section 3.6. Without limiting the rights granted in this Section 3.6, the ABL Secured Parties and the ABL Agent shall cooperate with the Term Secured Parties and/or the Term Agent in connection with any efforts made by the Term Secured Parties and/or the Term Agent to sell the Term Priority Collateral.

(c) The ABL Agent and the ABL Secured Parties shall not be obligated to pay any amounts to the Term Agent or the Term Secured Parties (or any person claiming by, through or under the Term Secured Parties, including any purchaser of the Term Priority Collateral) or to the ABL Credit Parties, for or in respect of the use by the ABL Agent and the ABL Secured Parties of the Term Priority Collateral.

(d) The ABL Secured Parties shall (i) use the Term Priority Collateral in accordance with applicable law; (ii) insure for damage to property and liability to persons, including property and liability insurance for the benefit of the Term Secured Parties; and (iii) reimburse the Term Secured Parties for any injury or damage to Persons or property (ordinary wear-and-tear excepted) caused by the acts or omissions of Persons under their control arising from the gross negligence or willful misconduct of any such Person; provided, however, that the ABL Secured Parties will not be liable for any diminution in the value of the Term Priority Collateral caused by the absence of the ABL Priority Collateral therefrom.

(e) The Term Agent and the other Term Secured Parties shall use commercially reasonable efforts to not hinder or obstruct the ABL Agent and the other ABL Secured Parties from exercising the rights described in Section 3.6(a) hereof.

(f) Subject to the terms hereof, the Term Agent may advertise and conduct public auctions or private sales of the Term Priority Collateral without notice (except as required by applicable law or this Agreement) to any ABL Secured Party, the involvement of or interference by any ABL Secured Party or liability to any ABL Secured Party as long as, in the case of an actual sale, the respective purchaser assumes and agrees in writing to the obligations of the Term Agent and the Term Secured Parties under this Section 3.6.

(g) In furtherance of the foregoing in this Section 3.6, the Term Agent, in its capacity as a secured party (or as a purchaser, assignee or transferee, as applicable), and to the extent of its interest therein, hereby grants to the ABL Agent a nonexclusive, irrevocable, royalty-free, worldwide license to use, license or sublicense any and all Intellectual Property now owned or hereafter acquired by the Credit Parties (except to the extent such grant is prohibited by any rule of law, statute or regulation), included as part of the Term Priority Collateral (and including in such license access to all media in which any of the licensed items may be recorded or stored and to all computer software and programs used for the compilation or printout thereof) as is or may be necessary or advisable in the ABL Agent's reasonable judgment for the ABL Agent to process, ship, produce, store, supply, lease, complete, sell, liquidate or otherwise deal with the ABL Priority Collateral, or to collect or otherwise realize upon any Accounts (as defined in the ABL Credit Agreement) comprising ABL Priority Collateral, in each case solely in connection with any Exercise of Secured Creditor Remedies; provided that (i) any such license shall terminate upon the sale of the applicable ABL Priority Collateral and shall not extend or transfer to the purchaser of such ABL Priority Collateral, (ii) the ABL Agent's use of such Intellectual Property shall be reasonable and lawful, and (iii) any such license is granted on an "AS IS" basis, without any representation or warranty whatsoever. The Term Agent (i) acknowledges and consents to the grant to the ABL Agent by the Credit Parties of the license referred to in Section 4.01 of the Security Agreement (as defined in the ABL Credit Agreement) and (ii) agrees that its Liens in the Term Priority Collateral shall be subject in all respects to such license. Furthermore, the Term Agent agrees that, in connection with any Exercise of Secured Creditor Remedies conducted by the Term Agent in respect of Term Priority Collateral, (x) any notice required to be given by the Term Agent in connection with such Exercise of Secured Creditor Remedies shall contain an acknowledgement of the existence of such license and (y) the Term Agent shall provide written notice to any purchaser, assignee or transferee pursuant to an Exercise of Secured Creditor Remedies that the applicable assets are subject to such license.

Section 3.7 Tracing of and Priorities in Proceeds. The ABL Agent, for itself and on behalf of the ABL Secured Parties, and the Term Agent, for itself and on behalf of the Term Secured Parties, further agree that prior to an issuance of any notice of Exercise of Any Secured Creditor Remedies by such Secured Party (unless a bankruptcy or insolvency Event of Default then exists), any proceeds of Collateral, whether or not deposited under control agreements, which are used by any Credit Party to acquire other property which is Collateral shall not (solely as between the Agents and the Lenders) be treated as Proceeds of Collateral for purposes of determining the relative priorities in the Collateral which was so acquired. In addition, unless and until the Discharge of the ABL Obligations occurs, the Term Agent and the other Term Secured Parties each consents to the application, prior to the delivery of a Term Cash Proceeds Notice to the ABL Agent, of cash or other proceeds of Collateral deposited under control agreements (other than any cash held in Term Loan Priority Accounts) to the repayment of the ABL Obligations pursuant to the ABL Documents.

Section 3.8 Purchase Right

(a) If (i) after the occurrence of an Event of Default, the ABL Agent shall sell, lease, license or dispose of all or substantially all of the ABL Priority Collateral by private or public sale, (ii) an Insolvency Proceeding with respect to the Borrower or Holdings shall have occurred or shall have been commenced, or (iii) the ABL Obligations under the ABL Credit Agreement shall have been accelerated (including as a result of any automatic acceleration) or shall remain unpaid following the Scheduled Termination Date (as defined in the ABL Credit Agreement), (each such event described in clauses (i) through (iii) herein above, a “**Purchase Option Event**”), the Term Secured Parties shall have the opportunity to purchase (at par and without premium) all (but not less than all) of the ABL Obligations pursuant to this Section 3.8; provided, that such option shall expire if the applicable Term Secured Parties fail to deliver a written notice (a “**Purchase Notice**”) to the ABL Agent with a copy to the Borrower within ten (10) Business Days following the first date the Term Agent obtains actual knowledge of the occurrence of the earliest Purchase Option Event, which Purchase Notice shall (A) be signed by the applicable Term Secured Parties committing to such purchase (the “**Purchasing Creditors**”) and indicate the percentage of the ABL Obligations to be purchased by each Purchasing Creditor (which aggregate commitments must add up to 100% of the ABL Obligations) and (B) state that (1) it is a Purchase Notice delivered pursuant to Section 3.8 of this Agreement and (2) the offer contained therein is irrevocable. Upon receipt of such Purchase Notice by the ABL Agent, the Purchasing Creditors shall have from the date of delivery thereof to and including the date that is ten (10) Business Days after the Purchase Notice was received by the ABL Agent to purchase all (but not less than all) of the ABL Obligations pursuant to this Section 3.8 (the date of such purchase, the “**Purchase Date**”).

(b) On the Purchase Date, the ABL Agent and the other ABL Secured Parties shall, subject to any required approval of any Governmental Authority and any limitation in the ABL Credit Agreement, in each case then in effect, if any, sell to the Purchasing Creditors all (but not less than all) of the ABL Obligations. On such Purchase Date, the Purchasing Creditors shall (i)

pay to the ABL Agent, for the benefit of the ABL Secured Parties, as directed by the ABL Agent, in immediately available funds the full amount (at par and without premium) of all ABL Obligations then outstanding together with all accrued and unpaid interest and fees thereon, all in the amounts specified by the ABL Agent and determined in accordance with the applicable ABL Documents, (ii) furnish such amount of cash collateral in immediately available funds as the ABL Agent determines is reasonably necessary to secure ABL Secured Parties in connection with any (x) indemnification obligations of the ABL Credit Parties under the ABL Documents, (y) ABL Cash Management Obligations and ABL Hedging Obligations, or (z) issued and outstanding letters of credit issued under the ABL Credit Agreement but, with respect to this clause (z), not in any event in an amount greater than 103% of the aggregate undrawn amount of all such outstanding letters of credit (and in the case of clauses (x), (y) and (z) herein above, any excess of such cash collateral for such indemnification obligations, ABL Cash Management Obligations and ABL Hedging Obligations or letters of credit remaining at such time when there are no longer any such indemnification obligations, ABL Cash Management Obligations and ABL Hedging Obligations or letters of credit outstanding and there are no unreimbursed amounts then owing in respect of such indemnification obligations, ABL Cash Management Obligations and ABL Hedging Obligations or drawings under such letters of credit shall be promptly paid over to the Term Agent) and (iii) agree to reimburse the ABL Secured Parties for any loss, cost, damage or expense (A) resulting from the granting of provisional credit for any checks, wire or ACH transfers that are reversed or not final or other payments provisionally credited to the ABL Obligations under the ABL Credit Agreement and as to which the ABL Agent and ABL Secured Parties have not yet received final payment as of the Purchase Date, or (B) for any indemnification obligations, ABL Cash Management Obligations and ABL Hedging Obligations or letters of credit, to the extent that the cash collateral delivered pursuant to clauses (x), (y) and (z), above, are insufficient to pay such ABL Obligations in full. Such purchase price shall be remitted by wire transfer in immediately available funds to such bank account of the ABL Agent (for the benefit of the ABL Secured Parties) as the ABL Agent shall have specified in writing to the Term Agent. Interest and fees shall be calculated to but excluding the Purchase Date if the amounts so paid by the applicable Term Lenders to the bank account designated by the ABL Agent are received in such bank account prior to 1:00 p.m., New York time, and interest shall be calculated to and including such Purchase Date if the amounts so paid by the applicable Term Lenders to the bank account designated by the ABL Agent are received in such bank account after 1:00 p.m., New York time.

(c) Any purchase pursuant to the purchase option set forth in this Section 3.8 shall, except as provided below, be expressly made without representation or warranty of any kind by the ABL Agent or the other ABL Secured Parties as to the ABL Obligations, the collateral or otherwise, and without recourse to the ABL Agent and the other ABL Secured Parties as to the ABL Obligations, the collateral or otherwise, except that the ABL Agent and each of the ABL Secured Parties, as to itself only, shall represent and warrant only (i) the principal amount of the ABL Obligations being sold by it, (ii) that such Person has not created any Lien on any ABL Obligations being sold by it, and (iii) that such Person has the right to assign the ABL Obligations being assigned by it and its assignment agreement has been duly authorized and delivered.

(d) Upon notice to the Credit Parties by the Term Agent that the purchase of ABL Obligations pursuant to this Section 3.8 has been consummated by delivery of the purchase price to the ABL Agent, the Credit Parties shall treat the applicable Term Lenders as holders of the ABL Obligations and the Term Agent shall be deemed appointed to act in such capacity as the “agent” or “administrative agent” (or analogous capacity) (the “**Replacement Agent**”) under the ABL Documents, for all purposes hereunder and under each ABL Document (it being agreed that the ABL Agent shall have no obligation to act as such replacement “agent” or “administrative agent” (or analogous capacity)). In connection with any purchase of ABL Obligations pursuant to this Section 3.8, each ABL Lender and ABL Agent agrees to enter into and deliver to the applicable Term Lenders on the Purchase Date, as a condition to closing, an assignment agreement customarily used by the ABL Agent in connection with the ABL Credit Agreement and the ABL Agent and each other ABL Lender shall deliver all possessory collateral (if any), together with any necessary endorsements and other documents (including any applicable stock powers or bond powers), then in its possession or in the possession of its agent or bailee, or turn over control as to any pledged collateral, deposit accounts or securities accounts of which it or its agent or bailee then has control, as the case may be, to the Replacement Agent, and deliver the loan register and participant register, if applicable and all other records pertaining to the ABL Obligations to the Replacement Agent and otherwise take such actions as may be reasonably appropriate to effect an orderly transition to the Replacement Agent. Upon the consummation of the purchase of the ABL Obligations pursuant to this Section 3.8, the ABL Agent (and all other agents under the ABL Credit Agreement) shall be deemed to have resigned as an “agent” or “administrative agent” for the ABL Secured Parties under the ABL Documents; provided that the ABL Agent (and all other agents under the ABL Credit Agreement) shall be entitled to all of the rights and benefits of a former “agent” or “administrative agent” under the ABL Credit Agreement.

(e) Notwithstanding the foregoing purchase of the ABL Obligations by the Purchasing Creditors, the ABL Secured Parties shall retain those contingent indemnification obligations and other obligations under the ABL Documents which by their express terms would survive any repayment of the ABL Obligations pursuant to this Section 3.8.

Section 3.9 Payments Over.

(a) So long as the Discharge of Term Obligations has not occurred, any Term Priority Collateral or Proceeds thereof not constituting ABL Priority Collateral received by the ABL Agent or any other ABL Secured Party in connection with the exercise of any right or remedy (including set off) relating to the Term Priority Collateral in contravention of this Agreement or otherwise (it being understood that the application of proceeds from any Deposit Account prior to the delivery of a Term Cash Proceeds Notice shall not be deemed in contravention of this Agreement) shall be segregated and held in trust and forthwith paid over to the Term Agent for the benefit of the Term Secured Parties in the same form as received, with any necessary endorsements or as a court of competent jurisdiction may otherwise direct. The Term Agent is hereby authorized to make any such endorsements as agent for the ABL Agent or any such other ABL Secured Parties. This authorization is coupled with an interest and is irrevocable until such time as this Agreement is terminated in accordance with its terms.

(b) So long as the Discharge of ABL Obligations has not occurred, any ABL Priority Collateral or Proceeds thereof not constituting Term Priority Collateral received by the Term Agent or any Term Secured Parties in connection with the exercise of any right or remedy (including set off) relating to the ABL Priority Collateral in contravention of this Agreement or otherwise shall be segregated and held in trust and forthwith paid over to the ABL Agent for the benefit of the ABL Secured Parties in the same form as received, with any necessary endorsements or as a court of competent jurisdiction may otherwise direct. The ABL Agent is hereby authorized to make any such endorsements as agent for the Term Agent or any such Term Secured Parties. This authorization is coupled with an interest and is irrevocable until such time as this Agreement is terminated in accordance with its terms.

ARTICLE 4 APPLICATION OF PROCEEDS

Section 4.1 Application of Proceeds.

(a) Revolving Nature of ABL Obligations. The Term Agent, for and on behalf of itself and the Term Secured Parties, expressly acknowledges and agrees that (i) the ABL Credit Agreement includes a revolving commitment, that in the ordinary course of business the ABL Agent and the ABL Lenders will apply payments and make advances thereunder, and that no application of any Collateral or the release of any Lien by the ABL Agent upon any portion of the Collateral in connection with a permitted disposition by the ABL Credit Parties under any ABL Credit Agreement shall constitute the Exercise of Secured Creditor Remedies under this Agreement; (ii) the amount of the ABL Obligations that may be outstanding at any time or from time to time may be increased or reduced and subsequently reborrowed, and that the terms of the ABL Obligations may be modified, amended and restated, extended or amended from time to time, and that the aggregate amount of the ABL Obligations may be increased, replaced or refinanced, in each event, without notice to or consent by the Term Secured Parties and without affecting the provisions hereof; and (iii) all Collateral received by the ABL Agent (so long as such receipt is not the result of the exercise of rights or remedies as a Secured Creditor) may be applied, reversed, reapplied, credited, or reborrowed, in whole or in part, to the ABL Obligations at any time; provided, however, that from and after the date on which the ABL Agent (or any ABL Secured Party) or the Term Agent (or any Term Secured Party) commences the Exercise of Any Secured Creditor Remedies, all amounts received by the ABL Agent or any ABL Lender shall be applied as specified in this Section 4.1. The Lien Priority shall not be altered or otherwise affected by any such amendment, modification, supplement, extension, repayment, reborrowing, increase, replacement, renewal, restatement or refinancing of either the ABL Obligations or the Term Obligations, or any portion thereof. Notwithstanding anything to the contrary contained in this Agreement, any Term Document or any ABL Document, each Credit Party and the Term Agent, for itself and on behalf of the Term Secured Parties, agrees that (i) only Term Priority Collateral or proceeds of the Term Priority Collateral shall be deposited in the Term Loan Priority Accounts and (ii) prior to the receipt of a Term Cash Proceeds Notice, the ABL Secured Parties are hereby permitted to treat all cash, cash equivalents, Money, collections and payments deposited in any ABL Deposit and Securities Account or otherwise received by any ABL Secured Parties as ABL Priority Collateral, and no such amounts credited to any such ABL Deposit and Securities Account or received by any ABL Secured Parties or applied to the ABL Obligations shall be subject to disgorgement or deemed to be held in trust for the benefit of the Term Secured Parties (and all claims of the Term Agent or any other Term Secured Party to such amounts are hereby waived).

(b) Application of Proceeds of ABL Priority Collateral. The ABL Agent and the Term Agent hereby agree that all ABL Priority Collateral, ABL Priority Proceeds and all other Proceeds thereof, received by either of them in connection with any exercise of secured creditor remedies with respect to the ABL Priority Collateral shall be applied,

- first, to the payment of costs and expenses of the ABL Agent in connection with such Exercise of Secured Creditor Remedies,
- second, to the payment or discharge of the ABL Obligations in accordance with the ABL Documents until the Discharge of ABL Obligations shall have occurred,
- third, to the payment of the Term Obligations in accordance with the Term Documents until the Discharge of Term Obligations shall have occurred, and
- fourth, the balance, if any, to the Credit Parties or as a court of competent jurisdiction may direct.

(c) Application of Proceeds of Term Priority Collateral. The ABL Agent and the Term Agent hereby agree that all Term Priority Collateral, Term Priority Proceeds and all other Proceeds thereof, received by either of them in connection with any exercise of secured creditor remedies with respect to the Term Priority Collateral shall be applied,

- first, to the payment of costs and expenses of the Term Agent in connection with such Exercise of Secured Creditor Remedies,
- second, to the payment of the Term Obligations in accordance with the Term Documents until the Discharge of Term Obligations shall have occurred,
- third, to the payment of the ABL Obligations in accordance with the ABL Documents until the Discharge of ABL Obligations shall have occurred; and
- fourth, the balance, if any, to the Credit Parties or as a court of competent jurisdiction may direct.

(d) Limited Obligation or Liability. In exercising remedies, whether as a secured creditor or otherwise, the ABL Agent shall have no obligation or liability to the Term Agent or to any Term Secured Party, and the Term Agent shall have no obligation or liability to the ABL Agent or any ABL Secured Party, regarding the adequacy of any Proceeds or for any action or omission, except solely for an action or omission that breaches the express obligations undertaken by each Party under the terms of this Agreement. Notwithstanding anything to the contrary herein contained, none of the Parties hereto waives any claim that it may have against a Secured Party on the grounds that any sale, transfer or other disposition by the Secured Party was not commercially reasonable in every respect as required by the Uniform Commercial Code.

(e) **Turnover of Collateral After Discharge.** Upon the Discharge of ABL Obligations, the ABL Agent shall deliver to the Term Agent or shall execute such documents as the Term Agent may reasonably request to enable the Term Agent to have control over any Control Collateral still in the ABL Agent's possession, custody, or control in the same form as received with any necessary endorsements (in each case, subject to the reinstatement provisions of Section 5.3), or as a court of competent jurisdiction may otherwise direct. Upon the Discharge of Term Obligations, the Term Agent shall deliver to the ABL Agent or shall execute such documents as the ABL Agent may reasonably request to enable the ABL Agent to have control over any Control Collateral still in the Term Agent's possession, custody or control in the same form as received with any necessary endorsements (in each case, subject to the reinstatement provisions of Section 5.3), or as a court of competent jurisdiction may otherwise direct.

Section 4.2 Specific Performance. Each of the ABL Agent and the Term Agent is hereby authorized to demand specific performance of this Agreement, whether or not the Borrower or any Guarantor shall have complied with any of the provisions of any of the Credit Documents, at any time when the other Party shall have failed to comply with any of the provisions of this Agreement applicable to it. Each of the ABL Agent, for and on behalf of itself and the ABL Secured Parties, and the Term Agent, for and on behalf of itself and the Term Secured Parties, hereby irrevocably waives any defense based on the adequacy of a remedy at law that might be asserted as a bar to such remedy of specific performance.

ARTICLE 5

INTERCREDITOR ACKNOWLEDGEMENTS AND WAIVERS

Section 5.1 Notice of Acceptance and Other Waivers.

(a) All ABL Obligations at any time made or incurred by the Borrower or any Guarantor shall be deemed to have been made or incurred in reliance upon this Agreement, and the Term Agent, on behalf of itself and the Term Secured Parties, hereby waives notice of acceptance, or proof of reliance by the ABL Agent or any ABL Secured Party of this Agreement, and notice of the existence, increase, renewal, extension, accrual, creation, or non-payment of all or any part of the ABL Obligations. All Term Obligations at any time made or incurred by the Borrower or any Guarantor shall be deemed to have been made or incurred in reliance upon this Agreement, and the ABL Agent, on behalf of itself and the ABL Secured Parties, hereby waives notice of acceptance, or proof of reliance, by the Term Agent or any Term Secured Party of this Agreement, and notice of the existence, increase, renewal, extension, accrual, creation, or non-payment of all or any part of the Term Obligations.

(b) None of the ABL Agent, any ABL Secured Party, or any of their respective Affiliates, directors, officers, employees, or agents shall be liable for failure to demand, collect, or realize upon any of the Collateral or any Proceeds, or for any delay in doing so, or shall be under any obligation to sell or otherwise dispose of any Collateral or Proceeds thereof or to take any other action whatsoever with regard to the Collateral or any part or Proceeds thereof, except as specifically provided in this Agreement. If the ABL Agent or any ABL Secured Party honors (or fails to honor) a request by the Borrower for an extension of credit pursuant to any ABL Credit Agreement or any of the other ABL Documents, whether the ABL Agent or any ABL Secured Party has knowledge that the honoring of (or failure to honor) any such request would constitute a default under the terms of any Term Credit Agreement or any other Term Document or an act, condition, or event that, with the giving of notice or the passage of time, or both, would constitute such a default, or if the ABL Agent or any ABL Secured Party otherwise should

exercise any of its contractual rights or remedies under any ABL Documents (subject to the express terms and conditions hereof), neither the ABL Agent nor any ABL Secured Party shall have any liability whatsoever to the Term Agent or any Term Secured Party as a result of such action, omission, or exercise (so long as any such exercise does not breach the express terms and provisions of this Agreement). The ABL Agent and the ABL Secured Parties shall be entitled to manage and supervise their loans and extensions of credit under any ABL Credit Agreement and any of the other ABL Documents as they may, in their sole discretion, deem appropriate, and may manage their loans and extensions of credit without regard to any rights or interests that the Term Agent or any of the Term Secured Parties have in the Collateral, except as otherwise expressly set forth in this Agreement. The Term Agent, on behalf of itself and the Term Secured Parties, agrees that neither the ABL Agent nor any ABL Secured Party shall incur any liability as a result of a sale, lease, license, application, or other disposition of all or any portion of the Collateral or Proceeds thereof, pursuant to the ABL Documents, so long as such disposition is conducted in accordance with mandatory provisions of applicable law and does not breach the provisions of this Agreement.

(c) None of the Term Agent, any Term Secured Party or any of their respective Affiliates, directors, officers, employees, or agents shall be liable for failure to demand, collect, or realize upon any of the Collateral or any Proceeds, or for any delay in doing so, or shall be under any obligation to sell or otherwise dispose of any Collateral or Proceeds thereof or to take any other action whatsoever with regard to the Collateral or any part or Proceeds thereof, except as specifically provided in this Agreement. If the Term Agent or any Term Secured Party honors (or fails to honor) a request by the Borrower for an extension of credit pursuant to any Term Credit Agreement or any of the other Term Documents, whether the Term Agent or any Term Secured Party has knowledge that the honoring of (or failure to honor) any such request would constitute a default under the terms of any ABL Credit Agreement or any other ABL Document or an act, condition, or event that, with the giving of notice or the passage of time, or both, would constitute such a default, or if the Term Agent or any Term Secured Party otherwise should exercise any of its contractual rights or remedies under the Term Documents (subject to the express terms and conditions hereof), neither the Term Agent nor any Term Secured Party shall have any liability whatsoever to the ABL Agent or any ABL Secured Party as a result of such action, omission, or exercise (so long as any such exercise does not breach the express terms and provisions of this Agreement). The Term Agent and the Term Secured Parties shall be entitled to manage and supervise their loans and extensions of credit under the Term Documents as they may, in their sole discretion, deem appropriate, and may manage their loans and extensions of credit without regard to any rights or interests that the ABL Agent or any ABL Secured Party has in the Collateral, except as otherwise expressly set forth in this Agreement. The ABL Agent, on behalf of itself and the ABL Secured Parties, agrees that none of the Term Agent or the Term Secured Parties shall incur any liability as a result of a sale, lease, license, application, or other disposition of the Collateral or any part or Proceeds thereof, pursuant to the Term Documents, so long as such disposition is conducted in accordance with mandatory provisions of applicable law and does not breach the provisions of this Agreement.

Section 5.3 Modifications to ABL Documents and Term Documents.

(a) The Term Agent, on behalf of itself and the Term Secured Parties, hereby agrees that, without affecting the obligations of the Term Agent and the Term Secured Parties hereunder, the ABL Agent and the ABL Secured Parties may, at any time and from time to time, in their sole discretion without the consent of or notice to the Term Agent or any Term Secured Party, and without incurring any liability to the Term Agent or any Term Secured Party or impairing or releasing the subordination of Lien Priority provided for herein, amend, restate, supplement, replace, refinance, extend, consolidate, restructure, or otherwise modify any of the ABL Documents in any manner whatsoever (other than in a manner which would contravene the provisions of this Agreement), including, without limitation, to:

(i) change the manner, place, time, or terms of payment or renew, alter or increase, all or any of the ABL Obligations or otherwise amend, restate, supplement, or otherwise modify in any manner, or grant any waiver or release with respect to, all or any part of the ABL Obligations or any of the ABL Documents;

(ii) subject to Section 2.5, retain or obtain a Lien on any Property of any Person to secure any of the ABL Obligations, and in connection therewith to enter into any additional ABL Documents;

(iii) amend, or grant any waiver, compromise, or release with respect to, or consent to any departure from, any guaranty or other obligations of any Person obligated in any manner under or in respect of the ABL Obligations;

(iv) release its Lien on any Collateral or other Property;

(v) exercise or refrain from exercising any rights against the Borrower, any Guarantor, or any other Person;

(vi) subject to Section 2.5, retain or obtain the primary or secondary obligation of any other Person with respect to any of the ABL Obligations; and

(vii) otherwise manage and supervise the ABL Obligations as the ABL Agent shall deem appropriate.

(b) The ABL Agent, on behalf of itself and the ABL Secured Parties, hereby agrees that, without affecting the obligations of the ABL Agent and the ABL Secured Parties hereunder, the Term Agent and the Term Secured Parties may, at any time and from time to time, in their sole discretion without the consent of or notice to the ABL Agent or any ABL Secured Party, and without incurring any liability to the ABL Agent or any ABL Secured Party or impairing or releasing the subordination of Lien Priority provided for herein, amend, restate, supplement, replace, refinance, extend, consolidate, restructure, or otherwise modify any of the Term Documents in any manner whatsoever (other than in a manner which would contravene the provisions of this Agreement), including, without limitation, to:

(i) change the manner, place, time, or terms of payment or renew, alter or increase, all or any of the Term Obligations or otherwise amend, restate, supplement, or otherwise modify in any manner, or grant any waiver or release with respect to, all or any part of the Term Obligations or any of the Term Documents;

- (ii) subject to Section 2.5, retain or obtain a Lien on any Property of any Person to secure any of the Term Obligations, and in connection therewith to enter into any additional Term Documents;
- (iii) amend, or grant any waiver, compromise, or release with respect to, or consent to any departure from, any guaranty or other obligations of any Person obligated in any manner under or in respect of the Term Obligations;
- (iv) release its Lien on any Collateral or other Property;
- (v) exercise or refrain from exercising any rights against the Borrower, any Guarantor, or any other Person;
- (vi) subject to Section 2.5, retain or obtain the primary or secondary obligation of any other Person with respect to any of the Term Obligations; and
- (vii) otherwise manage and supervise the Term Obligations as the Term Agent shall deem appropriate.

(c) The ABL Obligations and the Term Obligations may be refinanced, in whole or in part, from time to time, in each case, without notice to, or the consent of the ABL Agent, the ABL Secured Parties, the Term Agent or the Term Secured Parties, as the case may be, all without affecting the Lien Priorities provided for herein or the other provisions hereof, provided, however, that the holders of any class or series of such refinancing Indebtedness (or an authorized agent or trustee on their behalf) bind themselves in writing to the terms of this Agreement pursuant to such documents or agreements (including amendments or supplements to this Agreement) as the ABL Agent or the Term Agent, as the case may be, shall reasonably request and in form and substance reasonably acceptable to the ABL Agent or the Term Agent, as the case may be, and any such refinancing transaction shall be in accordance with any applicable provisions of both the ABL Documents and the Term Documents (to the extent such documents survive the refinancing).

Section 5.5 Reinstatement and Continuation of Agreement.

(a) If the ABL Agent or any ABL Secured Party is required in any Insolvency Proceeding or otherwise to turn over or otherwise pay to the estate of the Borrower, any Guarantor, or any other Person any payment made in satisfaction of all or any portion of the ABL Obligations (an “**ABL Recovery**”), then the ABL Obligations shall be reinstated to the extent of such ABL Recovery. If this Agreement shall have been terminated prior to such ABL Recovery, this Agreement shall be reinstated in full force and effect in the event of such ABL Recovery, and such prior termination shall not diminish, release, discharge, impair, or otherwise affect the obligations of the Parties from such date of reinstatement. All rights, interests, agreements, and obligations of the ABL Agent, the Term Agent, the ABL Secured Parties, and the Term Secured Parties under this Agreement shall remain in full force and effect and shall continue irrespective of the commencement of, or any discharge, confirmation, conversion, or dismissal of, any Insolvency Proceeding by or against the Borrower or any Guarantor or any other circumstance which otherwise might constitute a defense available to, or a discharge of the

Borrower or any Guarantor in respect of the ABL Obligations or the Term Obligations. No priority or right of the ABL Agent or any ABL Secured Party shall at any time be prejudiced or impaired in any way by any act or failure to act on the part of the Borrower or any Guarantor or by the noncompliance by any Person with the terms, provisions, or covenants of any of the ABL Documents, regardless of any knowledge thereof which the ABL Agent or any ABL Secured Party may have.

(b) If the Term Agent or any Term Secured Party is required in any Insolvency Proceeding or otherwise to turn over or otherwise pay to the estate of the Borrower, any Guarantor, or any other Person any payment made in satisfaction of all or any portion of the Term Obligations (a “**Term Recovery**”), then the Term Obligations shall be reinstated to the extent of such Term Recovery. If this Agreement shall have been terminated prior to such Term Recovery, this Agreement shall be reinstated in full force and effect in the event of such Term Recovery, and such prior termination shall not diminish, release, discharge, impair, or otherwise affect the obligations of the Parties from such date of reinstatement. All rights, interests, agreements, and obligations of the ABL Agent, the Term Agent, the ABL Secured Parties, and the Term Secured Parties under this Agreement shall remain in full force and effect and shall continue irrespective of the commencement of, or any discharge, confirmation, conversion, or dismissal of, any Insolvency Proceeding by or against the Borrower or any Guarantor or any other circumstance which otherwise might constitute a defense available to, or a discharge of the Borrower or any Guarantor in respect of the ABL Obligations or the Term Obligations. No priority or right of the Term Agent or any Term Secured Party shall at any time be prejudiced or impaired in any way by any act or failure to act on the part of the Borrower or any Guarantor or by the noncompliance by any Person with the terms, provisions, or covenants of any of the Term Documents, regardless of any knowledge thereof which the Term Agent or any Term Secured Party may have.

ARTICLE 6 INSOLVENCY PROCEEDINGS

Section 6.1 **DIP Financing**.

(a) If the Borrower or any Guarantor shall be subject to any Insolvency Proceeding at any time prior to the Discharge of ABL Obligations, and the ABL Agent or the ABL Secured Parties shall seek to provide the Borrower or any Guarantor with, or consent to a third party providing, any financing under Section 364 of the Bankruptcy Code or consent to any order for the use of cash collateral constituting ABL Priority Collateral under Section 363 of the Bankruptcy Code (or any similar provision of any foreign Debtor Relief Laws or under a court order in respect of measures granted with similar effect under any foreign Debtor Relief Laws) (each, a “**DIP Financing**”), with such DIP Financing to be secured at least in part by all or any portion of the ABL Priority Collateral (including assets that, but for the application of Section 552 of the Bankruptcy Code (or any similar provision of any foreign Debtor Relief Laws) would be Collateral), then the Term Agent, on behalf of itself and the Term Secured Parties, agrees that it will raise no objection and will not support any objection to such DIP Financing or use of cash collateral or to the Liens securing the same on the grounds of a failure to provide “adequate protection” for the Liens of the Term Agent securing the Term Obligations or on any other grounds (and will not request any adequate protection with respect to its Lien on the ABL

Priority Collateral solely as a result of such DIP Financing or use of cash collateral that is ABL Priority Collateral other than to the extent permitted under Section 6.3), so long as (i) the Term Agent retains its Lien on the Collateral to secure the Term Obligations (in each case, including Proceeds thereof arising after the commencement of the case under any Debtor Relief Laws) and, as to the Term Priority Collateral only, such Lien has the same priority as existed prior to the commencement of the case under the subject Debtor Relief Laws and any Lien on the Term Priority Collateral securing such DIP Financing is junior and subordinate to the Lien of the Term Agent on the Term Priority Collateral, (ii) all Liens on ABL Priority Collateral securing any such DIP Financing shall be senior to or on a parity with the Liens of the ABL Agent and the ABL Secured Parties securing the ABL Obligations on ABL Priority Collateral, and (iii) the foregoing provisions of this Section 6.1(a) shall not prevent the Term Agent and the Term Secured Parties from objecting to any provision in any DIP Financing relating to any provision or content of a plan of reorganization or other plan of similar effect under any Debtor Relief Laws.

(b) If the Borrower or any Guarantor shall be subject to any Insolvency Proceeding at any time prior to the Discharge of Term Obligations, and the Term Agent or the Term Secured Parties shall seek to provide the Borrower or any Guarantor with, or shall consent to a third party providing, any DIP Financing, the Term Agent and any Term Secured Party may seek to provide with such DIP Financing to be secured at least in part by all or any portion of the Term Priority Collateral (including assets that, but for the application of Section 552 of the Bankruptcy Code (or any similar provision of any foreign Debtor Relief Laws) would be Collateral), then the ABL Agent, on behalf of itself and the ABL Secured Parties, agrees that it will raise no objection and will not support any objection to such DIP Financing or use of cash collateral or to the Liens securing the same on the grounds of a failure to provide “adequate protection” for the Liens of the ABL Agent securing the ABL Obligations or on any other grounds (and will not request any adequate protection with respect to its Lien on the Term Priority Collateral solely as a result of such DIP Financing or use of cash collateral that is Term Priority Collateral other than to the extent permitted under Section 6.3), so long as (i) the ABL Agent retains its Lien on the Collateral to secure the ABL Obligations (in each case, including Proceeds thereof arising after the commencement of the case under any Debtor Relief Law) and, as to the ABL Priority Collateral only, such Lien has the same priority as existed prior to the commencement of the case under the subject Debtor Relief Laws and any Lien on ABL Priority Collateral securing such DIP Financing furnished by the Term Agent or Term Secured Parties is junior and subordinate to the Lien of the ABL Agent on the ABL Priority Collateral (ii) all Liens on Term Priority Collateral securing any such DIP Financing shall be senior to or on a parity with the Liens of the Term Agent and the Term Secured Parties securing the Term Obligations on Term Priority Collateral, and (iii) the foregoing provisions of this Section 6.1(a) shall not prevent the ABL Agent and the ABL Secured Parties from objecting to any provision in any DIP Financing relating to any provision or content of a plan of reorganization or other plan of similar effect under any Debtor Relief Laws.

(c) All Liens granted to the ABL Agent or the Term Agent in any Insolvency Proceeding, whether as adequate protection or otherwise, are intended by the Parties to be and shall be deemed to be subject to the Lien Priority and the other terms and conditions of this Agreement. For clarity, the ABL Agent and the ABL Secured Parties shall not seek to “prime” the Lien of the Term Agent and the Term Secured Parties on the Term Priority Collateral and the Term Agent and the Term Secured Parties shall not seek to “prime” the Lien of the ABL Agent and the ABL Secured Parties on the ABL Priority Collateral.

Section 6.2 Relief From Stay. Until the Discharge of ABL Obligations has occurred, the Term Agent, on behalf of itself and the Term Secured Parties, agrees not to seek relief from the automatic stay or any other stay in any Insolvency Proceeding in respect of any portion of the ABL Priority Collateral without the ABL Agent's express written consent. Until the Discharge of Term Obligations has occurred, the ABL Agent, on behalf of itself and the ABL Secured Parties, agrees not to seek relief from the automatic stay or any other stay in any Insolvency Proceeding in respect of any portion of the Term Priority Collateral without the Term Agent's express written consent. In addition, neither the Term Agent nor the ABL Agent shall seek any relief from the automatic stay with respect to any Collateral without providing three (3) days' prior written notice to the other, unless such period is agreed by both the ABL Agent and the Term Agent to be modified or unless the ABL Agent or Term Agent, as applicable, makes a good faith determination that either (A) the ABL Priority Collateral or the Term Priority Collateral, as applicable, will decline speedily in value or (B) the failure to take any action will have a reasonable likelihood of endangering the ABL Agent's or the Term Agent's ability to realize upon its Collateral.

Section 6.3 No Contest; Adequate Protection. (a) The Term Agent, on behalf of itself and the Term Secured Parties, agrees that, prior to the Discharge of ABL Obligations, none of them shall seek any form of adequate protection under any or all of §361, §362, §363 or §364 of the Bankruptcy Code (or any similar provision of any foreign Debtor Relief Laws) with respect to the ABL Priority Collateral, except as set forth in this Section 6.3 or as may otherwise be consented to in writing by the ABL Agent in its sole and absolute discretion. The Term Agent, on behalf of itself and the Term Secured Parties, agrees that, prior to the Discharge of ABL Obligations, none of them shall contest (or support any other Person contesting) (i) any request by the ABL Agent or any ABL Secured Party for adequate protection of its interest in the Collateral (unless in contravention of Section 6.1(c) above), (ii) any proposed provision of DIP Financing by the ABL Agent and the ABL Secured Parties (or any other Person proposing to provide DIP Financing with the consent of the ABL Agent) (unless in contravention of Section 6.1(a) or Section 6.1(c) above) or (iii) any objection by the ABL Agent or any ABL Secured Party to any motion, relief, action, or proceeding based on a claim by the ABL Agent or any ABL Secured Party that its interests in the Collateral are not adequately protected (or any other similar request under any law applicable to an Insolvency Proceeding), so long as any Liens granted to the ABL Agent as adequate protection of its interests are subject to this Agreement.

(b) The ABL Agent, on behalf of itself and the ABL Secured Parties, agrees that, prior to the Discharge of Term Obligations, none of them shall seek any form of adequate protection under any or all of §361, §362, §363 or §364 of the Bankruptcy Code (or any similar provision of any foreign Debtor Relief Laws) with respect to the Term Priority Collateral, except as set forth in this Section 6.3 or as may otherwise be consented to in writing by the Term Agent in its sole and absolute discretion. The ABL Agent, on behalf of itself and the ABL Secured Parties, agrees that, prior to the Discharge of Term Obligations, none of them shall contest (or support any other Person contesting) (i) any request by the Term Agent or any Term Secured Party for adequate protection of its interest in the Collateral (unless in contravention of Section 6.1(c) above), (ii) any proposed provision of DIP Financing by the Term Agent and the Term

Secured Parties (or any other Person proposing to provide DIP Financing with the consent of the Term Agent) (unless in contravention of Section 6.1(b) or Section 6.1(c) above) or (iii) any objection by the Term Agent or any Term Secured Party to any motion, relief, action or proceeding based on a claim by the Term Agent or any Term Secured Party that its interests in the Collateral are not adequately protected (or any other similar request under any law applicable to an Insolvency Proceeding), so long as any Liens granted to the Term Agent as adequate protection of its interests are subject to this Agreement.

(c) Notwithstanding the foregoing provisions in this Section 6.3, in any Insolvency Proceeding:

(i) if the ABL Secured Parties (or any subset thereof) are granted adequate protection with respect to the ABL Priority Collateral in the form of additional collateral (even if such collateral is not of a type which would otherwise have constituted ABL Priority Collateral, but provided it does not constitute Term Priority Collateral), then the ABL Agent, on behalf of itself and the ABL Secured Parties, agrees that the Term Agent, on behalf of itself or any of the Term Secured Parties, may seek or request (and the ABL Secured Parties will not oppose such request unless in contravention of Section 6.1(c)) adequate protection with respect to its interests in such Collateral in the form of a Lien on the same additional collateral, which Lien will be subordinated to the Liens securing the ABL Obligations on the same basis as the other Liens of the Term Agent on ABL Priority Collateral; and

(ii) in the event the Term Secured Parties or any subset thereof are granted adequate protection in respect of Term Priority Collateral in the form of additional collateral (even if such collateral is not of a type which would otherwise have constituted Term Priority Collateral, but provided it does not constitute ABL Priority Collateral), then the Term Agent, on behalf of itself and any of the Term Secured Parties, agrees that the ABL Agent on behalf of itself or any of the ABL Secured Parties, may seek or request (and the Term Secured Parties will not oppose such request unless in contravention of Section 6.1(c)) adequate protection with respect to its interests in such Collateral in the form of a Lien on the same additional collateral, which Lien will be subordinated to the Liens securing the Term Obligations on the same basis as the other Liens of the ABL Agent on Term Priority Collateral.

(iii) Except as otherwise expressly set forth in Section 6.1(c) or in connection with the exercise of remedies with respect to the ABL Priority Collateral, nothing herein shall limit the rights of the Term Agent or the Term Secured Parties from seeking adequate protection with respect to their rights in the Term Priority Collateral in any Insolvency Proceeding (including adequate protection in the form of a cash payment, periodic cash payments or otherwise). Except as otherwise expressly set forth in Section 6.1(c) or in connection with the exercise of remedies with respect to the Term Priority Collateral, nothing herein shall limit the rights of the ABL Agent or the ABL Secured Parties from seeking adequate protection with respect to their rights in the ABL Priority Collateral in any Insolvency Proceeding (including adequate protection in the form of a cash payment, periodic cash payments or otherwise).

Section 6.4 Asset Sales. The Term Agent agrees, on behalf of itself and the Term Secured Parties, that it will not oppose any sale consented to by the ABL Agent of any ABL Priority Collateral pursuant to Section 363(f) of the Bankruptcy Code (or any similar provision under the law applicable to any Insolvency Proceeding or under a court order in respect of measures granted with similar effect under any foreign Debtor Relief Laws) so long as the Term Agent, for the benefit of the Term Secured Parties, shall retain a Lien on the proceeds of such sale (to the extent such proceeds are not applied to the ABL Obligations in accordance with Section 4.1(b)) subject to the relative priorities set forth in Section 2.1. The ABL Agent agrees, on behalf of itself and the ABL Secured Parties, that it will not oppose any sale consented to by the Term Agent of any Term Priority Collateral pursuant to Section 363(f) of the Bankruptcy Code (or any similar provision under the law applicable to any Insolvency Proceeding or under a court order in respect of measures granted with similar effect under any foreign Debtor Relief Laws) so long as (i) any such sale is made in accordance with Section 3.6 and (ii) the ABL Agent, for the benefit of the ABL Secured Parties, shall retain a Lien on the proceeds of such sale (to the extent such proceeds are not applied to the Term Obligations in accordance with Section 4.1(c)) subject to the relative priorities set forth in Section 2.1. If such sale of Collateral includes both ABL Priority Collateral and Term Priority Collateral and the Parties are unable after negotiating in good faith to agree on the allocation of the purchase price between the ABL Priority Collateral and Term Priority Collateral, either Party may apply to the court in such Insolvency Proceeding to make a determination of such allocation, and the court's determination shall be binding upon the Parties.

For the avoidance of doubt, the Term Agent, on behalf of itself and the Term Secured Parties, acknowledges and agrees that in connection with any of the matters described in the foregoing Sections 6.1, 6.2 or 6.3 or in this Section 6.4, the rights of each Term Secured Party that is an ABL Secured Party but not an ABL Lender, in such Term Secured Party's capacity as an ABL Secured Party, are subject to, and limited as set forth in, Section 11.13(b) of the ABL Credit Agreement.

Section 6.5 Separate Grants of Security and Separate Classification. Each Term Secured Party and each ABL Secured Party acknowledges and agrees that (i) the grants of Liens pursuant to the ABL Collateral Documents and the Term Collateral Documents constitute two separate and distinct grants of Liens and (ii) because of, among other things, their differing rights in the Collateral, the Term Obligations are fundamentally different from the ABL Obligations and must be separately classified in any plan of reorganization (or other plan of similar effect under any Debtor Relief Laws) proposed, confirmed, or adopted in an Insolvency Proceeding. To further effectuate the intent of the parties as provided in the immediately preceding sentence, if it is held that the claims of the ABL Secured Parties and the Term Secured Parties in respect of the Collateral constitute only one secured claim (rather than separate classes of secured claims subject to the relative priorities set forth herein with respect to the Collateral), then the ABL Secured Parties and the Term Secured Parties hereby acknowledge and agree that all distributions from the Collateral shall be made as if there were separate classes of ABL Obligation claims and Term Obligation claims against the Credit Parties, with the effect being that, to the extent that the aggregate value of the ABL Priority Collateral or Term Priority

Collateral, as applicable, is sufficient (for this purpose ignoring all claims held by the other Secured Parties), the ABL Secured Parties or the Term Secured Parties, respectively, shall be entitled to receive, in addition to amounts distributed to them in respect of principal, pre-petition interest and other claims, all amounts owing in respect of post-petition interest, fees, and expenses that is available from each pool of Priority Collateral for each of the ABL Secured Parties and the Term Secured Parties, respectively, before any distribution is made in respect of the claims held by the other Secured Parties from such applicable pool of Priority Collateral, with the other Secured Parties hereby acknowledging and agreeing to turn over to the respective other Secured Parties amounts otherwise received or receivable by them from such applicable pool of Priority Collateral to the extent necessary to effectuate the intent of this sentence, even if such turnover has the effect of reducing the aggregate recoveries.

Section 6.6 Enforceability. The provisions of this Agreement are intended to be and shall be enforceable under Section 510(a) of the Bankruptcy Code (or any similar provision of any foreign Debtor Relief Laws).

Section 6.7 ABL Obligations Unconditional. All rights of the ABL Agent hereunder, and all agreements and obligations of the Term Agent and the Credit Parties (to the extent applicable) hereunder, shall remain in full force and effect irrespective of:

A. any lack of validity or enforceability of any ABL Document;

B. any change in the time, place or manner of payment of, or in any other term of, all or any portion of the ABL Obligations, or any amendment, waiver or other modification, whether by course of conduct or otherwise, or any refinancing, replacement, refunding or restatement of any ABL Document (but solely to the extent permitted pursuant to Section 5.2(a) hereof);

C. any exchange, release, voiding, avoidance or non perfection of any security interest in any Collateral or any other collateral, or any release, amendment, waiver or other modification, whether by course of conduct or otherwise, or any refinancing, replacement, refunding, restatement or increase of all or any portion of the ABL Obligations or any guarantee or guaranty thereof; or

D. any other circumstances that otherwise might constitute a defense available to, or a discharge of, any Credit Party in respect of the ABL Obligations (other than Discharge of ABL Obligations), or of any of the Term Agent or any Credit Party, to the extent applicable, in respect of this Agreement.

Section 6.8 Term Obligations Unconditional. All rights of the Term Agent hereunder, and all agreements and obligations of the ABL Agent and the Credit Parties (to the extent applicable) hereunder, shall remain in full force and effect irrespective of:

A. any lack of validity or enforceability of any Term Document;

B. any change in the time, place or manner of payment of, or in any other term of, all or any portion of the Term Obligations, or any amendment, waiver or other modification, whether by course of conduct or otherwise, or any refinancing, replacement, refunding or restatement of any Term Document (but solely to the extent permitted pursuant to Section 5.2(a) hereof);

C. any exchange, release, voiding, avoidance or non perfection of any security interest in any Collateral, or any other collateral, or any release, amendment, waiver or other modification, whether by course of conduct or otherwise, or any refinancing, replacement, refunding, restatement or increase of all or any portion of the Term Obligations or any guarantee or guaranty thereof; or

D. any other circumstances that otherwise might constitute a defense available to, or a discharge of, any Credit Party in respect of the Term Obligations (other than Discharge of Term Obligations), or of any of the ABL Agent or any Credit Party, to the extent applicable, in respect of this Agreement.

Section 6.9 Waivers – Bankruptcy Code Section 1111(b)(2).

(a) The Term Agent, for itself and on behalf of the Term Secured Parties, waives any claim it may hereafter have against any ABL Secured Party arising out of the election of any ABL Secured Party of the application of Section 1111(b)(2) of the Bankruptcy Code or any similar provision of any other Debtor Relief Law or out of any grant of a security interest in connection with the ABL Priority Collateral in any Insolvency Proceeding.

(b) The ABL Agent, for itself and on behalf of the ABL Secured Parties, waives any claim it may hereafter have against any Term Secured Party arising out of the election of any Term Secured Party of the application of Section 1111(b)(2) of the Bankruptcy Code or any similar provision of any other Debtor Relief Law or out of any grant of a security interest in connection with the Term Priority Collateral in any Insolvency Proceeding.

Section 6.10 Post-Petition Interest.

(a) Neither the Term Agent nor any Term Secured Party shall oppose or seek to challenge any claim by the ABL Agent or any ABL Secured Party for allowance in any Insolvency Proceeding of ABL Obligations consisting of post-petition interest, fees, or expenses to the extent of the value of the Lien securing any ABL Secured Party's claim, without regard to the existence of the Lien of the Term Agent on behalf of the Term Secured Parties on the Collateral.

(b) Neither the ABL Agent nor any other ABL Secured Party shall oppose or seek to challenge any claim by the Term Agent or any Term Secured Party for allowance in any Insolvency Proceeding of Term Obligations consisting of post-petition interest, fees, or expenses to the extent of the value of the Lien securing the Term Secured Party's claim, without regard to the existence of the Lien of the ABL Agent on behalf of the ABL Secured Parties on the Collateral.

Section 6.11 Reorganization Securities.

If, in any Insolvency Proceeding involving a Borrower or a Guarantor, debt obligations of the reorganized debtor secured by Liens upon any property of the reorganized debtor are distributed pursuant to a plan of reorganization or similar dispositive restructuring plan, both on account of ABL Obligations and on account of Term Obligations, then, to the extent the debt obligations distributed on account of the ABL Obligations and on account of the Term Obligations are secured by Liens upon the same property, the provisions of this Agreement will survive the distribution of such debt obligations pursuant to such plan and will apply with like effect to the Liens securing such debt obligations.

ARTICLE 7
MISCELLANEOUS

Section 7.1 Rights of Subrogation. The Term Agent, for and on behalf of itself and the Term Secured Parties, agrees that no payment to the ABL Agent or any ABL Secured Party pursuant to the provisions of this Agreement shall entitle the Term Agent or any Term Secured Party to exercise any rights of subrogation in respect thereof until the Discharge of ABL Obligations shall have occurred. Following the Discharge of ABL Obligations, the ABL Agent agrees to execute such documents, agreements, and instruments as the Term Agent or any Term Secured Party may reasonably request to evidence the transfer by subrogation to any such Person of an interest in the ABL Obligations resulting from payments to the ABL Agent by such Person, so long as all costs and expenses (including all reasonable legal fees and disbursements) incurred in connection therewith by the ABL Agent are paid by such Person upon request for payment thereof. The ABL Agent, for and on behalf of itself and the ABL Secured Parties, agrees that no payment to the Term Agent or any Term Secured Party pursuant to the provisions of this Agreement shall entitle the ABL Agent or any ABL Secured Party to exercise any rights of subrogation in respect thereof until the Discharge of Term Obligations shall have occurred. Following the Discharge of Term Obligations, the Term Agent agrees to execute such documents, agreements, and instruments as the ABL Agent or any ABL Secured Party may reasonably request to evidence the transfer by subrogation to any such Person of an interest in the Term Obligations resulting from payments to the Term Agent by such Person, so long as all costs and expenses (including all reasonable legal fees and disbursements) incurred in connection therewith by the Term Agent are paid by such Person upon request for payment thereof.

Section 7.2 Further Assurances. The Parties will, at their own expense and at any time and from time to time, promptly execute and deliver all further instruments and documents, and take all further action, that may be necessary or desirable, or that either Party may reasonably request, in order to protect any right or interest granted or purported to be granted hereby or to enable the ABL Agent or the Term Agent to exercise and enforce its rights and remedies hereunder; provided, however, that no Party shall be required to pay over any payment or distribution, execute any instruments or documents, or take any other action referred to in this Section 7.2, to the extent that such action would contravene any law, order or other legal requirement or any of the terms or provisions of this Agreement, and in the event of a controversy or dispute, such Party may interplead any payment or distribution in any court of competent jurisdiction, without further responsibility in respect of such payment or distribution under this Section 7.2.

Section 7.3 Representations. The Term Agent represents and warrants to the ABL Agent that it has the requisite power and authority under the Term Documents to enter into, execute, deliver, and carry out the terms of this Agreement on behalf of itself and the Term Secured Parties and that this Agreement shall be binding obligations of the Term Agent and the Term Secured Parties, enforceable against the Term Agent and the Term Secured Parties in accordance with its terms. The ABL Agent represents and warrants to the Term Agent that it has the requisite power and authority under the ABL Documents to enter into, execute, deliver, and carry out the terms of this Agreement on behalf of itself and the ABL Secured Parties and that this Agreement shall be binding obligations of the ABL Agent and the ABL Secured Parties, enforceable against the ABL Agent and the ABL Secured Parties in accordance with its terms.

Section 7.4 Amendments. No amendment or waiver of any provision of this Agreement nor consent to any departure by any Party hereto shall be effective unless it is in a written agreement executed by the Term Agent and the ABL Agent, and, in the case of any amendment or waiver that would be materially adverse to a Credit Party, the Borrower, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given.

It is understood that the ABL Agent and the Term Agent, without the consent of any other ABL Secured Party or Term Secured Party, may in their discretion determine that a supplemental agreement (which may take the form of an amendment and restatement of this Agreement) is necessary or appropriate (i) to facilitate having additional indebtedness or other obligations of any of the Credit Parties become ABL Obligations or Term Obligations, as the case may be, under this Agreement, (ii) to add other parties holding Permitted Pari Passu Secured Debt (or any Permitted Refinancing thereof) of any Credit Party or (iii) to effectuate the subordination of Liens securing any Permitted Junior Secured Refinancing Debt (or any Permitted Refinancing thereof) to the Liens on the Term Priority Collateral securing the ABL Obligations and the Term Obligations and to the Liens on the ABL Priority Collateral securing the Term Obligations and the ABL Obligations (the indebtedness or other obligations described in clauses (i) through (iii), “**Additional Debt**”), which supplemental agreement shall, except in the case of Permitted Junior Secured Refinancing Debt, Permitted Pari Passu Secured Debt or any Permitted Refinancing thereof, specify whether such Additional Debt constitutes ABL Obligations or Term Obligations; provided that such Additional Debt is permitted to be incurred under any ABL Credit Agreement and any Term Credit Agreement then extant in accordance with the terms thereof.

Section 7.5 Addresses for Notices. Unless otherwise specifically provided herein, any notice or other communication herein required or permitted to be given shall be in writing and may be personally served, telecopied, emailed, or sent by overnight express courier service or United States mail and shall be deemed to have been given when delivered in person or by courier service, upon receipt of an email or telecopy or three (3) days after deposit in the United States mail (certified, with postage prepaid and properly addressed). For the purposes hereof, the addresses of the Parties hereto (until notice of a change thereof is delivered as provided in this Section) shall be as set forth below or, as to each Party, at such other address as may be designated by such Party in a written notice to all of the other Parties.

Section 7.6 No Waiver; Remedies. No failure on the part of any Party to exercise, and no delay in exercising, any right hereunder shall operate as a waiver thereof; nor shall any single or partial exercise of any right hereunder preclude any other or further exercise thereof or the exercise of any other right. The remedies herein provided are cumulative and not exclusive of any remedies provided by law.

Section 7.7 Continuing Agreement, Transfer of Secured Obligations. This Agreement is a continuing agreement and shall (a) remain in full force and effect until the Discharge of ABL Obligations or the Discharge of Term Obligations shall have occurred, (b) be binding upon the Parties and their successors and assigns, and (c) inure to the benefit of and be enforceable by the Parties and their respective successors, transferees and permitted assigns. Except as set forth in Section 7.4, nothing herein is intended, or shall be construed to give, any other Person any right, remedy or claim under, to or in respect of this Agreement or any Collateral. All references to any Credit Party shall include any Credit Party as debtor-in-possession and any receiver or trustee for such Credit Party in any Insolvency Proceeding. Without limiting the generality of the foregoing clause (c), the ABL Agent, any ABL Secured Party, the Term Agent, or any Term Secured Party may assign or otherwise transfer all or any portion of the ABL Obligations or the Term Obligations in accordance with the ABL Credit Agreement or the Term Credit Agreement, in each case, as applicable, to any other Person (other than the Borrower, any Guarantor or any Affiliate of the Borrower or any Guarantor and any Subsidiary of the Borrower or any Guarantor), and such other Person shall thereupon become vested with all the rights and obligations in respect thereof granted to the ABL Agent, the Term Agent, any ABL Secured Party, or any Term Secured Party, as the case may be, herein or otherwise. The ABL Secured Parties and the Term Secured Parties may continue, at any time and without notice to the other parties hereto, to extend credit and other financial accommodations, lend monies and provide Indebtedness to, or for the benefit of, any Credit Party on the faith hereof.

Section 7.8 GOVERNING LAW; ENTIRE AGREEMENT. (a) THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK WITHOUT REGARD TO CONFLICT OF LAWS PRINCIPLES BUT INCLUDING SECTION 5-1401 OF THE NEW YORK GENERAL OBLIGATIONS LAW. This Agreement constitutes the entire agreement and understanding among the Parties with respect to the subject matter hereof and supersedes any prior agreements, written or oral, with respect thereto.

Section 7.9 Counterparts. This Agreement may be executed in any number of counterparts, and it is not necessary that the signatures of all Parties be contained on any one counterpart hereof, each counterpart will be deemed to be an original, and all together shall constitute one and the same document. Delivery of an executed signature page to this Agreement by facsimile or other electronic transmission (in .pdf or similar format) shall be as effective as delivery of a manually signed counterpart of this Agreement.

Section 7.10 No Third Party Beneficiaries. This Agreement is solely for the benefit of the ABL Agent, ABL Secured Parties, Term Agent and Term Secured Parties. Except for amendments and waivers which require the consent of the Credit Parties pursuant to Section 7.4, no other Person (including the Borrower, any Guarantor or any Affiliate of the Borrower or any Guarantor, or any Subsidiary of the Borrower or any Guarantor) shall be deemed to be a third party beneficiary of this Agreement.

Section 7.11 Headings. The headings of the articles and sections of this Agreement are inserted for purposes of convenience only and shall not be construed to affect the meaning or construction of any of the provisions hereof.

Section 7.12 Severability. If any of the provisions in this Agreement shall, for any reason, be held invalid, illegal or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision of this Agreement and shall not invalidate the Lien Priority or the application of Proceeds and other priorities set forth in this Agreement. The Parties shall endeavor in good faith negotiations to replace the illegal, invalid or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the illegal, invalid or unenforceable provisions. The invalidity of a provision in a particular jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

Section 7.13 Attorneys' Fees. The Parties agree that if any dispute, arbitration, litigation, or other proceeding is brought with respect to the enforcement of this Agreement or any provision hereof, the prevailing party in such dispute, arbitration, litigation, or other proceeding shall be entitled to recover its reasonable attorneys' fees and all other costs and expenses incurred in the enforcement of this Agreement, irrespective of whether suit is brought.

Section 7.14 VENUE; JURY TRIAL WAIVER.

(a) EACH PARTY HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY SUBMITS, FOR ITSELF AND ITS PROPERTY, TO THE EXCLUSIVE JURISDICTION OF THE COURTS OF THE STATE OF NEW YORK SITTING IN NEW YORK CITY IN THE BOROUGH OF MANHATTAN AND OF THE UNITED STATES DISTRICT COURT OF THE SOUTHERN DISTRICT OF NEW YORK, AND ANY APPELLATE COURT FROM ANY THEREOF, IN ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT, OR FOR RECOGNITION OR ENFORCEMENT OF ANY JUDGMENT, AND EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY AGREES THAT ALL CLAIMS IN RESPECT OF ANY SUCH ACTION OR PROCEEDING SHALL BE HEARD AND DETERMINED IN SUCH NEW YORK STATE COURT OR, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, IN SUCH FEDERAL COURT. EACH OF THE PARTIES HERETO AGREES THAT A FINAL JUDGMENT IN ANY SUCH ACTION OR

PROCEEDING SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN OTHER JURISDICTIONS BY SUIT ON THE JUDGMENT OR IN ANY OTHER MANNER PROVIDED BY LAW. NOTHING IN THIS AGREEMENT SHALL AFFECT ANY RIGHT THAT ANY ABL SECURED PARTY OR ANY TERM SECURED PARTY MAY OTHERWISE HAVE TO BRING ANY ACTION OR PROCEEDING RELATING TO THIS AGREEMENT, ANY TERM DOCUMENTS, OR ANY ABL DOCUMENTS AGAINST ANY CREDIT PARTY OR ITS PROPERTIES IN THE COURTS OF ANY JURISDICTION.

(b) EACH PARTY IRREVOCABLY AND UNCONDITIONALLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY OBJECTION THAT IT MAY NOW OR HEREAFTER HAVE TO THE LAYING OF VENUE OF ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT IN ANY COURT REFERRED TO IN PARAGRAPH (a) OF THIS SECTION. EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, THE DEFENSE OF AN INCONVENIENT FORUM TO THE MAINTENANCE OF SUCH ACTION OR PROCEEDING IN ANY SUCH COURT.

(c) EACH PARTY HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY). EACH PARTY HERETO (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PERSON HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PERSON WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION. EACH PARTY HERETO REPRESENTS THAT IT HAS REVIEWED THIS WAIVER AND IT KNOWINGLY AND VOLUNTARILY WAIVES ITS JURY TRIAL RIGHTS FOLLOWING CONSULTATION WITH LEGAL COUNSEL. IN THE EVENT OF LITIGATION, A COPY OF THIS AGREEMENT MAY BE FILED AS A WRITTEN CONSENT TO A TRIAL BY THE COURT.

(d) EACH PARTY TO THIS AGREEMENT IRREVOCABLY CONSENTS TO SERVICE OF PROCESS IN THE MANNER PROVIDED FOR NOTICES IN SECTION 7.5. NOTHING IN THIS AGREEMENT WILL AFFECT THE RIGHT OF ANY PARTY TO THIS AGREEMENT TO SERVE PROCESS IN ANY OTHER MANNER PERMITTED BY APPLICABLE LAW.

Section 7.15 Intercreditor Agreement. This Agreement is the “Intercreditor Agreement” referred to in the ABL Credit Agreement and this Agreement is the “ABL Intercreditor Agreement” referred to in the Term Credit Agreement. Nothing in this Agreement shall be deemed to subordinate the obligations due to (i) any ABL Secured Party to the obligations due to any Term Secured Party or (ii) any Term Secured Party to the obligations due to any ABL Secured Party (in each case, whether before or after the occurrence of an Insolvency Proceeding), it being the intent of the Parties that this Agreement shall effectuate a subordination of Liens but not a subordination of Indebtedness.

Section 7.16 No Warranties or Liability. The Term Agent and the ABL Agent acknowledge and agree that neither has made any representation or warranty with respect to the execution, validity, legality, completeness, collectability or enforceability of any other ABL Document or any Term Document. Except as otherwise provided in this Agreement, the Term Agent and the ABL Agent will be entitled to manage and supervise their respective extensions of credit to any Credit Party in accordance with law and their usual practices, modified from time to time as they deem appropriate.

Section 7.17 Conflicts. In the event of any conflict between the provisions of this Agreement and the provisions of any ABL Document or any Term Document, the provisions of this Agreement shall govern.

Section 7.18 Costs and Expenses. All costs and expenses incurred by the Term Agent and the ABL Agent, including, without limitation pursuant to Section 3.8(d) and Section 4.1(e) hereunder shall be reimbursed by the Borrower and the Credit Parties as provided in Section 10.04 of the Term Credit Agreement (or any similar provision) and Section 12.3 (or any similar provision) of the ABL Credit Agreement.

Section 7.19 Information Concerning Financial Condition of the Credit Parties.

(a) Each of the Term Agent and the ABL Agent hereby assumes responsibility for keeping itself informed of the financial condition of the Credit Parties and all other circumstances bearing upon the risk of nonpayment of the ABL Obligations or the Term Obligations. The Term Agent and the ABL Agent hereby agree that no party shall have any duty to advise any other Party of information known to it regarding such condition or any such circumstances. In the event the Term Agent or the ABL Agent, in its sole discretion, undertakes at any time or from time to time to provide any information to any other Party to this Agreement, (a) it shall be under no obligation (i) to provide any such information to such other Party or any other Party on any subsequent occasion, (ii) to undertake any investigation not a part of its regular business routine, or (iii) to disclose any other information, (b) it makes no representation as to the accuracy or completeness of any such information and shall not be liable for any information contained therein, and (c) the Party receiving such information hereby agrees to hold the other Party harmless from any action the receiving Party may take or conclusion the receiving Party may reach or draw from any such information, as well as from and against any and all losses, claims, damages, liabilities, and expenses to which such receiving Party may become subject arising out of or in connection with the use of such information.

(b) The Credit Parties agree that any information provided to the ABL Agent, the Term Agent, any ABL Secured Party or any Term Secured Party may be shared by such Person with any ABL Secured Party, any Term Secured Party, the ABL Agent or the Term Agent notwithstanding a request or demand by any such Credit Party that such information be kept confidential; provided that such information shall otherwise be subject to the respective confidentiality provisions in the ABL Credit Agreement and the Term Credit Agreement, as applicable.

IN WITNESS WHEREOF, the ABL Agent, for and on behalf of itself and the ABL Secured Parties, and the Term Agent, for and on behalf of itself and the Term Secured Parties, have caused this Agreement to be duly executed and delivered as of the date first above written.

The Borrower and each Guarantor hereby acknowledges that it has received a copy of this Agreement as in effect on the date hereof and consents thereto, agrees to recognize all rights granted thereby to the ABL Agent, the ABL Secured Parties, the Term Agent, and the Term Secured Parties (including pursuant to Section 7.18), and will not do any act or perform any obligation which is not in accordance with the agreements set forth in this Agreement as in effect on the date hereof (and, to the extent the Borrower and Guarantor receive a copy of any amendment hereto, as amended and in effect from time to time). The Borrower and each Guarantor further acknowledges and agrees that, except for amendments for which their consent is required pursuant to Section 7.4, it is not an intended beneficiary or third party beneficiary under this Agreement and (i) as between the ABL Secured Parties, the Borrower and Guarantors, the ABL Documents remain in full force and effect as written and are in no way modified hereby, and (ii) as between the Term Secured Parties, the Borrower and Guarantors, the Term Documents remain in full force and effect as written and are in no way modified hereby.

Without limiting the foregoing or any rights or remedies the Borrower and the other Credit Parties may have, Holdings, the Borrower and the other Credit Parties consent to the rights granted to the ABL Secured Parties, and the performance by the Term Agent of the obligations, set forth in Section 3.6 of this Agreement and acknowledge and agree that neither the Term Agent nor any other Term Secured Party shall ever be accountable or liable for any action taken or omitted by the ABL Agent or any other ABL Secured Party or its or any of their officers, employees, agents successors or assigns in connection therewith or incidental thereto or in consequence thereof, including any improper use or disclosure of any proprietary information or other Intellectual Property by the ABL Agent or any other ABL Secured Party or its or any of their officers, employees, agents, successors or assigns or any other damage to or misuse or loss of any property of the Credit Parties as a result of any action taken or omitted by the ABL Agent or its officers, employees, agents, successors or assigns pursuant to, and in accordance with, Section 3.6 of this Agreement.

(a) Generally. All accounting terms not specifically or completely defined herein shall be construed in conformity with, and all financial data (including financial ratios and other financial calculations) required to be submitted pursuant to this Agreement shall be prepared in conformity with, GAAP, except as otherwise specifically prescribed herein. For purposes of calculating any consolidated amounts necessary to determine compliance by any Person and, if applicable, its Restricted Subsidiaries with any ratio or other financial covenant in this Agreement, Unrestricted Subsidiaries shall be excluded.

(b) Changes in GAAP. If at any time any change in GAAP would affect the computation of any financial ratio or requirement set forth in any Loan Document, and either the Borrower or the Requisite Lenders shall so request, the Administrative Agent, the Lenders and the Borrower shall negotiate in good faith to amend such ratio or requirement to preserve the original intent thereof in light of such change in GAAP (subject to the approval of the Requisite Lenders); provided that, until so amended, (A) such ratio or requirement shall continue to be computed in accordance with GAAP prior to such change therein and (B) the Borrower shall provide to the Administrative Agent and the Lenders financial statements and other documents required under this Agreement or as reasonably requested hereunder setting forth a reconciliation between calculations of such ratio or requirement made before and after giving effect to such change in GAAP. Without limiting the foregoing, leases shall continue to be classified and accounted for on a basis consistent with that reflected in the Annual Financial Statements for all purposes of this Agreement, notwithstanding any change in GAAP relating thereto, unless the parties hereto shall enter into a mutually acceptable amendment addressing such changes, as provided for above.

SECTION 1.4 Rounding.

Any financial ratios required to be satisfied in order for a specific action to be permitted under this Agreement shall be calculated by dividing the appropriate component by the other component, carrying the result to one place more than the number of places by which such ratio is expressed herein and rounding the result up or down to the nearest number (with a rounding-up if there is no nearest number)

SECTION 1.5 Letter of Credit Amounts.

Unless otherwise specified, all references herein to the amount of a Letter of Credit at any time shall be deemed to be the Stated Amount of such Letter of Credit in effect at such time; provided, however, that with respect to any Letter of Credit that, by its terms of any Issuer Documents related thereto, provides for one or more automatic increases in the Stated Amount thereof, the amount of such Letter of Credit shall be deemed to be the maximum Stated Amount of such Letter of Credit after giving effect to all such increases, whether or not such maximum Stated Amount is in effect at such time.

SECTION 1.6 References to Agreements, Laws, Etc. Unless otherwise expressly provided herein, (a) references to Constituent Documents, agreements (including the

Loan Documents) and other contractual instruments shall be deemed to include all appendices, exhibits and schedules thereto and all subsequent amendments, restatements, extensions, supplements and other modifications thereto (but only to the extent that such amendments, restatements, extensions, supplements and other modifications are permitted by any Loan Document); and (b) references to any Law shall include all statutory and regulatory provisions consolidating, amending, replacing, supplementing or interpreting such Law.

SECTION 1.7 Times of Day. Unless otherwise specified, all references herein to times of day shall be references to Eastern time (daylight or standard, as applicable).

SECTION 1.8 Pro Forma Calculations; Reclassification; IP Matters.

(a) Notwithstanding anything to the contrary herein, Consolidated EBITDA and any financial ratio or test, including the Net Leverage Ratio and the Consolidated Fixed Charge Coverage Ratio shall be calculated in the manner prescribed by this *Section 1.8*; *provided that*, notwithstanding anything to the contrary in this *Section 1.8*, when calculating the Consolidated Fixed Charge Coverage Ratio for purposes of determining actual compliance (and not compliance on a Pro Forma Basis) with *Section 6.1*, the events described in this *Section 1.8* that occurred subsequent to the end of the applicable Test Period shall not be given Pro Forma Effect.

(b) For purposes of calculating Consolidated EBITDA and any financial ratio or tests, including the Net Leverage Ratio and the Consolidated Fixed Charge Coverage Ratio, Specified Transactions (and the incurrence or repayment of any Indebtedness in connection therewith) that have been made (i) during the applicable Test Period or (ii) subsequent to such Test Period and prior to or simultaneously with the event for which the calculation of any such ratio is made shall be calculated on a pro forma basis assuming that all such Specified Transactions (and any increase or decrease in Consolidated EBITDA and the component financial definitions used therein attributable to any Specified Transaction) had occurred on the first day of the applicable Test Period. If since the beginning of any applicable Test Period any Person that subsequently became a Restricted Subsidiary or was merged, amalgamated or consolidated with or into the Borrower or any of its Restricted Subsidiaries since the beginning of such Test Period shall have made any Specified Transaction that would have required adjustment pursuant to this *Section 1.8*, then the Net Leverage Ratio and the Consolidated Fixed Charge Coverage Ratio and Consolidated EBITDA shall be calculated to give pro forma effect thereto in accordance with this *Section 1.8*.

(c) In the event that the Borrower or any Restricted Subsidiary incurs (including by assumption or guarantees) or repays (including by redemption, repayment, retirement or extinguishment) any Indebtedness included in the calculations of the Net Leverage Ratio and the Consolidated Fixed Charge Coverage Ratio, as the case may be (in each case, other than Indebtedness incurred or repaid under any revolving credit facility in the ordinary course of business for working capital purposes), (i) during the applicable Test Period or (ii) subsequent to the end of the applicable Test Period and prior to or simultaneously with the event for which the calculation of any such ratio is made, then the Net Leverage Ratio and the Consolidated Fixed Charge Coverage Ratio shall be calculated giving pro forma effect to such incurrence or repayment of Indebtedness, to the extent required, as if the same had occurred on the last day of the applicable Test Period.

(d) Whenever ~~Pro Forma Effect~~pro forma effect is to be given to a Specified Transaction, the *pro forma* calculations shall be made in good faith by a ~~responsible financial or accounting officer of the Borrower~~Responsible Officer and may include, for the avoidance of doubt, the amount of ~~“run rate”~~ cost savings, operating expense reductions ~~and~~, synergies, ~~material changes to amounts to be paid by or received by Loan Parties~~ projected by the Borrower in good faith to be realized as a result of specified actions taken, committed to be taken or ~~reasonably~~ expected to be taken (calculated on a *pro forma* basis as though ~~such cost savings, operating expense reductions and synergies~~amounts had been realized on the first day of such ~~period~~Test Period and as if any such cost savings, operating expense reductions and synergies were realized during the entirety of such period) relating to such Specified Transaction, ~~and “run rate” means the full recurring benefit for a period that is associated with any action~~net of the amount of actual benefits realized during such period from such actions (such amounts, “Specified Transaction Adjustments”); provided that (i) such Specified Transaction Adjustments are reasonably identifiable and quantifiable in the good faith judgment of the Borrower, (ii) such actions are taken, committed to be taken or expected to be taken ~~(including any savings expected to result from the elimination of a public target’s compliance costs with public company requirements), net of the amount of actual benefits theretofore realized during such period from such actions; provided that any such projected “run rate” cost savings, operating expense reductions and synergies shall only be permitted to~~no later than twelve months after the date of such Specified Transaction, and (iii) no amounts shall be included pursuant to this clause (c) to the extent ~~consistent with the requirements applicable to pro forma financial statements prepared in accordance with Regulation S-X under the Securities Act~~duplicative of any amounts that are otherwise included in calculating Consolidated EBITDA, whether through a pro forma adjustment or otherwise, with respect to any Test Period.

(e) If any Indebtedness bears a floating rate of interest and is being given pro forma effect, the interest on such Indebtedness shall be calculated as if the rate in effect on the date of the event for which the calculation of the Consolidated Fixed Charge Coverage Ratio is made had been the applicable rate for the entire period (taking into account any hedging obligations applicable to such Indebtedness). Interest on a Capitalized Lease Obligation shall be deemed to accrue at an interest rate reasonably determined by a responsible financial or accounting officer of the Borrower to be the rate of interest implicit in such Capitalized Lease Obligation in accordance with GAAP. Interest on Indebtedness that may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a Eurodollar interbank offered rate, or other rate, shall be determined to have been based upon the rate actually chosen, or if none, then based upon such optional rate chosen as the Borrower may designate.

(f) The Borrower (i) shall in its sole discretion, exercised in good faith, determine under which category such Lien (other than Liens securing the Obligations or the Term Facilities) or Specified Payment (other than Indebtedness incurred under the Loan Documents or the Term Facility Documentation) is permitted and (ii) shall be permitted, in its sole discretion, to make any redetermination and/or to divide, classify or

reclassify under which category or categories such Lien or Specified Payment is permitted from time to time as it may determine and without notice to the Administrative Agent or any Lender, so long as at the time of such redesignation the Loan Parties would be permitted to incur such Lien or Specified Payment under such category or categories, as applicable; provided, that, if Payment Conditions or RP Conditions, as applicable, were not satisfied at the time of such Lien or Specified Payment, the Borrower may not make any redetermination and/or divide, classify or reclassify such Lien or Specified Payment as being made under a category that is or categories that are subject to the satisfaction of Payment Conditions or RP Conditions, as applicable.

(g) In the event of any Investment pursuant to Section 9.2, Disposition pursuant to Section 9.5 or Restricted Payment pursuant to Section 9.6 that results in the transfer by a Loan Party to an Unrestricted Subsidiary, non-Loan Party or third party of IP Rights necessary in connection with the Current Asset Collateral, the purchaser, assignee or other transferee thereof agrees in writing to be bound by a non-exclusive royalty-free worldwide license of such IP Rights in favor of such Loan Party, which license shall be in a form that enables the Administrative Agent to exercise rights and remedies on behalf of the Secured Parties; provided, that, in the case of a Disposition of IP Rights by a Loan Party or one of its Restricted Subsidiaries to a third party, the transferee thereof shall be required to provide such a license only to the extent (x) to which the applicable license gives it a right to do so and (y) a Loan Party or one of its Restricted Subsidiaries has entered into an arrangement with such purchaser, assignee or other transferee for a license back of such IP Rights.

SECTION 1.9 Limited Condition Acquisitions.

In connection with any action being taken in connection with a Limited Condition Acquisition for purposes of determining:

(a) whether any Indebtedness that is being incurred in connection with such Limited Condition Acquisition is permitted to be incurred in compliance with Section 9.3 or Section 2.15;

(b) whether any Lien being incurred in connection with such Limited Condition Acquisition is permitted to be incurred in accordance with Section 9.1;

(c) whether any other transaction undertaken or proposed to be undertaken in connection with such Limited Condition Acquisition complies with the covenants or agreements contained in this Agreement; and

(d) any calculation of the ratios or baskets, including the Net Leverage Ratio, Consolidated Fixed Charge Coverage Ratio, Consolidated Net Income, Consolidated EBITDA and/or pro forma cost savings and baskets determined by reference to Consolidated EBITDA or Total Assets and whether a Default or Event of Default exists in connection with the foregoing;

at the option of the Borrower, the date that the definitive agreement for such Limited Condition Acquisition is entered into (the “*Transaction Agreement Date*”) may be used as the applicable date of determination, as the case may be, in each case with such pro forma

adjustments as are appropriate and consistent with the pro forma adjustment provisions set forth in the definition of “Pro Forma Basis” or “Consolidated EBITDA.” For the avoidance of doubt, if the Borrower elects to use the Transaction Agreement Date as the applicable date of determination in accordance with the foregoing, (a) any fluctuation or change in the Net Leverage Ratio, Consolidated Fixed Charge Coverage Ratio, Consolidated Net Income, Consolidated EBITDA and/or Total Assets of the Borrower from the Transaction Agreement Date to the date of consummation of such Limited Condition Acquisition will not be taken into account for purposes of determining whether any Indebtedness or Lien that is being incurred in connection with such Limited Condition Acquisition is permitted to be incurred, or whether any other transaction undertaken in connection with such Limited Condition Acquisition by the Borrower or any of the Restricted Subsidiaries complies with the Loan Documents and (b) after the Transaction Agreement Date and until such Limited Condition Acquisition is consummated or the definitive agreements in respect thereof are terminated or expire, such Limited Condition Acquisition and all transactions proposed to be undertaken in connection therewith (including without limitation the incurrence of Indebtedness and Liens) will be given Pro Forma Effect when determining compliance of other transactions (including without limitation the incurrence of Indebtedness and Liens unrelated to such Limited Condition Acquisition) that are consummated after the Transaction Agreement Date and on or prior to the date of consummation of such Limited Condition Acquisition and any such transactions (including without limitation any incurrence of Indebtedness and the use of proceeds thereof) will be deemed to have occurred on the Transaction Agreement Date and be outstanding thereafter for purposes of calculating any baskets or ratios under the Loan Documents after the Transaction Agreement Date and before the date of consummation of such Limited Condition Acquisition (or the date the definitive agreements in respect thereof are terminated or expire); *provided* that solely with respect to Restricted Payments only (and only until such time as the applicable Limited Condition Acquisition has been consummated or the definitive documentation for such Limited Condition Acquisition is terminated), such calculation shall also be made on a standalone basis without giving effect to such Limited Condition Acquisition and the other transactions in connection therewith.

SECTION 1.10 Interest Rates. The Administrative Agent does not warrant, nor accept responsibility, nor shall the Administrative Agent have any liability with respect to the administration, submission or any other matter related to the rates in the definition of “Eurodollar Rate” or with respect to any rate that is an alternative or replacement for or successor to any of such rate (including, without limitation, any LIBOR Successor Rate) or the effect of any of the foregoing, or of any LIBOR Successor Rate Conforming Changes.

ARTICLE II

THE FACILITY

SECTION 2.1 The Revolving Credit Commitments.

(a) On the terms and subject to the conditions contained in this Agreement, each Lender severally agrees to make loans in Dollars (each, a “Revolving Loan”) to the Borrower from time to time on any Business Day during the period from the Effective Date until

the Revolving Credit Termination Date in an aggregate principal amount at any time outstanding for all such loans by such Lender not to exceed such Lender's Revolving Credit Commitment; *provided, however*, that at no time shall any Lender be obligated to make a Revolving Loan in excess of such Lender's Ratable Portion of the Maximum Credit. Within the limits of the Revolving Credit Commitment of each Lender, amounts of Loans repaid may be reborrowed under this *Section 2.1*.

(b) Subject to the limitations set forth below (and notwithstanding anything to the contrary in *Section 4.2*), the Administrative Agent is authorized by the Borrower and the Lenders, from time to time in the Administrative Agent's sole discretion (but shall have absolutely no obligation), to make Revolving Loans (which may be a Swing Loan) to the Borrower, on behalf of all Lenders at any time that any condition precedent set forth in *Section 4.2* has not been satisfied or waived, which the Administrative Agent, in its Permitted Discretion, deems necessary or desirable for the purposes specified in the definition of "Protective Advances". Any Protective Advance may be made in a principal amount that would cause the aggregate Revolving Credit Exposure to exceed the Borrowing Base; *provided* that the aggregate amount of outstanding Protective Advances plus the aggregate of all other Revolving Credit Exposure shall not exceed the Aggregate Commitments; *provided* further that the foregoing shall not result in any claim or liability against the Administrative Agent (regardless of the amount of any Overadvance) for Unintentional Overadvances, and such Unintentional Overadvances shall not reduce the amount of Protective Advances allowed hereunder. Protective Advances may be made even if the conditions precedent set forth in *Section 4.2* have not been satisfied or waived. Each Protective Advance shall be secured by the Liens in favor of the Collateral Agent in and to the Collateral and shall constitute Obligations hereunder. The Administrative Agent's authorization to make Protective Advances may be revoked at any time by the Requisite Lenders. Any such revocation must be in writing and shall become effective prospectively upon the Administrative Agent's receipt thereof. The making of a Protective Advance on any one occasion shall not obligate the Administrative Agent to make any Protective Advance on any other occasion. At any time that the conditions precedent set forth in *Section 4.2* have been satisfied or waived, the Administrative Agent may request the Lenders to make a Revolving Loan to repay a Protective Advance. At any other time, the Administrative Agent may require the Lenders to fund their risk participations described in *Section 2.1(c)*.

(c) Upon the making of a Protective Advance by the Administrative Agent (whether before or after the occurrence of a Default), each Lender shall be deemed, without further action by any party hereto, unconditionally and irrevocably to have purchased from the Administrative Agent without recourse or warranty, an undivided interest and participation in such Protective Advance in proportion to its Applicable Percentage. From and after the date, if any, on which any Lender is required to fund its participation in any Protective Advance purchased hereunder, the Administrative Agent shall promptly distribute to such Lender, such Lender's Applicable Percentage of all payments of principal and interest and all proceeds of Collateral received by the Administrative Agent in respect of such Protective Advance.

SECTION 2.2 Borrowing Procedures.

(a) Each Borrowing shall be made on notice given by the Borrower to the Administrative Agent not later than (i) 11:00 a.m. on the same Business Day, in the case of a

Borrowing of Base Rate Loans, and (ii) 12:00 noon three (3) Business Days, in the case of a Borrowing of Eurodollar Rate Loans, prior to the date of the proposed Borrowing. Each such notice shall be in substantially the form of *Exhibit C* (a “*Notice of Borrowing*”), specifying (A) the date of such proposed Borrowing, which shall be a Business Day, (B) the aggregate amount of such proposed Borrowing, (C) whether any portion of the proposed Borrowing will be of Base Rate Loans or Eurodollar Rate Loans, (D) the initial Interest Period or Interest Periods for any such Eurodollar Rate Loans, (E) the Class of the proposed Borrowing, and (F) with respect to any Borrowing the proceeds of which will be used to fund a Restricted Payment subject to the satisfaction of the RP Conditions, an additional solvency representation and warranty of the Borrower and its Subsidiaries (taken as a whole) after giving effect to such Borrowing and the use of proceeds thereof. The Loans shall be made as Base Rate Loans unless, subject to *Section 2.14*, the Notice of Borrowing specifies that all or a portion thereof shall be Eurodollar Rate Loans. Each Borrowing of Base Rate Loan shall be in an aggregate amount of not less than \$500,000 or an integral multiple of \$100,000 in excess thereof and the aggregate amount of each Borrowing of Eurodollar Rate Loans for each Interest Period must be in the amount of at least \$1,000,000 or an integral multiple of \$500,000 in excess thereof.

(b) The Administrative Agent shall give to each Lender prompt notice of the Administrative Agent’s receipt of a Notice of Borrowing and, if Eurodollar Rate Loans are properly requested in such Notice of Borrowing, the applicable interest rate determined pursuant to *Section 2.14(a)*. Each Lender shall, before ~~(x) 1:00 p.m. on the date of the proposed Borrowing (other than a Borrowing to be made on the Effective Date) and (y) 12:00 p.m. on the Effective Date with respect to any Borrowing to be made on the Effective Date,~~ make available to the Administrative Agent at its address referred to in *Section 12.8*, in Same Day Funds, such Lender’s Ratable Portion of such proposed Borrowing. Upon fulfillment (or due waiver in accordance with *Section 12.1*) (i) on the Effective Date, of the applicable conditions set forth in *Section 4.1* and (ii) at any time (including the Effective Date), of the applicable conditions set forth in *Section 4.2*, and, subject to *clause (c)* below, after the Administrative Agent’s receipt of such funds, the Administrative Agent shall make such funds available to the Borrower as promptly as reasonably practicable.

(c) Unless the Administrative Agent shall have received notice from a Lender prior to the date of any proposed Borrowing that such Lender will not make available to the Administrative Agent such Lender’s Ratable Portion of such Borrowing (or any portion thereof), the Administrative Agent may assume that such Lender has made such Ratable Portion available to the Administrative Agent on the date of such Borrowing in accordance with this *Section 2.2* and the Administrative Agent may, in reliance upon such assumption, make available to the Borrower on such date a corresponding amount. If and to the extent that such Lender shall not have so made such Ratable Portion available to the Administrative Agent, such Lender and the Borrower severally agree to repay to the Administrative Agent forthwith on demand such corresponding amount together with interest thereon, for each day from the date such amount is made available to the Borrower until the date such amount is repaid to the Administrative Agent, at (i) in the case of the Borrower, the interest rate applicable at the time to the Loans comprising such Borrowing and (ii) in the case of such Lender, the Federal Funds Rate for the first Business Day and thereafter at the interest rate applicable at the time to the Loans comprising such Borrowing. If such Lender shall repay to the Administrative Agent such corresponding amount, such corresponding amount so repaid shall constitute such Lender’s Loan as part of such

Borrowing for purposes of this Agreement. If the Borrower shall repay to the Administrative Agent such corresponding amount, such payment shall not relieve such Lender of any obligation it may have hereunder to the Borrower.

(d) The failure of any Defaulting Lender to make on the date specified any Loan or any payment required by it, including any payment in respect of its participation in Swing Loans and Letter of Credit Obligations, shall not relieve any other Lender of its obligations to make such Loan or payment on such date but, except to the extent otherwise provided herein, no such other Lender shall be responsible for the failure of any Defaulting Lender to make a Loan or payment required under this Agreement.

(e) After giving effect to all Borrowings, all conversions of Loans from one Type to the other, and all continuations of Loans as the same Type, there shall not be more than ten (10) Interest Periods in effect unless otherwise agreed between the Borrower and the Administrative Agent; *provided* that after the establishment of any new Class of Loans pursuant to an Extension Amendment, the number of Interest Periods otherwise permitted by this *Section 2.2(e)* shall increase by three (3) Interest Periods for each applicable Class so established.

SECTION 2.3 Swing Loans.

(a) On the terms and subject to the conditions contained in this Agreement, the Swing Loan Lender shall make, in Dollars, loans (each, a “*Swing Loan*”) otherwise available to the Borrower under the Facility from time to time on any Business Day during the period from the Effective Date until the Revolving Credit Termination Date in an aggregate principal amount at any time outstanding (together with the aggregate outstanding principal amount of any other Loan made by the Swing Loan Lender hereunder in its capacity as the Swing Loan Lender) not to exceed the Swing Loan Sublimit; *provided, however*, that at no time shall the Swing Loan Lender make any Swing Loan to the extent that, after giving effect to such Swing Loan, the aggregate Revolving Credit Outstandings would exceed the Maximum Credit; *provided further* that in the event that the Swing Loan Lender and the Administrative Agent are not the same Person, then the Swing Loan Lender shall only make a Swing Loan after having given prior notice thereof to the Administrative Agent; *provided further* that the Swing Loan Lender shall not be required to make any Swing Loan to the extent that such Swing Loan Lender reasonably believes that any Lender is a Defaulting Lender unless, after giving effect to the requested Swing Loan, there would exist no Fronting Exposure (in the good faith determination of the Swing Loan Lender and the Administrative Agent). Each Swing Loan shall be a Base Rate Loan and must be repaid in full in Dollars within seven (7) days after its making or, if sooner, upon any Borrowing hereunder and shall in any event mature no later than the Revolving Credit Termination Date (without giving effect to any extensions of the type referred to in the proviso to *Section 12.1(b)* hereof). Within the limits set forth in the first sentence of this *clause (a)*, amounts of Swing Loans repaid may be reborrowed under this *clause (a)*.

(b) In order to request a Swing Loan, the Borrower shall telecopy (or forward by electronic mail or similar means) to the Administrative Agent a duly completed request in substantially the form of *Exhibit D*, setting forth the requested amount and date of such Swing Loan (a “*Swing Loan Request*”), to be received by the Administrative Agent not later than 1:00 p.m. on the day of the proposed borrowing. The Administrative Agent shall promptly

notify the Swing Loan Lender of the details of the requested Swing Loan. Subject to the terms of this Agreement, the Swing Loan Lender shall make a Swing Loan available to the Administrative Agent and, in turn, the Administrative Agent shall make such amounts available to the Borrower as promptly as reasonably practicable on the date set forth in the relevant Swing Loan Request. The Swing Loan Lender shall not make any Swing Loan (other than a Protective Advance) in the period commencing on the first Business Day after it receives written notice from the Administrative Agent or any Lender that one or more of the conditions precedent contained in *Section 4.2* shall not on such date be satisfied, and ending when such conditions are satisfied. The Swing Loan Lender shall not otherwise be required to determine that, or take notice whether, the conditions precedent set forth in *Section 4.2* have been satisfied in connection with the making of any Swing Loan.

(c) The Swing Loan Lender may demand at any time (and shall demand, not less frequently than weekly unless such Swing Loan is repaid in accordance with *Section 2.3(a)* hereof), that each Lender pay to the Administrative Agent, for the account of the Swing Loan Lender, in the manner provided in *clause (d)* below, such Lender's Ratable Portion of all or a portion of the outstanding Swing Loans, which demand shall be made through the Administrative Agent, shall be in writing and shall specify the outstanding principal amount of Swing Loans demanded to be paid.

(d) The Administrative Agent shall forward each demand referred to in *clause (c)* above to each Lender on the day such notice or such demand is received by the Administrative Agent (except that any such notice or demand received by the Administrative Agent after 2:00 p.m. on any Business Day or any such notice or demand received on a day that is not a Business Day shall not be required to be forwarded to the Lenders by the Administrative Agent until the next succeeding Business Day), together with a statement prepared by the Administrative Agent specifying the amount of each Lender's Ratable Portion of the aggregate principal amount of the Swing Loans stated to be outstanding in such notice or demanded to be paid pursuant to such demand, and, notwithstanding whether or not the conditions precedent set forth in *Sections 4.2* and *2.1* shall have been satisfied (which conditions precedent the Lenders hereby irrevocably waive), each Lender shall, before 11:00 a.m. on the Business Day next succeeding the date of such Lender's receipt of such notice or demand, make available to the Administrative Agent, in Same Day Funds in Dollars, for the account of the Swing Loan Lender, the amount specified in such statement. Upon such payment by a Lender, such Lender shall, except as provided in *clause (e)* below, be deemed to have made a Revolving Loan to the Borrower in the amount of such payment. The Administrative Agent shall use such funds to repay the Swing Loans to the Swing Loan Lender.

(e) Upon the occurrence of a Default under *Section 10.1(f)*, each Lender shall acquire, without recourse or warranty, an undivided participation in each Swing Loan otherwise required to be repaid by such Lender pursuant to *clause (d)* above, which participation shall be in a principal amount equal to such Lender's Ratable Portion of such Swing Loan, by paying to the Swing Loan Lender on the date on which such Lender would otherwise have been required to make a payment in respect of such Swing Loan pursuant to *clause (d)* above, in Same Day Funds, an amount equal to such Lender's Ratable Portion of such Swing Loan. If all or part of such amount is not in fact made available by such Lender to the Swing Loan Lender on such date, the Swing Loan Lender shall be entitled to recover any such unpaid amount on demand

from such Lender together with interest accrued from such date at the Federal Funds Rate for the first Business Day after such payment was due and thereafter at the rate of interest then applicable to Base Rate Loans.

(f) From and after the date on which any Lender (i) is deemed to have made a Revolving Loan pursuant to *clause (d)* above with respect to any Swing Loan or (ii) purchases an undivided participation interest in a Swing Loan pursuant to *clause (e)* above, the Swing Loan Lender shall promptly distribute to such Lender such Lender's Ratable Portion of all payments of principal and interest received by the Swing Loan Lender on account of such Swing Loan other than those received from a Lender pursuant to *clause (d)* or *(e)* above.

SECTION 2.4 Letters of Credit.

(a) Subject to the terms and subject to the conditions contained in this Agreement, each Issuer agrees to Issue at the request of the Borrower, for the account of the Borrower or a Restricted Subsidiary (*provided* that any Letter of Credit issued for the benefit of any Restricted Subsidiary that is not the Borrower shall be issued naming the Borrower as the account party on any such Letter of Credit but such Letter of Credit may contain a statement that it is being issued for the benefit of such Restricted Subsidiary), one or more Letters of Credit from time to time on any Business Day during the period commencing on the Effective Date and ending on the earlier of the Revolving Credit Termination Date and five (5) Business Days prior to the Scheduled Termination Date (without giving effect to any extension of the type referred to in the proviso to *Section 12.1(b)* hereof) (or, if such day is not a Business Day, the next preceding Business Day), or such later date as agreed to by the Administrative Agent in its sole discretion; *provided, however*, that no Issuer shall be under any obligation to Issue (and, upon the occurrence of any of the events described in *clauses (ii), (iii), (iv)* and *(v)(A)* below, shall not Issue) any Letter of Credit upon the occurrence of any of the following:

(i) any order, judgment or decree of any Governmental Authority or arbitrator having binding powers shall purport by its terms to enjoin or restrain such Issuer from Issuing such Letter of Credit or any Law applicable to such Issuer or any request or directive (whether or not having the force of law) from any Governmental Authority with jurisdiction over such Issuer shall prohibit, or request that such Issuer refrain from, the Issuance of letters of credit generally or such Letter of Credit in particular or shall impose upon such Issuer with respect to such Letter of Credit any restriction or reserve or capital requirement (for which such Issuer is not otherwise compensated) not in effect on the Effective Date or result in any unreimbursed loss, cost or expense that was not applicable, in effect or known to such Issuer as of the Effective Date and that such Issuer in good faith deems material to it (for which such Issuer is not otherwise compensated);

(ii) the issuance of such Letter of Credit would violate one or more policies of the Issuer applicable to letters of credit generally;

(iii) such Issuer shall have received any written notice of the type described in *clause (d)* below;

(iv) after giving effect to the Issuance of such Letter of Credit, (A) the aggregate Revolving Credit Outstandings would exceed the Maximum Credit at such time, (B) the Letter of Credit Obligations would exceed the Letter of Credit Sublimit or (C) the Revolving Credit Outstandings of any Lender would exceed such Lender's Revolving Credit Commitment;

(v) such Letter of Credit is requested to be denominated in any currency other than Dollars, except as may be approved by the Administrative Agent and such Issuer, each in their reasonable discretion;

(vi) (A) any fees due in connection with a requested Issuance have not been paid, (B) such Letter of Credit is requested to be Issued in a form that is not acceptable to such Issuer or (C) the Issuer for such Letter of Credit shall not have received, in form and substance reasonably acceptable to it and, if applicable, duly executed by the Borrower, applications, agreements and other documentation (collectively, a "*Letter of Credit Reimbursement Agreement*") such Issuer generally employs in the ordinary course of its business for the Issuance of letters of credit of the type of such Letter of Credit;

(vii) any Lender is at that time a Defaulting Lender, unless (i) after giving effect to the requested Issuance, there would exist no Fronting Exposure (in the good faith determination of the applicable Issuer) or (ii) the applicable Issuer has entered into arrangements, including the delivery of Cash Collateral, satisfactory to the applicable Issuer (in its reasonable discretion) with the Borrower or such Lender to eliminate such Issuer's actual or potential Fronting Exposure (after giving effect to Section 2.16(a)(iv)) with respect to the Defaulting Lender arising from either the Letter of Credit then proposed to be issued or any other Letter of Credit Obligations as to which such Issuer has actual or potential Fronting Exposure, as it may elect in its sole discretion.

None of the Lenders (other than the Issuers in their capacity as such) shall have any obligation to Issue any Letter of Credit. Any Letter of Credit which has been or deemed Issued hereunder may be amended at any time to reduce the amount outstanding thereunder.

(b) In no event shall (i) the expiration date of (A) any Documentary Letter of Credit be more than 210 days after the date of issuance thereof, or (B) any Standby Letter of Credit be more than one (1) year after the date of issuance thereof; *provided, however*, that any Standby Letter of Credit with a term less than or equal to one (1) year may provide for the renewal thereof for additional periods less than or equal to one (1) year, as long as, on or before the expiration of each such term and each such period, the Borrower and the Issuer of such Standby Letter of Credit shall have the option to prevent such renewal or (ii) the expiration date of any Letter of Credit be later than the date that is five (5) Business Days before the Scheduled Termination Date; *provided further*, that, for any Letter of Credit having an expiration date after the Scheduled Termination Date, the Borrower agrees to deliver to the Administrative Agent on or prior to the Scheduled Termination Date a letter of credit or letters of credit in form and substance reasonably acceptable to the Administrative Agent issued by a bank acceptable to the Administrative Agent, in each case in its sole discretion, and/or cash collateral in an amount equal to 103% of the maximum drawable amount of any such Letter of Credit.

(c) In connection with the Issuance of each Letter of Credit, the Borrower shall give the relevant Issuer and the Administrative Agent at least two (2) Business Days' prior written notice, in substantially the form of *Exhibit E* (or in such other written or electronic form as is acceptable to such Issuer), of the requested Issuance of such Letter of Credit (a "*Letter of Credit Request*"). Such notice shall specify the Issuer of such Letter of Credit, the face amount of the Letter of Credit requested, the date on which such Letter of Credit is to expire (which date shall be a Business Day) and, in the case of an issuance, the Person for whose benefit the requested Letter of Credit is to be issued. Such notice, to be effective, must be received by the relevant Issuer and the Administrative Agent not later than 11:00 a.m. on the last Business Day on which such notice can be given under the first sentence of this *clause (c)*; *provided* that the relevant Issuer and the Administrative Agent may agree in a particular instance in their sole discretion to a later time and date.

(d) Subject to the satisfaction of the conditions set forth in this *Section 2.4*, the relevant Issuer shall, on the requested date, Issue a Letter of Credit on behalf of the Borrower in accordance with such Issuer's usual and customary business practices. No Issuer shall Issue any Letter of Credit in the period commencing on the first Business Day after it receives written notice from any Lender that one or more of the conditions precedent contained in *Section 4.2* or *clause (a)* above are not on such date satisfied or duly waived and ending when such conditions are satisfied or duly waived. No Issuer shall otherwise be required to determine that, or take notice whether, the conditions precedent set forth in *Section 4.2* have been satisfied in connection with the Issuance of any Letter of Credit. Each Letter of Credit shall be Issued in Dollars.

(e) The Borrower agrees that, if requested by the Issuer of any Letter of Credit prior to the issuance of a Letter of Credit, it shall execute a Letter of Credit Reimbursement Agreement in respect to any Letter of Credit Issued hereunder. In the event of any conflict between the terms of any Letter of Credit Reimbursement Agreement and this Agreement, the terms of this Agreement shall govern.

(f) Each Issuer shall comply with the following:

(i) give the Administrative Agent written notice (or telephonic notice confirmed promptly thereafter in writing), which writing may be a telecopy or electronic mail, of the Issuance of any Letter of Credit Issued by it, all drawings under any Letter of Credit Issued by it and of the payment (or the failure to pay when due) by the Borrower of any Reimbursement Obligation when due (which notice the Administrative Agent shall promptly transmit by telecopy, electronic mail or similar transmission to each Lender);

(ii) upon the request of any Lender, furnish to such Lender copies of any Letter of Credit Reimbursement Agreement to which such Issuer is a party and such other documentation as may reasonably be requested by such Lender; and

(iii) on the first Business Day of each calendar week, provide to the Administrative Agent (and the Administrative Agent shall provide a copy to each Lender requesting the same) and the Borrower separate schedules for Documentary Letters of Credit and Standby Letters of Credit issued by it, in form and substance reasonably

satisfactory to the Administrative Agent, setting forth the aggregate Letter of Credit Obligations, in each case outstanding at the end of each month, and any information requested by the Borrower or the Administrative Agent relating thereto.

(g) Immediately upon the issuance by an Issuer of a Letter of Credit in accordance with the terms and conditions of this Agreement, such Issuer shall be deemed to have sold and transferred to each Lender, and each Lender shall be deemed irrevocably and unconditionally to have purchased and received from such Issuer, without recourse or warranty, an undivided interest and participation, to the extent of such Lender's Ratable Portion, in such Letter of Credit and the obligations of the Borrower with respect thereto (including all Letter of Credit Obligations with respect thereto) and any security therefor and guaranty pertaining thereto.

(h) The Borrower agrees to pay to the Issuer of any Letter of Credit the amount of all Reimbursement Obligations owing to such Issuer under any Letter of Credit issued for its account no later than (x) the Business Day following the date that the Borrower receives written notice from such Issuer that payment has been made under such Letter of Credit in accordance with its terms if such notice is received by the Borrower by 11:00 a.m. and (y) on the second Business Day after which the Borrower receives written notice from such Issuer that payment has been made under such Letter of Credit in accordance with its terms if such notice is received by the Borrower after 11:00 a.m. (such date described in *clause (x)* or *(y)* above, the "*Reimbursement Date*"), irrespective of any claim, set-off, defense or other right that the Borrower may have at any time against such Issuer or any other Person. In the event that any Issuer makes any payment under any Letter of Credit in accordance with its terms and the Borrower shall not have repaid such amount to such Issuer pursuant to this *clause (h)* (directly or by application of the deemed Loans described below in this *clause (h)* or by virtue of the penultimate sentence of this *clause (h)*) or any such payment by the Borrower is rescinded or set aside for any reason, such Reimbursement Obligation shall be payable on demand with interest thereon computed (i) from the date on which such Reimbursement Obligation arose to the Reimbursement Date, at the rate of interest applicable during such period to Loans that are Base Rate Loans and (ii) from the Reimbursement Date until the date of repayment in full, at the rate of interest applicable during such period to past due Loans that are Base Rate Loans, and such Issuer shall promptly notify the Administrative Agent, which shall promptly notify each Lender of such failure, and each Lender shall promptly and unconditionally pay to the Administrative Agent for the account of such Issuer the amount of such Lender's Ratable Portion of such payment in Same Day Funds in Dollars. If the Administrative Agent so notifies such Lender prior to 11:00 a.m. on any Business Day, such Lender shall make available to the Administrative Agent for the account of such Issuer its Ratable Portion of the amount of such payment on such Business Day in Same Day Funds. Upon such payment by a Lender, such Lender shall, except during the continuance of a Default or Event of Default under *Section 10.1(f)* and notwithstanding whether or not the conditions precedent set forth in *Section 4.2* shall have been satisfied (which conditions precedent the Lenders hereby irrevocably waive), be deemed to have made a Revolving Loan to the Borrower in the principal amount of such payment. Whenever any Issuer receives from the Borrower a payment of a Reimbursement Obligation as to which the Administrative Agent has received for the account of such Issuer any payment from a Lender pursuant to this *clause (h)*, such Issuer shall pay over to the Administrative Agent any amount received in excess of such Reimbursement Obligation and, upon receipt of such amount, the

Administrative Agent shall promptly pay over to each Lender, in Same Day Funds, an amount equal to such Lender's Ratable Portion of the amount of such payment adjusted, if necessary, to reflect the respective amounts the Lenders have paid in respect of such Reimbursement Obligation. (A) In the absence of written notice to the contrary from the Borrower, and subject to the other provisions of this Agreement (but without regard to the conditions to borrowing set forth in *Section 4.2*), Reimbursement Obligations shall be financed when due with a Base Rate Loan or Swing Loan to the Borrower in an equivalent amount and, to the extent so financed, the Borrower's obligation to make such payment shall be discharged and replaced by the resulting Base Rate Loan or Swing Loan, and (B) in the event that the Borrower has notified the Administrative Agent that it will not so finance any such payments, the Borrower will make payment directly to the applicable Issuer when due. The Administrative Agent shall promptly remit the proceeds from any Loans made pursuant to *clause (A)* above in reimbursement of a draw under a Letter of Credit to the applicable Issuer.

(i) Each Defaulting Lender agrees to pay to the Administrative Agent for the account of such Issuer forthwith on demand any such unpaid amount together with interest thereon, for the first Business Day after payment was first due at the Federal Funds Rate and, thereafter, until such amount is repaid to the Administrative Agent for the account of such Issuer, at a rate per annum equal to the rate applicable to Base Rate Loans under the Facility.

(j) The Borrower's obligations to pay each Reimbursement Obligation and the obligations of the Lenders to make payments to the Administrative Agent for the account of the Issuers with respect to Letters of Credit shall be absolute, unconditional and irrevocable and shall be performed strictly in accordance with the terms of this Agreement, under any and all circumstances whatsoever, including the occurrence of any Default or Event of Default, and irrespective of any of the following:

(i) any lack of validity or enforceability of any Letter of Credit or any Loan Document, or any term or provision therein;

(ii) any amendment or waiver of or any consent to departure from all or any of the provisions of any Letter of Credit or any Loan Document;

(iii) the existence of any claim, set-off, defense or other right that the Borrower, any other party guaranteeing, or otherwise obligated with, the Borrower, any Subsidiary or other Affiliate thereof or any other Person may at any time have against the beneficiary under any Letter of Credit, any Issuer, the Administrative Agent or any Lender or any other Person, whether in connection with this Agreement, any other Loan Document or any other related or unrelated agreement or transaction;

(iv) any draft or other document presented under a Letter of Credit proving to be forged, fraudulent, invalid or insufficient in any respect or any statement therein being untrue or inaccurate in any respect, or any loss or delay in the transmission or otherwise of any document required in order to make a drawing under such Letter of Credit;

(v) payment by the Issuer under a Letter of Credit against presentation of a draft or other document that does not strictly comply, but that does substantially comply, with the terms of such Letter of Credit; or any payment made by an Issuer under such Letter of Credit to any Person purporting to be a trustee in bankruptcy, debtor-in-possession, assignee for the benefit of creditors, liquidator, receiver or other representative of or successor to any beneficiary or any transferee of such Letter of Credit, including any arising in connection with any proceeding under any Debtor Relief Law;

(vi) any other act or omission to act or delay of any kind of any Issuer, the Lenders, the Administrative Agent or any other Person or any other event or circumstance whatsoever, whether or not similar to any of the foregoing, that might, but for the provisions of this *Section 2.4*, constitute a legal or equitable discharge of the Borrower's obligations hereunder; or

(vii) the fact that any Default or Event of Default shall have occurred and be continuing.

Any action taken or omitted to be taken by the relevant Issuer under or in connection with any Letter of Credit, if taken or omitted in the absence of gross negligence or willful misconduct, shall not result in any liability of such Issuer to the Borrower or any Lender. In determining whether drafts and other documents presented under a Letter of Credit comply with the terms thereof, the Issuers may accept documents that appear on their face to be in order, without responsibility for further investigation, regardless of any notice or information to the contrary and, in making any payment under any Letter of Credit, the Issuers may rely exclusively on the documents presented to it under such Letter of Credit as to any and all matters set forth therein, including reliance on the amount of any draft presented under such Letter of Credit, whether or not the amount due to the beneficiary thereunder equals the amount of such draft and whether or not any document presented pursuant to such Letter of Credit proves to be insufficient in any respect, if such document on its face appears to be in order, and whether or not any other statement or any other document presented pursuant to such Letter of Credit proves to be forged or invalid or any statement therein proves to be inaccurate or untrue in any respect whatsoever, and any noncompliance in any immaterial respect of the documents presented under such Letter of Credit with the terms thereof shall, in each case, be deemed not to constitute willful misconduct or gross negligence of the applicable Issuer.

Each Issuer shall act on behalf of the Lenders with respect to any Letters of Credit issued by it and the documents associated therewith, and each Issuer shall have all of the benefits and immunities (A) provided to the Administrative Agent in *Article XI* with respect to any acts taken or omissions suffered by such Issuer in connection with Letters of Credit issued by it or proposed to be issued by it and Issuer Documents pertaining to such Letters of Credit as fully as if the term "Administrative Agent" as used in *Article XI* included such Issuer with respect to such acts or omissions, and (B) as additionally provided herein with respect to such Issuer.

(k) *Applicability of ISP and UCP*. Unless otherwise expressly agreed by the relevant Issuer and the Borrower when a Letter of Credit is issued ~~(including any such agreement applicable to an Existing Letter of Credit)~~, (i) the rules of the ISP shall apply to

each Standby Letter of Credit, and (ii) the rules of the Uniform Customs and Practice for Documentary Credits, as most recently published by the International Chamber of Commerce at the time of issuance, shall apply to each Documentary Letter of Credit.

~~(f) All Existing Letters of Credit shall be deemed to have been issued pursuant hereto, and from and after the Effective Date shall be subject to and governed by the terms and conditions hereof.~~

SECTION 2.5 Reduction and Termination of the Revolving Credit Commitments.

The Borrower may, upon at least three (3) Business Days' prior notice to the Administrative Agent, terminate in whole or reduce in part ratably the unused portions of any Class of Revolving Credit Commitments of the Lenders without premium or penalty other than any amount required to be paid by the Borrower pursuant to *Section 3.5*; *provided, however*, that each partial reduction shall be in an aggregate amount of not less than \$1,000,000 or an integral multiple of \$500,000 in excess thereof *provided, further*, that no reduction or termination of the Revolving Credit Commitments having a later maturity shall be permitted on a greater than pro rata basis with commitments having an earlier maturity. Except as set forth in the following sentence, each such notice of reduction or termination shall be irrevocable when given. Notwithstanding the foregoing, the Borrower may rescind or postpone any notice of termination of the Revolving Credit Commitments if such termination would have resulted from a refinancing of all of the applicable Facility, which refinancing shall not be consummated or otherwise shall be delayed.

SECTION 2.6 Repayment of Loans.

The Borrower promises to repay to the Administrative Agent for the ratable account of the Lenders the aggregate unpaid principal amount of the Loans (including any Letter of Credit Borrowings) and the Swing Loans on the Revolving Credit Termination Date or earlier, if otherwise required by the terms hereof.

SECTION 2.7 Evidence of Indebtedness.

(a) The Loans made by each Lender shall be evidenced by one or more accounts or records maintained by such Lender and maintained by the Administrative Agent, in each case in the ordinary course of business. The accounts or records maintained by the Administrative Agent and each Lender shall be *prima facie* evidence absent manifest error of the amount of the Loans made by the Lenders to the Borrower and the interest and payments thereon. Any failure to so record or any error in doing so shall not, however, limit or otherwise affect the obligation of the Borrower hereunder to pay any amount owing with respect to the Obligations. In the event of any conflict between the accounts and records maintained by any Lender and the accounts and records of the Administrative Agent in respect of such matters, the accounts and records of the Administrative Agent shall control in the absence of manifest error. After the end of each month, the Administrative Agent shall send to the Borrower a statement accounting for the charges, loans, advances and other transactions occurring among and between the Administrative Agent, the Lenders and the Borrower during that month. The monthly statements shall, absent manifest error, be an account stated, which is final, conclusive and binding on the Borrower.

(b) Reserved

(c) The entries made in the Register and in the accounts therein maintained pursuant to *clauses (a) and (b)* above and *Section 12.2* hereof shall, to the extent permitted by applicable law, be *prima facie* evidence of the existence and amounts of the obligations recorded therein; *provided, however*, that the failure of any Lender or the Administrative Agent to maintain such accounts or any error therein shall not in any manner affect the obligations of the Borrower to repay the Loans or perform any of its obligations hereunder or under any other Loan Documents in accordance with their terms. In addition, the Loan Parties, the Administrative Agent, the Lenders and the Issuers shall treat each Person whose name is recorded in the Register as a Lender or as an Issuer, as applicable, for all purposes of this Agreement. Information contained in the Register with respect to any Lender or Issuer shall be available for inspection by the Borrower, the Administrative Agent, such Lender or such Issuer at any reasonable time and from time to time upon reasonable prior notice.

(d) Notwithstanding any other provision of the Agreement, in the event that any Lender requests that the Borrower execute and deliver a promissory note or notes payable to such Lender in order to evidence the Indebtedness owing to such Lender by the Borrower hereunder, the Borrower shall promptly execute and deliver a Revolving Credit Note or Revolving Credit Notes to such Lender evidencing the Loans of such Lender, substantially in the form of *Exhibit B*. Each Lender may attach schedules to its Revolving Credit Note and endorse thereon the date, Type (if applicable), amount and maturity of its Loans and payments with respect thereto; *provided* that the failure to do so shall in no way affect the obligations of the Borrower or any other Loan Party under any Loan Document.

SECTION 2.8 Optional Prepayments.

The Borrower may prepay the outstanding principal amount of the Loans and Swing Loans in whole or in part at any time; *provided, however*, that if any prepayment of any Eurodollar Rate Loan is made by the Borrower other than on the last day of an Interest Period for such Loan, the Borrower shall also pay any amount owing pursuant to *Section 3.5*.

SECTION 2.9 Mandatory Prepayments.

(a) If at any time, the aggregate principal amount of Revolving Credit Outstandings exceeds the aggregate Maximum Credit at such time, the Borrower shall forthwith, upon notification by the Administrative Agent, prepay the Swing Loans *first* and then the other Loans then outstanding in an amount equal to such excess. If any such excess remains after repayment in full of the aggregate outstanding Swing Loans and the other Loans, the Borrower shall Cash Collateralize the Letter of Credit Obligations in the manner set forth in *Section 10.5* in an amount equal to 103% of such excess.

~~(b) If (x) at any time during a Cash Dominion Period or (y) in respect of any Disposition that would result in the occurrence of a Cash Dominion Period, any Loan Party or any of its Subsidiaries receives any Net Cash Proceeds arising from any Disposition in~~

~~respect of any Current Asset Collateral outside of the ordinary course of business, the Borrower shall promptly (but in any event within five (5) Business Days of such receipt) prepay the Loans in an amount equal to 100% of such Net Cash Proceeds (and, to the extent such Net Cash Proceeds exceed the aggregate principal amount of Loans outstanding, Cash Collateralize Letters of Credit in an amount equal to up to 103% of the aggregate maximum drawable amount of such Letters of Credit).~~

(b) [Reserved].

(c) If the aggregate amount of cash and Cash Equivalents of the Loan Parties, measured as of the end of each Business Day, at any time when there are any Revolving Credit Outstandings, exceeds \$100,000,000, the Borrower shall promptly prepay the Loans but in any event within two (2) Business Days (without a permanent reduction in Revolving Credit Commitments) in an aggregate amount equal to such excess (or such lesser amount to the extent the outstanding Loans are less than the amount of such excess); provided that any amount allocated (which shall not require notice to the Administrative Agent) for a trade buyback (an "Allocated Trade") to be made within sixty (60) days after such allocation (or such longer period as may be agreed by the Administrative Agent in its reasonable discretion) that either (i) is held in a third party cash collateral account or (ii) is set aside in an account of the Loan Parties for Allocated Trades established solely for such Allocated Trades and not comingled with other cash or Cash Equivalents of the Loan Parties shall not be subject to prepayment under this clause (c); provided further that upon written request by the Administrative Agent, the Borrower shall provide such information on any Allocated Trade as requested by the Administrative Agent;

(d) ~~(e)~~ Subject to Section 3.5 hereof, all such payments in respect of the Loans pursuant to this Section 2.9 shall be without premium or penalty. All interest accrued on the principal amount of the Loans paid pursuant to this Section 2.9 shall be paid, or may be charged by the Administrative Agent to any loan account(s) of the Borrower, at the Administrative Agent's option, on the date of such payment. Interest shall accrue and be due, until the next Business Day, if the amount so paid by the Borrower to the bank account designated by the Administrative Agent for such purpose is received in such bank account after 3:00 p.m.

(e) ~~(d)~~ At all times after the occurrence and during the continuance of a Cash Dominion Period and notification thereof by the Administrative Agent to the Borrower (subject to the provisions of Section 10.3 and to the terms of the Security Agreement), on each Business Day, at or before 1:00 p.m., the Administrative Agent shall apply all Same Day Funds credited to the Concentration Account and all amounts received pursuant to Section 2.9(b), first to pay any fees or expense reimbursements then due to the Administrative Agent, the Issuers and the Lenders (other than in connection with Cash Management Obligations, Obligations in respect of Secured Hedge Agreements or any Revolving Commitment Increases), *pro rata*, second to pay interest due and payable in respect of any Loans (including Swing Loans) and any Protective Advances that may be outstanding, *pro rata*, third to prepay the principal of any Protective Advances that may be outstanding, *pro rata*, and fourth to prepay the principal of the Loans (including Swing Loans) and to Cash Collateralize outstanding Letter of Credit Obligations, *pro rata*.

SECTION 2.10 Interest.

(a) Rate of Interest. ~~ALL~~Subject to the provisions of Section 3.3(c), all Loans and the outstanding amount of all other Obligations owing under the Loan Documents shall bear interest, in the case of any Class of Loans, on the unpaid principal amount thereof from the date such Loans are made and, in the case of such other Obligations, from the date such other Obligations are due and payable until, in all cases, paid in full, except as otherwise provided in *clause (c)* below, as follows:

(i) if a Base Rate Loan or such other Obligation (other than a Eurodollar Rate Loan), at a rate per annum equal to the sum of (A) the Base Rate as in effect from time to time and (B) the Applicable Margin for Base Rate Loans; and

(ii) if a Eurodollar Rate Loan, at a rate per annum equal to the sum of (A) the Eurodollar Rate determined for the applicable Interest Period and (B) the Applicable Margin for Eurodollar Rate Loans in effect from time to time during such Interest Period.

(b) Interest Payments. (i) Interest accrued on each Base Rate Loan (other than Swing Loans) shall be payable in arrears (A) on the first Business Day of each ~~calendar quarter~~ January, April, July and October, commencing on the first such day following the making of such Base Rate Loan and (B) if not previously paid in full, at maturity (whether by acceleration or otherwise) of such Base Rate Loan, (ii) interest accrued on Swing Loans shall be payable in arrears on the first Business Day of ~~the immediately succeeding calendar month~~ each January, April, July and October, (iii) interest accrued on each Eurodollar Rate Loan shall be payable in arrears (A) on the last day of each Interest Period applicable to such Loan and, if such Interest Period has a duration of more than three (3) months, on each date during such Interest Period occurring every three (3) months from the first day of such Interest Period, (B) upon the payment or prepayment thereof in full or in part and (C) if not previously paid in full, at maturity (whether by acceleration or otherwise) of such Eurodollar Rate Loan and (iv) interest accrued on the amount of all other Obligations shall be payable on demand from and after the time such Obligation becomes due and payable (whether by acceleration or otherwise).

(c) Default Interest. The Borrower shall pay interest on past due amounts hereunder at a fluctuating interest rate per annum at all times equal to the Default Rate to the fullest extent permitted by applicable Laws. Accrued and unpaid interest on past due amounts (including interest on past due interest) shall be due and payable upon demand.

SECTION 2.11 Conversion/Continuation Option.

(a) The Borrower may elect (i) at any time on any Business Day, to convert Base Rate Loans (other than Swing Loans) or any portion thereof to Eurodollar Rate Loans and (ii) at the end of any applicable Interest Period, to convert Eurodollar Rate Loans or any portion thereof into Base Rate Loans or to continue such Eurodollar Rate Loans or any portion thereof for an additional Interest Period; *provided, however*, that the aggregate amount of the Eurodollar Rate Loans for each Interest Period must be in the amount of at least \$1,000,000 or an integral multiple of \$500,000 in excess thereof. Each conversion or continuation shall be allocated

among the Loans of each Lender in accordance with such Lender's Ratable Portion. Each such election shall be in substantially the form of *Exhibit F* (a "Notice of Conversion or Continuation") and shall be made by giving the Administrative Agent at least two (2) Business Days' prior written notice specifying (A) the amount and type of Loan being converted or continued, (B) in the case of a conversion to or a continuation of Eurodollar Rate Loans, the applicable Interest Period and (C) in the case of a conversion, the date of such conversion.

(b) The Administrative Agent shall promptly notify each Lender of its receipt of a Notice of Conversion or Continuation and of the options selected therein. Notwithstanding the foregoing, the Administrative Agent or the Requisite Lenders may require, by notice to the Borrower, that no conversion in whole or in part of Base Rate Loans to Eurodollar Rate Loans and no continuation in whole or in part of Eurodollar Rate Loans upon the expiration of any applicable Interest Period shall be permitted at any time at which (A) an Event of Default shall have occurred and be continuing, or (B) the continuation of, or conversion into, a Eurodollar Rate Loan would violate any provision of *Section 2.14*. If, within the time period required under the terms of this *Section 2.11*, the Administrative Agent does not receive a Notice of Conversion or Continuation from the Borrower containing a permitted election to continue any Eurodollar Rate Loans for an additional Interest Period or to convert any such Loans, then, upon the expiration of the applicable Interest Period, such Loans shall be automatically converted to Base Rate Loans. Each Notice of Conversion or Continuation shall be irrevocable.

SECTION 2.12 Fees.

(a) Unused Commitment Fee. The Borrower agrees to pay in Same Day Funds in Dollars to the Administrative Agent for the account of each Lender a commitment fee (the "*Unused Commitment Fee*") on the average daily amount by which the Revolving Credit Commitment of such Lender exceeds such Lender's Ratable Portion of the sum of (i) the aggregate outstanding principal amount of Loans for the applicable Class, and (ii) the outstanding amount of the aggregate Letter of Credit Undrawn Amounts from the Effective Date through the Revolving Credit Termination Date at the Applicable Unused Commitment Fee Rate, payable in arrears (x) on the first Business Day of each ~~calendar quarter~~ January, April, July and October, commencing on the first such Business Day following the Effective Date and (y) on the Revolving Credit Termination Date. For the avoidance of doubt, any Swing Loans outstanding shall reduce the Revolving Credit Commitment of the Swing Loan Lender in its capacity as a Lender.

(b) Letter of Credit Fees. The Borrower agrees to pay the following amounts with respect to Letters of Credit issued by any Issuer:

(i) to the Administrative Agent for the account of each Issuer of a Letter of Credit, with respect to each Letter of Credit issued by such Issuer, an issuance fee equal to 0.125% per annum of the average daily maximum undrawn face amount of such Letter of Credit for the immediately preceding calendar quarter (or portion thereof), payable in arrears (A) on the first Business Day of each ~~calendar quarter~~ January, April, July and October, commencing on the first such Business Day following the issuance of such Letter of Credit and (B) on the Revolving Credit Termination Date;

(ii) to the Administrative Agent for the ratable benefit of the Lenders, with respect to each Letter of Credit, a fee accruing in Dollars at a rate per annum equal to (x) in the case of each Standby Letter of Credit, the Applicable Margin for Eurodollar Rate Loans and (y) in the case of each Documentary Letter of Credit, 50% of the Applicable Margin for Eurodollar Rate Loans (each such fee, a “*Letter of Credit Fee*”), in each case multiplied by the daily Stated Amount of such Letter of Credit for the immediately preceding calendar quarter (or portion thereof), payable in arrears (A) on the first Business Day of each ~~calendar quarter~~ January, April, July and October, commencing on the first such Business Day following the issuance of such Letter of Credit and (B) on the Revolving Credit Termination Date; *provided, however*, that any Letter of Credit Fees otherwise payable for the account of a Defaulting Lender with respect to any Letter of Credit as to which such Defaulting Lender has not provided Cash Collateral satisfactory to the applicable Issuer pursuant to *Section 2.4* shall be payable, to the maximum extent permitted by applicable Law, to the other Lenders in accordance with the upward adjustments in their respective Applicable Percentages allocable to such Letter of Credit pursuant to *Section 2.16(a)(iv)*, with the balance of such fee, if any, payable to the applicable Issuer for its own account; and

(iii) to the Issuer of any Letter of Credit, with respect to the issuance, amendment or transfer of each Letter of Credit and each drawing made thereunder, customary documentary and processing charges in accordance with such Issuer’s standard schedule for such charges in effect at the time of issuance, amendment, transfer or drawing, as the case may be.

(c) Additional Fees. The Borrower has agreed to pay to the Administrative Agent and the Arrangers additional fees, the amount and dates of payment of which are embodied in the Fee Letter.

SECTION 2.13 Payments and Computations.

(a) All payments to be made by the Borrower shall be made without condition or deduction for any counterclaim, defense, recoupment or setoff. The Borrower shall make each payment and prepayment hereunder (including fees and expenses) not later than 2:00 p.m. on the day when due, in Dollars to the Administrative Agent, for the account of the respective Lenders to which such payment is owed, at the applicable Administrative Agent’s Office for payment and in Same Day Funds without condition or deduction for any defense, recoupment, set-off or counterclaim. The Administrative Agent will promptly distribute to each Lender its Pro Rata Share (or other applicable share as provided herein) of such payment in like funds as received by wire transfer to such Lender’s Lending Office. All payments received by the Administrative Agent after 2:00 p.m. shall, in each case be deemed received on the next succeeding Business Day and any applicable interest or fee shall continue to accrue.

(b) All computations of interest for Base Rate Loans when the Base Rate is determined by Bank of America’s “prime rate” shall be made on the basis of a year of 365 days or 366 days, as the case may be, and actual days elapsed. All other computations of fees and interest shall be made on the basis of a 360-day year and actual days elapsed (which results in more fees or interest, as applicable, being paid than if computed on the basis of a 365-day year).

Interest shall accrue on each Loan for the day on which the Loan is made, and shall not accrue on a Loan, or any portion thereof, for the day on which the Loan or such portion is paid; *provided* that any Loan that is repaid on the same day on which it is made shall bear interest for one (1) day. Each determination by the Administrative Agent of an interest rate or fee hereunder shall be conclusive and binding for all purposes, absent manifest error.

(c) Each payment by the Borrower of any Loan and Reimbursement Obligation (including interest and fees in respect thereof) and each reimbursement of costs, expenses and other Obligations owing under any Loan Document shall be made in Dollars.

(d) Whenever any payment hereunder shall be stated to be due on a day other than a Business Day, the due date for such payment shall be extended to the next succeeding Business Day, and such extension of time shall in such case be included in the computation of payment of interest or fees, as the case may be; *provided, however*, that if such extension would cause payment of interest on or principal of any Eurodollar Rate Loan to be made in the next calendar month, such payment shall be made on the immediately preceding Business Day. All repayments of any Loans shall be applied as follows: *first*, to repay any such Loans outstanding as Base Rate Loans and *then*, to repay any such Loans outstanding as Eurodollar Rate Loans, with those Eurodollar Rate Loans having earlier expiring Interest Periods being repaid prior to those having later expiring Interest Periods.

(e) Unless the Administrative Agent shall have received notice from the Borrower to the Lenders prior to the date on which any payment is due hereunder that the Borrower will not make such payment in full, the Administrative Agent may assume that the Borrower has made such payment in full to the Administrative Agent on such date and the Administrative Agent may (but shall not be so required to), in reliance upon such assumption, cause to be distributed to each Lender on such due date an amount equal to the amount then due such Lender. If and to the extent that the Borrower shall not have made such payment to the Administrative Agent in Same Day Funds in Dollars, each Lender shall repay to the Administrative Agent forthwith on demand the portion of such assumed amount that was made available to such Lender in Same Day Funds in Dollars, together with interest thereon (at the Federal Funds Rate for the first Business Day and thereafter at the rate applicable to Base Rate Loans) for each day from and including the date such amount is was made available to such Lender until the date such amount is repaid to the Administrative Agent in Same Day Funds in Dollars.

(f) Except for payments and other amounts received by the Administrative Agent and applied in accordance with the provisions of *Section 10.2(b)* below (or required to be applied in accordance with *Section 2.9*), all payments and any other amounts received by the Administrative Agent from or for the benefit of the Borrower shall be applied as follows: *first*, to pay principal of, and interest on, any portion of the Loans the Administrative Agent may have advanced pursuant to the express provisions of this Agreement on behalf of any Lender, for which the Administrative Agent has not then been reimbursed by such Lender or the Borrower, *second*, to pay all other Obligations then due and payable and *third*, as the Borrower so designates. Payments in respect of Swing Loans received by the Administrative Agent shall be distributed to the Swing Loan Lender; payments in respect of Loans received by the Administrative Agent shall be distributed to each Lender in accordance with such Lender's

Ratable Portion; and all payments of fees and all other payments in respect of any other Obligation shall be allocated among such of the Lenders and Issuers as are entitled thereto and, for such payments allocated to the Lenders, in proportion to their respective Ratable Portions.

(g) At the option of the Administrative Agent, principal on the Swing Loans, Reimbursement Obligations, interest, fees, expenses and other sums due and payable in respect of the Loans and Protective Advances may be paid from the proceeds of Swing Loans or the Revolving Loans unless the Borrower makes such payments on the next succeeding Business Day after the Borrower receives written notice from the Administrative Agent requesting such payments. The Borrower hereby authorizes the Swing Loan Lender to make such Swing Loans pursuant to *Section 2.3(a)* and the Lenders to make such Loans pursuant to *Section 2.2(a)* from time to time in the amounts of any and all principal payable with respect to the Swing Loans, Reimbursement Obligations, interest, fees, expenses and other sums payable in respect of the Loans and Protective Advances, and further authorizes the Administrative Agent to give the Lenders notice of any Borrowing with respect to such Swing Loans and the Revolving Loans and to distribute the proceeds of such Swing Loans and the Revolving Loans to pay such amounts. The Borrower agrees that all such Swing Loans and the Revolving Loans so made shall be deemed to have been requested by it (irrespective of the satisfaction of the conditions in *Section 4.2*, which conditions the Lenders irrevocably waive) and directs that all proceeds thereof shall be used to pay such amounts.

SECTION 2.14 Special Provisions Governing Eurodollar Rate Loans.

(a) Determination of Interest Rate.

The Eurodollar Rate for each Interest Period for Eurodollar Rate Loans shall be determined by the Administrative Agent pursuant to the procedures set forth in the definition of “*Eurodollar Rate*.” The Administrative Agent’s determination shall be presumed to be correct and binding on the Loan Parties, absent manifest error.

(b) Interest Rate Unascertainable, Inadequate or Unfair.

In the event that (i) the Administrative Agent reasonably determines that adequate and fair means do not exist for ascertaining the applicable interest rates by reference to which the Eurodollar Rate then being determined is to be fixed or (ii) the Requisite Lenders reasonably determine and notify the Administrative Agent that the Eurodollar Rate for any Interest Period will not adequately reflect the cost to the Lenders of making or maintaining such Loans for such Interest Period, the Administrative Agent shall forthwith so notify the Borrower and the Lenders, whereupon each Eurodollar Rate Loan shall automatically, on the last day of the current Interest Period for such Loan, convert into a Base Rate Loan and the obligations of the Lenders to make Eurodollar Rate Loans or to convert Base Rate Loans into Eurodollar Rate Loans shall be suspended until the Administrative Agent shall notify the Borrower that the Requisite Lenders have determined that the circumstances causing such suspension no longer exist.

SECTION 2.15 Revolving Commitment Increase.

(a) The Borrower may at any time or from time to time after the [First Amendment](#) Effective Date, by notice to the Administrative Agent (whereupon the

Administrative Agent shall promptly deliver a copy to each of the Lenders), request one or more increases in the amount of any Class of Revolving Credit Commitments (each such increase, a “*Revolving Commitment Increase*”); *provided* that subject to the Limited Condition Acquisition provisions, at the time of any such Revolving Commitment Increase (and after giving effect thereto), no Default or Event of Default (or, in the case of any Revolving Commitment Increase to be used to fund a Limited Condition Acquisition, no Event of Default under *Section 10.1(a)* or *Section 10.1(f)* as of the Transaction Agreement Date) shall exist. Each Revolving Commitment Increase shall be in an aggregate principal amount that is not less than \$20,000,000 (*provided* that such amount may be less than \$20,000,000 if such amount represents all remaining availability under the limit set forth in the next sentence). Notwithstanding anything to the contrary herein, the aggregate amount of the Revolving Commitment Increases shall not exceed \$100,000,000 (the “*Incremental Availability*”), and the Borrower may make a maximum of five (5) such requests. Each notice from the Borrower pursuant to this *Section 2.15* shall set forth the requested amount and proposed terms of the relevant Revolving Commitment Increases. Revolving Commitment Increases may be provided by any existing Lender (it being understood that no existing Lender will have an obligation to provide a portion of any Revolving Commitment Increase), in each case on terms permitted in this *Section 2.15* and otherwise on terms reasonably acceptable to the Administrative Agent) or by any other Person constituting an Eligible Assignee (any such other Person being called an “*Additional Lender*”), *provided* that the Administrative Agent shall have consented (such consent not to be unreasonably withheld or delayed) to such Lender’s or Additional Lender’s providing such Revolving Commitment Increases if such consent would be required under *Section 12.2(b)* for an assignment of Loans or Revolving Credit Commitments to such Lender or Additional Lender. Revolving Credit Commitments in respect of Revolving Commitment Increases shall become Revolving Credit Commitments (or in the case of a Revolving Commitment Increase to be provided by an existing Lender, an increase in such Lender’s applicable Revolving Credit Commitment) under this Agreement pursuant to an amendment (an “*Incremental Amendment*”) to this Agreement and, as appropriate, the other Loan Documents, executed by Holdings, the Borrower, each Lender agreeing to provide such Revolving Credit Commitment, if any, each Additional Lender, if any, and the Administrative Agent. The Incremental Amendment may, without the consent of any other Lenders, effect such amendments to this Agreement and the other Loan Documents as may be necessary or appropriate, in the reasonable opinion of the Administrative Agent and the Borrower, to effect the provisions of this Section. The effectiveness of any Incremental Amendment shall be subject to the satisfaction on the date thereof (each, an “*Incremental Facility Effective Date*”) of each of the conditions set forth in *Section 4.2* (it being understood that all references to “the date of such Loan or Issuance” or similar language in such *Section 4.2* shall be deemed to refer to the effective date of such Incremental Amendment) and such other conditions as the parties thereto shall agree. The representations and warranties contained in the Loan Documents (or, in the case of any Revolving Commitment Increase used to fund a Permitted Acquisition or similar permitted Investment (including any Limited Condition Acquisition), the Specified Representations) shall be accurate in all material respects (or, if qualified by “materiality”, “Material Adverse Effect” or similar language, in all respects (after giving effect to such qualification)) before and after the effectiveness of any Incremental Amendment referred to below and any Revolving Commitment Increase shall be documented as an increase to the Facility and shall be on terms identical to those applicable to the Facility, except with respect to any commitment, arrangement, upfront or similar fees that may be agreed

to among the Borrower and the lenders agreeing to participate in such Revolving Commitment Increase. The Borrower shall use Revolving Commitment Increases only as permitted pursuant to *Section 8.9* hereof. Upon each increase in the Revolving Credit Commitments pursuant to this *Section 2.15*, (x) each Lender of the applicable Class immediately prior to such increase will automatically and without further act be deemed to have assigned to each Lender providing a portion of the Revolving Commitment Increase of the applicable Class (each a “*Revolving Commitment Increase Lender*”) in respect of such increase, and each such Revolving Commitment Increase Lender will automatically and without further act be deemed to have assumed, a portion of such Lender’s participations hereunder in outstanding Letters of Credit and Swing Loans such that, after giving effect to each such deemed assignment and assumption of participations, the percentage of the aggregate outstanding (i) participations hereunder in Letters of Credit, (ii) participations hereunder in Swing Loans held by each Lender of the applicable Class and (iii) participations in Protective Advances held by each Lender of the applicable Class (including each such Revolving Commitment Increase Lender) will equal the percentage of the aggregate Revolving Credit Commitments of all Lenders of such Class represented by such Lender’s Revolving Credit Commitment and (y) if, on the date of such increase, there are any Revolving Loans of such Class outstanding, such Revolving Loans shall on or prior to the effectiveness of such Revolving Commitment Increase be prepaid from the proceeds of additional Revolving Loans of such Class made hereunder (reflecting such increase in Revolving Credit Commitments of such Class), which prepayment shall be accompanied by accrued interest on the Revolving Loans of such Class being prepaid and any costs incurred by any Lender in accordance with *Section 3.5*. The Administrative Agent and the Lenders hereby agree that the minimum borrowing, pro rata borrowing and pro rata payment requirements contained elsewhere in this Agreement shall not apply to the transactions effected pursuant to the immediately preceding sentence.

(b) This *Section 2.15* shall supersede any provisions in *Section 12.1* or *Section 12.7* to the contrary.

SECTION 2.16 Defaulting Lenders.

(a) *Adjustments.* Notwithstanding anything to the contrary contained in this Agreement, if any Lender becomes a Defaulting Lender, then, until such time as that Lender is no longer a Defaulting Lender, to the extent permitted by applicable Law:

(i) *Waivers and Amendments.* That Defaulting Lender’s right to approve or disapprove any amendment, waiver or consent with respect to this Agreement shall be restricted as set forth in *Section 12.1*.

(ii) *Reallocation of Payments.* Any payment of principal, interest, fees or other amounts received by the Administrative Agent for the account of that Defaulting Lender (whether voluntary or mandatory, at maturity, pursuant to *Article X* or otherwise, and including any amounts made available to the Administrative Agent by that Defaulting Lender pursuant to *Section 12.6*), shall be applied at such time or times as may be determined by the Administrative Agent as follows: *first*, to the payment of any amounts owing by that Defaulting Lender to the Administrative Agent hereunder; *second*, to the payment on a pro rata basis of any amounts owing by that Defaulting Lender to any

Issuer or the Swing Loan Lender hereunder; *third*, if so determined by the Administrative Agent or requested by any Issuer or the Swing Loan Lender, to be held as cash collateral for future funding obligations of that Defaulting Lender of any participation in any Swing Loan or Letter of Credit; *fourth*, as the Borrower may request (so long as no Default or Event of Default exists), to the funding of any Loan in respect of which that Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as determined by the Administrative Agent; *fifth*, if so determined by the Administrative Agent and the Borrower, to be held in a non-interest bearing deposit account and released in order to satisfy obligations of that Defaulting Lender to fund Loans under this Agreement; *sixth*, to the payment of any amounts owing to the Lenders, any Issuer or the Swing Loan Lender as a result of any judgment of a court of competent jurisdiction obtained by any Lender, any Issuer or the Swing Loan Lender against that Defaulting Lender as a result of that Defaulting Lender's breach of its obligations under this Agreement; *seventh*, so long as no Default or Event of Default exists, to the payment of any amounts owing to the Borrower as a result of any judgment of a court of competent jurisdiction obtained by the Borrower against that Defaulting Lender as a result of that Defaulting Lender's breach of its obligations under this Agreement; and *eighth*, to that Defaulting Lender or as otherwise directed by a court of competent jurisdiction; *provided* that if (x) such payment is a payment of the principal amount of any Loans or Letter of Credit Borrowings in respect of which that Defaulting Lender has not fully funded its appropriate share and (y) such Loans or Letter of Credit Borrowings were made at a time when the conditions set forth in *Section 4.2* were satisfied or waived, such payment shall be applied solely to pay the Loans of, and Letter of Credit Borrowings owed to, all non-Defaulting Lenders on a pro rata basis prior to being applied to the payment of any Loans of, or Letter of Credit Borrowings owed to, that Defaulting Lender. Any payments, prepayments or other amounts paid or payable to a Defaulting Lender that are applied (or held) to pay amounts owed by a Defaulting Lender or to post cash collateral pursuant to this *Section 2.16(a)(ii)* shall be deemed paid to and redirected by that Defaulting Lender, and each Lender irrevocably consents hereto.

(iii) *Certain Fees*. That Defaulting Lender (x) shall not be entitled to receive any commitment fee pursuant to *Section 2.12(a)* for any period during which that Lender is a Defaulting Lender (and the Borrower shall not be required to pay any such fee that otherwise would have been required to have been paid to that Defaulting Lender for such period) and (y) shall be limited in its right to receive Letter of Credit Fees as provided in *Section 2.12(b)*.

(iv) *Reallocation of Applicable Percentages to Reduce Fronting Exposure*. During any period in which there is a Defaulting Lender, for purposes of computing the amount of the obligation of each non-Defaulting Lender to acquire, refinance or fund participations in Swing Loans or Letters of Credit pursuant to *Sections 2.3* and *2.4*, the "Applicable Percentage" of each non-Defaulting Lender shall be computed without giving effect to the Revolving Credit Commitment of that Defaulting Lender; *provided* that (i) each such reallocation shall be given effect only if, at the date the applicable Lender becomes a Defaulting Lender, no Default or Event of Default exists; and (ii) the aggregate obligation of each non-Defaulting Lender to acquire, refinance or fund participations in Letters of Credit and Swing Loans shall not exceed the

positive difference, if any, of (1) the Revolving Credit Commitment of that non-Defaulting Lender minus (2) the aggregate Outstanding Amount of the Revolving Loans (including Protective Advances) of that Lender.

(b) *Defaulting Lender Cure*. If the Borrower, the Administrative Agent, Swing Loan Lender and the Issuers agree in writing in their sole discretion that a Defaulting Lender should no longer be deemed to be a Defaulting Lender, the Administrative Agent will so notify the parties hereto, whereupon as of the effective date specified in such notice and subject to any conditions set forth therein (which may include arrangements with respect to any Cash Collateral), that Lender will, to the extent applicable, purchase that portion of outstanding Loans of the other Lenders or take such other actions as the Administrative Agent may determine to be necessary to cause the Revolving Loans and funded and unfunded participations in Letters of Credit and Swing Loans to be held on a pro rata basis by the Lenders in accordance with their Applicable Percentages (without giving effect to *Section 2.16(a)(iv)*), whereupon that Lender will cease to be a Defaulting Lender; *provided* that no adjustments will be made retroactively with respect to fees accrued or payments made by or on behalf of the Borrower for the period that such Lender was a Defaulting Lender; and *provided further* that except to the extent otherwise expressly agreed by the affected parties, no change hereunder from Defaulting Lender to Lender will constitute a waiver or release of any claim of any party hereunder arising from that Lender's having been a Defaulting Lender.

(c) *Cash Collateral*. At any time that there shall exist a Defaulting Lender, immediately upon the request of the Administrative Agent, the applicable Issuer or the Swing Loan Lender, the Borrower shall deliver to the Administrative Agent Cash Collateral in an amount sufficient to cover all Fronting Exposure (after giving effect to *Section 2.16(a)(iv)* and any Cash Collateral provided by the Defaulting Lender).

SECTION 2.17 Extensions of Loans.

(a) *Extension of Revolving Credit Commitments*. The Borrower may at any time and from time to time request that all or a portion of the Revolving Credit Commitments of a given Class (each, an "*Existing Revolver Tranche*") be amended to extend the Scheduled Termination Date with respect to all or a portion of any principal amount of such Revolving Credit Commitments (any such Revolving Credit Commitments which have been so amended, "*Extended Revolving Credit Commitments*") and to provide for other terms consistent with this *Section 2.17*; *provided* that there shall be no more than two (2) Classes of Loans and Commitments outstanding at any time. In order to establish any Extended Revolving Credit Commitments, the Borrower shall provide a notice to the Administrative Agent (who shall provide a copy of such notice to each of the Lenders under the applicable Existing Revolver Tranche) (each, a "*Extension Request*") setting forth the proposed terms (which shall be determined in consultation with the Administrative Agent) of the Extended Revolving Credit Commitments to be established, which shall (x) be identical as offered to each Lender under such Existing Revolver Tranche (including as to the proposed interest rates and fees payable) and offered pro rata to each Lender under such Existing Revolver Tranche and (y) be identical to the Revolving Credit Commitments under the Existing Revolver Tranche from which such Extended Revolving Credit Commitments are to be amended, except that: (i) the Scheduled Termination

Date of the Extended Revolving Credit Commitments shall be later than the Scheduled Termination Date of the Revolving Credit Commitments of such Existing Revolver Tranche, (ii) the Extension Amendment may provide for other covenants and terms that (I) apply solely to any period after the Latest Maturity Date that is in effect on the effective date of the Extension Amendment (immediately prior to the establishment of such Extended Revolving Credit Commitments) or (II) are reasonably satisfactory to the Administrative Agent and the Borrower to incorporate such more restrictive provisions for the benefit of the Lenders (which amendment shall, notwithstanding any provision herein to the contrary, not require the consent of any Lender); and (iii) all borrowings under the Revolving Credit Commitments and repayments thereunder shall be made on a pro rata basis (except for (I) payments of interest and fees at different rates on Extended Revolving Credit Commitments (and related outstandings) and (II) repayments required upon the Revolving Credit Termination Date of the non-extending Revolving Credit Commitments); *provided, further*, that (A) the conditions precedent to a Borrowing set forth in *Section 4.2* shall be satisfied as of the date of such Extension Amendment and at the time when any Loans are made in respect of any Extended Revolving Credit Commitment, (B) in no event shall the final maturity date of any Extended Revolving Credit Commitments of a given Extension Series at the time of establishment thereof be earlier than the then Latest Maturity Date of any other Revolving Credit Commitments hereunder, (C) any such Extended Revolving Credit Commitments (and the Liens securing the same) shall be permitted by the terms of the Intercreditor Agreements (to the extent any Intercreditor Agreement is then in effect) and (D) all documentation in respect of the such Extension Amendment shall be consistent with the foregoing. Any Extended Revolving Credit Commitments amended pursuant to any Extension Request shall be designated a series (each, a “*Extension Series*”) of Extended Revolving Credit Commitments for all purposes of this Agreement; provided that any Extended Revolving Credit Commitments amended from an Existing Revolver Tranche may, to the extent provided in the applicable Extension Amendment, be designated as an increase in any previously established Extension Series with respect to such Existing Revolver Tranche. Each Extension Series of Extended Revolving Credit Commitments incurred under this *Section 2.17* shall be in an aggregate principal amount equal to not less than 50% of the aggregate Revolving Credit Commitments outstanding at the time such Extended Revolving Credit Commitments become effective.

(b) *Extension Request.* The Borrower shall provide the applicable Extension Request at least ten (10) Business Days (or such shorter period as may be agreed by the Administrative Agent) prior to the date on which Lenders under the Existing Revolver Tranche are requested to respond, and shall agree to such procedures, if any, as may be established by, or acceptable to, the Administrative Agent, in each case acting reasonably, to accomplish the purposes of this *Section 2.17*. No Lender shall have any obligation to agree to provide any Extended Revolving Credit Commitment pursuant to any Extension Request. Any Revolving Credit Lender (each, an “*Extending Revolving Credit Lender*”) wishing to have all or a portion of its Revolving Credit Commitments under the Existing Revolver Tranche subject to such Extension Request amended into Extended Revolving Credit Commitments shall notify the Administrative Agent (each, an “*Extension Election*”) on or prior to the date specified in such Extension Request of the amount of its Revolving Credit Commitments under the Existing Revolver Tranche which it has elected to request be amended into Extended Revolving Credit Commitments (subject to any minimum denomination requirements imposed by the Administrative Agent). In the event that the aggregate principal amount of Revolving Credit

Commitments under the Existing Revolver Tranche in respect of which applicable Revolving Credit Lenders shall have accepted the relevant Extension Request exceeds the amount of Extended Revolving Credit Commitments requested to be extended pursuant to the Extension Request, Revolving Credit Commitments subject to Extension Elections shall be amended to reflect allocations of the Extended Revolving Credit Commitments, which Extended Revolving Credit Commitments shall be allocated as agreed by Administrative Agent and the Borrower.

(c) *New Revolving Commitment Lenders.* Following any Extension Request made by the Borrower in accordance with this *Section 2.17*, if the Lenders shall have declined to agree during the period specified in *Section 2.17(b)* above to provide Extended Revolving Credit Commitments in an aggregate principal amount equal to the amount requested by the Borrower in such Extension Request, the Borrower may request that banks, financial institutions or other institutional lenders or investors other than the Lenders or ~~Extended~~Extending Revolving Credit Lenders (the “*New Revolving Commitment Lenders*”), which New Revolving Commitment Lenders may elect to provide an Extended Revolving Credit Commitment hereunder (the “*New Revolving Credit Commitment*”); *provided* that such Extended Revolving Credit Commitments of such New Revolving Commitment Lenders (i) shall be in an aggregate principal amount for all such New Revolving Commitment Lenders not to exceed the aggregate principal amount of Extended Revolving Credit Commitments so declined to be provided by the existing Lenders and (ii) shall be on identical terms to the terms applicable to the terms specified in the applicable Extension Request (and any Extended Revolving Credit Commitments provided by existing Lenders in respect thereof); *provided further* that, as a condition to the effectiveness of any Extended Revolving Credit Commitment of any New Revolving Commitment Lender, the Administrative Agent, each Issuer and the Swing Loan Lender shall have consented (such consent not to be unreasonably withheld or delayed) to each New Revolving Commitment Lender if such consent would be required under *Section 12.2(b)(iii)* for an assignment of Revolving Credit Commitments to such Person. Notwithstanding anything herein to the contrary, any Extended Revolving Credit Commitment provided by New Revolving Commitment Lenders shall be pro rata to each New Revolving Commitment Lender. Upon effectiveness of the Extension Amendment to which each such New Revolving Commitment Lender is a party, (a) the Revolving Credit Commitments of all existing Revolving Credit Lenders of each Class specified in the Extension Amendment in accordance with this *Section 2.17* will be permanently reduced pro rata by an aggregate amount equal to the aggregate principal amount of the Extended Revolving Credit Commitments of such New Revolving Commitment Lenders and (b) the Revolving Credit Commitment of each such New Revolving Commitment Lender will become effective. The Extended Revolving Credit Commitments of New Revolving Commitment Lenders will be incorporated as Revolving Credit Commitments hereunder in the same manner in which Extended Revolving Credit Commitments of existing Lenders are incorporated hereunder pursuant to this *Section 2.17*, and for the avoidance of doubt, all Borrowings and repayments of Revolving Loans from and after the effectiveness of such Extension Amendment shall be made pro rata across all Classes of Revolving Credit Commitments including such New Revolving Commitment Lenders (based on the outstanding principal amounts of the respective Classes of Revolving Credit Commitments) except for (x) payments of interest and fees at different rates for each Class of Revolving Credit Commitments (and related Outstanding Amounts) and (y) repayments required on the Revolving Credit Termination Date for any particular Class of Revolving Credit Commitments. Upon the effectiveness of each New Revolving Credit Commitment pursuant to this *Section 2.17(c)*, (a)

each Revolving Credit Lender of all applicable existing Classes of Revolving Credit Commitments immediately prior to such effectiveness will automatically and without further act be deemed to have assigned to each New Revolving Commitment Lender, and each such New Revolving Commitment Lender will automatically and without further act be deemed to have assumed, a portion of such Revolving Credit Lender's participations hereunder in outstanding Letters of Credit and Swing Loans such that, after giving effect to each such deemed assignment and assumption of participations, subject to *Section 2.16*, the percentage of the outstanding (i) participations hereunder in Letters of Credit and (ii) participations hereunder in Swing Loans held by each Revolving Credit Lender of each Class of Revolving Credit Commitments (including each such New Revolving Commitment Lender) will equal the percentage of the aggregate Revolving Credit Commitments of all Classes of Revolving Credit Lenders represented by such Revolving Credit Lender's Revolving Credit Commitment and (b) if, on the date of such effectiveness, there are any Revolving Loans outstanding, such Revolving Loans shall on or prior to the effectiveness of such New Revolving Credit Commitment be prepaid from the proceeds of Revolving Loans made hereunder under the New Revolving Credit Commitments, which prepayment shall be accompanied by accrued interest on the Revolving Loans being prepaid and any costs incurred by any Lender in accordance with *Section 3.5*. The Administrative Agent and the Lenders hereby agree that the minimum borrowing, pro rata borrowing and pro rata payment requirements contained elsewhere in this Agreement shall not apply to the transactions effected pursuant to the immediately preceding sentence.

(d) *Extension Amendment.* Extended Revolving Credit Commitments and New Revolving Credit Commitments shall be established pursuant to an amendment (each, an "*Extension Amendment*") to this Agreement among the Borrower, the Administrative Agent and each Extending Revolving Credit Lender and each New Revolving Commitment Lender, if any, providing an Extended Revolving Credit Commitment or a New Revolving Credit Commitment, as applicable, thereunder, which shall be consistent with the provisions set forth in *Sections 2.17(a, (b))* and *(c)* above (but which shall not require the consent of any other Lender). The effectiveness of any Extension Amendment shall be subject to the satisfaction on the date thereof of each of the conditions set forth in *Sections 4.2(a)* and *(b)* and, to the extent reasonably requested by the Administrative Agent, receipt by the Administrative Agent of (i) legal opinions, board resolutions and officers' certificates consistent with those delivered on the Effective Date other than changes to such legal opinion resulting from a Change in Law, change in fact or change to counsel's form of opinion reasonably satisfactory to the Administrative Agent and (ii) reaffirmation agreements and/or such amendments to the Collateral Documents as may be reasonably requested by the Collateral Agent in order to ensure that the Extended Revolving Credit Commitments or the New Revolving Credit Commitments, as the case may be, are provided with the benefit of the applicable Loan Documents. The Administrative Agent shall promptly notify each Lender as to the effectiveness of each Extension Amendment. Each of the parties hereto hereby agrees that this Agreement and the other Loan Documents may be amended pursuant to an Extension Amendment, without the consent of any other Lenders, to the extent (but only to the extent) necessary to (i) reflect the existence and terms of the Extended Revolving Credit Commitments or the New Revolving Credit Commitments, as the case may be, incurred pursuant thereto, (ii) make such other changes to this Agreement and the other Loan Documents (without the consent of the Requisite Lenders) and (iii) effect such other amendments to this Agreement and the other Loan Documents as may be necessary or appropriate, in the reasonable opinion of the Administrative Agent and the Borrower, to effect the provisions of this Section, and the Requisite Lenders hereby expressly authorize the Administrative Agent to enter into any such Extension Amendment.

(e) No conversion of Loans pursuant to any Extension in accordance with this *Section 2.17* shall constitute a voluntary or mandatory payment or prepayment for purposes of this Agreement.

ARTICLE III

TAXES, INCREASED COSTS PROTECTION AND ILLEGALITY

SECTION 3.1 ~~Taxes.~~ For purposes of this Section 3.1, the term “applicable Law” or “Law” includes FATCA.

(a) All sums payable by any Loan Party hereunder or under any other Loan Document to any Agent, Issuer or any Lender shall (except to the extent required by Law) be paid free and clear of, and without any deduction or withholding on account of, any Taxes.

(b) If any Loan Party or any Agent, Issuer or Lender is required by Law to make any deduction or withholding on account of any Non-Excluded Tax or Other Taxes from any sum paid or payable by any Loan Party to any Lender, Issuer or Agent under any of the Loan Documents: (i) the applicable Loan Party (if it is required to make the deduction or withholding) shall notify the applicable Agent of any such requirement or any change in any such requirement as soon as such Loan Party becomes aware of it; (ii) the applicable Loan Party or Agent, Issuer or Lender, as applicable, shall make such deduction or withholding and pay to the relevant Governmental Authority, in accordance with applicable Law, any such Non-Excluded Tax or Other Tax before the date on which penalties attach thereto; (iii) the sum payable to such Lender, Issuer or Agent (as applicable) shall be increased by such Loan Party to the extent necessary to ensure that, after the making of any required deduction or withholding (including any deductions or withholdings attributable to any payments required to be made under this *Section 3.1*), ~~the~~such Lender, Issuer or ~~the~~ Agent (as applicable), receives on the due date a net sum equal to what it would have received had no such deduction or withholding been required or made; and (iv) within thirty days after paying any sum from which it is required by Law to make any deduction or withholding, and within thirty days after the due date of payment of any Tax which it is required by clause (ii) above to pay, the Loan Party making such payments (if it is required to make the deduction or withholding) shall deliver to the Administrative Agent evidence reasonably satisfactory to the other affected parties of such deduction or withholding and of the remittance thereof to the relevant Governmental Authority.

(c) Each Lender shall, at such times as are reasonably requested by the Borrower or the Administrative Agent, provide the Borrower and the Administrative Agent with any documentation prescribed by Law or reasonably requested by the Borrower or the Administrative Agent certifying as to any entitlement of such Lender to an exemption from, or reduction in, any withholding Tax with respect to any payments to be made to such Lender under any Loan Document. Each such Lender shall, whenever a lapse in time or change in circumstances renders such documentation (including any specific documentation required below in this *Section 3.1(c)*) obsolete, expired or inaccurate in any material respect, deliver

promptly to the Borrower and the Administrative Agent updated or other appropriate documentation (including any new documentation reasonably requested by the Borrower or the Administrative Agent) or promptly notify the Borrower and the Administrative Agent of its inability to do so.

Without limiting the foregoing:

(1) Each U.S. Lender shall deliver to the Borrower and the Administrative Agent on or before the date on which it becomes a party to this Agreement two properly completed and duly signed originals of IRS Form W-9 certifying that such Lender is exempt from U.S. federal backup withholding.

(2) Each Foreign Lender shall deliver to the Borrower and the Administrative Agent on or before the date on which it becomes a party to this Agreement (and from time to time thereafter upon the request of the Borrower or the Administrative Agent) whichever of the following is applicable:

(A) two properly completed and duly signed original copies of IRS Form W-8BEN or W-8BEN-E, as applicable (or any successor forms) claiming eligibility for the benefits of an income tax treaty to which the United States is a party, and such other documentation as required under the Code,

(B) two properly completed and duly signed original copies of IRS Form W-8ECI (or any successor forms),

(C) in the case of a Foreign Lender claiming the benefits of the exemption for portfolio interest under Section 871(h) or Section 881(c) of the Code, (A) two properly completed and duly signed certificates substantially in the form of Exhibit M (any such certificate, a "United States Tax Compliance Certificate") and (B) two properly completed and duly signed original copies of IRS Form W-8BEN or W-8BEN-E, as applicable (or any successor forms),

(D) to the extent a Foreign Lender is not the beneficial owner (for example, where the Foreign Lender is a partnership or a participating Lender), two properly completed duly signed original copies of IRS Form W-8IMY (or any successor forms) of the Foreign Lender, accompanied by a Form W-8ECI, W-8BEN or W-8BEN-E, as applicable United States Tax Compliance Certificate, Form W-9, Form W-8IMY or any other required information (or any successor forms) from each beneficial owner that would be required under this *Section 3.1(c)* if such beneficial owner were a Lender, as applicable (provided that, if one or more beneficial owners are claiming the portfolio interest exemption, the United States Tax Compliance Certificate may be provided by such Foreign Lender on behalf of such beneficial owner), or

(E) two properly completed and duly signed original copies of any other form prescribed by applicable U.S. federal income tax Laws (including the Treasury Regulations) as a basis for claiming a complete exemption from, or a reduction in, United States federal withholding tax on any payments to such Lender under the Loan Documents.

(3) If a payment made to a Lender under any Loan Document ~~may would~~ be subject to U.S. federal withholding ~~tax~~ Tax imposed by ~~Sections 1471 through 1474 of the Code (including any successor provisions)~~ FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent such documentation prescribed by applicable Law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower and the Administrative Agent to comply with their obligations under ~~Sections 1471 through 1474 of the Code~~ FATCA and to determine ~~whether that~~ such Lender has ~~or has not~~ complied with such Lender's obligations under ~~such Sections and, if necessary, to~~ FATCA or to determine the amount to deduct and withhold from such payment. Solely for purposes of this clause (3), "FATCA" shall include any amendments made to FATCA after the date of this Agreement.

Notwithstanding any other provision of this clause (c), a Lender shall not be required to deliver any form that such Lender is not legally eligible to deliver.

(d) In addition to the payments by a Loan Party required by *Section 3.1(b)*, the Borrower shall pay any Other Taxes to the relevant Governmental Authority in accordance with applicable Law.

(e) The Borrower shall indemnify each Lender, each Issuer and each Agent (each a "Tax Indemnitee"), within 20 days after written demand therefor, for the full amount of any Non-Excluded Taxes paid or payable by such Tax Indemnitee that is imposed on or in respect of any payment under or with respect to any Loan Document, and any Other Taxes payable by such Tax Indemnitee (including Non-Excluded Taxes or Other Taxes imposed on or attributable to amounts payable under this *Section 3.1*), whether or not such Taxes were correctly or legally imposed or asserted by the Governmental Authority. A certificate as to the amount of such payment or liability prepared in good faith and delivered by the Tax Indemnitee or by the Administrative Agent on its own behalf or on behalf of another Tax Indemnitee, shall be conclusive absent manifest error.

(f) If and to the extent that a Tax Indemnitee, in its sole discretion (exercised in good faith), determines that it has received a refund of any Non-Excluded Taxes or Other Taxes in respect of which it has received additional payments under this *Section 3.1*, then such Tax Indemnitee shall pay to the relevant Loan Party the amount of such refund, net of all out-of-pocket expenses of the Tax Indemnitee (including any Taxes imposed with respect to such refund), and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund), provided that the Loan Party, upon the request of the Tax Indemnitee, agrees to repay the amount paid over by the Tax Indemnitee (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) to the Tax Indemnitee if the Tax Indemnitee is required to repay such refund to such Governmental Authority. This subsection shall not be construed to require a Tax Indemnitee to make available its Tax returns (or any other information relating to its Taxes that it deems confidential) to any Loan Party or any other Person.

(g) In the event that a Loan Party makes an indemnification payment to a Tax Indemnitee with respect to Non-Excluded Taxes or Other Taxes pursuant to subsection (e) of this *Section 3.1* or a Loan Party is required to repay to a Tax Indemnitee an amount in respect of a refund of any Non-Excluded Taxes or Other Taxes previously paid over to such Loan Party pursuant to subsection (f) of this *Section 3.1*, such Tax Indemnitee shall reasonably cooperate with all reasonable requests of such Loan Party, at the sole expense of such Loan Party, if (i) in the reasonable judgment of the Tax Indemnitee such cooperation shall not subject such Tax Indemnitee, as the case may be, to any unreimbursed third party cost or expense or otherwise be materially disadvantageous to such Tax Indemnitee and (ii) there is a reasonable basis for such Loan Party to contest with the applicable Governmental Authority the imposition of such Non-Excluded Taxes or Other Taxes or the repayment of such refund. Any resulting refund shall be governed by *Section 3.1(f)*. This subsection shall not be construed to require a Tax Indemnitee to make available its Tax returns (or any other information relating to its Taxes that it deems confidential) to any Loan Party or any other Person.

(h) For purposes of determining withholding Taxes imposed under FATCA, from and after the First Amendment Effective Date, the Borrower and the Administrative Agent shall treat (and the Lenders hereby authorize the Administrative Agent to treat) this Agreement as not qualifying as a “grandfathered obligation” within the meaning of Treasury Regulation Section 1.1471-2(b)(2)(i).

SECTION 3.2 Illegality. ~~If~~Subject to the provisions set forth in Section 3.3(c) below, if any Lender reasonably determines that any Law has made it unlawful, or that any Governmental Authority has asserted that it is unlawful, for any Lender or its applicable Lending Office to make, maintain or fund Loans whose interest is determined by reference to the Eurodollar Rate, or to determine or charge interest rates based upon the Eurodollar Rate, or any Governmental Authority has imposed material restrictions on the authority of such Lender to purchase or sell, or to take deposits of, Dollars in the London interbank market, then, on notice thereof by such Lender to the Borrower through the Administrative Agent, (i) any obligation of such Lender to make or continue Eurodollar Rate Loans or to convert Base Rate Loans to Eurodollar Rate Loans shall be suspended, and (ii) if such notice asserts the illegality of such Lender making or maintaining Base Rate Loans the interest rate on which is determined by reference to the Eurodollar Rate component of the Base Rate, the interest rate on which Base Rate Loans of such Lender shall, if necessary to avoid such illegality, be determined by the Administrative Agent without reference to the Eurodollar Rate component of the Base Rate, in each case until such Lender notifies the Administrative Agent and the Borrower that the circumstances giving rise to such determination no longer exist. Upon receipt of such notice, (x) the Borrower may revoke any pending request for a Borrowing of, conversion to or continuation of Eurodollar Rate Loans and shall, upon demand from such Lender (with a copy to the Administrative Agent), prepay or, if applicable, convert all Eurodollar Rate Loans of such Lender to Base Rate Loans (the interest rate on which Base Rate Loans of such Lender shall, if necessary to avoid such illegality, be determined by the Administrative Agent without reference to the Eurodollar Rate component of the Base Rate), either on the last day of the Interest Period therefor, if such Lender may lawfully continue to maintain such Eurodollar Rate Loans to such

day, or immediately, if such Lender may not lawfully continue to maintain such Eurodollar Rate Loans and (y) if such notice asserts the illegality of such Lender determining or charging interest rates based upon the Eurodollar Rate component of the Base Rate with respect to any Base Rate Loans, the Administrative Agent shall during the period of such suspension compute the Base Rate applicable to such Lender without reference to the Eurodollar Rate component thereof until the Administrative Agent is advised in writing by such Lender that it is no longer illegal for such Lender to determine or charge interest rates based upon the Eurodollar Rate. Upon any such prepayment or conversion, the Borrower shall also pay accrued interest on the amount so prepaid or converted.

SECTION 3.3 Inability to Determine Rates. ~~If the Requisite Lenders reasonably determine that for any reason~~

(a) Subject to Section 3.3(c) below, if in connection with any request for a Eurodollar Rate Loan or a conversion to or continuation thereof, (i) the Administrative Agent determines that ~~(aA)~~ Dollar deposits are not being offered to banks in the London interbank ~~eurolldollarEurodollar~~ market for the applicable amount and Interest Period of such Eurodollar Rate Loan, or (bB) (x) adequate and reasonable means do not exist for determining the Eurodollar Rate for any requested Interest Period with respect to a proposed Eurodollar Rate Loan or in connection with an existing or proposed Base Rate Loan, ~~or (c)~~ and (y) the circumstances described in Section 3.3(c)(i) do not apply (in each case with respect to this clause (i), "Impacted Loans"), or (ii) the Administrative Agent or the Requisite Lenders determine that for any reason the Eurodollar Rate for any requested Interest Period with respect to a proposed Eurodollar Rate Loan does not adequately and fairly reflect the cost to such Lenders of funding such Eurodollar Rate Loan, the Administrative Agent will promptly so notify the Borrower and each Lender. Thereafter, (x) the obligation of the Lenders to make or maintain Eurodollar Rate Loans shall be suspended, (to the extent of the affected Eurodollar Rate Loans or Interest Periods), and (y) in the event of a determination described in the preceding sentence with respect to the Eurodollar Rate component of the Base Rate, the utilization of the Eurodollar Rate component in determining the Base Rate shall be suspended, in each case until the Administrative Agent ~~(upon theor, in the case of a determination by the Requisite Lenders described in clause (ii) of Section 3.3(a), until the Administrative Agent upon~~ instruction of the Requisite Lenders) revokes such notice. Upon receipt of such notice, the Borrower may revoke any pending request for a Borrowing of, conversion to or continuation of Eurodollar Rate Loans (to the extent of the affected Eurodollar Rate Loans or Interest Periods) or, failing that, will be deemed to have converted such request into a request for a Borrowing of Base Rate Loans in the amount specified therein.

(b) Notwithstanding the foregoing, if the Administrative Agent has made the determination described in clause (i) of Section 3.3(a), the Administrative Agent, in consultation with the Borrower and Requisite Lenders, may establish an alternative interest rate for the Impacted Loans, in which case, such alternative rate of interest shall apply with respect to the Impacted Loans until (i) the Administrative Agent revokes the notice delivered with respect to the Impacted Loans under clause (i) of the first sentence of Section 3.3(a), (ii) the Administrative Agent or the Requisite Lenders notify the Administrative Agent and the Borrower that such alternative interest rate does not adequately and fairly reflect the cost to such Lenders of funding the Impacted Loans, or

(iii) any Lender determines that any Law has made it unlawful, or that any Governmental Authority has asserted that it is unlawful, for such Lender or its applicable Lending Office to make, maintain or fund Loans whose interest is determined by reference to such alternative rate of interest or to determine or charge interest rates based upon such rate or any Governmental Authority has imposed material restrictions on the authority of such Lender to do any of the foregoing and provides the Administrative Agent and the Borrower written notice thereof.

(c) Notwithstanding anything to the contrary in this Agreement or any other Loan Documents, if the Administrative Agent determines (which determination shall be conclusive absent manifest error), or the Borrower or Requisite Lenders notify the Administrative Agent (with, in the case of the Requisite Lenders, a copy to the Borrower) that the Borrower or Requisite Lenders (as applicable) have determined, that:

(i) adequate and reasonable means do not exist for ascertaining LIBOR for any Interest Period hereunder or any other tenors of LIBOR, including, without limitation, because the LIBOR Screen Rate is not available or published on a current basis and such circumstances are unlikely to be temporary; or

(ii) the administrator of the LIBOR Screen Rate or a Governmental Authority having jurisdiction over the Administrative Agent or such administrator has made a public statement identifying a specific date after which LIBOR or the LIBOR Screen Rate shall no longer be made available, or used for determining the interest rate of loans, provided that, at the time of such statement, there is no successor administrator that is satisfactory to the Administrative Agent, that will continue to provide LIBOR after such specific date (such specific date, the "Scheduled Unavailability Date"); or

(iii) the administrator of the LIBOR Screen Rate or a Governmental Authority having jurisdiction over such administrator has made a public statement announcing that all Interest Periods and other tenors of LIBOR are no longer representative; or

(iv) syndicated loans currently being executed, or that include language similar to that contained in this Section 3.3, are being executed or amended (as applicable) to incorporate or adopt a new benchmark interest rate to replace LIBOR,

then, in the case of clauses (i)-(iii) above, on a date and time determined by the Administrative Agent in consultation with the Borrower (any such date, the "LIBOR Replacement Date"), which date shall be at the end of an Interest Period or on the relevant interest payment date, as applicable, for interest calculated and shall occur reasonably promptly upon the occurrence of any of the events or circumstances under clauses (i), (ii) or (iii) above and, solely with respect to clause (ii) above, no later than the Scheduled Unavailability Date, LIBOR will be replaced hereunder and under any Loan Document with, subject to the proviso below, the first available alternative set forth in the order below for any payment period for interest calculated that can be determined by the Administrative Agent, in each case, without any amendment to, or further action or consent of any other

party to, this Agreement or any other Loan Document (the “LIBOR Successor Rate”; and any such rate before giving effect to the Related Adjustment, the “Pre-Adjustment Successor Rate”):

(x) Term SOFR *plus* the Related Adjustment; and

(y) SOFR *plus* the Related Adjustment;

and in the case of clause (iv) above, the Borrower and Administrative Agent may amend this Agreement solely for the purpose of replacing LIBOR under this Agreement and under any other Loan Document in accordance with the definition of “LIBOR Successor Rate” and such amendment will become effective at 5:00 p.m., on the fifth Business Day after the Administrative Agent shall have notified all Lenders and the Borrower of the occurrence of the circumstances described in clause (iv) above unless, prior to such time, Lenders comprising the Requisite Lenders have delivered to the Administrative Agent written notice that such Requisite Lenders object to the implementation of a LIBOR Successor Rate pursuant to such clause;

*provided that, if the Administrative Agent in consultation with the Borrower determines that Term SOFR has become available, is administratively feasible for the Administrative Agent and would have been identified as the Pre-Adjustment Successor Rate in accordance with the foregoing if it had been so available at the time that the LIBOR Successor Rate then in effect was so identified, and the Administrative Agent notifies the Borrower and each Lender of such availability, then from and after the beginning of the Interest Period, relevant interest payment date or payment period for interest calculated, in each case, commencing no less than thirty (30) days after the date of such notice, the Pre-Adjustment Successor Rate shall be Term SOFR and the LIBOR Successor Rate shall be Term SOFR *plus* the relevant Related Adjustment.*

The Administrative Agent will promptly (in one or more notices) notify the Borrower and each Lender of (x) any occurrence of any of the events, periods or circumstances under clauses (i) through (iii) above, (y) a LIBOR Replacement Date and (z) the LIBOR Successor Rate.

Any LIBOR Successor Rate shall be applied in a manner consistent with market practice; provided that to the extent such market practice is not administratively feasible for the Administrative Agent, such LIBOR Successor Rate shall be applied in a manner as otherwise reasonably determined by the Administrative Agent.

Notwithstanding anything else herein, if at any time any LIBOR Successor Rate as so determined would otherwise be less than the LIBOR Floor, the LIBOR Successor Rate will be deemed to be the LIBOR Floor for the purposes of this Agreement and the other Loan Documents.

In connection with the implementation of a LIBOR Successor Rate, the Administrative Agent will have the right to make LIBOR Successor Rate Conforming Changes from time to time and, notwithstanding anything to the contrary herein or in any

other Loan Document, any amendments implementing such LIBOR Successor Rate Conforming Changes will become effective without any further action or consent of any other party to this Agreement; provided that, with respect to any such amendment effected, the Administrative Agent shall post each such amendment implementing such LIBOR Successor Rate Conforming Changes to the Borrower and the Lenders reasonably promptly after such amendment becomes effective.

If the events or circumstances of the type described in 3.3(c)(i)-(iii) have occurred with respect to the LIBOR Successor Rate then in effect, then the successor rate thereto shall be determined in accordance with the definition of "LIBOR Successor Rate."

(d) Notwithstanding anything to the contrary herein, (i) after any such determination by the Administrative Agent or receipt by the Administrative Agent of any such notice described under Section 3.3(c)(i)-(iii), as applicable, if the Administrative Agent determines that none of the LIBOR Successor Rates is available on or prior to the LIBOR Replacement Date, (ii) if the events or circumstances described in Section 3.3(c)(iv) have occurred but none of the LIBOR Successor Rates is available, or (iii) if the events or circumstances of the type described in Section 3.3(c)(i)-(iii) have occurred with respect to the LIBOR Successor Rate then in effect and the Administrative Agent determines that none of the LIBOR Successor Rates is available, then in each case, the Administrative Agent and the Borrower may amend this Agreement solely for the purpose of replacing LIBOR or any then current LIBOR Successor Rate in accordance with this Section 3.3 at the end of any Interest Period, relevant interest payment date or payment period for interest calculated, as applicable, with another alternate benchmark rate giving due consideration to any evolving or then existing convention for similar U.S. dollar denominated syndicated credit facilities for such alternative benchmarks and, in each case, including any Related Adjustments and any other mathematical or other adjustments to such benchmark giving due consideration to any evolving or then existing convention for similar U.S. dollar denominated syndicated credit facilities for such benchmarks, which adjustment or method for calculating such adjustment shall be published on an information service as selected by the Administrative Agent from time to time in its reasonable discretion and may be periodically updated. For the avoidance of doubt, any such proposed rate and adjustments shall constitute a LIBOR Successor Rate. Any such amendment shall become effective at 5:00 p.m. on the fifth Business Day after the Administrative Agent shall have posted such proposed amendment to all Lenders and the Borrower unless, prior to such time, Lenders comprising the Requisite Lenders have delivered to the Administrative Agent written notice that such Requisite Lenders object to such amendment.

(e) If, at the end of any Interest Period, relevant interest payment date or payment period for interest calculated, no LIBOR Successor Rate has been determined in accordance with clauses (c) or (d) of this Section 3.3 and the circumstances under clauses (c)(i) or (c)(iii) above exist or the Scheduled Unavailability Date has occurred (as applicable), the Administrative Agent will promptly so notify the Borrower and each Lender. Thereafter, (x) the obligation of the Lenders to make or maintain Eurodollar Rate Loans shall be suspended, (to the extent of the affected Eurodollar Rate Loans, Interest Periods, interest payment dates or payment periods), and (y) the Eurodollar Rate

component shall no longer be utilized in determining the Base Rate, until the LIBOR Successor Rate has been determined in accordance with clauses (c) or (d). Upon receipt of such notice, the Borrower may revoke any pending request for a Borrowing of, conversion to or continuation of Eurodollar Rate Loans (to the extent of the affected Eurodollar Rate Loans, Interest Periods, interest payment dates or payment periods) or, failing that, will be deemed to have converted such request into a request for a Committed Borrowing of Base Rate Loans (subject to the foregoing clause (y)) in the amount specified therein.

SECTION 3.4 Increased Cost and Reduced Return; Capital Adequacy; Reserves on Eurodollar Rate Loans.

(a) *Increased Costs Generally.* If any Change in Law shall:

(i) impose, modify or deem applicable any reserve, special deposit, compulsory loan, insurance charge or similar requirement against assets of, deposits with or for the account of, or credit extended or participated in by, any Lender) or any Issuer;

(ii) subject any Lender or any Issuer to any Tax of any kind whatsoever with respect to this Agreement, any Letter of Credit, any participation in a Letter of Credit or any Eurodollar Rate Loan made by it, or change the basis of taxation of payments to such Lender or the Issuer in respect thereof (except for any Excluded Taxes or any Non-Excluded Taxes or Other Taxes indemnified or otherwise paid under Section 3.1); or

(iii) impose on any Lender or any Issuer or the London interbank market any other condition, cost or expense affecting this Agreement or Eurodollar Rate Loans made by such Lender or any Letter of Credit or participation therein, in each case that is not otherwise accounted for in this clause (a);

and the result of any of the foregoing shall be to increase the cost to such Lender of making or maintaining any Loan the interest on which is determined by reference to the Eurodollar Rate (or of maintaining its obligation to make any such Loan), or to increase the cost to such Lender or such Issuer of participating in, issuing or maintaining any Letter of Credit (or of maintaining its obligation to participate in or to issue any Letter of Credit), or to reduce the amount of any sum received or receivable by such Lender or Issuer hereunder (whether of principal, interest or any other amount) then, from time to time within fifteen (15) days after demand by such Lender or Issuer setting forth in reasonable detail such increased costs (with a copy of such demand to the Administrative Agent), the Borrower will pay to such Lender or Issuer, as the case may be, such additional amount or amounts as will compensate such Lender or Issuer, as the case may be, for such additional costs incurred or reduction suffered.

(b) *Capital Requirements.* If any Lender or any Issuer reasonably determines that any Change in Law affecting such Lender or such Issuer or any Lending Office of such Lender or such Lender's or such Issuer's holding company, if any, regarding capital or liquidity requirements has or would have the effect of reducing the rate of return on such Lender's or such Issuer's capital or on the capital of such Lender's or such Issuer's holding company, if any, as a consequence of this Agreement, the Revolving Credit Commitments of such Lender or the Loans

made by, or participations in Letters of Credit held by, such Lender, or the Letters of Credit issued by such Issuer, to a level below that which such Lender or such Issuer or such Lender's or such Issuer's holding company could have achieved but for such Change in Law (taking into consideration such Lender's or such Issuer's policies and the policies of such Lender's or such Issuer's holding company with respect to capital adequacy), then from time to time upon demand of such Lender or such Issuer setting forth in reasonable detail the charge and the calculation of such reduced rate of return (with a copy of such demand to the Administrative Agent), the Borrower will pay to such Lender or such Issuer, as the case may be, such additional amount or amounts as will compensate such Lender or such Issuer or such Lender's or such Issuer's holding company for any such reduction suffered.

(c) *Certificates for Reimbursement.* A certificate of a Lender or an Issuer setting forth the amount or amounts necessary to compensate such Lender or such Issuer or its holding company, as the case may be, as specified in *subsection (a) or (b)* of this *Section 3.4* and delivered to the Borrower shall be conclusive absent manifest error. The Borrower shall pay such Lender or such Issuer, as the case may be, the amount shown as due on any such certificate within ten (10) days after receipt thereof.

(d) *Delay in Requests.* Failure or delay on the part of any Lender or any Issuer to demand compensation pursuant to the foregoing provisions of this *Section 3.4* shall not constitute a waiver of such Lender's or such Issuer's right to demand such compensation, provided that the Borrower shall not be required to compensate a Lender or an Issuer pursuant to the foregoing provisions of this *Section 3.4* for any increased costs incurred or reductions suffered more than 180 days prior to the date that such Lender or such Issuer, as the case may be, notifies the Borrower of the Change in Law giving rise to such increased costs or reductions and of such Lender's or such Issuer's intention to claim compensation therefor (except that, if the Change in Law giving rise to such increased costs or reductions is retroactive, then the 180 day period referred to above shall be extended to include the period of retroactive effect thereof).

SECTION 3.5 Funding Losses. Upon written demand of any Lender (with a copy to the Administrative Agent) from time to time, which demand shall set forth in reasonable detail the basis for requesting such amount, the Borrower shall promptly compensate such Lender for and hold such Lender harmless from any loss, cost or expense incurred by it as a result of:

(a) any continuation, conversion, payment or prepayment of any Loan other than a Base Rate Loan on a day other than the last day of the Interest Period for such Loan (whether voluntary, mandatory, automatic, by reason of acceleration, or otherwise);

(b) any failure by the Borrower (for a reason other than the failure of such Lender to make a Loan) to prepay, borrow, continue or convert any Loan other than a Base Rate Loan on the date or in the amount notified by the Borrower; or

(c) any assignment of a Eurodollar Rate Loan on a day other than the last day of the Interest Period therefor as a result of a request by the Borrower pursuant to *Section 3.7*;

including any loss or expense (excluding loss of anticipated profits or margin) actually incurred by reason of the liquidation or reemployment of funds obtained by it to maintain such Loan or from fees payable to terminate the deposits from which such funds were obtained.

SECTION 3.6 Matters Applicable to all Requests for Compensation.

(a) *Designation of a Different Lending Office.* If any Lender requests compensation under *Section 3.4*, or the Borrower is required to pay any additional amount to any Lender, any Issuer, or any Governmental Authority for the account of any Lender or any Issuer pursuant to *Section 3.1*, or if any Lender gives a notice pursuant to *Section 3.2*, then such Lender or such Issuer shall, as applicable, use reasonable efforts to designate a different Lending Office for funding or booking its Loans hereunder or to assign its rights and obligations hereunder to another of its offices, branches or affiliates, if, in the judgment of such Lender or such Issuer, such designation or assignment (i) would eliminate or reduce amounts payable pursuant to *Section 3.1* or *3.4*, as the case may be, in the future, or eliminate the need for the notice pursuant to *Section 3.2*, as applicable, and (ii) in each case, would not subject such Lender or such Issuer, as the case may be, to any unreimbursed cost or expense and would not otherwise be disadvantageous to such Lender or such Issuer, as the case may be in any material economic, legal or regulatory respect.

(b) *Suspension of Lender Obligations.* If any Lender requests compensation by the Borrower under *Section 3.4*, the Borrower may, by notice to such Lender (with a copy to the Administrative Agent), suspend the obligation of such Lender to make or continue Eurodollar Rate Loans from one Interest Period to another Interest Period, or to convert Base Rate Loans into Eurodollar Rate Loans, until the event or condition giving rise to such request ceases to be in effect (in which case the provisions of *Section 3.6(c)* shall be applicable); *provided* that such suspension shall not affect the right of such Lender to receive the compensation so requested.

(c) *Conversion of Eurodollar Rate Loans.* If any Lender gives notice to the Borrower (with a copy to the Administrative Agent) that the circumstances specified in *Sections 3.2, 3.3 or 3.4* hereof that gave rise to the conversion of such Lender's Eurodollar Rate Loans no longer exist (which such Lender agrees to do promptly upon such circumstances ceasing to exist) at a time when Eurodollar Rate Loans made by other Lenders are outstanding, such Lender's Base Rate Loans shall be automatically converted, on the first day(s) of the next succeeding Interest Period(s) for such outstanding Eurodollar Rate Loans, to the extent necessary so that, after giving effect thereto, all Loans of a given Class held by the Lenders of such Class holding Eurodollar Rate Loans and by such Lender are held pro rata (as to principal amounts, interest rate basis, and Interest Periods) in accordance with their respective Pro Rata Shares.

SECTION 3.7 Replacement of Lenders under Certain Circumstances.
